When completed, the Wyandotte carriage factory will give employment to about 400 men, 90 per cent of them well paid mechanics.

The D. P. & N. company has done a good job in this town by grading down the hills at Will Ambler's and the Benton hill just south of that. The same work would have cost the town a good round sum of money but this is one thing at least that the railroad company gives the township for nothing.—Northville Record.

Dick Skelton takes the belt for hauling the largest load of beans to the Model elevator this season. He was not satisfied with the first haul which weighed up 104 bushels, so next load he stacked on 54 bags, which weighed at 117 bushels. He received for his load over \$112. His team is a fine span of percherons that will weigh over a ton and a half.—South Lyon Enterprise.

The Wayne County Teachers' association will meet at Belleville Nov. 4 and discuss "Teaching of reading in the eight grades," "Nature study in the grades," "How to manage restless and disobedient children," "How to use papers for current event." The speakers will be Wm. Lightbody, Fanny Begole, George Rogers, G. R. Brandt, Fred Corbett and Grace Houghton.

Railroad Commissioner Osborn Monday issued the statement showing the earnings of Michigan railroads for the month of August. The aggregate earnings for the month were \$3,407,477.80, as against \$2,431,348.50 for the corresponding month of 1898, the increase being \$976,129.30. The total earnings for the eight months of 1899 ending August 31, were \$22,949,102.57, as against \$20,904,939.60, a gain of \$2,044,162.97. The per cent. of increase is 11.35, and indicates a gain of over \$3,000,000 for the year.

Banking Commissioner Maltz has issued a statement showing the condition of the 187 state banks and three trust companies at the close of business Sept. 7, the report being issued fully a week earlier than usual. It makes a fine showing, compared with the Sept. report for 1898. The increase in loans, discounts, stocks, bonds and mortgages is \$11,046,351.48, or about 15 per cent. The deposits have increased \$14,742,858.67, or about 17 per cent. In comparison with the year 1898, which was the best year previous to the panic, there is an increase of \$26,118,632 in deposits.

At its regular meeting at Ann Arbor Monday night the Washtenaw County Medical Society discussed at length the project of attempting to secure the location of a new state insane asylum here. A committee consisting of Judge Newkirk and Drs. Darling, Spitzler, Breaky and Wessinger was appointed to arrange for a citizens' meeting, which will have for its main purpose the passing of resolutions and addressed to the board of corrections and charities, asking them to establish such an asylum here. It is thought that the crowded state of asylums causes the board to look with favor on locating another asylum at Ann Arbor.

Last winter several salesmen canvassed a portion of Washtenaw County, selling bolts of cloth at greatly reduced prices, the purchasers giving contracts to pay for same, to be due at a certain time. It seems that the contracts signed by the ones buying the cloth were nothing more nor less than notes, which were sold to innocent parties, who are now demanding their pay. It is said that the number of yards of cloth fell short of what was claimed to be in each bolt. Many of the farmers who made purchases have employed legal counsel and will endeavor to get out of paying for the cloth, while others have settled at 50 cents on a dollar. This is another instance of where it would have been much better had the purchasers bought

Four young men were out for a ramble last Sunday afternoon and were shooting a revolver while walking along the D. G. R. & W. railroad track, finally the weapon failed to discharge and as Frank Farrell was examining the pistol it was accidentally discharged and Fred Peterson was killed almost instantly. Frank Farrell, Arthur Perry and Thornton Gohanna were with young Peterson at the time of the accident.—Howell Herald.

Three alleged burglars, Murphy, Muller and Cavanaugh, broke jail at Howell Sunday night and are still at large. They were bound over and awaiting trial at the November term of court for breaking and entering a store at Anderson, Livingston county. They made their escape by sawing the bars off the grate which covered the ventilating flue from the cell into the corridor of the jail proper and cutting the tin or sheet iron on the corridor side of the brick wall that let them into the hall way and from there they went out the kitchen door, which was unlocked with a key. The only tools found were an old case knife with saw teeth and a pair of barbers' shears, which the sheriff had lent them to cut hair with.

A thief entered Harmon Roe's house last Monday noon, while the family were at dinner, went up-stairs and went through a pair of trousers belonging to Hiram Roe, from which they took a pocket-book containing about three dollars and a bunch of keys. He must have been frightened away, as he overlooked a gold watch and a ring.

Obituary.

