Were You Ever "Fooled" by a Talking Machine?

If you ever heard a talking machine without seeing it, did you, even momentarily, imagine that someone was singing or playing?

Probably there are few so unmusical as to be unable to detect the talking machine tone the very instant it is heard. There is one instrument, however, from which the talking machine tone is absent, an instrument which creates all forms of music in a way that actually deceives the most highly trained ear. It is Thomas A. Edison's new invention, the

ARE PROTESTANT DENOMINATIONS TO FEDERATE AFTER THE WAR?

In Canada, Protestant denominations are rapidly moving toward organic union. The movement is gaining ground in this country. It is the frequent theme of religious periodicals and at church conventions. American Protestants have much at stake in the correct understanding and sensible settlement of their social, sentimental and religious differences. The Y. M. C. A., a full grown child of the church, shows the possible achievement of united Protestantism. The Government is now proposing general chaplains with no denominational connections. The Anti-saloon League, W. C. T. U., Red Cross, and every eminently successful reforming agency has been primarily a union of the forces of christianity. It is not therefore surprising that the question is here: "Since all the most successful modern enterprises are united movements, why need we undertake anything further separately?" It is said that the people of America are ready for union, but preachers, bishops and ecclesiastics are trying to head it off. This theme will be part of the sermon Sunday evening at the

Plymouth Citizens Have Organized to Make Big Drive for Patriotic Fund, May 20th to 27th

Big Patriotic Meeting Planned to Be Held In High School Auditorium, Saturday Evening

A meeting of citizens was held at the High school auditorium, Wednesday evening, for the purpose of taking action for the organization of a committee to raise Plymouth's quota of the \$7,000,000 needed for the Detroit and Wayne County Patriotic Fund, necessary for war activities. The campaign opens Monday, May 20th, and lasts one week. Edward Gayde called the meeting to order and explained the purpose for which it was called. After some preliminary talk, it was decided to form a permanent organization to carry out the work as outlined by the Detroit committee, and the following officers were chosen:

Chairman—William R. Shaw
Vice Chairman—Edward Gayde
Secretary—L. B. Samsen
Treasurer—R. R. Parrott

Chairman Shaw appointed the following committee to district the territory and appoint team captains for the several soliciting committees: J. W. Henderson, Coello Hamilton, Mrs. W. Henderson, Mrs. R. E. Cooper, Mrs. C. H. Bennett.

The chairman appointed the following publicity committee: C. H. Bennett, Rev. Karl P. Miller, F. D. Schrader.

It was the consensus of the meeting that a big patriotic rally be held in the High school auditorium on Saturday evening, May 18, at 8:00 o'clock, when good speakers will be present to fully explain the purposes of the Patriotic Fund campaign. At the time we go to press we are unable to say definitely whether the meeting will be held on Saturday or the following Monday evening, but in all probability it will take place tomorrow, Saturday, evening. The committee has secured the famous Liberty Band of one hundred musicians for one or the other of these dates. The band will be here early and give a concert worth going miles to hear.

Bills announcing the rally will be distributed Saturday morning, so that the people of the village and the farmers coming to town on that day will be informed of the definite date. The Detroit and Wayne County Patriotic Fund is set at \$7,000,000. The money is to be used for war relief and community welfare work, and will be raised by voluntary subscriptions of citizens.

Plymouth township's quota is approximately \$17,000. This is the greatest work of this kind ever undertaken in Detroit or in the county. Every township is to raise its quota, and it will not be surprising if Plymouth township is one of the first to go over the top. Last year this money was raised by a succession of "drives," fairs, bazaars, etc. People were solicited until they were tired of it, and so were the solicitors. Besides, many were overlooked, and much energy was wasted in duplicate efforts. So the business men and other patriotic citizens of Plymouth township, who have served in this work during the past year, are glad of this plan to centralize the money-raising efforts in a single drive, which will take place once a year until the war ends. The Patriotic Fund plan permits monthly payments. The subscriber signs a card given him by the solicitor. This card is kept on file in the Patriotic Fund headquarters in Plymouth and payments are entered upon it. This card protects the subscriber from further solicitation for a year, except in the event of a great national emergency, unforeseen. The fund is non-sectarian. All creeds meet on common ground in being solicited, and sharing the benefits of the fund raised. The "War Bonds" will be divided as follows: Red Cross, \$3,000,000; Young Men's Christian Association, \$1,500,000; Knights of Columbus, \$500,000; Jewish War Relief committee, \$325,000; Armenian and Syrian Relief, \$200,000; Young Women's Christian Association, \$150,000; War Camp Community Recreation, \$112,200; Salvation Army, \$85,000; Jewish Camp work, \$25,000. Wayne county and Detroit local war work, a complete list of which is given in a pamphlet issued by the Fund, \$107,000. To 42 local Detroit charity agencies, well known and approved, and described in the pamphlet referred to, a total of \$661,400.

