FIRST PRESBYTERIAN CHURCH

REV. LUTHER MOORE BICKNELL, Pastor

TEN O'CLOCK

Morning worship with a message of song and prayer and sermon by the pastor. The theme will be one peculiarly fitted to these times of flux and change, "THE CHANGELESS CHRIST." Come and worship with us. This is your church, are you making it a vital factor in your religious experience.

DO NOT FORGET THE CHURCH SCHOOL

SEVEN O'CLOCK

A community sing. A service in which you can take part, singing the old gospel songs we love to sing. The organ, piano and Daniel Patterson with his violin makes this a great service. The pastor begins a series of sermons on questions men are asking, "If I do the best I can will I be saved?" Come and hear these timely discourses.

Wednesday evening prayer service, seven o'clock—a study in the Social Teachings of Jesus, "Wages and Property."

ANOTHER NEW INDUSTRY FOR PLYMOUTH

RELI TOOL STEEL & FOUNDRY CO. WILL COMMENCE OPERATIONS HERE NEXT WEEK.

Plymouth has a new industry in the Reli Tool Steel & Foundry Co., which will commence operations next Monday. The company has leased the building formerly occupied by the Bonafide garage on Main street, opposite the Markham factory, as temporary quarters. They will manufacture a high speed tool steel and have a new and improved method for making this product, which is extensively used in all shops where machinery is operated. New machinery has been installed, including one of the very latest patterns of electric furnaces. The new concern is a stock company, with all of the stock subscribed for and is incorporated under the state laws. The gentlemen forming the company are: George L. Conk, Ypsilanti; Theodore H. Millington, Detroit; and Oliver Goldsmith of Plymouth. A little later the company will manufacture steel dies for stamping, etc., and it is planned to erect new factory buildings. The future prospects of the new industry look very bright, and there is every reason to believe that the enterprise will grow and become a large and important factor in Plymouth's industrial life.

NEW GARAGE NOW OPEN

LIVRANCE BROS. OPEN THEIR FINE NEW GARAGE ON STARKWEATHER AVENUE.

Livrance Bros. have opened their new garage in the building which they have just recently completed on Starkweather avenue. The new building is 48x100 feet in size. The front is constructed with fancy tapestry brick, with large plate glass windows, while hollow tile are used for the rest of the building. Two rooms each 18x24 feet are on either side of the front entrance. One of these rooms will be used by Livrance Bros. as an office and a display room for accessories, etc., while the other will be used by Clyde Bentley as an office and sales room for Buick cars, for which he is local agent. Back of these rooms is a storage room for cars 48x48 feet, while at the rear of the building is a work room 25x48 feet in size.

The new garage is to be known as the Plymouth Service Garage. Livrance Bros. are experienced mechanics in auto repair work, and no doubt will receive a liberal patronage. We call attention to their new ad in this issue of the Mail.

A BUSINESS CHANGE

George VanDeCar, who has been in the barber business here for the past thirty-six years, has sold his business to Harry Terry. Mr. Terry took possession last week Thursday, and Mr. VanDeCar will remain with him for a few weeks. Mr. and Mrs. VanDeCar expect to spend the winter with their sons, Earl and Lester, who are living at Phoenix, Arizona. They will leave about the first of the year.

PRISON FARM NEAR PLYMOUTH

THE DETROIT CITY COUNCIL APPROVE PURCHASE OF LAND FOR PRISON FARM BETWEEN NORTHVILLE AND PLYMOUTH.

The Detroit Times of Tuesday evening contained the following article, which will be of interest to Plymouth and vicinity:

"Approval was given by the city council sitting in committee, Tuesday morning, to the project of buying a farm for the Detroit House of Correction for \$138,000. The farm consists of 955 acres and is situated on the north and south road between Plymouth and Northville. It is crossed by the Pere Marquette railroad. A committee from the real estate board, headed by Edgar F. Roberts, examined the land and assessed its value at \$132,425. It is the ultimate intention of the prison board to transfer all the activities of the House of Correction to this farm. New buildings will be built with this end in view as soon as possible."

THE AMERICAN LEGION

Just think! You don't even have to get in line to become a member. The Legion has a good start, but wants more of the soldiers, sailors and marines. Stop working time and let's have a booster bunch at our next meeting in the Grange hall, Wednesday, October 29th, at 7:30.

ATTENTION, G. A. R.

There will be a meeting of Eddy Post, G. A. R., No. 291, at the village hall, Saturday afternoon, October 25th. All comrades are urged to be present.
O. E. SHOWERS, Commander.

HELD HARVEST FESTIVAL SERVICE

A Harvest Thanksgiving service was held at St. John's Episcopal Mission last Sunday afternoon. The mission was very prettily decorated with fruits and vegetables by the ladies. Special hymns were sung and a very appropriate sermon was preached by the Rev. H. Midworth. Rev. Midworth was assisted by his son, Lawrence Midworth, who has charge of Wayne Mission, and who for some years has been engaged in missionary work in California. Next Sunday is a day set apart by the Episcopal church of America for the relief of the suffering in Texas, caused by the late hurricane and storms. The mission will welcome all those who can possibly attend next Sunday's service at 2:30 o'clock in the afternoon, and those who wish to donate are asked to do so at this service or send to Rev. H. Midworth or A. J. Torre, who will have their donations forwarded to the general committee.

FINED FOR CARRYING CONCEALED WEAPONS

Deputy Sheriff Springer was called to Romulus, early Wednesday morning, in response to a telegram from Pere Marquette officials, to take into custody seven men who were riding a freight train. Officer Springer succeeded in rounding up three of the men, who gave their names as Clark Towne, Fred Nelson and John Ward of Toledo. They were brought to Plymouth and later were taken before Justice Phoebe Patterson on a charge of carrying concealed weapons. They were given a fine of \$30 each, or ninety days in the H. of C. They paid the fine.

A MILLION FOLKS IN SUNDAY-SCHOOL

MICHIGAN FOLKS ATTEND NEXT SUNDAY.

Next Sunday, October 26, has been designated by the Michigan Sunday-school Association as "Go-to-Sunday-school Day," and they are asking that one million Michigan people shall find their places in Sunday-school that day. Governor Stepper, Lieutenant Governor Dickinson and many other prominent men of the state are co-operating in the movement. As part of the publicity campaign many columns of press matter have been run by the newspapers during the past week, calling attention to the special day. It is expected that many new attendants will find the Bible school a pleasant and helpful place, and will become regular attendants.

LORENZ-ADAMS

Calls are out announcing the marriage of Edith J. Lorenz and Emma M. Adams, both of this place. The ceremony was quietly celebrated at Detroit, Thursday morning, Oct. 16th, at 10:30 o'clock. Both girls had been here for some time, and had been here for some time.

Furnace Time

If you are going to need a new furnace this fall, do not delay placing your order another minute, as it is almost impossible for us to get them from the factory, so great is the demand. We were fortunate in placing our order some time ago, and consequently we have several of the Welcome Universal Furnaces on our floor at the present time. We can fully guarantee this furnace in every particular. Give us your order today and thus save delay.

EVERY MONDAY

Methodist Mention

The Methodist Sunday-school is co-operating in the Michigan "Go-to-Sunday-school" Day, next Sunday, October 26, and is planning to take care of the largest number ever in the school. Last Sunday was Rally Day and the attendance was nearly two hundred, but it is expected that this number will be exceeded next Sunday under the influence of a state wide movement.

At the two days' meeting for the churches of the Detroit East district, held in Pontiac, last week, the largest delegation represented the Plymouth Methodist church. Seventeen people attended from Plymouth, some of them for the full two days. The two days were given up to careful consideration of Methodism's great evangelistic movement, which looks to the winning of a million lives for Christ before next July.

The young people were specially kept in mind in the service at the church, last Sunday evening. The center section of seats was reserved for them, and the pastor spoke in an interesting manner on "Chumming for Christ."

Mrs. Daniel Dundas of Los Angeles, California, occupied the pulpit, last Sunday morning, and delighted the congregation with her account of some of the work being done by the Woman's Home Missionary Society. Mrs. Dundas is a talented speaker, and her presentation won her many new supporters of the work from among those who did not know the need nor the wonderful way in which the need is being met. Twelve new members for the society were secured. Mrs. Dundas has been a delegate at the national meeting of the W. H. M. S. in Detroit, the past week.

