Canton Boy Making Good

We take the following complimentary notice from the Sunday News of Port Huron, in regard to Aruna Cady, a former Canton boy and the son of Mr. and Mrs. J. W. Cady of that township, which will be very gratifying news to Mr. Cady's many friends in this vicinity who will be pleased to know that he is making good as manager of the street car lines of that city:

We notice several cities throughout the state are hollering their heads sore about their bad street car service, but we are glad to note that Port Huron has the best street car service in the land. Cars are generally warm and clean and on time, and very few if any are discommoded by inattention on the part of the street car management. We might say, thank you, Mr. Cady, the local manager. Keep the present standard of service up and we will continue to say that you are all right.

A Business Change

A business deal was consummated last Friday, when M. A. Jones sold his drug business to J. W. Blickenstaff & Co., of Lake Odessa, Mich. The new firm took possession immediately. Mr. Blickenstaff is a young man who comes highly recommended as a business man and citizen, and the Mail welcomes him to the business circle of the village. The new firm will add to some considerable extent to the present stock, and will also put in a full line of wall paper. They will be pleased to meet all the old patrons of the store, as well as new ones. Mr. Jones, who has conducted the store for nearly two years, and who has just lately been appointed one of the state drug inspectors, retires from the ranks of our business men with the best wishes of all. We are glad to state that Mr. Jones and his family will continue to make Plymouth their home.

Lecture Course

The last number of the Citizen's Entertainment Course will be given in the Opera House on Wednesday evening, March 6th, at 8 o'clock. This number is a lecture by Dr. William A. Colledge. He has also traveled extensively in Arabia, Egypt and throughout Europe. He has held positions of great merit in some of the leading institutions of the country. Moreover, Dr. Colledge has heard, seen and known some of the most noted men of our age. So that in point of equipment this lecturer comes with the right to a large hearing. We are told that he is instructive, entertaining and humorous. Come and hear him.

The Mail office has made arrangements with Bradford & Co., St. Joseph, Mich., to send their representative here, Wednesday, March 5th with a new and complete line of advertising novelties for the coming year. Hundreds of items for every particular business will be on display at the Mail office. Our business men are invited to call and inspect this extensive line of advertising goods, Wednesday, March 5.

Make Large Shipment In and Around Plymouth of Autos

Plymouth people will be interested in the following article taken from last Sunday's Detroit News-Tribune, as the president of the company, Claud Briggs is a former well known Plymouth boy:

During the past week over 30 carloads of Detroiters left the factory of the Briggs-Detroit. In addition to the orders from all the distributing centers, which represent over 400 dealers, extensive orders are being received from abroad.

Specifications have just been received from London for 145 cars to be delivered within 60 days, and contracts have been closed with representatives in British Guiana and India. The first shipment left for Bombay on Saturday. The new addition to the plant is now completed and occupied, quadrupling the output capacity.

Robert Jolliffe of this village has the agency for the Briggs-Detroit for Plymouth and neighboring townships.

An Old Resident Dead

Charles Wilke, Sr., an old and highly respected resident of this village passed away at his home on Mill street in north village Monday morning at the age of 73 years. Mr. Wilke was born in Germany and came to Plymouth in 1867, and has always resided in this village and vicinity with the exception of six months residence in California in 1876. He was united in marriage to Miss Wilhelm Blunk in 1868, who with five children, three sons and two daughters survive him. The funeral services were held from his late residence Thursday afternoon at 1:30 o'clock and from the German Lutheran church at 2:00 o'clock, Rev. O. Peters officiating. The interment was in Riverside cemetery.

The remains of Mrs. Frank Foster who died at Harper hospital, Detroit, Monday morning, were brought to the home of her parents, Mr. and Mrs. L. B. Hancock in this village the same afternoon. A short service was held at the home at 12:30 o'clock, Tuesday, conducted by Rev. Des Autels. The body was taken to Lansing, her former home on the afternoon train for burial.

A petition is being circulated to incorporate the village of Pinckney. At the time the village was incorporated, in order to get the necessary 500 people, a few farms adjoining the village were placed within its limits. The people have been endeavoring for some time to have the limits changed so as not to include their farms, but have never been able to find a supervisor in favor of the plan, and have selected this means of attaining their end. The advocates of the proposed move won the preliminaries by getting their petition well under way before their opponents heard of it.

