

## Twp. eyes 5 for merger committee

Plymouth Township Supervisor Tom Notebaert last night asked the township Board of Trustees to appoint five township representatives to a newly-formed committee that will study ways in which the township and the City of Plymouth can combine services and perhaps eventually merge governments.

One of the five suggested by Notebaert, Treasurer Joseph

West, will act as the township board's liaison on the committee. The other four township residents Notebaert nominated are Carol Levitte, of Five Mile Road, a student at Detroit College of Law; former city Commissioner - now Colony Farm resident - Arch Vallier; former School Board President E. J. McClendon, who is currently a professor at the University

of Michigan; and W. Edward Wendover, president of The Plymouth-Canton Community Crier Inc.

City commissioners are scheduled to appoint their representatives to the committee at their meeting Monday, May 1.

Said Notebaert, "There appears to be a great deal of

interest in this study (proposed by Notebaert and Mayor Tom Turner) and I hope that we can see some benefits from the study: shared services, monies saved and closer relations between our communities."

Speculation over which services could be merged most readily has centered on recreational activities and firefighting.

## City raps planning for disputed property

BY HANK MEIJER

According to City of Plymouth officials, not all the land Plymouth Township planners include in the township's proposed Future Land Use Plan belongs to the township.

That was the message from City Engineer Kenneth West, who submitted a letter to the township Planning Commission last Saturday with the city's comments on the proposed plan.

Township planning commissioners had suggested in the new plan that the 40-acre Burroughs parking lot property on the north side of

Plymouth Road east of Hagerly be zoned for office use, with encouragement given to the development there of a combination office and multiple residential complex.

City officials took exception with the township's assumption that it had anything to say about the fate of that parcel. West cited a decision last year by the State Boundary Commission to grant the city's petition to annex that parcel. The decision has been challenged by the township, as has the boundary commission's authority to approve such a boundary change.

Final jurisdiction over the parcel is still uncertain, and the township continues to receive property tax payments on it.

But, said West, "The decision by the boundary commission to permit annexation has been made and has been subjected to litigation which we anticipate will be finalized in the near future."

"The city has not addressed

## Few votes may decide outcome of millage

BY CHAS CHILD

A light turnout is expected for tomorrow's school millage election.

Voters will be going to the polls to decide the fate of two millage requests: 1) a 4.5 mill levy for operating expenses, and 2) 0.5 request for building maintenance and improvements.

As of noon on Monday, only 133 absentee ballots had been received by the schools, indicating a limited interest in the election.

The citizens who do go to the polls are expected to make it a very close decision. A poll taken by the schools earlier this month showed the vote will be close. About 42 per cent said they favored the two issues. Twenty-nine per cent said they opposed it and 30 per cent said they were undecided.

"It's been a quiet campaign, but I'm optimistically confident," said Superintendent Mike Hoben.

"We feel it is a genuine request for a needed millage," Hoben said. "I think we've done a hell of a job keeping costs down compared to surrounding districts, but we'll take the mandate of the voters whatever it is."

In the last millage elec-

## Call Crier for results

For complete unofficial millage results, The Community Crier will publish a special election flier Friday morning. Unofficial results, as well as comments will be contained in the special publication.

The Crier will be distributed at Crier newstands and will be available at The Crier Building, 572 S. Harvey.

Call The Crier at 453-6900 tomorrow night for early school millage election results. Crier staffers will be at the phones beginning at 8:30 p.m. to answer calls until the last vote has been tabulated.

Supt. Hoben: "I think we've done a hell of a job keeping costs down compared to surrounding districts, but we'll take the mandate of the voters, whatever it is."

tion, on April 23, 1977, voters approved a five-mill renewal as 51.7 per cent said "yes."

The 4.5 mills on tomorrow's ballot represents a combination of 3.0 mills up for renewal plus 1.5 more to meet

rising costs incurred by inflation and growth, according to school officials.

The polls at the district's 14 precincts will be open tomorrow from 7 a.m. through 8 p.m.

## Woman hurt in Main St. crash

MARY MARILYNN Woelke, of Livonia, was injured Wednesday when she drove in front of another vehicle after she made a left-hand turn onto Ann Arbor Rd. from Main, according to Wayne County Sheriff's Department. The Plymouth Fire Dept. Rescue Squad was called to pull her from her car. She was taken to St. Mary Hospital in Livonia. No citations were issued, according to the Wayne County Sheriff's Dept. # LAW DAY is MAY 1

A time to reflect upon a system of laws  
which guarantees our liberty  
...a Constitution to be defended

Five days of Law Week activities sponsored by 35th District Court and Plymouth-Canton attorneys will begin Monday, May 1 at Canton High School with a discussion of "The Daily Life of a Narcotics Agent" and a speech by State Rep. Perry Bullard (D-Ann Arbor) on the decriminalization of Marijuana.

At 12:20 Monday, Tuesday, Wednesday, Thursday and Friday and also at 8:20 a.m. and 10:20 a.m. on Friday, the movie "12 Angry Men," the story of a jury's deliberations, will be shown in Room 251.

Programs on Tuesday will include crime detection, a gun control debate between a minister and a spokesman for the National Rifle Assn., and two views on the American criminal justice system by area attorneys.

Wednesday State Police Trooper Seering and a defense lawyer will present alternative views on police enforcement and an ex-convict and others will discuss our prison system.

On Thursday, a firearms expert will speak, along with experts on juvenile justice.

Residents and parents, along with students and teachers, are invited to all events.

Members of the Schools' Law Week Committee include Audrey Etienne, Bob Thams, Wayne Weimer, Steve Williams, Pat Cunningham and Mike McCauley. For more details about the program, call 453-3100 ext. 356.

Canton cop says it's 'sacrifice'

## Silvers takes 90-day leave

Carl Silvers, Canton police reserve coordinator, was expected last night to request from the Canton Board of Trustees a leave of absence without pay from his police job.

The trustees were expected to grant Silver's request along with Chief Walter MacGregor's recommendations for the hiring of four full-time sergeants. MacGregor said he had already agreed to grant Silvers the leave until Aug. 1 and expected the trustees to also grant Silver's request.

Silvers said Monday two reasons were "paramount" in his request: "I believe that my authority and position are untenable with the police department and will remain so until the dispute is settled in court," he wrote in a letter to the trustees. "The second reason is my wife and kids are in need of attention and time I have been forced to deprive them for two years.

"I sincerely hope this request in no way jeopardizes my position, tenure or seniority with the department or the township," Silvers added. "I hope we can reach a mutually agreeable solution to our present dilemma." Silvers also said he was "someone" who "knew that sacrifices are most often

necessary when making a contribution (to a community)."

"I don't know what I'll do after 90 days," Silvers, a postal worker in Allen Park said. "I'm going to miss it. I don't know if I can stay out of it."

## Court says Canton can hire sergeants

BY DONNA LOMAS  
Canton Police Chief Walter MacGregor was scheduled last night to recommend four sergeants for the full-time Canton police force, following a ruling Wednesday by a Wayne County Circuit Court Judge that allowed the township to proceed with its sergeant recommendations.

A restraining order and court case against hiring the four sergeants was sought by Carl Silvers, Canton's police reserve coordinator.

However, Judge Horace Gilmore did not dismiss Silver's case against the township, which charges Canton broke Silver's contract and "discriminated against him for political reasons."

According to Andrew Muth, Silver's lawyer, they will take the case to court, but it may take more than a year before it comes to trial, depending how many other cases are before it.

"This (the judge's decision)

gives us the opportunity to proceed with hiring the full-time police," Canton Clerk John Flodin said. Flodin is also a member of the township's police commission.

Township officials said the start-up of the full time Canton force would now depend on how long testing for patrol officers would take.

All but 2 of the 30 reserves applied last week for the full-time patrol officer jobs, including Robert Greenstein, former Canton supervisor.

The Canton Police Officers Association (CPOA) takes exception to three of the six required tests full-time cops are required to take, saying the written, medical and agility exams are repetitions.

Muth said Silvers would ask for back pay from the day the new sergeants are hired as well as damages, "maybe \$100,000," he said. The attorney said Silvers was "surprised and disappointed" at the judge's ruling.

## Votes sought on Twp. sewer extension

If a small Plymouth Township homeowners' group has its way, a \$2.8 million bond issue to finance the extension of sewer lines into the western part of the township won't be approved without a vote of township residents.

The bond issue, which the township approved under a state act which allows residents the option of petitioning for a referendum, would finance the construction of sewers west of Sheldon Road, into the fast-growing, but still sparsely-populated western half of the township.

Township officials say signatures of 10 per cent of the township residents eligible to vote, or about 1,150 signatures, are required to place the bond issue on the ballot.

His group will come up with that many signatures, said Greg Dean, president of the Community Improvement Association, a non-profit homeowners' group.

Dean's group played a role in the 1973 defeat at the polls of a similar bond issue. Since then, township leaders have debated whether a referendum should be held. Some officials contend that because the cost of earlier bond issues which provided sewers to other areas was borne by the township as a whole, without a vote, this extension should be no exception. Those same officials have expressed fear that voters in the heavily-populated eastern part of the township, for whom sewer lines have already been provided, could defeat the extension of the same service to the west.

## At public hearing City budget screened

BY DONNA LOMAS  
The City of Plymouth's \$2.9 million proposed 1978-79 budget, scheduled to be adopted next week, was the subject of a public hearing Monday night.

The hearing attracted a small audience to hear Mayor Tom Turner note the "risks" he said he saw in the budget.

Among possible risks, Turner noted, was a possible loss of \$45,000 in revenues if the city loses a court case it is party to concerning the one-per-cent collection fee it levies for collecting school and county taxes.

Turner said that if a law pending legislation passes concerning the shorter working hours of firemen, the city could spend \$30,000 in increased personnel to make up for the hours.

The third risk Turner cited was in \$40,000 the city could

possibly spend from the general fund in September to make up for loss of Comprehensive Employment Training Act (CETA) funds.

Jim McKeon, a former mayor, questioned the commission on the lower surplus in its proposed budget.

Turner said the surplus rose last year because 35th District Court revenues were higher than anticipated, and the city received some unexpected federal funds.

McKeon told commissioners he thought industry in the city was "overtaxed. All I know is that residents won't be overtaxed one iota," he said.

City officials said industrial land in the city was assessed "unusually low" last year, so the amount of taxes paid between residents, business and industry in the city this year, were equalized.

# It cost about 50 million extra dollars to keep the power in your hands.

## Here's why:

Severe weather and a long coal strike forced Detroit Edison to turn to supplementary fuels and power sources to maintain uninterrupted electric service during January, February and March.

If coal had run out, many people might have been put out of work, as in some other states. And a lot of people would have been without electricity during rotating blackouts.

But here in southeastern Michigan, Detroit Edison and the Michigan Public Service Commission felt the higher cost of providing continued electric power to keep factories running and people at work was worth it.

So Detroit Edison stretched coal supplies by burning additional amounts of natural gas and oil—which cost more than twice as much as coal. Detroit Edison had to purchase extra electric power from Canadian sources, as well.

The total cost: about 50 million extra dollars for January, February and March.

The result: higher electric bills in April, May and June.

Not one cent of the increase pays for other costs of providing electricity. Not one cent goes into Detroit Edison's profits.

When considering the alternatives, Detroit Edison hopes you agree that higher electric bills are a reasonable price to pay to have kept the power in your hands.

Remember, you can continue to limit the size of your electric bill by using energy wisely.

# Detroit Edison

# Parents testify to abuse at Plymouth Center

BY DONNA LOMAS

Parents and relatives of residents at the Plymouth Center for Human Development on Five Mile and Sheldon roads told a special task force in Ann Arbor last week of beatings, neglect and insensitive treatment by Plymouth Center staff.

One woman told the task force that her son died in 1969 and she never "found out why". The woman said she wrote to Governor William Milliken for help and was not allowed to see then - Center Director William Womack. "No one wanted to listen," she said.

One couple whose child is a resident at Plymouth Center, said their daughter was a wanderer, and after they discovered she had been found outside the Center grounds twice on Five Mile and Sheldon roads, asked that she be kept in a fenced area.

"So they locked our daughter in a room," Mrs. Walter Sampson said. "It had no windows. We found cuffs on her after that."

The Sampsons also said they had "heard brooms and cue sticks were used on the kids." A cut on their daughter's head that required five stitches was never entered on their daughter's medical record, and the doctor "denied there ever were stitches," the couple added.

"We are tired of nobody listening, of nobody caring about our retarded child," Mrs. Sampson said. "The psychiatrists there (at the Center) couldn't understand why we wanted to take her home on weekends - they were stunned. We love her like you love your child."

Mary Finn has an 11-year old sister who is a resident of Binet Hall. She told the

task force her sister had been "beaten severely, hair was missing from her head and there were bite marks on her. She was beaten about the neck," Ms. Finn said. "It had doubled in size. The aide told me she didn't know how it happened."

"Also they used to use magic markers on their (resident's) arms," Ms. Finn testified. They marked the name, ward and problem of the patient on their arms. I thought that was insensitive."

Ms. Finn said aides at Plymouth Center told her her sister "troubled them because she chewed on the furniture." Officials at Plymouth Center told her the "injuries never took place" because it wasn't on her sister's record, Ms. Finn said.

She also told the task force of witnessing patients "thrown around and hit. Once I found my sister chewing on a cord to a big electrical fan when three aides were watching TV," she said.

The governor-appointed Task Force Investigating Abuse and Neglect in State Institutions is chaired by Wilbur Cohen, Dean of Education at the University of Michigan. Three public hearings were held last Thursday in which

testimony from people were heard. Governor Milliken told the task force to report on their findings 45 days after March 6. According to that schedule, a report may be filed this week by the seven member task force.

## False alarms prompt CEP turn-off request

An excessive number of false alarms at Canton and Salem High Schools, both part of the Centennial Educational Park (CEP) has prompted Salem principal Bill Brown to request that his school's fire alarm system be deactivated during the day.

In a letter to the Northville Fire Marshal Brown cites the "flexible modular program" of CEP as allowing between 800 and 1,000 students to be in the halls at any one time in either of the two buildings.

About \$1,400 damage to the schools' fire alarm systems has been incurred, the result of alarm switches being pulled and broken off by students. Free time, he says, accounts for approximately 35 per cent of a student's schedule

CEP, he says, employs five full-time security officers with walkie-talkies. The buildings have a communications switchboard and maintenance staff personnel have assigned areas to inspect periodically.

Brown notes that the buildings are poured concrete structures devoid of flammable material. Fire extinguishers, he said, are accessible and have clear directions. Salem has a sprinkler system as well, Brown adds.

"The administration works closely with the Canton Township Fire Chief to discipline those . . . apprehended. This has been found to be more appropriate since the juvenile courts have continually 'looked the other way' when these violators have been referred to them," Brown said.

## School levy merits support

### Vote tomorrow

Can one vote make a difference?