The members of the Epworth League enjoyed a special treat in the form of a little dramatic sketch presented by members of the League at their October business and social meeting. The stars were: Lillian Lundy, F. L. Barrow, Grace Hawkins, Ione Bird and Frederick Reiman. The rest of the evening was spent in mirthful games. Miss Florence Newell contributed a recitation to the program. At the business session Miss Newell was chosen second vice president and chairman of the world evangelism department. The League voted to adopt the twenty-four hour day plan of finance, helping to support the Epworth League work in China. Miss Geraldine Townsend, who was the state second vice president, and a teacher in the High school at Albion, Mich., is now on her way to China to direct the work among the Chinese youth, and she will be supported by the Epworth League of Michigan.

A convention of the Methodist men, which will be held at Central church, Detroit, on Thursday and Friday, November 13 and 14, bids fair to be the largest religious gathering for men only ever held in the state. Bishop Henderson and his staff are planning the affair, with Dr. H. G. Pearce, men's work director, as the immediate promoter. The meeting takes in the entire state of Michigan. The registry system will be used, each delegate paying a registration fee of one dollar, which will admit him to all sessions. Four men have already registered from this church, and it is expected that many more will be in line. Men will be brought from all over the country to fill the program.

A "Chum Class," consisting of fifteen young people, is meeting each Tuesday evening, under the leadership of Rev. Field to study and confer on the work of winning their friends for personal allegiance to Jesus Christ. Definite plans are being made by these young people for the "Win-My-Chum" campaign, which will be a week of young people's evangelistic meetings, beginning Nov. 15. These meetings will be conducted by young people for young people.

Mrs. William Tait's class of young men and Mrs. Bird's class of High school girls enjoyed a pot-luck supper and social evening at the church, last Monday. Both of these live classes are growing rapidly, and were at the head of the list in the attendance contest, last Sunday, which was rally day.

The friendly Bible Class women are planning to entertain their class members and friends at a Halloween social in the church dining room, next Thursday evening, beginning at eight o'clock. The Epworth League young people will have the church on Friday evening for a Halloween party for their friends.

Recent additions to the church membership, include Mrs. Ida M. Bigler, 236 Blank avenue, from the Royal Oak Congregational church; Mrs. Melissa, 1214 Penniman avenue, from the Ann Arbor M. E. church; and Mrs. Thomas Sedley and sons, Charles and Orren, from the North Woodward M. E. church, Detroit.

Mrs. Henry Wright, recently appointed as superintendent of the Cradle Roll department, is taking hold of her work with enthusiasm, and has already added several names to the roll. The Plymouth Sunday-school has the largest cradle roll of any Methodist school in the district, and the new superintendent is planning to make it still larger.

Sixteen people attended the regular Epworth League meeting, last week, and the record for recent years.

OBITUARY

In passing away of Mrs. Willard Sherman, Sunday, October 12th, this community lost one of its oldest and best beloved residents. She was born March 22, 1847, and has lived in this vicinity all her life.

Mrs. Sherman was the daughter of Peter and Sylvia Melburn, who were early settlers in this part of the country, and she has passed through all the trials and sacrifices incident to a pioneer's life, and has seen her country grow and develop into what it is today and has taken her part and share in helping in that development. She was married at the age of seventeen years to Mr. Willard Sherman, on March 15th, 1864, during the throes of the Civil War. Shortly after her marriage, her husband responded to the call of President Lincoln, and served all the time of the war, and while this was her first great sacrifice, it sufficed to give her that self reliance which made her such a valuable help to her community in times of trouble, sickness and death, and her services were always rendered with that loving care and consideration which endeared her to all who came in contact with her.

Her home was ever an open door to the passing stranger, who needed shelter, and none were ever turned from her door hungry. Many people in all her life remember with kindly feeling the lady, who from her little country home emitted such good cheer and friendly help that she became affectionately known as "Ma" Sherman.

She is survived by her husband, Willard Sherman; one sister, Mrs. Jane Wilson; two sons, T. P. Sherman and Leand Sherman; two daughters, Mrs. J. M. Winchester and Mrs. Forest Rohde and three grandchildren, Mrs. E. S. Lumley, Miss Mable Sherman and Guilford Rohde. The funeral services were conducted by the Rev. F. M. Field of the Plymouth M. E. church and interment was in Maple Grove cemetery.

A CARD—We desire to extend our sincere thanks and gratitude to all the friends and neighbors for their kindness, help and floral tributes during our late bereavement.

Willard Sherman and Family.

GOLDEN HOURS NEVER FOUND

Stories of vast wealth hidden in West Indies May Be Merely Romantic Tales.

The British West Indies may not be worth much in money, but they are rich in money tradition. It was the lure of these islands that brought the avaricious gold hunters of Columbus, way across the seas in search of the fabled wealth of the western isles. It was here that the brave British admiral went to "sting the king of Spain's beard."

Stories of sunken money-ships and buried treasures in and around the islands are numerous. Capt. Kidd, Morgan and many other famous buccaners made the islands their rendezvous. Sir Walter Raleigh went there and so did the ill-fated Darien.

In later years the islands were fought over by the Spanish, British, Dutch and French. The latter were supposed to be very rich, but when the British drove them from the island they were unable to find the hidden gold.

An old negro once told a story that renewed interest in this fabled French wealth. An old man approached her, she said, and asked directions to the grave of her mistress' youngest child. She told him and the man dug up the coffin. He opened it and took out three of four handfuls of jewels. He disappeared, after saying that he was a grandson of one of the old French pirates, who had concealed the jewels.

Etiquette of Snuff Taking.

The taking of snuff, which was indispensable to its period, has died out. The taking of snuff had a peculiar etiquette. A pinch pointed an epigram; it symbolized indifference, contempt and, on the other hand, the box extended in a friendly manner, expressed admiration, a desire for better acquaintance. The box was a refuge from idle questioners. A vigorous rap on the closed box put an end to argument.

The box itself was a work of art. It was adorned with precious stones, or paintings, or quaint mottoes. When a monarch wished to show his appreciation of a musician, artist, poet, he presented him with a gold snuff box filled with leucis d'or. When the practice was at its height, an Earl Stanhope reckoned that if a man took snuff for 40 years, two years of his life were spent in tickling his nose and two more to the blowing of it.

Power of Ideals.

It is hardly possible to estimate the power of ideals in human life. I am disposed to think there is no one who does not have his ideals, conscious or unconscious. Some there may be who are not clearly aware that they possess them, just as we all breathe and do many other things which we are not conscious of. But I am disposed to think that absolutely every human being really does have hung on the walls of that room of his mind where dwells the wonderful faculty which we call the imagination, pictures, which are clear of what seems to him the most desirable kind of life—pictures of persons, whose perhaps he knows, or may be has known in some past time, or if not known, their presence suggested, who represent to his thought the kind of life he would be able to live.

A Little Good.

Having this program before me, I am disposed to think there is no one who does not have his ideals, conscious or unconscious. Some there may be who are not clearly aware that they possess them, just as we all breathe and do many other things which we are not conscious of. But I am disposed to think that absolutely every human being really does have hung on the walls of that room of his mind where dwells the wonderful faculty which we call the imagination, pictures, which are clear of what seems to him the most desirable kind of life—pictures of persons, whose perhaps he knows, or may be has known in some past time, or if not known, their presence suggested, who represent to his thought the kind of life he would be able to live.

PROGRAM

Saturday, Oct. 25th

Harry Walthall in "THE FALSE FACES" The scene in mid-ocean, where after "The Lone Wolf" is thrown from the deck of the ship in a semi-conscious condition and there seems no earthly possibility of him escaping death, he floats but a few seconds and in that brief time a submarine swims under him leaving him gasping and helpless on its deck—that scene is positively without a rival picture production. As it is famed in the telling in The Saturday Evening Post so it will be famed in the picture. Thomas H. Ince uses a huge, real submarine.

WOMAN'S LITERARY CLUB MET

SECOND MEETING OF THE CLUB WAS A MOST INTERESTING ONE.

The second meeting of the Woman's Literary Club was held in the Kindergarten room at the school building, last Friday afternoon, Oct. 17th. The meeting was called to order at the regular hour by the president, Mrs. C. H. Bennett. A business meeting followed. Two guests, twenty-seven active and ten associate members were in attendance. The chair appointed the Civic committee to confer with the local chairman in regard to the Roosevelt Memorial campaign. Several persons were received into membership and in response to request the name of Mrs. Louis Thomas, who during her residence here had been a valued member of the club, was placed on the non-residence list owing to her removal from the vicinity.

