Local Correspondence

ELM.

School opened up Monday with a Northville lady for room No. 1 and Miss Lathers of Inkster, room No. 2.

Mr. and Mrs. Will Wolfrom called on Mr. and Mrs. John Wolfrom at Bell Branch Sunday.

Mrs. Chas. Hirschlieb called on Mrs. Chas. Peters at Clarenceville Monday. Mrs. Wilson was in Detroit on business Tuesday.

Will Wolfrom went to Toledo last week and purchased a new traction engine.

Fire got into the pear orchard of Tom Shaw recently and did considerable damage to the trees.

Mr. and Mrs. Will McKinney were Redford visitors last Saturday.

Chas. Peters' new house is nearing completion and will be a fine structure.

Mrs. John Karick and children of Detroit visited relatives in this vicinity Sunday.

Mr. and Mrs. Kuster at Beech entertained their children from Detroit Sunday.

Farmers are very busy these days filling their silos.

For bowel complaints in children always give Chamberlain's Colic, Cholera and Diarrhoea Remedy and castor oil. It is certain to effect a cure and when reduced with water and sweetened is pleasant to take. No physician can prescribe a better remedy. For sale by all dealers.

WEST PLYMOUTH.

Mrs. Don Packard and little Cecil have been visiting Mrs. Durfee in Wayne this week.

Mr. and Mrs. Emory Schook and children visited Mr. and Mrs. Will Cole in Salem Sunday.

Will Johnson has completed the purchase of an 100 acre farm near Vassar, Mich., and will move there in the near future.

Mrs. Chas. Draper, Merrill and Winifred and Mrs. L. Stevens visited at Dan Murray's last Thursday.

Don Packard made a trip to the eastern market, Detroit, the first of the week. He said the rush was so great that one woman was seriously injured and her buggy broken in pieces. She was knocked down and the crowd trampled upon her chest. She was taken at once to one of the hospitals, but very little hope was entertained for her recovery.

Mr. and Mrs. Jack Johnson of Texas visited at J. C. O'Bryan's Monday and Tuesday.

Little Harold Guilford of Wauseon, O., is threatened with typhoid fever and has lost the use of his lower limbs. He can get around the house a little by lying on the floor and crawling. He gets very lonely and discouraged and would be very glad if his little friends here would remember him with a letter or a postcard.

Mrs. J. J. Lucas is still having trouble with her hand. It is four weeks ago since she broke the needle off in it and it is just as painful now as it was then.

Alfred Stephenson, wife and child of Chicago visited Mr. Stephenson's sister, Mrs. Geo. Innes, last week.

The many friends of Mrs. Stella Nelson, a former West Plymouth girl, will be sorry to learn that her little girl has been sent home from the hospital with no hope of recovery. The little girl has been sick since last April with bronchial trouble.

NEWBURG.

The L. A. S. held a very profitable meeting at their hall Friday afternoon. Work is progressing nicely for the fair the date of which will be given later. The work committee would like to have any one that will do so furnish an apron for their booth.

There was a good attendance at church last Sunday. The pastor preached an extra good sermon, especially to the young people, of which there were eight taken in to full membership and one on probation.

The W. R. C. will have their yearly inspection at the hall Saturday of this week. All members are requested to be present.

Mr. and Mrs. Morton and Mr. and Mrs. John Mitchell of Detroit visited at the home of Mr. and Mrs. Wm. Farley a part of last week.

Alfred Taft of Detroit, who is out of health, is staying a while at the home of his cousin, C. E. Ryder.

All members of the G. A. R. and W. R. C. are requested to be present at next Sunday's service, as there will be something of special interest for them.

Wedding bells will soon be ringing not far from Newburg.

Any one having items for the Mail, please call up 901 short, long, short.

James King attended a reunion of his old regiment, the 20th Mich. Inf., at Jackson Tuesday of this week.

Mrs. James King entertained her daughter, Mrs. D. F. Smith and friend, Mrs. Gale, both of Lynn, Mass., recently.

Mrs. Mary Armstrong, who has been spending the summer at Bay View, is visiting her daughter, Mrs. W. R. LeVan.

When you are Doubled Up

With cramps, cholera morbus, rheumatism or pleurisy, you need a bottle of Renn's Pain-Killing Magic Oil. It gives relief. It is a powerful pain-killer. Eases rheumatism, neuralgia, sprains and all internal and external aches and pains. Price 25 cts. per bottle. Sold by Pinckney's Pharmacy and Beyer Pharmacy.

ONIA CENTER.

George Cooper raised the Krumm engine out of the creek on Thursday of last week. They fired it up and ran it up to the Center, where Geo. Fisher is repairing it.

Clarence Hayfall is working for Fred Lee on the Dove place.

Mr. and Mrs. August Mau of Redford visited their son John and family last Sunday.

Mrs. E. S. Rice is staying a few days with Jesse Chilson.

Mr. and Mrs. C. F. Smith called on Mr. and Mrs. Otto Wagonschultz Sunday evening.

Mrs. Jordan of Republic, Ohio, is visiting her daughter, Mrs. Fred Lee, for a few days.

Mrs. Will Core planned a surprise on her husband's mother Sunday afternoon and invited quite a few old neighbors to luncheon with her.

Harry Green, once of Livonia, but now of anywhere, called on old acquaintances at the Center Monday.

