Paris of Schoolcraft road, Mr. and Mrs. Rose and Mr. and Mrs. Robert Howe of Ypsilanti and Mrs. Day Dickerson of Farmington.

The funeral was one of the largest ever held in this community. All of the Plymouth high school as well as Newburg school attended in a body. The floral tributes were many and beautiful. The words spoken by the pastor and by his teacher, Prof. Isabel, were in highest praise of him. The beautiful singing by Prof. Maier made it a most impressive service. The family have the sympathy of a host of friends. The S. S. class and teacher feel it a personal loss.

Do you know that of all the minor ailments colds are by far the most dangerous? It is not the cold itself that you need fear, but the serious diseases that it often leads to. Most of these are known as germ diseases. Pneumonia and consumption are among them. Why not take Chamberlain's Cough Remedy and cure your cold while you can? For sale by all dealers.

F. W. SAMSEN, Publisher.
PLYMOUTH, MICHIGAN
CIVIC CONSCIOUSNESS.

A New York lecturer in a recent address undertook to demonstrate that some of the practices of immigrants in this country, which are trouble some to the authorities, have their origin in the best intentions and may be easily corrected when the requirements of the American environments are made clear to the new arrivals. To illustrate his point he told an interesting story. A certain immigrant mother of numerous offspring was several times haled to court and fined for hurling her ashes into the city street on which she lived, says the Milwaukee Evening Wisconsin. With philosophic submission to arbitrary governmental tyranny she paid her fines and went her way. Finally, a charitable person, explained to her, in her own tongue why she should not throw her ashes into the street. It then appeared that in the little Polish village whence she came she and her neighbors had been requested by a local authority to throw their ashes into the road by way of impromptu street building. Then he related a contrasting anecdote as follows: "I once heard one of the founders of the City Club say that when he came of age he asked his excellent father to give him some idea of what might be his duties as a full-fledged citizen of this great city. His father replied: "My son, as a gentleman and the son of a gentleman, all you need know of municipal procedure is that in order to have your ashes properly cared for you must bribe the ashman."

Who says the United States is not enlightening the world? The manufacture of what is called American-style furniture has become an important industry in Spain, where the people have a great liking for the product. This country was the pioneer in turning out attractive furniture at moderate prices, as it has been the leader in many other innovations that have contributed to domestic comfort and enjoyment, and the others are catching on. It is reaching the point where that sincere flattery which takes the form of imitation in becoming more and more pronounced. American ideas are being adopted everywhere.

The biggest submarine yet built is the Seal, which was launched at Newport News, Va., the other day. She is classed as a "cruiser" and is 131 feet long. The Seal, it is expected, will be capable of making long trips under water and is so well equipped that she will not be conveyed by a fighting craft on the surface, as is now usually the case. The submarine "cruiser" will be a unique addition to the American navy. When the proposed aeroplanes are constructed for the same branch of national defense it would seem that our navy would lack nothing for service on, under or over the water.

Telephone "rubbering" will be discouraged in New Hampshire should a bill pending in the legislature become a law. This measure provides a penalty of \$10 for each offense when a person breaks in on a telephone conversation. It is aimed especially at the "listeners" on party wires, whose curiosity leads them into attempting to hear talk not intended for their ears. The practice is not confined to New Hampshire, but it will be interesting to observe the degree of success attained in the Granite State in dealing with the offense.

A New Yorker has bought for \$3,600 a prize shorthorn cow in Canada and has brought the animal home in a special car and in charge of two veterinary surgeons. It is evident that there is money somewhere in the milk and butter business when properly conducted.

Every typewriting machine has an individuality, says an expert. We have noticed that some of them are wretched spellers.

In three months last year 321 persons were killed in railroad accidents. And then we shudder at the toll of the aeroplanes!

JUDGE MURPHY'S CAREER.

HIS LIFE, SPENT IN DETROIT, HAS BEEN A BROAD AND BUSY ONE.

HIS WORK ON THE BENCH.

The judicial office has in all ages and countries been held in high esteem. There is no more important responsibility resting upon the people than the selection of judges. In Wayne County, containing a population of half a million, legal controversies affecting personal, family and property rights are continually arising. To declare from the vast body of the law the principle to be applied in a particular case is the arduous duty of a judge.

Judge Alfred J. Murphy is a candidate for re-election to the bench of the Wayne Circuit Court. Born in Detroit, on January first, 1868, educated on the broad basis of the humanities, after his college course he became in turn newspaper reporter, law student, practitioner, and judge. His natural endowments have been developed by six years' service as Recorder of the City of Detroit and five years' service on the Circuit bench. Beyond his professional experience, his understanding and sympathies have been enlarged by contact with different classes and inter-

ests of the community. His gift of eloquence has been on many occasions employed in behalf of educational, civil, and social reforms. A devoted husband and father, he delights in the gracious offices of friendship, and his helpfulness has opened the door of opportunity to many of the unfortunate.

No taint or scandal in private life impairs his public usefulness. Diligent in duty, cultivated in mind, dignified in manner, definite and elegant in expression, he dispatches the business of his court with smooth firmness and broad intelligence. He is unswayed by political and personal motives, and resolute and unswerving under a sense of duty. While quick to see a point, he is never hasty or premature in his conclusions, but gives to all a full, fair, and patient hearing, trying to attain justice through legal forms and principles. His mind is open to the arguments of lawyers, and he often takes his cases home with him for reference and reflection.

His deliberately formed opinions, decisions, and charges are presented with ordered logic and in clear, concise, and adequate language. Honorable in character, impartial in spirit, patient in method, experience has ripened his mind and added to his powers. Lawyers and litigants, witnesses and jurors, find him familiar with the substance of the law, apt in applying the rules of pleading and evidence, and delicate in considering the rights and feelings of those before him.

Born in Wayne County, he has grown with its growth, and knows the needs of its inhabitants. Pure in personal life, urbane and courteous in all relations, wise, upright, and fearless as a judge, commended by his brethren of the bar and sustained in his opinions by the highest tribunal of the state, he merits the confidence and support of the community. In the prime of life, he fills and graces the office he holds. A proved and trusted public servant, he should be re-elected.

Common Names.
The commonness of the name John is due to the fact that 49 days in the year are associated in the Roman calendar with some saint, martyr, confessor or beatus named John, and formerly one took his name from the saint on or near whose day he was born. In Domesday Book William is the commonest name, then Robert, then Walter. Magdalen used at one time to be a fairly popular name.

Found in the Cask.
Jacob Frit, of Southfield, Conn., took a supposedly empty cask to a cider mill to be filled. On the way he noticed bees flying about him, but he did not discover where they came from until he reached the mill. Seventy pounds of honey were taken from the cask after the bees had been smoked out.

Conventional Ugliness.
It is a marvel how any Indian gentleman can be found to exchange his flowing garments, so full of character and grace, for horrid frock coats and dummies, or any Indian lady her wholly charming sari for English dress. Is it too late for a society for the preservation of national costumes?—Bombay Times of India.

High Linen is Best.
The linen products of Ireland are generally conceded to be about the best in the world. Other countries, including our own, produce some very fine linen, but none that can be regarded as superior to those made by the Irish.

THE THINGS DONE AT STATE CAPITOL

A SPECIAL COMMITTEE IS NOW INVESTIGATING THE KALAMAZOO ZOO INSANE ASYLUM.

IT IS CHARGED THAT MEMBERS OF THE BOARD OF CONTROL HAVE BEEN SELLING SUPPLIES.

The Tonnage Tax Bill is Apparently Dead Once More. Senator Moriarity Led Fight Against It.

By Toby Candor.

Kalamazoo insane asylum is the latest institution to be placed under fire. Charges have been made to the effect that the members of the board of this institution have been either directly or indirectly selling supplies and material to the institution contrary to the law. It is charged that exorbitant prices have been placed upon these materials and that the conduct of the institution has been extravagant in general. It is charged that one department's expenses have increased from \$50 a month to \$172 and that funds have been juggled and used for purposes other than those for which they were appropriated.

As a result of these charges on motion of Rep. Yapple of Kalamazoo, a special committee of investigation has been named consisting of Reps. Reynolds, Dusenbury, Leonard, Dunn and Glasner has been appointed to make a thorough probe of the situation.

