A Mothers Day Verse From the Battle Front

An Ontario mother received this from her boy in France, only a part is here given:

"There's a land in the West toward the setting sun,
Where I'll love to rest when the war is done;
There's a woman there who is fairer far
Than a jewel rare or a golden star.
Oh, mother mine, so dear to me,
May the stars be kind that shine on thee;
May He keep you safe who reigns above,
May He guide you sure by His holy love.
You have kept me clean with your love for me,
And that love has been more than all to me;
And I see you oft in my dreams at night,
And you whisper soft, 'My child, do right.'
In the battle din, in the awful fight,
Your love has been my guiding light;
And it kept me firm on the path you trod,
The path of right that leads to God."

Plymouth Will Hear Great Lecturer

Dr. M. S. Rice Will Give His Popular Lecture, "Rebuilding the World," at the High School Auditorium Next Tuesday Evening.

"Rebuilding the World," is the subject of the popular lecture which the Rev. Merton S. Rice, D. D., will deliver at the High school auditorium next Tuesday evening, May 14, under the auspices of the Ladies Aid Society of the Methodist Episcopal church.
More calls are coming in for this lecture than can be filled and committees are paying \$100 a night to get Dr. Rice. He fills two engagements this week at that price in the state of Iowa. Tonight the same address is given in Roy, Okla. in connection with the dedication of the new \$90,000 Methodist church.
Dr. Rice is in a class by himself and can be compared to no other man on the American platform. Thousands of people are turned away from his church door each Sunday, unable to get in to hear him. Several Plymouth folks have traveled to Detroit to hear him and then been unable to get in. Henry Ward Beecher and Phillips Brooks never attracted so great a following in their palmier days.
Being one of three preachers of America chosen to go to Europe at the entrance of the United States into the war and spending six months in touch with the war situation, Dr. Rice has a thrilling and illuminating patriotic message for the American people, which with his matchless eloquence and power captures every audience to which he speaks. The lecture, "Rebuilding the World," bids fair to attain the popularity of Chaplain McCabe's, "Six Months in Libby Prison," delivered nearly 10,000 times.
The advance sale of tickets opened on Wednesday and seats may be reserved at the Pinckney Pharmacy beginning Saturday noon. Thousands of people have paid \$1.00 to hear Dr. Rice and 50c tickets are the usual order, but the local committee decided to place the price at 25c with a special price of 15c for school students, so that the larger number of Plymouth people might share in the great treat which the bringing of Dr. Rice here affords. The students tickets have been placed on sale at the superintendent's office at the school building.

At the conclusion of the installation ceremonies the Worthy Patron, C. H. Young Lad Had Narrow Escape

Little Foster Kaiser, the twelve-year-old son of Mr. and Mrs. Charles Kaiser, who reside on what is known as the Barber farm on the town line, met with a painful accident last Saturday, while driving a team of horses out of the field. The team was hitched to a roller, and the boy held the lines tied around his waist, when in passing through the gate, the roller caught on the gate post, frightening the horses. They ran to the house and in turning into the yard, the roller hit a stump and the boy was thrown off and was dragged for some distance. In their mad dash the horses ran into the porch of the house and tore it loose.
The lad was badly bruised, especially about the head, and at first it was feared that he was most seriously hurt, but he is now improving and hopes are entertained for his rapid recovery.

E. W. YOST HEADS DRIVE IN COUNTY

COUNTY SCHOOL COMMISSIONER TAKES PART IN PATRIOTIC FUND CAMPAIGN, MAY 20-27.

LARNED IS GENERAL CHAIRMAN

Big Pageant Will Parade Drive—Ambassadors Gerard and Other Noted Speakers Coming.

Eber W. Yost, County School Commissioner, has accepted the chairmanship of the county districts outside of the city of Detroit for the Detroit Patriotic Fund's campaign to raise over \$7,000,000 for war relief...

The campaign organization will be headed by Abner E. Larned, who recently returned from a government mission to France. Mr. Larned has entered into the work with enthusiasm...