Mrs. Sarah Brown has been entertaining her niece and two little daughters from near Chicago the past week.

STARK.

Mildred Maynard is spending the week in Detroit.

Mr. and Mrs. W. H. Coats went to Detroit on the excursion Sunday.

Harry Armstrong and wife of Detroit Sunday at home.

Mr. Snyder entertained company from Detroit, Chicago and Redford Sunday.

W. H. Coats is putting a wall and cement porches on his house at Stark.

Mr. and Mrs. T. P. Sherman of Plymouth and Mr. and Mrs. Kincaid of West Virginia, called at Roselawn Monday.

Mrs. Ike Gansolly and Mrs. Kate Coats of Stark helped Mrs. Hoisington celebrate her 75th birthday Sept. 14th at Roselawn.

Hugh Millard is visiting relatives in and around Stark.

Mrs. Gould spent Sunday in Detroit.

OBITUARY

Olive Patten was born Sept. 27, 1815, at Tully, Onondaga Co., N. Y. She was the youngest of eight children. When a young woman she came to Detroit with her parents and brother when that city was but a village. Two years later they moved to Nankin, where she has since lived. In April, 1845, she was united in marriage to Erastus Warner, also a pioneer of Michigan. Five children were born to this union, three of whom survive her: Mrs. Wm. Adams of Upland, Cal., Mrs. Edson Taylor of Oxford, Mich., and Ammon Warner of Nankin, with whom she has lived, on the old homestead, since the death of her husband in 1883. For the past year and a half she has been confined to her bed. She passed away Aug. 28, 1911, at the age of 95 years and 11 months.

The funeral was held from her late home Aug. 31, Rev. B. F. Barber officiating and she was laid to rest in Newburg cemetery. All of her thirteen grandchildren, except Mrs. J. R. Briggs of California, were present at the funeral. There are also three great-grandchildren.

"I have a world of confidence in Chamberlain's Cough Remedy for I have used it with perfect success," writes Mrs. M. I. Bosford, Poolersville, Md. For sale by all dealers.

The School Child's Needs

The school year has just begun and fond parents are carefully selecting new outfits of clothes so that their children may compare favorably in appearance with their neighbor's children.

But why only see that their stock of clothes is complete? Clothes do not make the man. It is far more important to see that both mind and body are in the best condition possible for development.

Many a child is forced backward toward the foot of the class because of some minor ailment which might be easily corrected by proper treatment.

Do not neglect a child because he seems stupid. Then is the time that he needs attention. Any child who is weak or does not learn easily should be taken to a competent physician who can often find defects in the child, the correction of which will make the child strong and robust both mentally and physically.

Our cities are fast coming to a realization of the fact that many of the fact that many of the children are backward, not because of lack of brains, but because their defective bodies do not supply the brain with enough good rich blood to develop properly. They hire reputable physicians who duty it is to examine these children carefully, and, if any defect is found, to take steps to have it removed.

If a child is unable to see properly it cannot be expected to learn its lessons. The concentration and application necessary to accomplish this is impossible. And yet one-third of the school children are found to suffer from defective vision in various degrees. This is a condition which is easily remedied in majority of cases by proper treatment.

One of the common causes of backward children are adenoids and tonsils. These are lymphatic growths in the throat which fill up the upper part of the throat and render, breathing through the nose difficult or impossible. Such a child has a characteristic facial expression and is known as a mouth breather. Not only is the face affected, but backwardness in the development of the entire system is also caused. These are readily removed by a slight surgical operation.

See that the child receives plenty of fresh air and exercise. The body needs plenty of systematic exercise in the open air. A healthy body and a healthy brain go hand in hand and one seldom finds one without the other. See that the child's study and sleeping rooms are well ventilated so that it will not be poisoned by foul air.

A healthy start in life means health, wealth and happiness in later years. See that the child lacks none of the opportunities for this development.

If the child is frail or does not learn readily, look for a cause. There are many minor ailments and defects, the correction of which may be the turning point in the life of your child.

The best is none too good for him. See that no stone is left unturned in bringing the child to a healthy maturity and you will be astonished at the results.

Very truly yours,
ROBERT L. DIXON, M. D.,
Secretary.

Northville-Plymouth Road Finished

County Road Commissioners Hines, Haggerty and Murdock have finished the construction of a state road gravel road between Plymouth and Northville, a distance of a little over two miles; with the one mile previously constructed, this finishes the entire road, and is the first one of the secondary roads connecting up the smaller centers of population in Wayne county to be finished. The steep hills were cut down so that the grade at no point exceeds 6%, a bad curve straightened out and the road widened. This is a fine type of gravel construction, and will improve with age as the large percentage of pebbles used requires time to form a perfect bond. An excellent quality of pebbles was found near Northville which effected a considerable saving to the tax payers of Wayne county. The crew on this road have moved to the Plymouth Road where they will build five miles of state road gravel road running from the town line road between Greenfield and Redford townships to Fisher's Corners in Redford Township. Two reinforced concrete culverts are also being con-

structed. The Board expects to finish the work this fall. Plymouth Road runs into Grand River road at the Triangle Hotel, and is practically a straight route to the Village of Plymouth. It taps a rich farming section which at the present time is badly handicapped on account of deep sand and heavy clay. The Commission has previously built two miles of gravel road out of the Village of Plymouth, and Greenfield Township has graveled the section which lies in her borders. The work of concreting Mt. Elliott Road has also been started.