A Fine Lecture

The fifth number of the lecture course occurred last week Friday evening, when Dr. Geo. R. Stuart of Knoxville, Tenn., gave to the people of Plymouth, his brilliant and humorous lecture entitled, "Lop-sided Folks", not "lop-sided folks" in a physical sense, but mentally, morally and religiously. His ready wit, and wisdom of thought proved him to be a man of great personality. Dr. Stuart is regarded by many as the greatest living evangelist.

L. S. GARDNER, Mgr.

PLYMOUTH, MICHIGAN

WILL HANG ON TO THE CLAM

Editor Shows Due Notice of His Action
K. Ever Ho Should Find One
In the Chowder.

When Mrs. Kennedy found a pearl
in an oyster while dining at a hotel
in Chicago the assistant manager
claimed the jewel on behalf of the
hotel, but the discriminating
manager decided it belonged to the
lady, since she had bought the oyster
and was entitled to all that the oyster
contained.

Of course she was. A pearl is a
thing that property belongs to an
owner, and although pearls are rarely
found in the restaurant variety there
is always the possibility, and that
possibility is included in the price of
the oyster.

Now if Mrs. Kennedy had found a
diamond ring or a pair of shoes in the
chowder there might have been some
valid claim on the part of the hotel,
since such things are not the natural
appearances of the oyster.

Suppose the ordinary restaurant were
to lay claim to every clam found in
the chowder. You may say that the
analogy is far fetched, since clams are
never found in the clam chowder. But
let us suppose it for the sake of argu-
ment.

The restaurant proprietor might
argue that any clam found under such
circumstances must have been lost,
strayed, or stolen, and that ordinarily
speaking it was not a conceivable con-
tingency that it should find its way
into the chowder.

But the law would be against him.
The law would fetch forth some heavy
old tradition to the effect that clams
were once associated with chowder
and it would maintain that the prop-
erty of the chowder was fairly en-
titled to its treasure trove.

It would allow him to keep that
clam, to swallow it, frame it, stuff it,
or do anything else he pleased with
it. It would be regarded as his clam.
And it is the same with the pearl in
the oyster. The fact that a pearl has
been found in a restaurant oyster, and
not for the first time either, encour-
ages us in the wild hope that in our
humble walk in life we may one day
find a clam in the chowder.

And so we give notice to all and
sanctify that we shall retain that clam
and make good our rights of posses-
sion over it.—Argonaut.

Phone Girl Has Fun.

Local Elks are having a lot of fun
with a member of their lodge, a jew-
eler. The other day his wife was in
the jewelry store when the phone
rang. She answered it.

"I want to speak to Mr. H.—"
said a woman's voice.

"Who is this," demanded the jewel-
er's wife.

"Elizabeth."
"Well, Elizabeth, this is his wife.
Now, madam, what do you want?"

"I want to speak to Mr. H.—"
said the woman's voice.

"Please let me speak to Mr. H.—"
said the jeweler's wife.

"Look here, young lady," she said.
"Who are you that calls my husband
and insists on talking to him?"

"I'm the telephone operator at Elis-
abeth," came the reply.—Denver Post.

Deer of the Cow Sealed.

Milk produced from vegetable-
chicly soy beans will soon be on
sale in London at six cents a quart. A
factory with a capacity of 40,000
quarts a day is to be opened in the
neighborhood of Tottenham. Court
records from animal milk the cowless
product differs little either in taste or
appearance, and it is claimed that it is
cheaper, keeps longer and is of unvary-
ing quality.

Confounding a Braggart.

When Louis Napoleon was pres-
ident of the second French republic
the officer in command at Lyons was
General Castellani, a veteran whose
stern rule led to check the riotous
spirit of that disorderly city.

One of the most boisterous citizens
was a barber, who openly boasted that
he only waited for an opportunity to
rid the city of its stern commandant.

The general heard of the threat, and
one afternoon ordered his coachman
to drive to the barber's shop. Leav-
ing his carriage the general entered
the shop unattended, took a seat in a
velvet chair, and desired the barber
to shave him.