It is the belief of the directors, who have given this plan careful thought, that once it is tried it will not be abandoned. Oakland county and many American communities have tried it during the past year, and it is declared to be a saving of time, energy and money. It is merely putting Plymouth township's giving on a business basis, avoiding the the assurance of multiplied drives and the uncertainties of strange, unapproved appeals.

Plymouth Band Will Give Concert at Newburg

The Plymouth band will give one of their popular concerts at the Newburg hall on Thursday evening, May 23, under the auspices of the Ladies' Aid society and choir of the Newburg church. Don't miss this musical treat.

Large Crowd Hear Dr. M. S. Rice

One of the largest crowds that has ever greeted a lecturer in Plymouth was that which filled the High school auditorium, Tuesday evening, to hear Dr. M. S. Rice of Detroit give his lecture, "Rebuilding the World," under the auspices of the Ladies' Aid society of the Methodist church. The speaker of the evening was introduced by Rev. Frank M. Field, pastor of the Methodist Episcopal church in a few happy words. Dr. Rice's subject, "Rebuilding the World," is one that appeals strongly to the American people at this time, bringing as it does a message intensely interesting and patriotic. The speaker told many personal incidents that came under his observation while spending six months in touch with the war situation across the sea. These stories were told, as only Dr. Rice can tell them, and he held his large audience spell-bound with his eloquence and power. The speaker told of the great strides American genius had made since war had been declared, and the great and important part America will have in rebuilding the world, when the war is over. It was a splendid lecture and it is hoped that Dr. Rice can be secured to again visit Plymouth and give us another lecture along the same lines in the near future.

Bee-keepers Meet

The bee keepers of Wayne county will have a field meeting at the home of Mr. and Mrs. Arthur Sharrow, one mile west of Plymouth, Wednesday, May 22, 1918, at two o'clock. Prof. Baldwin, Extension Specialist; E. F. Kindig, State Entomologist; D. P. Barrett and E. Ewell of the M. A. C. and O. I. Geary, County Agent, will be present. Arrangements will be made for a picnic. All interested in bees will be welcome. Be sure and bring your bee veil.

Barns Burned

During the severe storm, last week Thursday night, a barn on the farm of William B. Travis & Son in Canton township, was struck by lightning and that and three others standing near were burned to the ground. Two horses belonging to the Truesdell estate were burned to death, and a quantity of grain, about twenty tons of hay, and a large amount of straw belonging to Mr. Travis was destroyed. His loss is partially covered by insurance.

Proper Food for Weak Stomachs
The proper food for one man may be all wrong for another. Everyone should adopt a diet suited to his age and occupation. Those who have weak stomachs need to be especially careful and should eat slowly and masticate their food thoroughly. It is also important that they keep their bowels regular. When they become constipated or when they feel the effects of indigestion, they should take Chamberlain's Tablets to strengthen the stomach and move the bowels. They are easy to take and pleasant in effect.—Advt.