Once more is the tonnage tax bill apparently dead. It came from the committee of the Senate where it was supposed to have been definitely buried after its passing the House but with a recommendation that it do not pass. On the floor of the Senate it was fought hard with Senators Moriarity, Fowle, James and Collins speaking against it. Senator Moriarity moved that further consideration of the bill be indefinitely postponed and this carried by a vote of 19 to 13. Of course under this motion it may be taken up again but this is hardly likely in view of the heavy vote against it and the bill will probably not be heard of again this session.

Veterans of the Mexican and Civil wars and their widows will be exempted from taxation to the amount of \$1,000 on their assessed valuation provided their property is not valued at more than \$3,000 if the amended Holcomb bill which has passed the House also passes the Senate. This bill had a somewhat checkered career in the House and as originally introduced provided that veterans should not be exempt at all. Attempts were made to defeat it with amendments but they all failed except this one which does make the exemption and which passed the House.

The Ashley fraternal insurance bill in which every Maccabee, Woodman and other member of fraternal insurance societies are interested has been made a joke. The bill as presented provided for the raising of the rates of all such societies to a uniform standard approved by the National Fraternal Congress. It was fought bitterly by the membership of the Woodmen in particular, although the head camp approved it. Attempts to kill the bill failed but when it came up on third reading an amendment was tacked on which provides that the various societies must within six months by referendum decide whether they will accept its provisions or not. As they may do that now without the bill at all it is manifest what a farce the whole thing is. The referendum in this case reduced the bill to 29 pages of words meaning nothing.

Whether it is that the people of the state do not appreciate the work of the firemen or merely that Michigan is too peevish to recognize their worth by caring for them after they have been injured or worn out in the service is a question but the Kerns' bill providing for pensions for firemen, after being once killed and then revived in the form of a joint resolution by which it was expected to place the proposition before the people of the state for a referendum vote, is killed again. The joint resolution came from the committee without recommendation and an attempt to place it in the general order where the House might give it careful consideration was voted down.

Senator Walter is making a hard fight against one provision of the Watkins game law bill which provides that all persons using a gun shall pay an annual hunter's license of one dollar and must go to the county seat to secure the license. He holds that the farmer boy or the farmer who wishes to hunt on his own property or in the immediate vicinity should be permitted to do so without the expense of traveling to the county seat to say nothing of the license fee charged. The bill has passed the Senate but Senator Walter proposes fighting it out in the House and has a considerable number of persons lined up to help him knock out this provision there.

The Rankin bill which prohibits secret societies in the public schools which passed the House and up to now has been pigeonholed in the committee on the Senate is to be acted upon by the Senate. Senator Frank Newton declares if the committee will not report the bill out he will introduce a similar one himself and force action upon it. With some of the strongest men in the Senate back of the bill it seems to have a good chance of passing.

The old law which was supposed to make life in the woods safer by making it a felony and the crime of manslaughter to shoot a man for a deer while in the woods will be repealed. The bill introduced by Rep. Amerson to this effect has passed the House and will without doubt pass the Senate. In favor of repealing the act it is shown that many a man slightly wounded is left to bleed to death or die of exposure because the man who shot him is afraid and runs away.

Rep. Ogg has introduced his resolution providing for the annulment of the present prison contracts regardless of the result of the action as to throwing the state into a law suit with the contractors. Every person who has inspected the prisons for any reason declares the contract system is wrong and a detriment to the welfare of the prisoners. It is through these contracts that much of the dope is smuggled into the prisons and that raises havoc with the discipline of the institutions. The present contracts have several years yet to run but Rep. Ogg and the governor both believe it is time to knock them out regardless of the suit that may follow.

Rep. Dusenbury desires that the boy arraigned in juvenile court shall have the same opportunities as the man arraigned in a police or justices court. He has therefore introduced a bill which gives to the boy the right of appeal from the decision of the juvenile court to the circuit court. As the law now stands the youngster has no appeal and the decision of the juvenile court is final.

Rep. Verdier's bill which provides that all fruits, vegetables and berries must be sold in standard measures and plainly stamped as to what they profess to hold is being bitterly fought by the commission men who declare it is impossible for them to do business with other states and other nations who send their product to Michigan in packets not claiming to be any particular measure but merely a package. The bill was fought hard on the floor of the House in committee of the whole but passed with a big vote back of it.

With the date of adjournment drawing very near the House and Senate are both showing great signs of animation. They begin work in the morning and keep it up until late at night taking but an hour or so for meals. The committees of the House are working overtime and each day a big raft of bills are reported out and go up in the general order. As a result of this the general order of the House has been carrying from 40 to 100 bills almost every day and several times within the last week the legislature has been in session for a full 13 hours. Even this sudden burst of energy, however, seems unlikely to bring about a result by which adjournment will be possible on April 19. The appropriation bills have not yet been touched.

Rep. Copley has introduced a bill which should be of great benefit in cases of automobile accidents or accidents due to the smash up of other vehicles. It provides that in cases of accident assistance must be rendered and a penalty is provided for the person who does not give what ever aid is possible. This will do away to some extent at least with the present situation when an automobile injures anybody it is quite often the case that the driver will speed up and go away as fast as he can.

Senator Taylor has introduced a bill asking for an appropriation of \$3,460 for the publication of 400 copies of the forty-six volume sets of military records of Michigan's veterans of the civil war, and providing for their distribution among the public school and other libraries of the state. The governor, the state librarian and the board of regents of the University of Michigan are given charge of the distribution.

Senators Moriarity and James want to regulate long distance telephone and telegraph toll by state laws. Moriarity has introduced a bill making the following maximum rates for long distance telephone service in the state: For three-minute conversations, one-half cent a minute for each mile, and one-quarter of a cent per mile for each minute over the three-minute mark; messages covering a distance of 25 miles or less shall not exceed 10 cents for three minutes; messages covering between 25 and 50 miles shall not cost more than 20 cents for a three-minute talk.

A bill introduced by Senator James makes the following rates for telegraph service in the state: 25 cents for every 10 words; and two cents for every word over 10 in a message transmitted during the day time; for night messages, 25 cents for 50 words, and five cents for every 10 extra words.

Senator Mapes backed by the Grand Rapids board of trade is seeking to knock out the trading stamp practice in Michigan. He has introduced a bill in the senate prohibiting the use of trading stamps and the bill seems likely to pass both houses without opposition.

Senator Foster wants the trees lining the public highways in cities looked after by a commission. A bill he introduced provides for the appointment of a shade tree commission in cities. In larger municipalities, the park and boulevard department can be named as the commission, if it is so desired.

Very Vivid.
"In descriptive writing," said William Dean Howells, at a dinner at the Authors' club in New York, "a vivid phrase is always better than a half-dozen paragraphs."
The vivid phrase is what every writer should seek. A phrase, I mean, something like that of the baby that shouted to its mother:

Backache Means Dying Kidneys

How You May Cure Yourself Quickly and Thoroughly.
Every man and woman should know that backache is usually a well-defined symptom of advancing kidney disease which may end fatally unless treated in time; that rheumatism and bladder trouble are caused from nothing more nor less than kidneys that do not filter the poisons from the blood.

Once they are made to work properly, these diseases should quickly disappear. This is done by the new treatment, Dr. Derby's Kidney Pills.
We urge everyone who has pain in the small of the back, profuse or scanty urination, pains in the bladder, cloudy or foul urine, not to fail to get a package today of Dr. Derby's Kidney Pills, and drop all other kidney treatments.
Dr. Derby's Kidney Pills are now sold at all drug stores—25 and 50 cents, or direct from Derby Medicine Co., Eastern Rapids, Mich. If you would like to try them first, ask your druggist for a free sample package. Then buy a package; you will not regret it.

STATE NEWS

Pontiac.—In the circuit court George Young pleaded guilty to bootlegging, and sentence was deferred until the opening of the April term of circuit court. Since the arrest of Young there has been a noticeable decrease in Sunday drunkenness here. John Drake pleaded guilty to stealing brass from the Pontiac Floral company and was released on probation. On the same charge, Kemp Trux pleaded not guilty. William J. Lang, the South Lyon young man who wrote his father's name on a note to procure money which he spent on a Detroit widow, pleaded guilty to forgery. Sentence was deferred until April.

Flint.—Mrs. Amella Crampton, who was convicted of conspiracy in obtaining \$1,650 by fraud, followed her son to the Detroit house of correction, where she was sentenced from six months to two years. In passing the sentence, which was not expected in view of the fact that the prisoner was a woman, Judge Wisner declared that the law did not make any difference in sexes, and in his opinion the offense was serious enough to warrant punishment by imprisonment.

