Hearing continues next Monday

Plymouthrock emotions play to packed house

BY PAUL GARGARO

Intensity filled the air at Plymouth Township Hall last night during the hearing to determine the future of the Plymouthrock Saloon's liquor license.

At Police Chief Carl Berry's suggestion, the show-cause hearing revolved around Township Ordinance 84 concerning the application and renewal of liquor licenses.

From the outset, the hearing took on a feeling of confrontation.

During opening remarks, Plymouthrock attorney, Norman Farhat expressed his dissatisfaction with the proceedings. "I've been furnished with no specifics to defend this case," said Farhat.

"I submit that I'm entitled to certain information to prepare a defense." Farhat requested more time to prepare for the hearing, which was granted by the board. The hearing will continue Monday at 7:30 p.m. at the Township Hall, with Farhat calling two or three more witnesses to testify.

John Stewart, prosecutor for the township, countered these charges saying that the thrust of his case was built on information of public record.

Stewart outlined the case with six points including: the sale of alcohol to minors, the legal status both of the major stockholder (Pete Elefterio) and the bar corporation, the location of the saloon in relation to neighbors, cases of public disturbances, and cases of serving intoxicated patrons.

Farhat said questions of the saloon's and the owner's legal status were irrelevant to last night's hearing. "What is there with the legal status that has the basis (of license revocation) under Ordinance 84?"

Stewart offered surprise witnesses at the hearing -- five underage youths who testified that they had been served alcohol at the Plymouthrock within the last month although they had no I.D. They testified that they went to the Plymouthrock at the urging of Stewart.

The hearing concluded with a dramatic testimony of Kathy Paanen and Yvonne Hillier, the two women who were not of legal age who they patronized the Plymouthrock on Dec. 13, 1986. (See today's Opinions on page 9.)

That night ended in a fatal auto

accident which killed an elderly Canton woman. Hillier is now serving a five-to-15 year prison sentence for manslaughter in connection with that death.

The board will be expected to reach a licensing decision based on last night's hearing.

A full house

A capacity crowd at Plymouth Township Hall last night saw emotions run high during a hearing to revoke the Plymouthrock Saloon liquor license. City jail death prompts investigation

BY PAUL GARGARO

A 23-year-old Detroit man died at approximately 8:07 p.m. on Sunday evening at St. Mary's Hospital in Livonia after he collapsed in the Plymouth Police Department's holding cell, according to police.

Matthew Anderson was observed to have stopped breathing while in a holding cell early Sunday evening, police said. When resuscitation attempts failed, Anderson was rushed to St. Mary's Hospital where further attempts to save his life were unsuccessful, said Plymouth Police Chief Richard Myers.

Anderson was delivered into the custody of the Plymouth police at

approximately 5 a.m. Saturday morning, following his arrest and processing by Plymouth Township police for violations of the Controlled Substance Act, said Township police.

According to a Township police report, the "attending personnel (at the city P.D.) were advised of his physical condition and needs."

At the time of his arrest, township officers found a glass pipe, which was thrown from his car window prior to his arrest, and "what appeared to be two rocks of crack cocaine" on the driver's seat, a police report said.

Myers said that Anderson was arraigned early Sunday morning and

was then brought back to the Plymouth police station where he was being held on a \$50,000 bond on a felonious drug warrant.

There were also four other warrants out for Anderson's arrest from Detroit and Lincoln Park, township police said.

The Wayne County Medical Examiner conducted an autopsy Monday morning and revealed that no signs of trauma or violence surrounded Anderson's death, Myers said. Further findings have been classified as "pending" until the results of a toxicological exam are in, said Myers.

SHOOT: Photographers are now allowed in courtrooms throughout the state, including 35th District Court locally. The first photo coverage of the local court is on page 3.

HAUL: Stephen Zdan, of Plymouth, was one of 12 truck drivers in Michigan nominated for the Michigan Trucking Association's "Driver of the Year." See page 12.

HUNT: Hunters in Plymouth-Canton may have less hunting area open to them this season. See page 22.

For dollar drain

City seeks plug

BY PAUL GARGARO

Plymouth City officials intend to stop the flow of money which has been pouring out of cracked water mains and faulty water meters for too long.

Late in 1987, Plymouth city auditors revealed that the city had experienced a 19-per-cent water loss during the 1986-87 fiscal year.

According to City Manager Henry Graper, this translates into approximately \$125,000-\$300,000 loss in water revenues.

In an attempt to ammend the situation, city officials entertained bids from outside companies to test the city's commercial, industrial, and residential water meters and conduct ultrasonic testing on water lines to check for leaks.

At last Monday's meeting of the City Commission, a resolution was passed to accept the bid of Pitometer Associates, a Chicago-based leak

detection and analysis firm.

Pitometer is expected to begin its work this spring.

According to a spokesperson from Pitometer, the job will consist of a two-step process.

Initially, a check and calibration update will be conducted on the residential, commercial and industrial meters in the city. It would also look into billing, unauthorized use and system control.

Graper estimates that there are 3,300 residential meters and about 300 commercial and industrial meters in the city.

Step one is expected to be completed about 2½ months after it is begun. Step two will pinpoint the leaks in the city's water lines.

The work will require the use of two of the city's DPW workers and will cost the city approximately \$44,500.

Straight, Inc. gets accredited

Straight, Inc. of Michigan has been awarded accreditation from the Joint Commission on Accreditation of Hospitals (JCAH).

Straight is a family oriented treatment program for drug using young people ages 12 to their early 20's. Straight has provided intensive out-patient treatment from its facility in Plymouth Township since 1986.

The local outfit is one of seven Straight programs in six states. There are currently 83 families in treatment in Michigan.

"We are proud to be recognized by such a reputable agency," said Straight administrator Ladonna Jordan. "Achiveing accreditation is significant to the credibility of our program and reflects our committment to provide high caliber service to our community and drug using young people."

A JCAH accredited organization has been evaluated by and subscribes to more than 2,000 standards of the Joint Commission. The process is voluntary and usually requested by the organization.

Shooting begins at 35th Dist. Court

BY PAUL GARGARO

A routine breaking and entering case heard in 35th District Court Friday made history, thanks to a recent Michigan State Supreme Court decision.

The Supreme Court decision centered not on the courts' jurisdiction over cases of civil infraction; rather it proclaimed the legality of camera use in Michigan courtrooms. It could be a landmark decision affecting media coverage in courtrooms across the state.

Last Friday's breaking and entering examination involved charges of theft levied by a Canton man against his former roommate, Robert North, Jr.

Crier photographer Chris Farina was present to shoot the proceedings, creating the first photograph-recorded court proceedings in 35th District Court.

Normally, a case like North's would be of little interest, but the recent green light on courtroom photography makes his case a model for future media coverage in Michigan's courtrooms.

Last August, the State Supreme Court approved a pilot program which allowed cameras in Oakland, Ingham, Wexford, Grand Traverse and Marquette counties. As of Feb. 1, the

First for the 35th

Photos such as this one will become more familiar to residents in Plymouth-Canton, as well as across the state, following a recent court ruling allowing photographers to shoot in courtrooms. (Crier photo by Chris Farina)

ruling was extended to cover the courts statewide on a trial basis.

The only court excluded from this ruling is juvenile court.

According to Tom Farrell, public information officer for Michigan's Supreme Court, a 14-member committee has already been appointed to

monitor the progress of the camera-in-courts policy.

"It's restricted," explained Farrell. "They (photographers) must have permission from everyone but the bus driver."

Indeed, the photographers must have the expressed permission of the

Burglary ring busted

BY DAN NESS

Cooperation between several western Wayne County police agencies led to the busting of a large burglary ring in western Wayne County, according to Canton police.

Canton police recovered nearly \$10,000 in weapons and ammunition in a Feb. 10 raid on a Taylor house that has connections to a western Wayne County burglary ring, Canton police said.

Canton police were notified by Livonia police that the three persons involved in the shooting of Livonia police officer last week had connections to a burglary ring that operated throughout western Wayne County, according to Canton Police Detective Charles Raycraft.

"Through this investigation, at this time we know of seven people who are involved in this ring," ranging in age from 16 to 37 years old, Raycraft said. "From our investigation, we learned of three B and Es (breaking and enterings) that they had been involved in within Canton. These people were also involved in stolen cars and holdups."

Warrants for the arrest of the seven suspects would be sought this week, Raycraft said. Until the warrants were served, police did not want to release the names of the suspects, Raycraft said.

Raycraft said one of the suspects was a former Canton resident, and the others had all lived "in the area." Raycraft said as many as 30 cases of burglary and car theft could be closed as a result of the investigation.

Livonia police arrested a man in connection with the police shooting last week. Two cohorts were also arrested in connection with breaking and entering charges. The seven

attorneys, the judge, any witnesses, and the jury before they begin to shoot.

"Prohibition of cameras in the courts goes back to the '30s and the Lindbergh trial, which became a real media circus," Farrell added.

According to Farrell, Michigan becomes the 43rd state to pass such legislation and the 24th state to allow cameras in all courtrooms, with the exception of juvenile court.

Opponents of the Supreme Court's decision argue that the presence of cameras in a courtroom will affect the performance of judges and attorneys.

35th District Judge James Garber, however, dismissed this claim.

"As long as there are sufficient guarantees that it won't be obtrusive, I don't think that we'll have any trouble," said Garber. "Frankly, people will soon discover that what goes on in a courtroom on a daily basis is pretty boring."

Randall Roberts, an Ann Arbor attorney who acted as the defense counsel in last Friday's case, agreed with Garber and said, "I think that the presence of cameras in court will blend into the background. The judge told us what you were doing, and halfway through the case I forgot that you were even there."

suspects in the burglary ring were connected with the three arrested last week, Raycraft said.

"As of now, we believe one or possibly all of those people were known to these people," Raycraft said.

"This thing began to crumble with the shooting of the Livonia police officer."

-Det. Charles Raycraft

The ring is suspected in at least three B and Es and one car theft in Canton, and one B and E in Plymouth Township, Raycraft said. Other suspected ring activities took place in Livonia, Westland, Romulus, Taylor and Adrian, Raycraft said.

"They would steal the cars and use the cars to commit the crime, and then burn them," Raycraft said.

The crimes connected with the ring date back to September, Raycraft said. "This thing began to crumble with the shooting of the Livonia police officer," he said.

Raycraft credited the cooperation of the police agencies and the work of Canton Police Officer Rick Pomorski for leading the investigation in Canton.

"We recovered 10 guns, a large amount of ammunition, tools, and a slot machine," Raycraft said. "What we recovered was just under \$10,000, but I don't think we'll ever know what the total amount was."

Canton police learned that there may have been stolen property in the Taylor house taken from Canton, Raycraft said. Taylor police assisted Canton police on the search of the house, which was not occupied by any of the seven suspects.

CHARTER TOWNSHIP OF CANTON BOARD PROCEEDINGS PROPOSED BOARD MINUTES, FEBRUARY 2, 1988

A regular meeting of the Township Board of the Charter Township of Canton was held at 1150 South Canton Center Road on Tuesday, February 2, 1988.

Motion by Bennett, supported by Kirchgatter, to return to Open Session from the Closed Session held at 6:30 p.m. regarding Pending Litigation. Motion carried unanimously.

Supervisor Poole called the Open Meeting to order at 7:00 p.m., and led the Pledge of Allegiance to the Flag.

ROLL CALL:

Members Present: Bennett, Brown, (Chuhran was present at the Approval of the Agenda through Item 4), Kirchgatter, Padget and Poole

Members Absent: Preniczky (Chuhran left the meeting at 8:02 p.m. and did not vote on Agenda Items 5 through 13).

STAFF PRESENT:

Durack, Gouin, Machnik, Nicholson, Santomauro and Spencer

APPROVAL OF MINUTES OF JANUARY 26, 1988:

Motion by Kirchgatter, supported by Bennett, to approve the Minutes as submitted.

Ayes: Bennett, Brown, Kirchgatter, and Padget

Nays: Poole

Absent: Chuhran and Preniczky

APPROVAL OF MINUTES OF JANUARY 13, 1988:

Motion by Padget, supported by Bennett, to approve the Minutes as submitted.

Ayes: Bennett, Brown and Padget

Nays: Poole

Abstain: Kirchgatter

Absent: Chuhran and Preniczky

APPROVAL OF AGENDA:

Discussion of Plaques and Certificates will be on the Agenda, Tuesday, February 13.

Public Hearing to consider New Class C Liquor License to be located at 6166 Canton Center Road submitted by Kenneth J. Kobmann and Larry Farr was added as Item 13.

(Motion for Agenda Approval was given under the last paragraph of Correspondence.)

CORRESPONDENCE:

Supervisor Poole presented a Household Hazardous Wheel, which outlines all the hazardous items located in a home. Solutions are presented which may save lives. He will be ordering the wheels, which will be sold by the Township.

The Township received the KEEP MICHIGAN BEAUTIFUL Award in November, for the landscaping and tree program in Canton Township. This is the top award that is presented by the Keep Michigan Beautiful Committee.

Last week the Michigan Township Authority (MTA) presented a Michigan Township Excellence Award to Canton Township for the Industrial Corridor at I-275. This is the highest award presented by the MTA. Canton Township is the only community in the State of Michigan with both of these awards.

Motion by Bennett, supported by Brown, to approve the Agenda as amended. Motion carried unanimously.

DEPARTMENT REPORTS:

Treasurer Brown submitted a Treasurer's Department update. The department has operated at the same dollar level three years consecutively. There has not been any changes in the staffing of the Treasurer's Department. The tax season is current and the tax collection is in first-class condition. Yield of the funds is important, but more important is the security and stability of the funds.

Wayne-Westland Community Schools and the Plymouth-Canton Community Schools have requested that the Charter Township of Canton collect the summer property tax levy of one-half of school property taxes.

Treasurer Brown recommended that the Township does not collect the summer taxes. The collection would require substantial reorganization of the department and an increase in the Treasurer's budget.

Treasurer Brown, Township Representative for the Senior Alliance organization, presented a review. Thirty-four communities are involved with thirty-four members on the Board of Directors. Our region involves all of western and southern Wayne County. Grants are supplied from the Federal and State Governments. The purpose of the organization is to enable senior citizens to function independently and to reside in their own homes.

The Township's participation to the Senior Alliance Organization has been \$1,458.00 per year. The Conference of Western Wayne may not be able to afford supporting the Senior's Alliance Group in the future.

Treasurer Brown, Township member on the 35th District Court, reviewed the Court's annual budget. Their Clerks' salaries are completely out of line with the Township Clerks' salaries. The 35th District Court is operating very efficiently, and for the Township the Court is a profit center.

CITIZENS FORUM: No discussion from the Audience.

GENERAL CALENDAR:

Item 1. HISTORIC DISTRICT ORDINANCE PUBLIC HEARING (FIRST READING)

Supervisor Poole opened the Public Hearing.

Commissioner Kirchgatter suggested adding the word, "educational" to the words, "cultural, social, spiritual, economic, political, engineering or architectural history;" on Page 1 under 120.001 - Section 1: (a).

Motion by Bennett, supported by Chuhran, to close the Public Hearing. Motion carried unanimously.

Motion by Padget, supported by Kirchgatter, to amend the Ordinance by including the word, "educational" on Page 1 of 22, Paragraph (a), under Section 1, Purpose, and again on Page 7 of 22, Paragraph (2), under Section IV, Powers and Duties of the Commission. Motion carried unanimously.

Motion by Padget, supported by Bennett, to introduce, publish and table the proposed Historic District Ordinance as amended. Motion carried unanimously.

HISTORIC DISTRICT ORDINANCE 120.000

Charter Township of Canton, Michigan

An Ordinance to provide for the establishment of Historic Sites and Districts; to provide for the acquisition of land and structures for preservation purposes; to provide for preservation of Historic Sites and Districts; to provide for the appointment of an Historic District Commission and the qualifications and duties thereof; to provide for the maintenance of publically owned Sites and Districts; to provide for the designation of Historic Sites and Districts; to provide for the procedure for obtaining certificates of appropriateness and the review thereof; to provide for the procedure for obtaining certificates of economic hardship; to provide for the procedure for Township assisted projects; to provide for the enforcement thereof to provide for the ordinary maintenance exceptions and variances; to provide for the appeal process; to provide for the severability of this Ordinance and preservation of all pending action; to provide for the repeal of all conflicting ordinances; to provide for the effective date thereof.