SCHOOL NOTES.

School opened with the following enrollment: Kdg. 29; 1st. grade, 52; 2nd, 31; 3rd, 43; 4th, 32; 5th, 27; 6th, 46; 7th, 28; 8th, 48; H. S., 100. Total 436.

School opens well. The new teachers fit into their places as though they had been always with us. The spirit among the pupils is fine and all are starting out in a business like manner. The prospects for a good year are especially pleasing.

An Auto Accident.

A young son of Frank Wagonschultz was struck by an auto driven by Robt. Jolliffe Wednesday noon, but fortunately was not seriously hurt. Mr. Jolliffe had just left the store going toward the P. M. crossing near which several boys were playing in the road. He sounded a warning and the boys all ran up on the sidewalk, apparently heeding the signal. Just as Mr. Jolliffe reached them, young Wagonschultz ran out in front of the machine, the fender of which knocked him down. Moving but slowly at the time, Mr. Jolliffe brought his machine to a stop suddenly and picking up the boy carried him into the office of the McLaren elevator and summoned Dr. Patterson. The doctor found a bruise over each eye and a slight cut on the head. He was taken to his home by Mr. Jolliffe in his machine. Some wild reports were circulated about the accident, but the version above is correct.

As usually treated, a sprained ankle will disable a man for three or four weeks, but by applying Chamberlain's Liniment freely as soon as the injury is received, and observing the directions with each bottle, a cure can be effected in from two to four days. For sale by all dealers.

Attempt at Kidnapping.

Monday, Arloa Roe, aged six years, the grandchild of Mr. and Mrs. H. B. Roe, was kidnapped by her mother, Mrs. Patterson of Detroit, while the little girl was on her way home from the Hough school-house. The lady had hired a rig of Czar Perney and drove out that way to meet the children coming from school. The child being unwilling to go, screamed and attracted the attention of neighbors, who telephoned to officer Springer, who caught the mother as she was boarding the train for Detroit. She took the train but the child was returned to its grandparents. The little girl's parents were divorced some years ago and the mother claims right to the child.

In a letter received by Mrs. Arthur Tillotson from her husband, now at High River, Alberta, Western Canada, he says that he never saw such an immense crop of wheat and such a fine quality (even at the fairs) in his life. He says, "We are just now in the midst of the harvesting. Am at this writing, Sept. 8, with a crew in a field of five hundred acres, which we will cut and thresh before moving on to another field, perhaps equally as large."

Diarrhoea is always more or less prevalent during September. Be prepared for it. Chamberlain's Colic, Cholera and Diarrhoea Remedy is prompt and effectual. It can always be depended upon and is pleasant to take. For sale by all dealers.

AMERICA NAMED BY GERMAN

Martin Waldseemuller Published First Map With That Title Given the New World.

In the interesting town of St. Die, in French Lorraine, there was recently held a celebration of special interest to the people of this side of the world, and in a lesser degree to Spain and Italy. It was in honor of the four hundredth anniversary of the publication there of the geographical work of Martin Waldseemuller, in which America was suggested as the name of the New World.

There have been many theories and much controversy as to the origin of the name America, and not a few have resented the slight which was put upon Columbus in this connection. Some have denounced Amerigo Vespucci—who, like Columbus, was an Italian sailing under the flag of Spain—for "stealing" the glory due the real discoverer.

But the chief wrong, if any was done, was committed by the German geographer in the book which was published in 1507, and on the map which he published a year or so later. On that map the name America was applied, however, only to the southern part of the New World. The northern part was called Paria.

It is possible, perhaps probable, that Vespucci, not Columbus, first reached the mainland of America; and it was Vespucci who grasped the important fact that a new continent had been found, and not simply a part of Asia. Of that fact Columbus died in ignorance.

But rightly or wrongly, the name of Amerigo Vespucci, trader, traveler and writer, was given to the New World, and given to remain forever. And now a lofty tower rises among the hills of Lorraine to commemorate the suggestion which resulted in the designation.

A Beautiful Woman

Always has a fine clear complexion. Many more women would be beautiful if they could only get rid of sallowness, pimples and blotches. These are symptoms of a torpid liver and the right remedy for a bad liver is Dr. Herrick's Sugar-Coated Pills. They put the liver in order, sweeten the breath and clear the skin of sallowness and blemishes. Besides they make you feel bright and cheerful. Price 25 cts. per box. Sold by Pinkney's Pharmacy and Beyer Pharmacy.

A "uniform divorce law" may be made a great issue by President Taft in his swing around the fall fairs, but how will that affect the tariff?

Hope for His Return.

Rev. E. King leaves next week for conference. Mr. King has preached in the Methodist church here for over four years and has been an earnest and faithful exponent of the Word of God and the doctrines of the church. Since his pastorate nearly 150 members have been taken into the church and at the present time the congregation is free from all debt, having in the meantime paid the mortgage on the parsonage and also paid for other church improvement made. The church, together with the people of the village, would be very glad to have him returned for at least another year and we hope the Bishop will defer to their wishes.

DEATH BEFORE 100 YEARS IS SUICIDE

Prof. Munyon Says Ignorance of Laws of Health Explains Early End of Life.

NOTED SCIENTIST HAS ENCOURAGING WORD FOR DESPONDENT MEN AND WOMEN

"Death before 100 years of age has been reached is nothing more or less than slow suicide. A man (or woman) who dies at an earlier age is simply ignorant of the laws of health."