Kalamazoo.—Little five-year-old Helen Wieses is dead and five other people are dangerously ill as the result of drinking water from a well in the east end of the city. The girl was playing at the home of a family named Tothysen and while there drank a quantity of water. She was taken ill and, notwithstanding every effort to restore her health, she died. Physicians are at a loss to know the nature of the poison in the well.

Mount Clemens.—The police have arrested Louis Gulette, aged fifteen, and Elmer Peltier, same age, and the two are said to have confessed to having broken into a bicycle store here more than two weeks ago by removing a pane of glass and unlocking a front door. Both boys have been in trouble before and since their arrest they have been suspected of other similar jobs.

Cadillac.—Ed. Brown, a lumberjack, is accused of forging an order on the A. R. Tenny store at Harrietta, using the name of his landlady, Mrs. McDill. With the order he secured a dress for his lumber camp sweetheart. Then, it is alleged, fearing arrest, he fled away to another camp. He was bound over to the circuit court for trial.

Eaton Rapids.—George B. Wright, a prominent farmer residing a short distance from this city, jumped from an east-bound passenger train two miles west of town and was seriously injured. The Michigan Central tracks pass through Wright's farm, and it was there that he jumped from the train to avoid walking back from the depot.

Muskegon.—Muskegon is in a serious situation on account of its water system, which has been causing a great deal of trouble of late, being partly out of commission. The high wind has washed so much sand into the intake pipe that if a fire should break out here there would not be a sufficient pressure to fight it with.

Frankenmuth.—In the total destruction of Veitengruber Brothers' mill establishment one of the old landmarks of the village was wiped off the map. The \$40,000 loss hit the owners rather hard as the small insurance carried will not pay one-eighth of the loss.

Chelsea.—Fire originating from the burning of leaves by campers destroyed eight summer cottages at Cavanaugh lake. The most part of the loss is covered by insurance.

Kalamazoo.—Michael Onofio, recently convicted of the murder of Joseph Maurello, was sentenced to life imprisonment in Jackson. Onofio was keenly disappointed over the sentence and when the judge asked him if he had anything to say, he pleaded for a death sentence.

Cheboygan.—Sam Keshego, a Mullet Lake Indian, was drowned in front of Topinabee. He was hauling ties across the lake when his horses jumped across a big crack in the ice. The front bobs dropped into the open water and the Indian with them.

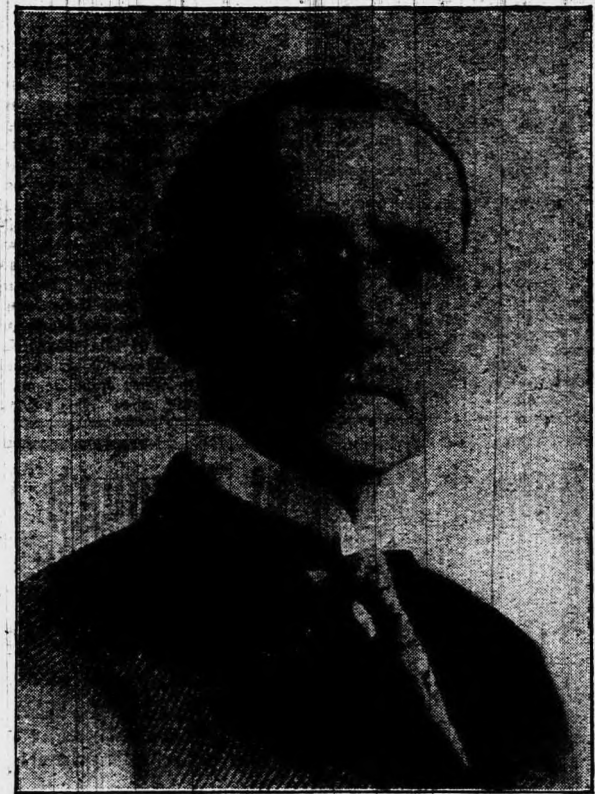

Calumet.—Capt. James A. Rowe, aged thirty-one, one of the best known mining captains in this district, who had charge of the Cliff mines of the Calumet and Hecla Mining company, was killed in a cave-in.

Lansing.—After a long interview with Mrs. Glazier, wife of former State Treasurer Frank P. Glazier, who is serving a 15 years' sentence in Jackson prison, Governor Osborn candidly told her that he could not justify himself in pardoning her husband, unless some method could be evolved to secure a full expression from the people of the state.

Jackson.—Mrs. Roy Isham, twenty years old, was found dead in bed at her home by her husband on his return from work.

Owasco.—John Ripple, sixty years old, of Laingsburg, died of injuries received while endeavoring with Seymour Platt, owner of the village grist mill, to locate a defect in the mill machinery. Ripple was standing over a piece of machinery when it broke and a heavy piece of iron struck him in the face, crushing his features frightfully.

Jackson.—George Gillespie and "Red" Fitzgerald were to have been arraigned in connection with the prison dynamite plot, but only the former appeared in court. His bail was fixed at \$1,000. He returned to jail.

JUDGE LOUIS OTT FOR Circuit Court

Popular Candidate has made Splendid Record as Lawyer and on Bench

When the people of the townships throughout Wayne County go to the polls on election day they can make no mistake by casting their ballots for Judge Louis Ott, Candidate for Circuit Judge. Mr. Ott, now Justice of the Peace, has every qualification which fits a man for the Circuit Bench. Born in Detroit 35 years ago, he was educated in the public schools and graduated from the Detroit College of Law.

For five years he practiced law, appearing in the Wayne Circuit Court in a great many cases, involving very important litigation. His fellow citizens, appreciating his high attainments as a lawyer, then decided that Mr. Ott's place was on the Bench, and he was elected by a surprising majority for a new candidate.

His popularity continued, and at the recent primary he was paid the high compliment of being nominated for Circuit Judge, regardless of the fact that he had not the backing of any political machine.

Over 30,000 cases have appeared on Judge Ott's docket as Justice, and in a great majority of those appealed, his decisions have been sustained both by the Circuit and the Michigan Supreme Courts.

In all his rulings, Judge Ott is absolutely and everlasting honest. He is ever fearless and always fair. Judge Ott is well equipped for the duties of the Circuit Bench, and his splendid record since entering his chosen profession makes him merit the support of all those who believe in the reign of justice in Wayne County.

Every Detroit Paper Has Recently Indorsed Judge Murphy

WHY?

Read Their Reasons Below

THE DETROIT FREE PRESS
(Republican)
March 25, 1911.
The voter who desires good judges can make no mistake in marking his ballot for two men on the Democratic ticket, Alfred J. Murphy and George S. Hosmer. These have shown by actual experience their worthiness of the term. Judge Murphy preceded his term in the Circuit Court by magnificent service as Recorder. The best interests of Wayne County may be served by the public-spirited voters by a vote for these men who have demonstrated in the most convincing manner their capacity for the Wayne Circuit Bench.

THE MICHIGAN VOLKSBLATT
(Democratic)
March 12, 1911.
Seldom has a man in public office understood so well how to acquire the confidence of the public and to maintain it in undiminished measure as does Alfred J. Murphy. His strict impartiality and high moral earnestness, which he preserves at all times, his upright, straightforward manner, his never failing courtesy toward everyone—these are some of the qualities which distinguish Judge Murphy in his official position and private life and which have secured him the unlimited respect of his fellow-citizens.

THE DETROIT LEADER
(Republican)
March 24, 1911.
Party lines have been wiped out in this judicial election in behalf of Judge Murphy. Men of all races, creeds and political beliefs are united in this especially gratifying to the colored people. His stand for equality of legal rights has been so courageous and so constant that nothing need be said to arouse the Afro-American voter to support him. Judge Murphy has been a color blind in his administration of the law. He has been an able, fearless, and just judge, as he is known to be a kindly man and broad-minded citizen.

THE DETROIT NEWS
(Independent)
March 21, 1911.
Since going on the Circuit Bench he has retained his record made on the Recorder's Bench—that of having his decisions affirmed when taken to the Supreme Court. The time, study and care given to his decisions, and the wisdom shown in them, have shown in the view of approval given them by the higher court.