THE TOWNSHIP OF CANTON ORDAINS:

120.001 SECTION I PURPOSE

Preservation and rehabilitation of historic sites and districts is declared to be a public purpose,

and the Township of Canton may regulate the construction, reconstruction, alteration, repair, relocation and demolition of historic structures within the boundaries of the Township of Canton.

Pursuant to the provisions of Act 169 of the Public Acts of 1970, as amended, being MCL 399.201, et seq., the purposes of this Chapter are to:

(a) Safeguard the heritage of the Charter Township of Canton by preserving areas in the Township which reflect elements of its cultural, social, spiritual, economic, political, educational, engineering or architectural history;

(b) Stabilize and improve property values in such areas;

(c) Foster civic beauty and community pride;

(d) Strengthen the local economy; and

(e) Promote the use of historic sites and districts for the education, pleasure and welfare of the citizens of the Township of Canton, County of Wayne, State of Michigan, and United States of America.

120.002 -- SECTION II: DEFINITIONS

As used in this chapter:

(a) Alteration: means any act or process that changes one or more of the exterior architectural features of a structure, including but not limited to, the erection, construction, reconstruction, or relocation of any structure.

(b) Board: means the Board of Trustees.

(c) Certificate of Appropriateness: means a certificate issued by the Commission authorizing work even though a Certificate of Appropriateness has previously been denied.

(e) Commission: means the Historic District Commission.

(f) Construction: means the act of adding an addition to an existing structure or the erection of a new principal or accessory structure on a lot or property.

(g) Demolition: shall include "demolition by neglect," which shall mean neglect in the maintenance, repair, or security of a site or structure, resulting in any of the following conditions:

(1) The deterioration of exterior walls or other vertical supports; roofs; horizontal members; exterior chimneys; exterior plaster or mortar; or

(2) The ineffective weatherproofing of exterior walls, roofs, and foundations, including broken windows and doors; or

(3) The serious deterioration of any exterior architectural feature or significant landscape feature which in the judgment of the Commission produces a detrimental effect upon the character of the site or district.

(h) Department: means the Department of Community and Economic Development.

(i) Exterior Architectural Features: means the architectural character and general composition of the exterior of a structure, including but not limited to the kind, color, and texture of the building material and the type, design, and character of all windows, doors, light fixtures, signs, and appurtenant elements.

(j) Historic District: means a district designated by the Board for purposes of this chapter. An Historic District may include an area or group of areas, site(s), or structure(s), and need not have contiguous boundaries. An Historic District may include significant landscape features (including trees or other plant life), surface textures, and street furniture located thereon. An Historic District may be either publicly or privately owned.

(k) Historic Site: means a site designated by the Board for the purposes of this chapter. An Historic Site may include an area, or structure, and significant landscape features (including trees or other plant life), surface textures, and street furniture located thereon. An Historic Site may be either publicly or privately owned.

(l) Maintenance: means any repair not defined as work.

(m) Owner: means the person, partnership, corporation, public agency, or other legal entity listed as owner on the records of the County Register of Deeds, including land contract purchasers.

(n) Potential Historic District or Site: means a site or district which has been placed by the Commission on a list of sites and districts which appear to meet the criteria for designation as an Historic Site or District but has not been recommended for designation by the Commission.

(o) Preservation: means the protection, conservation, rehabilitation, renovation or reconstruction of Historic Sites or Districts so as to maintain compatibility with an original style and character.

(p) Proposed Historic District or Site: A site or district which has been recommended for designation as an Historic Site or District by the Commission, but not yet considered by the Board.

(q) Rehabilitation: means the process of returning a property to a state of utility, through repair or alteration, which makes possible an efficient contemporary use while preserving those portions and features of the property which are significant to its historic, architectural and cultural values.

(r) Relocation: means the removal of a structure from its site to another site.

(s) Repair: means any change that is not construction, relocation or alteration.

(t) Structure: means anything constructed or erected, the use of which requires permanent or temporary location on or in the ground including, but without limiting the generality of the foregoing: buildings, fences, walls, gazebos, advertising signs, billboards, backstops, driveways, sidewalks, radio and television antennae, including supporting towers, and swimming pools.

(u) Work: means any demolition, excavation, new construction or erection of a structure or significant landscape feature. Work also includes any removal of an architectural or significant landscape feature, as well as reconstruction, alteration, a change of surface treatment, a change of color by painting or some other means, or any demolition of a structure, a portion thereof, or significant landscape feature.

120.003 -- SECTION III: HISTORIC DISTRICT COMMISSION

(a) CREATION: To execute the purposes of this Chapter, the Canton Historic District Commission is created.

(b) MEMBERSHIP AND TERMS: The Commission consists of seven (7) members who are residents of the Township. The term of office is three (3) years and the terms shall be staggered. Appointments shall be made by the Supervisor subject to the approval of the Board. Of the members first appointed, two shall be appointed for one (1) year, two shall be appointed for two (2) years, and three shall be appointed for three (3) years. A member shall hold office until a successor is appointed. A member may be reappointed. Terms shall expire on March 31st. A vacancy shall be filled for the unexpired term by the Board within ninety (90) days. Members of the Commission serve without compensation, and shall be removable for cause by the Board.

(c) QUALIFICATIONS: All Commission members shall have a demonstrated interest, competence, or knowledge in historic preservation. At least one member shall be a licensed architect. At least one member shall be an historian or architectural historian. To the extent possible, the remaining members shall have experience in the disciplines of architecture, history, architectural history, planning, archeology, urban planning, American studies, American civilization, cultural geography, cultural anthropology, and other historic preservation related disciplines. If there are additional vacancies on the Commission after appointing persons with such experience, appointments shall be made from among persons who have backgrounds in development, law, business, real estate, government, banking, finance, and community organization, or who simply have the demonstrated interest, competence, or knowledge in historic preservation that is required.

(d) RULES:

(1) The Commission shall elect from its membership a Chair, Vice-Chair and Secretary at the first meeting each year. The Chair shall preside over the Commission and have the right to vote. The Vice-Chair shall preside in the absence of the Chair. The Secretary shall keep an accurate

Continued on page 5

Public notices

Continued

record of the proceedings of the Commission.

(2) The Commission shall meet at least quarterly and at the call of the Chair, Secretary or two (2) members of the Commission.

(3) A majority of the Commission shall constitute a quorum for the transaction of its business. The Commission shall adopt rules for the transaction of its business which shall provide for the time and place of holding meetings. All meetings of the Commission shall be public, and any person shall be entitled to appear and be heard on any matter being considered by the Commission.

(4) The Commission shall keep a record, which shall be open to public view, of its resolutions, proceedings, and actions. The concurring affirmative vote of four (4) members shall constitute approval of plans before it for review, or for the adoption of any resolution, motion or other action of the Commission. The Commission shall submit an annual report of its activities to the Board.

(5) No member of the Commission shall vote on any matter that may materially or apparently affect the property, income, or business interest of that member.

(e) STAFF:

The Commission shall be provided with reasonable staff assistance, upon the request of the Commission. The Commission may delegate to the staff such responsibility and authority as it determines will be appropriate to carry out routine activities. The Commission also may utilize the services of volunteer consultants and paid consultants, within the limits of available funding.

(f) BUDGET:

There shall be appropriated in the annual budget a sum of money for historic preservation for or in connection with:

(1) The preparation of surveys.

(2) The preservation of Historic Sites or Districts.

(3) The acquisition by purchase or condemnation of property (s), structure (s), easement (s) or other rights. The Commission shall make recommendations to the Board concerning such acquisitions.

(4) Staff support.

(5) Training for all staff and public officials responsible for the implementation of this Chapter, especially to provide technical knowledge of the principles, practicality and cost of historic preservation.

(6) Programs of assistance to property owners, including but not limited to education, consultation, research assistance and assistance in locating contractors offering unique services required in historic preservation work.

(7) Programs to recognize property owners' historic preservation achievements, including but not limited to the award of certificates or plaques for display by property owners.

(8) Other activities take in accordance with the provisions of this Chapter.

120.004 -- SECTION IV: POWERS AND DUTIES OF THE COMMISSION

The Commission shall have the following powers and duties:

(1) To adopt its own procedural regulations.

(2) To conduct an ongoing survey (using the Michigan Historical Site Survey forms as a guide) to identify properties, structures, and areas that exemplify the cultural, social, spiritual, economic, political, educational, engineering or architectural history of the nation, state, county or township.

(3) To maintain a current listing of potential Historic Sites and Districts and a brief statement of significance for each. The listing shall be made available to the Department for consideration relative to the Master Plan.

(4) To investigate and recommend to the Board the adoption of ordinances designating areas as "Historic".

(5) To keep a register of all designated Historic Sites and Districts, including all information required for each designation.

(6) To determine an appropriate system of markers, and to confer recognition upon the owners of Historic Sites or Districts by means of certificates, plaques, or markers.

(7) To nominate Historic Sites and Districts to the State and National Register of Historic Places, and to review and comment on any nominations submitted to the Commission.

(8) To advise and assist owners of property on physical and financial aspects of preservation.

(9) To inform and educate the citizens of Canton concerning the historic and architectural heritage of the Township by publishing appropriate maps, newsletters, brochures, and pamphlets, and by holding programs and seminars.

(10) To review applications for work affecting proposed or designated Historic Sites or Districts and issue or deny Certificates of Appropriateness.

(11) To consider applications for Certificates of Economic Hardship that would allow the performance of work for which a Certificate of Appropriateness has been denied.

(12) To develop specific guidelines for work within Historic Sites and Districts, including documentation requirements.

(13) To review proposed zoning amendments, applications for special use permits, or applications for zoning variances that affect proposed or designated Historic Sites or Districts. The Director of the Department shall send applications for special use or zoning variations to the Commission and Planning Commission for comment prior to the date of the hearing by the Zoning Board of Appeals.

(14) To administer on behalf of the township any property or full or partial interest in real property, including easements, that the township may have or accept as a gift or otherwise, upon authorization and approval by the Board.

(15) To accept and administer on behalf of the township such gifts, grants, and money as may be appropriate for the purposes of this chapter. Such funds may be administered in accordance with the Charter of the Township, but a separate accounting shall be made of them and a copy of such accounting given to the Commission at least quarterly.

(16) To call upon available staff members as well as other experts for technical advice.

(17) To testify before all boards and commissions on any matter affecting historically and architecturally significant property, structures, and areas.

(18) To investigate and recommend incentive programs to encourage historic preservation.

(19) To review all Township licensed or funded physical development projects affecting designated or proposed Historic Sites or Districts, or which may have demonstrable effects on designated or proposed Historic Sites or Districts.

(20) To oversee periodic inspections of all designated Historic Sites and Districts for violations of this Chapter, and to request that the Building Department require the correction of the violations.

(21) To develop a preservation component in the Master Plan of the Township of Canton and to recommend it to the Planning Commission and to the Board.

(22) To periodically review the Zoning Ordinance and to recommend to the Planning Commission and the Board any amendments appropriate for the protection and continued use of Historic Sites and Districts.

(23) To undertake any other action or activity necessary or appropriate to the implementation of its powers duties or to implementation of the purpose of this chapter.

120.005 -- SECTION V: PROCEDURE FOR DESIGNATION OF HISTORIC SITES AND DISTRICTS

(a) NOMINATION:

(1) Nominations shall be made to the Commission on a form prepared by it and may be submitted by a member of the Commission, the owner, or any other person or organization. A copy

of the completed form shall also be filed with the Department.

(2) Nominations for individual sites must have the written consent of the owner. Nominations for a Historic District must have consent of at least one of the owners within the district, but the district shall not be designated if 51% or more of the owners within the district object in writing to designation. Consent shall be indicated by signature on the nomination form.

(b) CRITERIA FOR CONSIDERATION OF NOMINATION

The Commission shall, upon such investigation as it deems necessary, make a determination as to whether a nominated property, structures or area meets one or more of the following criteria:

(1) Its character, interest, or value as part of the development, heritage, or cultural characteristics of the community, county, state, or country.

(2) Its location as a site of a significant local, county, state, or national event.

(3) Its identification with a person or persons who significantly contributed to the development of the community, county, state, or country.

(4) Its embodiment of distinguishing characteristics of an architectural style valuable for the study of a period, type, method of construction, or use of indigenous materials.

(5) Its identification as the work of a master builder, designer, architect, or landscape architect whose individual work has influenced the development of the community, county, state, or country.

(6) Its embodiment of architectural features (detailing, materials, or craftsmanship) that render it architecturally or structurally significant or innovative.

(7) Its unique location or singular physical characteristics that make it an established or familiar visual feature.

(8) Its character as a particularly fine or unique example of a utilitarian structure, including, but not limited to commercial structures, with a high level of integrity or architectural significance.

(9) Its suitability for preservation or restoration.

Any structure, property, or area that meets one or more of the above criteria shall also have sufficient integrity of location, design, materials, and workmanship to make it worthy of preservation or rehabilitation.

(c) REPORT AND RECOMMENDATION OF COMMISSION:

The Commission shall within forty-three (43) days from receipt of a completed nomination in proper form adopt by resolution a recommendation that the nominated property, structure or area does or does not meet the criteria for designation. The recommendation shall be accompanied by a report to the Planning Commission and Board containing the following information:

(1) Explanation of the significance or lack of significance of the nominated Historic Site or District as it relates to the criteria for designation.

(2) Explanation of the integrity or lack of integrity of the nominated Historic Site or District.

(3) The significant exterior architectural features of the structures within the nominated Historic Site or District that should be protected.

(4) The relationship of the nominated Historic Site or District to the ongoing effort of the Commission to identify and nominate all potential areas and structures that meet the criteria for designation.

(5) A map showing the location and the boundaries of the nominated Historic Site or District.

(6) Documentation showing ownership and consent of present owner.

(d) REVIEW AND REPORT OF DEPARTMENT

The Department shall within twenty-two (22) days from receipt of the Commission's Report and Recommendation, prepare a report as to the effect of designation. In its review, the Department shall consider such matters as the relationship between the establishment of the proposed Historic Site or District and the Master Plan; the effects on adjacent properties; the practical budgetary effects on Township resources; and the legal implications for the owners, residents, and the Township.

(e) NOTIFICATION OF NOMINATION HEARING

The Board shall schedule a public hearing on the nomination to be held within twenty-nine (29) days following receipt of the reports and recommendations from the Commission and Department. Notice of the date, time, place, and purpose of the public hearing and a copy of the completed nomination form shall be sent by regular mail to the owner (s) and to the nominators, as well as to property owners within three hundred (300) feet of the premises in question, as well as the occupants or building managers within (300) feet of the premises. The public hearing shall be held no sooner than seven (7), nor more than twenty-one (21) calendar days from the time the notice is mailed. Notice shall state the street address and legal description or boundaries of a nominated Historic Site or District.

(f) PUBLIC HEARING:

Oral or written testimony concerning the significance of the nominated Historic Site or District shall be taken at the public hearing from any person concerning the nomination. The Commission and Department may present expert testimony or present its own evidence regarding the compliance of the nominated Historic Site or District with the criteria for consideration of a nomination. The owner of any nominated Site or District or of any property within a nominated District shall be allowed reasonable opportunity to present all relevant evidence and shall be afforded the right of representation by counsel and a reasonable opportunity to cross-examine all witnesses. The hearing shall be closed upon completion of the testimony.

(g) ACTION BY BOARD:

Within twenty-nine (29) days following the close of the public hearing, the Board shall either reject the recommendation by resolution or designate the Historic Site or District by an ordinance.

The Clerk shall provide written notification of the action of the Board by regular mail to the nominator, and the owner(s) of the nominated Site or District or of all property within a nominated Historic Site or District. The notice shall include a copy of the designation ordinance or resolution passed by the Board and shall be sent within eight (8) days of the Board action. A copy of each designation ordinance shall be sent to the Commission, the Building Department, and the Department.

(i) THE DESIGNATION ORDINANCE:

Upon designation, the Historic Site or District shall be classified as a "District H-Historic." The official zoning map of the township shall be amended to show the location of the district.

(j) AMENDMENT AND RESCISSION OF DESIGNATION:

Designation may be amended or rescinded upon petition to the Commission and compliance with the same procedure and according to the same criteria for designation.

120.006 SECTION VI: CERTIFICATES OF APPROPRIATENESS

(a) REQUIREMENT:

A Certificate of Appropriateness shall be required before any work is commenced within a proposed or designated Historic Site or District. Applicants may be required to submit plans, drawings, elevations, specifications, and other information as may be necessary to make decisions.