Harriet Owen was born in Geneva, Ontario county, N. Y., Dec. 20, 1806, and died Sept. 28, 1899, aged 90 years, 9 months and 7 days. She was baptized and became a member of the M. E. church at Sodus Point, N. Y., at the age of 12 years and ever remained a true and faithful member. She was married to Wm. Batty of England, in 1833, coming to Michigan in the same year and settling in Monroe county, in which county she lived until '64, when her husband died. She then removed to her eldest daughter's, Mrs. O. Harryman, at Flat Rock, where she resided until the fall of '87, when she came to Mrs. Spencer Harmon's, another daughter, in Canton, and where she lived until her death. She was the mother of nine children, four of whom are now living. Here has truly been a beautiful Christian life. She had reached that time in her Christian experience that nothing moved or disturbed her peace of mind, and she had that peace that passeth understanding. She had truly become perfect in patience, wanting in nothing; and though we miss her dear face, we cannot, neither had we ought to, mourn as those without hope, for our loss is her gain. We know her life is hid with Christ in God.

The funeral occurred Saturday afternoon last, at the house, Rev. W. G. Stephens officiating. The remains were laid to rest in Plymouth cemetery.

It Lifts You Out of Bed.

Inflammatory Rheumatism is a very severe disorder. The patient is often unable to move, and sometimes cannot bear to have anyone walk across the room. Even the slight weight of a thin sheet is painful. Ath-lo-pho-roz expels the uric acid from the blood, stops the pain, sets the patient out of bed on his or her feet, gives an appetite, and brings back health again. Can it do more?

Butte, Montana, July 6th, 1898.

Gentlemen: I had a severe attack of Inflammatory Rheumatism last winter and used various remedies with the effect that I constantly grew worse, until I could hardly move in bed. At this stage a friend called and recommended Ath-lo-pho-roz. After taking one bottle I could have walked to the store for the second bottle. The effect of the medicine in my case was marvelous. I took altogether six bottles, and am able to be about and do light work. Very truly yours,

W. C. T. U.

Twelve members of the Plymouth W. C. T. U. attended the Washtenaw county convention, held Thursday, September 28th, in the Congregational church of Salem, and all report an excellent time. Those who attended were Mesdames Hill, Frisbee, Beals, Patterson, Crane, Lyon, McLaren, Wright, Durfee, Peck and the Misses Pelham.

The convention was one of great interest and profit. The Unions were well represented and all reported good work done during the year. Through the influence of the Ann Arbor W. C. T. U., that city now has a fine drinking fountain placed at the corner of one of the principal streets. The Union sent petitions for three years to the council and even circulated house to house petitions before this fountain was secured. People eagerly surround it and greatly enjoy the water. The clerk of the city states that this is only the beginning, as other fountains will be placed.

Most of the Unions hold "Mother's Meetings," and nearly all have a Flower mission department, sending flowers to the sick and poor and presenting bouquets to the trainmen. Literature and clothing had been sent to the lumber camps and sewing done for the poor.

Free Parliament, "Outlook and Needs of the Hour," led by Mrs. Jennie Voorhies, proved very interesting. The temperance question, with its encouragements and its discouragements, was freely discussed by all. Some of the encouragements: Temperance instruction in the public schools, thus our youth are becoming educated to the effects of alcohol upon the human system. Work among the lumbermen and work among foreigners just landed. Change in public sentiment. More favorable attitude of the press. Change in social customs, wine on New Year's day now unknown in many cities. Temperance sentiment has advanced and parents now appreciate the danger to their children in using liquor. Unfermented wine now used in many churches.

Some of the discouragements: Drunkenness among boys. Desecration of the Sabbath day. The influx of foreigners with their foreign customs. Amount of liquor sent from the United States to Cuba and the Philippines.

Needs of the hour: The ballot for woman. Education and agitation. Loyalty to Christ.

A paper on "The Needs of the Hour," by Mrs. Helen Thompson, of Salem, was greatly enjoyed by all. It contained many beautiful thoughts, clothed in the choicest language.

The evening meeting was of special interest. Brief and pleasing addresses from the W. C. T. U., of Salem, and its churches, gave hearty welcome to the convention. Several recitations were finely rendered, and the address by Mrs. Annie Andrus, of Detroit, contained much food for thought. Mrs. Andrus stated that she had in her possession a paper 78 feet long and 5 columns wide, made up of clippings collected in one year from Detroit papers only, of crimes committed by persons under the influence of intoxicants. This paper has been seen by some of the members of Plymouth W. C. T. U., as it has been exhibited at a state convention. \$12,000,000 goes annually for drink and \$8,000,000 for tobacco, a sum which, turned into the proper channel, might be a blessing instead of a curse to humanity." Mrs. Andrus' address was brief, and fraught with great interest.