DETROIT TIMES
(Independent)
March 3, 1911.
Judge Murphy will undoubtedly be returned by the biggest majority of any of the present members of the bench—his fellow citizens have never withheld this testimonial whenever presented with the opportunity to pay tribute to his sterling qualities as a man and his fairness, soundness and brilliancy as a jurist.

THE DETROIT INFORMER
(Independent)
March 25, 1911.
Hon. Alfred J. Murphy, Michigan's great commoner and jurist, has come to be loved by all the people because of the high standard of civic righteousness for which he stands, and his pre-eminent fairness in the administration of justice. Afro-Americans have especial reason to hold Judge Murphy in high esteem and give him undivided support for re-election as Judge of the Circuit Court of Wayne County, for which office he is now a candidate. We hope the people will soon elevate Judge Murphy to the Supreme Court of the State, where men of his sterling character and worth may be of best service to mankind.

THE POLISH DAILY
(Independent)
Feb. 24, 1911.
He is universally known and respected for his exalted character, great learning and his judicial qualities. Judge Murphy has merited the vote of every Pole.

THE DETROIT JOURNAL
(Republican)
March 24, 1911.
Among the members of the bar, and the public generally the re-election of Judge Alfred J. Murphy is conceded. Many think that he will lead the ticket. There is no difference in opinion that he has a judicial temperament in the highest degree. He conducts his court room with almost European dignity, and no lawyer or litigant has ever complained that he did not give their cause the most serious and impartial attention.

THE ABEND POST
(Republican)
March 12, 1911.
To be a good judge it is essential that one be a sound jurist and also that he be honest and just in his mental operations and his conduct. The past has proved Judge Alfred J. Murphy to be such a man. There is no doubt that he possesses in every respect the qualities, in jurist and in man, which are sought in a judge. For these reasons we sincerely recommend his re-election.

THE DETROIT COURIER
(Republican)
March 11, 1911.
His decisions have had almost uniform approval in the Supreme Court. He has been diligent in his work and courteous and kindly in his treatment of jurors, litigants and the general public. A number of his decisions, affirmed by the Supreme Court, have become notable as precedents. His acquaintance in the townships of Wayne County has been greatly increased by his frequent appearances with the many jurors who come each term of court from outside the city of Detroit. They have left the court at the close of their service his friends, because of the conscientious and considerate manner in which he has administered justice. Politics should play no part in the selection of judges, and men of all parties are giving Judge Murphy most earnest support.

SHOULD BE ELECTED

County Auditor Buhner's Fine Record in Office Entitles Him to a Second Term.

Has Inaugurated Many Reforms in That Office and Effected Great Savings to Taxpayers.

Wayne County Newspapers Praise His Administration and Endorse His Candidacy for a Second Term.

Throughout the townships naturally the main interest in the election of Monday, April 23, is centered on the outcome of the contest for the local offices. While the election of town officials is absorbing some considerable share of the voters' attention, they are not overlooking the fact that at the same time there is to be elected a state ticket consisting of judges of the supreme court and judges of the university; and a county ticket with six judges of the Board of County Auditors.

To the voters of this county this is the most important of all elections. The utmost care should be exercised as to the selection for judges to administer the law, and of equal importance to all is the election of a member of the Board of Auditors.

In the first term Cass A. Buhner has had as a member of this Board, he has succeeded in introducing a great many reforms and has been enabled, because of his close attention to the business of the county and a personal supervision of all accounts rendered against the county, to effect savings for the people which run into thousands of dollars. This fact is best evinced by the fact that in spite of the growing needs of the county that the tax rate for the year 1911 is almost one dollar less than for the previous year.

In discussing the office of Auditor the Detroit Journal says:

"In the one term Mr. Buhner has had as County Auditor, he has performed prodigies of economy. He has played an important part in reducing the expenses of Wayne County. He has given the county taxpayers the best of his single ability, he has been down to pennies, and that ability, that personal interest, are prime requisites for the job. Auditor Buhner deserves another term; and it would be excellent economy to give it to him."

As a county official Mr. Buhner has the endorsement of the Abendpost and Michigan Volksblatt, the two leading German newspapers of this county, and most of the other papers of the county, daily and weekly alike. The Detroit Saturday Night, the most conservative of all county papers, has this to say about his candidacy:

"From the point of view of the public welfare County Auditor Buhner is surely entitled to another term. The prevalent criticism of Mr. Buhner's work is that he is too careful and microscopic. In an official with his responsibilities this will appear to the average citizen as being a very desirable quality."

The voters of this township may prefer to follow the advice of those papers and give Auditor Buhner a splendid endorsement. He deserves it.

Republican Caucus Tame.

There was a fairly good attendance at the Republican caucus held in the village hall Tuesday afternoon. R. W. Voorhies was chosen chairman and Ed. Gayde secretary. There was no contest on for any of the offices except treasurer and member Board of Review and one ballot each settled the matter. All other nominations were made by acclamation. Seventy-nine votes were cast for treasurer, Frank Whitbeck receiving 44 and W. O. Stewart 35. Township committee—P. W. Voorhies, Louis Hillmer, J. Burr. The ticket: Supervisor—C. W. Bradner. Clerk—Edward Gayde. Treasurer—F. J. Whitbeck. Justice—Oliver Loomis. High Com.—Geo. W. Macomber. High Overseer—Wm. Streng. Board Review—J. B. Pattison. Drain Com.—Will Henry. Constables—Geo. W. Springer, Dan. Smith, Henry Wright and Lee Nowland.

DEMOCRATIC CAUCUS

The democratic caucus was held at Conner's store Tuesday evening, Asa Joy being chairman of the meeting and W. T. Conner secretary. Geo. Lee was nominated for supervisor, but he declined to run and the office was left vacant for the caucus committee to fill. The balance of the ticket nominated is as follows:

Clerk—C. A. Pinckney. Treasurer—Carl Heide. Justice—Geo. VanDeCar. High Com.—B. D. Brown. Overseer—Chas. Westfall. Board Review—J. W. Mellow. Constables—H. H. Passage, Frank Wilson, Marshal Gleason, Albert Gayde. Committee—W. T. Conner, W. W. Murray, H. H. Passage.

Through Cars Detroit to Kalamazoo.

The D. U. R. will establish on April 4 a through limited car service between Detroit and Kalamazoo, all cars making the regular limited stops as at present and without change of cars. These limiteds will leave Detroit at 6:10 A. M. and every two hours to 4:10 P. M., and will leave Kalamazoo at 6:45 a. m. and every two hours to 6:45 p. m.

The new schedule will not in any way effect the local car schedule of the D. J. & C. Ry., except as mentioned above, but the limiteds will all undergo changes. The west bound limiteds will leave Wayne at 7:04 A. M. and every two hours to 7:04 P. M. The east bound limiteds will leave at 8:59 A. M. and every two hours to 8:59 P. M.

Postoffice Robber Convicted

John Creighton, one of the quartet of hoboes rounded up nearly a year ago by Deputy Sheriff Springer in Shearer's woods, where they were camping, was convicted in the United States court at Detroit Tuesday, as being one of the men who robbed the East Lansing postoffice of \$1700. Creighton has been in jail ever since his arrest, but his companions were taken to Adrian on a charge of robbing the Jasper postoffice, but were acquitted in the circuit court there. Creighton denied he was in the Lansing job, but admitted he was with some of the gang afterwards and deplored the fact that he was the only one to be convicted. Deputy Springer, John and Ray Welch and James Purdy of Plymouth were witnesses in the case.

The Detroit Journal says of the trial: "Conviction of Creighton was obtained by the finding of four big revolvers and other burglar tools in a hollow log. On the butt of one of the guns was scratched the name 'Kelly,' one of Creighton's aliases. The positive testimony of a flagman at the railroad crossing in Plymouth that he had seen Creighton in Plymouth the night of the robbery and that he asked regarding trains to East Lansing, was another strong point for the conviction. The flagman testified that Creighton or Kelly was known as a bad man and that he had therefore kept an eye on him while he was in Plymouth."

Creighton was sentenced Wednesday morning by Judge Denison to two years in the federal prison at Leavenworth, Kan., and to pay a fine of \$100.