"A Distinguished South American" was the response given to roll call. The program prepared by the second division with Mrs. F. A. Dibble, leader, was presented as follows: Vocal Solo, with encore—Mrs. William Bake, with Miss Madeleine

GREAT FARM CENSUS COMING THIS WINTER

MICHIGAN GROWERS WILL CO-OPERATE IN NATIONAL CENSUS—VALUABLE INFORMATION EXPECTED.

A national farm census, which will provide extremely valuable information on the exact condition of the farming industry in the United States, is to be taken in connection with the fourteenth government census of the population of the country, beginning on January 1, 1920.

Many of the troubling agricultural questions of the day are reported as easy of solution, once the exact facts on the industry throughout the country are obtained. When facts are gathered together, as they will be by the coming census, the farmers themselves will have something to go on in determining profits and losses on their investments in the industry.

The taking of the census will be a tremendous affair, as the blanks which all farmers will be asked to fill out are necessarily quite detailed. C. H. Graves, farm management expert at the Michigan Agricultural College, reports that the questions on the agricultural schedule cover the farm problems of the day and will furnish information which should go a long way in solving them.

"The great responsibility of this census rests upon the farmers of the country," says Mr. Graves. "If the questions are not answered with accuracy the value of the work will be small. It depends upon the farmers to give their serious thought to this matter in order that the true condition of the farming interests can be found."

"The small service asked of the farmers, that of answering the questionnaires asked in the schedule, is so small a part of the whole project which is costing the government millions of dollars, that every farmer in the country should feel that any failure on his part to do his best would be little less than unpatriotic to the farming cause."

SELF-DENIAL MEANS SUCCESS

Much Food for Thought in Analysis of the Lives of One Hundred Average Men

The American Bankers' association has compiled and published the actual life experience of 100 men. It is an illuminating analysis of the good and bad fortune that come to the average of mankind. Here it is:

At age 22: 100 men all strong and vigorous with good mental and physical capacity.

At age 35: 5 have died; 10 are wealthy; 10 are in good circumstances; 40 have moderate means; 35 have saved nothing.

At age 45: 16 have died; 3 are wealthy; 65 are self supporting, but without resources; 16 are no longer self-supporting.

At age 55: 20 have died; 1 very wealthy; 3 are in good circumstances; 46 are self-supporting, but without means; 30 are dependent on children, relatives or charity for support.

At age 65: 38 have died; 1 very wealthy; 3 are wealthy; 6 self-supporting by labor; 54 are dependent on children, relatives or charity for support.

At age 75: 63 are dead; 60 of these left no estate; 3 are wealthy; 43 are dependent upon children, relatives or charity for support; 95 per cent of these will not leave sufficient means to defray funeral expenses.

In spite of all preaching, economy and thrift are not common qualities. The large majority of men insist on living up to their income regardless of the amount of those incomes. Self-denial is a hard thing, yet self-denial nine times out of ten is the secret of substantial success.—Wheeling Intelligence.

Wolverine News Brevities

Albion—The B. B. K. coal mine near this city plans to increase its force and turn out 130 tons a day, instead of the 80 tons produced.

Muskegon—A jury freed Albert Vanderlaan, who slew Nelson Lapres with a blow on the jaw after the latter had maligned Vanderlaan's sister.

Three Rivers—Adam Christman, while crossing a bridge, was stunned by a glancing blow on the left forehead by a bullet from a 32-calibre rifle.

Ludington—Gas consumers of Ludington at special election voted to permit the raising of the gas rate from \$1.35 to \$1.52. The franchise received 45 votes.

Albion—In order to quickly offer factories sites and buildings, the Albion Realty Co., connected with the Chamber of Commerce, will increase its capitalization to \$50,000.

Albion—Interest in the plan to give a victory park as a memorial to its soldiers and sailors, is growing and subscriptions are now close to \$10,000 with the campaign barely started.

Petoskey—James Hughes was arrested on charge of being implicated with theft of 18 quarts of whisky from a locker in the city hall, in charge of Charles E. Miller, sheriff.

Kalamazoo—Dr. Charles Carpenter, 61 years old, formerly a Detroit dentist, died at the Knight Hotel here after he had apparently recovered.

Kalamazoo—Rabbit meat brought a fancy price in municipal court when Jason Harrison and Curtis Harrison, farmers living near Vicksburg, were fined for killing two rabbits out of season. Each rabbit cost them \$14.20.

Calumet—Evert Hyytiinen, aged 19, was instantly killed while hunting. He was shot in the head by a companion. This is the second fatality and fourth casualty of the hunting season here, which opened October first.

Harbor Springs—What was a good gravel road leading to Forrester Beach Inn near this place is now a deep gully. About \$1,500 worth of damage was done at this present point by a cloudburst. Country roads are badly washed out in many places.

Northville—While coming down the steep grade on the Seven Mile road Saturday, F. M. Mulvaney and wife, of Tecumseh, were seriously injured when their car turned turtle on the slippery pavement, and went into the ditch. Mrs. Mulvaney received a broken collar bone and Mr. Mulvaney was hurt internally.

Caro—Joseph P. Fournier is in the hospital in Pontiac, having been seriously injured when a Michigan Central train struck his auto truck at Orion. Mr. Fournier was returning from Detroit, where he had taken a load of household goods Sunday, L. D. Wells, who accompanied him jumped and escaped unharmed.

Kalamazoo—Ruby Wellwood, of Grand Rapids, said to be the wife of at least three soldiers, was brought back from Milwaukee, where she had been since she violated her parole here while under a bigamy charge. She was arrested last February. She has been drawing Government allotments for each of her three husbands, it is said.

Muskegon—An attempted hold-up on the Mona Lake road, near Muskegon, was frustrated when another automobile rounded a curve ahead and threw its headlights on the highwaymen. C. R. Walters and C. W. Jackson, both of Muskegon, had been forced to alight at the point of a revolver, but the sudden glare of light frightened away the bandits.

Pontiac—Claiming she was married when less than 16 years old to Claude B. Wright, with the approval of her mother and elder brother, Mrs. Frances R. Wright asked annulment of the marriage in circuit court. Judge F. L. Covert scored the mother and brother for permitting the marriage, which took place in April, 1918, the couple living together until July. The girl-wife said the groom represented her age as 18 to get a license. The decree was granted.

Ypsilanti—Mr. and Mrs. H. Porter and two children of this city, held in Canada because Detroit immigration officers refused their admittance into the United States, will be permitted to return to their home, according to advices from Washington, received in Ypsilanti. Porter and his family left here last summer to visit relatives in Canada. About September 1 they left Canada but were not allowed to land at Detroit when the officials held that Porter's health was not good and he might become a public charge.

Ann Arbor—Paulino Tenoso, a student from Santa Domingo, Philippine islands, is dead here as a result of intestinal tuberculosis. Tenoso came here to enter the engineering college. He was ill when he arrived and only attended classes three days when he was taken to the hospital. He had made no acquaintances here and his only friend in this country was a man in Fresno, Calif. His parents have been cabled to an address they authorize that his body be shipped home to be buried in the University burial lot.

Lansing—Bonding houses are objecting to the state's improving \$500,000 worth of its highway improvement loan bonds to the general public, but state treasurer, Frank K. Gorman, a member of the board, says the small or investors are to be given opportunity to purchase bonds. They will be offered to the small investors about Nov. 1 at the same price paid by the big purchasers. "Indications are now," Gorman said, "that bidding will be keen." Proposals will be opened on Oct. 28. Bonds will draw 4-3-3 per cent interest.

Albion—Ed. Brewer, of Homer, invited some friends to make merry and neighbors called officers, who found 42 gallons of home made liquor, which is being analyzed.

Muskegon—Sidney Pinkerton, Negro alleged rioter in the recent Muskegon street car riots, was convicted in circuit court on a charge of malicious destruction of property.

Kalamazoo—Fire caused by sparks from a threshing machine engine destroyed the large grain barn on the Warren Meredith farm south of the city, at a loss of about \$6,000.

Niles—George Johnson, aged 60 a farmer of Laporte, Ind., was killed and his wife probably was fatally hurt when their auto was struck by Michigan Central train No. 8 near here.

Kalamazoo—Irvin Neal was seriously injured when his taxicab was struck by a street car and partly demolished. He was hurled to the pavement, sustaining internal injuries.

Bay City—George W. Butterfield, 76, the city's oldest letter carrier, is dead. Mr. Butterfield had been in the mail service for over 30 years. He was prominent in G. A. R. activities.

