PLYMOUTH, MICH., FRIDAY, NOVEMBER 4, 1910

WHOLE NO. 1210.

Quality, Accuracy, Full Measure, eh?

Well now, really, these are the very elements that have characterized our business ever since its birth, ten years ago; though an innate modesty precludes any attempt at vociferous self-aggrandizement on our part. We prefer that our patrons judge for themselves.

10% Discount for Cash, How Can We Afford It?

Well, you see, under the credit system, prices are established by first considering the cost of material and operating expense, to which is added 10% to cover the inevitable loss which accrues through the other fellows' failure to pay. WE give that 10% to YOU, because you pay cash, and no loss results. Catch the point? Keep it in mind.

Fire at the Plymouth House

People at the Plymouth House about 7:15 o'clock Monday morning noticed smoke creeping up from the basement through the floors. Promptly investigating, a merry blaze was discovered going on that threatened to become serious. A fire alarm was turned in and the fire department soon had a stream playing on the fire, which by this time had made quite a headway, creeping up above the first floor into the rooms. It was soon extinguished, however, with a loss of perhaps several hundred dollars. The fire originated in some way about the furnace, and had there been any "draft" in the cellar might have resulted much more seriously.

"I do not believe there is any other medicine so good for whooping cough as Chamberlain's Cough Remedy," writes Mrs. Francis Turpin, Junction City, Ore. This remedy is also unsurpassed for colds and croup. For sale by all dealers.

OBITUARY.

John Krumm was born in Teitdsleben, West Prussia, Germany, on the third day of March, 1852. He was baptized and confirmed in the Lutheran faith at the home of his birth. In the year 1870 he left the old Fatherland and came to America. On Oct. 28th, 1871, he was united in marriage with Friedericks Meining at Farmington, Mich. Their first residence was near Northville, where he lived about 2 1/2 years. Later he moved to Livonia township, where he lived practically all the time until about two years ago, when he came to Plymouth village, at which place he passed away upon his wedding anniversary. He is survived by his widow, 9 children, 5 sons, Harmon and William of Detroit, Louis, John and Albert of Livonia, 4 daughters, Mrs. Almer Fischer of Detroit, Mrs. Frank Ray of Plymouth, Martha and Lily; 17 grandchildren, one sister, Mrs. Baumann of Livonia, and a brother and sister in the old country. He attained the age of 58 years, 7 months and 25 days. Deceased was for many years a member of the German Lutheran church of Livonia Center, but after his removal to Plymouth he became a voting member of St. Peter's Lutheran church here, which church loses in him one of its respected members and Christians. Funeral occurred from the church and burial in Riverside cemetery Sunday afternoon, Rev. O. Peters officiating.

FRIDAY, NOVEMBER 4, 1910.

Wedemeyer for Congress.

Mr. Wedemeyer has been making a strong and effective canvass. His last speech of the campaign will be made at Jackson, November 7th, the night before election, with Hon. Charles E. Townsend. Not only is Mr. Wedemeyer receiving the enthusiastic support of the members of his own party, but members of other parties also, realizing his worth and just claims to recognition, are giving him help and will vote for him in large numbers.

William W. Wedemeyer is a progressive, capable, self-made man. He has every qualification for the position he seeks, and when elected, as he undoubtedly will be, he will prove himself a splendid congressman and a true representative of the interests of all people.

Mr. Wedemeyer's past record gives assurance that his promises will be carried out. He was born and reared on a farm, had to make his own way in the world and naturally has an intimate acquaintance with the needs and desires of the masses. He got into politics soon after leaving the university, and from one end of Michigan to the other he was recognized as an effective advocate of the reforms in corporation taxation, which have brought millions into the state treasury. Other reforms along the same line must still come.

Otto Stoll "Made Good."

Otto Stoll, who was nominated on the Republican ticket for Register of Deeds for a second term without opposition, we believe has "made good". Two years ago he promised the electors that if he was chosen as Register it would be his earnest endeavor to run the office as economically as possible, consistent with good service. The records of that office show that the volume of

business has increased nearly one-third during Mr. Stoll's incumbency, which has been cared for without any increase in numbers of employees, thus placing the office practically upon a self-sustaining basis. There was a time when it cost the tax-payers of Wayne County nearly \$14,000.00 in excess of fees received to do what Mr. Stoll and his able force are now doing without any extra expense to the tax-payers. As regards the quality of work done in this office Mr. Stoll has received complimentary letters from every State and Private Bank in Wayne County without exception, complimenting him upon the manner in which the business of that office has been transacted.