It will no doubt be of interest to the people of this locality, to know that much of the success of the Good Roads movement is due to Charles T. Wilkins, Candidate for Circuit Judge. An attorney for the Commission in 1907, Mr. Wilkins was of the greatest assistance to Mr. Cass Benton, Edward Hines and others. He also advocated the Good Roads bill before the Detroit Board of Commerce. All this work was done without pay. Mr. Wilkins received a letter of thanks and appreciation, which he appreciates highly, from the committee in charge of the movement.

The annual State convention of the Woman's Foreign and Home Missionary Society will be held in the Trumbull Avenue Presbyterian church, Detroit, April 5 and 6. We trust that as many ladies as can find it possible to attend this convention will do so.

METHODIST.

Rev. E. Kinn, Pastor. Services next Sunday will be as follows: Morning service 10 a. m. This is the annual service of the W. F. M. Society and will be addressed by Dr. Marion Headland, for 20 years medical missionary in Pekin, China. Dr. Marion Headland is a woman of great resource and experience, and was physician to the Dowager Empress of China. Sunday-school at 11:30. Epworth League at 6 p. m. Evening song and preaching service at 7 o'clock. The pastor will preach. Last Sunday 26 persons united with the church, making forty in two weeks as the result of the Lenten services. Reception service next Sunday for others wishing to unite. The Ladies Aid Society had a thimble party at Mrs. E. O. Huston's last Wednesday. It was largely attended. The Lenten services closed last Friday night, and the pitch of interest was high to the very close. The church has had a great awakening and the number of accessions is the greatest in its history in the same length of time.

Neighbors of Miss Margaret Miller to the number of fifteen gave her a birthday surprise last Saturday afternoon. The ladies brought baskets of choice viands and a splendid supper was enjoyed.

Miss Elizabeth Truesdell, daughter of Mr. and Mrs. L. J. Truesdell at Canton was married last evening at seven o'clock to Richard Gust, also of Canton at the home of Mrs. Phila Harrison, by Rev. O. Peters. Some thirty relatives and friends witnessed the ceremony and participated in the wedding banquet. The couple will reside on a farm near Wayne and carry with them the best wishes of their many friends.

William Brewster was arrested by Officer Springer in Detroit last Thursday afternoon charged with jumping a board bill. Springer was in Detroit attending the case of postoffice robber Creighton in the United States court, when Brewster was brought in as a prospective juror. The officer recognized him and later brought him out to Plymouth and had him arraigned before Justice Valentine, where he pleaded guilty and was sentenced to thirty days in the house of correction. There is still another warrant out for Brewster.

Friday evening, April 7th, the Knights of Pythias will present to the music lovers of Plymouth the famous baritone, W. Francis Firth, and the noted soprano, Miss Maggie Jackson, together with one of the best impersonators in this country, Mr. S. Homer Eston. Mr. Firth has sung before the crowned heads of Europe and the foreign press speaks of him in glowing terms. This will undoubtedly be one of the finest entertainments ever given in Plymouth and the K. P.s should be greeted with a full house.

M. J. Lehman for Circuit Judge

Michael J. Lehman, one of the Democratic candidates for Circuit Judge of Wayne County, was born Sept. 3, 1850. He has lived in Wayne, Washtenaw and Jackson counties all his life. He was the oldest of a family of thirteen. He worked as a hired boy on a farm in Jackson county at \$4.50 per month before he was eleven years old. He continued said employment until his 17th year, except three months in the winter following his 12th and 13th years when he attended a German school. At the age of 17 his desire for an education became irresistible, and he bargained with his father for his emancipation at \$600.00. He then became a section hand for the M. C. R. Co. for three summer seasons, and attended a country

school winters, working for his board as he had done when attending German school.

In the fall of 1868 he commenced attending the High School at Grass Lake. He rented a humble room and boarded himself, and after one year's attendance taught country school winters and attended school springs and falls for nine years. He graduated from the High School in 1874, and from the U. of M. Law Department in 1879. He is known about Chelsea as the boy who walked 22 miles from his home to Ann Arbor whenever he had a change of clothing.

In 1830 being \$1150 in debt and without a dollar or a book, he settled in Chelsea to practice law. His rise at

the bar has been gradual but steady. He was a Justice at Chelsea from 1880 to 1888. He was Prosecuting Attorney for Washtenaw County from 1888 to 1892. He was a member of the Board of School Examiners of said county for over eight years, three years as secretary.

He came to Detroit 14 years ago, and has for more than 30 years been engaged in general practice. Few lawyers have had a more general practice or tried more cases than he. His training ought to qualify him for the office he seeks.

He was married on Thanksgiving day 1881 to Mary Schumacher of Jackson County. They have three sons, Christian H., George M. and Carl A. C. H. is a lawyer associated with his father. G. M. is a senior law at Ann Arbor, and C. A. a freshman law.

At and about Chelsea no man is more often referred to as a truly self-made man than M. J. Lehman. Few have had a more uphill road than he; but as a laborer, teacher, officer and lawyer he made good.

Shear-Eckles Nuptials.

A pretty home wedding occurred at the pleasant farm home of Mr. and Mrs. A. M. Eckles Wednesday afternoon, when their daughter, Mabel, was married to Mr. Sylvester Shear of Beech in the presence of about 200 invited guests. At 2:30 the couple took their places beneath an arch of smilax and ferns and pronounced man and wife by Rev. Geo. Davey of Bell Branch. Miss Myrtle Eckles, sister of the bride, was bridesmaid and Carl Shear, brother of the groom, was best man. The ring service was used and little Irene Campbell of River Rouge was ring bearer and Miss May Wilber of Clio played the wedding march. The bride was beautifully gowned in white crepe de chien and carried pink roses. The brides-

maid wore a dress of white net and carried red roses.

Misses Bina Eckles and Louise Shear were hostesses. A three course luncheon was served at 5 o'clock in the dining room, which was prettily decorated with pink and white carnations.

The bride received many beautiful pieces of cut glass, china and silver and \$300 in checks, besides many other presents.

The couple went to Detroit for a short visit and will be at home to their friends about two miles east of Beech after Apr. 3. Many congratulations are extended.

A Few "Because's"

Why we ask for and expect your Grocery Trade.

BECAUSE as far as it is possible to determine our stock takes in all the good kinds and leaves the others out.
BECAUSE if you are particular about eatables, our store will appeal to you.
BECAUSE we play the game of business fair and square. We make right any mistakes that we may make as soon as we hear of them.
BECAUSE we try awfully hard to "get there on time." We appreciate the inconvenience of waiting for goods.
BECAUSE in spite of all these advantages your dollar is as large here as anywhere, often larger. Try and prove.

PEACE SURE IN 10 TO 30 DAYS

MADERO, SR., SO ANNOUNCED IN SAN ANTONIO ON HIS ARRIVAL

GUERRILLA WARFARE TO BE ABANDONED TO THAT FOREIGN COUNTRIES WILL RECOGNIZE INSURRECTOS.

Rebels Take the Town of Guazaparas and Slaughter Every Federal Officer.

Francisco L. Madero, Sr., father of the insurrecto leader, upon his arrival in San Antonio, declared that peace in Mexico is assured within 30 days and probably within 10 days. Himself, his son Alfonso and his son Gustavo, he thought, would be the revolutionary representatives.

Guerrilla warfare has been formally abandoned by the Mexican insurrectos, according to a decree issued by Francisco Madero and made public in San Antonio. The decree organizes the entire republic of Mexico into seven groups of states, each group to be known as a war zone, and the insurrectos in each group to constitute a corps.

Madero wants guerrilla fighting stopped so foreign countries will recognize the insurrectos. He is made "supreme head of the insurgent army" and as such promises a law granting pensions to widows and children.

Dispatches from Chihuahua City say Gen. Rabago, with 1,100 federal troops, has reached the city, after having been on the march from Juarez since February 24. Chihuahua City is now commanded by 3,500 federal, and a detachment soon will be started northward to find and engage Madero.

Kill All Diaz Officials. Advice from Alamos, Sonora, confirm the report that revolutionists led by Loya slaughtered every federal official of the town of Guazaparas, in Chihuahua, when they took the town. All were placed in jail and shot. A young telegraph operator alone escaped.

Insurrecto plans to destroy the railroad bridges south of San Luis Potosi have been discovered. This would have tied up the Mexican National railway system.

The closing of a mining company's plant at Tepic has thrown 3,000 persons out of work and is causing riots. Many of the men, it is feared, will join the insurrectos.

MEETS RUSSIA'S DEMANDS.