(b) APPLICATION:

Every application for a Certificate of Appropriateness, including the accompanying plans and specifications, affecting the exterior architectural features of a designated Historic Site or District shall be forwarded by the Building Department to the Commission within eight (8) days following receipt of the application by the Building Department. The Building Department shall not issue a permit until a Certificate of Appropriateness has been issued by the Commission. Any applicant may request a meeting with the Commission before the application is sent by the Building Department to the Commission or during the review of the application. Application for review of work not requiring a building permit for which a Certificate of Appropriateness is required shall be made on a form prepared by the Commission.

(c) REVIEW:

The Commission shall consider the completed application at its next regular meeting, unless the applicant agrees to a later date. The Commission may establish a subcommittee of five of its members to review routine applications for a Certificate of Appropriateness when delay to the next regular meeting would create an unnecessary inconvenience to the applicant. A Certificate of Appropriateness may be issued prior to the next regular meeting upon the signatures of four of the members of the subcommittee. The Commission may confer with the applicant, the Building Department and staff of the Department.

Continued on page 6

Public notices

Continued

(d) DETERMINATION:

The Commission shall review the application for a Certificate of Appropriateness and issue or deny the Certificate of Appropriateness within forty-three (43) days of receipt of the application. Written notice of the approval or denial of the application for a Certificate of Appropriateness shall be provided the applicant and the Building Department within eight (8) days following the determination and shall be accompanied by a Certificate of Appropriateness in the case of an approval. The Commission shall determine:

- (1) Whether the proposed work will be appropriate for the Historic Site or District, in which case the Commission will issue a Certificate of Appropriateness.
- (2) Whether the proposed work will be inappropriate for the Historic Site or District, but is without substantial detriment to the public welfare and without substantial derogation from the intents and purposes of this Chapter, and where denial of the application will result in undue financial hardship to the applicant, in which case the Commission may, in lieu of a Certificate of Appropriateness, issue a Notice to Proceed.
- (3) Whether the proposed work will be inappropriate for the Historic Site or District, in which case the Commission will issue a denial.

(e) DENIAL:

A denial of a Certificate of Appropriateness shall be accompanied by a statement of the reasons for the denial. The Commission shall make recommendation to the applicant concerning changes, if any, in the proposed work that would cause the Commission to reconsider its denial and shall confer with the applicant and attempt to resolve as quickly as possible the differences between the applicant and the Commission. The applicant may resubmit an amended application or reapply for a permit that takes into consideration the recommendations of the Commission.

(f) STANDARDS FOR REVIEW:

In considering an application for Certificate of Appropriateness, the Commission shall be guided by the Standards for Rehabilitation prepared by the United States Secretary of the Interior, which are as follows:

- (1) Every reasonable effort shall be made to provide a compatible use for a property that requires minimal alteration of the structure and its environment, or to use a property for its originally intended purpose.
- (2) The distinguishing original qualities or character of a structure and its environment shall not be destroyed. The removal or alteration of any historic material or distinctive architectural feature should be avoided when possible.
- (3) All structures and sites shall be recognized as products of their own time. Alterations that have no historical basis and that seek to create an earlier appearance shall be discouraged.
- (4) Changes that may have taken place in the course of time are evidence of the history and development of a building, structure, or site and its environment. These changes may have acquired significance in their own right, and this significance shall be recognized and respected.
- (5) Distinctive stylistic features or examples of skilled craftsmanship that characterize a structure or site shall be treated with sensitivity.
- (6) Deteriorated architectural features shall be repaired rather than replaced, wherever possible. In the event replacement is necessary, the new material should match the material being replaced in composition, design, color, texture, and other visual qualities. Repair or replacement of missing architectural features should be based on accurate duplication of features, substantiated by historic, physical, or pictorial evidence, rather than on conjectural designs or the availability of different architectural elements from other buildings or structures.
- (7) The surface cleaning of structures shall be undertaken with the gentlest means possible. Sandblasting and other cleaning methods that will damage the historic building materials shall not be undertaken.
- (8) Every reasonable effort shall be made to protect and preserve archaeological resources affected by, or adjacent to, any project.
- (9) Contemporary design for alterations and additions to existing properties shall not be discouraged when such alterations and additions do not destroy significant historical, architectural, or cultural material, and such design is compatible with the size, scale, color, material, and character of the property, neighborhood, or environment.
- (10) Wherever possible, new additions or alterations to structures shall be done in such a manner that if such additions or alterations were to be removed in the future, the essential form and integrity of the structure would be unimpaired.

(g) EMERGENCY APPROVAL:

If it is determined by the Building Official that work is immediately necessary for the protection of public health and safety, the Building Official may issue a building permit for the necessary work and then immediately notify the Commission of that action.

(h) REQUIRED APPROVAL:

Pursuant to Michigan Public Act No. 169 of 1970, as amended, an application for repair or alteration affecting the exterior appearance of an historic structure, or for its relocation or demolition, shall be approved by the Commission if any of the following conditions prevail and if, in the opinion of the Commission, the proposed change will materially improve or correct these conditions:

- (1) The structure constitutes a hazard to the safety of the public or the occupants.
- (2) The structure is a deterrent to a major improvement program which will be of substantial benefit to the community. Substantial benefit shall be found only if the improvement program includes adequate funding commitments and is otherwise feasible.
- (3) Retention of the structure would cause undue financial hardship to the owner. Undue financial hardship shall be found only if the owner has made all reasonable efforts to avoid financial hardship, including sale of the structure, for a period of one (1) year minimum.
- (4) Retention of the structure would not be in the interest of the majority of the community.

(i) FAILURE OF COMMISSION TO ACT:

The failure of the Commission to approve or disapprove of work plans within forty three (43) days from the receipt of a completed application for the building permit, unless otherwise mutually agreed upon by the applicant and the Commission, shall be deemed to constitute approval and the Building Department shall proceed to process the application without a Certificate of Appropriateness from the Commission.

(j) INSPECTION OF WORK:

After the Certificate of Appropriateness has been issued to the applicant the Building Official or a representative shall inspect the work approved by such Certificate, in accordance with the procedures established by the Building Department.

(k) DEMOLITION OR RELOCATION OF HISTORIC STRUCTURES:

The demolition or relocation of structures designated as Historic shall be discouraged. The Commission shall not issue a Certificate of Approval for demolition except when deemed a hazard to public health or safety by a responsible public agency, but may issue such a Certificate for relocating such a structure. When a building is relocated, every effort shall be made to reestablish its historic orientation and general environment.

(l) NOTICE TO HISTORICAL SOCIETY

If the Commission approves plans for demolition, it shall notify the Canton Historical Society so that body may consult with the owner about obtaining anything of historic significance from the property.

120.007 SECTION VII: CERTIFICATE OF ECONOMIC HARDSHIP

(a) APPLICATIONS:

Application for a Certificate of Economic Hardship shall be made by the owner on a form prepared by the Commission. The Commission shall schedule a public hearing concerning the application and provide notice in the same manner as in Section V (e) of this Chapter, and any person may testify at the hearing concerning economic hardship in the same manner as provided by Section V (f) of this ordinance

(b) FACTORS:

The Commission may solicit expert testimony or require that the applicant for a Certificate of Economic Hardship make submissions concerning any or all of the following information before it makes a determination on the application:

- (1) Estimate of the cost of the proposed construction, alteration, demolition, or relocation and an estimate of any additional cost that would be incurred to comply with the recommendations of the Commission for changes necessary for the issuance of a Certificate of Appropriateness.
- (2) A report from a licensed engineer or architect with experience in rehabilitation as to the structural soundness of any structures on the property and their suitability for rehabilitation.
- (3) Estimated market value of the property in its current condition; after completion of the proposed construction, alteration, demolition, or relocation; after any changes recommended by the Commission; and, in the case of a proposed demolition, after renovation of the existing property for continued use.
- (4) In the case of a proposed demolition, an estimate from an architect, developer, real estate consultant, appraiser, or other real estate professional experienced in rehabilitation, as to the economic feasibility of rehabilitation or reuse of the existing structure on the property.
- (5) Amount paid for the property, the date of purchase, and the party from whom purchased, including a description of the relationship, if any, between the owner of record or applicant and the person from whom the property was purchased, and any terms of financing between the seller and buyer.
- (6) If the property is income-producing, the annual gross income from the property from the previous two years, itemized operating and maintenance expenses for the previous two years; and depreciation deduction and annual cash flow before and after debt service, if any, during the same period.
- (7) Remaining balance on any mortgage or other financing secured by the property and annual debt service, if any, for the previous two years.
- (8) All appraisals obtained within the previous two years by the owner or applicant in connection with the purchase, financing, or ownership of the property.
- (9) Any listing of the property for sale or rent, price asked and offers received, if any, within the previous two years.
- (10) Assessed value of the property according to the two most recent assessments.
- (11) Real estate taxes for the previous two years.
- (12) Form of ownership or operation of the property, whether sole proprietorship, for-profit, or non-for-profit corporation, limited partnership, joint venture, or other.
- (13) Any other information, including the income tax bracket of the owner, applicant, or principal investors in the property, considered necessary by the Commission to a determination as to whether the property does yield or may yield a reasonable return to the owners.

(c) DETERMINATION:

The Commission shall review all the evidence and information required of an applicant for a Certificate of Economic Hardship and make a determination within forty-three (43) days of receipt of the application whether the denial of a Certificate of Appropriateness has deprived, or will deprive, the owner of the property of reasonable use of, or economic return on, the property. Written notice of the determination shall be provided in the same manner as required by Section V (g) of the Chapter.

120.008 SECTION VIII: TOWNSHIP-ASSISTED PROJECTS

(a) NOTICE TO COMMISSION:

The head of any Township agency having direct or indirect jurisdiction over a proposed Township or Township-assisted physical development project and the head of any Township agency or authority or corporation established by the Township having power to finance, authorize or contract for any physical development project shall, prior to authorization or approval, take into account the effect of the proposed project on any designated or proposed Historic Site or District. If the proposed project is within or immediately adjacent to a designated or proposed Historic Site or District, the responsible agency or authority or corporation shall so advise the Commission for information on the proposed project.

(b) COMMISSION REVIEW AND REPORT:

The Commission shall determine the demonstrable effects of the proposed project and report same to the Board within sixty-four (64) days of being advised of the proposed project by the responsible agency, authority or corporation. Nothing in this section shall be construed to require a delay or interruption in project activities pending completion of the Commission's review and report. However, nothing in this section shall be construed to diminish the rights and powers held by the Board with respect to such project activities.

(c) STANDARD OF REVIEW:

A Township financed, licensed, permitted, authorized or contracted physical development project shall be considered to have a demonstrable effect on a designated or proposed Historic Site or District when any condition of the project creates a change, beneficial or adverse, in the quality of the historic, architectural, archaeological, social, or cultural character that qualified the property for designation as an Historic Site or District or may qualify the property for designation as an Historic Site or District. Generally, adverse effects occur under conditions which include:

- (1) Destruction or alteration of all or part of a property.
- (2) Isolation from or alteration of its surrounding environment.
- (3) Introduction of visual, audible, or atmospheric elements that are out of character with the property and its setting.
- (4) Transfer or sale of a Township-owned property without adequate conditions or restrictions regarding preservation, maintenance, or use.
- (5) Neglect of property resulting in its deterioration or destruction.

120.009 SECTION IX: ENFORCEMENT

(a) COMMISSION PETITION:

If it is determined by the Commission that a structure in an Historic Site or District is being demolished by neglect, the Commission, on its own initiative, and to insure that the structure(s) shall be preserved and protected in consonance with the purposes of this Chapter, may file a petition with the Department requesting that the Building Official require the correction of defects or necessary repairs of the structure (s). After notice to the property owner (s) and an opportunity for a hearing before a disinterested hearing officer, the Building Official may cause the necessary corrections or repairs to be made. The cost, if not paid promptly by the property owner (s), to be reported to the Board of Assessors for levy as a special assessment against the property.

(b) COMPLAINT:

In addition to other enforcement rights created by this Chapter, the requirements of an Historic Site or District may be enforced upon the complaint of any property owner or association of property owners within the district.

(c) PENALTY:

Any person, corporation, partnership or any other legal entity who shall violate or fail to comply with any of the provisions of this Ordinance or any of the regulations adopted in pursuance thereof, shall be guilty of a misdemeanor and upon conviction thereof may be fined not more than Five Hundred (\$500.00) Dollars or imprisoned not more than ninety (90) days, or both, in the discretion of the Court.

(d) ACTIONS:

The Commission may request any appropriate action or proceeding to enjoin, correct, or abate any violation of this Chapter.

120.010 SECTION X: FEES

The Commission may establish an appropriate system of processing fees for the review of nominations, Certificates of Appropriateness, and Certificates of Economic Hardship.

120.011 SECTION XI: ORDINARY MAINTENANCE

Nothing in this Chapter shall be construed to prevent ordinary maintenance or sale of any

THANK YOU

Today, AIDS education is necessary in schools

Life is a balancing act -- we live on the edge of a void, swinging between the well informed and the hopelessly ignorant.

A public school education should be one which keeps students from falling into the void of ignorancy. It is especially important to keep students as up-to-date as possible -- they should know about this country's nuclear triad, the deficit, and the disease AIDS.

Teaching AIDS at the elementary school level may be a scary proposition, but it is one that must be done so that students have a fair chance to survive the facts of life which fill this late period of the 20th Century.

After all, let's face it, as one grows one en-

counters the many variables we call life. There are new and exciting ideas as well as horrifying possibilities.

The Plymouth-Canton Community Schools would do well to inform its students not only about the good, but also about the bad, and even the ugly.

Yes, AIDS is ugly. Yes, it's misunderstood. Yes, it's a sign of the times, and we all live under that sign, from students to seniors.

Adding AIDS instruction to the elementary curriculum in the district makes sense, especially if you are one who believes in outfitting today's student in the kind of armor (knowledge) needed to battle uncertainty and ignorance.

THE COMMUNITY CRIER

Will Dan Ness' last day at Crier be as memorable as his 1st one?

They say first impressions last a lifetime, and at least in the case of my first visit to Plymouth-Canton, I pray that they are right.

It was a sunny day in June, not a cloud in the sky, and a band was playing in the town park when I first saw Plymouth. People were walking through this park, enjoying their community, and a sign promised dancing in the streets later that night.

If the chamber of commerce could have picked a day for a newcomer to see Plymouth for the first time, this one was right up there. But enough of the nice stuff. I've got another first impression of this town that comes to mind much sooner than the placid scenario I've just described. And all it takes to trigger that memory is a Phil Collins' song on the radio....

It was later in the day of my first visit to this community when my girlfriend was to pick me up to go to a Phil Collins' concert at Pine Knob. I'm not a Phil Collins fan, but she is, and that's another story anyhow.

She was driving from Utica, where she lived, to pick me up in Plymouth after I was through interviewing with a newspaper with its heart in The Plymouth-Canton Community. It would be more than an hour's drive, fatefully timed through suburban rush hour, from there to here before we could even begin the trek north for the show.

We never made the show. More accurately, I never made the show. She did make it to Pine Knob, a fact I pointed out several times, but not in a manner anyone who hasn't committed war crimes should ever have to endure.

To the point

By Dan Ness

To make a painful story short, I was still interviewing at the Miles Standish Room when she finally got off the Highway of Hell, as she described rush hour that afternoon. I think it may have taken her an hour and a half.

She went to The Crier, where she was met by a Welsh woman who didn't know who the heck Dan Ness was, let alone where he was at that particular moment. She waited, and I interviewed a block away.

It was back to the Highway of Hell for her, without her potential-ex-boyfriend in tow, and it was not a good ride. She was already late for the concert when she encountered an intimidating line of traffic on I-75 leading to Pine Knob.

Once inside the concert grounds, she got stuck in a huge mud slick which was created the night before in the grass parking area. She had to call a tow truck, and was out \$20 before even getting to her seat. She later told me it would have cost more for the tow truck had she not been sobbing uncontrollably.

She got into the show and saw Phil Collins sing the last three songs of the concert. Her friends, who had been waiting for us, were obviously im-

pressed with her boyfriend from out West.

She did not have, as they say, a "good time," from my understanding, and after I spoke with her on the phone that night, I had an excellent understanding of just how much of a good time she did not have.

It was a situation that required a good laugh, but one was not to be found. I could be heard vowing, in my youthful haste, that I would never look back on this experience and laugh, or if I did, not within earshot of my girlfriend.

But, as is often the case, time and maturity laughed at my young oaths, and soon we would both look back and laugh ourselves. Hell, we even got married, just to show that there were no hard feelings.