Hubert Has Many Duties.

When considering the qualifications of an aspirant for office the voter should first of all know that the aspirant is willing to work hard for the body politic and further that the aspirant is capable of conducting the office at a minimum of expense. Judge Henry S. Hubert has proved in the short time that he has been associated with Judge Edgar O. Durfee, he has both qualifications. Office hours in Judge Hubert's court have extended from seven o'clock in the morning until as late as

eleven o'clock at night. The question of time has been eliminated in his case, his only thought having been "Is there any work left undone?"

As a Probate Judge he has been assigned the work of the examination and passing on of all accounts filed in the Probate Court by executors, administrators, guardians and trustees; hearing all petitions for guardians for insane and mentally incompetent persons; hearing of all petitions for admission of insane people to asylums and to the state institutions at Lapeer and the determination of inheritance tax in all estates. Because of a system inaugurated by Judge Hulbert the people are now saved \$84.00 per week in cases where families have been made to help pay the expense of relatives sent to the various institutions. He is a good safe man to return to the office of Probate Judge where he also presides as Judge of the Juvenile Court.

CHURCH NEWS.

Every particle has a medical value. Sold everywhere at 25c per package. Sold by Pinkney's Pharmacy and Beyer Pharmacy.

J. F. Shear, Beech, Mich., writes: "I have sold your Harvell's Condition Powders over ten years, and have always found them to be just what my customers' horses and cattle needed when out of sorts. They always bring back the appetite. Their stock shows the results. Since feeding Harvell's Condition Powders to their poultry they have not been troubled with rouble of cholera and they get lots of eggs."

Plymouth Progress

Fell From Car and Dies of His Injuries

John Krumm, aged 58, died at 2 o'clock Friday morning of last week from injuries received the evening before, either by falling from a street car, or in an attempt to alight from the car while in motion. Mr. Krumm had been to Detroit and returned on the car arriving here at about 7:10. In the seat with him sat Albert Smith and when the car had passed the P. M. railroad track, Mr. Krumm started for the rear door intending to get off at the Sutton street crossing, which was his stopping place. It is not known whether he gave the conductor the signal to stop or not, but the car did not stop at the corner and not until it had passed half way up the next block. The conductor stated next day he had not been asked to stop.

At the corner where he was to get off there is a short curve and it is believed that as the rear end of the car swung around, Mr. Krumm lost his balance and was thrown off, striking heavily on the ground. He was found there a few minutes afterwards by Lute Passage and Mr. Merritt. They immediately called Drs. Patterson and Peck and took him to his home a short distance away. He was able to speak when spoken to, but appeared very much dazed. Dr. Cooper the family physician, was later called, who found no bones broken, and when asked if he was hurt in his stomach, Krumm replied, "No, it's my head." The question was asked because of hemorrhages from the stomach. Mr. Krumm remained in a semi-conscious condition until two o'clock, when he passed away.

Justice Campbell, acting as coroner, believing it for the interests of the family and the public impanelled a jury Friday morning who viewed the remains and adjourned until two o'clock today.

It is known that Mr. Crumm had a small purse containing some eight or nine dollars in the pocket of his trousers, together with a tobacco box and knife. The purse and money is missing, and while the family does not mind the money, they would be very glad if the finder would return the purse, which they wish for a keep-sake. In the fall from the car, all these articles with his spectacle case and watch were said to have been hurled out of his pockets.

An obituary of Mr. Krumm will be found in another column.

Epworth League Banquet.

The third annual banquet of the Epworth League will be given at the Odd-fellow's Hall this evening. The success of the past two years has set a pace for this function, which will even be exceeded this year. Dr. A. W. Stalker of Ann Arbor will be toastmaster, and Rev. H. A. Leeson of Ypsilanti, Dr. Morris of Detroit and Rev. B. Farber of Plymouth will speak. Music will be furnished by Detroit, Ann Arbor and local talent. Supper will be served at 7 o'clock sharp. Plates are limited, but the committee is trying to accommodate everybody. This will be the event of the year.

The Road Bonds Proposition

The question of whether the county shall bond itself for \$2,000,000 for good roads purposes will be voted upon at the polls next Tuesday. So far as we have been able to learn there is not much inclination among the people here to vote for the measure. The present system of building roads under the yearly one-half mill tax plan seems to be considered as about right, the commissioners spending about \$130,000 annually, which is all they can handle systematically and with economy. They seem to be doing fairly well at it, there is no probability of jobbery and it will take but two or three years more under this system than under the one proposed to complete the roads.