Bay City—Nicholas Derach, living near Standish, was sent to Mercy hospital here as a result of having set fire to a dynamite cap with which he was playing. Part of his right hand was blown off.

Big Rapids—Irving Kingsley, 14 years old, was taken to Mercy Hospital with a smashed nose and injured eye. His bicycle and an automobile collided when the boy was going home from a Boy Scout meeting.

Northville—Roy Hollis narrowly escaped death here Saturday when a Pere Marquette express train, going about 40 miles an hour, collided with and demolished his automobile. He was cut about the head and face and badly bruised.

Kalamazoo—Eltan Eaton, sheriff, is considering appointment of a committee to assist him in collecting \$6,000, Kalamazoo's apportionment of Michigan's \$200,000 quota for the erection of a National Memorial in honor of Theodore Roosevelt.

Climax—Leon Ray Wood was the last Climax service man to get back from Europe. Although Climax men participated in the battles of the Argonne Forest and along the Meuse River, not one was killed or died overseas. Two Climax boys died at Camp Custer.

Charlotte—Peter Fine and Harry Jones, the Toledo men charged with violation of the liquor law, were fined \$300 each in Circuit Court. Jones paid. George Bonville and Dr. John B. Dowling, dentist, up for sentence on a similar charge, were fined \$100 each.

Albion—An explosion of hydrogen gas mixed with air injured three students at the McMillan Chemical laboratory of Albion college. Rae Corliss, of this city, received a quantity of acid in one eye. August Lang received minor cuts in the face from flying glass.

Saginaw—Henry Keuppers was backing towards the cash drawer in his meat market with a revolver against his back, ready to comply with request of robbers for the money in the place, when his wife unexpectedly appeared at the back door. She screamed. The robbers, two of them took flight and ran.

Pontiac—"I never have a chance to have any fun, anyway," was the reason given by Rosie Anderson, 15, of Rochester, Mich., when she was taken into custody on a charge of having been an aid to Harold Raymond, 17, when he placed stones on the railway tracks in the village to "see what speedster would come along."

Port Huron—Electorators will have opportunity to pass on the proposed salary increase for city officials November 4, the commission having decided to submit matter. The new schedule calls for \$4,500 for the mayor and \$2,400 for each city commissioner. The mayor now receives \$2,000 and commissioners \$1,200 each. Proposal calls for amendment of city charter and would also give commission right to increase salaries of city clerk and other officials.

Detroit—Body of Arthur F. Brown, 44 years old, 1095 Garfield avenue, killed Friday by the accidental discharge of a friend's rifle while hunting near St. Ignace in the upper peninsula, was brought to Detroit Saturday. The name of his companion on the hunt has not been disclosed. Mr. Brown had been in the employ of the D. U. R. 25 years. He had been, successively, foreman, division superintendent, superintendent of employment and, finally, disciplinary officer.

Detroit—Leaping from the running board of an automobile with which he had pursued a team of runaway horses several blocks through West Fort street, Patrolman Henry Dornbusch, of Scottish station, swung from the bit of one of the horses and, though dragged nearly 50 feet, finally succeeded in bringing the runaways to a standstill. The team was attached to a wagon of the Towar Creamery company, and as it dashed past, Dornbusch jumped on the running board of a passing automobile and started in pursuit.

Pontiac—The old, old game of "making money" with the aid of a mechanical contrivance, was used to get \$1,000 away from Miss Inezka, a local forger, according to officers who have caused the arrest of Joe Godowski. County officers claim that he had induced his fellow-countryman to let him take \$1,000 in bills to be used in the money-making scheme, after showing a new two-dollar bill as a sample of the money in which the machine worked. Inezka received in exchange a package of waste paper found on each side with a new bill.

Time Made a Difference. The grocer saw his best customer was a bit ruffled over something, so strove to be extra obliging and pleasant.

"I think," he said, blandly, "living is getting cheaper. For instance, a year ago them eggs would have cost you 5 cents more."

"A year ago," said the customer, "when these eggs were fresh they would have been worth more."

A Feeling of Security

You naturally feel secure when you know that the medicine you are about to take is absolutely pure and contains no harmful or habit producing drugs.

Such a medicine is Dr. Kilmer's Swamp-Root, kidney, liver and bladder remedy. The same standard of purity, strength and excellence is maintained in every bottle of Swamp-Root.

It is scientifically compounded from vegetable herbs. It is taken in teaspoonful doses. It is not a stimulant and is taken in teaspoonful doses.

It is not recommended for everything. It is nature's great helper in relieving and overcoming kidney, liver and bladder troubles.

A sworn statement of purity is with every bottle of Dr. Kilmer's Swamp-Root. If you need a medicine, you should have the best. On sale at all drug stores in bottles of two sizes, medium and large.

However, if you wish first to try this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Adv.

Nasty Colds Get instant relief with "Pape's Cold Compound"

Don't stay stuffed-up! Quit blowing and sniffing! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a cold and ends all gripe misery.

The very first dose opens your clogged-up nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance. Tastes nice. Contains no quinine. Insist on Pape's Ad.

Educational Caution. "Why, do you refuse to send your daughter to a cooking school?"

"Because I desire her to grow up to be a kind, helpful and courteous lady. I don't want her to be tempted to assume the arrogance characteristic of the modern cook."

GREEN'S AUGUST FLOWER.

Stop a minute and think what it means to say that "Green's August Flower" has been a household remedy all over the civilized world for more than half a century.

No higher praise is possible and no better remedy can be found for constipation, intestinal troubles, torpid liver and the depressed feeling that accompanies, such disorders. It is most valuable for indigestion or nervous dyspepsia and liver trouble, coming up of food, palpitation of heart, and many other symptoms. A few doses of August Flower will relieve you. It is a gentle laxative. Ask your druggist. Sold in all civilized countries.—Adv.

Washington

The United States did not join with the entente powers in asking Germany to co-operate in a blockade of soviet Russia, and the American delegation at Paris does not admit any American participation in an actual blockade against Russia in the Baltic.

The prohibition enforcement bill was signed at Washington by Vice President Marshall and Speaker Gillet for immediate transmission to President Wilson.

Secretary of Labor Wilson at Washington announced that he had assumed jurisdiction under the law as mediator in the dispute with the coal miners and operators in the central field.

The cabinet met at Washington and prepared to assume as many as possible of the activities of President Wilson for the remainder of the period of his illness. This means, in short, cabinet operation of the government until the president is well enough to resume his duties.

Secretary Glass at Washington recommended to congress an appropriation of \$20,000,000 to enable the federal board for vocational training to carry out the purposes of the vocational training act.

The railroad administration at Washington was notified that the striking railroad shopen at Altoona, Pa., would return to work. The strike was local and unauthorized by the union.

Increases in pay of postal employees to the extent of approximately \$30,000,000 were passed by the senate at Washington. The senate adopted an amendment providing for expenses for fourth class postmasters.

The Clemenceau ministry was sustained in the chamber of deputies at Paris by a vote of 324 to 132.

General Denikin's anti-bolshevik army has captured the important city of Orei, together with thousands of prisoners and enormous quantities of material. It was announced in advices received at London.

The northwestern Russian army is reported at Stockholm to have pushed some 35 miles beyond Yamburg, which it captured recently, and to be within 20 miles of Gatchina, which is only 30 miles southwest of Petrograd.

The soviet government of Russia has ordered the entire population of that country to train immediately for military service, according to reports reaching Helmsingfors from Russian sources.

"Bloody fighting has broken out in Albania between the natives and the occupying troops," says a Paris La Liberté's correspondent at Annemasse, on the Franco-Italian border.

Assignment to Warsaw of Louis E. Van Norman, as the first American trade commissioner to Poland, was announced by the department of commerce at Washington.

President Poincare of France decorated the city of Nancy with the croix de guerre and the legion of honor. The populace of Nancy accorded the president an enthusiastic reception.

Six German merchant ships have been captured during the last two days by the British torpedo boat destroyer Westcott, which took them to Revel, says the London Daily Mail's Revel correspondent.

Premier Georges Clemenceau has declared to a number of deputies at Paris that he has made up his mind to leave the cabinet after the coming elections.

The Russian soviet government at Moscow has been making preparations to evacuate that city ever since the fall of Kuvak, according to a report from Helmsingfors.

"The Germans are attacking Riga with poison gas and also bombarding the town with trench mortars," says a Lithuanian communication via Copenhagen. "Great damage has been done to quays and the harbor," the report adds, "and there have been many civilian casualties."