Yes: Two years ago, in June, 1976, a Plymouth-Canton school bond proposal lost by just one absentee ballot.

So take time tomorrow to get to the polls and vote in the school millage election. The polls will be open from 7 a.m. through 8 p.m.

On the ballot are two millage requests: 4.5 mills (a combination of 3.0 up for renewal and 1.5 additional) for operating expenses that will last five years; and 0.5 mill for building maintenance and improvement that will last 10 years.

We believe the two requests are straightforward attempts to keep costs down and still maintain present school programs, and we urge a "yes" on both requests. (For a detailed endorsement, see last week's editorial page.)

But don't fail to get to the polls. Your neighbor should not decide your taxes and the education of your children.

# Approve millages--LWV

EDITOR:

On Thursday, April 27, voters in the Plymouth-Canton Community Schools district will have the opportunity to vote on two separate millage proposals. The first proposal is for 4.5 mills (3 mills renewal plus 1.5 mills increase) for operation for 5 years. The second proposal is for .5 mills for repair and improvement of buildings for 10 years.

The League of Women Voters of Northville-Plymouth-Canton-Novi supports quality education in the Plymouth-Canton Community Schools

and we urge voters to vote YES on both millage proposals. We believe that the 4.5 mills for operation is essential in maintaining the current level of education in the school district. The League also supports the .5 mills proposal as it insures that vital operating funds will be used to provide for educational needs and that needed repairs and improvements will be possible through separate funding.

While we urge voters to support both millage proposals, the League encourages the School Board to continue to

press for effective tax reform.

The League of Women Voters is a nonpartisan organization whose purpose is to promote informed and active participation of citizens in government. Following study and consensus, the League takes action on selected governmental issues.

Vote Yes on April 27. Your vote counts!

KARI MILLER,  
PRESIDENT  
LEAGUE OF WOMEN  
VOTERS, NORTHVILLE-  
PLYMOUTH-CANTON-  
NOVI

## Don't ask for \$\$ when SEV rises

EDITOR:

If I had a chance to talk to the School Board before the coming election there would be a few questions I would like to ask.

For example: why is the Board asking for a tax increase

when they are going to get more money anyway. With the new SEVs proclaimed about a month ago, we are all going to be paying about 5 per cent more in taxes whether we like it or not. This means, of course, our schools will

be getting more money, which they probably need but to add another tax on top of that is kind of unfair, and should be voted down.

Another item that bothers me a little is the cry for more classrooms. The fact is, Central Middle School has empty rooms and a lot of other space that is being used for a variety of things. In addition, there are four mobile classrooms sitting around outside the school that haven't been used in years. Why not haul them over to the crowded schools and use them. On top of that, Farrand School has excess space that is being used for other purposes. Surely our kids could be bused a few miles to these schools for a little while, but I suppose that might overload the busing computer.

There are a lot of other things that seem pretty dumb, too, like only one band for two high schools, random selection, alternate high school, etc. But I probably shouldn't mention those.

I hope the Board realizes that the people in this area are pretty smart and don't mind paying for things when they are really needed, but they don't like being fooled either. The coming millage election should be voted down mainly because it is not needed.

CHUCK CHILDS

## No news in tax story

EDITOR:

Regarding the big news event, front page, over your masthead on April 19 issue - "Congressman's tax payments were delinquent." I re-read the article twice thinking I must have missed the point.

If in fact Congressman Pursell, or his bank, neglected to make a timely property tax payment the penalty-interest charges will be assessed and paid by who ever is at fault.

I fail to see any purpose for the article to have been in print. Must have been a slow week for news.

AVIS TRUAX

## 'Ghost' attack unfair

EDITOR:

Please note my stationery is my own and I am using my own name.

I was appalled at the letter you published last week attacking school board candidate Elaine Kirchgatter. It offends me that a newspaper would publish a letter signed by "someone" with no known address or phone number.

I was not aware that it is a prerequisite of a school board candidate to be an enemy of the Superintendent of Schools. Besides, in the same letter, the "ghost" writer berates Mrs. Kirchgatter for voting contrary to the administration's recommendations regarding modular scheduling! Obviously, her judgement takes precedent over friendship.

Elain has served the School District and the community in many ways. Sometimes she has been in a position of leadership, such as President of American Association of University Women and the Plymouth Community Arts Council, and sometimes doing the grubbies such as working until after 10 p.m. packing candle orders and then working everyday on the sale for the two weeks preceding Christmas. This sale netted an \$11,000 profit for the Pioneer Student Council.

As voters consider school

board candidates I hope they will look at qualifications and experience rather than give credence to anonymous personal attacks.

JANET CAMPBELL

P.S. The publication of letters similar to the one you published last week may indeed be one of the reasons there are only three people running for school board in this election. Who needs that kind of irresponsible harrassment!

# Is Canton wasting growth control money?

Unless Canton adopts some form of growth management system, spending township money for studies, like the development rights purchase, will be wasteful.

Since October, nearly every Thursday evening, representatives from Canton, Plymouth, Northville and Van Buren townships have met to discuss growth control.

Specialists in growth management, township planners and even a lawyer who specializes in land development cases spoke to the representatives.

That didn't get the group anywhere. Part of it was each township had problems the others didn't.

Another problem was boredom. Meetings became especially boring when no useful information was unearthed, but that is to be expected at meetings. Once the legal aspects of growth control were discussed, and everyone came back from winter vacation, attendance perked up. Still, nothing happened.

A study was called for. Due in early May, it will feature work by law school students, township planners and engineers. It will address

## Community opinions

the question of growth and how to manage it.

It may not be done by May, in the usual pattern studies follow. Don't ask for a specific date. Don't ask how much it will cost. Don't ask if it will be in the English language or in Modern Accountant dialect. Don't ask, above all, what good this umpteenth study on growth will do for Canton township.

If you do, you will end up confused and still asking the question, much like the four township representatives are doing now: what can we do about managing growth?

The study done on purchasing development rights by Canton on farmland in the western portion of the township hasn't yet exceeded what Canton officials estimated it would cost, so no telling if that will be a waste of time and money. Before a written summary was requested by the township board of trustees last Tuesday, Canton of-

ficials said the bill for the study had come to about \$36,000.

No one, with the exception of the accountant and a few mathematical wizards, fully understands the development rights purchase study. Another flaw is that the study has not yet revealed the 'bottom line' cost to Canton taxpayers. It is hoped the written summary will clear all that up in "a few weeks."

When the summary is received by Canton officials, let's hope that whatever re-

commendations are made, one includes a serious commitment to growth management of Canton land.

The weekly meetings of the growth management group have, so far, not shown the kind of commitment necessary to make an intelligent decision on subjects like buying farmer's development rights.

The Growth Management Committee is an informal group and its purpose has been to discuss ways to handle the awesome growth control

problem among the four townships.

It would be to Canton's advantage, however, to form its own group that could identify the township's particular growth problems. A dynamic leader is needed to steer the group, to make the necessary decisions.

Development rights alone carries a \$15 million price tag, and it's not the kind of purchase you can return if it doesn't fit.

THE COMMUNITY CRIER

## Student teachers are misled

EDITOR:

It is that time again when an important millage election is upon us in the community. This millage is important for all of us: Teachers, students, and parents in order for us to maintain a high level of education in the Plymouth-Canton Community School District.

I feel as a teacher and taxpayer, I must speak out against a practice that is taking place within our district at the present time.

While other shrinking school districts within Wayne County are presently laying-off hundreds of qualified teachers because of declining enrollment, the Plymouth-Canton School District continues to place student-teachers in a number of our schools.

This practice is being done to an extreme at one particular Middle School in our district. It has come to my attention through reliable sources, that at East Middle School, the girl's Physical Education Department has accepted the fourth student teacher this year. Obviously, the administration at this school must re-evaluate their

actions pertaining to this practice.

Our teacher job market is at a surplus. It is up to the professionals within the system to stop misleading these student teachers.

I, as a teacher, feel that this practice is a slap in the face.

Hopefully some authority can look into this situation, particularly at East, and see if it can be corrected. A teacher must be in the classroom to remain in touch with the student's needs. When placing four student teachers in one area at one school in one school year, it is unfair to that student teacher and to the students involved.

I hope that all administrators, teachers, and concerned groups that work so hard for the millage approval to insure quality education in our system will begin to open their eyes to this problem facing other districts with the layoffs and declining enrollments. They must reconsider their responsibilities to the community before they place too many student teachers in one school or area.

We as taxpayers and parents should become more aware of this practice and how it affects our children and the educational system in our community.

A CONCERNED PARENT AND TEACHER

## Left-turns hazardous

EDITOR:

It has come to our attention that a hazardous condition exists at the intersections of Ann Arbor Road and Main Street, Ann Arbor Road and Lilley Road, and Ann Arbor Road and Haggerty Road. Namely, left turns from Ann Arbor Road to the other streets. There isn't enough time for the volume of vehicles making left turns.

The obvious solution would appear to be a delayed left turn signal system. A left-turn lane does exist at these intersections indicating to motorists that reasonable precaution or planning does exist to effect a safe left turn.

Because of the left-turn lane, there is a high volume of left-turning traffic, and the current signal time allows only two to three vehicles to turn left. Usually, the third car makes the turn against crossing traffic.

The Plymouth Community Civitan Ins., a community service club, is interested in not only normal service club improvements but better conditions for our citizens. To this end, our entire Club Membership supports an in-depth feasibility study of delayed-left turn lights at these intersections.

# Driver's ed sessions set

The Plymouth-Canton school district driver education summer classes will be in sessions meeting June 20 through July 18, and from July 20 through Aug. 16.

There will be classes scheduled for 7 a.m. and at 4 p.m. The summer session will consist of 32 hours classroom work, eight hours of simulation, two hours of range behind the wheel, and two and

two-thirds hours on the road. In addition, the student will observe two hours on the range, and five and one-third hours on the road.

Any student who will be 16 in February, March, and April, 1979 may sign on the waiting list. If spaces are available, they will be called in order of their birthdates.

The registration will take place in Office 3000, in the Salem High School building. Any further questions can be answered by calling Mr. Meier, Driver Education Coordinator at 453-3100 ext. 205.

## PCAC offers craft classes

The Plymouth Community Arts Council (PCAC) is offering classes in calligraphy and quilting during the month of May. Both classes, which are held in the PCAC office over Wiltse's pharmacy on Main St., will begin on Thursday, May 4, and run for five weeks.

Dee Schulte will teach calligraphy from 10 a.m. to noon and Joe Krause will conduct workshops in quilting from 7 to 9 p.m. The cost for each class is \$12.50. Mrs. Krause will provide a quilting kit for an additional \$2.50.

To register for classes call the PCAC office, 455-5260, from 9 a.m. to noon Monday through Thursday.

## Auction switched

'Annie's Auction,' Canton township's first annual rummage sale date has been changed to May 20.

# What's happening

Local 735 Hall, 48055 Michigan Ave. near Beck in Canton. Donation \$12.50 per person. Senior Citizens \$7. B.Y.O.B. Tickets may be purchased at the door.

# Shelter plans approved

Township trustees last week approved preliminary plans for a shelter building at the Township Park on Ann Arbor Trail.

Township Planner Jim Anulewicz said soil tests are now in progress to determine exactly where the building should be located, but plans call for the structure to be built in the southwest corner of the park, near the township's Hilltop Glen Golf Course.

## Brush pick-up

The City of Plymouth Department of Public Works is notifying city residents that brush chipping pick-up will begin May 8.

City residents are asked to have all brush set out between the sidewalk and curb the second and fourth Mondays of each month, DPW Director Ken Vogras said.

## Reps in Canton

R. William Joyner, Wayne County Commissioner for the 27th District which includes part of the City of Plymouth, and Canton and Plymouth townships, will hold a public forum entitled "Ask Your Commissioner - Town Hall Meeting" on Saturday, April 29, at Canton Township Fire Hall from 9:30 through 11 a.m.

The planner said the structure would cost an estimated \$68,000 to \$74,000, with completion expected later this year. Plans call for a 30-foot by 50-foot multi-purpose room which will initially be unenclosed on two sides, with a brick or stone fireplace at one end. Connected to it would be smaller, enclosed office, bathroom and storage facilities.

Township officials hope the project will eventually include a swimming pool, to be built immediately to the west of the shelter building.

## Boxcar fire

A fire at Sheldon Road and the C&O tracks late Saturday afternoon caused \$31,000 damage to a railroad boxcar, according to Plymouth Township Fire Chief Jim Gignac.

Gignac said Monday that the township was unable to determine the cause of the fire.

C&O railroad officials were not available for comment.

## Wheels stolen

Four wheel covers from a 1976 Cadillac belonging to Bradley Wefner, of Harding in Plymouth, were stolen Saturday night, Plymouth police report.

## Local man leads Melvindale schools

BY ROBERT KIAN

Jack Overhiser has spent a quiet 10 years living in Plymouth and working in Melvindale. A 17-year employe with the city's public school system, Overhiser last November was made school superintendent.

"The superintendent left last fall and suddenly I had the job," Overhiser said. "I haven't really had the time to think."

But clearly is has been his thinking during those years that brought him the position. A former resident of western Michigan, Overhiser taught school in Vicksburg and Comstock, both outside of Kalamazoo.

Overhiser attended high school in Chicago after leaving Omaha, Nebraska and went to Western Michigan University. He calls himself a "dissertation level dropout" from U of M, saying that he has yet to complete his Ph.D. work.

In Melvindale he served as the director of guidance and later director of secondary programs, which involved promoting students and activities co-ordination. He succeeded to the position of administrative assistant, just below that of superintendent, overseeing personnel and instructional programs.

"They kept giving me promotions and improvements," he recalled. "When I was thinking of moving on, I'd get a promotion."

### New church here

A new Catholic church with Canton members plans to open April 28.

Bishop Walter J. Schoenherr will officiate at the initial service at the Divine Savior Community church on 39375 Joy Rd. A reception will follow.

About 300 families from Plymouth, Canton, Livonia and Westland have been working since March of 1972 to build th new church.

### Apple Run sells plants

The Apple Run Garden Club will host a plant boutique on Saturday, May 6 from 9 a.m. through 3 p.m. at Krogers at Ford and Sheldon roads in Canton. The boutique will feature plants in decorated pots, geraniums, crafts and current stationery.

The club will also install new officers at a meeting May 1 at the Hillside Inn. Cocktails will begin at 6:30 and dinner at 7 p.m.

JACK OVERHISER,

MELVINDALE SCHOOL SUPT.

Given his years with the school system, the city apparently did not invoke a hire-from-within policy. "I was surprised at how many people live outside the area, but we're too far down the road," Overhiser said, adding that neither Melvindale or Plymouth has an ordinance requiring that city employes be residents.

Overhiser sees adequate as a goal itself. "If I could do that effectively, I'd be happy to retire with that under my belt."

Overhiser's charges include 4,000 students (K-12) and about 100 in adult education. He pointed out that the board gets strong public support, including a citizen group that pushed for a millage renewal.