I still change the station when I hear Phil Collins on the radio. But first, I think of my first day in Plymouth; the clear blue skies, the band playing in the park, the families spending time together in the town center, my then-girlfriend contemplating a murder-for-hire scheme....

And I smile. And hope that they're right about first impressions lasting a lifetime.

Community opinions

With malice toward none

Yvonne's brave day

She broke down crying many times.

But then, facing a hearing later last night, into the liquor license revocation for the Plymouthrock Saloon where she'd been drinking before the fatal accident, it wasn't going to be easy for Yvonne Hillier.

She knew that when she left the Florence Crane Women's Facility yesterday morning with Plymouth Township Police Chief Carl Berry she was in for a rough day.

During her prison stay -- five-to-15 years was her sentence -- Yvonne thinks a lot about the incident and the turn of events that put her on the inside.

From her days as a 20-year-old Johnson Stamping employe producing transmission parts for Ford cars and a National Guard reservist, Yvonne who turned 21 on Dec. 19 ("my last birthday wasn't too happy") now spends her days in prison blues working on the institution's food line.

"I just don't want to see anyone else's life screwed up like mine is," she said before her testimony last night.

"I learned a lesson -- actually quite a few. Take responsibility for myself; I can't think everything's going to turn out some rosy garden -- I'll be a little more cynical.

"Get high on life and its experiences," said Yvonne. "All alcohol will do is get you high and then you hit bottom."

To that end, she'd like to make a public service commercial: "Kids, you don't need (alcohol), trust me. I wish I had a picture of me in my prison blues -- I think it would get the point across a little better."

But even though yesterday was a tough day for Yvonne, things could be worse.

She's hopeful her appeal of the sentence will cut her prison days short. "Then I'll try to get to know my family again," Yvonne said.

Taking college classes in psychology and English now, she hopes to get into college and back into the Guard ("if they'll take me now").

Several times in recounting the impact that Dec. 13, 1986 accident had on her life, Yvonne turned to her mother, Marcia Middlebrook, to dry tears and compose herself. On the other side sat Yvonne's boyfriend-fiance -- they wore aluminum foil "engagement" rings -- of seven years, Chris Turnbull. Yvonne's sister offered support too.

Maybe Yvonne will be luckier than some.

For her -- a living victim of a fatal accident -- life may recover. Yvonne Hillier may find a positive side of it all.

She's determined to see that other young adults don't make her mistake.

Seniors read Crier

EDITOR:

On behalf of the Canton Senior Citizens, I would like to thank The Community Crier for the bundle of newspapers being made available to many Canton seniors, by your delivering them to the Canton Recreation Center.

We have many seniors whom for some reason or another, are unable to receive home delivery of The Crier,

and are very grateful for the chance to pick-up a copy of The Crier here. I feel very strongly on the importance of local news being made available to the residents, bringing them timely information on events going on in the community.

Once again, thank you very much, the extra effort by all of your employees involved is greatly appreciated.
DIANNE M. NEIHENGEN
COORDINATOR

What are real criteria?

EDITOR:

I have just now read your column concerning the CEP National Honor Society. I, too, applied to the NHS and was rejected. Unlike the student you describe, I don't consider myself quiet in school; on the contrary, I am always ready to offer my opinion in class.

Up until this most recent semester, I have carried a 4.0 since my freshman year. This semester I had a 4.166 (due to an AP class). I am on the swim team and I am also in a CEP choir. In addition, I am the treasurer of the Plymouth-Canton Junior Civitan Club.

I don't understand why I wasn't admitted to the society, and I deeply sympathize with the student you wrote about. I guess I just don't meet the criteria, but this makes me wonder what the real criteria are.

I would be grateful if you could possibly look into the matter further. I'm sure there are others out there who are in the same situation I am.

SARAH ANDREWS
SALEM JUNIOR

Thanks for quiet souls

EDITOR:

I want to respond to the recent article written by Ken Voyles ("Does CEP NHS Tap 'Quiet' Students?")

The National Honor Society, Plymouth Chapter, was established 32 years ago when I was a junior at Plymouth High School. I was elected the charter president by my fellow students. Two years ago I was very proud to see my son become a member. I support the activities and principles of the organization.

I am very much acquainted with the young man who is the subject of Mr. Voyles' article. Over the past two years he has devoted a great deal of sincere, competent, and reliable effort to the operation of the Canton Guidance Office. We can always count on him to get the job done efficiently.

When I first heard that he was rejected for membership to NHS, I was sad for him because he was looking forward to this honor, and I couldn't understand the reasoning behind the rejection. Now that I see the background information in the newspaper, I am far more incensed than sad.

Whoever told him that his reticence or lack of aggressive verbal expression was a negative factor does not belong in education, let alone serving on a screening committee for the National Honor Society. I find this type of comment to be insensitive, irresponsible, and irrelevant.

My main purpose in writing this letter is to express my support for the young man in question. He is a high quality person who will be a success in life because of his superior qualities. I don't want him to be dissuaded from his goals because of an insipid comment.

Another goal is to call into question the selection process employed by NHS. I mean nothing negative toward

Scott Beaman, who is another high quality person. Scott is in somewhat of a bind because of national guidelines. I know him well enough to believe that he takes no relish in being negative toward our students.

However, I propose that the high school administration take a very close look at the selection criteria for NHS and the people implementing these criteria. I also propose that a direct appeal process be established to include administration and Board of Education members.

Thanks be to the quiet souls among us who do their work effectively, who want no great fanfare for their accomplishments, but who do not expect injustice for their efforts. From what I can recall, Albert Einstein was no wild, swinging extrovert.

FREDRICK J. LIBBING,
CANTON HIGH SCHOOL

Tough break!

EDITOR:

Paul Gargaro's column of issue 2-10-88 was very interesting. Apparently the residents of the Ridgewood Subdivision are upset because they have an illuminated billboard located near their property. Tough break!

How would you like a Meijer Thrifty Acres Store adjacent to your subdivision? That's what the residents of Lake Pointe are getting thanks to The Plymouth Township Board of Trustees.

They rezoned the area from industrial to commercial just to allow Meijers to build. I would have preferred industrial for many reasons.

Anything would be better than the glowing orange sky of a Meijer's parking lot which is visible for miles.

Community opinions

Is Wendover's Ice Fest thaw just jealousy?

EDITOR:

To W. Edward Wendover:

Recently, I read your editorial in The Crier of Jan. 27 entitled "Lorenz' Arrogance Heats Ice Fest." Prior to responding, I have allowed myself a weekend to cool off before writing this letter.

As someone involved in the real estate development field in the Plymouth area for the past 20 years, I am keenly aware of the factors that make Plymouth an ever-increasingly desirable place to live, work and play. High at the top of that list are the festival-type activities and events that take place in this immediate area. And we all know that these activities do not happen of themselves. Some person or entity must take the responsibility upon themselves.

When a new large developer comes to town, I usually make an effort to take that person to the Mayflower Hotel to meet a Lorenz or two ... including Scott. I have often said to these developers that it is the activities of Ralph Lorenz and his family that have helped make the Plymouth area the type of community in which your respective home buyers will want to live.

For many years, it has been my opinion that the Lorenz' efforts to help

Fest is good

EDITOR:

Hey, you guys! I protest. The Ice Festival accomplishes a lot more than the sale of scrod dinners! Lots of good things happen as a side effect of that activity.

I'm sure 500,000 people would not have come to Plymouth to view the Art Council's first annual Fine Arts Competition for Michigan Artists. (As wonderful as it was, we wouldn't have drawn those kinds of crowds!) Growth Works would not have received a new coat of paint and furnace for their gym (courtesy of PCAC and Olson Heating, respectively), numerous retailers would not have increased January sales, nor scrod-selling restaurants would not have worked at full capacity providing increased tips for waitpersons as well as revenue for owners, civic groups such as Band Boosters and Symphony League would not have raised money for their good works, people would not have been aware of a print they might return to buy at Frameworks, if they hadn't come to the Ice Festival. Even real estate sales might not increase if people attending the Ice Festival hadn't seen what a lovely place Plymouth is.

The continuing ripples from a 10 day exposure in the metropolitan press can't be overestimated either.

Besides, I like the ice sculptures! They're fun and help provide Plymouth with the reputation as a family-oriented community that is a nice place to shop, work and live.

JANET CAMPBELL

"Plymouth be Plymouth" has not be primarily a selfish, personal estate-building drive of the Lorenz family. They truly love Plymouth, what it has been, what it is now, and will yet be.

In other articles in the same issue, you further take the opportunity to stress that such events, particularly the Ice Festival, worked adversely on certain downtown businesses. I am a

Our town can be proud of festivals, scrods, hotel

EDITOR:

Yes, the people of Plymouth benefit every time Scott Lorenz comes up with one of his wild ideas. I remember when Scott came up with the Ice Festival idea. "Picture this, the streets of Plymouth lined with ice sculptures. People all over Michigan, no, the Midwest, no, the United States will come to Plymouth to see this Spectacular event. Yes, we'll call it the Plymouth Ice Sculpture Spectacular."

Well, this wild idea of Scott's has mushroomed into one of the top 100 rated events in the United States by a national tourism organization. Plymouth receives just as much publicity as the Detroit Auto Show, which is held at the same time each year. And this year, the CNN network carried the story of the Plymouth Ice Sculpture Spectacular to the world. We received phone calls from as far away as Brazil saying they saw Plymouth on TV. Plymouth's image to the Detroit area - no - Michigan - no - the world is at a all time high. And who did it - Scott Lorenz.

With success comes problems. Yes, some merchant's toilets are going to back-up from over use, some merchant carpets are going to have to be cleaned, the merchants regular customers are scared off by the crowds during the event, and its tough for local residents to get through traffic. And Ice Sculpture does need to be accountable when all the expenses and sponsor's money are in, not a couple of days after the event is over.

We can be proud of having a Plymouth address. Our town has become a prestige address because of the Mayflower Hotel and Scott's wild ideas of promoting Plymouth and Scrod.

REX M. TUBBS

ENGRAVING CONNECTION

Crier renders service, 'tell it like it is'

EDITOR:

Congratulations on your Jan. 27 issue. This includes your staff. You really covered the bases as I told Phyllis Redfern. You really render a service to the Community. You tell it as it is. Your constant pressure for Freedom of Information is commendable. Reading your articles makes me ask myself: How can people be so dumb," knowing the law?

Let us take the Straight case and Egli's asinine statements. He says he will try to appeal. Who does he speak for? He would spend taxpayer money to overturn the law to save a mere \$600 fine they deserve. Think, they have high priced attorneys at their elbow at all times. Don't they listen? Their personal ego comes first. The Fifth

Estate is secondary.

The Graper/Lorenz Corp. Conflict of interest to start with. Don't they use plain common sense?

These high salaried servants should be expected to set examples for younger people to follow. At least in the school system. Could the school newsletter be permitted to publish their comments?

Think of what pleasure could be enjoyed by one sitting in the chair and giving yes and no answers, in short, helping citizens instead of trying to protect their own ego. How easy it is.

May I suggest a Dale Carnegie course for these officials. I am sure we could get donations.

Don't give up while you are winning.
FRANK MILLINGTON

downtown business. In some instances, the Ice Festival worked aversly on me, particularly with respect to parking problems. However, I also realized that this brief inconvenience is a primary reason that all businesses in and around Plymouth do so well during the non-festival times. Again, these community-oriented activities are a major draw to new customers for all of Plymouth's commercial enterprises throughout the year.

Should Los Angeles cancel the Rose Bowl because of "certain inconveniences" to some? Should the Detroit Tigers stop playing because of "certain inconveniences" following the 1984 World Series? In short, there are times when all of us must, in good spirit, put up with short-term inconveniences in exchange for more extensive periods of prosperity.

Ed, do I sense in your anti-Lorenz, anti-festival spread throughout the Jan. 27 issue a bit of jealousy? Have you, for your own private reasons, targeted a family who has been a major influence in creating and maintaining a unique quality of life in our community? I think perhaps you have... and accordingly, I believe that your column heading should hereinafter read "With Malice Toward Some."

(W. Edward...tsk tsk!)

GREG DONOVAN

Fest benefits businesses

EDITOR:

In reference to your editorial of 1/27/88 regarding the Ice Festival and the criticism of those involved, I believe, as a Plymouth merchant that everyone benefits from this annual affair.

This function draws approximately a half million people to our city. The merchants should look at each person who walks thru their door as a potential customer, whether they buy or browse. At least they are made aware of what goods and services are available in our beautiful city.

If some of the merchants cannot cope with these crowds then they should move their business to a town with limited activities and less people.

Scott Lorenz, the founder of this Ice Spectacular, should be commended instead of criticized. Sure it helps him sell a few more "scrod" dinners, but it also helps the rest of the local merchants.

In my opinion, business during the Ice Festival was better than during the fall and holiday season.

We should also thank the other community organizations and the Chamber of Commerce for continuing to keep Plymouth the "star" of southeast Michigan. Keep up the good work.

GLORIA TACTAC
DESIGNER FACTORY OUTLET

Ford: City can take a walk

BY PAUL GARGARO

If you're looking for a good place in the community to take a stroll, stop searching. Help is on the way.

An agreement between Ford Motor Co.'s Climate Control Plant on Sheldon Road is currently being worked out with Plymouth's Department of Parks and Recreation and the Engineering Department to expand an existing walking path in the woods north of the Ford plant into a community nature trail.

According to Ford representative Max Forester, the City has the approval to expand an existing path, which is currently used by Ford employees, and create a walking path of approximately one mile. The use of the land would be a donation from Ford.

In addition, Ford intends on donating land to the south of its facility for three additional soccer fields with an adjacent parking lot with access along Ford's main driveway.

Ford would keep title to the properties, while the City would cover all liability expenses.

Fine Arts' Competition features flautist

Historical Museum gets timely boost

BY PAUL GARGARO

The future's looking brighter these days for the Plymouth Historical Society and Museum, which was facing possible extinction due to rising insurance premiums last month.

It was less than a month ago when the Historical Society received word that its insurance premiums were increasing from \$278 to \$5,595 per year.

The policy protects the officers and trustees from any charges of mismanagement which can be levied against them.

The increase in premium costs came as a shock to Society members, they said. Consequently, Historical Society President Bruce Richard was forced to search for a different insurer or run the risk of operating the Society and Museum without coverage.

As of last week, however, Richard announced that there was a light at the end of the tunnel.

"The Historical Society has been successful in alleviating the burden of a huge increase in the annual premium for their 'Director's and Officer's' liability insurance," Richard said. "Working with a local agent has resulted in reducing the premium from nearly \$5,600 to slightly less than half that amount."

Richard added that he hopes to reduce this even further when the effects of recent Michigan legislation dealing with non-profit organizations is more fully known.

The Society and Museum received more good news when Ford Motor Company's Sheldon Road plant recently presented them with a check for \$15,000 towards the Society's Trust Fund Campaign.

Ford specified that \$5,000 of this

Historical helpers

The Plymouth Historical Society, Larry Campbell, Will Boddie, Dick Marshall (all of Ford). (Crier photo by Chris Farina)

money be used in creation of a museum exhibit portraying the history of the Ford Village Industry Project (FVIP).

The FVIP played a substantial role in the economy and development of Plymouth and its surrounding area during the 1920s, '30s and '40s, said Richard.

Henry Ford's Village Industry Project was located along three rivers in southeastern Michigan — the Huron,

the Raisin and the Middle Rouge. The plants situated along the Rouge River were the Northville, Waterford, Phoenix, Plymouth (Wilcox), Newburgh, and Nankkin Mills plants. These plants will be featured in the new exhibit.

According to Richard, museum personnel are eager to hear from former employees of these plants or from relatives of former plant workers.

Anyone with such experience or knowledge is asked to call the museum at 455-8940.

Finance Committee Chairman Gregg Packard said that he hopes Ford's donation will act as a model for other corporations and businesses to donate pledge grants to the Society's Fund Drive. The drive is in its second year of a three-year effort to raise \$300,000.

Friends & Neighbors

Rest easy and...

Just leave the driving to Zdan

BY DAN NESS

When he was 17, Stephen Zdan got a ticket for speeding.

That was 1.3-million miles and more than 16 years ago for the Plymouth truck driver. Since that minor infraction so common to teenagers, the Spartan Stores driver has maintained a spotless driving record while becoming an example of good driving for his co-workers.

Last night, Zdan was in Lansing at the Michigan Trucking Association's annual banquet as a nominee for MTA "Driver of the Year" award.

"They kind of talked me into going for the honor, and I was surprised with the results," Zdan said.

