"Behind the British Soldiers Thinking Stands Christ"

So writes Chaplain Tiplady in "The Cross at the Front," one of the most vivid books of the war. "Talk of Christ lightly," continues the author, "and the soldiers distrust you and say to one another, 'I hope he isn't a humbug.' But speak Christ's name quietly and sincerely, and there falls a hush over the mess-room or billet. There is no other name that has such instant and extraordinary power over a group of soldiers. Christ's name is not often mentioned, and rarely taken in vain. When the soldiers march into the trenches to die for others, they faintly feel that they are following Christ. But they do not speak of it; they are too humble to compare their self-sacrifice with His. I believe a man would have a bad time out here if he dared to say anything against Christ."—PP. 74-75.

This is the same Christ who founded His church upon open confession of Him; and who commands you, Plymouth citizen, to follow Him.—Luke 12:8 and Matt. 16:24.

Plymouth Paid Tribute to Its War Heroes

Living and the Dead Honored in Memorial Day Program.

Parade Was One of the Features of the Day.

Address by Rev. F. M. Field, Concert by the Band and Exercises by the School Children Made an Interesting Program at High School Auditorium.

In spite of the threatening weather last week Thursday, Memorial Day, was fittingly observed in Plymouth. One of the pleasing features of the day was the parade which formed on Main street at 1:30 o'clock and marched to the High School auditorium, where the exercises of the afternoon were held. The parade was headed by the Millard band, and in the line of march were the Red Cross, G. A. R. and Boy Scouts.

Arriving at 1:30 o'clock the band gave a splendid concert for over a half hour that was thoroughly enjoyed by the large crowd that filled every seat. Prof. C. F. Reebbs presided as chairman of the day. After the singing of America by the audience, the invocation was given by Rev. Karl P. Miller. A song, "Cooking Man," "Ginger Bread Man" by the Third grade was very nicely rendered by the little folks. Rev. Miller then read President Wilson's Memorial Day Proclamation. Miss Vera Willett gave the Lincoln's Gettysburg Address most effectively. A song and drill, "Who'll be a Soldier Boy," was heartily applauded by the audience. A recitation, "Name of Old Glory," by Alta Hamill, was so well rendered that the little Miss was obliged to respond to an encore. A drill, "Pledge to the Flag," was nicely executed by the Fourth and Fifth grades. Twelve members of the Boy Scouts, under the command of Senior Scout Cass Hough, gave a military drill that would have done credit to an experienced military company. Chairman Reebbs then introduced the speaker of the afternoon, Rev. Frank M. Field, of the Methodist Episcopal church.

Rev. Field, after paying a glowing tribute to the boys of '61 to '65, and to the boys of today, who are gloriously upholding the same principles which the veterans of fifty years ago so valiantly fought for, confined his talk to the subject of his address, "The Kaiser's God." The speaker held the closest attention of his hearers to the end, and at the conclusion of his address was given a hearty round of applause for his efforts. It was one of the very best Memorial Day addresses ever given in Plymouth. The exercises closed with the singing of the Star Spangled Banner.

At 2:30 P. M. G. A. R. in autos and the Boy Scouts and many citizens went to Riverside cemetery following the exercises, where Eddy Post conducted the ritualistic service of the G. A. R. for their departed comrades, after which the graves of the soldiers dead were decorated with flags by the Boy Scouts.

Chautauqua July 28-August 2

An official communication from the management of the Lincoln Chautauqua, received by the local committee this week, assigns the probable dates of the Plymouth Chautauqua as July 28 to August 2, inclusive. While this word is not final and the date may yet be changed slightly, this is a much better date than we had last year, and the local committee are much pleased with it.

According to the special feature of the Lincoln Chautauqua this year, the Junior Supervisor will be on the ground a week before the Chautauqua begins, directing the young people in their play and coaching them for a mammoth patriotic spectacle play, "Columbia's Awakening," which will be given the first evening of the Chautauqua program. This is said to be a most popular feature and indicative of the patriotic character of the entire week of entertainment. The Chautauqua platform speakers have been in Washington, receiving information and instructions from the U. S. Bureau of Information, and are sent out this season as authorized agents of the government between the government and the people.

The Chautauqua has the hearty endorsement of President Wilson, Secretary of War Baker, Henry P. Davison of the Red Cross, Secretary of the Treasury, W. G. McAdoo, and all the departmental heads, all agreeing that this year of all years the Chautauqua is needed in every progressive community. One town that got cold feet and wanted to give up their Chautauqua this year was ordered by one of the U. S. government departments to go ahead with it.