His other efforts include chairing a mental-health center that serves six downriver communities and helping to secure a million-dollar Federal grant.

Small-town living and employment are more tractable, Overhiser says. "We like Plymouth; it's hard to find a small-town atmosphere," he said.

## Dogs plunder Canton poultry

While at Sunday School and church April 16, Mrs. Ruth Thompson, a Canton resident and farmer, who lives on Beck Road, said "some loose dogs really slaughtered" 21 chickens and seriously harmed another.

Mrs. Thompson, who says the attack on her farm animals always happens when she is away, is asking the Canton Board of Trustees to reimburse her \$84 for the loss. Wayne County Sheriff's Department set the value of each chicken at \$4. Mrs. Thompson is also asking for \$89, a reimbursement for a March 16 attack on poultry at her farm.

### Area business reps visit CEP

SOME OF the 180 participants at Friday's business-education conference at Canton High School viewed CEP vocational facilities. Business people, educators and other professionals attended. The conference was sponsored by the Plymouth Chamber of Commerce, the Canton Chamber of Commerce, and the Plymouth-Canton Community Schools. (Crier photo by Bill Bresler.)

## Second wood walks set

The second annual walk through Miller Woods will be held two weekends this year. The first will be this Saturday, April 29, from 10 a.m. to 1 p.m. The second will be Sunday, May 7, from 1 p.m. to 4 p.m.

Guides will conduct the tours and a list of plants that grow in Miller Woods will be handed out. Miller Woods Committee member Penny Wright said different plants will be in bloom for each walk. Other members of the committee include: Evelyn Edgar, Pat Atchinson, Herb Conant, Irene Truesdell and Jerry Vollrath.

## Cooksey, Stewart married

Karen Elaine Cooksey and Richard John Stewart were married April 8 in a candle-light service at First United Presbyterian Church in Plymouth.

The bride is the daughter of Mrs. Fred Cooksey and the late Mr. Fred Cooksey of

Lincoln Park. The groom is the son of Mr. and Mrs. Robert J. Stewart of Plymouth.

Officiating at the ceremony was the Rev. Philip Ralph Magee. The bride wore an ivory colored satapeau empire waist gown with alencon lace at the neck and wrists and carried a bouquet of gardenias, stephanotis and baby's breath. Maid of Honor was Sharon Cooksey of Lincoln Park and bridesmaids were Mary Kay Freeman and Patricia Pica. They wore flowered crepe dresses and carried baskets of spring flowers that included tulips, iris, silk lillies, statice and ferns.

Best man was Robert G. Stewart of Canton and ushers were Thomas Purcell of Plymouth and Chester Miller of Plymouth.

A reception was held for the couple in Plymouth after which they travelled to Longmont, Colo. to live.

## Business-Ed touted at forum

More than 150 Plymouth-Canton businesspeople, educators and government officials were guests Friday afternoon of a business education forum jointly sponsored by the schools' and the Plymouth and Canton chambers of commerce.

Tours of the Salem and Canton High Schools business and vocational education facilities were given by student guides to small groups. The groups included school board members, Canton and Plymouth representatives from various businesses and government officials.

At Salem High, where the tours began, student guides led the groups through graphic and commercial art classrooms, welding and auto shop areas (where students often work on everything from lawn mowers to dirt bikes) through industrial education areas with woodworking and electronics shops.

## Lion Auction is May 7

Sunday, May 7 is the third annual Plymouth Lions Club charity auction at the Plymouth Cultural Center on Farmer Street.

Proceeds from the day-long auction will be used for the club's sight preservation program and other projects.

The Lions will accept any item of value. Pick-ups can be arranged by phoning 453-7800 days and 455-4283 evenings. Donations are tax deductible, the club said.

The auction is scheduled to begin at 12:30 p.m.

Education in business was represented by the two high schools student stores: Salem's Rock Shop and Canton's Cannery. Both stores serve the student population at the high schools and carry a variety of items from T-shirts to granola bars to record albums.

Students in dental hygiene are able to take actual X-rays of 'patients' and make teeth molds from plaster of paris.

In auto shop, facilities include a paint area and cars for students to maintain. Refrigerators

and old air conditioners fill the students refrigerant study area, waiting to be repaired.

Following the tours, a luncheon was served in the Salem cafeteria by students in the food preparation classes. Those students are also given real-work experience by running an in-school restaurant for faculty and guests.

Alfred S. Warren, chief director of personnel at General Motors spoke during lunch

**DEFIANCE**  
**Volcano III**

**BULLETIN**

**New Volcano Appears**

Well, it might not be that earth shaking, but the new Volcano III will bring economical wood heat to thousands who now heat their homes with hot water & and have been tied to conventional fossil-fueled systems. The Volcano III has all the great features of the Volcano II:

- \*Double baffle design for maximum heat transfer
- \*Quality airtight seals for perfect control.
- \*Automatic draft control.
- \*Unique secondary combustion of gases
- \*Rugged, all-welded steel construction
- \*Heavy cast iron grates
- \*24" log capacity

Safe efficient and easily installed, the Volcano III will provide clean, even heat to your new or existing hot water systems.

The Plymouth Community Arts Council (PCAC) has announced the establishment of five "Student Fine Arts Awards" to be presented to Plymouth-Canton area young people of middle school and high school age.

The purpose of the awards, which range in value from \$75 to \$150, is to encourage students to pursue advanced study in the arts. According to student award chairman, Mary Elizabeth Smith, possible areas of interest include creative writing, drama, sculpture, crafts, painting, photography, dance, vocal music and music composition.

As a guide to applicants, the PCAC has compiled a partial list of summer programs in the fine arts that are available in Michigan. "The students are also invited to use their imaginations about how they would like to use the awards," Mrs. Smith added.

Information and applications have been sent to the four local middle schools and Salem and Canton high schools.

Private and parochial students in grades six through 11, who live in the Plymouth-Canton area, are also eligible for the awards. To obtain applications contact Mrs. Smith at 453-5444 or call the PCAC office, 455-5260, Monday through Thursday between 9 a.m. and noon.

The deadline for filing applications is May 17. Winners will be selected by a committee of PCAC members and announced before the end of the traditional school year.

## 'Fat Bob' in concert

"Fat Bob, the Singing Plumber", will be returning to Plymouth at 8:30 p.m. Saturday, May 6 to perform with the Plymouth Symphony Orchestra at their annual Pops Concert in Pioneer Middle School.

A cabaret style concert, the theme will be "You and The Night and the Music", according to League president Fran Lang. The Plymouth Symphony League will be

decorating the tables and serving refreshments. There will be the sing-along to close the concert.

It will be the final concert of the season for the orchestra. Tickets are on sale at Bed 'N Stead in Forest Place Mall on Forest Street. All seats are at tables for four, six, or 12 people. Reservations are made by table and are \$4 for adults and \$2 for students.

## Bikes swiped in city

Two 10-speed bicycles were reported stolen from Plymouth residents, according to police.

On Friday, a bike belonging to Kevin Johnson, of Hartsough, was stolen in front of 770 Penniman after he left

it only five minutes in the afternoon, said the police.

Donald Ost, of Russet, told police that his bike was stolen at Central Middle School between 2:30 and 2:50 p.m. on Friday.

Spring cleaning is a sure sign of the season. As you rearrange cupboards and wash windows you begin to realize those bright yellow kitchen walls have become dull and are covered with black fingerprints.

After a little debate, (and coming to the conclusion that the idiot you married is color blind), it's off to the paint store. Once you've been able to explain to a sales clerk the color and kind of paint you want, you're finally ready to start.

The next step of moving furniture, taking down curtains, taking the family heirlooms off the walls and covering everything takes forever. Finally you're into the splash, splash of the paint.

The dropped ceiling that you once liked has suddenly become a pain in the neck, and whoever dreamed up the idea of wood trim on everything in the kitchen should have her head examined.

The worst part came as I was finishing the trim my son said "Mom, why do you have your elbow in the can of paint? You look almost as funny as dad did last year when he stepped off the ladder into the paint can."

I can hardly wait till next weekend when we paint the bathroom.

If you haven't gotten enough exercise going up and down the ladder, Schoolcraft College is offering the women's physical fitness class for eight weeks during spring term. Believe me, an hour of exercising to the music of "Ruby what's her face" and you'll know just how out of shape you are. Even the muscles in your little toe hurts when you're finished. You'd think they'd have heard "Saturday Night Fever by now."

Registration is May 1, so don't miss your big chance for a spring tune up. See you there!

George L. Hastings, Jr., son of Mr. and Mrs. George Hastings of Evergreen in Plymouth recently graduated from the University of Michigan Law School. He received a Juris Doctor degree, cum laude.

Plymouth Christian Academy announced it's Principal's Honor Roll for spring term. Students receiving all A's are Cindy Allen, Angelyn Cramer, Lisa Cilibraise, Mark Harris, Chris Odom and Alicia Szydlowski.

## Ford Rd. hearing set

All residents of Canton Township are invited by township officials to attend a hearing on the Ford Road widening tomorrow, April 27, at the John Glenn High School, 36105 Marquette, Westland, Michigan, at 8 p.m. The purpose of this meeting is

to receive comments on the widening of Ford Road.

## More K-garten kids here

The projected fall enrollment figure for the Plymouth-Canton kindergarten classes is 1,095 for the district's 13 elementary schools.

The Michigan School Band and Orchestra Association will sponsor a state band festival this Saturday at Salem High School.

Contestants will be given seven minutes to study two scores, one march plus a concert piece, and will be judged on the quality of each performance.

Competing in the AAA class at 8 a.m. will be director of the symphony band of the Centennial Educational Park, James Griffith, conducting.

In the Class C at 10:45 a.m. the Canton Concert Band, also conducted by James Griffith, will perform.

Salem's Class A Concert Band under the direction of Marc Dickey will perform at 4:40 p.m.

Sight readings will be held in the school's band room and the performances in the auditorium.

Classifications are determined by the population of the area from which the band is drawn.

# Indian relics inspire Jim Brown

THE COMMUNITY CRIER: April 26, 1978

BY CHAS CHILD

Some people are born pack rats. To find something, to save it and dream about it brings a special pleasure.

Jim Brown, a specialist in American Indian history who is also an assistant principal at West Middle School, is such a collector:

"They say when DeSoto (Spanish explorer of America) died, his men did not want the Indians to find his body. So they put him in a canoe and floated him down the Mississippi River. Can you imagine what it would be like to find his armor?"

Although Brown owns nothing as grand as DeSoto's armor, he does have an extensive collection of Indian artifacts that give him the same thrill. The thrill of owning things used by ancient men of America and wondering what their lives were like in the endless forests and small villages before the white man came.

"What fascinates me the most is digging in an Indian site and coming across a pot or an arrowhead that no man has seen, say, for 1,000 years," said Brown in a soft Tennessee accent natural for telling stories.

His specialty is the Indian Mound Culture of the Mississippi River valley in Kentucky, Missouri, Indiana and his native Tennessee.

For more than 1,000 years the mound culture thrived in the Mississippi River valley and didn't die out until about 500 years ago, just after the Spanish arrived.

"No one knows for sure why they disappeared but the diseases the Spaniards brought may have killed many of them," Brown said.

No one really knows where the mound-builders came from. Some researchers suggest that they are related to the Aztecs. There is also evidence that Phoenicians, Africans and even the Irish visited them before Columbus arrived.

"In a dig one time, I found a pecu-

liarly shaped head carving. I didn't think too much of it at the time, but later in a book detailing Old World influences in America I saw an African carving closely resembling the one I found. Mine isn't African, but the craftsman was probably influenced by real African work."

Over the centuries, the Indians built huge mounds, some reaching acres across, in the center of their villages. The mounds were religious centers and the chief of the villages lived on them.

Some of the villages, though, could hardly be called villages. The largest of them had a population of 40,000 or more, according to Brown.

"On some of these village sites, there are so many bits of pottery and such, that it's like walking gravel," he said.

Most sites, however, aren't obvious. It takes a skilled eye to detect the broken chips of chiseled flint and the shards of pottery which indicate valuable finds are underground.

"I can go out with my brother-in-law, who has been doing this for a long time, and he can find four artifacts to my one," the assistant principal said. "Finding nice things can be a lot of work, especially when you're digging in the summer. It can be awfully-hot."

"But when you find something nice, you cherish the memory of the spot."

In his collection, Brown has tried to gather things from all aspects of Indian life - toys, pipes, utensils, weapons and more.

With a little thought, a lot about Indian life can be reconstructed by examining the artifacts. For example, the corn cobs that have been preserved are only five or six inches long, indicating they had poor crop yields, and, indeed, most Indians died from malnutrition, according to Brown. "The average age was about 25-30 and 50 per cent of the babies died before they were one year old."

COLLECTOR Jim Brown examines the skull of an ancient 15-year-old Indian girl who was a member of the mound-building culture in the Mississippi River Valley. The culture flourished for about 1,000 years and died out around 1500, A.D.

DID ANCIENT Phoenicians visit the New World long before Columbus? Mounting evidence says "yes," and Brown owns a small statue that may bolster the theory. His small carving, left, looks remarkably similar to a picture from ancient Cyprus, right, and a picture of another carving found in America, middle.

Brown also owns a "chunky" stone shaped like a donut which the Indians rolled along the ground and threw spears at. The brave that threw a spear that landed closest to where the stone came to rest won a bet they had all placed.

"Indians were real gamblers. In some cases, they used to wager joints of their fingers and the big winners carried strings of finger joints they had won. Now that's macho. You don't find macho like that anymore."

Brown has also picked up a brief picture of Indian life in the Plymouth area before the white man: The tribes of this area had small cultivated fields, but were mainly hunters and gatherers, he said.

Behind the Presbyterian Church on Church St. across from Central Middle School, there's an Indian cemetery, and there were a number of villages in the area, including one on Tonquish Creek in Plymouth, he said. "Many people have found arrowheads at the local sites."

His first love, though, is the Indian culture that flourished where he grew up in western Tennessee. For eight years, Brown has been visiting sites in his home state during the summer and on other vacations.

One fascinating part of the finds are human skeletons. "In some cases you can see how people died," Brown said. Hatchets and arrowheads have been found in skulls, for example.

Skulls in the Tennessee are far better preserved than in Michigan because the soil is non-acidic. Brown's brother-in-law, Gene Atherton, found a

skull more than 4,000 years old.

Besides delving into Indian history, Brown has also researched his own family background. One ancestor, Colonel Brown, received a grant of 2,000 acres in Tennessee for service in the Revolutionary War. His descendants still live on 500 acres of the original parcel.

Since Brown has been collecting, the relics of the mound-building culture have become valuable. Articles worth \$75 six years ago can now be worth \$3,000, according to Brown. This has led many people to ruin sites as they dug carelessly for artifacts.

Like poachers in Africa butchering the living heritage of the land, these professionals destroy the buried heritage of the Indians.