Such was the original and rather startling statement made by Professor James M. Munyon, the famous Philadelphia health authority, who is establishing health headquarters in all the large cities of the world for the purpose of getting in direct touch with his thousands of converts.

Professor Munyon is a living embodiment of the cheerful, healthy, body-vital, well-spiced, active and energetic, he looks as though he would easily attain the century age limit which he declares is the normal one. He said:

"I want the people of the world to know my opinions on the subject of health, which are the fruit of a life-time devoted to healing the sick, people of America. There isn't a building in this city big enough to house the people in this state alone who have found health through my methods. Before I get through there won't be a building big enough to house my cured patients in this city alone."

"I want, most of all, to talk to the sick people—the invalids, the discouraged ones, the victims of nerve-wracking, body-racking diseases and ailments—for these are the ones to whom the message of hope which I bear will bring the greatest blessing."

"I want to talk to the rheumatics, the sufferers from stomach trouble, the ones afflicted with that noxious disease, cancer. I want to tell my story to the women who have become chronic invalids as a result of nervous troubles. I want to talk to the men who are all run down, whose health has been broken by overwork, improper diet, late hours and other causes, and who feel the creeping clutch of serious chronic illness."

"To these people I bring a story of hope. I can give them a promise of better things. I want to astonish them by showing the record of cures performed through my new system of treatment."

"I have taken the best of the ideas from all schools and embodied them in a new system of treatment individually adapted to each particular case. I have no 'cure alls,' but my present method of attacking disease is the very best thought of modern science. The success which I have had with these treatments in this city and all over America proves its efficacy. Old methods must give way to new medical science moves. I know what my remedies are doing for humanity everywhere. I know what they will do for the people of this city. Let me prove my statements—that's all I ask."

MEAN MAN.

"Now, John, if I were to die you would weep over me and tell every body what a good wife I was."

"No, I wouldn't, believe me."

"Well, I would for you, just for decency's sake. And that shows I'm not half as mean as you are."

"WHY SHOULD I USE CUTICURA SOAP?"

"There is nothing the matter with my skin, and I thought Cuticura Soap was only for skin troubles." True, it is for skin troubles, but its great mission is to prevent skin troubles. For more than a generation its delicate emollient and prophylactic properties have rendered it the standard for this purpose, while its extreme purity and refreshing fragrance give to it all the advantages of the best of toilet soaps. It is also invaluable in keeping the hands soft and white, the hair lustrous and glossy, and the scalp free from dandruff and irritation.

While its first cost is a few cents more than that of ordinary toilet soaps, it is prepared with such care and of such materials, that it wears to a wafer, often outlasting several cakes of other soap, and making its use, in practice, most economical. Cuticura Soap is sold by druggists and dealers everywhere, but the truth of these claims may be demonstrated without cost by sending to "Cuticura," Dept. 23 L, Boston, for a liberal sample cake, together with a thirty-two page book on the skin and hair.

NIGHT SHOW AT THE MICHIGAN STATE FAIR A GREAT SPECTACLE

"The Siege of Fort Detroit" an Elaborate Production—Heavens Ablaze With Light—Magnificently Staged and Costumed It Will Be the Grandest Spectacle Ever Presented by Any Fair Management.

The night show to be given in connection with the State Fair this year will, according to the management, be the most magnificent spectacle ever presented. The increased premiums and special prizes will bring forth the very best in horsemanship, and the gorgeous horse show will be put on as a prelude to the magnificent fireworks spectacle in front of the grand stand. Motor Hall will also be kept open evenings and the immense display of autos on the first floor with the industrial exhibit and electrical show on the second floor, will be a most interesting part of the fair. But the pyrotechnic display, including the grand realistic spectacular production, "Pioneer Days and Chief Pontiac's Attack on Fort Detroit," will be the piece de resistance of the night entertainment. This realistic spectacular production is being especially designed for the Michigan State Fair by the A. L. Due Fireworks Company and William Beck & Sons Company, of Cincinnati, at a cost of \$10,000. The scenery and costumes are all new and both companies guarantee to the State Fair management that every requirement will be fully met.

To entertain the multitudes who will come to the State Fair and in keeping with the carnival spirit, the officials have worked the whole year around planned this night spectacular fete of great local historical interest, that of "Chief Pontiac's Conspiracy," as given by the Due Company and pronounced by them as the most brilliant spectacle of the kind ever given anywhere.

Of the many fireworks pageants submitted, the general theme of Pontiac's attack on the old Detroit stockade was conceived as the big feature of the many program offerings, and the management decided that by presenting "Pontiac and the Siege of Fort Detroit"—easily the most appealing of all the spectacular shows—they could please the expositing crowds and at the same time present a stirring historical incident of Detroit's early days when, on May 1, 1763, Pontiac, the Ottawa chief, with a band of Indians, passed through the gate of the old Fort Detroit stockade, erected when the city was founded in 1701, intending to surprise and massacre the garrison; but the exposure of his plot on the previous day by Catherine, the Ojibwa girl, caused the defeat of his plans and he retired to his wigwam to hatch over a new scheme of revenge.

STATE FAIR IS BOOMING

RUSH OF ENTRIES INDICATES FAIR WILL BREAK ALL RECORDS.

In the Offices and on the Grounds There is no Let Up in Preparations.