"I have enlisted in this drive because I am not in France carrying a gun," said Mr. Larned. "After what I have seen I am willing to put personal interest in the background, for I feel that there is only one task that is really worth while now, and that is to help win this war..."

The coming drive is the real test of Wayne county's patriotism. Our people have shown good business judgment by oversubscribing their quota of the third Liberty loan. I hope it will not be said of us that we are shirkers when it comes to donating our money for patriotic purposes."

Mr. Yost's official designation in the campaign is county supervisor. The other supervisors named by the executive committee are as follows: John W. Dyer, down-town district; Mrs. R. B. Jackson, women's work; Clarence H. Booth, individual givers; Witter J. Peabody, factories; Henry M. Fehmer, shops and small stores; Tracy W. McGregor, churches, clubs etc.

The district chairmen are E. L. Ford, Paul King, W. J. Nagel, G. A. Linde, E. F. Stephenson, Edw. Walker, George L. Bahl, Luman W. Goodenough and Howard A. Coffin.

Harry M. Jewett has accepted the chairmanship of a manufacturers' committee, which will co-ordinate the work in the factories.

Plans are under way for a great parade on Sunday, May 19, as a preliminary feature of the big drive. It is being organized by Edward T. Fitzgerald, secretary to Mayor Marx, whose last notable effort of this nature was the parade in honor of the drafted men last summer. The parade is intended to exemplify the work done by the various organizations represented in the drive. As a pageant it will be well worth while.

James W. Gerard, former ambassador to Germany, will speak in Detroit May 18, on behalf of the patriotic fund. Other notable speakers have been engaged for the week of the drive by Judge Connolly, chairman of the speakers' bureau. It is expected that Lord Reading, British ambassador and former lord chief justice of England, will be here during the week, and Col. Roosevelt will address a patriotic rally on Memorial day, which will probably officially end the drive.

This is the "Fill the Flag" emblem adopted by the publicity committee of the Detroit Patriotic Fund for the big drive for \$7,500,000 the week of May 20. The design, in the national colors, will be utilized in various ways to get the patriotic message of the campaign to the people of Detroit and Wayne county. It will appear in the advertisements, on window cards and stickers of various sizes and on the buttons to be worn by subscribers and collectors. The advertising committee has placed an order for 300,000 of these buttons.

Local News

The Newburg Patriotic society will meet at C. E. Ryder's, Friday, May 17th. Edgar Peck of Dayton, Ohio, visited his mother, Mrs. C. L. Wilcox, and other relatives here, over Sunday.

ceiving a shower of gold in the uproar. Both the emblem and the poster are designed to visualize the spirit of patriotic giving. The emblem has been copyrighted, but the Detroit Patriotic fund will gladly sanction its use for any worthy purpose by other communities. The use of the flag in this connection is considered a decided improvement on the war chest idea adopted by many cities.

SONG CONTEST WON BY DETROIT GIRL

Edith E. Davis Writes Inspiring Melody for "Fill the Flag" Campaign May 20-27.

To Miss Edith Ella Davis, of 251 Warren avenue, east, belongs the honor of having written the official campaign song to be used in the patriotic fund drive the week of May 20. Her contribution, "Fill the Flag," has been selected by the Detroit Patriotic Fund from 75 or 80 sent in from all parts of the county and state, as being the most representative of the spirit of the campaign. The song is being published and will be on sale in a few days.

Miss Davis, who is a piano teacher and a graduate of a local school of music, wrote the score as well as the lyric of the winning song. The air has a swing that is irresistible. It is easily learned and has a haunting quality that causes it to linger in the memory. All Wayne county will be whistling "Fill the Flag" by the time the big drive gets under way. The publicity committee is already making arrangements to have it published. The verses and chorus follow:

"FILL THE FLAG" Our soldier boys are fighting Once more for freedom's sake; A mighty cause—respect for laws! It's time we were awake. But some of us are not quite fit To join them in the fray. So why not try to do your bit— Here is another way:

Chorus: Come on and fill the flag! It's something you can do. Come on and fill the flag! Our own Red, White and Blue. Your gold can't buy back Liberty! Once Liberty has fled; So everybody fill the flag And help right now instead.