At all events Plymouth would derive a benefit only by the earlier completion of Plymouth road to Detroit. As we understand it this road and a road south from Plymouth to Michigan avenue would be the only improved roads built under the \$2,000,000 proposition in this locality. The Ann Arbor road east and west and Sutton road would get no benefit. Then it is figured that it will take about \$680,000 in interest on the bonds, for which the taxpayer gets nothing. We believe the better plan is to go a little slower and spend the interest money on the roads.

It may be said here that the county commissioners are so rushed with work under the present system, that the improvements on the Plymouth road, north and east from here, for which appropriations have been made, have not yet been touched. What would they do if they had three times as much money to spend?

C. A. Fisher, mother and sister will move into the house recently vacated by Mr. Upholt, who went to Saginaw this week. Cal. Whipple will occupy the house vacated by Mr. Fisher, which he purchased last spring.

PROPOSED ISSUE OF \$2,000,000 IN BONDS

For the Maintenance of County Roads in Wayne County, Pursuant to the Following Resolutions Adopted by the Board of Supervisors, October 15th, 1910

Be it Resolved, That the county of Wayne contract an indebtedness of two million dollars (\$2,000,000) and issue bonds for the same, to be paid within fifteen (15) years from the date of the issues of the same, for the purpose of raising money for the construction and maintenance of county roads in the county of Wayne, and that the said bonds therefor be issued in the following manner:

\$200,000 for the first year.
\$500,000 for the second year.
\$500,000 for the third year.
\$500,000 for the fourth year.
\$300,000 for the fifth year.

Said bonds to be redeemed serially at the rate of one hundred thousand (\$100,000) dollars each year from the date of the first issue, except that \$200,000.00 be redeemed fifteen years from the date of the last issue; that said sums be expended under the direction of the board of county road commissioners of said county, in approximately the amounts, each year, for which said bonds are issued for that year; that said bonds shall not be negotiated at less than par and the accrued interest. Be it further

Resolved, That the question of issuing said bonds for the purpose aforesaid be submitted to a vote of the electors of the county of Wayne at the next general election to be held the first Tuesday after the first Monday of November, in the year 1910, and that notice of the submission of said election to a vote of the electors be given in the same manner and for the same length of time as now prescribed by law and that the manner of stating said question upon the ballots at said election shall be as follows:

Next Wednesday, Nov. 9, the Presbyterian Missionary Society will meet at the home of Mrs. Alfred Chaffee. A very interesting program is prepared and all those who attend will be surprised, as there is something good in store for them. Come and see. Meeting will begin at 2:30 sharp—standard time.

Chas. Rushton, a lad of 17, sneaked away from the custody of the juvenile court in Detroit a few weeks ago and found employment on the farm of Mrs. Julia Stewart. Last week week he left there and went to work for Joe Shearer. It is surmised the court was informed of the young man's whereabouts, with the result that Deputy Sheriff Springer received a telegram Tuesday to go and get him and bring to the city. The officer found him all right.

Lecture on Christian Science

Take Home the Best

When it comes to eatables one cannot afford to buy poor stuff. The health is the main thing to consider. You are not considering it when you buy second and third qualities. Purchase the best procurable, but that does not mean that you must pay ridiculously high prices. Compare our goods with those sold elsewhere at higher prices. Then you'll come back here and stay with us, because you will know that our goods are superior, if not cheaper.

It is a shame the way women have been obliged to use sewing machines that cause aching backs, tired limbs, annoyances with broken threads, broken needles, uneven stitches, ugly dust, etc., etc.

It is because we know that in The FREE all of these faults have been overcome, that we offer this marvelous machine at our customers' own terms, even as low as \$1.00, and at a price so low that we do not dare to tell you what it is in this advertisement, because then you would not be able to appreciate what a perfect machine it really is. And it is for the same reason that we want you to take The FREE on

30 Days Trial In your Home

We believe that The FREE Sewing Machine with its score of thoroughly up-to-date improvements will revolutionize the sewing machine business just as soon as the women of this country can find out first hand just how light running, how fast sewing, how beautiful, how perfect stitching "The FREE" is. That's why we want you to test

The FREE Sewing Machine

for 30 days, sew on it for 30 days. Try this machine—test it—sew with it on all kinds of material—if you then are not entirely satisfied—if you are not convinced that it is the best machine you have ever sewed on—the most improved, the most up-to-date—if the low price does not convince you that this is the biggest bargain you have ever bought, return the machine to us and we will refund your deposit so that the trial will not cost you one cent.