Twenty-seven war vessels were lost by France during the period of hostilities. It is shown by an order of the day issued by Georges Leygues, the minister of marine at Paris, citing this number of warcraft destroyed.

The British admiralty, answering a request from the German government at Berlin asking the whereabouts of the submarine Bremen, stated that it knew nothing of the Bremen's fate.

Gen. Von der Goltz has resigned from the German army as a result of the latest entente note, says the Berlin Tages Zeitung.

Italy has agreed to the creation of a free state in Fiume, the port remaining under control of the League of Nations, says the Petit Parisien.

The New York bomb squad was assigned to protect Supreme Court Justice Bartow S. Woods following the finding of anarchistic circulars which attacked the judge and call on the workers of the steel and "every other industry" to arm themselves.

HOW TO GET BACKACHE AND NERVOUSNESS

Told by Mrs. Lynch From Own Experience.

Providence, R. I.—"I was all run down in health, was nervous, had headaches, my back ached all the time, I was tired and had no ambition for anything. I had taken a number of medicines which did me no good. One day I read about Lydia E. Pinkham's Vegetable Compound and what it had done for women, so I tried it. My nervousness and backache and headaches disappeared. I gained in weight and feel fine, so I can honestly recommend Lydia E. Pinkham's Vegetable Compound to any woman who is suffering as I was."

—Mrs. A. D. LYNCH, 100 Plain St., Providence, R. I. Backache and nervousness are symptoms of nature's warnings, which indicate a functional disturbance or an unhealthy condition which often develops into a more serious ailment.

Women in this condition should not continue to drag along without help, but profit by Mrs. Lynch's experience, and try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound—and for special advice write to Lydia E. Pinkham Med. Co., Lynn, Mass.

Personal

Samuel Gompers, president of the American Federation of Labor, is confined to his home at Washington in a state of nervous exhaustion.

Rear Admiral Richardson Clover, U. S. N., retired, died on a train west of Cheyenne, Wyo. He was on his way to his home in Washington, D. C., from California.

The degree of doctor of literature was bestowed upon Brand Whitlock of Toledo, ambassador to Belgium, by the Western Reserve university at Cleveland, O., "because he was a maker and a recorder of history."

John H. Harrison, well-known owner of racehorses, was found dead in his apartment at Oskaloosa, Ia.

Brig. Gen. William Trent Russell, U. S. A. (retired), who served for nearly fifty years in the engineering corps, died at his home at New Brighton, N. Y., on his seventeenth birthday anniversary.

Mrs. David Lloyd George, wife of the prime minister, inaugurated a "dry" campaign in Scotland.

Foreign

It is announced by the war office at Tokyo that a brigade of infantry and a battalion of engineers from the Thirtieth division will be dispatched to Siberia and to north Manchuria.

The Clemenceau ministry was sustained in the chamber of deputies at Paris by a vote of 324 to 132.

LIFE OF DOG IN BELGIUM

Does Not Loaf as They Do in America, but is Put to Pulling Carts.

The expression, "a dog's life," must have originated in this part of Europe. In Belgium and Holland the dogs do not loaf about as they do in America. In Holland I saw one dog pulling a cart in which three men were sitting, and on the roads we passed many dogs pulling carts, writes a Belgian correspondent in the Kansas City Star. Even more dogs are used to pull carts in Belgium, as the Germans left very few horses in this country. To judge by appearances, virtually all the husky able-bodied dogs in Belgium are "broke to harness." But the roads are good and the carts not heavy, usually, and the dogs seem to like it. The drivers were holding back rather than driving many of the dogs we passed, and in one village we saw a dog bark and beg to be hitched up when a woman started out on a short trip with a push cart. When she yielded and hitched up the dog we saw why she had hesitated. The dog was a big, strong fellow, and so eager to pull that she had a hard time holding him back.

MONKEY BRIDGES ARE MYTH

Famous Scientist Attempts to Explain the Origin of the Story.

From our school geographies we used to learn that South American monkeys cross alligator-infested streams by linking their tails and legs to form a living bridge. In school "readers" published as late as 1897 there are pictures of this extraordinary feat of monkey acrobatics. Prof. E. W. Gudger, in an article quoted by the Scientific American, attempts to explain the origin of this story, that is not believed by any recent explorers. So far as it can be traced it was first told by Padre Jose Acosta in 1533. The first person to dispute its veracity was Baron Humboldt. Finally Messrs. Leo E. Miller and George K. Cherrie of the American Museum of Natural History, who have done so much traveling and collecting in South America, suggest to Professor Gudger that the story of the "monkey bridge" has come about through observation of a procession of monkeys crossing a ravine or stream on a pendant liana.

Underrated.

"I'm afraid I'll never be able to teach you anything, Maggie," was the despairing utterance of a Trenton woman to a new Irish domestic. "Don't you know that you should always hand me notes and cards on a salver?" "Sure, mum, I knew," answered Maggie, "but I didn't know you did."

Helpful.

"How's trade?" "I'm doing better," said the fashionable tailor. "The war induced some of my dead beat customers to economize on clothes."

Limitations of Nature.

"It's no use," sighs the nature wizard. "I may as well give up." "What is bothering you?" we ask, sympathetically. "I got started a few years ago on a whim of mine. I took a head of cabbage and crossed it with a white potato and grew eyes on it; then I crossed that with a cornstalk and grew ears on it; then I crossed that with a squash and grew a neck on it; then I crossed that with a coconut and grew hair on it, but hanged if I can figure out what to do for a nose and mouth!"

Industry is the key to success.

NATIONAL CAPITAL AFFAIRS

American Is Head of the New Republic of Russia

WASHINGTON.—This is a queer world nowadays. Did you ever hear of Uro-Russia and its acting governor, Gregory I. Zastkovich? Of course not. Well, Uro-Russia is one of the smallest of the new self-governing republics in Europe and Gregory I. Zastkovich is an American citizen. He has just been here after his wife and children and is on his way back to resume his official duties. His official title is "President of the Directorate of Autonomous Russia." American Russians are settled in large numbers in about 150 cities of Pennsylvania, Ohio, New York, Connecticut, New Jersey and Illinois, and smaller numbers are to be found scattered all over the country. They are represented by the American National Council of Uro-Russians. This council worked so energetically that in 1918 at the convention of the Mid-European union in Philadelphia the Russias were recognized as a self-governing unit of the Czech-Slovak republic. This was ratified by an American plebiscite. Uro-Russia has a population of about one million. Its capital is Uahorod. Set in the Carpathian mountains, Russia is noted for its picturesque

D. A. R. Exchange Stars and Stripes With Congress

IN THE house the other day Representative Mondell of Wyoming, the majority leader, called attention to a beautiful new flag suspended back of the speaker's desk. He read a letter from Mrs. George Thacher Guernsey, president general of the D. A. R., presenting the flag as a substitute for the one presented in 1901 by one of the chapters of the society. He offered a resolution accepting the flag, which was unanimously passed by a rising vote. He then offered the following preamble and resolution and asked unanimous consent for its immediate consideration: "Whereas the flag which was displayed in the hall of the house of representatives from the year 1901 until displaced by the flag presented to the house by the National Society of the Daughters of the American Revolution, and this day accepted by the house, a period of time covering the first 19 years of the twentieth century, during which the house of representatives participated in the events preliminary to and in the enactment of legislation for the prosecution of the war with the imperial German government and with the royal Austro-Hungarian government, and during which time also many other historic and important acts originated, were perfected, or consummated herein; therefore, be it "Resolved, That because of the association of said flag with the legislative history of the United States during the period aforesaid, and in token of the house's appreciation of the patriotism of the members of said society and of the women of the United States, the clerk of the house of representatives is hereby authorized and directed to deliver said flag to the board of management of the National Society of the Daughters of the American Revolution, to be displayed and carefully preserved in the archives of said society, together with a copy of this preamble and resolution."

Congress Apparently in Favor of Budget System

CONGRESS is apparently taking the national budget system movement quite seriously. The Illinois plan of control of public expenditures through a budget system was explained to the house appropriations committee the other day by Governor Lowden of Illinois, who suggested that machinery similar to the Illinois plan be set up in the federal government, with the secretary of the treasury exercising the exclusive authority and responsibility for appropriations analogous with the position held by Omar H. Wright, Illinois' state director of finance. The treasury department should be made the exclusive department for national finance, the governor said, and the administration of public health service and other subsidiary bureaus should be removed from the treasury department. In other words, said the governor, while all the other departments are working to secure increased appropriations, there should be one central bureau whose sole duty it should be to keep expenses down. "It cannot be emphasized too strongly that somebody outside the influence of the departments should receive the estimates and make up a budget for which he would be responsible and who should answer to the president alone," Governor Lowden declared. "If we require the president to submit a budget, saying what expenditures he believes to be necessary for the proper running of the government, then the country will know that the president asks only that amount, and no more."