Sixteen Men Left Last Saturday for Ohio Army Camp

Another contingent of selected men from District No. 4 has gone forth to fight for liberty and democracy. Sixteen men made up the quota that left Plymouth on the 12:12 Pere Marquette train last Saturday afternoon for Columbus Barracks, Columbus, Ohio. The men came from nearly every township in the district, and with them came fathers, mothers, wives, sisters, brothers and sweethearts, to bid them farewell and god-speed. The men reported at the office of the Local Board in the new Penniman-Allen auditorium at 9:00 in the morning for final instructions.
A little after 11:30 o'clock, the command to "fall in," was given and a procession composed of the band, selected men and Dr. R. E. Cooper, chairman of the Local Board, and Plymouth's troop of Boy Scouts in their new uniforms, took up the line of march to the station, where a large number of relatives and friends had gathered and awaited the arrival of the procession. During the interval of the coming of the train, Rev. Karl P. Miller, pastor of the Presbyterian church made a short talk to the boys, that fired the patriotic impulses of all who heard him, and the speaker was roundly cheered at the conclusion of his remarks. Each one of the recruits was given a nice box of lunch provided by the patriotic ladies of the village. The band played several selections, and with the arrival of the train, the last good-byes were said and the boys boarded the train, and as it pulled slowly out of the station, the band played the Star Spangled Banner and the crowd cheered.

Plymouth to Have Steel Flag Staff

Plymouth is to have a seventy-five foot steel flag staff to be placed at some suitable place along Kellogg Park, fronting on Main street. A subscription paper to raise the necessary funds to defray the cost of the staff is being circulated by Coello Hamilton, chairman of the Liberty Loan Committee and other patriotic citizens have responded to the staff will cost \$150, and when it arrives and is placed in position, Old Glory and our Liberty Loan Honor flag will float from its top. It is very likely that appropriate exercises will be held at the dedication. Plymouth has long needed a permanent flag staff, where the flag can be unfurled to the breezes when occasion demands.

Methodist Mention

The patriotic pageant, "Keep the Home Fires Burning," presented at the Methodist church, last Sunday evening, drew a splendid crowd in spite of the rain, the church being well filled. The most attractive feature was the tableau sketch, "Keep the Home Fires Burning." The lights all out, a group of young people gathered about a campfire's ruddy glow on the platform, talking of the different members of the Epworth League. Another attractive feature was the tableau sketch, "Keep the Home Fires Burning." Responses came from a hidden chorus of young men, representing the boys over there. The pastor of the Epworth League service flag, with seven stars, representing Leslie Hudd, Harold Joffe, Alton Richwine, Howard Burden, John Grove, Earl Lauffer and Cordie Nelson, who are members of the League. Nellie Huger sang the Epworth League service flag song.
The fourth quarterly conference, which will be held on Friday evening of this week is the annual business meeting of the church to which the entire congregation is invited. In order that it may be also a social gathering, one of those popular seven-articles suppers has been planned, at six o'clock and the conference will be held around the table after supper. Dr. E. Foster Fitchett, editor of the Michigan Christian Advocate, and acting superintendent of the Detroit East District, will be present to conduct the conference and address the gathering. Reports from all branches of the church will be given.
Under the leadership of Bishop Theodore S. Henderson of the National War Work Council of the Methodist Episcopal church, that great christian body is being mobilized for war work service, reaching down to the last and smallest church in the land.
The plans being carried out designate this week as the time for a great patriotic rally, culminating with next Sunday, when every Methodist pulpit will ring out loud and clear on the part of the churches in helping to win the war.
District war teams have been appointed and a local war work committee in every church. The official board of the local church has appointed as the War Work committee in the local church, to be continued as long as the war lasts: Evers V. Joffe, R. R. Parrott and William Sutherland. Through this committee plans of co-operation with all other patriotic agencies will be made.
One million dollars for Methodist's war work is being raised this week, the quota assigned to the Plymouth church being \$130. One-half of this amount will go to the equipping of chaplains and the christian work in the war zones and the other half million dollars for the care of French and Belgian orphans and the care of wounded soldiers in Italy, Mesopotamia tasks which have been laid peculiarly upon the Methodist church because of its relation to these two countries.
In carrying out the local program, two rally services will be held in the church, next Sunday morning and evening. In the evening the pastor will give a Methodist Mobilizing to Win the War and in the evening a "Made in Germany" orphans.

TO PATRIOTIC AMERICANS IN DETROIT AND WAYNE COUNTY

That relative or friend of yours—strong, healthy and hearty—who marched away to war just the other day—
Have you thought about what he has given up to fight YOUR battles for you—that YOU and YOUR loved ones might be spared the awful fate of the Belgian people?
He has sacrificed his job, his personal comfort—everything, that makes life worth living at home—and he has done it willingly, gladly.
The numerous "drives" in the past have been somewhat confusing, and while thousands of people have contributed, many have not done so—some because they were not asked directly to do so, others because the many appeals made it impossible for them to arrange their payments conveniently. The result was that the burden of giving fell upon comparatively a few.
The Detroit Patriotic Fund has been formed so that all funds for all war service and local charity are subscribed at one time for the period of one year—June 1st, 1918, to June 1st, 1919—and payments can be made to these organizations through the Patriotic Fund in monthly installments, if desired.