Zdan has driven for 13 years with Spartan Stores, and was a driver for three years before that. "I accumulated miles before Spartan, running across the country with another company," Zdan said.

Zdan enjoys working for Spartan, and ironically, he could forsake his vehicle and walk to work if he chose to, living only a quarter of a mile away from the Plymouth Spartan center.

"I like the proximity of it, and I like the company," Zdan said. "They've been good with us, so I appreciate that. They've been a good company to raise a family with."

Zdan and wife, Janet, have two

Truckin'

Trucker Stephen Zdan, of Plymouth, mounts his rig for another run. Zdan was recently nominated as "Driver

of the Year" by the Michigan Trucking Association. (Crier photo by Chris Farina)

children.

When Zdan was chosen one of the MTA's Drivers of the Month, he was one of 460 entries in the awards competition. He and the other 11

Drivers of the Month will vie for the Driver of the Year honors, which was presented by Secretary of State Richard Austin at last night's banquet.

Part of being chosen as a Driver of the Month for the MTA is working to

change the general public's conceptions of truck drivers, Zdan said.

"You can't stereotype truck drivers as the guy who just zoomed by you at 90 miles per hour the other day," he said.

Pavitt named 'Extra Miler'

Judith Pavitt, a West Middle School librarian, was named the Plymouth-Canton Community Schools "Extra Miler" at a recent meeting of the board of education.

Pavitt has worked in the district for 20 years. She holds degrees from the University of Michigan.

Her nomination was signed by the entire staff at West Middle School, where she has been described as a "world class librarian."

In addition to being a member of several of the district's committees reviewing educational materials, Pavitt has also been active in substance abuse programs and the middle school philosophy.

Dodson also honored

Smith Elementary School Principal George Dodson was named the Plymouth-Canton Community Schools "Extra Miler" Monday by the Board of Education.

Dodson began his career in the district in 1965 as a teacher at Geer Elementary School. He spent a year at Allen in 1967 and moved to an elementary counselor position at the Starkweather-Gallimore cluster in 1968.

In July 1972, Dodson became principal of Gallimore. He later (1980) moved to Smith where he has

remained.

Dodson earned his undergraduate degree at the University of Missouri and his master's at Eastern Michigan. He has received many accolades including most recently, the permanent professional certificate for an elementary principal awarded by the Michigan Elementary and Middle School Principals Association.

Dodson's nomination was started by students at Smith and supported by the staff. He has been called a "wonderful teacher" and a very caring human being.

Local Laureate winners named in P-C schools

The Plymouth-Canton Community Schools recently released the names of the winners of the 1987 Laureate Prizes for literature. Special prize medals and book plates will be presented to the students by members of the Board of Education at a ceremony in April.

The Laureate jury read and applied their criteria to books submitted from young authors attending elementary schools in The Plymouth-Canton Community.

The stories will be published in the Laureate Anthology, "Our Best in '87," and will be placed in each library for all students to enjoy.

Primary medal recipients included Derek Rafalski and Rebecca Knight, from Field Elementary School, and Albert Hamood, from Allen.

A special award went to Kelli Knith, a student at Field, and Jason Dwarzski, from Field, was recognized for his poetry.

Intermediate division winners included David Knight, from Field, Amber Lancaster, from Farrand, and Derek Clemens, from Allen. Anne Marie Wilson, from Allen, received a special award.

Runner up awards in the primary

division went to Kelly Boyd and Paul Koppin, Field; Melanie Van Hoeck, Allen; and Lucas Woodcock, Fiegel. In the intermediate division they were Piyush Bharti, Cara Stillings and Jason Summers, all from Allen.

Honorable mentions include Curt Davidson, Erin Vaguera, David Rousseau, Katherine Garard, Andrea Tripp, Ben Davidson, Lisa Soash, Harry Lee and Kelley Proctor.

Symphony gets check

The Plymouth Symphony League recently presented a check for \$12,500 to the Plymouth Symphony Society.

Some of the activities that League members participated in to generate the money to benefit the orchestra, included the Fall Antique Mart, sale of luminaries at Christmas, the Christmas Ball, bridge, craft auctions and the sale of pecans and notepads.

The League is always looking for new members. If interested call Margaret Smith, membership chairperson, at 455-8971.

Tell it to Phyllis

By Phyllis Redfern

Many thoughts are running through my mind this week.

The Crier's flood last week was a mess. In fact it not only still is a mess, but will continue to be one for weeks to come as the repair work gets underway. It was a bit unnerving to see my office with no furniture, the carpet torn out and the subflooring piled in the middle of the room. And to think my office received the least amount of damage.

Going through the ordeal made me realize how many wonderful people there are in this community. Our staff, without a doubt, is the best around. They jumped in the middle of the mess and did whatever needed to be done. You have to admire people who are more concerned about others and are part of a team no matter which department they work in. It makes me proud to be part of The Crier family.

Even those who no longer work here are still considered part of the family. I appreciate Joan Blough calling to see what she could help with, Debbie Gleissner giving up a lunch hour to help with a computer problem and Sallie Roby stopping by to offer help.

It was amazing how many friends and business people called or stopped by to offer help. As we continue working while the ceilings and floors are being torn down around us and then replaced, please be patient, we thank you for your support.

The moisture outside also had a surprise for us last week as we dug out from the largest snowfall so far this year. Once again friends and neighbors were there when we needed them.

The sad note from last week was the death of Olga Delano. She was a great lady, a fantastic hostess, the best cook in Plymouth and a very special friend. She will be missed by many of us, as we share fond memories.

Although I'm still only half way through my Christmas card list, I did manage to deliver the last of the Christmas gifts. Adam and Jessica (17 month old twins) are so much fun. I definately am going to have to get more organized so I can spend more time with them.

I even played Pictionary for the first time last weekend. There's no doubt in anyone's mind why I'm not allowed in the art department.

My mom is healthy and happy and celebrated a birthday last week. My oldest child, who is in the middle of her junior year at M.S.U. decided to change her major (I think that means summer term). The other kid was home for the weekend and fixed the garage door.

The new watch that I've had for six weeks decided to quit running. That's my excuse for being late for everything.

It's just one of those weeks with many thoughts scrambled in the brain. Thank heavens for friends who understand.

Travel TALK
FROM *Emily's* World
TRAVEL, LTD.

Emily Guettler

SOUTHERN SPLENDOR

John Galsworthy, the English writer, called these gardens "The most beautiful in the world." He was talking about Magnolia Gardens near Charleston, South Carolina, where there are more than 500 varieties of flowers and trees from many countries. Other visitors to these gardens have echoed the same sentiments, and the description may also fit two other areas in Charleston.

Cypress Gardens feature a number of lagoons with colorful flowers and Cypress trees. Middleton Place Gardens were begun in 1741, and are the oldest landscaped gardens in the United States. Camellias, azaleas, and oak trees are part of Middleton's splendor.

These places are just a few of the many attractions of Charleston. Many portions of the city seem to take a person back to the Old South of the 1700's and 1800's. One can almost hear the strains of "Dixie" amid the restored and preserved buildings, which bring back the stately charm of those eras. Three forts in the harbor provide historical interest. Fort Sumter, of Civil War fame, is a national monument -- Moultrie goes back to the Revolutionary War. The other one, Fort Johnson, is the site of an American seizure of British tax stamps.

THE
CRIER
'88
GUIDE

The Crier
'88 **GUIDE**

to Plymouth-Canton-Northville

Tell me what's
in it for me.

Dear Readers, Advertisers
and Friends.

We invite you to share in
the excitement as we begin
work on the 1988 all new
completely updated directory
**THE PLYMOUTH-CANTON-
NORTHVILLE
COMMUNITY GUIDE.**

Already being prepared by
The Crier's editorial, ad-
vertising and production staff
for March 16 release, the
Guide will be distributed to a
greatly increased circulation
of 33,000.

Real estate offices,
Chambers of Commerce,
Welcome Wagon, libraries
and schools: please let us
know your anticipated needs
for distribution. And "thank
you" in advance for helping
us to circulate this valuable
publication throughout the
community, the state and
the nation for an entire year.

Sincerely,
The Entire Staff —
The Community Crier.

- For the Reader:**
- Agencies offering assistance
 - Churches
 - Commerce
 - Community Maps
 - Courts
 - Cultural Activities
 - Events
 - Groups & Clubs
 - Guide to Shops & Services
 - History
 - Lawmakers
 - Libraries
 - Media
 - Michigan Offices, Agencies
 - Neighboring Governments
 - Schools
 - Recreation
 - Senior Citizen Agencies
 - Utilities
 - Wayne County

For the Advertiser:

Circulation of 33,000
Distributed to homes,
businesses, newsstands,
government offices and
community resources in the
Plymouth, Canton &
Northville communities.

Your ad will receive year
round exposure.

The Guide is particularly
well received by Real Estate
agents, Chambers of
Commerce, Welcome
Wagon, hotels and various
groups who distribute it
throughout the year.

Advertisers will be
grouped (as much as
mechanical restrictions will
allow) according to
geographical location.

All advertisers will be
listed in our categorized
index.

Advertising in the Guide
gives you the opportunity to
be a part of the community's
most successful and popular
resource tool.

PSO show features 'Divertimento'

Michigan composer Anthony Iannaccone will be in attendance for the Plymouth Symphony Orchestra performance of his composition "Divertimento for Orchestra."

The concert is set for Sunday, Feb. 21 at 3 p.m. in the Salem High Auditorium. Tickets are \$6 for adults, \$5 for senior citizens and college students. K-12 students get in free of charge.

Tickets will be available at the door, at Beitner's Jewelry in Plymouth and Arnoldt Williams Music in Canton.

Composed on commission from the Michigan American String Teachers Association in 1983, "Divertimento" has been performed by the Detroit Symphony and by the Kalamazoo Symphony, among others.

Iannaccone describes the piece as "cast in two contrasting movements: night music and morning music."

A native of New York, Iannaccone studied composition at the Manhattan School of Music and earned his Ph.D. at the Eastman School of Music. He is currently a professor of composition at

A. IANNACCONI

Eastern Michigan University. He founded the school's electronic music studio and became director of the Collegium Musicum in 1973.

Other selections on the PSO February program include "Der Freischutz: Overture" by Weber; Handel's "Water Music"; and Strauss's "Death and Transfiguration."

For further information about the performance call 451-2112 or 459-7240.

Lowell relives...

War of Secession

The War of Secession lives again.

Eighth grade students at Lowell Middle School will celebrate the 125th anniversary of the American Civil War (1861-65) on Wednesday, Feb. 24 with a parade, musical assembly and a reenactment camp.

The program is a part of the history studies of several classes at Lowell. It features a "muster" at 9 a.m. for a musical assembly with Civil War musician Michael Degen.

Then from noon to 2:45 p.m. groups of students will join Union and Confederate reenactment soldiers in the school woods and soccer field for maneuvers and picket posts.

In preparation for the event students have been working in regiments to assemble flags, uniforms, supplies, and even write letters home from the front. This is the third year Lowell students have studied the Civil War by getting directly involved.

Florida group to host picnic for Plymouth folk

Plymouth residents who happen to be in Florida on March 1 may find just a little piece of home at the annual gathering of the Plymouth, Michigan Sunshine Club.

The Sunshine Club is made up of former Plymouth residents who now live in Florida. The 31st annual picnic usually attracts 100 to 250 people.

Plymouth residents and friends are invited to join the party. It will be held at Highland Hammock State Park, off U.S. 27, near Sebring, Florida at 634 West.

The picnic begins in the morning with a big meal planned for 1 p.m. Shelters are available and there is both camping and motel space nearby.

To camp in the park call 813-385-0011 for a reservation.

Nearly 160 invitations went out recently from Doug and Barb Miller of Naples, FL.

It is suggested picnic goers bring a covered dish, their own table service, and a beverage. Barbeques will be available.

Pianist will perform

Nationally known pianist Rudy Atwood will perform in concert at the Plymouth Baptist Church on Sunday, Feb. 21.

Atwood remains a "traditional" pianist ever since his year with Dr. Charles E. Fuller's "Old Fashioned Revival Hour" radio program.

His concerts have taken him throughout the U.S. and Canada. In 1975 Atwood received an honorary Doctor of Humanities degree for his contribution to gospel music.

Atwood has been called "the most imitated pianist in gospel music."

With more than 500 hymns in his repertoire, an Atwood concert is something to remember.

Call 453-5534 for further concert details.

Getting down to business

Check out Burton's Collectibles

BY PAUL GARGARO

Before you lump Burton Galleries -- which was named for the owner's fiance -- into a category with all of the other antique stores in the area, think again.

Unlike the many antique cooperatives along Old Village's Liberty Street, Burton Galleries is owned and operated by a single person, Sharon McInturff, whose experience in the retail business is clearly reflected in her innovative, new shop on S. Main Street.

A natural promoter, McInturff recently celebrated the opening of Burton Galleries with a free concert by folksinger Sally Rogers. The performance filled the store, while introducing McInturff's quality operation to The Plymouth-Canton Community.

Before settling in - Plymouth, McInturff and a friend owned and operated Elderly Instruments, a successful East Lansing shop which sold contemporary musical instruments as well as offering a fine collection of antique instruments.

Using lessons learned in East

Lansing, McInturff has incorporated some pretty clever ideas into the daily operation of Burton Galleries.

For example, McInturff carries a wide selection of antique clothing and with resident tailor/designer Paula Weber on hand, a custom fitted antique outfit is only stitches away.

In addition, McInturff boasts an antique radio restoration service in conjunction with a local Plymouth craftsman whose work carries an unprecedented three month warranty.

McInturff offers a similar service for antique clocks.

According to McInturff, the switch from musical instrument retail to antique retail was as natural for her as walking across the street.

"My garage was always packed. Once I went to an auction and bought 100 chairs," said McInturff. "I love collecting things and I can't throw anything away."

"They'd (customers) ask me, 'Do you have one of these?' and I'd have two," she added.

McInturff welcomes visitors on Monday through Sunday from 11 a.m. to 5:30 p.m. and is open on Sunday as well.

Same old tune?

Not quite. Sharon McInturff's Burton Galleries offers a new twist on an old theme, antiques. Pictured above, McInturff enjoys the company of just a few of her collectibles. (Crier photo by Chris Farina)

Post offices cut hours to save \$\$

In an effort to save \$2,657,000 by the U.S. Postal Service's Detroit Division, the Post Office recently announced cutbacks in retail window hours by four hours each week. In addition, offices in Plymouth-Canton will be closed on Saturdays.

The rescheduling will have a direct impact on residents in The Plymouth-Canton Community.

Postal collection from street drop boxes and the processing of outgoing

mail will be eliminated on Sundays.

According to postal spokesperson Susan Gillespie, the cutbacks will not affect delivery service. She also stressed that lobbies will remain open on a regular basis to accommodate P.O. box users and that the stamp vending machines will also be available during these times.

Special pick-up and Express Mail will be accepted through the service doors whenever possible when the retail windows are closed.

Women's retreat planned

Trinity Presbyterian Church will host its annual Women's Retreat on Saturday, Feb. 20 from 9:15 a.m. to 2:30 p.m.

Dorcus Hamlet, who serves on the board of directors for "Winning Women," will be the main speaker. There will also be several mini-sessions on related topics.

There is no charge for the retreat but a free will offering will be taken. All local women are invited to attend.

Call the church office at 459-9550 for further information.

1.5 million strong

Plymouth Mayor Karl Gansler joins with Deana Wright, left, and Gail Webby in a celebration of AAA's growth to a membership of 1.5 million. The Plymouth AAA joined over 170 AAA offices statewide in the Jan. 28 celebration.

Public notices

Continued

structure within any Historic District or Site. Ordinary maintenance shall mean any maintenance or repair not defined as work herein.

120.012 SECTION XII: YARD VARIANCES

Due to conditions of design and construction in Historic Sites or Districts, it is in the public interest to retain the District's appearance by making variances to normal requirements. Where such variances will not adversely affect neighboring properties, the Commission may recommend to the Zoning Board of Appeals that a variance from a standard requirement be granted.

120.013 SECTION XIII: APPEALS

Any person or persons jointly or severally aggrieved by a decision of the Commission may, within twenty-nine (29) days after the Building Official has disapproved an application for a permit upon recommendation of the Commission, appeal to the Board by written petition; and the Board shall hear all pertinent evidence and shall affirm the decision, unless it finds such decision to be without basis in law or unsupported by the evidence.

120.014 SECTION XIV: SEVERABILITY:

If any particular section of this Chapter is declared to be unconstitutional or void, only that particular section is affected, and all other sections of this Chapter shall remain in full force and effect.