American Legion Post Opposes Reclamation Bill

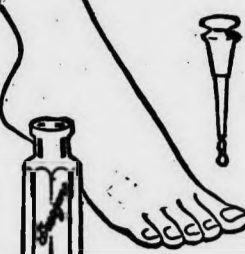

SENATOR FLETCHER of Florida read into the Congressional Record the other day resolutions adopted by Tampa post, No. 5, American Legion, which are substantially as follows: "Whereas various measures have been introduced in the congress of the United States for the aid of the discharged soldier, sailor and marine, veterans of the late war; and, whereas, among such measures is H. R. 487, referred to as the Mondell bill, otherwise the national soldier settlement act; and, whereas, such a measure will not benefit all soldiers, sailors and marines, and even under the most favorable circumstances it is limited to approximately 80,000 out of 4,800,000; and, whereas, under the terms of said bill an initial capital of not less than \$1,200 is required of each soldier, sailor and marine; and, whereas, said bill is not confined to the public lands of the United States, but provides for 'projects' to be purchased in the several states, thus opening the way for fraud, reckless expenditures of public funds, and real estate grafting of all natures and kinds; and, whereas, a certain measure has been introduced in the congress of the United States providing for loans for the purpose of securing to the discharged soldier, sailor and marine, veterans of the late war, city or country homes, and in the sum of from \$1,000 to \$5,000 at 4 per cent interest and payable over 40 years of time; and, whereas, this in the judgment of this post of the American Legion is the fairest and most equitable of all such measures, both to the soldier and to the United States; therefore, be it "Resolved, That we condemn and oppose H. R. 487, known as the national soldier settlement act, and that we favor and acclaim this loan measure."

Another High-Cost-of-Living Remedy Is Exploded

YOU never can tell about congress. Sometimes something funny will come up right in the middle of the most portentous debate. For instance, the other day Representative Good of Iowa, chairman of the appropriations committee, was telling the house that the treasury was facing a deficit June 30 next of almost \$3,000,000,000. He was commenting on different items of various appropriations and said this: "Of the estimates submitted by the department of commerce for relief from the high cost of living, \$75,000 was for the purpose of demonstration of methods of preparing and cooking fish. Congress has had some experience with this department on this very same subject. In the act approved June 21, 1916, the department of commerce was given \$25,000 to conduct investigations and experiments with regard to dogfish. The department did make an investigation and demonstration in the matter of cooking and canning dogfish and gave the results of its investigation to the congress. A great many canners of fish canned dogfish in accordance with the instructions of this department. After these fish had been canned and disposed of the cans commenced to explode, and last year the department of commerce came before congress with an estimate of \$60,000 to reimburse these canners who had canned dogfish in accordance with the methods which had been demonstrated. A great many of these estimates for refunding the high cost of living are of the dogfish character. The people want relief from high prices, not dogfish demonstrations."

Lift off Corns!

Doesn't hurt a bit and Freezone costs only a few cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of feet. A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly! No humbug!—Adv.

S. O. S. If Constipated, Bilious or Headachy, take "Cascarets"

Sick headache, biliousness, coated tongue, or sour, gassy stomach—always trace this to torpid liver; delayed, fermenting food in the bowels. Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissues it causes congestion and that dull, throbbing, sickening headache. Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels. A Cascaret tonight will surely straighten you out by morning. They work while you sleep.—Adv.

Honest Advertising.

THIS is a topic we all hear now-a-days because so many people are inclined to exaggerate. Yet has any physician told you that we claimed unreasonable remedial properties for Fletcher's Castoria? Just ask them. We won't answer it ourselves, we know what the answer will be. That it has all the virtues to-day that was claimed for it in its early days is to be found in its increased use, the recommendation by prominent physicians, and our assurance that its standard will be maintained. Imitations are to be found in some stores and only because of the Castoria that Mr. Fletcher created. But it is not the genuine Castoria that Mr. Fletcher honestly advertised, honestly placed before the public and from which he honestly expects to receive his reward.

Children Cry For Fletcher's CASTORIA

Special Care of Baby. That Baby should have a bed of its own all are agreed. Yet it is more reasonable for an infant to sleep with grown-ups than to use a man's medicine in an attempt to regulate the delicate organism of that same infant. Either practice is to be shunned. Neither would be tolerated by specialists in children's diseases. Your Physician will tell you that Baby's medicine must be prepared with even greater care than Baby's food. A Baby's stomach when in good health is too often disarranged by improper food. Could you for a moment, then, think of giving to your ailing child anything but a medicine especially prepared for infants and children? Don't be deceived. Make a mental note of this:—It is important, Mothers, that you should remember that to function well, the digestive organs of your Baby must receive special care. No Baby is so abnormal that the desired results may be had from the use of medicines primarily prepared for grown-ups. MOTHERS SHOULD READ THE BOOKLET THAT IS ATTACHED EVERY BOTTLE OF FLETCHER'S CASTORIA. GENUINE CASTORIA ALWAYS Bears the Signature of Dr. J. C. Fletcher.

DIXBORO BOY WINS HONORS

Ivan Galpin, president of the Dixboro Boys' and Girls' club, represented the State of Michigan in the boys' and girls' dairy cattle judging contest at Chicago recently. Ivan was high scoring boy in the state judging contest at the Michigan State Fair. He is also a member of the Washtenaw county team that won first place over all counties of the state in judging livestock at the Detroit fair last fall.

The six central dairy states had representatives in this contest. Considerable interest was shown, and the fact that the rating between the highest and lowest contestants was very small shows the high grade of the work done by all of the boys.

Ivan's efforts in the contest won him a bronze medal and a cash prize of \$65. Young Galpin is the son of Mr. and Mrs. B. L. Galpin, of Dixboro. He is a graduate of the agricultural course of the Ypsilanti high school and this fall will enter the Michigan Agricultural college.

The young man is also a nephew of Linus Galpin of this village.

Plymouth Gun Club

If you did not attend the last shoot of the gun club, you missed some mighty good sport. The wind made shooting rather difficult, but other factors helped to make the shoot a success. Lou Cameron simply can't keep a good gun. Someone always wants it. "Woodie" Murray and Frank Hills each made 23 score, but other scores are lower than usual. Scores as follows:

Name	Possible	Scored
F. Hills	115	81
F. Woodard	115	65
M. Powell	100	74
W. Murray	90	68
R. Wheeler	90	63
H. Passage	75	49
J. Patterson	75	41
W. Baxter	50	45
H. Hall	50	34
M. Murray	50	32
D. Patterson	40	27
T. Passage	25	11
L. Cameron	25	11
Mrs. H. Hall	25	9

Our trap house was broken into and all the targets destroyed. The trap had to be repaired before it could be used. The Gun Club will reward anyone who will furnish names of persons who have been doing this Hun work. Come and shoot next Sunday. Look on anyhow.

PERRINSVILLE

The funeral of Mrs. Anna Sherman which was held last week Wednesday in the Perrinsville church was largely attended.

The friends of Mrs. Robert McKee are glad to learn that she is much improved in health.

C. Wright was a Plymouth visitor Friday of last week.
Mrs. George Hix was greatly surprised last Sunday, when relatives and friends began to gather from Detroit, Plymouth and Redford to remind her of her birthday. The children all being at the parental home, made the day one long to be remembered. She received some beautiful presents, showing their love and esteem. After a bountiful dinner was served by the hostess, they said goodbye late in the afternoon, wishing her many more happy birthdays.

Mrs. James Cousins entertained her daughter from Detroit, Sunday. Come to church next Sunday morning at 10:30.

John Stephenson of Swift, spent Sunday at G. W. Dean's.
Cards are out announcing the marriage of Edward Niemycheck of this place and Miss Martha B. Davis of Detroit, the wedding to take place at the home of the bride's parents, November 4th.

Mr. and Mrs. John Schotka and family spent Sunday at Joseph Roache's.

GIANT BEANS ARE SAID TO BE FRAUD

TWENTY POUND SPECIMEN NOT BEAN AT ALL—CITY GARDENERS FOOLED.