Their destructive habits also harm the serious pursuits of persons like Brown: "Farmers will hardly let you out onto their land to let you look because of the messes some people leave."

Mindless diggers and farmers aren't the only obstacles to a find, however. "Some friends of mine hiked up to a cave in the hills of Kentucky," said Brown. "They were so sure they were the first white men there they started digging like crazy even though it was dark out by the time they got there. But do you know what the first thing they found was? A screw-driver!"

Who knows, though. Future diggers in a faraway galaxy may value a screw-driver from Earth as Brown cherishes an Indian pot from Tennessee.

BROWN doesn't confine his collecting instincts to ancient Indian artifacts. He also has a number of old farm implements in his garage in Plymouth Township.

# Canton teacher recalls brown-paper kites

BY PHYLLIS REDFERN  
Girls playing football and the teacher out sledding with the children are some of the memories Marie Cox has of her teaching days at Canton Center School.

MARIE COX

Miss Cox brought the good old days of the one-room school house back to life last week as a guest speaker at the Canton Historical Society Meeting.

She taught at the Canton school for more than 14 years, beginning in 1941. "The talents of those rural children were great," Miss Cox said. She told how all the children walked to school, each carrying their own dinner pail. She also told how evenings were spent with books and

learning around the table. "Parents used to spend time working with their children on their lessons."

"It wasn't all reading, writing and arithmetic," remembered Miss Cox "we had all kinds of fun. We used to take a half-day off for

nutting (collecting walnuts), and a half a day in March was set aside for kite flying - the other half of the day we spent making the kites with brown paper." She also remembered how most of December was spent just getting ready for the Christmas program.

According to Miss Cox, teachers used to enjoy doing things and playing with the children. "There was a perfect sledding hill near the school, but we were told we couldn't use sleds because they were too dangerous. So, we put waxed paper on old boards and down the hill we went." She remembered how everyone enjoyed playing baseball and football: "everyone played including the girls and the teacher."

Square dancing was a favorite pastime at lunch hour when it was too cold or wet to go outside, said Miss Cox. "We also played group games, on those cold winter days."

A hotdog roast was an annual event held each fall,

and the school year ended in the spring with a picnic in Plymouth Park, the teacher reminisced.

"We had our share of fun," Miss Cox admitted, "but those children also knew how to study their lessons."

## Canton rights summary due

BY DONNA LOMAS

A written summary that will explain the mathematics in the Canton development rights purchase study was requested by the Canton board of trustees last week and is due May 3.

Also included in the summary will be accurate figures from the Plymouth-Canton school district that will enable the township planner and accountant to figure the 'bottom line' cost of the farmland development rights purchase, Canton Finance Director Mike Gorman said.

Canton is considering purchasing development rights from farmers who own land in the western half of the township.

The study was done to determine how much buying the development rights would cost property owners. The township already knows it will have to pay \$15 million if the program is started in the township.

It will take "a few years" to implement development rights purchase, Gorman said.

All farmers will have to participate in the development rights program in order for it to work, he added.

During the discussion, trustees were told the township would begin to see a "savings" in one proposed plan eight years after it is started.

"Where does the profit from the buying of these rights go?" asked Frank McMurray, Canton planning commissioner. He was told the township would get the money.

"Population is the key" trustees were told by the township accounting representative from Seidman and Seidman, which contributed to 'phase 2' of the study.

"The more people you have, the more expensive it will be to maintain the services to them," the accountant said, adding "You need a growth management policy for two of these plans."

Using a moderate and high growth rate, the study considered the costs of buying development rights for both the 1974 and 1976 Land Use plans. For the 1974 moderate and high growth rates, the

costs were estimated without development rights. For 1976, costs to the township with development rights was estimated also for high and moderate growth rates.

(Neither the 1974 or 1976 Land Use Plan has been officially adopted by the township. The Canton Planning Commission has adopted the 1976 Land Use Plan, however, the township's current zoning ordinance is based on the 1974 plan.)

"The 1974 plan is the most cost effective (cheapest)," the accountant said. However, he said that real cost was unknown, because accurate school figures were not yet figured into the study.

"I think removing 4,700 acres of land (from the market) is the most effective growth control there is," said George Peek, township planner. "Commitments on the east side will continue growth in Canton at a rapid pace for some

## Letter disputes twp. land use

Cont. from pg. 1

itself to what the future land use of this property should be. We would therefore reserve judgment on the proper use of this particular area until the litigation is resolved."

Township Supervisor Tom Notebaert, who has been discussing with Mayor Tom Turner ways in which the city and township could work together on some services, took issue with West's letter.

"It's evident to me they know it isn't theirs yet," he said, noting that no mention had been made of what development city planners envisioned for the site.

Notebaert said he was disappointed with the timing of the city's letter on the eve of consolidation talks. "They kiss you on the check," he

said, "and then they hit you on the jaw."

## Canton interviews planner

Canton township will hold oral interviews for township planners this week and the four-member board will have recommendations back to the township this Monday.

Canton trustees decided to hire a full-time township planner four weeks ago, "to handle the day-to-day planning operations of the township," Canton Finance Director Mike Gorman said then.

The township currently contracts for the services of the planning firm of Wade Trim and Associates, based in Taylor.

The die has been cast at Allen this week! Fortunately for the students, the lucky number was three and nothing lower. Four out of the five menus listed this week consist of only three items - the odds are questionable. Gambler's lunch!

A suggestion for all those students who plan to celebrate the arrival of May. Stick to eating the special "May Day" desserts prepared by the cooks - the usual gathering around the May Pole will be dangerous if we continue to have snow on the ground!

How about that lunch prepared for the Business Education Forum last Friday? Those Salem High School Food Preparation students really know their (food) stuff. Congratulations to them - especially on the cheesecake. Calories, Calories - but what fun!

potatoes, hot roll, pineapple, cookie.

## Community deaths

### Sylvester

Rose Shoaf Sylvester, 72, of 1160 Sheridan, Plymouth, died April 17 at Ann Arbor University Hospital. Funeral services were held at Schrader Funeral Home with the Rev. Dwayne Lee Kelsey officiating. Burial was in Riverside Cemetery.

Mrs. Sylvester is survived by sisters, Mrs. Dorothy Benham of Delray Beach, Fla.; Mrs. Martha Schuh of Dayton, Ohio; Mrs. Edith I. Gruber of Mt. Morris; brother, Robert Shoaf of W. Lafayette, Ind.; and several nieces and nephews.

She was a waitress at the Mayflower Hotel in Plymouth for 25 years and had lived in Plymouth for 10 years.

### Guldner

Julia M. Guldner, 82, of 558 N. Harvey, Plymouth, died April 18 at St. Joseph Mercy Hospital. Funeral services were held at St. Peter's Evangelical Lutheran Church of Plymouth with the Pastor Leonard J. Koeniger officiating. Burial was in Grand Lawn Cemetery Detroit. Arrangements were by Schrader Funeral Home.

Mrs. Guldner is survived by daughters, Mrs. Thelma Culver of Westland; Mrs. Bernice Wienke of Detroit; sons, Arthur F. Russell of Dearborn, William C. Guldner of Plymouth, Glenn R. Guldner of Houghton Lake; 19 grandchildren and 20 great grandchildren.

She was a punch press operator in manufacturing and came to Plymouth in 1925.

### Schaufele

Emma Schaufele, 83, of 1160 Sheridan in Plymouth, died Saturday in Detroit. Services were held today at the Schrader Funeral Home, with the Rev. Philip Rodgers Magee officiating. Burial was at Riverside Cemetery.

Mrs. Schaufele is survived by her daughter, Lois McFarland of Oakbrook, Illinois; her granddaughters, Margaret LoPresti of Downers Grove, Illinois; Mary Boynton of Aurora, Illinois; Maureen McFarland of Oakbrook, Illinois; and by her great-grandson, Robert Boynton, Jr.

She was a life-long Plymouth resident and a member of the Plymouth Grange, the Plymouth Historical Society, and the First United Presbyterian Church.

### Haig

George Haig, 89, of 9242 Lilley Rd., Plymouth Township died April 14 in St. Joseph Mercy Hospital in Superior Township. Services were held at the Schrader Funeral Home with the Rev. Harold Miller officiating. Burial was at Grand Lawn Cemetery in Detroit.

Mr. Haig is survived by his daughters, Mrs. Vernita Weidman, of Plymouth, Mrs. Virginia Lewis, of Sterling Heights; brother John, of

Detroit; sisters, Agnes Doeblor, of Detroit, Beatrice Lord, of Hamilton, Ont.; and seven grandchildren.

Mr. Haig was a foreman for the Ford Motor Company. He was born in Ontario Province and had lived here before living in retirement in Florida for 25 years. He returned to Plymouth Township last October.

### Rathbun

Harry Rathbun, 71, of 444 Plymouth Rd., died April 22 in Plymouth. Services were held at Schrader Funeral Home with Pastor Carl Allen officiating. Burial was at Knollwood Cemetery in Canton Township.

Mr. Rathbun is survived by his wife Armeta; his son David, of Plymouth; his daughter, Mary Ellen Kemp of Kalamazoo; and by a granddaughter, Jeanne Kemp.

Mr. Rathbun was a long-time resident of Plymouth and a trackman for the railroad.

### Putnam

T. Wade Putnam, 50, of 12463 Woodgate Drive, Plymouth Township, died April 16 at St. Joseph Mercy Hospital in Superior Township. Funeral services were held at Schrader Funeral Home with Fr. Kenneth MacKinnon officiating. Burial was in Holy Sepulchre Cemetery in Southfield.

Mr. Putnam is survived by his wife, Gerry; sons, Timothy of South Lyon, Brian of Plymouth; daughter, Mrs. Linda Broadway of Westland and grandson, William Michael Broadway, Jr., at home.

### Boehmer

George J. Boehmer, 77, of 5245 Lapeer Rd., in Port Huron, died April 9 at the Veteran's Hospital in Saginaw. American Legion services were held at Legion Post 346 and funeral services were held at the Schrader Funeral Home with the Rev. Fr. Francis Byrne, of Our Lady of Good Counsel officiating. Burial was at Holy Sepulchre Cemetery.

Mr. Boehmer is survived by his wife Marie and a son, Gordon of Otter Lake; sisters, Kate Stiglitz, of Dearborn; Gertrude Horn, of Ferndale; and Anna Koselka of Arizona; four grandchildren and three great-grandchildren.

Mr. Boehmer was a laborer for the Schlimme Dairy Co. of Detroit and a long-time resident of Plymouth.

### La Pearl

Ethel Tracy La Pearl, 90, died April 19 in Annapolis Hospital. Funeral services were held at Schrader Funeral Home. Burial was at Rose Center Cemetery.

Mrs. La Pearl is survived by her daughter, Mrs. Kenneth Marion of Arizona; son, Ernest L. Tracy of Plymouth; granddaughter, Carol L. Tracy; stepchildren, Clyde La Pearl of Tipton, Aroz.; and Mrs. Irvin Pribble of Arizona.

## Parent denied school choice

PG. 17

Under threat of legal action, the Plymouth-Canton School Board voted 5-2 against allowing the daughter of George Lovich, of Canton, to attend Salem High.

The board, at a meeting Feb. 27, had set March 13 as the deadline after which it would not consider requests to have the random high school selections altered.

In a letter to School Superintendent John Hoben, Lovich explained that his daughter Ann Marie and four friends from Pioneer Middle had been assigned to Canton High. He said that he had told her that she would have to abide by the decision.

Ann Marie, according to Lovich, is an "extremely shy person," and would have trouble adapting. Lovich is contending that he did not

know that exact criteria had been set, saying that he and his family had been on vacation the second week of March, since Ann Marie is a 45-15 student with an early Easter break.

Board members Joe Gray and Richard Arlen voted in Lovich's favor.

## Fischer quits Canton IDC

Harold Fischer, a member of Canton's Industrial and Development Committee, resigned April 14.

Fischer, a real estate salesman in Canton, said he could not give the time necessary to be "effective" on the Committee.

## Canton eyes renovation

BY-DONNA LOMAS

Canton Township trustees were slated last night to take a first step towards converting the Township Meeting Hall to a courtroom and the Geddes Road township offices to a police station.

For the new police facility, renovation of existing township offices on Geddes Road will include two jail cells, a visiting room, a booking area, an officers' area with new lockers, a duty desk and a squad room. Cost for renovating the offices is estimated at \$136,460.

Preparation for a new 35th District Court branch in what

is now the Canton Township meeting hall on Canton Center and Cherry Hill roads will cost about \$43,620.

A new entrance would be built for the court, and new toilets installed, as well as partitions and a new heating room.

Canton Finance Director Mike Gorman said the approval of architectural specifications is the first step in the renovation process. He said that by the time all the necessary procedures are finished, remodeling could start in three months - about the same time the township offices will be moving to the new administration building on Canton Center Road.

According to Flossie Tonda, who voted against the proposal to allow Lovich's request, parents were given until March 13 to write to the school board giving their reasons for changing the high school selection.

## HOW TO LIST YOUR 'HAPPENING'

This is the debut of a monthly community calendar, listing events for The Plymouth-Canton Community, which will be published in The Crier on the last Wednesday of each month (for the coming month).

The calendar, which will supplement The Crier's weekly "What's Happening" column, is sponsored by the First National Bank of Plymouth.

To have your group's events listed in this calendar, please submit your information in writing to The Community Crier, 572 S. Harvey St., Plymouth by the Thursday preceding the last Wednesday of each month. Items of civic, cultural, service club and school note will be published free of charge.

For further information on listing your group's events here, call The Crier at 453-6909.

Boosts Canton to 6-0

# James tosses 1-hitter

THE COMMUNITY CRIER: April 26, 1978

**BY CHAS CHILD**  
The Canton baseball team erupted for nine runs in the final three innings to swamp Walled Lake Western Monday, 9-0.

The win boosted the Chiefs' Western Six League record to 2-0 and their overall mark to 6-0.

Despite the win against Western, which was 6-1 coming into the contest, Canton Coach Fred Crissey still thought his team could do better. "We were a little flat in the early innings, but I'm glad we woke up. Class will show through," he said.

The Chiefs swept both ends of a doubleheader from Redford Union on Saturday keep their record unblemished.

Although Canton's bats didn't break loose until the end of the Western game, Pitcher Brian James sparked all the way through.

Throwing the whole game, the junior allowed only one hit as he struck out four and walked three.

"What can you say?" Crissey said of James. "He pitched an excellent game."

The Chiefs didn't look like they were going anywhere in the big sixth inning after the first two batters struck out. But then Russ Mandle, Jeff Campbell, and Scott Dawson all singled to account for one run.

Shortstop Scott Collins proceeded to walk as did Doug Smith which brought in Campbell. Dawson and Collins then raced home on Dale Albright's single.

Smith scored the final run of the game when Western's shortstop failed to handle a grounder off the bat of Tommy Norton.