Entries are pouring into the State Fair office at the rate of one every two minutes with no prospect of a let up before the gong rings to start the show on the eighteenth.

At the grounds a small army is working on new buildings, painting and repairing old ones, constructing fences, roads and sidewalks and other gang of men and teams will be engaged until the fair opens on the great mile speedway where the fastest horses in the world will enter in the twenty contests at the five days' Grand Circuit meeting for the \$50,000 in purses offered.

This early it is apparent that every department, from the poultry show to the horse and cattle departments, will be crowded with exhibits and what to do with the overflow is a big problem the management must cope with before the fair opens. In the agricultural and horticultural sections, the exhibits will be larger than ever before, the development bureaus of the upper peninsula, the western and northeast sections of the state having engaged all of the space the fair management would allot them for the exhibits from their sections.

Every inch of available space has been taken on the floor of Motor Hall by motor car manufacturers and dealers, and this show will this year feature one of the leading features of the fair. More than 50 manufacturers and dealers will exhibit trucks forming a big part of the show. The second floor will house an industrial show, many Detroit manufacturers having taken space.

The Edmonton, Canada, board of trade has taken a thousand feet of space for an exhibit. This will come from the Edmonton fair.

SUGAR SOARS.

United States Agricultural Department Says a Famine Comes.

The United States is facing the most severe sugar famine in years. The refineries have hardly any stock on hand; there is practically no trading in anything but seconds in the New York market; it is impossible to obtain any of last year's European surplus, and the fall crop for the United States threatens to show a large diminution.

The price of sugar has gone up steadily for months. It has risen a cent and a quarter a pound, wholesale, the last few weeks, and the fall production not only will not bring about a drop in prices, but may be responsible for a continuation for the increasing price.

This is the situation as summed up by sugar experts in the department of agriculture, after a period of reports from all sugar-growing sections of the country, reports on the present condition of the market and estimates on the amount of sugar now held in stock by the refineries.

THE MARKETS

LIVE STOCK.

DETROIT—Cattle.—The general condition of the live stock market was about the same as that of last week. There were some changes in the price of none of any considerable importance. In the cattle department the sun was below that of a week ago by nearly 300 head. Quality was about the same. The poorer grades came in for more attention than they have been running for several weeks, and among the best sellers were bulls and calves. Fat cows and heifers, butcher cattle were also wanted. There was some demand for stockers and feeders and a few loads went back to the farms but for most part the cattle sold were for shipment east and slaughter pens. There was a better demand for milk cows and a better grade of cows on hand to fill it. Prices were slightly higher, some being held at \$65.00 per head. Best dry fed steers and heifers, \$67.00 to \$70.00; butcher steers and heifers, \$10.00 to \$12.00; yearlings, \$8.00 to \$10.00; light to good steers and heifers, \$7.00 to \$9.00; \$4.25 to \$5.00; choice fat cows, \$4.50 to \$5.00; common butch cows, \$3.75 to \$4.50; canners, \$1.50 to \$2.50; choice heavy bulls, \$4.00 to \$5.00; common bulls, \$2.50 to \$3.50; choice well bred feeders, \$5.50 to \$6.25; common feeders, \$4.00 to \$4.75; stockers, \$3.00 to \$3.50; choice, large, \$4.00 to \$4.50; medium aged milkers, \$5.00 to \$6.00; fair to good milkers, \$4.00 to \$5.00; common milkers, \$3.50 to \$4.00.

The veal calf trade, while active, had to be conducted on a range of prices 50 cents below those paid for calves of like quality last week. The run was slightly above that of a week ago. The best grades brought \$9.00 to \$10.00 per hundred, with those of less quality ranging from \$5.00 up.

Sheep.—Demand took all the yards. Best lambs, \$8.00 to \$9.00; fair to good lambs, \$5.50 to \$6.50; light to common lambs, \$4.00 to \$4.50; fair to good butcher sheep, \$3.00 to \$3.50; culls and commons, \$1.50 to \$2.00.

Hogs.—Packers say they are losing money on Michigan hogs at the present range and are beating down on everything not strictly first class for the season. Prices on the good ones were off 10 cents per hundred and still more on common kinds. Prices ranged: light to good butchers, \$7.00 to \$7.50; pigs, \$6.50 to \$7.50; light Yorkers, \$7.20 to \$7.50; roughs, subject to dock; stage, one-third off.

EAST BUFFALO—Cattle.—Demand slow at a trifle below last week's prices.

Hogs.—Lower, heavy, \$7.00 to \$7.50; Yorkers, \$7.00 to \$7.50; pigs, \$6.50 to \$7.00; yearlings, \$4.50 to \$5.00; weathers, \$4.00 to \$4.50; ewes, \$3.50 to \$4.00.

GRAIN, ETC.

DARING DRIVERS AT STATE FAIR

Ray Harroun and Bob Burman, Two Greatest Speed Annihilators, to Be There.

"The best there is in the auto racing game" is the slogan of the Michigan state fair this year, instead of securing one great star as was the case last year when Barney Oldfield was brought to Detroit, a half dozen famous dare-devils have been signed up and will not only endeavor to chase Father Time clear of the map, but will enter into open competition in the big handicap races.