120.015 SECTION XV: REPEAL

All Ordinances or parts of Ordinances in conflict herewith are hereby repealed only to the extent necessary to give this Ordinance full force and effect. Ordinance No. 92, dated September 6, 1979, is hereby repealed.

120.016 SECTION XVI: SAVINGS CLAUSE

The repeal provided herein shall not abrogate or affect any offense or act committed or done, or any penalty or forfeiture incurred, or any pending litigation or prosecution of any right established or occurring prior to the effective date of this Ordinance.

120.017 SECTION XVII: EFFECTIVE DATE

This Ordinance, as amended, shall take full force and effect upon publication.

Item No. 2 CREATE PERSONNEL ASSISTANT POSITION

Motion by Padget, supported by Bennett, to eliminate the Secretary III position in the Personnel Department, to create a Personnel Assistant position, and to set the salary of the Personnel Assistant Position at \$25,702 per year effective and retroactive to January 1, 1988.

Motion carried unanimously.

Motion by Brown, supported by Chuhuran, to approve the following budget amendment to provide additional funds for the above reclassification: Motion carried unanimously.

Increase Revenues:	
Appropriation from Fund Balance 101-000-699-0000	\$3,750
Increase Expenditures:	
Salaries - Personnel 101-220-705-0000	3,200
Fringe Benefits - Personnel 101-220-720-0000	550
TOTAL	\$3,750

Supervisor Poole announced the meeting with the Conference of Western Wayne at the Township, Thursday, February 12, at 9:30 A.M. The Seniors Alliance Organization will be one of the agenda items.

Item No. 3 TRANSFER OF CLERK'S DEPARTMENT AND PUBLIC SAFETY DEPARTMENT'S EMPLOYEES.

Motion by Padget, supported by Bennett, to eliminate the Secretary III position in the Clerk's Department, and to create a Secretary III position in the Public Safety Department; to transfer Elaine Weiss from the Secretary III position in the Clerk's Department to the Secretary III position in the Public Safety Department; to eliminate the Secretary II position in the Public Safety Department and create a Secretary II position in the Clerk's Department; and to transfer Norma Waara from the Secretary II position in the Public Safety Department to the Secretary II position in the Clerk's Department. Motion carried unanimously.

Item No. 4 WILLIAMSON REZONING

Motion by Padget, supported by Bennett, to adopt the following Resolution granting the Williamson Rezoning in accordance with the recommendations of the Township Planning Commission as well as the County. Motion carried unanimously.

RESOLUTION

WHEREAS, Petitioner is requesting the rezoning from AGI, Agricultural Industrial to R-1, Single Family Residential of 7.26 acres on the north side of Hanford Road between Ridge and Napier Roads, and

WHEREAS, The request is in conformance with the Master Land Use Plan, and the Planning Commission of the Township and County have recommended approval unanimously.

NOW THEREFORE BE IT RESOLVED, the Board of Trustees of the Charter Township of Canton grants the rezoning of the subject property to R-1, Single Family Residential.

Item No. 5 WHELAN REZONING

Motion by Padget, supported by Bennett, to adopt the Resolution granting the requested Whelan Rezoning in conformance with the recommendation of the Planning Commission and its unanimous recommendation.

RESOLUTION

WHEREAS, Petitioner is requesting the rezoning from R-3, Single Family Residential to C-2, Community Commercial of 2.56 acres at the southeast corner of Cherry Hill at Canton Center Roads, and

WHEREAS, requested rezoning would be in conformance with the Master Land Use Plan, and the Planning Commission unanimously recommends approval;

NOW THEREFORE BE IT RESOLVED, the Board of Trustees of the Charter Township of Canton grants the requested rezoning to C-2, Community Commercial.

Ayes: Bennett, Kirchgatter and Padget.

Nays: Brown and Poole

Absent: Chuhuran and Prenciczky

Motion Passed 3-2.

Item No. 6 ZONING ORDINANCE TEXT AMENDMENT REGARDING LANDSCAPING, SECTION 26.05

Motion by Padget, supported by Bennett, to adopt the Resolution supporting the Zoning Ordinance Text Amendment to Section 26.05, which establishes sodding standards for certain landscaped areas in accordance with the recommendation of the Planning Commission.

RESOLUTION

WHEREAS, the Township has experienced problems with the developer seeding option as heretofore permitted in Zoning Ordinance Section 26.05, and

WHEREAS, the Supervisor has recommended that henceforth only sod should be permitted as ground cover in landscaped areas;

NOW THEREFORE BE IT RESOLVED, the Board of Trustees of the Charter Township of Canton approves the addition of Subsection E.3., text appended, to the above referenced Section.

Ayes: Bennett, Kirchgatter, Padget and Poole

Nays: Brown

Absent: Chuhuran and Prenciczky

Motion Passed 4-1.

Item No. 7 ZONING ORDINANCE TEXT AMENDMENT REGARDING BALLOON AND BANNERS, SECTION 5.13.

Motion by Bennett, supported by Kirchgatter, to adopt the following Resolution supporting the amendment:

RESOLUTION

WHEREAS, the Supervisor has requested that the Zoning Ordinance be changed to prevent the unlimited allowance of pennants and banners for extended periods of time, and

WHEREAS, the Planning Commission recommends approval of a text change to Zoning Ordinance, Section 5.13 E. 1. b. effecting such intent;

NOW THEREFORE BE IT RESOLVED, the Board of Trustees of the Charter Township of Canton approves the referenced text amendment to henceforth read:

"Banners, pennants, spinners, streamers and hot air or helium balloons, except as specifically permitted in accordance with subsection D. 5."

Ayes: Bennett, Brown, Kirchgatter and Poole

Nays: Padget

Absent: Chuhuran and Prenciczky

Item No. 8 PROPOSED AMENDMENT TO THE HUNTING ORDINANCE.

Motion by Bennett, supported by Kirchgatter, to adopt the following Resolution, Step No. 1 of a 5-Step process to amend the Ordinance.

RESOLUTION

WHEREAS, due to the recent population and housing growth, it has been recommended that Ordinance No. 105, the Hunting Area Control Ordinance, be amended to close certain additional lands within the Township for the purpose of hunting and the discharge of firearms; the additional portion of the Township recommended to be closed for these purposes is described as follows:

a. That portion of the Township west of Canton Center Road and north of Ford Road;

b. Sections 28 and 21 and the western half of Section 31;

WHEREAS, the Board of Trustees of the Charter Township of Canton having duly deliberated and having concluded that such action is warranted and after being fully advised in the premises;

NOW THEREFORE BE IT RESOLVED, that the Board of Trustees of the Charter Township of Canton determines that the safety and well-being of persons and property within the aforementioned areas of the Township are endangered by hunters and/or the discharge of firearms;

BE IT FURTHER RESOLVED, that the Board of Trustees of the Charter Township of Canton request that the Hunting Area Control Committee of the State of Michigan initiate proceedings to close the aforementioned area of the Township for hunting and the discharge of firearms, and take such other action as is necessary to relieve such problem.

Ayes: Bennett, Brown, Kirchgatter, Padget and Poole

Absent: Chuhuran and Prenciczky

Item No. 9 CAPITAL OUTLAY REQUEST - BUILDING AND GROUNDS DEPARTMENT
Motion by Kirchgatter, supported by Bennett, to purchase vertical blinds from the Building and Grounds Department Capital Outlay account.

Ayes: Bennett, Brown, Kirchgatter, Padget and Poole

Absent: Chuhuran and Prenciczky

Item No. 10 SUMMER TAX COLLECTION

Motion by Brown, supported by Bennett, that the request from Plymouth-Canton and Wayne-Westland Schools for the collection of summer, 1988, taxes be denied. If they desire to collect the taxes involved, they may make their own collection arrangements.

Ayes: Bennett, Brown, Kirchgatter, Padget and Poole

Absent: Chuhuran and Prenciczky

Item No. 11 CONSIDER ADOPTING THE AMENDED SELF-SERVE FUEL DISPENSING ORDINANCE NO. 102.

Motion by Padget, supported by Bennett, to adopt the amendments to Ordinance No. 102 (Self-Serve Flammable Fuel Dispensing Ordinance), and for the amended Ordinance to become effective upon publication.

Ayes: Bennett, Brown, Kirchgatter, Padget and Poole

Absent: Chuhuran and Prenciczky.

ORDINANCE NO. 102

SELF-SERVE FLAMMABLE FUEL DISPENSING

AN ORDINANCE TO PROVIDE FOR THE REGULATION AND CONTROL OF THE DISPENSING AND HANDLING OF GASOLINE OR OTHER FLAMMABLE FUELS WITHIN THE CHARTER TOWNSHIP OF CANTON; TO PROVIDE FOR SELF-SERVICE FUEL DISPENSING PUMPS; TO ESTABLISH REQUIREMENTS AND PERMITTING OF SELF-SERVICE STATIONS; TO PROVIDE FOR WARNING NOTICE ON PUMPS; AND TO PRESCRIBE PENALTIES FOR VIOLATIONS OF ITS PROVISIONS; AND TO REPEAL ANY ORDINANCES OR PARTS THEREOF IN CONFLICT WITH THIS ORDINANCE.

THE CHARTER TOWNSHIP OF CANTON ORDAINS:

SECTION 1.0 DEFINITIONS

a. Attendant - Served Dispenser A dispensing device (commonly called a "pump") used to dispense flammable liquids from fixed equipment into the fuel tanks of vehicles or internal combustion engines, which meets state and local criteria for said fuel-dispensing device and which is operated by the owner, agent, employee or attendant of the gasoline station.

b. Island A combination of more than one fuel-dispensing device, clustered together, to provide a customer with more than one option of type of fuel, or grade thereof, to be purchased.

c. Self-Service Dispenser A dispensing device (commonly called a "pump") used to dispense flammable liquids from fixed equipment into the fuel tanks of vehicles or internal combustion engines, which meets state and local criteria for said self-service device and which is operated by person who is not the owner, employee, agent or attendant of the gasoline station.

d. Self-Service Gasoline Station - Any gasoline station offering to the public the sale of gasoline and other motor fuels from a self-service dispenser.

e. Permit Officer shall be the Chief Building Official of the Township.

SECTION 2.0 SELF-SERVICE ISLAND ALLOWED; NOTICE OF ATTENDANT SERVED ISLAND

Gasoline stations may provide for self-served dispensers, provided, however, that at least one island is attendant served. The attendant-served island shall provide unleaded and leaded gasoline and all other grades of fuel normally provided at that station to the public. Each gasoline station which provided a "self-serve" fuel dispenser shall clearly designate whether each island is "attendant-served" or "self-serve" by posting a sign at the island stating the same with letters six (6) inches in height.

SECTION 3.0 PERMIT REQUIRED FOR SELF-SERVICE STATIONS AND FEES

It shall be unlawful for a self-serve gas station to sell flammable liquids to the public unless said station has received a valid permit to operate the same from the Township.

A) The Permit Officer is hereby authorized to issue a permit to operate a self-serve station upon application as provided herein. Before the Permit Officer may issue any permit, the applicant shall file an application on forms furnished for such purposes and the Fire Chief and Building Official or their designated representative shall conduct an investigation to determine whether the proposed self-serve station complies with all applicable State of Michigan statutes and Flammable Liquid Regulations and Canton Township Fire Code, Building Code and other applicable ordinances. After completion of such investigation, the Fire Chief and Building Official or their designated representative shall certify to the Permit Officer their findings and recommendations as to whether a permit to operate a self-service station should be issued to the applicant.

A) There shall be furnished to each permittee under this section a certificate as to form and style as the Permit Officer shall provide, which shall be displayed on the premises when the permittee is engaged in such operations. The permit fees shall, from time to time, be determined by resolution of the Township Board.

B) Permit Renewal - The Permit Officer shall not renew a permit issued pursuant to this ordinance until the Fire Chief and the Building Official or their designated representative have inspected the premises and certified to the Permit Officer that the flammable liquid regulations and Canton Township Fire and Building Codes and other applicable ordinances have been complied with.

Continued on page 21

Public notices

CONTINUED

C) Permit Revocation - The Permit Officer may suspend or revoke said permit upon a showing that said permittee is in violation of applicable local ordinances, State laws and rules and regulations thereto. The Permittee may appeal the Permit Officer's decision within ten (10) days, to the Township Board, which shall decide the matter by majority vote.

D) Permit Expiration - All permits issued under the provisions of this ordinance shall expire on the 31st of December of each year. A fee, as established by resolution of the Township Board shall be required prior to the issuance of a renewal permit.

SECTION 4.0 STATE FIRE MARSHAL CODE SHALL BE FOLLOWED

Self-service stations shall comply with Rules 98, 99, 100, 101, 102, 103, 104 (a-n), 105, and 106, of the State Fire Marshal Code, which are hereby adopted by reference.

SECTION 5.0 SELF-SERVICE PLAN APPROVAL REQUIRED

Every person, firm or corporation who intends to construct, reconstruct, convert or alter any service station to provide a self-service station shall submit plans of such proposed station to the Township for approval where required by the Zoning Ordinance or other applicable law.

SECTION 6.0 SELF-SERVICE STATION ALLOWED IN PROPER ZONING DISTRICT

No self-service station shall be operated or maintained, except in districts allowing gasoline service stations.

SECTION 7.0 DISPENSING OF MOTOR FUELS

Motor fuels shall be dispensed only by a person with a valid driver's license or eighteen (18) years of age (for self-service dispenser) or by a station attendant (for attendant-served dispensers).

SECTION 8.0 FIRE EXTINGUISHERS REQUIRED

Approved fire extinguishers having a minimum classification established by the N.F.P.A. requirements shall be provided and located so that an extinguisher is within fifty (50) feet of each dispensing device.

SECTION 9.0 REQUIREMENTS FOR ALL SELF-SERVICE GASOLINE STATIONS.

There shall be a canopy covering covering any island containing a self-service pump sufficient to protect any self-service customer using said pumps from weather elements. The following shall be required of all self-service gasoline stations;

A) There shall be a facility to provide air pressure for inflation of tires of customers available to customers during the hours that the station is operating. Irrespective of weather conditions, the air inflation service must be available during all months.

B) There shall be available to all customers on each island materials for the cleaning of windows, including, but not limited to, a squeegee, cleaner fluid, and paper toweling.

C) There shall be available to all members of the public a toilet and washroom during the hours that the self-service stations is operating.

D) Self-service stations shall display a sign or signs that contain a separate price for each type of motor fuel sold at the station. Prices shall be in numbers six (6) inches in height. Such a sign shall be easily viewed by the public, located on the gas island and shall otherwise comply with the Zoning Ordinance.

SECTION 10.0 FIRE EXTINGUISHING SYSTEM REQUIRED

Any service station that has self-service dispensers shall provide the following: Any underwriter's laboratory approved filled pipe dry chemical fire extinguishing system, provided with combined manual and automatic controls be installed in a manner to cover the area of all self-service dispensing devices. Manual control shall be clearly identified, easily accessible, and installed at remote control (console) location.

Each extinguisher head shall be installed in such a manner that an accumulation of ice or snow will not adversely affect the proper functioning of the system. In the installation of such system, special care should be taken to compensate for windage, including, but not limited to, a wind screen, reduced nozzle spacing, and additional nozzle.

SECTION 11.0 HOURS OF ATTENDANT-SERVED OPERATION

The attendant-served island shall be open or service during the hours the gasoline station is open to the public.

SECTION 12.0 RESERVED

SECTION 13.0 WARNING NOTICE ON NON SELF-SERVICE FUEL DISPENSER

Each fuel dispenser which does not meet the requirements of the State of Michigan for a self-service dispenser must have a warning notice posted on both sides of the pump station, in at least one (1) inch high letters, that "It shall be unlawful for any person to operate this device other than the owner, agent, employee, or attendant of the gasoline station."

SECTION 14.0 REPEAL OF CONFLICTING ORDINANCES

All ordinances or parts of ordinances in conflict herewith are hereby repealed only to the extent necessary to give this ordinance full force and effect.

SECTION 15.0 SEVERABILITY

In the event any phrase, clause, sentence, or section of this ordinance is declared illegal or invalid in any final adjudication by a court of competent jurisdiction, the remaining parts of this ordinance shall be deemed to have been adopted and shall continue in full force and effect without such illegal or invalid provision.

SECTION 16.0 VIOLATIONS: MISDEMEANOR; PENALTIES

Any person, firm, or corporation or other legal entity who violates the provisions of this ordinance shall be guilty of a misdemeanor and may be fined not more than ninety (90) days, or both, in the discretion of the court. Every act or violation and every day upon which such violation shall occur shall be considered a separate offense.