You may have been getting along up to the present time with a machine that has been improved upon for 30 years. But after you have tried "The FREE" with its light running 8-needle Ball Bearings, its fast sewing "Rotocut" movement, its beautiful French-leg design and double-needle stitching, its convenient Automatic Locking

Drawers, Rotary Spool Pin, its Automatic Tension Release, its clever Shuttle Ejector, its Automatic Thread Controller, its Improved Feed Latch, its Belt guards, its Square Feed and its 3-point Insurance Policy against all accidents—after that your desire to keep "The FREE" will be irresistible.

Come and see The FREE tomorrow and take it home with you for a month's trial

Every Farm, Every Township, Every Village

will reap the benefit if you vote **YES** for Good Roads, November 8

In order that all may understand, just what they are getting when they go to the polls next Tuesday, and vote for this measure, we will explain it briefly.

It provides for building over 200 miles of new and permanent good roads, as shown on the map below.

These good roads will go into every part of the country, they will connect every village and township with each other, and connect all of them with Detroit.

These good roads will enable the farmer to haul two or three times as big a load as he can on the present mud roads. It will enable him to haul when there is a good market for his produce. He won't have to wait for good weather and road conditions that will permit him to haul.

Good roads mean more traffic and easier communication between villages and farmers. It means better school attendance, and better church attendance.