The ebullient braggart performed
the operation as well as his nervous
ness would permit. When he had fin-
ished the general paid him, and said:

"Thank you, since you have not
received payment of the opportunity I
have given you to cut my throat,
would it not be wise to refrain from
attempting to carry out?"—Youth's

CONSTIPATION

Munyon's Paw-Paw Pills are unlike all other laxatives or cathartics. They coax the liver into activity by gentle methods, they do not scour; they do not grip; they do not weaken; but they do start all the secretions of the liver and stomach in a way that soon pass these organs in a healthy condition and corrects constipation. Munyon's Paw-Paw Pills are a tonic to the stomach, liver and nerves. They invigorate instead of weaken; they enrich the blood instead of impoverishing it; they cleanse the stomach, get all the poisons from food that is put into it. Price 25 cents. All Druggists.

Many a man fools himself when he thinks that he is fooling his wife.

Any man who shaves himself is apt to cut his best friend.

FILES CURED IN 6 TO 14 DAYS
Munyon's Paw-Paw Pills will cure any case of itching, blind, bleeding or protruding piles in 6 to 14 days.

Usually when a girl meets a man she likes on the street by accident it isn't an accident at all.

Beginning Soon to Worry.
Mrs. Jones—My sister is worried to death over her son, Reginald. She wants him to enter the ministry, his father wants him to go into business, while Reginald himself has got his mind set on being an actor, and says nothing shall keep him from it.

Mrs. Brown—Hum. How old is he?
Mrs. Jones—He's getting on for seven.—Stray Stories.

Queen Victoria Detested Tobacco.
The number of smoking rooms now distributed over Windsor castle would considerably astonish Queen Victoria, could she see them. Her late majesty could never bring herself to do more than tolerate the weed in any form, and the smoking room was always relegated to a very distant part of her various residences. Nor were the guests permitted to solace themselves with a quiet smoke in their own apartments, as on their arrival they were specially warned not to do so.

VERY LIKELY.

Hazel—Some folks don't know what's good for them in this world.
Henry—Yes, but they're better off than the people that know and haven't the price to get it.

GOOD NATURED AGAIN
Good Humor Returns With Change to Proper Food.

"For many years I was a constant sufferer from indigestion and nervousness, amounting almost to prostration," writes a Montana man.

"My blood was impoverished, the vision was blurred and weak, with moving spots before my eyes. This was a steady daily condition. I grew ill-tempered, and eventually got so nervous I could not keep my books posted, nor handle accounts satisfactorily. I can't describe my sufferings.

"Nothing I ate agreed with me, till one day I happened to notice Grape-Nuts in a grocery store, and bought a package out of curiosity to know what it was.

"I liked the food from the very first, eating it with cream, and now I buy it by the case and use it daily. I soon found that Grape-Nuts food was supplying brain and nerve force, as nothing in the drug line ever had done or could do.

"It wasn't long before I was restored to health, comfort and happiness.

"Through the use of Grape-Nuts food my digestion has been restored, my nerves are steady once more, my eyesight is good again, my mental faculties are clear and acute, and I have become so good-natured that my friends are truly astonished at the change. I feel younger and better than I have for 20 years. No amount of money would induce me to surrender what I have gained through the use of Grape-Nuts food." Name given by Postum Co., Battle Creek, Mich. "There's a reason—Read the little book, 'The Road to Well-being' in plain English."

Some measure of this improvement is due to the fact that Grape-Nuts food is not only able to restore the system, but it is also able to keep it in a healthy condition.

NEWS FROM ALL PARTS OF WORLD

TWENTY-FIVE STATES HAVE RATIFIED THE DIRECT ELECTORS' AMENDMENT.

CONDUCTOR WAS CRUSHED TO DEATH IN WRECK.

EMMELINE PANKHURST, THE MILITANT SUFFRAGETTE LEADER, IS IN TROUBLE AGAIN IN LONDON.

Direct Elections O. K. in 25 States.
Men of all political parties in Washington are greatly interested in the steady advance of the cause of direct election of United States senators. Since it was announced that 25 states had ratified the amendment, word has been received that ratification has been completed in New Hampshire. Furthermore, each house of the Ohio legislature has passed a resolution of ratification, though the two resolutions are different. It is expected the two resolutions will be harmonized. Counting New Hampshire and Ohio, 25 states have ratified the amendment.

The states whose legislatures have completed ratification are Massachusetts, Montana, New York, Kansas, California, Michigan, Oregon, Idaho, Minnesota, Wisconsin, Arkansas, North Dakota, Vermont, New Hampshire, North Carolina, Colorado, Wyoming, West Virginia, Nevada, Washington, Texas, Arizona, Iowa, Illinois, and, in effect in Ohio.