Smith started Canton's two-run rally in the fourth inning with a double. Three walks by Ray Smock, Dave Weise and Craig Lee brought in the first run and with the bases loaded Mandle hit a sacrifice fly to left field to bring in Smock.

The Chiefs' fifth inning was

almost a carbon copy of the fourth. Campbell led off with a double and Collins and Smith followed with walks. A single by Albright netted him two RBIs.

"Desire and concentration are the names of the game in high school and I'm glad we woke up to win," Crissey said. "When you play only 25-30 games in a season, like in high school the players should get up for every game."

Leading the Chiefs to the 6-0 start has been Campbell who, after Monday's contest had 11 hits in 18 at-bats, which adds up to an awesome .611.

With the 3-1 victory over Farmington Harrison last Wednesday, the Chiefs have now knocked off the two pre-season favorites to challenge Canton for the Western Six crown.

On Saturday, Canton rolled over Redford Union in a doubleheader, 12-2 and 6-2.

Sending 10 men to the plate in the seventh inning, the Chiefs pushed across five runs to end any hopes Redford still harbored in the first game.

Canton kept the momentum going in the second game by jumping out to a 4-1 lead after two innings.

Campbell doubled to get the ball rolling in the first and Collins sent him home on a triple.

The second inning saw Don Dreher single, Greg Hames walk and Mandle single to bring in a run. Dawson then drove Hames and Mandle in with a single.

The final Chief runs were scored by Mandle in the fourth after he tripled and by Hames in the sixth.

## RU edges Rocks

Redford Union outlasted the Salem baseball team in a marathon game last night, 8-7.

The Rocks were leading, 7-6, going into the bottom of the sixth, but Redford scored two runs to pull it out of the fire.

Errors plagued the Plymouthites in the game that lasted three and one-half hours. Four of Redford's runs were unearned as the Rocks committed six errors.

The loss evened Salem's record at 3-3 on the season and dropped it's Suburban Eight League mark to 2-1. Starting Pitcher Doug Holloway led off with a triple in the second inning and his teammates parlayed two singles and two walks for three runs.

A single by John Lewelling brought Holloway home in the third inning, and Joe Goodsir knocked in two more with a single in the fourth inning.

The Rocks' final run came in the fifth inning when Bob Waite and Dave Wilcox singled. Piper then brought Waite home on a hard smash which the third baseman failed to handle.

After Holloway pitched four innings, John Holdsworth came on and pitched the final two for the Rocks.

The Rocks face Allen Park today in another important Sub-8 contest.

## Rock softballers romp

Paced by Pitcher Debbie Pitera's one-hitter, the Salem softball team whipped Redford Union last night, 5-1.

Becky Crespo sparked the Rocks with a two-run single in the third inning in which Salem pushed four runs across the plate.

In addition to giving up only one hit, Pitera struck out 11.

## Canton netters nip Western

The Canton tennis team edged Walled Lake Western last night, 4-3.

"I'm pleased with the depth we showed," said Canton Coach Jim Hayes. "We also held in there in a number of matches to win three-setters."

Chris Davio, at No. 4 singles stayed unbeaten this season (3-0) as he whipped Mike Draheim, 6-2, 6-0. Doug Hetu won at No. 3 singles by thrashing Don Draheim, 6-2, 6-0.

Dan Schmidt and Dave Keen at No. 1 and No. 2 singles lost, but the Chiefs too took two out of the three doubles matches to win.

At No. 1 doubles, Mike Tagge and Bob Young rallied to win, 3-6, 7-5, 6-2; while Len Weber and Greg Stratton at No. 2 doubles took another three setter, 7-6, 4-6, 6-0.

At the No. 3 doubles, Peter Lee and Mark Roberts lost, 4-6, 6-4, 6-2.

STRETCHING for the loose ball, Salem's Bob Waite tries to pick it up before the Wayne runner arrives. His toe was too far off the bag,

however, and the player was safe. (Crier photo by Bill Bresler.)

## Rocks claw Tigers

BY CHAS CHILD

For many baseball teams, the difference between a successful season and an ordinary one is how many one-run games it can win.

The Salem baseball team won its second one-run contest of the season Monday night, downing Suburban Eight League foe Belleville, 4-3.

The win pushed the Rocks' record over the .500 mark to 3-2, and boosted their league mark to an untarnished 2-0.

Salem's two losses came on Saturday when they dropped both ends of a doubleheader to Wayne, 4-0 and 8-5.

"We just weren't ready to play against Wayne," said Salem Coach Brian Gilles. "Defensive lapses and mental errors just killed us. But I was pleased with our win over Belleville."

Starting pitcher Bruce Piper helped his own cause against Belleville when he smacked a 3-2 pitch over the left field fence for a three-run home in the first inning.

The Rocks extended their lead to 4-0 when Matt Etienne walked and Bob Waite singled. Etienne came home on a fielder's choice when Dave Wilcox grounded out to the third baseman.

Salem couldn't extend the lead, however, which was a major disappointment to Gilles.

"In eight days (last Saturday through this Saturday), we will play nine games in eight days, so I wanted to build a lead and put in some reserve pitchers, who so far haven't seen any action. But I didn't get the chance," he said.

Gilles pulled Piper after four innings and Barry Owens took over, in the fifth with the score 4-1. He got in trouble in the fifth but with Tigers on second and third base he struck out Charlie Childers to end the inning.

Belleville pushed over two more runs in the seventh inning, helped along by two Rock errors, and Doug Holloway, usually a starting pitcher, had to come in to get the last two outs.

"I hated to put him in because I was saving him for Tuesday's game," said Gilles.

SALEM'S Paul Dillon catches the ball just in time to put out a Wayne runner in the first game of Saturday's doubleheader. (Crier photo by Bill Bresler.)

In the first game of the doubleheader with Wayne on Saturday, 11 Rocks struck out and Salem threatened to score only once. In the third inning, Etienne walked and reached third base when Waite singled. He was stranded there, however, and no Rock advanced past first for the rest of the game.

Salem's bats came alive in the second game. Sam Merrill homered in the second inning with Holloway aboard to tie the game 2-2. And Piper blasted another over the fence in the fourth to keep the Rocks within two runs, 6-4.

In the fifth inning, Salem pulled within one run when Wilcox singled in Waite who had got on with a triple.

The Rocks' bat fell silent, for the rest of the game, though, as they failed to pick up a hit in the final two innings.

Gilles will be straining his pitching staff to the limit for the rest of the week. Tomorrow the Rocks take on Trenton at home and on Friday Northville travels to Plymouth. A doubleheader on Saturday with Livonia Franklin also at home will make it nine games in eight days.

## Local skaters shine

Keith Sockow and Michele Vinson of Plymouth placed third in Bronze Dance in the 13th annual Free Skating Competition of the Tri-State Council of Figure Skating Clubs held at Bowling Green State University March 31, April 1 and 2.

Other Plymouth skaters who competed at the preliminary level and placed were Denise Backiel, third; Michelle Donnelly, fourth; Jill Mathews, first; Linda Kober, fourth; Joanne Bonar, second; Gail

Obert, second; Kimberly Guyor, fifth.

In the First Test competition skaters who placed in their flights were Susan Mofatt, fourth; Lisa Ronchetto, first; Lisa Agabashian, fifth; Kimberly Bryzek, third; Gail Good, second; Carolyn Malhoit, fourth; Keith Sockow, second.

Those who placed in Second and Third test were Tracy Moore, second; Mary Beth McCaffrey, first and Laura Lunday, fifth.

# Canton softballers drop opener, 8-6

BY JEFFREY

After three rainouts that postponed the season opener over a week and a half the Canton softball team traveled to Walled Lake Western on

Monday and lost their season debut, 8-6.

The Chiefs went into the game at a slight disadvantage since the Warriors had already played three games previous to Monday's contest.

Both teams failed to score during the first two innings. Then, in the top of the third Lucy Howe and Vickie Cavallo scored on Judy Freiman's single.

The Warriors came back in their half of the inning and scored a run and Canton and Walled Lake exchanged one run apiece in the fourth.

After the Chiefs tacked on one more run in the top of the fifth when Kathie Peck scored on a wild pitch, the Warriors exploded with five runs and held onto a 7-4 lead.

The following inning Freiman picked up her second

hit of the night when she tripled driving home Cathey Campbell and scored on a single by Cindy Stevens.

Walled Lake added an insurance run in the bottom of the sixth and the Chiefs failed to score at their last time at bat.

"Our lack of game time really showed", said coach

Joan Ryan, "We played good considering that!"

"Kathie Peck played real well defensively, and showed some real effort."

Howe, who pitched the entire game for Canton walked one batter and struck out one.

The Chiefs play today against Waterford Mott at Canton. Gametime is 4 p.m.

## Salem girls pound Belleville, 13-7

Scoring in every inning but the last, the Salem softball team thrashed Belleville Monday night, 13-7.

Debbie Pitera not only was the winning pitcher, but she excelled at the plate for the Rocks. Batting three for four (four singles, she also stole three bases.)

On the mound she gave up only four earned runs and struck out seven.

Other offensive stars for the Rocks included Cindy Cindrich who went two for three with a double and triple; and Nan

Horwood who barged out two singles in a two-for-three effort.

Salem's scoring derby went like this: After one run in the first, the Rocks let loose for five in the second, two in the third and one in the fourth.

The Plymouthites added three more in the fifth and mercifully ended the scoring with one in the sixth.

Overall, the Rocks had an excellent day on the base paths as they stole seven bases.

## Rock girl runners fall

BY ERIC OLSON

The Salem girl striders improved, but not enough as they had hoped as they finished third in a meet with Ladywood and Churchill. Ladywood was first with a score of 63½, Churchill was second with 51 points, and the Rocks were last with 30½.

"We really improved from our last meet with Bentley, but you couldn't tell by the scores as both of the other teams in the meet had a lot of talent," said Rock mentor Scott Kurtz.

Kurtz cited the field events as the spot where Salem showed the most improvement. "In the last meet we

were terrible in the field, but we came back," he stated proudly. "We swept the shot put and finished first and third in the high-jump."

Carin Ford won the shot with a put of 30 feet, 11 inches. Sharon Radionoff took second (29'6"), and Cindy Nagy was third (28'7"). Diane Perpich captured the high-jump with a 4'8" mark and Erin Lucas was two inches behind in third place.

In the long jump competition Lisa Morris placed third with a leap of 14'7". All of the above marks were career highs for the girls.

CARLETON, MICH.  
**654-6201**

CYCLIST Perry Younce of Canton Township, at rear in the white sweatshirt, takes a curve at the Ionia Fairgrounds. The Fair-

grounds will be the scene of a pro motorcycle race Saturday that is being organized by Plymouthite Staton Lorenz.

## Cyclist Lorenz boosts race

BY ROBERT KIAN

A Plymouth native is helping organize The American Motorcycle Association's Camel Pro Tour at the Ionia Fairgrounds Saturday, the only appearance of the pro riders in Michigan.

The meet will feature 150 riders from seven states and

Canada, competing in novice, junior and expert divisions, according to Staton Lorenz, son of Ralph Lorenz of Plymouth. Staton is president of the Half-Mile Motorcycle Race Corp.

Several championship riders from Michigan will be featured. The last time a championship

race was held at Ionia's half-mile track was in 1965.

Riders range in age from 16 to 36, with their motorcycles ranging in engine size from 250cc up to 750cc.

The feature event will be an eight-lap "King of the Hill" race among the four fastest evening qualifiers and four defenders.

The gates open at 5 p.m. and time trials begin at 6:30. The races start at 8 p.m. Tickets are \$5 in advance and \$6 at the gate. Children under 12 are \$3. Further information may be obtained from Lorenz at 453-4242.

## Rock-climbing classes set

A rock climbing class will be offered by the Plymouth Recreation Department beginning Wednesday, May 10 from 7-10 p.m. For further information contact the Recreation Department at 455-6620.

## Rock runners swamp Tigers

BY JEFF KEY

The cold Michigan weather last week put a damper on most outdoor sporting events in Plymouth except for one, and the Salem track team didn't seem to mind after they ran past Belleville on Thursday 94 1/3 to 62 1/3.

The Rocks started the week finishing second behind Stevenson in a triple dual at Northville on Tuesday.

Bob Dasher was the only double winner for Salem, taking first place honors in both the discus and shotput.

Stevenson finished the meet with 72 points, Salem had 63 and the Northville Mustangs finished out of the running with 33 points.

On Thursday Scott Kappler highlighted the winter weather event with a 13 feet 8, 1/2 inch pole vault jump smashing Kim Woody's old school record set in 1974.

"Scott's jump was really the high point of the day," said coach Gary Balconi, "it was really quite a jump in this kind of weather."

Salem overpowered Belleville for most of the meet winning 10 out of 16 events and losing only one field event. "Our field events have been real tough," said Balconi.

Dasher, once again won the discus with a 138'1"

toss and the shotput with a throw of 49'11".

Chris Ritchey finished second behind Dasher in the discus and Tom Carl and John Froozan placed third and fourth respectively in the shotput.

In the long jump Rich Hanschu grabbed first place honors leaping 20' 1", Curt Lewis was second and Dave Casler finished fourth.

Mike Christie and Hanschu tied for first in the high jump at 5' 6" and Jack Wellman's 11' leap in the pole vault was good for a third.

Starting the running events off, in the two mile Scott Kleam finished fourth with a 11:01 effort. In the 330 low hurdles, Christie placed second turning in a time of 40.6 and Mike Campbell finished fourth, Christie also won the 120 high hurdles with a time of 15.5 and Phil Anderson finished fourth.

Ritchey grabbed a first in the 220 yard dash turning in a time of 23.5 and also the 100 yard dash with a 10.3

effort. Greg Davis and Greg Stevens finished third and fourth in the 100 and second and third in the 220 respectively.

In the 440 yard dash Tom Covington finished second for Salem with a time of 54.5, Frank Gabbert placed third and Jim Thomas was fourth.

Salem's 880 relay team of Dave Booker, Carl, Lewis, and Ritchey snatched first place honors with a time of 1:35.5 and the 440 relay of Stevens, Hanschu, Lewis and Christie also got on the winning track turning in a time of 46.07.

The Rocks next meet is at Trenton on Thursday with field events beginning at 3:30, then on Saturday both the Salem and Canton track teams will be competing in the second annual Jeff Mangan memorial track meet.

Both the girls and boys teams from the two schools will be participating. The field events are scheduled to begin at 6 p.m. and running events at 7.

## MTU signs Ritchey, Rowe

Tailback Chris Ritchey and Fullback Doug Rowe, both Salem High football players, have signed letters of intent to play for Michigan Tech next season.

# Bulldogs whip Chief striders

The Canton track team dropped its second meet of the young season to Livonia Bentley Monday night, 104-54.

Highlighting the meet was Brent Eckles's 10.47 in the 100-yard dash, which broke the school record set of 10.5 set last year by Mike Phillips.