That the so-called "Giant Beans," which have been grown extensively in Michigan during the last two years, particularly by city gardeners, are not beans at all, being in reality gourds, is the startling information sent out by the Botany Department of the Michigan Agricultural College.

"Some of these 'beans' have been produced in Detroit that are more than a yard long and weigh 20 pounds," declares Dr. E. A. Bessey of M. A. C. "Growers all over the state are vying with each other to see who can produce the largest specimens, and apparently they think they are turning out record beans."

"There are hundreds of types of gourds, some round and some long. The latter are often called snake gourds. Some enterprising seedsmen with a large supply of gourd seed of this latter type on hand conceived the idea of disposing of it at a handsome profit. Accordingly the papers were flooded last spring, as well as in 1918, with advertisements of 'Giant Bean Seed,' 'New Guinea Easter Bean,' etc. This is a fraud since these are not beans at all, but gourds, closely related to pumpkin, squash, etc."

"When full grown the large fruits are practically valueless in this country. When young they are edible and taste much like summer squash. It is questionable, however, whether it pays one to grow these things except as curiosities."

Today's Reflections

No Plymouth man is so absent minded but there are a lot of things he would like to forget.

Many a fellow thinks it is opportunity knocking at his door when in fact it is only some fellow with a lot of cheap oil stock he wants to dispose of.

Sometimes as we go along the street we are convinced that if there is a shortage of many things in this world it is not talcum powder.

One thing we've got to be thankful for next month, and that is that we don't have to go through a presidential election.

As one Plymouth man said yesterday, there'd be a lot more people getting married if so many of them who are married didn't make it look like a failure.

We have seen some fellows who act as though they are going to be awfully disappointed if they get to heaven and find there are no lodges there for them to join.

You've probably noticed that most Plymouth school children keep their wits sharper than their lead pencils.

We see an ad in a city paper announcing dancing slippers at \$20 per pair. Now we can understand who pays the fiddler.

What has become of the old-fashioned Plymouth storekeeper who used to throw in a pair of suspenders when he sold you a suit.

Things around over the country are not so very much different now than they were in the days when old Mother Hubbard went to the cupboard.

Our idea of the most diplomatic man in Plymouth is the one who can get what he wants without letting the other fellow know he wants it.

There's one crop that's never a failure in this country—and that's the crop of candidates.

Easier Now Than Later

It is easier to break up a cold or check a cough now than it will be later. Persistent coughs that "hang on" all winter pave the way for serious throat and lung diseases. L. W. Day, 65 Campbell Ave., E. Detroit, Mich., writes: "Foley's Honey and Tar delivers me of bronchitis very quickly. Sold everywhere in Plymouth.—Adv.

SCHOOL NOTES

Miss Russell's first grade are making an A, B, C book.
The second grade have just finished memorizing the poem, "The Moon."

The third grade sang for the high school assembly Friday afternoon in the auditorium, and was enjoyed by all the students.
Mrs. Arthur Norgrove, Mrs. Harry Geesay, Mrs. William Micol, Mrs. D. C. Cavanaugh and Mrs. Peacock were visitors in the Kindergarten, this week.

The Kindergarten children had a very enjoyable surprise waiting for them when school started Monday—a set of new school balls of the six standard colors.
The sixth grade manual training class are pleased with the new Sloyd knives. They are making match boxes.

A number of useful articles such as taboretts, pedestals and coasters are being completed in the eighth and ninth grade manual training classes.

Former members of the Plymouth school faculty, Mrs. Charles Peacock, nee Miss Edna Moule, and Mrs. D.

C. Cavanaugh visited the school on Monday of this week.

Contributions to the Roosevelt Memorial are being received in the schools this week. The quota for Wayne county is about \$100,000, and \$15,000 is expected from the children in the schools. This amount is about fifteen cents for each pupil.

The debating work has been started in the senior high school classes. The Rev. F. M. Field gave an inspiring and energizing talk in the assembly room, last Friday, concerning this phase of school activity.

On October 17th, Plymouth was defeated in the game by Northville, with a score of 39 to 6. Northville made most of the touchdowns in the first quarter. Plymouth blocked a punt in the last quarter and Miller fell on the ball for a touchdown. Plymouth's line up was as follows: R. E. Roe; R. T. Miller; R. G. Norgrove; C. Hill; L. G. Kebl; L. L. Doudt; L. E. Clemens; Q. B. McHale; R. H. Harris; L. H. Wilcox; F. B. Waller. Sockow was substituted for Harris, and also Waller for Roe.

Miss Ruby Webber is visiting relatives at Farmington and Pontiac. Mrs. George E. Russ of Chicago, is spending ten days with her parents, Mr. and Mrs. W. E. Smyth.

Ford
THE UNIVERSAL CAR

There are more than 8,000,000 Ford Cars in daily operation in America. This is a little better than half of all the motor cars in use in the country. There is a very potent and profitable reason in this why you should buy Ford cars for your business and for your personal use. It is a demonstrated fact that Ford cars have, in every line of human desire so far as motor cars are concerned, best satisfied their owners with the service given. They must be safe; they must be comfortable; they must be always reliable; they must be convenient and they must be economical, or they wouldn't be so tremendously popular with all classes of people. The big Ford Factory has not yet reached normal production, but the war is over, and it is getting back as fast as possible. We are getting a few cars in right along, and we will do the best possible to give you early delivery.

Runabout, \$500; Touring Car, \$525; Coupe, \$750; Sedan, \$875; Truck Chassis, \$550. These prices are Z. o. b. Detroit.

Leave your order with the following dealer and be assured of two things: First, the earliest possible delivery; Second, an after service that has the strongest commendation and endorsement of the Ford Motor Company as being reliable, satisfactory and economical service.

Just because some garage man says, "I'll fix it and it'll be good as new," don't trust your battery to an amateur.

Come to battery headquarters where we have the equipment to really test your battery and the knowledge of what it needs.

Only a careful hydrometer reading can show if a battery needs charging. Only the proper instruments can give it a discharge test showing that it is properly recharged. It costs a little more to make repairs in the right way, but a thorough job is always worth while.

CROSS NEED OF MONEY TOLD

Work Must Be Carried on Across Waters and in the United States.

PROGRAM PLANNED

Efficient is a Vote of Confidence in the Future and an Appreciation of Tasks Accomplished.

American Red Cross is preparing to launch its third Roll Call, to be held from Nov. 2 to 11, for 20,000,000 annual members and \$15,000,000.

The first question that will arise is: "Why does the Red Cross need money? The war is over."

National headquarters of the American Red Cross has answered this question, and has outlined graphically the reasons why it is necessary to raise \$15,000,000 for its international, national and local work.

In brief the answer is as follows: Because the actual war work is not completed. The Red Cross cannot lay down its responsibilities to the American soldiers, sailors or marines until everyone of them has been released from service, recovered from illness or wounds or receiving proper care, or back in the place in the world from which the war snatched them.

Because the American Red Cross is planning to launch a comprehensive program for peace times, designed to prevent the needless waste of human lives through preventable diseases and accidents in America; continue and broaden its home service work and public nursing, first aid, home hygiene and Junior Red Cross activities.

Because: By a recent act of Congress medical, surgical and dietary food supplies valued at \$35,000,000 were turned over to the Red Cross by the government, the supplies having been purchased for use with the American forces. These supplies are scattered throughout Europe, many of them far from the places where they are most needed. The prompt and efficient distribution and handling of these supplies means the maintenance of a force of trained workers where the supplies are and where they are most needed.

Because: Pestilence and starvation have gripped many European countries because of the war. These countries are unable to cope with their own difficulties, and the only force organized with facilities capable of stepping into the breach and bringing order from chaos is the Red Cross. Typhus is sapping the man strength of many countries, and the American Red Cross is using every available power to check it.

Because: The Red Cross must be prepared to meet emergencies arising from disasters at home and abroad. The Red Cross membership must be maintained at its present high standard. Every enrollment is a vote of confidence in the past performances of the American Red Cross and a reaffirmation of the belief in the principles for which it has stood in the past and its plans for the future.

The Red Cross, having committed itself to a definite and comprehensive program, cannot turn back, and to go forward it must have as general a membership as possible and ample funds to provide for any contingency.

LOCATES MOTHER AFTER FOUR DAYS IN DESERT SANDS

Four days by camel from Damascus, in a little desert village nestled in the blazing sands, lived the Syrian mother of an American soldier, waiting, yearning for word from her son who had gone to far-off America.