China, Fearing an Attack, Promises to Grant Every Demand.

China has decided not to resist the demands made upon her in the ultimatum sent from Russia, and as a result the Chinese foreign board notified the Russian minister at Peking, M. Korostovetz, that a note formally acquiescing in the demands of the czar's government will be delivered. Several conferences between members of the foreign board preceded the notification of the surrender on the part of the Chinese.

It was understood that the board was practically unanimous in the opinion that China was powerless to insist on her view of the questions under discussion.

Intense interest is being manifested in the attitude of Japan, which is obviously holding entirely aloof, although more powerful than ever at Peking.

Japan's Emperor Writes to Taft.

President Taft was deeply gratified to receive from the emperor of Japan a message warmly reciprocating the president's expressions of good will and friendship toward Japan made to the Japanese ambassador, Baron Uchida, several days ago. Baron Uchida called at the White House and delivered in person the emperor's message.

President Taft has been extremely anxious to set at rest the various reports of differences between this country and Japan, especially with reference to the mobilization of troops in Texas. He declared the other day that he was at a loss to understand the motive behind such "malicious and baseless stories."

Government Picks Wireless Station. The powerful wireless telegraph station of the navy, capable of communicating with naval vessels 2,000 and possibly 3,000 miles distant from Washington, will be erected at Fort Myer, Va., just outside the national capital.

This high powered plant will be designed to keep the headquarters of the American navy in close touch with the war vessels in the Atlantic ocean.

Saginaw and Bay City are planning to obtain a joint water supply from Lake Huron.

Attorneys for ten Chicago meat packers, indicted on a charge of having violated the Sherman anti-trust law, have indicated that they would attack the validity of the law in a demurrer to the indictments before United States District Judge Carpenter on April 3.

Robert Goebel, the millionaire New Yorker, driving through Chester, N. Y., in his motor car, with a chauffeur, ran down three-year-old Marie Potter, who whirled in front of the machine. She died shortly afterward. After hearing the testimony of eyewitnesses the coroner exonerated Goebel.

TEN PASSENGERS KILLED.

"Dixie Flyer" Crashes Through Trestle Near Ocala, Georgia.

Ten persons are known to have been killed and a score or more injured when Atlantic Coast Line south-bound train No. 95, known as the "Dixie Flyer," went through a trestle over the Alapaha river, 18 miles east of Ocala, Georgia. The baggage and express cars, two day coaches and a Pullman went into 10 feet of water in the river. Five Pullmans remained on the track.

The injured were transferred to the Atlantic coast line hospital in Waycross, Ga., and the dead were taken to Tipton and Waycross.

According to an official statement the wreck was caused by the breaking of an axle on the engine when midway on the trestle, the weight of the train causing the trestle to collapse.

The disaster came without warning and as soon as those in the rear Pullmans realized what had happened they rushed to the edge of the river and rendered assistance to the victims.

A training school for nuns is being erected in Traverse City, to which many nuns from northern Michigan will come. It will have a chapel and dormitory.

HOW TO CARE FOR THE FEET

Nothing So Good as Alcohol Rub After Pedal Extremities Have Been Chilled.

No other part of the body except the waist suffers so much abuse and distortion as the feet. They are susceptible to all sorts of deformities and the subject of all sorts of neglect.

Many people do not bathe them sufficiently often, do not change their stockings with sufficient frequency and do not care for them in other ways as they should.

The soldier who cares for his feet is the one who holds out on the march, and many foreign armies have doctors who see that the men care for their feet. The dead skin which hardens and produces callous spots needs to be removed twice a day, if the feet perspire freely.

To rub the feet with alcohol refresh and as soon as those in the rear Pullmans realized what had happened they rushed to the edge of the river and rendered assistance to the victims.

A rub with cocoa butter is a fine thing for the feet at all times. Get a cake of this and give them a five-minute rub at least once a week after the daily bath and you will save yourself many a groan.

We should wear rubbers whenever we need them and take them off as soon as we can. The feet must be kept warm and dry.

A famous physician is reported as saying that his income would dwindle to a half if women kept their feet warm. And it may be added that a woman's chance of being a comfortable soul and a jolly person to have around would be improved by three halves if she would wear the right kind of shoes, care for them and her feet properly and try to have everybody else do the same.—New York Mail.

Almond Tarts.

For tarts make shells of rich puff paste or get patties. Filling for one dozen tarts: Put three tablespoonsful of almond paste in a double boiler with a little milk to dissolve; add half a pint of rich milk and lumps of butter. When it boils add the beaten yolks of two eggs mixed with three table-spoonfuls of sugar and two of flour; let boil till thick; when cool, add fifteen cents' worth of ground almonds and a few drops of almond extract; fill shells. Whip the whites of the two eggs stiff, add two table-spoonfuls of sugar, spread top and sides of tarts, sprinkle with powdered sugar and set in oven till a light brown.

Rice Prune Pudding.

To one cup of rice add one quart of water and boil slowly for about an hour, or until rice is nice and tender; add one-half teaspoonful of salt and one-half cup sugar, also the juice in which one pound of prunes has been previously stewed; from the pound of stewed prunes remove the pits (two silver forks do this nicely); dry half the pits, crack them and chop the meats; mix the prunes and meats with the rice. This is nice eaten either hot or cold with a little sugar and cream or milk.

Potato Croquettes.

Take sufficient mashed potatoes, salt and pepper to taste; and, if liked, a very little minced parsley, egg, and bread crumbs. Boil and mash the potatoes; add a seasoning of pepper and salt, and a little minced parsley may be added, or not. Roll the potatoes into small balls, cover them with egg and bread crumbs, and fry in hot oil or drippings until light brown; let them drain before the fire, dish them on a napkin, and serve.

Potato a la Lyonnaise.

Cut parboiled potatoes into dice. Chop an onion and fry it with a little minced parsley in good drippings or butter for one minute. Then put in the potatoes. Stir briskly until they have fried slowly for five minutes. They must never stick to the bottom nor brown. Sprinkle with pepper and salt, drain free of fat by shaking them in a heated colander and serve hot.

Fudge Frosting.

One and one-half table-spoonfuls butter, one-half cup unsweetened cocoa, one-fourth cup confectionery sugar, a few grains of salt, one-fourth cup of milk, one-half teaspoon vanilla. Add cocoa, sugar, salt and milk, heat to boiling point; let boil for eight minutes; remove from fire and beat until creamy; add vanilla and pour over cake.

Dried Beef Gravy.

Take a 15-cent glass of dried beef and shred the beef into small pieces. Heat two cupfuls of milk in a spider and thicken it with two table-spoonfuls of flour. Then put the shredded beef into the thickened milk and serve with mashed potatoes. This makes an excellent dish for any meal of the day.

Care of Water Bottle.

When the water bottle becomes lined with a sediment from the water an easy way to remove it is by putting a teaspoon of hydrochloric acid, with a little water, in the bottle. The sediment will entirely disappear in a few moments, leaving the glass clear and clean.

To Prevent Cooking Odors.

Fill a tin cup with vinegar and place it on the back of the stove. This will prevent the spread of cooking odors throughout the house.

JUST SO.

"He always was a bad egg, but nobody seemed to notice it while he was rich."
"Yes, he was all right until he was broke."

Filling Her Program.
"Ah say, Miz Mandy, am yo' program full?"
"Lordee, no, Mr. Lumley. It takes mo' an' a san'wich an' two olives to fill my program."

DISFIGURED WITH ECZEMA

"Our little boy Gilbert was troubled with eczema when but a few weeks old. His little face was covered with sores even to back of his ears. The poor little fellow suffered very much. The sores began as pimples, his little face was disfigured very much. We hardly knew what he looked like. The face looked like raw meat. We tied little bags of cloth over his hands to prevent him from scratching. He was very restless at night, his little face itched.

"We consulted two doctors at Chicago, where we resided at that time. After trying all the medicine of the two doctors without any result, we read of the Cuticura Remedies, and at once bought the Cuticura Soap and Ointment. Following the directions carefully and promptly we saw the result, and after four weeks the dear child's face was as fine and clean as any little baby's face. Every one who saw Gilbert after using the Cuticura Remedies was surprised. He has a head of hair which is a pride for any boy of his age, three years. We can only recommend the Cuticura Remedies to everybody." (Signed) Mrs. H. Albrecht, Box 883, West Point, Neb., Oct. 26, 1910.