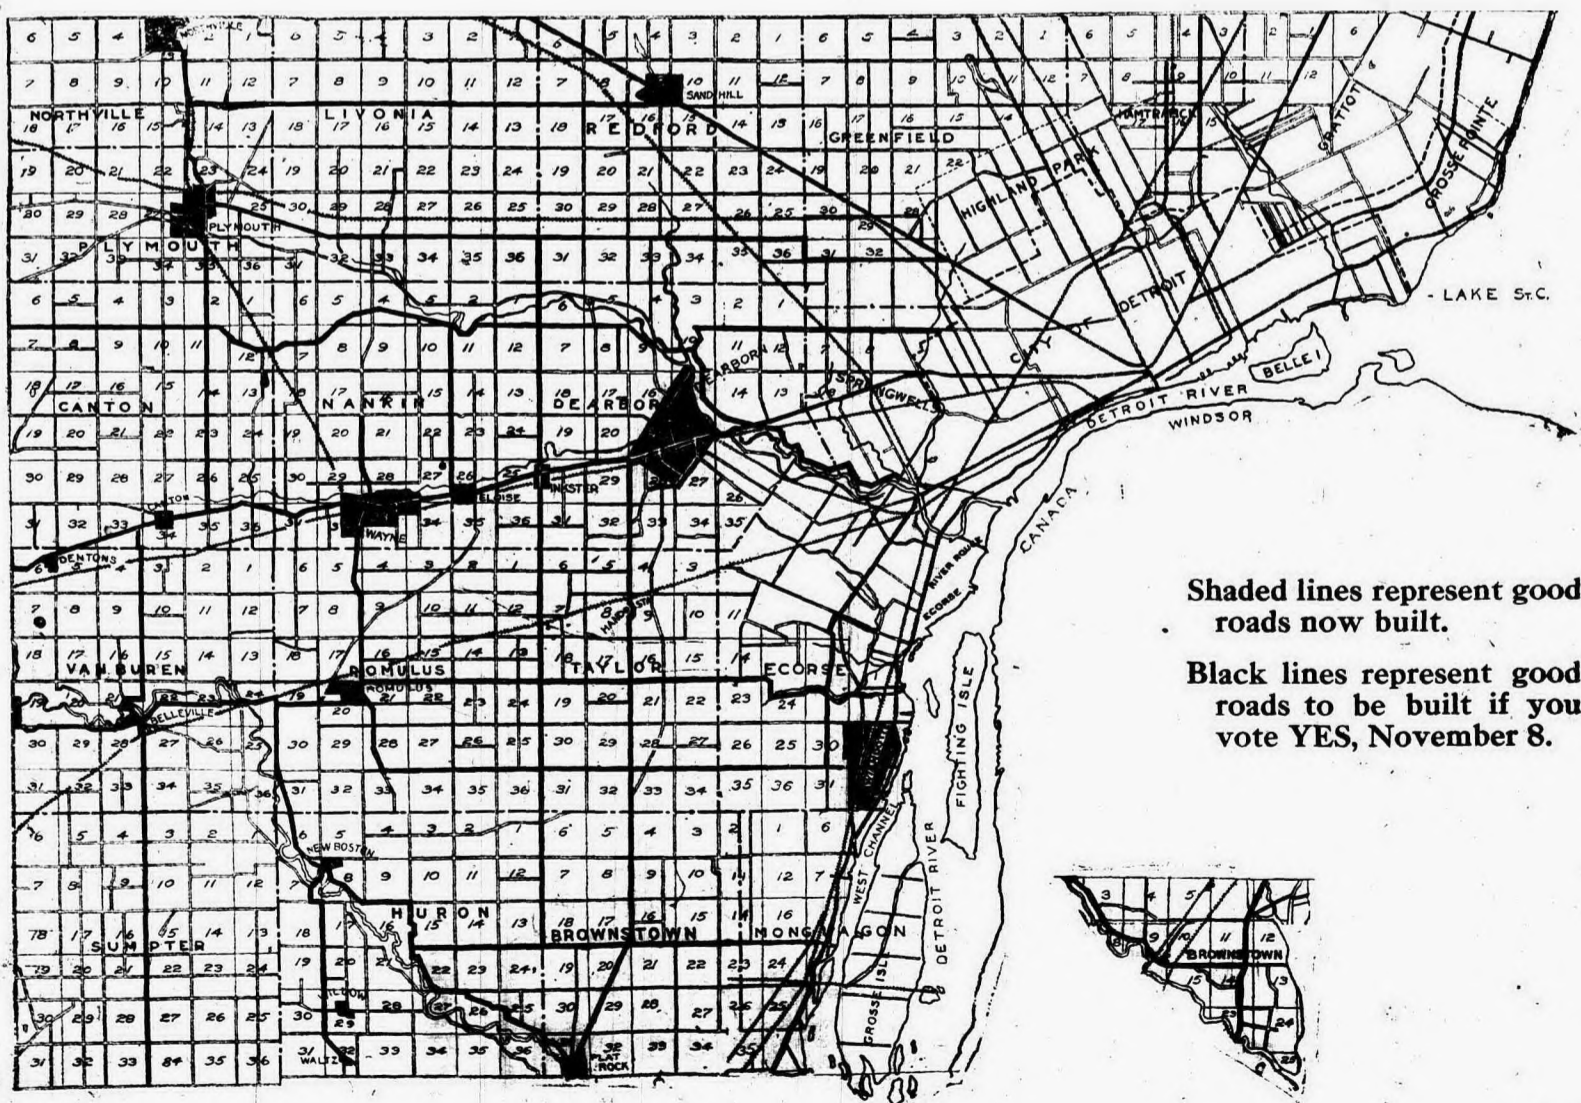

A system of good roads, such as you can get by voting **YES** at the next election is one of the greatest civilizing influences of the day. It means increased prosperity for all—for the farmer, for the city man, for the workingman, and for the business man.

**Vote YES for Good Roads
November 8**

Don't be satisfied with voting right yourself. Show this advertisement to your neighbors. Show him the advantage of good roads. Tell him that the tax rate will be reduced instead of increased.

The new bonding measure provides for a road tax of 34 cents per \$1,000 instead of the present tax of 50 cents per \$1,000 each year.

Don't overlook the fact that good roads will increase your prosperity and increase the value of your property, while your tax rate will be lowered.

Shaded lines represent good roads now built.
Black lines represent good roads to be built if you vote YES, November 8.

CAMPARISON OF THEIR RECORDS

Two Candidates For Governor Have Served the State.

ACCOMPLISHMENTS COMPARED

What Chase S. Osborn Brought About as State Railroad Commissioner, and What Mr. Hemans Did Not Do.

Chase S. Osborn served the people of Michigan through two terms as state railroad commissioner. Lawton T. Hemans was a member of the state legislature through two terms.

During his term of office Mr. Osborn accomplished more in the direction of compelling reduction of railroad taxation, bringing about grade separations, requiring necessary changes relating to dangerous overhead wires, improvements in interlocking arrangements, and the installation of safety appliances on the railroads of Michigan than had been secured in Michigan through all its past history.

During his two terms as a member of the legislature, Mr. Hemans accomplished nothing to which he wishes attention called at this time. He was absent from his post of duty a greater part of the time, voted for all appropriation bills when he was present, introduced a bill to legalize bucket-shops, and sought to have a bill passed creating an additional state board.