Rich Fleischer recorded two firsts: in the 440-yard and 220-yard dashes with times of 53.9 and 23.7, respectively.

Eckles also copped first in the long jump with a leap of 19 feet, 6 1/4 inches, and a fourth in the pole vault.

In the high jump Dan McGliinn tied for first, clearing 5' 6" and Dave Talaga, with a 5' 4" effort, placed fourth.

Andy Lewis captured

second in the discus (130'9") while John Spelich took fourth (103'2").

Despite a fourth in the two-mile, Sophomore Mike Spitz still did a good job. His time of 10:46 shaved 17 seconds off his previous best.

Martin Hinckley captured first in the 330-yard low hurdles in 42.08 and in the 120-yard high hurdles, Brian Pijanowski took third in 18.6.

The Chiefs made a strong showing in the shot put. Andy Lewis, Al Olszewski and Frank Kellogg took second, third and fourth in that order.

"We didn't have a very good day," said Coach Mike Tiano. "We had a couple of guys sick and that's rough when we lack depth."

## Chief girl striders lose

Cont. from pg. 22

was Jenny DeVenny with a clocking of 13:17, but she was 65 seconds off the winning time. Kathy Zilke, in what Kurtz described as "an excellent performance," was third in the half mile with a timing of 2:37.

Finishing fourth for the Rocks in the 100-yard dash was Ann Meixner (12.5) and also taking a fourth was Lucas in the 100 low hurdles. Another fourth was turned in by Kathy Sample in the mile.

The 440 relay team of Lyn Henrey, Sue Parks, Rene Renslavif, and Cheryl Place was second in a time of 58.6. Darlyn Sims was second in the 220 with 29.2 timing.

"Even though we lost by a big margin I was still pleased because of our improvement," said Kurtz. However, now Kurtz is worrying about the size of his team. "We had something like 57 people at

the start of the season, but now we are down to around 30. I'm having trouble finding bodies to fill the events."

## Bowling stats

As of April 17, here are the top three teams in the Canton Women's Eye-opener Bowling League:

BOARD OF TRUSTEES - SPECIAL MEETING  
APRIL 17, 1978**

Clerk, Helen Richardson called the meeting to order at 7:32 p.m. All members were present, with the exception of Mr. Notebaert who came later.

Mrs. Richardson advised that in the absence of the Supervisor, it was now in order to elect a moderator for the meeting.

Mrs. Fidge moved that Mrs. Richardson serve as Chairman Pro-tem. Supported by Mr. West and carried unanimously.

Basic Concept on the building at the Township Recreation site by James Anulewicz. Mr. Anulewicz presented the Board members with a plan covering the basic concept of a building for the Recreation site and stated that they did not have the soil borings as yet, but expected them within two weeks.

Mr. Breen moved approval of the concept in terms of the lay out and for the size of the building as proposed. Supported by Mr. Gornick and carried unanimously.

Mr. Breen advised that the Rules and Regulations and Personnel Procedures that had been presented to the Board members were strictly preliminary and not ready for presentation to the Unions, nor for publicity and certainly hoped that they could be discussed freely. Mrs. Richardson advised that the meeting had been called a Special Meeting and therefore, it was an open meeting, but if the Board members chose, a motion could be made to adjourn the Special meeting and a closed session scheduled to discuss same.

Mr. West moved that the Special Meeting be adjourned and the Board re-convene into a closed session to discuss the organizational rules and regulations and personnel procedures. Supported by Mr. Breen, and carried unanimously.

Approved,  
**THOMAS G. NOTEBAERT,  
SUPERVISOR**

Respectfully submitted,  
**HELEN I. RICHARDSON,  
CLERK**

**NOTICE OF PUBLIC HEARING  
ZONING BOARD OF APPEALS  
CITY OF PLYMOUTH,  
MICHIGAN**

At a meeting of the Zoning Board of Appeals to be held in the Commission Chamber of the City Hall on Thursday, May 4, 1978, at 7:30 p.m., a public hearing will be held to consider the following:

**APPEAL CASE NO. 78-16 - GUY KENNEY**, 199 W. Ann Arbor Trail, Plymouth, Michigan 48170, requesting permission to construct a six storage unit building at above address, 67' from the west property line and from Virginia Street, located in an I-1 (Light Industrial District) zoning, which is in conflict with Article XIV, Section 5.185 of Chapter 52, Zoning, of the Plymouth City Code.

Section 5.185 provides that the minimum side yard setback shall be 10 ft. and the minimum front yard setback shall be 25 ft.

All interested parties will be given an ample opportunity to participate in the hearing and, at the close of said hearing, all comments and suggestions of those citizens participating will be considered by the Zoning Board of Appeals, prior to rendering its decision.

**PAUL V. BRUMFIELD  
CITY CLERK**

**NOTICE OF PUBLIC HEARING  
ZONING BOARD OF APPEALS  
CITY OF PLYMOUTH,  
MICHIGAN**

At a meeting of the Zoning Board of Appeals to be held in the Commission Chamber of the City Hall on Thursday, May 4, 1978, at 7:30 p.m., a public hearing will be held to consider the following:

**APPEAL CASE NO. 78-17  
PHYLLIS WAY, 44758 Charnwood Dr. & ROSEMARY CORNELL**, 44789 Charnwood Dr., Plymouth, Michigan 48170, requesting a modification of the parking requirements for a 15-seat lunch counter utilizing a portion of the space of Larry Janas Gourmet Gallery at 930 W. Ann Arbor Trail, as set forth in Article XV, Section 5.196(3) (e), but may be modified by the Zoning Board of Appeals under Article XVIII, Section 5.247(c) of Chapter 52, Zoning, of the Plymouth City Code.

Section 5.196(3) (e) provides that the parking spaces for establishments for sale and consumption on the premises of beverages, food or refreshment shall be one (1) for each three (3) persons allowed within the maximum occupancy load as established by the fire marshal.

Section 5.247(c) reads: "The Board of Appeals shall have the following powers and it shall be its duty: (c) Permit the modification of the automobile parking space or loading space requirements where, in the particular instance, such modification will not be inconsistent with the purpose and intent of such requirements."

All interested parties will be given an ample opportunity to participate in the hearing and, at the close of said hearing, all comments and suggestions of those citizens participating will be considered by the Zoning Board of Appeals prior to rendering its decision.

**PAUL V. BRUMFIELD  
CITY CLERK**

**NOTICE OF PUBLIC HEARING  
ZONING BOARD OF APPEALS  
CITY OF PLYMOUTH,  
MICHIGAN**

At a meeting of the Zoning Board of Appeals to be held in the Commission Chamber of the City Hall on Thursday, May 4, 1978, at 7:30 p.m., a public hearing will be held to consider the following:

**APPEAL CASE NO. 78-15 - CHAS. C. HENRY** (Star Cab Co.) 41390 W. 10 Mile Road, Novi, Michigan 48050, requesting permission to occupy the front office space only of existing building at 870 N. Holbrook Street as an office and dispatch room for the Star Cab Co. and to erect a 2-way radio tower to exceed 45 ft. in height on the building, located in an I-1 (Light Industrial District) zoning, which is not set forth as a permitted use under Section 5.156 of Article XI, Principal Uses Permitted, but may be permitted by the Zoning Board of Appeals in accordance with Section 5.157(7) of Article XI, Uses Subject to Special Conditions, and is in conflict with Article XIV, Section 5.185 of Chapter 52, Zoning, of the Plymouth City Code.

Section 5.157(7) reads: "Other uses, which in the determination of the Board of Appeals are of a similar character to the above uses, and subject to the requirements set forth in Sections 5.158 and 5.159." Section 5.185 provides that the maximum height of a structure in an I-1 District shall be 45 ft.

All interested parties will be given an ample opportunity to participate in the hearing and, at the close of said hearing, all comments and suggestions of those citizens participating will be considered by the Zoning Board of Appeals, prior to rendering its decision.

**PAUL V. BRUMFIELD,  
CITY CLERK**

**NOTICE OF PUBLIC HEARING  
ZONING BOARD OF APPEALS  
CITY OF PLYMOUTH,  
MICHIGAN**

At a meeting of the Zoning Board of Appeals to be held in the Commission Chamber of the City Hall on Thursday, May 4, 1978, at 7:30 p.m., a public hearing will be held to consider the following:

**APPEAL CASE NO. 78-13 - CARL LAMPTON** (West Trail Nursing Home), 395 W. Ann Arbor Trail, Plymouth, Michigan 48170, requesting permission to eliminate a masonry fence between the parking lot for above address and the residence to the east on Maple Street, located in a RM-1 (Multiple-Family Residential District) zoning, which is in conflict with Article XV, Section 5.204(a) of Chapter 52, Zoning, of the Plymouth City Code.

Section 5.204(a) provides that for Off-Street Parking Areas required to uses in all zoning districts, except I-1 & I-2 Districts, single family and two-family dwellings and those special uses listed in (c) through (i), and obscuring screen four feet six inches (4' 6") in height is required on all sides of a parking area abutting or adjacent to a residential district.

All interested parties will be given an ample opportunity to participate in the hearing and, at the close of said hearing, all comments and suggestions of those citizens participating will be considered by the Zoning Board of Appeals prior to rendering its decision.

**PAUL V. BRUMFIELD,  
CITY CLERK**

**NOTICE OF PUBLIC HEARING  
ZONING BOARD OF APPEALS  
CITY OF PLYMOUTH,  
MICHIGAN**

At a meeting of the Zoning Board of Appeals to be held in the Commission Chamber of the City Hall on Thursday, May 4, 1978, at 7:30 p.m., a public hearing will be held to consider the following:

**APPEAL CASE NO. 78-18  
MICHAEL CARL**, 1291 Beech Street, Plymouth, Michigan 48170, requesting permission to erect a 6-ft. solid wooden fence at the rear property line of above address, located in a R-1 (Single-Family Residential District) zoning, which is in conflict with Chapter 99, Section 8.25(4) of the Plymouth City Code.

Section 8.25(4) provides: "Fences and walls erected in residential zoned areas shall be so constructed that they permit the passage of air by not less than fifty (50%) per cent through the materials utilized for said fence or wall. Solid or closed privacy walls and fences may be constructed in rear yards provided they are set back from the property line a distance equivalent to the height of the fence or wall."

All interested parties will be given an ample opportunity to participate in the hearing and, at the close of said hearing, all comments and suggestions of those citizens participating will be considered by the Zoning Board of Appeals prior to rendering its decision.

**PAUL V. BRUMFIELD  
CITY CLERK**

**NOTICE OF PUBLIC HEARING  
ZONING BOARD OF APPEALS  
CITY OF PLYMOUTH,  
MICHIGAN**

At a meeting of the Zoning Board of Appeals to be held in the Commission Chamber of the City Hall on Thursday, May 4, 1978, at 7:30 p.m., a public hearing will be held to consider the following:

**APPEAL CASE NO. 78-14 - J. J. STEWART**, 279 N. Evergreen Street, Plymouth, Michigan 48170, requesting permission to construct an 18' x 20' addition to a 20' x 20' existing garage at the above address, located in a R-1 (Single-Family Residential District), which is in conflict with Article XV, Section 5.194(3) of Chapter 52, Zoning, of the Plymouth City Code.

Section 5.194(3) provides that an accessory building may occupy not more than twenty-five (25) percent of a required rear yard, plus twenty (20) percent of any non-required rear yard. However, the area of such a structure shall not exceed six hundred twenty-four (624) square feet.

All interested parties will be given an ample opportunity to participate in the hearing and, at the close of said hearing, all comments and suggestions of those citizens participating will be considered by the Zoning Board of Appeals prior to rendering its decision.

**CANTON TOWNSHIP PLANNING COMMISSION  
CHARTER TOWNSHIP OF CANTON  
NOTICE OF PUBLIC HEARING**

PROPOSED AMENDMENT TO THE ZONING ORDINANCE OF THE CHARTER TOWNSHIP OF CANTON, WAYNE COUNTY, MICHIGAN.

NOTICE IS HEREBY GIVEN pursuant to Act 184 of the Public Acts of Michigan as amended, and pursuant to the Zoning Ordinance of the Charter Township of Canton that the Planning Commission of the Charter Township of Canton will hold a Public Hearing on Monday, May 22nd, 1978, at the Canton Township Hall, 128 Canton Center Road at 8:00 o'clock p.m. on the following proposed amendment to the Zoning Ordinance:

(See Attachment) ARTICLE IV, GENERAL PROVISIONS, SECTION 4.24 SIGNS:  
Comments on the proposed changes may be made in writing prior to the scheduled hearing date, and submitted to the Township's Administrative offices at 44508 Geddes Road and/or comments may be given at the time of the hearing.

CHARTER TOWNSHIP OF CANTON  
PLANNING COMMISSION  
ROBERT PADGET  
CHAIRMAN

PROPOSED AMENDMENT TO THE CANTON TOWNSHIP ZONING ORDINANCE

ARTICLE IV  
GENERAL PROVISIONS  
SECTION 4.24 SIGNS

**a. STATEMENT OF INTENT**

The section creates the legal framework for sign regulations and is intended to facilitate an easy and agreeable communication between people. It recognizes the need to protect the safety and welfare of the public, the need for well maintained and attractive appearance in a community, and the need for adequate business identification, advertising and communication. This section recognizes that aesthetics and design quality cannot be satisfactorily legislated, as individual opinions vary and general public opinions vary from one era to another. It is recognized, however, that a great percentage of that

Cont. from pg. 26

which is unattractive can be eliminated by sensible quality control, through adequate maintenance and inspection, and by reasonable guidelines formulated to minimize clutter.

b. PERMIT REQUIRED

- (1) Except as otherwise provided in this section, it shall be unlawful for any person to erect, alter, relocate, or maintain within the Township of Canton any sign or advertising structure without first obtaining a permit from the Township Building Department. A sign not expressly permitted is prohibited.
- (2) The Township Building Department shall provide application forms and may require of the applicant, such information and descriptive material, plans or drawings, so as to determine compliance with this and other applicable ordinances of Canton Township.
- (3) A permit fee shall be paid to the Township of Canton at the time the permit is applied for, according to a fee schedule adopted by the Township Board. The fee schedule may vary within types of signs and shall take into consideration whether permit is for the erection of a new sign, minor modification of an existing sign or substantial reconstruction of an existing sign. The fee schedule shall reflect the time and cost to the Township for inspection to verify compliance by the applicant with this section.
- (4) Every sign permit issued shall become null and void if work is not commenced within one hundred and twenty (120) days from the date of such permit issuance. If work authorized by such permit is suspended or abandoned for one hundred and twenty (120) days time after the work is commenced, a new permit is required.
- (5) Any sign that is moved to another location either on the same or to another premises, shall be considered a new sign and a permit shall be required for any work performed in connection therewith.
- (6) Whenever a face of a sign is changed a new permit is required, unless the sign is designed for periodic change.
- (7) As a condition for obtaining a permit, the applicant, at his expense, shall provide a certificate of insurance that shall be kept in force during the entire year, for comprehensive general liability insurance for bodily injury and property damage of one hundred thousand dollars for each occurrence; and in respect to liability, be conditioned to hold the Township of Canton harmless of every damage of

whatsoever nature, whether to persons or property, for which the Township may be held liable by reason of, or which is occasioned by, the doing of an act or the exercise of the privilege for which the permit was granted.