Chorus: Come on and fill the flag! Fill every stripe and fold. It's time to fill the flag With shining streams of gold. Just give, give, give. And turn around and give some more. If we can fill Old Glory Then we're bound to win the war.

Our mothers have been praying For sons gone over there. Is the price our boys are paying Worth what you think you can spare? Our sons, sweethearts and brothers, Yes, even fathers, too, Are giving all they have to give, And so they ask of you:

Chorus (repeat). This is not Miss Davis' first effort in the song writing line. One of her songs, "Everybody Loves a Soldier," is now being sung in the Y. M. C. A. and K. of C. huts on the other side, and has been placed in the Y song book for the Sammie. She has many good friends in the service and is trying in various ways to do what she can for them. No prize has been offered for the song, but Miss Davis says she was not looking for money.

"If my song helps to bring in the dollars in the big May drive I shall be quite content," she says. The contest demonstrated very clearly that the "Fill the Flag" slogan adopted for the patriotic fund drive has captured the public's imagination. Long smoldering patriotic fires were fanned into flame and youth and old age vied with each other for the honor of writing the winning verses.

Many of the contestants were mothers of boys at the front, in the concentration camps or serving Uncle Sam on the high seas. Civil war veterans sent in stirring bits of verse as parodies on the war songs that were popular in the days of '64. Many of these will be utilized by the publicity committee in composing a song book for use at the non-day rallies during the campaign.

Use for Thinness. She (noticing individual in front)—Good gracious! Seeing Mr. Meager reminds me I forgot to order the soup bones from the butcher.—Passing Show.

Increase in Muskrats. As an illustration of how rapidly the muskrats increase in some districts, the Bavarian commission which reports on the matter says in Schusselburg in 1911 there were ten muskrats—we don't know who counted them—while in 1915 the number had increased to about 800, and in 1916 to more than 1,000. In some places it is said the energetic muskrats had driven away the water birds, "killing" destroying the eggs and young birds taken possession of the nesting nests and converted them to their own use.—Farm Life.

Mr. and Mrs. Swartz and Wm. Dana and family of Beavering were guests at B. F. Vesely's, last Sunday.

The Saturday Evening Post of April 20th, contained a splendid picture and complimentary write-up of one of our townsmen, Frank Bunko who was the subject of the Post, as well as other well known personalities in Plymouth and vicinity.

The Offender. He who commits injustice is ever more wretched than he who suffers it.—Piero

Man. They say he works like a dog, and dogs don't work; and they say he drinks like a fish, and fish don't drink; and they say he lies like a lawyer, and lawyers don't—Eh? How's that?—Richmond Times-Dispatch.

As Time Passes. Today becomes yesterday so fast that a fellow's predictions become reminiscences before he realizes it.

When Love is Blind. Love is very often blind when a man is hugging a fond delusion.

Mushroom, First Plant. The mushroom in form of a slime fold was the first plant to evolve on earth. The algae plants of the first seas thrust out a fungus on land to draw minerals from the overhanging rocks. On this primitive fungus lichens evolved and the three plants interbred each other, three hundred million years ago and today. Later, true mushrooms evolved, at first with small caps, forming the first food supply for the later arriving living creatures.

Human Strength. The strength of males increases rapidly from twelve to nineteen years, and at a rate similar to that of the weight, and more slowly and regularly up to thirty years, after which it declines at an increasing rate to the age of sixty years. The strength of females increases at a more uniform rate from nine to nineteen years, more slowly to thirty, after which it falls off in a manner similar to that of males. At eleven years females are weaker than males by 22 pounds, at twenty years of age by 36 pounds.