The entire convention was most enjoyable, especially the hearty welcome accorded by the W. C. T. U. of Salem.

HOW TO FIND OUT.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

WHAT TO DO.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. At druggists fifty cents or \$1.

You may have a sample bottle and a book that tells more about it, both sent absolutely free by mail, if you send your address to Dr. Kilmer & Co., Binghamton, N. Y. When writing be sure and mention that you read this generous offer in the Plymouth Mail.

SCHOOL NOTES.

The furnaces at the school house have lately undergone extensive repairs, and now are in good working order. About 8000 pounds of castings were needed to replace those burned out, and much of the pipe was found to be burned and rusted out also, so that it took the workmen a week to make the repairs.

A foot-ball team has been organized in the high school and the boys have begun practice.

The Teachers Association of Wayne county will feel very grateful to County School Commissioner Yost for his endeavors to save their paying association fees. He has arranged with State Superintendent Hammond to pay all incidental expenses of the County Teachers Association out of the Institute Fund, thereby giving superintendent,

principals and high school teachers, who do not feel the need of the academic work done at the Summer Institute some remuneration for their Institute fees, and at the same time relieving district school teachers of the necessity of paying association dues.

This shows what thousands have proved—that Electric Bitters is the best blood purifier known. It's the supreme remedy of eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion, builds up the strength. Only 50 cents. Sold by John L. Gale, druggist. Guaranteed.

Zenas Blakely, who is at Harper Hospital, having had an operation performed, is getting along nicely.

Louie Reber moved into his new shop Monday. It is a neat little shop and with his new gasoline lamps burning it makes a fine addition to our end of the town.

The D. P. & N. electric road planked about 40 feet of their track on each side of the D. G. R. & W. tracks this week. They also planked the Horace Smith corner.

An alarm of fire was turned in from the Baptist church about 4 o'clock Saturday afternoon, the fire originating from a chimney in the building used as a cooper shop and owned by Mrs. L. M. Stevens. A hole about three feet square was burned in the roof, but no further damage was done. The Phoenix and Royal hose companies quickly responded to the alarm, but were not needed as the fire was put out with a few pails of water.

Harry Willett was found dead in bed by his sister last Tuesday morning, having passed away during the night. He had been troubled for the past three years with heart disease and it finally was the cause of his death. He was born Dec. 25th, 1871. He was a member of the Maccabees and that order attended the funeral at the house yesterday afternoon in a body, Rev. W. G. Stephens officiating. Deceased was a young man much esteemed by his associates and friends in the community.

Some Sneak Thieves.

A fellow was in the village Monday selling court-plaster, going from house to house. He stopped at the residence of Mrs. Chase, where Misses Bailey and McLaren have rooms up-stairs. Mrs. Chase was out in the yard, which the fellow saw as he came in. He entered the front door and walked straight up-stairs, going to the front room. The mother of Miss McLaren is stopping with her daughter for a few days, being at the time in a back room. Hearing some one come into the rooms, she supposed it was Mrs. J. D. McLaren, whom she expected, and for a few moments paid no attention to the occupant. After a time, however, she entered the front room, and was considerably frightened to find a fellow standing in front of the dresser in the bedroom.

Upon enquiring what he was doing there, he offered to sell her some court-plaster and then started down stairs on a run. A number of rings belonging to the young ladies lay in a tray on the dresser, and these had been spread out by the man, but the opportune entrance of Mrs. McLaren probably prevented his taking them. It was certainly a bold operation and it is to be regretted that officers were not notified and the rascal apprehended.

The store of John L. Gale was entered Sunday night by some one that was well acquainted with the premises, but Mr. Gale says as far as he can tell nothing was taken. The basement door is fastened by a wooden bar running in front of it and resting in iron sockets. The thief bored a couple of holes in the door, split out the intervening piece and it was easy to raise the bar and come in. The next door was fastened with a bolt and this was pushed in and broken off. The door at the top of the stairs was locked with a key. Here holes were bored through the door, a space being provided large enough to reach in and take the key out of the lock and insert it on the other side. The whole thing was carefully planned and it would appear to be the work of an "old hand." The cash register was opened and a few cents remaining in it over night were taken. It is believed the thief was frightened away before he succeeded in finishing his work.