The greatest of all long distances automobile drivers, Ray Harroun, and holder of the present world's circular dirt track mark, who is already well known to most of the auto racing bugs in these parts, will be here and will bring with him the magnificent 200 horsepower Blitzen Benz racing machine. Burman holds with this great machine besides the circular dirt track mark, all the world's short distance speedway, straight away and competition records, and will again try for a new mark on the fair grounds course.

STATE NEWS IN BRIEF

Grand Rapids.—South Haven was awarded the next meeting of the Prithian grand lodge. The meeting will be held on the first Wednesday in September, 1912.

The new grand officers were installed with much ceremony by P. T. Golgrove, of Hastings, past supreme chancellor. The new grand chancellor, Victor Hawkins, met with the new officers of the grand lodge to formulate plans for the coming year's work.

Kalamazoo.—Delos Turner has again been foiled in his attempt to capture a bride. Turned down by every minister and justice of the peace he visited last spring with a colored woman he sought to marry, Turner is now attempting to find a way the marriage can be performed. The woman, Nettie B. Smith, returned to Missouli, but, according to Turner, she is willing to come back to Kalamazoo if he can find some person willing to perform the marriage.

Port Huron.—A large number of Maccabees are expected in this city next week, and great preparations are being made for the entertainment of the guests. The special review of the Knights of the Modern Maccabees is to be held. At this meeting readjustments of the rates and the assessment for the erection of a monument to the late Major Boynton, father of the Maccabees, will be considered.

Ann Arbor.—Daniel Alford has cheated the law and lies dead, having committed suicide in the county jail just before being taken to the courthouse where Judge Kline would have sentenced him to 20 years at Marquette. By a peculiar freak of fate, the breath left the suicide's body at about the same minute he would have received his sentence.

Houghton.—Fire in the Hotel Knauf damaged the structure to the extent of about \$15,000. Several guests had narrow escapes. One man jumped from the second-story window to the street, sustaining a sprained ankle and several cuts. The hotel was the oldest in Houghton, having been built in 1862. It will be rebuilt.

Saginaw.—James Gregory, seventy years old, employed at the Prairie farm, was found dead near the Grand Trunk tracks at Orville station, five miles south of here, by some children. A pay envelope in the man's pocket identified him. Apparently he had been walking along the tracks and was struck by a Grand Trunk train.

Clare.—E. A. McWilliams of Clare, in company with Flossie Draper, thirteen years old, were arrested and taken to Clare by Deputy Sheriff Doherty, where it is said that McWilliams will face a charge of abduction. The officers allege that McWilliams enticed the child from her home and brought her to Saginaw.

Cadillac.—Francis Bredahl, twenty years old, was arrested for attempting to pass a forged check for \$50, using the name of his father, R. P. Bredahl, a prominent farmer of Liberty township. In the county jail Bredahl confessed to the forgery, but made no further explanation. The bank will prosecute.

Kalamazoo.—Once a wealthy member of Kalamazoo society, but now feeble and broken in health, Mrs. Jane C. Powelson, eighty years old, applied to Sheriff A. L. Campbell for restitution of her wrongs, alleging that a married daughter had taken her last bit of property remaining to her from the wreck of her once extensive holdings. The sheriff provided her with means of temporary sustenance and will take up her case with County Poor Commissioner Bryant.

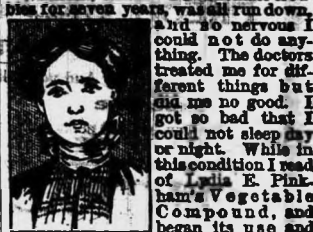

Holland.—Ex-Mayor and Mrs. Edward Jerome Harrington, one of the oldest and most prominent pioneer couples of the Van Raalte colony, which settled here sixty-four years ago, celebrated the fifty-eighth anniversary of their marriage with a family reunion at their home where they have lived for more than fifty years. Mr. and Mrs. Harrington are both seventy-nine years of age and their birthday anniversaries are only a few days apart.

Flint.—Dr. F. L. Tupper, physician for the Buick Motor company and a member of the park board, was arraigned in circuit court on a charge of poisoning a dog owned by Henry Allen, a well-to-do gold prospector and miner. The defendant stood mute and a plea of not guilty was entered. His personal bond of \$100 was accepted as bail.

Bay City.—That Attorney Robert V. Ingerson of this city, who is also secretary-manager of the Genesee Coal company of Flint, and his younger brother Gerald were drowned in Saginaw bay, is now accepted. No boats touching at any shore points report picking them up and anyway, the position of their stranded yacht, found on a bar nine miles north of the city, indicates that they were within a few miles of the mouth of the Saginaw river when both were either washed off or tipped out of their boat.

AFTER 7 YEARS SUFFERING

Was Cured by Lydia E. Pinkham's Vegetable Compound

Waukegan, Okla.—"I had female troubles for seven years, was all run down and so nervous I could not do anything. The doctors treated me for different things but did me no good. I got so bad that I could not sleep at night. While in this condition I read of Lydia E. Pinkham's Vegetable Compound, and began its use and wrote to Mrs. Pinkham for advice. In a short time I had gained my average weight and am now strong and well."

—Mrs. SALLIE STEVENS, R. F. D., No. 1, Box 31, Waukegan, Okla.

Another Grateful Woman.

Huntington, Mass.—"I was in a nervous run down condition for three years could find no help. I owe my present good health to Lydia E. Pinkham's Vegetable Compound and Blood Purifier which I believe saved my life. My doctor knows what helped me and does not say one word against it."