Sell Wood by Pound. Circassian walnut is sold by the pound or the ton and not by the foot. As early as 116 B. C. it was introduced into Italy from Persia. Russia is the chief source of Circassian walnut. The logs are so heavy that they will not float, and are sold from the forest with their bark on. Only the heart of the wood is used, and it is the crooked, irregular logs that possess the best figured wood. Even very old trees rarely have a clear length of more than ten feet.

About Envelopes. It is said that envelopes were invented during the early days of Louis XIV of France. In 1680 M. De Valley placed in a private post and established boxes at the corners of the streets for letters inclosed in envelopes that were sold in offices. Envelopes were used before this period because envelopes so used in France were special post-paid envelopes. But precisely what year is marked by the first invention of envelopes is unknown.

Discovery of Peach Tree. The peach tree is a native of Persia and China. It was brought to Italy by the Romans. The peach was first introduced into this country in 1639 by a Frenchman named DuRoi.

MICHIGAN BREVITIES

Muskegon—The first person arrested on a drunk and disorderly charge in Muskegon since Michigan went dry was a woman, Mrs. Nora Palmer.

Marshall—Teaching of German will be discontinued in Marshall schools next year except for students who need another year's instruction to complete their credits.

Bad Axe—In a damage suit brought by E. D. McIntyre against the township of Grant for personal injury caused by a defective highway, a verdict was given the plaintiff for \$5,000 and costs.

Albion—In response to largely signed petitions of Albion taxpayers the school board dropped the year's study of German in the high school and full credits will be given for the year's work.

Hart—Attorney Leslie Green, formerly prosecuting attorney and now lieutenant in the United States forces overseas, was slightly wounded in one of the recent German drives, according to word received here.

East Lansing—If possible Michigan farmers who have been unable to secure help locally, will be supplied by the federal farm labor bureau, according to A. B. Cook, federal farm labor director, who has established his headquarters here.

Lansing—The state food administration closed the Jamestown Co-operative Elevator Co. for one week for selling wheat without substitutes and for not having a license. Three hundred Ottawa county farmers are members of the firm.

Lansing—After deducting 3,000,000 bushels of wheat used for seed and home consumption, and including 8,000,000 bushels, already marketed, it is estimated that approximately 900,000 bushels of last year's Michigan wheat is still in possession of the growers.

Albion—With classes in German cut 60 per cent, one instructor eliminated and Dr. Dickie, president, stating that the study of the enemy language would be discouraged, the study of German in Albion college, though not officially abandoned, will have hard sledding next year.

Escanaba—More than 150 cases of beer and 25 gallons of whiskey were confiscated in Delta county in the first of a series of raids made on saloon property. The biggest results were at an Austrian boarding house, where 83 cases of beer and 10 gallons of whiskey were confiscated.

Allegan—Mrs. G. L. Hicks, a prominent Allegan woman, died of heart disease or apoplexy during a fire which damaged the third floor and roof of the John Hopkins hospital here. She was not on the floor which burned. All the other patients were quietly removed to places of safety.

Battle Creek—Clarence Everett Brown, listed among the American casualties as dying of pneumonia, is the son of Mr. and Mrs. Frank Brown, of Emmett township, Calhoun county. He entered Camp Custer September 19, and later was sent to Waco to join the National Guard units.

Camp Custer—Maj. Potter of the 34th Infantry has received word that a younger brother who recently went overseas in the aviation service has been killed in action. Although he sailed but a few weeks ago, the young soldier succeeded in bringing down one enemy plane before being killed.

Utica—Adam Leese, 62 years old, farmer, refused to register as an enemy alien. He resisted arrest but was finally brought to jail here. Citizens overpowered the marshal and ducked Leese in the canal until he agreed to register. He served in the German army and told officers he would fight with Germany if he could get there.

Lansing—In an effort to defeat the amendment initiated by the liquor interests, which would legalize the sale of beer and light wines in Michigan, the Michigan Anti-Saloon League proposes to raise a campaign fund of \$150,000. Additional workers will be placed in the upper peninsula, where it is expected the beer and wine amendment may appeal strongly to the foreign element.