- (8) The applicant for a permit to erect a temporary sign shall deposit with the Township adequate monies, as may be established by the Township Board, the amount of which shall be sufficient to cover the cost of removing the temporary sign. The deposit will be retained by the Township throughout the life of the temporary sign and will be returned to the owner as soon as possible, after and if the sign has been completely removed from the premises at the owner's expense.
- (9) No person shall erect, construct, or maintain any sign upon any property or building without the consent of the owner or person entitled to possession of the property or building, if any, or their authorized representatives.
- (10) The Township may in writing, suspend or revoke a permit issued under provisions of this Section whenever the permit is issued on the basis of a mis-statement of fact or fraud. The applicant may appeal any suspended or revoked permit to the Township Board within 15 days and the Township shall hear such appeal within 30 days upon receipt of such appeal.

c. MEASUREMENT OF AREA OF SIGN

The entire area within a circle, triangle, or parallelogram, enclosing the extreme limits of writing, representation, emblem, or any figure of similar character, together with any frame of other material or color forming an integral part of the display or used to differentiate such sign from the background against which it is placed, excluding necessary supports or uprights on which sign is placed, defines the area of the sign.

Where a sign has two or more faces, the area of all faces shall be included in determining the total area of the sign, except that when two such faces are placed back to back and are at no point more than two (2) feet from one another. The area of the sign shall be taken as the area of one face if the two faces are of equal area, or as the area of the larger face, if the two faces are of unequal area.

d. GENERAL REQUIREMENTS

- (1) Underground wiring shall be required for all illuminated signs not attached to a building.
- (2) Illumination of signs shall be directed or shaded so as not to interfere with the vision of persons on the adjacent highways or adjacent residential properties. Such determination shall be made by the Building Department, who shall bring to the attention of the Township Board, recommendations to limit the hours of illumination. The Township Board may

then prohibit the hours of illumination between 11:00 p.m. and 7:00 a.m. of a specific sign to allow the private enjoyment of affected residential properties.

- (2) There shall be no visible angle irons, or unsightly supports.

All such sign supports shall be an integral part of the sign design.

- (4) Every sign shall be maintained in good structural condition at all times. All signs shall be kept neatly painted including all metal parts and supports.

- (5) No person shall maintain or permit to be maintained on any premises owned or controlled by him, any sign which is in a dangerous or defective condition.

- (6) The area around off-premises sign structures shall be kept clean and neat and free of all brush, tall grass, debris and litter. The area around the sign shall be maintained in this manner, to a distance of at least five feet to the rear and sides of the structure as well as to the front property line, and, if on a corner site, to both property lines.

- (7) The height of all free standing ground signs shall be measured from the finished grade of the public sidewalk closest to the sign. The height of wall signs shall be measured from the finished grade of the parking lot directly beneath the proposed sign. In cases where no sidewalks or parking lot improvements are provided, the sign height shall be measured from the average grade of the parcel where the sign is to be located.

- (8) Signs indicating that land or buildings have been sold must be removed within ten (10) days from date of posting.

## c. REMOVAL AND DISPOSITION OF SIGNS.

- (1) The Township shall inspect and cause to be removed, repaired, painted, or altered any sign that is not in conformity with the provisions of this ordinance, or a sign for which no permit has been issued, or a sign that has been abandoned, or a sign that endangers the public safety or is a physical hazard to the public pursuant to the provisions of this ordinance.
- (2) Any sign removed by the Township pursuant to the provisions of this ordinance, shall become the property of the Township and may be disposed of in any manner deemed appropriate by the Township if not claimed by the owners within 30 days. The cost of removal or repairing a sign by the Township shall be considered a debt owed to the Township by the owner of the sign and/or the owner of the property, and may be recovered in an appropriate court action by the Township or by

assessment against the property as hereinafter provided. The cost of removal or repairing shall include any and all incidental expenses incurred by the Township.

- (3) Removal or repair of any sign shall take place only after proper notice by certified mail has been sent to the site owner and/or property owner on which the sign is located. Any person having an interest in the sign or the property, may appeal the determination of the Township ordering removal or compliance by filing a written notice of appeal with the Zoning Board of Appeals within 30 days after the date of receipt of the notice. The notice given by the Township shall state not only the remedial action required to be taken, but shall also state that if such action is not taken within 30 days, the Township may correct the sign deficiencies and the cost of correcting the unlawful feature of the sign may be assessed against the property on which the sign is located together with additional administrative charges.
- (4) If it will be necessary for the Township to remove or repair a sign pursuant to the provisions hereof, bids shall be taken when the estimated costs exceed \$500.00. When the remedial action is completed, the Building Department shall certify to the Treasurer the legal description of the property upon which the work was done, together with the name of the owner thereof as shown by the tax rolls, together with a statement of work performed the date of performance, and the cost thereof. Upon receipt of such statement, the Treasurer shall mail a notice to the owner of said premises as shown by the tax rolls, at the address shown upon the tax rolls, by Certified Mail postage prepaid, notifying such owner that the work has been performed pursuant to this ordinance, stating the date of performance of the work, the nature of the work, and demanding payment of the costs. Such notice shall state that if said amount is not paid within thirty (30) days of receipt of the notice, it shall become an assessment or a lien against the property of said owner. If the Treasurer has not received payment within a period of 30 days following the receipt of such notice, the Treasurer shall inform the Township Board of such fact and the Township Board shall thereupon enact a resolution assessing the whole cost of such work, upon the lots or tract of land from which the sign has been removed.
- (5) In case of an emergency when a sign would cause an imminent danger to the public safety, the Township may cause

the immediate removal of such signs without advance notice, all costs being assessed pursuant to the provisions of this Ordinance. The owner of the sign or the property owner shall claim and remove any sign from the Township's possession within 30 days of the date of being notified or the Township shall dispose of it in any manner deemed appropriate by the Township.

- (6) For all purposes in determining the proper sign ownership, the owner of the premises shall be presumed to be the owner of all signs thereon, unless the contrary shall appear from facts brought to the attention of the Township.

## F. SIGNS PERMITTED IN ALL ZONING DISTRICTS WITHOUT REQUIRING SIGN PERMITS

The following signs are permitted, without a sign permit, in all zoning districts where the principal permitted use to which they are related is a permitted use in that district.

- (1) House numbers, name plates (including apartment units and office suites) identifying the occupant or address of a parcel of land and not exceeding two (2) square feet in area.
- (2) Memorial signs or tablets, when not exceeding eight (8) square feet in area and containing the name of the building and date of erection, and when cut into any masonry surface or constructed of bronze or other incombustible material and affixed to the exterior face of the building.
- (3) Signs painted on or permanently attached to legally licensed vehicles which are used upon the highways for the transporting of persons, goods, or equipment.
- (4) Flags bearing the official design of a nation, state, municipality, educational institution, or noncommercial organization.
- (5) Traffic or other municipal signs such as the following: legal notices, railroad crossing, danger and other emergency signs as may be approved by the Township Board or other Federal, State or County agency holding jurisdiction.
- (6) Community special event signs approved by the Township Board.
- (7) Gasoline service stations may display the following special signs which are deemed customary and necessary to their respective businesses:
  - (i) Customary lettering or other insignia on a gasoline pump consisting of brand of gasoline sold, lead warning sign, and any other sign required by law and not exceeding a total of three (3) square feet on each pump.
  - (ii) One non-illuminated double faced sign for the purpose of displaying gasoline prices per gasoline pump island, each of which shall not exceed five (5) square feet in area, may be placed on a

gasoline pump island.

- (8) Signs not exceeding three (3) square feet which contain only noncommercial messages including designation of rest rooms, drive entrances and exits, telephone locations and directions of door openings.
- (9) Non-illuminated signs, advertising platted lots or buildings for rent, lease, and/or sale, when located on the land or building intended to be rented, leased, and/or sold and not exceeding five (5) square feet in area. One sign per parcel of land shall be permitted along each street exposure side.
- (10) Institutional use bulletin board, non-illuminated, not exceeding eighteen (18) square feet in area or an overall height of six (6) feet, for uses such as churches, schools or public buildings or other public uses.
- (11) Signs of primarily decorative nature, clearly incidental customary and commonly associated with any national, local or religious holiday; provided that such signs shall be displayed for a period of not more than 60 consecutive days nor more than 60 days in any one year, and are not used for a commercial nature.
- (12) Political signs, not to exceed one sign per candidate or issue, and not exceeding five (5) square feet per sign shall be permitted, within the front yard setback of occupied lots, but not more than thirty (30) days prior to a political election and provided that such sign is located with permission of the owner, and is removed by the owner within two days following the election.
- (13) Model homes within a subdivision may be permitted one (1) sign per model which shall not exceed two (2) square feet in area and four (4) feet in height when located within the front yard setback for the purpose of identifying model style.
- (14) Garage sale signs not exceeding five (5) square feet in area and erected for not more than three days.
- (15) Signs identifying on-site construction activity, not exceeding 32 square feet in area except single family residential construction which shall not exceed sixteen (16) square feet in area.

## G. SIGNS PROHIBITED IN ALL ZONING DISTRICTS

The following signs shall not be permitted, erected, or maintained in any zoning district:

- (1) Signs which incorporate in any manner any flashing or moving lights.
- (2) Banners, pennants, spinners, streamers, and flags.
- (3) String lights used in connection with commercial premises for commercial purposes, excepting holiday

Cont. from pg. 29

- uses not exceeding five (5) weeks in any calendar year.
- (4) Any sign which has any visible moving part, visible description or other apparent visible movement achieved by electrical, electronic or mechanical means, including intermittent electrical pulsations or by action of normal wind currents. Such a prohibition shall not pertain to public message signs, including time, temperature or stock market quotation signs.
- (5) Any sign or sign structures which (a) is structurally unsafe, or (b) constitutes a hazard to safety or health by reason of inadequate design or fabrication, mounting, maintenance, dilapidation or abandonment or (c) is not kept in good repair, or (d) is capable of causing electrical shocks to persons likely to come in contact with it.
- (6) Any sign which by reason of its size, location, content, coloring or manner of illumination, constitutes a traffic hazard or a detriment to traffic safety by obstruction of vision of drivers, or by obstructing or detracting from the visibility of any traffic sign or control device on public streets and roads.
- (7) Any sign which obstructs free ingress to or egress from a required door, window, fire escape or other required access way.
- (8) Signs which make use of words such as "stop," "look," "danger," or any other words, phrases, symbols, or characters, in such a manner as to interfere with, mislead or confuse traffic.
- (9) Any sign or other advertising structure containing any obscene, indecent, or immoral matter.
- (10) Any sign now or hereafter existing which no longer advertises a bona fide business or a product sold on the premises of the sign's location.
- (11) Portable Signs.
- (12) Any sign, except traffic or other municipal signs, that is located in or projects into, or overhangs a public right-of-way or dedicated easement.
- (13) Any sign that exceeds the height limitation of the zoning district in which it is located or a wall sign that extends beyond or above any architectural feature.
- (14) Roof Signs.
- (15) Placards, posters, circulars, showbills, handbills, cards, leaflets or other advertising matter except as herein defined, shall not be posted, pasted, nailed, placed, printed, stamped or in any way attached to any fence, wall post, tree, sidewalk, pavement, platform, pole, tower, curbstone, surface or in or upon any easement, right-of-way or on any public property whatsoever. Provided, however, nothing herein set forth shall prevent official notices of the Township, school districts, County, State or Federal Government from being posted on any public property deemed necessary.
- (16) The parking of a vehicle or trailer on a public right-of-way, public or private property, so as to be visible from a public right-of-way, which said vehicle has attached thereto or located thereon any sign or advertising device for the basic purpose of providing advertisement of products or directing people to a business or activity located on the same or nearby property or any other premises.
- (17) "A" frame or sandwich board sidewalk or curb signs.
- (18) No sign shall be suspended by chains or other devices that will allow the sign to swing due to wind action. Signs shall be anchored to prevent any lateral movement that would cause wear on supporting members or connections.
- h. SIGNS PERMITTED BY ZONING DISTRICT AND REQUIRING SIGN PERMITS.
- (1) All single Family Residential Districts:
- (i) A subdivision development with models designed to promote the sale of homes, within a subdivision, shall be allowed one or more free standing ground signs on a temporary basis for a two year period. Such signs in a subdivision development shall be limited to one along each bounding primary or secondary road. The signs, when permitted shall not exceed one hundred (100) square feet in area nor a height of twelve (12) feet.
- In addition to the above, one sign shall be permitted to be erected by each home builder within the subdivision, not to exceed sixteen (16) square feet in area and a height of six (6) feet. Such sign shall be located within the subdivision and no closer than fifteen (15) feet from any property line. Sign permits may be renewed if vacant lots are available and new homes remain under construction. Such signs shall be removed upon cessation of new home marketing within the subdivision or when all lots have been sold by the builder.
- (ii) A subdivision development, with models, is allowed two (2) off premise temporary signs for a two (2) year period which may be renewed if vacant lots are available and new homes are under construction. Such signs shall be for the purpose of directing traffic to the development's location. Such shall be no larger than sixteen (16) square feet in area, and shall not exceed six (6) feet in height. A maximum of two signs in combination with all other residential developments shall be allowed at any one street or road intersection and placed no closer than one hundred (100) feet to any other

Cont. on pg. 31

DEADLINE 5 p.m. MONDAY

THE COMMUNITY CRIER: April 26, 1978

Cont. from pg. 30

such sign and in no case shall they be located closer than fifty (50) feet from any property line. Such signs shall be removed upon cessation of marketing within the subdivision or when all lots have been sold by the builder.

(iii) Subdivision entranceway structures shall be located on private subdivision property. The entranceway structure shall not exceed four (4) feet in height and thirty-two (32) square feet in area and shall be located no closer than twenty (20) feet from any property line. It shall be constructed of materials which require a minimal amount of maintenance and all entranceway structures with a subdivision shall be of the same design and materials. When the subdivision is completed the legal name of the subdivision will be placed on this structure by the subdivision's proprietor.

(2) Multiple Family and Mobile Home Districts (RM and RT)

(i) A multiple family or mobile home development with units or lots for sale or rent is allowed a free standing ground sign on a temporary basis for a two year period. Such signs shall be limited to one along each bounding primary or secondary road. The signs, when permitted, shall not exceed one hundred (100) square feet in area nor a height of twelve (12) feet. Such sign shall be located no closer than fifteen (15) feet from any property line. The sign permit may be renewed for an additional one (1) year period if the project is less than 85% occupied.