—Mrs. MARI JANETTE BATES, Box 134, Huntington, Mass.

Because your case is a difficult one, doctors having done you no good, do not continue to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial. It surely has cured many cases of female ills, such as inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, and nervous prostration.

A LADY LECTURER

Feeds Nerves and Brains Scientifically.

A lady lecturer writes from Philadelphia concerning the use of right food and how she is enabled to withstand the strain and wear and tear of her arduous occupation. She says:

"Through improper food, imperfectly digested, my health was completely wrecked, and I attribute my recovery entirely to the regular use of Grape-Nuts food. It has, I assure you, proven an inestimable boon to me."

"Almost immediately after beginning the use of Grape-Nuts I found a gratifying change in my condition. The terrible weakness that formerly prostrated me after a few hours of work, was perceptibly lessened, and is now only a memory—it never returns."

"Ten days after beginning on Grape-Nuts I experienced a wonderful increase in mental vigor and physical energy, and continued use has entirely freed me from the miserable insomnia and nervousness from which I used to suffer so much."

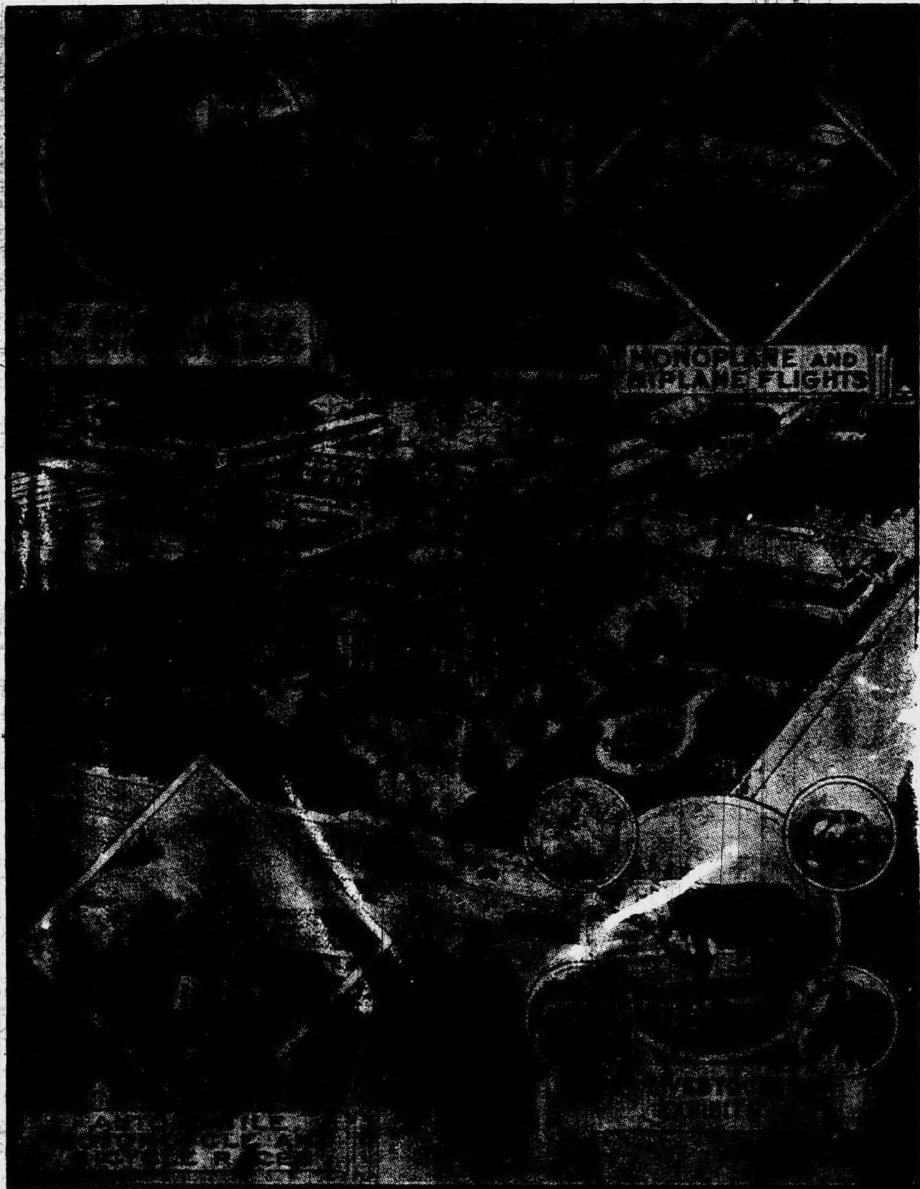

"I find Grape-Nuts very palatable and would not be without the delicious food for even a day on any consideration. Indeed, I always take it with me on my lecture tours."

"Read the little book, 'The Road to Wellville,' in pink. There's a reason."

MICHIGAN STATE FAIR

THE GREATEST OF ALL FAIRS IN THE FAIREST OF ALL STATES

BIGGER AND BETTER THAN EVER BUT NO INCREASE IN PRICE

The admission remains at fifty cents, children twenty-five cents. No tickets are sold. Admission is by coin only. You drop your coin in the turnstile as you pass through. Bring the right coins with you and avoid the congestion at the change booths.

There is no event anywhere, any time, where you can see so much that will interest you as at the Michigan State Fair. Something of interest for every member of the family. It is the place to meet your neighbors and friends.