Does It Pay to Buy Cheap?
A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible; if not possible for you, then in either case take the ONLY remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Bocher's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease, but allays inflammation, causes easy expectoration, gives a good night's rest, and cures the patient. TRY ONE BOTTLE. Recommended many years by all druggists in the world. Sample bottles at Geo. W. Hunter & Co's.

The Mail stated last week that President Starkweather and Clerk Baker were in Detroit. The object of their visit was to consult Attorney George Gartner with a view to securing an injunction against the D. P. & N. Ry. Such a bill has been filed by the Attorney and it alleges that the railroad company has failed to comply with the terms of the ordinance granting it running powers through the village. It is averred that defendant has failed to lay planks between the rails, or outside of them; that it has not graded the streets where cuts were made, except on a small portion near the northern terminus in the village; that the crossings of intersecting streets are not planked; and that a number of cross-walks cut by defendant in laying its tracks were left in an unpassable condition. The complainant asks that the defendants be enjoined from running their cars in the village until the planking provided by the ordinance is done, and that defendants be commanded to plank and grade the roads as provided by the ordinance. An order to show cause was made, returnable October 6, before Judge Carpenter.

Thos. Patterson is a great sufferer from rheumatism and recently went to Detroit to be treated by Prof. Wiechers, who claims to cure everything and everybody by the "laying on of hands." A week's treatment at considerable expense resulted to no good whatever for Mr. Patterson and he came home.

As William Promershankle, of Canton, was driving down Main St. yesterday he locked wheels with another driver, flipping his cart over and throwing him out. The horse became frightened and ran down the street and jumped over the iron hitching post into the park, where he succeeded in getting loose from the cart, which was but slightly damaged. The horse was captured on Ann Arbor street.

Go to Huston & Co.'s for Cole's hot blast soft coal heaters.

It is nearly time for the annual meeting of the county board of supervisors, at which a county auditor is to be elected to succeed Lou Burt. We understand there are several candidates on both sides of the political fence, but it is probable Burt will succeed himself. He is a hustler, and has done much for the party which he represents. The Republicans are in the majority on the board, and it is thought that there will not materialize any decided opposition.

—Some more new hats just received at Mrs. C. O. Dickerson's.

About 40 attended the Epworth League business meeting held at H. Jolliffe's Monday night. It was also decided to give a public reception for Mr. Stephens and his family at the M. E. Church on Friday evening, Oct. 13th. After the business meeting a fine program was rendered and refreshments served and a very profitable and enjoyable time is reported by all.

Died Suddenly.

Mrs. Cynthia M. Duntley, an old resident of this village, died suddenly of heart failure last Friday afternoon, while visiting her daughter, Mrs. Cameron, at Traverse City. She had not been feeling well that day and remained in her room. At tea time Mrs. Cameron went up and found her dead in bed. The remains were brought here for burial Saturday evening, accompanied by her daughter. The funeral took place Monday forenoon from her late residence in the village, Rev. W. G. Stephens conducting services.

Mrs. Duntley was born in Canton township Feb. 10th, 1828. She lived there until her marriage with Sylvanus R. Duntley, in 1850, when they removed to Ionia county. Her husband died in 1865, while serving in the army, and after his death she came to this village where she has since resided. Three children were born to her, Alfred S. of Grandin, Dak., Mrs. Lottie F. Miller, of Flint, and Mrs. Imogene Cameron, of Traverse City, all of whom were present at her funeral. Deceased was a lady highly respected in the community in which she had so long lived.

REDFORD.

Redford fair has again become a thing
of the past. Although the spirit of local
pride in having a fine display of
agricultural effects seems to be sadly
on the wane, nevertheless, as a place of
social reunion its value has increased
greatly. The crowds that gathered up-
on the grounds Thursday were larger
than those of any previous year; but it
is evident that if the managers wish to
obtain exhibits which will reflect credit
upon themselves, they must make it
more of an object to exhibitors by in-
creasing the premiums.

Discovered by a Woman.

Another great discovery has been made
and that, too, by a lady in this country.
"Disease fastened its clutches upon her
and for seven years she withstood its
severest tests, but her vital organs were
undermined and death seemed im-
minent. For three months she coughed
incessantly, and could not sleep. She
finally discovered a way to recovery by
purchasing of us a bottle of Dr. King's
New Discovery for Consumption, and
was so much relieved on taking first
dose, that she slept all night, and with
two bottles has been absolutely cured.
Her name is Mrs. Luther Lutz. Thus

The town officers are improving the
town hall wonderfully by having it
painted.