Detroit—Harry Griffs, also known as "Sailor Scotty," whose freakish muscular control has puzzled many prominent surgeons and medical men, has been accepted, as a member of the Detroit police force. Griffs, without apparent effort, can increase his height more than six inches and reduce it about three inches. He can extend his reach about one foot; by a series of dislocations of the hip bones reduce the size of his legs, and produce many unusual physical contortions.

Camp Custer—Private Herbert F. Atkins of Detroit, member of the 337th Field Hospital, 515th Sanitary Train, has been sentenced to Ft. Leavenworth for ten years. He was convicted of desertion. Atkins and another soldier were confined to the guard house for being absent without leave when they were discovered. They stole dinner pails and workmen's clothing and were headed for the west when captured at Vicksburg by a deputy sheriff. They were returned and charged with desertion. Atkins stated he was on his way to visit a girl in the west.

Detroit—Allen Harrison, 23 years old, formerly in the employ of the Detroit Works as carpenter, has been sentenced to the reformatory for a year for desertion.

CRISIS IN AUSTRIA FORCES CLOSING OF PARLIAMENT

FOOD SHORTAGES AND RIOTS IN DUAL MONARCHY CAUSE KING TO BAR SESSIONS OF LAW BODY.

AMERICANS PENETRATE FOE'S THIRD LINE IN LORRAINE

Activity On Austro-Italian Front Increases—British Losses in Big Battle 250,000 Men—Foe Held in Check.

Washington—Emperor Charles of Austria has empowered the Austrian premier to adjourn parliament and forthwith take steps to make impossible in this direction having occasionally aroused criticism in Berlin.

A statement published in Vienna indicates that the closure of parliament is due to the seriousness of the food situation.

Austria has been deep in difficulties, both political and economic, for more than a year, and it has been an open secret that Emperor Charles was desirous of bringing about peace, his efforts in this direction having occasionally aroused criticism in Berlin.

In the last few months, there has been insistent reports that the food situation in Austria was growing desperate.

Americans Deliver Attack. With the French Armies in the Field—The German third line in the region of Dogs' Wood, on the Lorraine front, was penetrated by 300 American infantrymen May 3, in the first operation ever conducted exclusively with American artillery.

The attack followed an intense bombardment by the Yankee batteries. "The American gunners displayed perfect mastery of the French artillery methods," declared the French official note, in which the attack was announced.

Activity On Italian Front. London—Vienna dispatches announce greatly increased activity along the Austro-Italian lines, where a renewal of the Teutonic offensive has long been threatened. The Rome official statement does not give a like picture of the front line activities, but records intensive aerial operations.

British Losses 250,000 Men. Washington—British losses in men killed, wounded, captured and missing on the western front since the German offensive began, March 21, are estimated by the British military mis sion here at nearly 250,000.

Foe Onrush Is Checked. London—The present phase of the battle on the Ypres and Amiens fronts is not unlike that before Verdun, two years ago, after the first German rush had been stopped and even attempts to carry local objectives had met with defeat.

Germany has lost heavily, but the emperor still has reserves to throw into the fight. The defeat on the Meuse-Vormesele line southwest of Ypres has taught the Germans that the Allies are prepared to stand their ground, and there seems little inclination at the present moment to renew a conflict which threatens to be disastrous.

Under the German blows the Allied armies seem to be welded together as never before. There now is no point of junction at which the Germans can thrust. The process of welding together the two armies is complete, but it will not stop there. Franco-British divisions will be moved about on a solidly knitted front, at the wish of the Allied high command, as freely as German divisions.

Bohemian Troops Join Italy. London—The Daily Mail's correspondent at Italian headquarters says that the Bohemian troops are joining the Italian troops against Austria and that the first detachments are already on the Italian fighting line wearing Italian uniforms.

The defection of the Bohemians would in a measure explain the delay in the proposed great offensive long heralded, of the Austrians against the Italians.