EIGHTY FIVE THOUSAND DOLLARS TO BE AWARDED IN PREMIUMS AND PURSES. FIVE DAYS OF GRAND CIRCUIT HORSE RACING

The speed kings of the earth and the dare-devils of the air in racing and fights for supremacy.

Clean, interesting Midway with the best tent features obtainable. The cream of the J. Frank Hatch shows including water carnival imported from Europe. This show has been one of the season's big successes at the New York Hippodrome.

Immense exhibits of live stock, fruits and farm products. Big automobile show containing many of the 1912 models of passenger cars and trucks. This will be an especially interesting feature this year.

Electrical show and Industrial Exhibit on second floor of Motor hall.

Grand night horse show and realistic, spectacular \$10,000 fireworks production; "Pioneer Days and Chief Pontiac's Attack on Fort Detroit."

This magnificent spectacle is being especially built for the Michigan State Fair by the A. L. Due Fireworks Company and will be a tremendously popular attraction. Two hundred people in gorgeous costumes will participate in the sham battle between Indians and soldiers.

The Right of Free Speech

"In hot water again, Celeste?" inquired the fluffy-haired blonde, with a solemn parade of sympathy.

Young Mrs. Allison nodded. She opened her mouth to explain. But closed it again with decision. The sewing circle waited politely while she took seven stitches on a drawn work bureau scarf. But finding that she maintained a resolute silence, the fluffy-haired blonde besought an explanation.

"What's the trouble now, dear?" she asked. Young Mrs. Allison laid down the bureau scarf and sighed. "Oh, it's my fluent conversation, as usual," she said.

The gushing young woman in heliotrope breathed a sympathetic "Ah!" but the fluffy-haired blonde giggled and young Mrs. Allison glared at her resentfully.

"Do you know Mrs. Morrison Morse?" demanded Mrs. Allison, with a dark frown.

"Why, yes, I do," said the fluffy-haired blonde, with interest. "I met her the other day at the bridge club. She dropped in just in time for refreshments and—"

"I'm sure she did," interrupted young Mrs. Allison, fretfully. "She's always dropping in somewhere. She drops in to tea at dinner time and when she accepts a luncheon invitation she usually arrives after you have given her up and the soup is being served. She simply loves to be casual!"

The gushing young woman in heliotrope emitted another soulful monosyllable.

"Well," commented the fluffy-haired blonde, doubtfully, "I don't know her very well; myself, but she wears ravishing clothes. What have you got against her, Celeste?"

"I?" exclaimed young Mrs. Allison, with surprise. "Oh, nothing, except her habits—but she has something against me."

"Um," said the fluffy-haired blonde, comprehendingly. "Have you been telling her what a p'ny is that her husband is so ugly, or did you warn her against wearing lavender next her face?"

"Neither," responded, young Mrs. Allison, cheerfully. "For, I will add, am I such a painfully tactless person as you all think. I have been known to make quite charming personal remarks to people on the spur of the moment, and very often," she added sadly, "I think of the loveliest and most plausible lies imaginable—afterward."

"I don't believe it," said the fluffy-

haired blonde, with a sigh on her own account. "There are many virtues, my love, that your warmest friends cannot claim for you, but your most radical enemy couldn't accuse you of untruthfulness. Now, what is this trouble with Mrs. Morrison Morse, anyway?"

"She called me up on the telephone the other day," explained young Mrs. Allison, meekly, "and asked me if I had anything on hand for Saturday afternoon. I said I hadn't. I've been feeling like going to the matinee," she told me. 'Let's go tomorrow, then.' That suited me perfectly, so we decided on what to see and where to meet and all that. Of course I understood that it was to be a Dutch treat, as we all do that way, you know."

The different members of the sewing circle nodded affirmatively.

"Well," continued young Mrs. Allison, her voice becoming aggrieved, "Saturday afternoon came, as the novelists say, and I had met Mrs. Morrison Morse, who was so late that I was cross. Then we went to the matinee!"

Young Mrs. Allison paused, as if reflecting on the unhappiness of that past occasion. "You all know how stupid the play was," she went on, finally, "with considerable heat, and I remarked to Mrs. Morse that it was too bad we had wasted our time and our money on it. She gave me the strangest look, but I was dense as a porpoise."

"Porpoise?" murmured the fluffy-haired blonde, inquiringly. "Is a porpoise dense?"

"I'm sure I don't know," returned young Mrs. Allison, blandly. "I'm not connected with the zoo myself, but it sounds all right, doesn't it?"

"Oh, very well," said the fluffy-haired blonde with resignation. "Let it pass."

"And," young Mrs. Allison continued, taking up the thread of her narrative, "between the second and third acts I remarked that 'it was a pity we hadn't bought our seats earlier, so that we might have obtained better ones.'"

The fluffy-haired blonde burst out laughing. "What an appreciative guest you were, Celeste!" she cried.

"That's just it," admitted young Mrs. Allison gloomily. "When I tried to pay her for my ticket I discovered that she had invited me to go—invited me, you understand. And when I tried to explain my mistake it was like sharing confidences with a stone wall."

"No wonder you hate her," said the fluffy-haired blonde.

"Of course not," agreed young Mrs. Allison. "It is dangerous for anybody to try to be polite to me."

Incredible.

"Anything new in your wife's letter?"

"Yes; there was no postscript."