Johu Nash and Fred Schrader at-
tended the Redford fair one day last
week.

Miss Jennie Lever has returned from
Grand Rapids.

W. P. Dicks is entertaining company
from Detroit this week.

The younger son of W. P. Dicks is
having a serious time with his hand,
which was caused by a running a
sliver in it.

Misses Jennie Lever and Carrie Ste-
vens were in Detroit Wednesday.

BEECH.

Beech has a little boom of its own at
present. There isn't a vacant house in
town. A saw mill has struck the burg
and we stand a good show of getting a
stave mill here, if the farmers will sell
their elm timber. A northern firm has
an option on the Wolforn mill prop-
erty and a representative of the firm has
been here a week now trying to buy
timber.

James C'oley was in town this week
for the first time since his sickness. He
is improving slowly.

Farm help hasn't been so scarce in
years around here, as it is this fall.
There are a good many farmers who
cannot get their work done on account
of the scarcity of laborers.

Judson Perry has finally got his po-
tato digger where it will do perfect
work. He tried it this week in Silas
Norris' potato field, and they report it
doing better work than any digger that
has ever been in this neighborhood.

They went over the ground with a
hook after the machine got through
with it and could not find a potato that
wasn't uncovered. Mr. Perry has
worked at his machine 12 years and he
certainly ought to be entitled to success

home in Shiawassee county on Satur-
day morning, where he will remain two
weeks, when, with his two sons and
daughter, he will return to his home in
Newburg.

We understand that Z. Woodworth
has purchased the farm on the corner
from Mr. Kolmorgan. We are very
sorry to lose Mr. Kolmorgan and fam-
ily, as they have always been the best of
neighbors.

There was quite a large attendance
at church last Sunday. We were pleas-
ed to see so many strangers, all of
whom we would cordially invite to
come again, and we will try to do you
good.

Tuesday morning all postmasters in
Uncle Sam's domain have to commence
weighing and classifying all mail orig-
inating at their respective offices, and
continue for thirty-five successive days.

E. J. Norris returned home Tuesday
evening from a visit to his sick brother
Mrs. T. Kerr spent Saturday and Sun-
day with friends in Detroit.

CHERRY HILL.

Milton Huston and Thomas Gunn
are attending the Normal College.

Stillman Cobb, a life long resident,
died last Sunday aged 76 years. The
deceased was one of the most faithful
and constant Christians ever known in
the history of the church here, of which
he has been a member for 55 years. He
was not gifted with power of oratory,
but his christianity consisted of works
and example. He was a successful
farmer and always gave liberally for
christian purposes. He was a kind,
conscientious neighbor, and an affec-
tionate husband and father. A widow
and two children are left to mourn their
great loss. The funeral was held at
the church Tuesday and the remains
were followed to their last resting place
by a large concourse of relatives and
friends.

It is not all fair sailing for the pro-
posed milk skimming station, though
its final success is quite certain. The
location has been secured and nearly
the required amount of stock has been
pledged, but cows are not quite as plenty
as was expected. Farmers should
bear in mind that by giving this milk
question the proper consideration they
will not only become owners of a fine
herd of cows, but will raise more grain
per acre. The milk industry is also
said to be a great mortgage lifter.

LIVONIA CENTER.

Severe frosts Saturday and Sunday
nights made the farmers think of extra
help to harvest apples and potatoes be-
fore being caught again.

The infant child of George and Belle
Fisher died Tuesday night and was
buried Thursday. The poor little fel-
low struggled hard for his life, but af-
ter some two weeks' suffering with
cholera infantum, he succumbed.

Mrs. Emory Millard is gaining nicely
now under the treatment of Dr. Oliver,
of Plymouth, and Mrs. Levan as nurse.
The patient's mother, Mrs. Durham, of
Redford, spent three days with her this
week.

Jack VanHouton is entertaining a
brother-in-law from Gratiot county—
Mr. Losey.

Mr. Beatty, of White Lake, was the
guest of Tom Grant last Sunday.

Will Gaschow's horse met with quite
an accident at the Redford fair last
week. He was in the running race,
when he became frightened and ran in-
to the fence, tearing his breast quite
badly. He is now under treatment of
Veterinary Grainger, of Plymouth.

Every one that can find time to go to
the city now days, seems to take in a
load of apples, as there is a great crop
in these parts.