Germany Captures Sebastopol. Berlin, via London—German forces have occupied Sebastopol, the great British fortress in the Crimea. According to the official communication from headquarters, the town was taken without fighting.

Germany Departs Rusekians. Moscow, Russia—Germany's barbarous treatment of the inhabitants of occupied territories and constant requisitioning of food are provoking great resentment and causing armed clashes. In a village in the Kiev district the inhabitants resisted the Germans for three days with machine guns and rifles. The Germans have also seized able-bodied persons in the streets and in their homes and are sending them to Germany in locked cars. Those trying to escape are shot.

Romanian Captives Fight Austria. Paris—Eighteen thousand soldiers of Romania's army who were captured by the Italians while fighting the Italian campaign, have been sent to the front to go to the aid of the Romanians.

POWDER IN SHOES AS WELL AS GUNS

Foot-Bases to Be Added to Equipment of Hospital Corps at Fort Wayne.

Under the above heading the Detroit Free Press, among other things says: "The theory is that soldiers whose feet are in good condition can walk further and faster than soldiers who have corns and bunions in their feet."

The Flatfoot Camp Manual advises men in training to shake Foot-Bases in their shoes each morning.

One war relief committee reports, of all the things sent out in their Comfort Bags or "Kits," Allen's Foot-Bases received the most praise from the soldiers and men of the navy. This used by American, French and British troops, because it takes the friction from the shoe and freshens the feet. There is no foot comforter equal to Allen's Foot-Bases, the antiseptic, healing powder to be shaken into the shoes and sprinkled in the foot-bath, the standard remedy for over 25 years for hot, tired, aching, perspiring, smarting, swollen, tender feet, corns, bunions, blisters or calluses.

Why not order a dozen or more 25c boxes to-day from your Druggist or Dept. store to mail to your friends in training camps and in the army and navy.

WARNING TO ALL HUSBANDS

Just Now There is Danger in Using Abbreviation of Somewhat Common Pet Names.

A sergeant of police exhibited a slight scratch on his face a few days ago which he said was caused by his wife's patriotism. By way of explanation the sergeant said: "I generally walk into my house and greet my wife with some pet name, one of my favorites being: 'Hello, honey.'"

"Yesterday when I reached home I went in in my customary manner, met my wife in the kitchen and said: 'Hello, hun.'"

"I had no more than spoken," said the sergeant, "when my wife landed on me and said that she would give me to understand that she was not a Hun, so from now on I will be careful to use some other name or else call her honey, and I will be very careful to use the entire word and not try to abbreviate it."—Indianapolis News.

The Mother. The motherly woman who sat down in the car seat was eager for the latest news from the western front. "We are all so anxious," she said, "especially we mothers who have sons in the army."

"Then your boy is in France?" "No, he hasn't gone over yet. They don't know when they will go."

"And you're hot sorry, of course?" She hesitated a moment. "No," she said. "I suppose I couldn't say I'm sorry. But the boys are needed over there. They could do so much good if they were there now. And, you know, when a mother has a boy in the army she doesn't want him to be a tin soldier."

Precautionary Measure. Mrs. Flatbush—Will you tack down that carpet for me, dear, before you go out to play golf?

Mr. Flatbush—No, I guess I'll go and have my game of golf first.

"Why not lay the carpet before you go, dear?" "Because I can smash my thumb after I've had my golf, but if I smash my thumb before playing I'm afraid it would put me off my game, love."

SENTIMENT ALL RIGHT, BUT—

Youngster's Reason for Buying Carnations Knocked All Paths Out of the Incident.

He was a poorly dressed youngster of perhaps fourteen years. His trousers were shabby, and there was only one button on his coat. He was tall enough to push through the crowd of women around the bargain counter where fresh carnations were on sale at two cents each.

Finally a saleswoman saw the grimy hand reaching out, with six moist pennies and a shiny dime in it, and in answer to his "I want eight, please, all colors," he received an assortment of pink, red and white flowers, all showing more or less the effect of rough handling.