Conductor Killed in Wreck.

Chicago, Milwaukee & St. Paul train No. 2, one and one-half hours late, and running to make up lost time, was wrecked while rounding a curve near Republic. The engine and the two rear sleepers remained on the tracks, but the mail, baggage and express cars and the day coaches, sleeper and diner turned over. The smoker was dented but remained upright.

Conductor M. E. Bloomer, of Appleton, Wis., was crushed by the safe in the baggage car and died at 2 a. m. A flagman was seriously hurt, two cooks were burned, and several passengers injured. Two women and a child, taken out through the window of a sleeper barefooted and in night clothing, were carried to a house nearby with the thermometer 15 below zero. The lights were extinguished as the cars rolled over, leaving the frightened passengers in darkness to climb through the windows.

"Drys" Plan Campaign in Calhoun County.

H. G. Butler and Attorney J. E. Stewart, manager and assistant manager of the "drys" in the local option campaign, held a conference with the "dry" leaders in Marshall, and plans were discussed for work in the township. It is proposed to have an organization in the 20 townships, as well as the cities and villages of the county, and to hold meetings in every school house in the county. Banquets will also be held in an effort to get the voters out to the meetings.

Mrs. Pankhurst in Trouble Again.

Mrs. Emmeline Pankhurst, leader of the militant suffragettes, and head of the Women's Social and Political union, was arrested in London.

Her arrest was caused by her declaration that she was willing to take the blame and responsibility for the explosion of dynamite which wrecked the home of Chancellor Lloyd George. She defied the authorities to place her under arrest.

Here we are once more, members of Perrinsville Arbor. You members of other Arbors have no idea how large and flourishing our Arbor is. We are true Gleaners. One of the most enjoyable meetings was held Tuesday evening and five more new members were added to our circle, making a total of seventeen who have made the acquaintance of our Gleaner goat this month. After the initiations was over, supper was served and how we did eat. The rest of the evening was spent in dancing.

It is said that apples may be kept two years by wrapping them in newspapers. The newspaper must, however, be one on which the subscription is paid in full, or the dampness resulting from "due" will cause the fruit to spoil.

The farmer who owns a farm is the particular person who is fixed. Banks may fail and factories close, workmen strike and mines suspend, merchants fail and towns burn, times may be short and even crops may be short—but the farmer who owns his acres will get along. He will live in comfort and quiet, with plenty to eat drink and wear. He is the most independent man on earth. Yet there are lots of them who do not appreciate their situation.

Comparative Digestibility of Food

Made with different Baking Powders

From a Series of Elaborate Chemical Tests:

An equal quantity of bread (biscuit) was made with each of three different kinds of baking powder—cream of tartar, phosphate, and alum—and submitted separately to the action of the digestive fluid, each for the same length of time.

The relative percentage of the food digested is shown as follows:

Bread made with

Royal Cream of Tartar Powder:

100 Per Cent. Digested

Bread made with phosphate powder:

68 1/2 Per Cent. Digested

Bread made with alum powder:

67 3/4 Per Cent. Digested

These tests, which are absolutely reliable and unprejudiced, make plain a fact of great importance to everyone: Food raised with Royal, a cream of tartar Baking Powder, is shown to be entirely digestible, while the alum and phosphate powders are found to largely retard the digestion of the food made from them.

Undigested food is not only wasted food, but it is the source of very many bodily ailments.

In justice to yourself you should try Rexall Orderlies—your money back if you don't like them. They are a candy confection that really do give easy relief from constipation.

Good health is largely dependent upon the bowels. When they become sluggish the waste material that is thrown off by the system accumulates. This condition generates poisons which circulate throughout the body, tending to create coated tongue, bad breath, headache, dull brain action, nervousness, biliousness and other annoyances.

Avoid harsh cathartics and physics. They give but temporary relief. They often aggravate the real trouble. They are particularly bad for children, delicate or aged persons.

Children like Rexall Orderlies. They are ideal for aged or delicate persons as well as for the most robust.

They act upward relieving constipation, and also to overcome the poisons and to make unnecessary the frequent use of laxatives. They serve to tone and strengthen the nerves and muscles of the bowels and associate organs or glands.