SECTION 17.0 CONSTRUCTION, NON-APPLICABILITY, APPEALS

This ordinance shall be liberally construed in such a manner as to best effectuate its purpose. The provisions of this ordinance shall be construed, if possible, in such manner as to make such existing and future zoning and other ordinances of the Township and all amendments thereto; provided however, that where any inconsistency or conflict cannot be avoided, then the most restrictive of such inconsistent or conflicting provisions shall control and prevail. If there is believed to be a conflict between the stated intent and any specific provision of this ordinance, the Zoning Board of Appeals may, in accordance with established procedures, permit modification of said specific provisions while retaining the intent, in such appealed instance.

SECTION 18.0 SAVINGS CLAUSE

The repeal provided for herein shall not abrogate or affect any offense or act committed or done, or any penalty or forfeiture incurred, or any pending litigation or prosecution or any right established, or occurring prior to the effective date of this ordinance.

SECTION 19.0 EFFECTIVE DATE

This ordinance shall take effect immediately upon publication.

Amended: July 30, 1980

Amended: May 7, 1981

Amended: May 20, 1982

Amended: February 17, 1988

Supervisor Poole opened the Public Hearing for Item No. 13.

Item No. 12 SUPERINTENDENT SELECTION COMMITTEE REPORT

Mr. Durack - The Selection Committee has met with some of the candidates for Superintendent. Mr. Bartel provided six candidates for interviewing. Only one of the candidates fits the profile and needs of Canton Township at this time.

Recent discussions with Mr. Bartel indicate there are two or three other candidates that closely fit the profile required for Canton Township. The Committee will be meeting with those candidates later in February, and will forward a recommendation for the Board's consideration.

Item No. 13 PUBLIC HEARING TO CONSIDER NEW CLASS C LIQUOR LICENSE TO BE LOCATED AT 6166 CANTON CENTER ROAD, SUBMITTED BY KENNETH J. KOBMANN AND LARRY FARR.

The Public Hearing was opened before Agenda Item No. 12. As there were no further comments from the public, motion by Bennett, supported by Padget, to close the Public Hearing. Motion carried unanimously.

Since Clerk Chuhran and Trustee Prenczyk were absent, the Board decided to vote on the granting of the license at the Board Meeting of Tuesday, February 9.

Motion by Padget, supported by Bennett, at 8:25 P.M. to reconvene into the closed session regarding Pending Litigation. Motion carried unanimously.

Motion by Brown, supported by Bennett, to return to Open Session. Motion carried unanimously.

Motion by Brown, supported by Bennett, to adjourn at 8:45 P.M. Motion carried unanimously.

Linda Chuhran
Canton Township Clerk

NOTICE OF HEARING ASSESSMENT BOARD OF REVIEW

Notice is hereby given that the Canton Township Board of Review will meet on the following dates and times:

TUESDAY, March 8, 1988,	8:30 to 11:30 a.m.
	1:00 to 5:00 p.m.
MONDAY, March 14, 1988,	8:30 to 11:30 a.m.
	1:00 to 4:30 p.m.
TUESDAY, March 15, 1988,	3:00 to 9:00 p.m.

All persons protesting their assessment must complete petitions prior to appearing before the Board. A personal appearance is not required. Petitions may be obtained at the Township Assessor's Office as of February 22, 1988. Please note our new location behind the Fire Station at Cherry Hill and Canton Center Roads.

The Board of Review will be held in the Township Hall Meeting Room on the first floor of Canton Township City Hall, 1150 S. Canton Center Road. The Board will be held on a first come first serve basis during the dates and times listed above. Please come prepared, as a 5 minute time limit before the Board will be strictly adhered to.

If you have any questions regarding the March Board of Review, you may call Sandi Reid, Secretary to the Board of Review, at 981-6400.

CANTON TOWNSHIP PLANNING COMMISSION CHARTER TOWNSHIP OF CANTON NOTICE OF PUBLIC HEARING

PROPOSED AMENDMENT TO THE ZONING ORDINANCE OF THE CHARTER TOWNSHIP OF CANTON, WAYNE COUNTY, MICHIGAN.

NOTICE IS HEREBY GIVEN pursuant to Act 184 of the Public Acts of 1943 of the State of Michigan, as amended, and pursuant to the Zoning Ordinance of the Charter Township of Canton that the Planning Commission of the Charter Township of Canton will hold a Public Hearing on Monday, March 14, 1988, at the Canton Township Administration Building, 1150 S. Canton Center Road at 7:30 p.m. on the following proposed amendments to the Zoning Ordinance.

CONSIDER REQUEST TO REZONE PARCELS 053-01-0001-002, 053-01-0002-002 AND 053-01-0003-002 FROM R-4 SINGLE FAMILY, TO O-1 OFFICE FOR THE EASTERLY 300 FEET AND RM-1 MULTIPLE FAMILY FOR THE WESTERLY PORTION. PROPERTY IS PART OF THE FEELRATH'S HAGGERTY ROAD SUBDIVISION LOCATED ON THE WEST SIDE OF HAGGERTY ROAD BETWEEN FORD ROAD AND CHERRY HILL ROAD.

P-C hunting areas restricted for 1988

BY PAUL GARGARO
AND DAN NESS

Hunters in The Plymouth-Canton Community will have less area in which to hunt beginning this season.

The Canton Board of Trustees voted Feb. 2 to change the boundaries for open hunting and restricted hunting, reducing the land area for hunting.

The Plymouth Township Board of Trustees voted to ban the discharge of firearms throughout the township with the exception of the Wayne County Conservation Club on Napier Road.

While the Plymouth Township ordinance prohibits hunting with guns, it makes no ruling on bow-hunting.

The Canton board followed recommendations of Public Safety Director John Santomauro to close all of the area north of Ford Road and west of Canton Center Road to hunting. Much of that area had been designated as 'restricted' hunting area before Feb. 2.

All of the area east of Canton Center Road in Canton remains closed to hunting.

In addition, the area bounded by Geddes, Canton Center, Cherry Hill and Beck roads is now closed to hunting, as is the area bounded by Geddes, Barr and Mott roads to the Canton border.

Those areas had previously been open to hunting.

The boards' actions were the first step in restricting hunting areas in the townships. Now, the matter goes before the State Hunting Area Control Committee, a group made up of representatives from the DNR, the State Police and the Wayne County Sheriff's Department, and the township supervisors.

The proposed new hunting boundaries would then go before the public, in the form of a public hearing within the township affected.

Shaded area on map is closed to hunting

County may get Plymouth Home property

BY PAUL GARGARO

Barring any unforeseen complications, it looks as though the title of the land occupied by the Plymouth Child Development Center in Northville Township will revert from state control back into the hands of Wayne County.

The switch in ownership would follow if a legal settlement, which has been approved and recommended by the Wayne County Board of Commissioners, satisfies both state and Wayne County officials.

The parcel of land under review is located at the northeast corner of Sheldon and Five Mile roads. The parcel was initially deeded to the state by Wayne County on the condition that it be used to house a facility for mentally-impaired children.

"In the '50s, the site belonged to the county, but it was then turned over to the state," said 10th District Wayne County Commissioner Susan Heintz. "But, because of various lawsuits brought against the state, the facility was closed."

When the state stopped using the property for that purpose, the county

brought a lawsuit against the state and demanded that the title of the land return to Wayne County. The state, however, demanded that before the title could be returned, a reimbursement be made by the county to cover the value of the buildings on the site.

According to Heintz, the County

Commission has agreed to recommend that a consent agreement be approved which would revert 235 acres of the site back to the county, while leaving the 18 acres, which house the Department of Mental Health and its Fairweather Program, to the state.

In addition, the agreement says that the state would receive \$1.8 million

from the county as a compromise settlement to cover the value of the buildings.

Heintz also said that an appraisal study of the site is currently being conducted to investigate potential uses of the property. Any rezoning of the area, though, would be up to the discretion of Northville Township.

Schools on 'knife's edge' with budget

BY KEN VOYLES

One administrator called it a "great feat" maintaining the Plymouth-Canton Community Schools operating budget at current funding levels despite a decline in revenues and an increase in expenditures.

And indeed after looking at the numbers that comment might be right on target.

While revising the 1987-88 operating budget last week district administrators and the Board of Education tried to come to grips with a possible deficit situation.

State aid revenues are projected to decrease \$82,553 from June projec-

tions and, although project fund revenues are up nearly \$50,000, the district faces an excess in expenditures of nearly \$600,000 for 1987-88.

Total revenues should come in at \$54.5 million, while expenditures hit \$55.1 million. Revenues are up 1.7 per cent over 1986-87, said Ray Hoedel, associate superintendent for business, but expenditures have increased by nearly 4.0 per cent (3.7 per cent).

"That's the major reason we face a millage election," Hoedel explained.

Dean Swartzwelter, a board member, put it bluntly when he said the district is "right on the knife's edge."

The district has \$58.8 million available to appropriate, but that includes \$4.3 million from the fund balance, which is not easily converted capital. Revenues minus the fund balance only equal \$54.5 million, nearly \$600,000 short of the total expenditures.

Membership aid has decreased \$127.84 per student from 1986-87, Hoedel said, putting the district among the lowest spenders per pupil in Wayne County. In fact, Plymouth-Canton ranks 31st out of 35 communities when it comes to state aid spending per student.

Engagements & Weddings

Brito, Leonard tie the knot

Joined in marriage recently were Luanne Brito, daughter of Mary and the late Lou Brito, of Point Loma, CA., and William (Biff) Leonard, son of Mr. and Mrs. William A. Leonard, of Plymouth.

The bride, who is a graduate of the University of Santa Clara (1978) was attended by her sister Andrea Bokosky and given in marriage by her brother-in-law Dr. John Bokosky. Her other attendants were Mary Fike and Mary Maderios Brito, with Kelly Bokosky and Kristy and Aubrey Danen serving as flower girls.

Luanne wore a gown which she designed of silk-satin with French sculptured cutwork.

The groom is a graduate of Plymouth High and the United States Naval Academy (1972) at Annapolis, MD, and received his MBA from UCLA. His best man was Dr. Gregg

BRITO-LEONARD

Schwab and his groomsmen were Aldis Valkris and Fred Fogerty.

The couple honeymooned in Hawaii and now make their home in La Jolla, CA., where Luanne is an interior designer and Biff is a financial consultant.

Stirton, McGovern to wed

ANN K. STIRTON

Mr. and Mrs. William E. Stirton Jr., of Plymouth, announce the engagement of their daughter Ann Kathryn to Michael Patrick McGovern, son of Paul W. McGovern, of Birmingham, and the late Marie L. McGovern.

The bride elect holds a financial administration degree from Michigan State University and is self-employed in the financial services field. Her fiancé is a graduate of the University of Miami, FL, with a finance degree. He is an assistant vice president in the commercial real estate department of Liberty State Bank and Trust, Troy.

A May wedding has been planned.

Community births

Hi David

David Craig Carlson was born on Feb. 5, weighing in a 8 lbs., 2 ozs.

David's parents are Craig and Debbie Carlson, of Farmington Hills.

Grandparents are Mr. and Mrs. John Kay, formerly of Plymouth, and now West Bloomfield, and Mr. and Mrs. Gus Carlson, of Plymouth.

It's Stephanie

Jamey and Tricia Gibson announce the birth of their new daughter, Stephanie Elizabeth Gibson, who was

born on Jan. 26, weighing 9 lbs., and 6 oz.

Stephanie's sisters are Ashley, four, and Katherine, three. Her grandparents are Sharon Thomas, of Plymouth, and Jan and Joyce Gibson, of Atlanta, GA.

Welcome Karin

Karin Marie Gargaro came into the world on Jan. 14, weighing 7 lbs., 7 oz. She is the daughter of Brian and Nicki Gargaro, of Berkley.

Karin is the younger sister of Kristin. Joann Gargaro, of Salem Township, and Frank and Doris Biondo, of Bloomfield Hills, are Karin's grandparents.

Carnegie courses offered

Effective speaking

Dale Carnegie courses in Effective Speaking and Human Relations are now forming organized through the Ralph Nichols Corporation.

Dale Carnegie courses seek to help managers and employees tap more of their potential by developing their ability to increase their poise and self confidence, develop a positive outlook on life, express opinions clearly, meet new responsibilities, motivate and learn to live with less stress.

Classes are scheduled in Plymouth on Monday, March 1.

For further information call Carol Kocan at the Ralph Nichols Corp. (349-5356).

Seniors can get tax help

Senior citizens, low income families and shut-ins can receive help on federal income, state income and property tax returns from the Plymouth-Northville chapter of the American Association of Retired Persons (AARP).

The service is offered free each year by specially trained AARP members.

Tax aid will be offered from Feb. 1 until April 15 at a variety of locations in Plymouth, Canton and Northville.

In Plymouth, help will be available on Tuesdays at Tonquish Creek Manor, on Wednesdays at the Plymouth Cultural Center, and on Thursdays at the Friendship Station. All three are walk-in locations.

Handicap and shut-ins should call Carole Donnelly at 455-6620 for an appointment. Also by appointment only at the Plymouth Towne Apartments.

In Canton, help will be on hand on Mondays and Tuesdays at the Canton Recreation Center, and on Thursdays at the Royal Holiday Trailer Park. Both locations are by appointment only. Call 397-1000, ext. 278 to make an appointment.

Handicaps and shut-ins should call Louise or Diana at 397-1000, ext. 278.

In Northville, help will be offered on Mondays and Wednesdays at the Northville Senior Center. Call 349-4140 for an appointment.

Community Deaths

Smith, founder of hardware store

WARREN SMITH

Warren L. Smith, 78, of Plymouth Township, died on Feb. 13 in Detroit. Services were held Feb. 16 at the Schrader Funeral Home with the Rev. Paul M. Rawley officiating.

Starting as a school teacher in Marine City, MI, Mr. Smith went on to work for Industrial Wire Cloth in Wayne. Eventually, he moved on to work for Ford Motor Company as a process manufacturing engineer and worked there until his retirement.

In 1953, Mr. Smith co-founded S & W Hardware in Plymouth.

A member of the Plymouth Community School Board in the 1950s, Mr. Smith was also a member of the Plymouth Chamber of Commerce, the Plymouth Board of Assessment, and the Plymouth Elks, B.P.O.E. 1780.

An avid fisherman and outdoorsman, Mr. Smith moved to Plymouth, from Marine City, in 1937.

Burial was in Riverside Cemetery in Plymouth.

Memorial contributions can be made to the Michigan Cancer Foundation, the American Heart Association of Michigan, or to the American Red Cross.

Gallison, homemaker

Virginia M. Gallison, 65, of Canton, died Jan. 30 in Ann Arbor. Services were held Feb. 2 at St. Colette Church with Revs. Joseph F. Ferens and John Saliba officiating.

A homemaker, Mrs. Gallison came to the community 12 years ago.

Survivors include: husband Ralph C., of Canton; sons John Lawrence Buckley, of Detroit, Gary Buckley, of Westland, Walter O. Herndon, of Detroit; daughter Roberta Bode, of Westland; step-children Lynne Gallison, of Belleville, Randy Gallison, of West Bloomfield, Lee McCrumb, of Westland, and Rick Gallison, of Canton; brothers Robert Frankford, of FL, and Abe Frankford, of Farmington; and 16 grandchildren and one great-grandchild.

Interment was in Holy Sepulchre Cemetery. Local arrangements were made by the Vermeulen Memorial Funeral Home of Westland.

Anderson, chiropractor

Lester Oscar Anderson, 82, of Canton, died Jan. 28 in Taylor. Services were held Feb. 1 at the Emmanuel Lutheran Church in Negaunee with the Rev. Rudolph Kemppainen officiating.

Dr. Anderson graduated from the Palmer School of Chiropractic College in 1939. He practiced for 36 years in Detroit. In 1975, he retired and moved to Negaunee in 1976.

Dr. Anderson moved to the Canton community in 1986 from Negaunee. He was a member of the Negaunee Kiwanis Club and the Lions Club. He was also a lifetime member of the Michigan State Chiropractic Association.

Interment was in the Negaunee City Cemetery. Local arrangements were made by the Schrader Funeral Home and memorial contributions can be made to the relief of Alzheimer's Disease.

Williams, Avon rep

Elizabeth V. Williams, 78, of Plymouth died on Feb. 4 in Ann Arbor. Services were held at the Schrader Funeral Home with Pastor Headley Thweatt officiating.