A woman who stood near by built up a pretty little story about him. She was certain he was a little newsboy, and that the flowers were for his mother, who probably was ill in a free hospital.

Tenderly the child adjusted the tissue paper around the carnations, and a queer little smile curved his lips. "Are your pretty flowers for your mother, little boy?" asked the sentimental bystander.

"Naw," answered the youth with an impish grin, "they're for my girl."

The best means to oil the machinery of the body, put tone into the liver, kidneys and circulatory system, is to first practice a good house-cleaning. I know of nothing better as a laxative than a vegetable pill made up of May-apple, leaves of aloe and jalap. This is commonly sold by all druggists as Dr. Pierce's Pleasant Pellets, and should be taken at least once a week to clear the twenty-five feet of intestine. You will thus clean the system—expel the poisons and keep well. Now is the time to clean house. Give yourself a spring house cleaning.—Adv.

To drive a tank, handle the gun, and sweep over the enemy trenches, takes strong nerves, good rich blood, a good stomach, liver and kidneys. When the time comes, the man with red blood in his veins "is up and at it." He has iron nerves for hardships—an interest in his work grips him. That's the way you feel when you have taken a blood and nerve tonic, made up of Blood Root, Golden Seal root, Stone root, Cherry bark, and rolled into a sugar-coated tablet and sold in sixty-cent vials by almost all druggists for past fifty years as Dr. Pierce's Golden Medical Discovery. This tonic, in liquid or tablet form, is just what you need this spring to give you vim, vigor and vitality. At the far end of a hard winter, no wonder you feel "run-down," blue, out of sorts. Try this "Medical Discovery" of Dr. Pierce's. Don't wait! To-day is the day to begin! A little "pep," and you laugh and live.

ARMY BARRACKS FOR NURSERIES

One of Them Houses More Than 800 Children Under Ten.

Within sound of the deep throated guns of the French firing line, guns that are ceaselessly telling the Germans "thou shalt not pass," live hundreds of happy, healthy children.

At the beginning of the war the buildings in which these kiddies now live and play and study were barracks for French boys training to be soldiers.

Some are babies of a few days old, and the oldest is not over ten years. Most of these children are orphans.

And these little folks are receiving the best intelligent care of their lives. Skilled American doctors are in charge of the kitchens, and experienced teachers are instructing these old enough to attend the barrack-school.

France laid upon us a sacred service in this care of its children. And how noble has been the response of our American Red Cross!

Out of No Man's Land

By HARRY IRVING GREENE

Father: This wonderful letter that I am writing you—a miracle letter. I was hurt, badly, but I am going to get well. It happened like this—you know I am not allowed to name place or date.

No Man's Land! We were raiding it by night, three of us—scouting, prowling. It was as dark as the dungeons of inferno, but often they sent up signal shells—roseate, bursting things that bathed all that evil land in a blood-red light.

We reached the German entanglements and began cutting them with our oilied clipper. We were careful, very careful, but we were not careful enough. They heard us. Over came two bombs.

The three of us went down in a row. Jack and Tom never knew what hit them. I was hurt too badly to be able to get up.

I lay there—all night—groaning—calling for help. Twenty feet away I could hear the boches in their trench laughing at me, cursing me.

Morning! My last. I could endure it no more. I was dying—bleeding. I said my last prayer.

Since the dawn of time I do not believe the world has seen a more glorious thing. From the hill tops our artillery laid down a box barrage fire and under it, heads raised like emperors and shoulders squared, came six men, stretcher bearers.

And when I awoke in the hospital after the operation, deathly sick but back from the nightmare-land and with the sunlight upon me, when he you think I saw bending over me, the red cross upon her sleeve, babbling, laughing, crying, kissing me?

JANE! And I had never known that she had come over! Had never got her letter. And we are here together and I am going to get well. An hour ago she held out her hand, and upon one finger was still the little ring I gave her before I left.