EVERYBODY MUST DO HIS BEST TO WIN THE WAR
How are you helping HIM and the millions of other men that are doing the same that he is doing?

Perhaps you have bought Liberty Bonds—perhaps you bought them so heavily that it's a hard job to keep up the payments. If you have, you are doing a splendid thing, but after all you are not SACRIFICING anything—you are simply making a good investment.

If you gave ALL you earned, you wouldn't be giving as much as that friend or relative who marched away the other day. Then, are you willing to give a very small part of what you earn to make things easier for him while he is fighting YOUR battles?

In the past twelve months you gave something to the Red Cross or the Y. M. C. A. or the Knights of Columbus, or the Jewish War Fund or the Salvation Army or to the other organizations doing war relief work. And perhaps you have given something to charity work in Detroit.

Was the total amount you gave as much as you COULD have given? Was it as much as you SHOULD have given, compared with what our boys "over there" are giving?

EVERY LOYAL AMERICAN WILL SUPPORT THE DETROIT PATRIOTIC FUND
It is the patriotic duty of every American to bear part of the actual burden of war—and every patriotic American is willing to do his part.

This is a wise provision and places mutual companies on a sound financial basis. In every Company all should pay their just proportion and this provision distributes the burden so the few responsible men will not have to take care of more than their share.

Delivery of Locomotives Ordered by Government Starts in July—Germany Limits Spending Money of American Prisoners and Interned Civilians. (From Committee on Public Information: Washington)—Many members of the United States army and navy are being commended for bravery in action or in emergencies. A typical case is that of John Mackenzie, chief boatswain's mate, of the naval reserve force, described in a navy department statement.

The case is unique in that it has to do with one of the latest engines of war. As is well known, United States destroyers and other submarine fighters carry depth charges containing a large amount of high explosives which are dropped in the path of enemy submarines and explode under water. These have proved effective weapons in the destruction of U-boats, and they are safe enough when the safety pins are affixed; but when they get beyond control and the safety pin comes out they are a source of serious danger to the vessels carrying them. It will be recalled that the men on the U. S. S. Manley who lost their lives in the collision of that destroyer with a British vessel were killed by the explosion of one of these bombs.

AN ATTACK OF GRIP USUALLY LEAVES KIDNEYS IN WEAKENED CONDITION Doctors in all parts of the country have been kept busy with the epidemic of grip which has visited so many homes. The symptoms of grip this year are often very distressing and leave the system in a run-down condition, particularly the kidneys which seem to suffer most, as almost every victim complains of lame back and urinary troubles which should not be neglected, as these danger signals often lead to dangerous kidney troubles.

Nearly 2,000 types and sizes of farm implements which have been gradually developed by manufacturers during peace-time competition have been recommended for elimination during the war by committees of the National Implement and Vehicle association. An additional credit of \$3,250,000 has been extended to Belgium by the United States, making a total of \$197,850,000 loaned to that country, and credits to all the allies \$3,288,850,000.

The national forests this year will be open to 500,000 more sheep and nearly 250,000 more cattle than in 1917. This will bring the total of stock grazed under permit to about 9,000,000 sheep, 2,500,000 head of cattle, and 51,000 swine. This increase is in addition to the 200,000 sheep and 100,000 cattle made last year.

Presbyterian Notes

The one hundred and thirtieth General Assembly of the Presbyterian church convened Thursday at Columbus, Ohio, for a ten-day session. Dr. J. Wilbur Chapman, noted evangelist, is the retiring moderator. In addition to the six delegates from Detroit Presbytery, a large number of ministers and laymen are attending the assembly as visitors, since Columbus is so near. The meeting last year was in Dallas, Texas. Mrs. Calvin Whipple's class of boys enjoyed their monthly meeting and pot-luck supper at the church house, Monday evening.