This is the record to which Mr. Hemans is not referring in this campaign. Based upon their comparative accomplishments during the days when opportunity was given them, it ought not to be difficult for the people of Michigan to decide between Lawton T. Hemans and Chase S. Osborn—to decide as to which man would be more capable and more valuable to the state and its people as the responsible leader of state affairs during the coming four years.

TOWNSEND RATE BILL AUTHOR

Michigan's Future Senator's Record in Congress a Brilliant One—Made Reputation in His First Term.

When Charles Elroy Townsend's choice by the people of the state at the primaries is ratified by the next legislature at Lansing, Michigan will be represented in the senate of the United States by a statesman and lawyer of sterling worth; an able co-worker of that brilliant William Alden Smith, and a fearless, progressive Republican.

Charles Townsend's record in congress, meritorious to a marked degree, is a sufficient guarantee of his future accomplishments as United States senator from Michigan.

He, like Senator Smith, is a self-made man. Townsend received his education in the public schools and the University of Michigan. He worked on a farm until nineteen years of age, when he began teaching school. In 1895 he was admitted to the bar at Jackson. He acted as register of deeds of Jackson county for ten years. Then the folks of the Second district decided to send him to Washington as their representative.

Townsend is one of the authors of the Roosevelt rate bill, and as an authority on all matters pertaining to railway legislation he ranks second to none. He first leaped into prominence in his first term of congress, when his stand on rate legislation placed him conspicuously before the eyes of the nation, and at that time his reputation was made.

He had served his district well and faithfully for nearly six years when the death of Russell A. Alger left a vacancy in the senatorial ranks that it was up to Michigan to fill. Mr. Townsend made a bid for the seat, but was defeated by his colleague in congress, William Alden Smith.

The people of his district then returned him to congress by an overwhelming majority over his Democratic opponent. But the reward of true merit could not be denied him, and, at the last primaries, he was chosen by the Republicans of the state as their candidate for United States senator.

Charles E. Townsend is a progressive and voted to depose Speaker Cannon from the rules committee of the house at the last session of congress.

He himself has said: "I am a firm believer in the progressive policies inaugurated by Roosevelt and advocated by Taft. These policies are in harmony with the traditions and principles of the Republican party and must be maintained by that party if it is to retain the confidence and support of the people."

Rob's Charity Contribution Box

A young man calling himself Fred Ellis came to grief in Justice Campbell's court last Saturday. Ellis amused himself one night last week in breaking the charity contribution box at the P. M. depot and robbing it of the pennies it contained. Then he stole a ride to Brighton where he made a similar robbery, coming back to Plymouth again Friday night. He arrived at the Plymouth House at about midnight and was given a room on the first floor, first having to give up a half dollar for his lodging.

Landlord Weckerle placed the coin in the cash register and went back to bed. In the morning the cash register was missing from the counter, likewise also the first floor guest. The fellow had taken the register to his room, robbed it of the same half dollar he had paid for his lodging, cut the screen out of the window and jumping out himself made for the railroad yards. He had not occupied the bed, even.

Deputy Sheriff Springer was notified of the occurrence and the young man was speedily in the hands of the law. Complaint was made for the robbery of the contribution box and for which act Justice Campbell imposed a sentence of 90 days in the house of correction. About 230 pennies were found in his pockets, besides the half dollar in silver.

When his time shall have expired for the first robbery, Landlord Weckerle will have a reckoning with him.

ECHOES FROM THE INSTITUTE.

"Man is nothing without an education."

"Civilization rests upon the education of the world."

"Education should influence the conduct of mankind and command respect and cordial treatment."

"Education influences conduct in some manner."

"Education is the organization of the life within, to make the best of the life without."

"The aspiration of education is to lift the individual from the little, narrow individualism up to the great, broad individualism."

—Dr. Cook

"Sunshine, food and fresh air are the three greatest remedies in the world."

"The work that counts is the work that gives enthusiasm and enjoyment. Our work should be what we enjoy."

"If we followed our noses we should avoid a great number of dangers which menace our health," (speaking of fresh air).

"Don't make Sunday a day of perspiration, but a day of inspiration."

"Sunday is the greatest day of the week, as the greatest things are accomplished on that day."

—Dr. Woods Hutchinson

"Know a little more history tomorrow than you do today, devise tonight a new problem, tell tomorrow a new story or read a new poem—these will straighten the restless boy, will calm the giggling girl, will inspire in the insubordinate

school a respect for knowledge and for the teacher as nothing else will."