George Hamway, the son, enlisted with the American colors when this country went to war, and fell fighting in the Argonne, leaving to the mother a \$5,000 government insurance policy. The address of the mother was vague. She lived in the heart of the desert, four days from Damascus—that was the only address George knew.

The task of finding the mother was given to the Red Cross mission in Palestine, and the search was started immediately. Strange by-ways of that land of mystery—the great desert—were visited by Red Cross workers, and at length the mother was found.

She was taken to Damascus by camel, accompanied by witnesses establishing her identity, and after much palaver it was explained that the American government would make remittances to her which meant comparative affluence for her declining days.

CLUBS TO AID RED CROSS.

A series of club days are being arranged by the Red Cross as a forerunner of the Third Roll Call, to be conducted from November 2 to 11. Business, commercial, rotary, Kiwanis, advertising, fraternal, women's and other clubs are being invited to set aside one meeting day to be devoted to the Red Cross.

"LIFE SAVING IS RED CROSSAIM"

Most Important Work of Peace Is Welfare of People, Says Dr. Farrand.

ORGANIZATION MUST GO ON

Co-ordination of All Movements to Conserve Humanity and Prevent Disease is After-War Task.

"The efficient organization which the American Red Cross built up to meet the demands of war must not be permitted to slip back into inactivity," said Dr. Livingston Farrand, chairman of the Central Committee of the American Red Cross who is touring the country to place the proposed peace work squarely before the people. His tour was outlined to carry the message into all states as a forerunner of the Third Red Cross Roll Call, to be conducted from Nov. 2 to 11 for 20,000,000 annual memberships and \$15,000,000.

"Most Diseases Preventable. The war has accentuated and sharpened our realization that the greatest contributing factor in disturbing the happiness of mankind is the question of physical well-being, the problem of health and disease," Dr. Farrand said. A large portion of the disease of the world is preventable, and the people naturally are looking to organizations that are able to help and guide; that are built on lines that beget confidence.

"The organization best equipped for this purpose is the American Red Cross. States and municipalities must conduct this campaign and the local Red Cross organizations are operating units. For the last ten years leaders in health work have sought an organization capable of co-ordinating the various local activities into a massed movement which would produce results. That organization is the Red Cross.

Nursing Program Developed. Are we not going to take advantage of this opportunity to better humanity? We have here an organization that represents every national interest; that knows no party and no creed; that has attached to it every type of man, woman and child in the United States and we propose to put this energy behind the great movement to co-ordinate and bring together these varied interests so far as possible.

"The biggest activity which the Red Cross has undertaken in this field is the great public nursing program. The entire movement for public health depends upon the adequate development of the public nurse."

GEN. PERSHING GIVES \$10,000 TO RED CROSS.

The last act of Gen. Pershing before he left France for the United States was to turn over to the American Red Cross \$4,625.40 francs, about \$10,000, to be used by the Red Cross for the care of French orphan children who had been "adopted" by the Red Cross. A chaplain attached to Gen. Pershing's staff visited the Red Cross headquarters and saw the work which was being done for the children. Apparently he had carried a report to the commander in chief, and the check was the result.

PLAN WORLD WAR ON PLAGUE.

Twenty-six national Red Cross societies forming the League of Red Cross societies, have opened a united war on disease, famine and disaster in all parts of the world. The league has started its work in Poland, where typhus is raging and threatening to spread over western Europe. A medical commission has been sent to handle the situation there and to report on methods of checking the plague. The roster of the league includes Argentina, Australia, Belgium, Brazil, Canada, China, Cuba, Denmark, France, Great Britain, Greece, Holland, India, Italy, Japan, New Zealand, Norway, Peru, Portugal, Roumania, Serbia, South Africa, Spain, Sweden, the United States and Venezuela.

WANTED

One million volunteers to enlist with the American Red Cross for the Third Roll Call, November 2-11, and enroll annual members.

The Red Cross needs \$15,000,000 to complete its remaining war work and for a comprehensive peace program.

The Red Cross needs 20,000,000 members to maintain its present high standard of organization.

The Red Cross needs YOU. ENLIST.

Presbyterian Notes

A number of the New Era Group chairmen met with the pastor last Monday evening for a discussion of the task laid upon them. It was a very interesting meeting and all loyally assumed the duties imposed. This committee will be a great aid to the pastor in keeping in touch with the people of the various groups. They will call upon various members of the congregation to aid in the work and every one is expected to do his duty.

The pastor is beginning a series of sermons on "Questions Men Are Asking," and the first in the series is on the theme, "If I do the best I can will I be saved?" And the sermon will be delivered next Sunday evening in the popular evening service. The service is introduced by a community sing from the old Gospel songs we enjoy singing. Master Daniel Patterson plays his violin and with the piano the music is very inspiring. The choir will also sing and bring a real message of song. Come and help make this a great service. That was a splendid increase last Sunday night over past services. Let's make this Sunday night the largest crowd yet.

Mr. Shaw's class enjoyed a great time last Thursday night at their feed and Big Night. After a very sumptuous banquet they spent a most pleasant social hour playing games and shooting at a target to find who was the best shot. From reports a great number of the fellows are crack shots, while others found it difficult to even hit the target. These are good times and must be frequently enjoyed.

At the meeting of the Girls' club last Monday night, the club was formally organized. Officers were elected as follows: Miss Allen, president; Miss Gertrude Hillmer, vice president; Miss Gladys Schrader, secretary; Miss Isla Roe, treasurer. Plans are being formulated to hold a Halloween party on the night of Halloween and a real time is anticipated. Further plans and activities will be reported.

We are taking up again the study on the Social Teachings of Jesus at the prayer service on Wednesday evening at seven o'clock. All are invited. A study of Stewardship will be made after this course is complete.

George Stimpson has resigned his position as teamster at the Bell Foundry and expects to make Plymouth his future home, having purchased a residence there.—Northville Record.

The gross receipts of the recent Northville fair were over \$6,000, and after paying all expenses, including paying for the cost of the new main building the treasury was the richer by the neat little sum of \$1,200.

Between \$500 and \$800 worth of sheep have been killed in Lyndon township, Washtenaw county, by dogs since October 1. Two dogs have been killed, but several others are believed to have been implicated.

The Farmington Methodist church is about to install a moving picture outfit, as a part of its equipment. Another step in advance is a plan for the erection of a community house on the church property for social and recreational purposes.

The Detroit Creamery Co. will build a big addition to their plant in Brighton. The addition will be the biggest of the company outside of Detroit. The new part will contain store rooms that will hold hundreds of barrels of powdered milk, which will be manufactured there.

The other night the village marshal and night watchman of Williamston, were forcibly taken by five unknown men to a country school house in which they were left securely tied up. It is assumed that a burglary was contemplated, but if so, the plans were frustrated.

Washtenaw county will have to pay in state taxes for 1919, \$256,888, against \$155,165 in 1918, according to a statement received by County Clerk Edwin Smith recently from the state treasurer's department in which the figures for the taxes paid by the counties to the state in 1919 are set up.

Two weeks ago through the efforts of the Washtenaw County Farm Bureau, a number of poultry culling demonstrations were held in different parts of the county. At these demonstrations the farmers were shown how the work was done, so that they might be able to do their own work in the future. At these demonstrations 175 hens were culled out. These hens were kept for two weeks and at the end of that time they had laid only six eggs.

The benefits to be derived from the coming to Northville of the Ford interests are already being made manifest about the property purchased at the foot of Main street. The old buildings have been torn down and the grounds leveled and now a handsome cement driveway with curbing is being constructed. Mr. Ford made but few promises regarding his plans in Northville, but he is a man of action and not of words. It was a happy day for this community when he decided to come here.—Northville Record.

When a Farmer Quits Work

Where does he go? What does he do? How does he live? Well, the retired farmers have their own little Paradise, says

The COUNTRY GENTLEMAN

and there they spend their days basking in the sunshine, watering the lawn, dodging the real-estate highbinders, eating at the cafeterias, boosting the climate. Farmers, stockmen, dairy-men—thousands of them pack the old backroll into the old jitney each year and hike for Paradise.

Freeman Tilden has farmers who are successful in a small way—and happy in a great way. The first article of each of these series will appear in the issue of THE COUNTRY GENTLEMAN that will come to you next week, if you send me, with your name and address, one dollar for a whole year's subscription—\$8.00, actually helpful issues—and send it TODAY.