(ii) A multiple family or mobile home development with units or lots for sale or rent is allowed two (2) off premises signs, for a two (2) year period which may be renewed if the project is less than 85% occupied. Such signs shall be for the purpose of directing traffic to the development's location, provided that such signs are no larger than sixteen (16) square feet in area and shall not exceed six (6) feet in height. A maximum of two (2) signs in combination with all other residential developments shall be allowed at any one street or road intersection and placed no closer than one hundred (100) feet to any other such sign and in no case shall they be located closer than fifty (50) feet from any property line. Such signs shall be removed with 85% occupancy of the development.

(iii) Permanent multiple family or mobile home development entranceway structures shall be located entirely on the development's property and shall not exceed four (4) feet in height, thirty-two (32) square feet in area and shall be located not closer than twenty (20) feet from any property line or entrance drive. The entranceway structure shall be constructed of materials which require a minimal amount of maintenance. Each entranceway structure will be of harmonious design with the development and when the

project is completed the legal name of the project will be placed on this structure by developer.

(iv) One wall sign for identification purposes for each development shall be permitted. Such sign shall not exceed thirty-two (32) square feet in area. The sign shall not extend above the roof-line nor project from the face of the building more than twelve (12) inches.

(3) Restricted Office District (RO-1):

(i) One free standing ground sign shall be permitted for each office development, when not exceeding eighteen (18) square feet in area or six (6) feet in height. Such sign shall be located not closer than fifteen (15) feet from any property line.

(ii) In a development with two (2) or more buildings, each building shall be permitted one wall sign each, when not exceeding six (6) square feet in area per sign.

(iii) An office development complex comprised on one or more buildings totaling 16,000 square feet of gross floor area or greater and occupying a developed land parcel of two (2) acres or more shall be permitted to erect one (1) free standing ground sign, after building permits have been approved. The total sign area may be increased beyond eighteen (18) square feet to a maximum of thirty-two (32) square feet at the rate of 3 and one-half (3 1/2) square feet of sign area for each 2,000 square feet of floor area or portion thereof above 16,000 square feet.

(4) All Commercial Districts

(i) Wall Signs. Each commercial development or building shall be permitted a wall sign, except that when more than one business or separately identifiable usage occupies a single parcel of land each such business or usage may have separate wall signs.

The total square footage allowed for a wall sign is determined by multiplying two (2) square feet by the total linear footage of the street frontage of the building or portion of the building being rented, but not to exceed two-hundred (200) square feet. Each street facing side, in the case of a corner lot, may be computed and signed separately. The sign shall not extend above the roofline nor project from the face of the building more than twelve (12) inches.

(ii) Window signs. Temporary window copy, painted or otherwise attached to the window surface shall be

Cont. from pg. 31

limited in area to twenty-five percent (25%) of the total surface of the window to which the sign is attached. (This type of sign does not require a permit.)

- (iii) Canopy signs. Canopy signs shall not exceed eight (8) square feet in size and shall not project further than the structural projection. The minimum clearance shall be ten (10) feet from grade to the bottom of the sign. (This type of sign does not require a permit.)
- (iv) One temporary sign. One temporary sign, non-illuminated advertising newly constructed buildings for rent, lease and/or sale when located on the site of the building intended to be rented, leased, and or sold and not exceeding thirty-two (32) square feet in area, a height of ten (10) feet, nor closer to any property line than ten (10) feet shall be permitted. Such signs may be permitted after issuance of building permits.
- (v) A business complex or shopping center development in any commercial zoning district comprised of two or more separately identifiable businesses or uses occupying the same building or land parcel will be allowed one (1) free standing ground sign, according to the standards of the zoning district in which it is located. An additional fourteen (14) square feet of sign area shall be allowed for each additional and separately identifiable business establishment containing a minimum of nine hundred (900) square feet of gross floor area after building permits have been issued. In the C-2 District, business complex or shopping center development signs may be increased in height, six hundred twenty-five thousandths of a foot (0.625) for each separately identifiable business establishment in the manner determined above. Maximum sign area, setbacks and height shall be according to the following schedule in the instances of a business complex or shopping center development:

Zoning District	Maximum Area	Maximum Height	Minimum Setback From Any Property Line	Minimum Setback From Residential Boundary
C-1	75 sq.ft.	15 ft.	10 ft.	75 ft.
C-2	160 sq.ft.	20 ft.	10 ft.	100 ft.

- (5) Local Business District (C-1)  
One ground sign per commercial development shall be permitted, (for business complexes and shopping centers see h, (4), v), after building permits have been approved as follows: The sign shall not exceed twenty-five (25) square feet in area,

a height of fifteen (15) feet nor be closer than ten (10) feet from any property line.

- (6) Other Business District (C-2, C-3, CS)  
One ground sign per commercial development shall be permitted, (for business complexes and shopping centers, see h, (4), v), after building permits have been approved as follows: The sign shall not exceed fifty (50) square feet in area, a height of fifteen (15) feet nor be closer than ten (10) feet from any property line.
- (7) In all commercial zoning districts (C-1, C-2, C-3, and CS) free standing ground signs for single business commercial developments may be increased in total sign area by forty percent (40%) of the permitted sign area if in the opinion of the Planning Commission the sign materials of construction are composed entirely of natural materials (wood, stone, soft textured brick) or all exterior surfaces are natural materials. The Planning Commission shall give consideration to a request for a larger sign area beyond the permitted maximum at the time of site plan review proceedings for the entire site as set forth by section 4.24 of this ordinance and rules of procedure of the Township. In making its determination the Planning Commission shall consider the architectural compatibility and harmonious relationship between the building being proposed and its identifying sign.
- (8) Industrial Districts (M-1 and M-2)
  - (i) Each building in an industrial district shall be permitted one wall sign. The total square footage allowed for a wall sign is determined by multiplying two (2) square feet by the total linear front footage of the building or portion of the building being rented, but in no case shall the total sign area exceed two hundred (200) square feet. The sign shall not extend above the roofline nor project from the face of the building more than twelve (12) inches.
  - (ii) One ground sign shall be allowed per industrial development building after building permits have been approved. The sign shall not exceed fifty (50) square feet in size nor a height of fifteen (15) feet. An additional twenty-five (25) square feet of sign area will be allowed if the parcel of land fronts a major thoroughfare, state trunkline or freeway with a right-of-way of 204 feet or

Cont. on pg. 33

Cont. from pg. 32

greater. Ground signs shall be setback a minimum of one-half the required building setback from any property line.

(iii) An industrial complex comprised of two or more industrial buildings or an industrial building with more than one tenant located on one parcel of land will be allowed one ground sign fifty (50) square feet in area. An additional twelve (12) square feet of sign area shall be allowed for each additional and separately identifiable industrial establishment containing a minimum of nine-hundred (900) square feet of floor space. In no case however, shall the total sign area exceed ninety-six (96) square feet or a height of sixteen (16) feet. Ground signs shall be setback a minimum of one-half the required building setback from any property line.

(iv) In an industrial park, a subdivision entranceway structure shall be located entirely on private property. It shall not exceed the height of four (4) feet and thirty-two (32) square feet in area and shall be located not closer than setback twenty-five (25) feet from any property line. It shall be constructed of materials that require a minimal amount of maintenance.

(v) Billboards and off-premise signs shall be permitted in the M-2 zoning district and shall not exceed one hundred-sixty (160) square feet in area nor a height of twenty (20) feet. The billboard shall be setback at least the minimum building setback required in the zoning district from any adjacent road right-of-way or road future right-of-way. However, no billboard shall be erected closer than two thousand (2,000) feet from any other billboard. Sign structure shall be of steel and no wood or other combustible material shall be permitted. The sign shall not be illuminated during the hours of 11:00 p.m. and 7:00 a.m. Billboards located adjacent to limited access interstate freeways or major thoroughfares with a right-of-way of two hundred four (204) feet or greater must be setback a minimum of six hundred-sixty (660) feet from any right-of-way line.

(vi) Temporary signs. One temporary non-illuminated sign, shall be permitted, advertising land or buildings for rent, lease and/or sale when located on the site of the building intended to be rented, leased, and/or sold and not exceeding thirty-two (32) square feet in area, and a height of ten (10) feet, nor closer to any property line than twenty-five (25) feet. An additional eighteen (18) square feet of sign area and five

(5) feet of height will be allowed if the parcel of land fronts a major thoroughfare, state trunkline or freeway with a right-of-way of 204 feet or greater.

(8) Agricultural and Open Space Recreation Districts (AG and OR):

(i) Where an approved commercial use is legally operating, each parcel of land shall be permitted one wall sign.

The total allowable square footage for wall signs is determined by multiplying two (2) square feet by the total linear front footage of the building but in no case shall the total sign area exceed two hundred (200) square feet. The sign cannot extend above the roofline nor project from the face of the building more than twelve (12) inches.

(ii) One ground sign per approved commercial use shall be permitted after building permits have been approved. The sign shall not exceed twenty-five (25) square feet in area, height of fifteen (15) feet and be setback a minimum of twenty-five (25) feet from any property line.

(9) Legal Non-Conforming Signs

(i) Notification of Non-Conformity. After the enactment of this amendment, the Chief Building Official shall, as soon as practicable, survey the Township for signs which do not conform to the requirements of this ordinance. Upon determination that a sign is non-conforming, the Chief Building official shall use reasonable efforts to so notify either personally or in writing the user or owner of the property on which the sign is located of the following: (i) the sign's non-conformity, and (ii) whether the sign is eligible for characterization either as legal non-conforming or unlawful. Failing determination of the sign owner, user, or owner of the property on which the sign is located, the notice may be affixed in a conspicuous place to the sign or to the business premises with which the sign is associated.

(ii) Signs Eligible for Characterization as "Legal Non-Conforming." Any sign located within the Township on the date of adoption of this amendment, which does not conform with the provisions of this ordinance, is eligible for characterization as a "legal non-conforming" sign and is permitted, provided it also meets the following requirements:

(a) The sign was covered by a sign permit or

THE COMMUNITY CRIER: April 26, 1978

Cont. from pg. 33

variance on the date of adoption of this amendment if one was required under applicable law; or

- (b) If no sign permit was required under applicable law for the sign in question, the sign was in all respects in compliance with applicable law on the date of adoption of this amendment.

(iii) Loss of Legal Non-Conforming Status. A legal non-conforming sign shall immediately lose its legal non-conforming designation if:

- (a) The sign is structurally altered in any way (except for normal maintenance), which tends to prolong the life of the sign or so as to change the shape, size, type or design of the sign; or

- (b) The sign is relocated (except where a sign relocation is forced by eminent domain exercised by a governmental agency); or

- (c) The sign is replaced; or

- (d) On the happening of any one of (a), (b) or (c) the sign shall be immediately brought into compliance with this amendment with a new permit secured therefor, or shall be removed.

10. Legal Non-Conforming Sign Maintenance and Repair

Nothing in this Section shall relieve the owner or user of a legal non-conforming sign or owner of the property on which the legal non-conforming sign is

located from the provisions of this ordinance regarding safety, maintenance and repair of signs, contained in this ordinance, provided, however, that any repainting, cleaning and other normal maintenance or repair of the

sign or sign structure shall not modify the sign structure or copy in any way which makes it more non-conforming or the sign may lose its legal non-conforming status.

I. Signs Adjacent to Freeway

An individual business establishment located in a C-2 or C-3 zoning district, and not a part of a business complex or shopping center, may erect a ground sign with a greater height and larger area than otherwise permitted, upon review and proper finding by the Board of Zoning Appeals and concurrence by Township Board

of Trustees. The granting of such an exception to the maximum permitted height and area, by the Board of Zoning Appeals shall be based upon a finding that all of the following conditions exist:

- (1) The applicant business establishment can be classified from one or more of the following use groups:

- (i) Eating establishments,

- (ii) Automobile Filling Stations; Automobile Service Stations,

the latter only if operating on a 24 hour basis.

- (iii) Hotels and Motels.

It is the intent of this subsection to permit an exception to business establishments that have a major portion of their marketing orientation to the traveling public who it is presumed are unfamiliar with the services that may be offered within Canton Township adjacent to the I-275 freeway. Therefore the use group list has been limited to those goods and services enumerated above. The applicant shall be required to show that the business is directed primarily to one or more of the above use groups.

- (2) The applicant business establishment shall be located within 1320 feet of Ford Road (M-153) or Michigan Avenue (US 12) and shall also be located not further than 1200 feet from the edge of the pavement of the main travel lanes of the I-275 freeway.
- (3) The exceptions to the height and area maximums being applied for will not result in a sign higher than 32 feet nor larger in area than 230 square feet. The Board of Zoning Appeals may, at it's discretion, grant smaller exceptions to the height and area limitations or none at all if in it's review of the application, said Board finds that sight lines and grade differentials do not justify the granting of an exception.

DEFINITIONS

- (1) **NON-CONFORMING SIGN (LEGAL).** Any advertising structure or sign which was lawfully erected and maintained prior to such time as it came within the purview of this ordinance, and any amendments thereto, and which fails to conform to all applicable regulations and restrictions of this ordinance, or a non-conforming sign for which a special permit has been issued.
- (2) **PROPERTY LINE FRONT.** Shall mean the line separating a piece of property from the street right-of-way or future street right-of-way, usually located one (1) foot away from the sidewalk on the interior side of the property.
- (3) **SIGN.** A name, identification, description, display or illustration which is affixed to, painted, or represented, directly or indirectly upon a building, structure, parcel, or lot and which directs attention to an object, product, place, activity, person, institution, organization, or business. A sign shall include the following types:
  - (i) **GROUND SIGN.** A sign which is supported by one or more poles, uprights, or braces in or upon the ground, which are not part of a building.
  - (ii) **INSTITUTIONAL BULLETIN BOARD.** A sign which displays the name of a religious institution, school, library community center or similar public or quasi-public institution, and the announcement of its services or activities.
  - (iii) **CANOPY SIGN.** A sign attached to a marquee, canopy, or awning projecting from and supported by the building.
  - (iv) **PORTABLE SIGN.** A sign that is freestanding, not permanently anchored or secured to either a building or the ground, such as hinged "sandwich" signs, "A" frame signs, inverted "T" signs, and signs mounted on wheels so as to be capable of being pulled by a motor vehicle.
  - (v) **ROOF SIGN.** A sign attached and any portion of which is erected, constructed and maintained above the roof of a building.
  - (vi) **WALL SIGN.** A sign which is attached directly to or painted on the wall of a building and which extends not more than twelve (12) inches from the wall.
  - (vii) **ABANDONED SIGN.** A sign which no longer correctly directs or exhorts any person, advertises a bona fide business, lessor, owner, product or activity conducted or product available on the premises where such sign is displayed.
  - (viii) **BILLBOARD.** Refers to a non-accessory ground sign erected for the purpose of advertising a product, event, person, or subject not related to the premises on which said sign is located.