A homemaker, Mrs. Williams came to the Plymouth community in 1939 from Obion County, TN. She was a member of the Main Street Baptist Church and worked as an Avon representative for 29 years.

Mrs. Williams was preceded in death by her husband Calvin H. on Feb. 2, 1985.

Survivors include: daughters Mary Bolander, of Northville, Roxie Moats, of Jackson, and Dollias Musselman-Wolfe, of El Paso; son Calvin H., Jr. of Canton; and 10 grandchildren, 14 great-grandchildren, three brothers, and one sister.

Interment was in Riverside Cemetery in Plymouth.

DeLano loses 14-month battle with cancer

BY PAUL GARGARO

Olga D. DeLano, 65, of Plymouth, died Feb. 11 in Plymouth Township after a 14-month bout with cancer. Services were held yesterday at St. John's Episcopal Church in Plymouth with the Rev. Robert S. Shank, Jr. officiating.

Mrs. DeLano and her husband, Fred, lived in Plymouth Township for the past 10 years. Before moving to the township, they lived for 10 years in the City of Plymouth.

Born in Detroit, Mrs. DeLano was a graduate of Southwestern High School. She studied for a year at the University of Michigan and then enrolled at a business college in Detroit. She enjoyed a secretarial career until her retirement on her 65th birthday last June.

Her last 11 years were spent working as a secretary in Wayne State University's College of Education. Of those 11 years, eight were spent as the personal secretary to Dr. Wendell Hough, a former dean in the college and later, director of staff development.

Mrs. DeLano previously held secretarial positions with Ford Motor Co. and Chrysler Corporation.

"Olga and I met over 20 years ago. She was my friend then and has remained as my friend through the years," said co-worker and friend Marda Benson. "She and I worked together at WSU. She was energetic,

OLGA DELANO

responsible, capable, tolerant, and always compassionate. I'll miss her a lot."

Mrs. DeLano's survivors include: husband Fred; daughter Betty (John) Smith, of Plymouth Township; son Robert (Debb), of Incline Village, NV; grandson David Smith, of Plymouth Township; step-grandson Jason, of Incline City, NV; and numerous cousins.

Local arrangements were made by the Schrader Funeral Home. Memorial contributions can be made to the Michigan Cancer Foundation or to St. Joseph Mercy Hospital.

Interment was in Riverside Cemetery in Plymouth.

Do the bump

Salem's Roseann Sumpter makes a bump during Monday's game against Livonia Churchill. (Crier photo by Chris Farina)

Up record to 10-9 Rocks click

BY CHRIS FARINA

Click, click, click.

That was the sound of the Salem High girls volleyball team Monday night as it beat the Livonia Churchill Chargers.

"This was the best we've played all year long," said Salem coach Betty Smith. "Everything clicked."

Salem took the first game, 15-13, fell to the Chargers in the second, 9-15, and came back to win the last match, 15-11.

Salem's Kara Cummings had six kills from dumps as a setter out of 10 attempts.

"That was a real positive thing for her. It was the most she had ever attempted," Smith said.

Cummings also had six aces for the night while the entire team picked up 14.

Asaka Motovama collected 14 kills, while Roseann Sumpter added 12. Laura Porterfield and Aimee Hayden both picked up six kills and Maria Wordhouse had seven.

"Now they have a taste of what they can really do," said Smith.

The Rocks are currently 10-9 overall and 4-6 in the league.

With only three more regular games left in the season the Rocks are eyeing the Western Lakes Activities Association (WLAA) conference meet, which will be on Saturday, Feb. 27.

Smith also said she isn't real concerned with the squad's record just as long as the Rocks are ready to play at the end of the year when it really counts, in conference and district action.

Salem will take on Westland John Glenn tonight (Feb. 17) at its home gym. Match time is set for 7 p.m.

Coaches needed for PCHA

Coaches applications are currently available for the 1988-89 season with the Plymouth-Canton Hockey Association (PCHA).

Coaches will be selected at a special meeting on Monday, Feb. 22 in the Plymouth Cultural Center. The meeting starts at 7 p.m.

For those residents interested in applying for a position call 397-5110.

The applications will be reviewed by the board of directors during the meeting. New applicants are requested to be present for the meeting.

The association is also taking applications for nominations to be elected and appointed offices. The elections are set for Monday, Feb. 8 at the Cultural Center.

Salem kick team gets ready indoors

BY MARTY TUNGATE

How do Centennial Educational Park (CEP) teams get ready for a season?

Well, they begin their workouts months before their first game. They try as much as possible to get into the element of the sport they will play.

It could be on the basketball court or on a wrestling mat, or on a volleyball court.

But the spring sports teams have the least amount of time to prepare in under natural conditions. Due to Michigan's cold winters, the spring teams have to find other means to get into shape.

So how do they do it?

The baseball and softball teams usually toss the ball and swing the bat in a gym or at a batting cage, the track teams will find an indoor track, and

Salem's indoor soccer squad takes a break in Canton's soccer dome. (Crier photo by Mary Tungate.)

the tennis teams can be found at indoor clubs working on their backhand.

And the soccer teams find a dome.

Both Salem's and Canton's girls soccer teams get involved in public leagues, where they can get that all important touch back, but is it the same?

The reigning state champion Salem girls soccer team, has gotten together with coach Larry King in two indoor sessions to try and fine tune that winning skill.

The girls have been working out since November, when the first indoor soccer session begins. The Rocks played at Total Soccer, in Farmington, and captured first place in session one.

The second session, the winter session as it's more commonly known takes place at the Canton Soccerdome.

Please see pg. 28

Rocks, Chiefs in district competition

BY MARTY TUNGATE

Both the Salem and Canton boys wrestling teams made it through the districts, and qualified team members to the Class A regional meet Saturday.

The Rocks will be sending five of their grapplers and the Chiefs will be sending three of their grapplers to the regionals.

The regional tourney will be held in the Salem gym on Saturday, Feb. 20 beginning at 10 a.m. An all-day ticket is going for \$3.

Jeff Delbeke, of Salem, qualified for the regionals with a second place finish in the 105-pound weight division.

Dave Mang, another Rock grappler, qualified for the regionals with a third place finish at 112 pounds, while teammate Todd Bourlier finished fourth at 119 pounds to make it to the regionals.

Mike Schumate, at 126 pounds, will also be representing the Rocks in the regional. Schumate finished third in the district competition.

Steve Burlison will round out the Salem five for the regionals, as he finished fourth at 155 pounds.

"These are good kids. I would have liked to have seen four more of our team qualify, but the formula they use to determine who wrestles who is different, and some of our better kids got knocked off early," Salem head coach Ron Krueger said.

The Rocks finished up their dual meet season with a 9-4 overall mark.

"The regional meet seems to always hold surprises," Krueger added. "You never know what's going to happen in the regionals, but I hope to get at least two of our wrestlers to the state meet. That's my goal."

The Canton grapplers who will be

Mike Smith, of Salem, wraps up his opponent during district action on Saturday in the Rocks gym. The Rocks

qualified five team members to the Class A regionals. (Crier photo by Chris Farias)

representing the Chiefs at the regional meet have a shot of all going on to the state meet, according to coach Rick Menoch.

Tom Flores, of Canton, qualified for the regionals after finishing first at 98 pounds last week.

Teammate Liam Rentz also qualified for the regionals at 132 pounds. He

finished second in his weight class.

The final Canton grappler to qualify for the regionals will be first year varsity wrestler Jerry French. French qualified in the heavyweight division with a second place finish.

"If our kids win their first match they all have a good chance of advancing to the state meet. The first

match is very critical to their success," Menoch said.

Rentz, one of the Canton qualifiers, is only a freshmen. He shattered the school record for most pins, by a freshmen with 26 this year. Menoch couldn't even recall the old record, but he said it's below the 20s.

Another school record fell this season at Canton, as Flores broke the mark for most pins in a row with 17. Flores topped the old mark of 16 in the districts.

The Chiefs finished their regular season dual meets with a perfect record as they went 9-0 overall and 7-0 in the Western Lakes Activities Association (WLAA).

"We couldn't have had a better year," Menoch added. "Four years ago we went undefeated, but the Western Division is more balanced now, and the teams just keep getting tougher every year."

Grad honored

Annette Ruggiero, a Canton High graduate, was recently named one of the top scholar-athletes at Colorado State in Fort Collins.

Ruggiero has earned a 4.0 grade point average this year. She is studying finance and real estate.

Ruggiero, from Plymouth, starts with the Colorado State women's basketball team.

Salem's Brian Burlison tries to keep from being pinned by a Livonia Stevenson grappler in district action. The

regionals will be held at Salem Saturday Feb. 20. Admission is \$3. (Crier photo by Chris Farias)

Kick course for women

Future soccer players can learn the basic skills and rules of the game in a six-week course being offered through the Plymouth Parks and Recreation Department.

The course is offered for women who are interested in learning the game. The recreation department said it is "ideal" for mothers with children just starting soccer or anyone looking for exercise.

Joe Barbario, a Class D state licensed coach, will lead the course. Campers will learn ball control, passing, trapping, shooting, goalie and defense skills, and participate in scrimmage games.

The cost is \$20. Registrations will be taken at the Plymouth Recreation office at the Plymouth Cultural Center during regular business hours (8:30 a.m.-5 p.m., Monday through Friday).

For further information call 455-7443 or 455-6620.

Now 7-2 overall

Canton gymnasts battle

BY MARTY TUNGATE

Canton High's girls gymnastics team took second in a tough non-conference double dual meet Saturday.

The Chiefs racked up 127.2 points, but that wasn't enough as Freeland High School topped the Chiefs with a 135.20 points, and Vaser, which was the third team in the meet, ended up third with 121.5 points.

"I like the girls to see what other competition is out there out of the WLAA (Western Lakes Activities Association)," said Canton coach John Cunningham.

The Chiefs went into the meet without two of their standout gymnasts, as MaryJo Charon and Maureen McLean were unable to attend the meet.

Darcey Gignac of Canton helped pick up the slack on the vault, as she placed third with a 8.3 score, while teammate Heather Murphy also placed third on the uneven bars with a 7.6 score.

Murphy captured top honors on the balance

beam for the Chiefs, as she took first with a score of 8.1, and teammate Sharon Moran placed third on the beam with a 7.95 score.

Murphy was once again in the top three, as she placed third on the floor exercise with an 8.25.

The all around score saw Murphy take third with a 31.85, and teammate Gignac finish fourth in the all around with a 31.25.

"This was a good meet for us. We had good routines," Cunningham said. "I thought our routines should have scored higher than they were, but the judging was a bit strange."

The Chiefs are 7-2 overall right now and 5-1 in the conference.

"I was very pleased with the girls' performance," Cunningham said. "I don't mind losing to a great team like Freeland. They usually are the state champs or the runner up."

The Chiefs will be in action this weekend in the Freeland Invitational. The Canton-Salem match-up, which was to have taken place tonight has been moved to Monday, Feb. 22. Start time is 4:30 p.m.

Applications available for Symonds award

Applications for the Jim Symonds Memorial Athletic Scholarship are currently available through the Plymouth Parks and Recreation Department at the Plymouth Cultural Center.

The applications are also available at The Community Crier office at 821 Penniman Ave.

One \$500 scholarship will be awarded to a qualified student for the fall of 1988. It will be awarded based on academic achievement, financial need, personal interview, references and application information.

The minimum qualification for the scholarship is at least two seasons in

one of the following programs: Plymouth-Canton Junior Baseball, Plymouth-Canton Junior Football, Plymouth-Canton Junior Basketball, Plymouth-Canton Hockey Association, Canton Soccer Club, Plymouth Soccer Club or Plymouth-Canton Junior Football Cheerleading.

The applicant must also be at least a high school senior or a current college student.

A personal resume, a letter of recommendation and the student's latest transcript must accompany the application.

Application deadline is March 31.

Two scholarships were awarded last year from among 15 applicants.

Indoor style

Continued from pg. 2

The Rocks are currently undefeated in the winter session there and look to be regaining that state champion form.

But does playing indoor with a smaller goal, smaller field, less players on the field and artificial turf get the girls ready for the season?

"I think it really helps us out. It gets you playing as a team again and you get use to your teammates," Jill Estey said. "It helps me out."

"I feel it's a good way for the girls to get back in shape. They're out running for five to seven minutes," King said. "It's also a good tool for the girls, as they get to work on the technical aspect

of the game. They get use to using their feet again."

The indoor game has its advantages, but the regular season coaches cannot get involved in any way.

"Ken (Johnson, Salem's girls coach) just sits up in the stands and watches. He has to keep his mouth shut, which is hard sometimes when he wants to help," King said.

The regular season coaches are kind of glued to the bleachers, but indoor soccer gives them a chance to look at different line-ups and it also gives them a chance to look at new girls who are trying out for the team in the spring.

"I like indoor soccer. I can watch the girls and see what they're doing, and use it when the season starts," Johnson added. "We also have such a short time to make cuts when try-outs start. This gives me a chance to look at our skills, because we probably won't be on a real soccer field until just before the season starts."

Indoor soccer also gives the players and coaches a chance to see the other teams and players so they will have a good idea what to expect when the season starts.

"I like seeing what my opponents will have for the next season. It's a good way to scout the other team," Johnson said.

What about the disadvantages?
 "You see a lot of injuries in indoor. The girls hurt their knees, or an elbow when they get slammed into the boards. It gets like hockey out their sometimes," King said.

The indoor field is just about the same size as a hockey rink, and there are wooden boards and fiberglass along the side to keep the ball in.

"I hate indoor soccer. It helps me improve my timing, but otherwise it's a dangerous game," Salem goalie Ellen Schankel said.

So it appears the coaches have thought of everything to get their teams ready for the regular soccer season -- with domes and indoor surfaces players and coaches get a slight jump on the spring season.

Young business women of the year

The four candidates for Plymouth Business and Professional Women's "Young Career Woman of the Year" honor are, from left: Nancy Payne, Donna Paz, Andrea Kotch and Laura Fallon. Kotch, a financial planner/account executive for Prescott, Ball and Turben, Inc. in Plymouth, was named Young Career Woman of the Year at the BPW's banquet Monday night. Payne is a clinical nurse manager for Catherine McAuley Health Center in Ann Arbor. Paz is product manager of University Microfilms International in Ann Arbor. Fallon is sales supervisor for Omnicom of Michigan, Inc. in Canton. (Crier photo by Chris Farina)

Public notices

NOTICE OF INTENT

The Charter Township of Canton is currently reviewing plans to modify the floodway associated with the Tonquish Creek. It is intended that the proposed modifications would be constructed by Lewiston-Smith Realty Corporation as part of the Phase II Pilgrim Village Apartment Project located west of Lilley Road and north of Warren Road. The modifications would consist of over-bank excavation on the east side of the Tonquish Creek for a distance of approximately 900 feet west from Lilley Road.

Please contact the Canton Township Building Engineering Department, Aaron Machnik, 313-397-1000, for further information.

NOTICE TO BIDDERS

NOTICE IS HEREBY GIVEN that the Charter Township of Canton, 1150 S. Canton Center Road, Canton, Michigan will accept sealed bids up to 11:00 a.m., March 2, 1988 for the following:
LEASING OF 100 GOLF CARS

Specifications are available at the Office of the Clerk or Parks and Recreation Department. The Township reserves the right to reject any or all bids.

Clerk

Canton grows on Haggerty

BY DAN NESS

The skyline of Canton is changing, and nowhere else is it changing more than along I-275 and Haggerty Road.

The new Toys R Us warehouse, on Koppnick and Haggerty roads, is nearing completion, according to David Nicholson, Canton director of community and economic development. That 400,000-square-foot facility was inspected by the fire marshall about six weeks ago, Nicholson said, and it may be ready for operation sometime in June.

"They're anxious to use it as soon as they can," Nicholson said.

Meanwhile, Kirco Realty and Development Ltd. is planning to build a 100,000-plus-square-foot warehouse and office on Haggerty Road, one-quarter mile north of Ford Road,

Nicholson said.

There had been plans to go with a smaller light-industrial building at one time, but Kirco decided against that, Nicholson said. "The site plan that has been approved is for a warehouse," he said.

Kirco Realty is currently talking with prospective tenants for the warehouse facility, Nicholson said, but he declined to name any of the parties.

The 72,000-square-foot Meer Dental Supply headquarters is under construction on the west side of Haggerty Road between Koppnick and Warren roads, Nicholson said. Meer, which is a full-service supplier of dental supplies to the dental industry, is a family-owned and operated business, Nicholson said.