The Junior Christian Endeavorers, in charge of Miss Gardner, had a delightful evening at the church, last Saturday. Many games were played and with the assistance of several of the intermediates, Miss Gardner served substantial refreshments for the youngsters. The Women's Missionary Society was held at the mass, Wednesday afternoon. Mrs. J. R. Rauch read a most illuminating paper on the Immigrant. Mrs. W. J. Burrows read a paper on the foreign topic, "Latin-America." Instead of serving refreshments, the hostess paid into the missionary treasury the price of that part of the program, this custom being practiced by many societies during the war.

A conference of Presbyterian Sunday-school officers and workers was held Thursday evening, at the call of the superintendent, to complete plans for the Children's Day exercises, to be held the first Sabbath in June. Supplies have been received, and parents are asked to co-operate with the Sunday-school in making Children's Day, this year, a bright and glorious day.

Church members who have copies of the old hymnal, formerly in use, are asked to bring them to the church, as they are to be resold to the publication company. Fifteen members have ordered their individual copies of the new Revised Hymnal recently placed in the church. Hildred Baehr and Helen Hancheff are desiring a copy should not delay notifying Mr. Green or the pastor. Beginning Sabbath morning the pastor, on request, will give a series of talks to Mrs. J. R. Rauch's Bible class, on book of Revelation. An introduction and outline will be given Sunday morning. The subject of "Education" at Senior Christian Endeavor, Sunday evening at 6:30, in charge of Mr. Reeves, will be of special interest to young people ambitious to go to college. The time has come for true Americans to realize that thousands of college students have gone to war, and their places must be filled. Visitors welcome Sunday evening. Quarterly communion services at the Presbyterian church, Sunday morning, June 2.

We hope everybody will join. Mrs. F. C. Wheeler is chairman and Mrs. Gilbert Thompson, vice chairman, of the Branch.

Gave Pastor Farewell Party

Members and friends of the Baptist church met Tuesday evening at the home of Mr. and Mrs. George Wilkie to give Rev. and Mrs. A. L. Bell a farewell party. W. C. T. U.

The meeting of the Woman's Christian Temperance Union held Thursday, May 9th, at the home of Mrs. Louis Hillmer, was well attended and all report a fine time. Delegates were chosen for the state convention, which occurs at Jackson, June 4-7: Mrs. Howard Brown and Mrs. Sarah Bartlett, delegates; Mrs. C. F. Smith and Mrs. S. M. Reed, alternates. After the business meeting some short temperance clippings were read, and Baker's orchestra gave several selections, which were greatly enjoyed. Rev. F. M. Field was present and gave a stirring temperance address. He stated that 90 per cent of Michigan's brewers and 85 per cent of its saloon keepers were Germans or Austrians, which fact is enough to show that it is not alone on the field of battle that the German and Austrians can injure the cause of our government. He looked forward to a hard struggle, but foresees ultimate victory. In conclusion a dainty tea was served and a social hour enjoyed by all. The next meeting occurs May 23, at the home of Mrs. Oliver Loomis. "Mother's Day"—The present. Led by Mrs. C. F. Smith and Mrs. S. M. Bennett. It is hoped that as many as possible will be present at this meeting.

An Interesting Demonstration

A very interesting and instructive meeting was held in the Domestic Science room at the High school, Tuesday afternoon, when Dr. Mary Anderson of our government extension specialist in home economics, assisted by Miss Edna D. Smith of the M. A. C. extension department, and Miss Bessie L. Rogers, emergency home demonstration agent, gave a lecture and demonstration on cottage cheese. The U. S. food administration is encouraging the use as well as the production of cottage cheese, which experiments of the department have shown its equal in food value to meat. Cottage cheese can be made from separated milk or buttermilk, now largely wasted or fed to animals, and its extended use is expected to save a large amount of meat, which can be used by the army and allies of America. The various ways in which Dr. Anderson used the product in the demonstration proved to all the ladies in attendance that it is a food of decided value.

A Fine Entertainment

The entertainment given at the High school auditorium, last Friday evening, was largely attended. Every number on the program was rendered in a most pleasing manner, and the boys and girls taking part are entitled to much credit for their efforts. One of the features of the evening's entertainment was the drill by a troop of Plymouth Boy Scouts, under the command of Senior Patrol Leader Cass Hough. The boys make a fine appearance in their new uniforms and executed the military evolutions exceptionally well. About thirty-eight dollars was realized from the entertainment, which will go toward the new Edison victrola, which was recently installed in the school.