Plymouth, the big little town that always goes "over the top," will not fall down on the sale of the 550 season tickets necessary to finance our Chautauqua week. The fact that 175 tickets are already signed up for at \$2 each and the names of fifty leading citizens are on the contract promises success. F. D. Schrader, Rev. F. M. Field, Supt. C. F. Reebbs and Karl Hillmer are the officers of the local organization.

Mrs. Sarah A. Roe Passes Away

Mrs. Sarah A. Roe, a well known and highly esteemed lady of this village, passed away at her home on Starkweather avenue, last Friday morning. Although Mrs. Roe had been in poor health for some time, she was up and around as usual the day previous to her death, and her sudden passing was a great shock to her relatives and friends. The deceased had spent her entire life in and near Plymouth, and was greatly beloved by a large circle of friends and acquaintances. The funeral was held from her late home, Sunday afternoon at three o'clock, Rev. F. M. Field officiating. Interment took place in Riverside cemetery.

Sarah A. Yates was born near Plymouth, October 29, 1849. She was the daughter of Alonzo and Hannah Yates. On March 28, 1878, she was married to Willard Roe, who passed away June 7, 1915. She was a member of the Plymouth Methodist Episcopal church, and a very active member of the Ladies' Aid Society. When her health permitted she was active in the W. C. T. U., of which organization she was a faithful member for many years. She is survived by Emma M. Brown and Herbert E. Roe, children; also by the following brothers and sisters: Mary A. Helder, Louisa Austin, Ruth Wilkinson, Grace Cray, Albert and Isaac Gonsulski, and several nieces and nephews.

Paint More—Scrub Less

Avoid the hard work and backaches caused by scrubbing floors. New wood floors absorb grease and dirt. No amount of scrubbing will keep them absolutely clean. Paint protects floors, does not absorb dirt; no trouble to clean and is absolutely sanitary and pleasing in appearance.

NEW QUALITY FLOOR PAINT

It costs your household more. It is inexpensive, a quart is enough for one coat on the average sized floor and you can apply it with a brush.

It is a new quality. It is made from the best materials and is absolutely sanitary and pleasing in appearance.

A Narrow Escape

An automobile driven by A. J. Lapham of north village, was struck by the 11:30 a. m. passenger train from Detroit, last Monday, at the Mill street crossing of the Pere Marquette. Mr. Lapham was thrown from his seat in the car onto the pilot of the engine, and was carried to the depot before the train could be brought to a stop. Mr. Lapham was taken from the pilot still conscious, but in a dazed condition, and taken to his home. He sustained a severe bruise on the head and his back is severely injured, but no bones were broken. At this writing he is getting alone as well as could be expected, considering his advanced age, and his many friends are hoping for his speedy recovery. How Mr. Lapham escaped instant death or more serious injuries is indeed a miracle.

To the Citizens of Plymouth

Friday, June 28th, 1918, is officially designated War Savings Day by the National Government and the governor of this state.

All loyal citizens of this community will accordingly on or before this day, pledge themselves to save and economize to help win the war and will further pledge themselves to invest their savings in War Savings Stamps in the largest amount possible as evidence of their loyalty to the National Government.

The people of this community will give every assistance in their power to the local representatives of the United States Treasury who are conducting the War Savings campaign.

All who are able should pledge themselves to save and invest to the limit allowed by law.

(Signed) W. T. Conner, President.

Mr. Vandervoort is a former Plymouth boy, and his friends here are pleased to hear of his appointment.
The new band is standing by Plymouth and Plymouth should and is standing by the band. The boys had promised to play for the Decoration Day services and did so without asking or receiving more than cordial thanks. Yet, for two hours of music in the forenoon of that day at Belleville, they received fifty dollars. And further, an offer of \$150 by Detroit for the services the same day was turned down. The latter sum would have been acceptable to the band boys just at the present time, as their treasury is empty. Therefore, we say, stand by the band, and give the boys a generous "lift" whenever it is possible. They are now splendidly organized and undoubtedly will prove a good advertisement for the town. They will give a concert in Kellogg Park, Saturday evening.

Cultivator Time!

Starting the crop right is the all important problem in crop raising. It is much easier to keep the grass and weeds down than it is to root them out after they get a start, and it certainly is much better for the crop.
We sell the following reliable two-horse Cultivators:

International, Iron Age and Emerson.

We also have the Iron Age Walking Cultivator.

Buy Thrift Stamps Now

How Many Will You Buy?

