A recent ruling of the post office department says: Routes on which for six consecutive months the quantity of mail matter collected and delivered has averaged less than seventy-five pieces per month per mile shall not be continued, unless such routes can be rearranged to secure patronage coming within these rules. It therefore behooves patrons on rural routes to have their mail all delivered to them by carrier instead of getting it at the office.

Thompson's handsome and commodious new theatre at Northville will open to the public Monday, January 25. The new theatre is a great credit to the enterprise of Mr. Thompson and to the village as well. We should now be ready to do our part to bring in swift reforms along every needful line if we expect to be of the kingdom class. For now at this time judgement will I lay to the line and righteousness to the plummet: and the hail (hard, distressing truths now brought into action) shall sweep away the refuge of lies, and the waters (of precious truth) shall overflow the hiding phase (of error and sin.) W. C. T. U. The first meeting of the new year held January 14, at the home of Mrs. S. L. Bennett, called out a large number, over fifty being present. The leaders Mrs. Chas. Reeds and Mrs. M. A. Patterson gave an excellent program, after which a self-serve tea was greatly enjoyed by all. The next meeting, January 28 occurs at the home of Mrs. H. E. Newhouse. The leaders are Mesdames Reed and Barnes. Topics: The Children's Bureau. The Father's Club. The Headship of Father. News from the Field. The Union Signal, Saturday, Tuesday, January 5, Senator Gronous of North Dakota, introduced an amendment to the bill known as the Philippine bill, as follows: "That no intoxicating drink or drug shall be manufactured for sale or gift, imported for sale or gift, or offered for sale or gift for use as a beverage." It will be remembered that the first transports carrying troops to these islands had their holds filled with intoxicating liquors, and within a very short time were 400 saloons opened along the principal streets of Manila. Congress may well strive to undo some of the evils resulting from this most deplorable condition. Cough Medicine for Children. Never give a child a cough medicine that contains opium in any form. When opium is given other and more serious diseases may follow. Long experience has demonstrated that there is no better or safer medicine for coughs, colds and croup in children than Chamberlain's Cough Remedy. It is equally valuable for adults. Try it. It contains no opium or other harmful drug. For sale by all dealers.—Adv't.

A Pleasant Affair On Tuesday evening, Jan. 12th, a unique affair occurred at the Methodist church. The official board entertained members and friends of the church at an oyster supper. Some suspicious touches about the tables indicated the presence of ladies, but otherwise the men cooked and served for the one hundred and twenty-five people who responded to the invitation. After supper the various interests of the church were presented by officers of the society. For the home missionary society Mrs. Hudd spoke; for the foreign missionary society Mrs. Griffith; for the ladies' aid Mrs. Dickerson; for the Sunday-school Evered Jolliffe; for the Epworth League Robert Jolliffe; for the financial interests George Richwine. Some happy reminiscences were made by Will Sutherland and the program closed with remarks by the pastor, song and benediction. Those present pronounced the program a success.