Women's Secrets

There is one man in the United States who has perhaps heard more women's secrets than any other man or woman in the country. These secrets are not secrets of guilt or shame, but the secrets of suffering, and they have been confided to Dr. R. V. Pierce in the hope and expectation of advice and help. That few of these women have been disappointed in their expectations is proved by the fact that ninety-eight per cent. of all women treated by Dr. Pierce have been absolutely and altogether cured. Such a record would be remarkable if the cases treated were numbered by hundreds only. But when that record applies to the treatment of more than half-a-million women, in a practice of over 40 years, it is phenomenal, and entitles Dr. Pierce to the gratitude accorded him by women, as the first of specialists in the treatment of women's diseases.

Every sick woman may consult Dr. Pierce by letter, absolutely without charge. All replies are mailed, sealed in perfectly plain envelopes, without any printing or advertising whatever, upon them. \$1000 In it for you

Calumet has been backed for years by an offer of \$1000 for any substance injurious to health found in the baking prepared with it.

Does not this fact, that it complies with all pure food laws, both State and National, prove that Calumet is absolutely pure?

With the purity question settled, then Calumet is undoubtedly the best Baking Powder. It contains more leavening power; it is more uniform—every can is the same. It assures better results—and is moderate in price.

Keep Watch on the Tuberculous. The Italian government, on account of the number of tuberculous cases among the Italian emigrants sent back from America, has appointed boards of examiners in the seaports, whose duty it is to report the arrival of tuberculous persons. These are then kept under observation in those places where they settle, to prevent further spread of the disease. The erection of new sanatoria and other tuberculous institutions is being urged in Italy, and the number of beds for consumptives has been considerably increased in different places.

800 Bushels from 20 acres of wheat was the threshold return from a Lloydminster farm in the season of 1910. Many fields in that as well as other districts yielded from 25 to 35 bushels of wheat to the acre. Other grains in proportion.

LARGE PROFITS are thus derived from the FREE HOMESTEAD LANDS of Western Canada. This excellent showing causes prices to advance. Land values should double in two years' time. Grain growing, mixed farming, cattle raising and dairying are all profitable. Free Homesteads of 160 acres or less are available in best districts; 160 acre pre-emption lots at \$3.00 per acre within certain areas. Schools and churches in every settlement. Climate, sun-drenched soil too richest; wood, water and building material plentiful.

146 LIVES LOST IN FIRE IN NEW YORK

GIRLS IN FACTORY CAUGHT IN TRAP LEAP TO DEATH—NO FIRE ESCAPES.

BURST OF FLAME IMPRISON 700 SHIRTTWAIST HANDS—PANIC SEIZES VICTIMS.

Blaze Confined to Three Upper Stories of Ten-Story Building, Does Its Death-Dealing Work in About Twenty Minutes.

One hundred and fifty persons, the great majority of them East Side Jewish girls, met death in its most awful form in New York city in the short space of time between 4:50 and 5:10 o'clock Saturday. They either leaped screaming to their death on the hard pavement or fell back burned and suffocated into the burning eighth, ninth and tenth floors of the building at 23 Washington Place, occupied as a factory by the Triangle Shirtwaist company, which was not provided with a solitary outside fire escape, although 700 operators, 500 of them women, daily worked on these floors. The building, now a charnel house, stands on the western fringe of the downtown wholesale clothing, fur and millinery district. The partners of the firm, Isaac Harris and Max Blanck, escaped unscathed from the office on the tenth floor, carrying with them over an adjoining room Blanck's two young daughters and a governess.

Cause of the Fire a Mystery.

How the fire started will perhaps never be known. A corner on the eighth floor was its point of origin, and the three upper floors only were swept. On the ninth floor fifty bodies were found; sixty-three or more persons were crushed to death by jumping and more than thirty clogged the elevator shafts. The loss to property will not exceed \$100,000.

Terrible Rain of Flesh and Blood.

"Don't jump! Don't jump!" yelled the crowd. But the girls had no alternative. The pressure of the maddened hundreds behind them and the urging of their own fears were too strong. They began to fall to the sidewalk in a terrible rain of flesh and blood.

Four alarms were rung within 15 minutes.

The building stands on a corner, with exposure on two sides, but the only fire escape was an interior, opening on a light and air shaft. In all there were seven exits—the single fire escape, two freight elevators at the rear, two passenger elevators in front, and two stairways. All of them proved almost useless and practically all who escaped either climbed to the roof of the building occupied by the American Book company, adjoining, or fled in the first rush for safety, before the crush and the smoke grew too thick.

Building Stands Monument to Havoc.

The building still stands with shell intact and, barely scarred—rather only smudged; the partitions of architectural tiling between floor and floor are sound, and it is impossible for one who did not see it to imagine how the flames in so short space could have wrought such havoc. Seven hundred hands, 500 of them women, were employed by the shirtwaist company. They sat in rows at their whirling machines, the tables before them piled with flimsy cloth, the floors littered with lint, the air itself full of flying, inflammable dust. The first rush of flame was almost an explosion. Operators died at their chairs, their lungs seared by inhaling flame. Others were crowded into the elevator shafts after the cars had made their last trip. Still others were pushed off the inadequate interior fire escape.

In such a horrible stream did the bodies overflow from the windows that the fire nets, stretched by the first companies to arrive, were soon gorged beyond capacity. Twelve bodies weighted one net to the bursting point, but the bodies kept on tumbling to the pavement, through meshes that could no longer support them.

Can Draw Pay For Seven Days.

In an opinion handed down the supreme court sustained the right of the officers and employees of the legislature to draw pay for seven days a week, which will relieve the stress under which employes have worked without pay since the session opened. In opposing the claim of the employes the attorney-general's department contended that the state blue law prohibiting work on Sunday precluded the employes drawing pay for that day of the week, but the court says the legislators, since time immemorial, have drawn pay for seven days, and on that theory the employes are also entitled to their salary. It is also pointed out that emergencies might arise which would require the legislature to hold a session on Sunday and require the services of the staff of employes. Approximately \$20,000 is due the employes.

Because some of the women interested in the club think the board of directors and officers of the Young Men's club of Traverse City have not been busy enough in organizing it, the entire board resigned in a row.

Capt. Peter Carton, a brother of John J. Carton, of the constitutional convention, was given a verdict by a jury in Justice Torry's court in a suit brought by the city of Flint, charging him with conducting an auction sale without a license. He is a well-known and wealthy citizen of Flint. He maintained that an auction was a legitimate business and that there was no reason why he should be required to take out a license any more than a grocerman or any other kind of business man. The decision was awaited with a good deal of interest all over the state, as it will establish a precedent.

NEW YORK STATE CAPITOL BURNED

\$10,000,000 DAMAGE DONE TO MAGNIFICENT ALBANY STRUCTURE.

DEFECTIVE ELECTRIC PUSH BUTTON THOUGHT TO HAVE STARTED FIRE.

Priceless Relics Are Destroyed; Million Dollar Staircase is Partially Destroyed.

Fire swept, smoke strewn and water drenched, New York state's magnificent \$27,000,000 capitol in Albany stands a partial wreck by flames that started in the assembly library, burned away the entire west wing and did damage estimated at ten million dollars, before the flames were declared under control, after raging for more than four hours. It is believed that the fire was started by a fused electric push button becoming electrified.

The fire was discovered by a night watchman. Before the firemen reached the massive structure at the top of the capitol hill, priceless documents, books and records stored in the assembly library had been destroyed, as was also the famous million dollar staircase in the west wing.

Starts on Third Floor.

On the third floor, where the flames gained their start, the departments wholly or partially destroyed by fire or seriously damaged by water were: The state library, containing 400,000 volumes, among them the most valuable genealogical works in the United States, together with relics, priceless documents, some of them dating back to 1776 and irreplaceable.

The assembly and senate libraries, stored with documents of volumes of law and code books, also a number of documents and manuscripts that can never be replaced.

The finance committee room, in which were stored drafts of all the appropriation and other bills of the present session.

The chamber of the president pro tem of the senate.

The lieutenant-governor's room, badly damaged but not wrecked.

The senate and assembly chambers both flushed with water that has ruined their rich furnishings, and the ceiling of the latter hanging in wasted and straggling shreds of half dissolved paper. This ceiling, with its handsome, adornment is said to have cost a great sum and was one of the show sights of the capitol.