Death of H. A. Potts

Former Resident of South Lyon Died Sunday May 5; Buried at Milford.

Henry A. Potts was born in Milford, Mich., May 27, 1853, and passed away at his home in Plymouth, May 5, 1918, nearly 65 years of age.

His father, the late Robert Potts, was brought to the United States by his parents in 1833. They came directly to Milford. His mother, Betsey Bourne, was also brought to the United States by her parents in the year 1830.

The Potts and Bourne families took up land from the government at that time, 85 years ago, when the Indians were their nearest neighbors.

The boyhood days of Mr. Potts' life were spent in school and on the farm. He was educated in the district school and Milford High school. At the age of eighteen he entered as an apprentice in the harness trade, under the instructions of Manypenny & Crippen of Milford.

He soon purchased the interest of Mr. Crippen and formed a partnership with Mr. Manypenny, and after one more year bought out his partner and began business alone.

For fifteen years H. A. Potts was known as Milford's harness dealer, and enjoyed the confidence and patronage of a large acquaintance.

In July, 1874, Mr. Potts was united in marriage to Miss Esther Rebekah Bridgman of Milford, who was born in Lyon township, and a daughter of Truman T. and Sara B. Town Bridgman. No children were born to them, but their married life was exceptionally happy and devoted.

In the spring of 1888 he moved to South Lyon and continued in business there for the most of the time up to 1916, when they moved to Plymouth. On April 19, 1891, Mr. Potts united on confession of faith with the Presbyterian church of South Lyon, under the ministry of Rev. J. D. Spriggs.

Mrs. Potts had been a member of the church for a number of years. They have continued in loyal and constant relationship there for these twenty-seven years. Mr. Potts was a man highly esteemed by all who knew him.

Besides his wife, he leaves one sister, Mrs. John Gamble, of Milford; four brothers, M. B. and G. S. Potts of Highland, J. R. of Birmingham, and E. W. Potts of Detroit; and a host of friends to mourn his departure.

Next Monday morning an army of nearly 5,000 volunteer workers, men and women who are giving their time as a patriotic duty, will begin their canvass. Each solicitor will be provided with an official badge and button, and no subscription should be made or money paid to unauthorized persons.

The Patriotic Fund plan enables contributors who cannot afford to give in a lump sum what they feel is their just share of the burden to spread the amount over the period of a year in monthly payments.

The directors of the fund have worked out a schedule of giving as a guide to the public, which, if maintained, will yield the amount required. This schedule ranges from \$12 per annum, or \$1 per month, for the man earning \$20 per week or less, to 15 per cent of income in excess of \$300,000 per year.

When the subscriber signs the card becomes a pledge. It is kept on file in the offices of the Patriotic Fund, 100 Griswold street, and payments are entered upon it as made. This card protects the giver from further solicitation for these purposes for a year, except in the event of a great national emergency requiring a large amount of money quickly.

A subscriber may designate, if he desires, the particular fund or funds to which he wishes his contribution to go, and may divide his gift among two or more funds in any way he sees fit. Otherwise his money goes into the general fund and is distributed to the various organizations in accordance with their respective needs.

The Detroit Patriotic Fund is non-sectarian. All credits meet here on common ground, and all share in the benefits of the finances raised.

For the campaigners the drive really begins Friday evening, May 17, with a big rally for all the workers in the Detroit Board of Commerce auditorium. On Saturday James W. Gerard, former ambassador to Germany, comes for a number of talks. He will speak in Cadillac Square, at noon, and will address a night mass meeting in the Detroit Arena, where accommodations have been provided for 10,000 persons.

On Sunday the greatest parade in the history of the county will be staged in Detroit, starting promptly at 3 p. m. There will be 10 large divisions, including a series of floats typifying various forms of service.

It is estimated that there will be at least 20,000 people in line. The Red Cross division, made up of workers from all parts of the county, will be one of the most striking features of the parade. About 700 of these workers will carry living Red Crosses.

It is expected that the Great Lakes Naval Station band, 300 strong, in command of Lieutenant John Phillip Spang, will be here for the parade which will be a spectacle worth going many miles to see.