Wonderful Stairs.

The grand western staircase, which was regarded as one of the most beautiful in the world, occupied the center of the western wing and consisted of an immense double stairway of Corsehill sandstone elaborately carved. It was surmounted by a glaze dome, which soon fell. It may have to be rebuilt.

The structure was commenced in March 1884, and took five and a half years to build.

State Commissioner of Education Andrew S. Draper stated that the state library contained 600,000 volumes, 400,000 pamphlets and 300,000 historical manuscripts.

Two years ago Commissioner Draper transferred from the state library proper to the safe in his office on the first floor the original emancipation proclamation, the original of Washington's farewell address, the original manuscript of the state constitution and 15 or 20 of the other priceless manuscripts, as well as all of the Washington relics. These were all removed from the building to a place of safety when the fire started.

Commissioner Draper said that most of the manuscripts that have been lost were original documents and cannot be replaced. The early Dutch records were lost. Of the books on the state library shelves which can be duplicated in the open market today, such duplication would cost, according to Commissioner Draper, \$1,500,000, but, he says, the other books and manuscripts lost, because of their being rarities, are priceless. The loss in documents and equipment of the state library, which can be replaced, is in the neighborhood of \$2,000,000.

It Depends on the Liver. "Is life worth living?—that depends upon the liver." Yes, and that again depends upon what you eat, and how you eat.

Henry Ward Beecher once said: "A man with a bad liver cannot be a good Christian." Henry made some mistakes, but in this statement he was eminently correct. It is only another version of a phrase frequently used by the editor of the *Care of the Body*: "As a man eateth so is he."—Los Angeles Times.

School Boys' Garden. An admirable scheme to have a school boys' garden next year, has been planned by the authorities of Elming, N. Y. Last summer a hundred boys made good as farmers of vacant lots, and it is now proposed to place practically all such unused property in the city under cultivation, the pupils of the public schools to be the gardeners and to reap the profits from their products.

Willing to Tell It. The check which the comely young German handed in at the window of a Walnut street savings fund bank the other day was made payable to Gretchen Schmidt, and she had endorsed it simply Gretchen Smith. The man at the receiving teller's window called her back just as she was turning away to rectify the mistake. "You don't deposit this quite this way," he explained. "See, you have forgotten the H." The young woman looked at her check and blushed a rosy red. "Ach, so I haf," she murmured, and wrote hurriedly: "Age 23."

Perhaps Not. An instructor in a church school where much attention was paid to sacred history, dwelt particularly on the phrase "And Enoch was not, for God took him." So many times was this repeated in connection with the death of Enoch that he thought even the dullest pupil would answer correctly when asked in examination: State in the exact language of the Bible what is said of Enoch's death. But this was the answer he got: "Enoch was not what God took him for."—Brooklyn Life.

Colds and Chills Bring Kidney Ills

February, March and April are the backache months, because they are months of colds, chills, grip and pneumonia, with their congesting, weakening influence on the kidneys. Colds, chills, or grip strain the kidneys and start backache, urinary disorders and uric acid troubles. You feel lame, weak and tired and have headache, dizzy feelings, achy muscles and joints; too frequent, painful urinary passages, sediment, etc. Chills hurt the kidneys. Likewise well kidneys often prevent taking cold, by helping to pass off the waste matters of cold congestion. Doan's Kidney Pills are very useful in the raw winter and spring months. They stop backache and urinary disorders, keep the kidneys well and prevent colds from settling on the kidneys. Strong testimony proves it. What better evidence could you ask?

CONVINCING PROOF FROM GRATEFUL USERS

TERRIBLE CASE OF DROPSY.

Lebanon, Ind., Man Gives Vivid Description of His Suffering. John T. Anderson, 613 W. Main St., Lebanon, Ind., says: "I was taken suddenly with agonizing pains through my kidneys, followed by a stoppage of the urine. I called in a physician, but he gave me only temporary relief, by drawing the urine with a catheter. I was soon in such agony I could not lie in bed, and for four weeks sat in a chair, propped up by pillows. After about a month, it seemed as if something burst and I passed a regular flood of water, mixed with blood and mucus. After that I had not a particle of control over the secretions. The doctor said he could do no more for me, and everyone thought I would die. My friends marvel at my recovery. Nine boxes of Doan's Kidney Pills saved my life and made a permanent cure. I gained 25 pounds and have had no trouble since."

TEN YEARS OF SUFFERING.

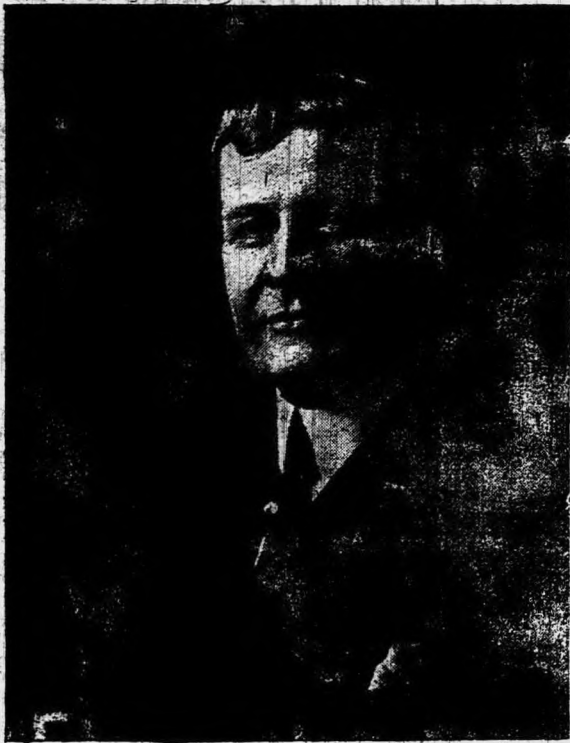

Restored at Last to Perfect Health by Doan's Kidney Pills. Mrs. Narcissa Waggoner, Cartersville, Ill., R. F. D. No. 2, says: "For over ten years I suffered terribly with backaches, headaches, nervous and dizzy spells. I was restless at night and in the morning arose so tired as to be almost unable to do my household work. The kidney secretions were unnatural and gave me a great deal of trouble. One day I suddenly fell to the floor where I lay for a long time unconscious. Three doctors who treated me diagnosed my case as paralysis and said they could do nothing for me. As a last resort I began using Doan's Kidney Pills and was permanently cured. I am stronger than before in many years and my kidneys are in perfect condition."

Wilkins for Circuit Judge.

Indorsed by 90 Per Cent of All Lawyers in Detroit
--What Hon. Don M. Dickinson and the
Detroit Journal Say.

CHARLES T. WILKINS.

Born in Detroit, Educated in Detroit, University of Michigan and Harvard Law School. Assistant U. S. Attorney seven years. In active practice twenty-five years. Endorsed by ninety per cent of his brother lawyers of all political parties.

Hon. Don M. Dickinson, former Postmaster-General, and an acknowledged leader of the Bar in the United States, publicly declares for Mr. Wilkins' election. He says in the press:

"He is possessed of a rare judicial mind. He has made good to a remarkable degree, and is especially fitted for the bench."
The Detroit Journal (Republican), under date of March 10th, 1911, says editorially:

"Mr. Wilkins began his public legal career in the office of the United States district attorney and has won recognition as one of the most brilliant of Detroit's attorneys in general law practice."

Charles T. Wilkins' record as Asst. U. S. District Attorney in 1887, '88, '89 and '90, was so notable as to demand his re-appointment in 1894 for another term.

Over 90 per cent of the lawyers of the Detroit Bar favor Mr. Wilkins for Circuit Judge. Why? Ask your attorney.

GEO. S. HOSMER

Democratic Candidate for re-election as

CIRCUIT JUDGE

Respectfully asks for your support.

"There are among the Democratic candidates men who are fitted for and deserving of places on the Wayne Circuit bench. Judge Hosmer for instance is clearly entitled to re-election at the hands of discriminating non-partisan voters."—Editorial of Detroit Journal, Jan. 30th, 1911.

Judge Hosmer is a jurist of unusual ability and learning and is recognized by both Republicans and Democrats as peculiarly adapted for the judiciary. His fitness is unquestioned and his brilliant career on the bench has fully demonstrated this fact. He has the unqualified endorsement of an admiring constituency.

If not upon your Party Ticket, place an X