Have you heard about the thrift stamps the government has for a? Anyone may buy them, and they help to win the war. We people here at home do not realize the conditions "over there." Thousands of women and children are on the verge of starving to death while their men are in the trenches, fighting not only for their right, but our right—for we are all one.

Our soldiers cannot fight unless they have good food and clothing. But besides those things we want to give them a few comforts such as they have had at home.

If we are not willing to help win the war by doing our part, we shall lose it, for our government will not have the money with which to buy food and other supplies. If we lose our money will be of no value, and we'll have to pay an indemnity to the Kaiser, as the people of Belgium and Poland are doing.

Yet while we are helping our country, we are also helping ourselves. This money with which we are buying Liberty Bonds and Thrift Stamps is well invested. If you invest four dollars and sixteen cents now, it will gain in value each month, but if you keep your four dollars and sixteen cents at home in a sock, it will always be just that and no more.

The War Saving Stamp is like a dollar bill. You have the dollar bill and the government has the money to back it. You have your Stamp and the government has the money to back it. But your War Saving Stamp does not lose value when the dollar bill does, because the dollar bill does not go in value, while the stamp does.

 W. H. Vandervoort, president of the Root & Vandervoort Engineering Co., of Moline, Illinois, has been appointed a member of the National War Labor Board. This board is composed of twelve members and it is their purpose to serve as a sort of supreme court in industrial disputes, supplying the labor principles that constitute the national policy. Mr. Vandervoort is a former Plymouth boy, and his friends here are pleased to hear of his appointment.
 The new band is standing by Plymouth and Plymouth should and is standing by the band. The boys had promised to play for the Decoration Day services and did so without asking or receiving more than cordial thanks. Yet, for two hours of music in the forenoon of that day at Belleville, they received fifty dollars. And further, an offer of \$150 by Detroit for their services the same day was turned down. The latter sum would have been acceptable to the band boys just at the present time, as their treasury is empty. Therefore, we say, stand by the band, and give the boys a generous "lift" whenever it is possible. They are now splendidly organized and undoubtedly will prove a good advertisement for the town. They will give a concert in Jackson Park, Saturday evening.

Better than metal. Certain-teed is fast taking the place of metal roof, not only because of the economy and high cost of metal, but because...

Certain-teed Roofing

is superior in every important roofing quality. Metal easily rusts and disintegrates from atmospheric gases. Certain-teed cannot rust and its asphalt base makes it practically immune to any form of corrosion. Metal absorbs heat and transmits it to the interior of a building. Certain-teed insulates against heat and cold, and makes the building cooler in summer and warmer in winter.

WORK FOR U. S.

THOUSANDS AT THANKLESS TASKS THE WORLD OVER DESERVE CHEERS, NOT SNEERS.

"The young men who serve in the Naval Reserve Force are performing a duty just as patriotic, just as essential to the final victory of our arms in this war, as that performed by the men of any other branch of the nation's forces."

"ONLY NAVAL RESERVE"

Why does that branch of the service attract so many men? Are they draft dodgers? Do they fear service at the front in France? Do they seek to enter a branch which will keep them near home? These are the questions which the military editor of The Evening Mail put to Commander Newberry, commanding officer of the Naval Reserve Force in the third district.

Has a Good Opinion of Chamberlain's Tablets.

"Chamberlain's Tablets are a wonder. I never sold anything that beat them," writes E. B. Treasey, Richmond, Ky. "When troubled with indigestion or constipation give them a trial.—Adv't.

FRANK'S LAKE

Mrs. Albert VanVoorhis went to Ann Arbor hospital, Tuesday where she underwent another operation. Mrs. Edward E. Evelyn, accompanied by her daughter, Evelyn, spent Memorial day with her mother, near Belleville. The Mesdames Koch, Lemen, Bush and Eddy of Dixboro, attended the W. F. M. S. at Mrs. Elmer Pooler's, Tuesday. John Harwood is driving a new Reo auto truck. Mrs. Johanna Nanny received word from Northfield, that a grandson had been kicked very badly by a horse. Ralph Lyke is on the sick list. The Dixboro Sunday-school will give their Children's Day program, June 16th. Mrs. Whalen, Edward Lyke and Lloyd Lyke attended the driving madine at Ann Arbor, last Thursday.

Rally Day for Rural Districts

Monday, July 8th, election day for school trustees, every school district in Wayne county will be the scene of a big patriotic rally. It will be held simultaneously with similar rallies in every school district of Michigan. There are 8,500 districts and the events will constitute the greatest patriotic demonstration ever held in any state of the Union.

ALL SERVING NATION.

"Every man who wears an American uniform is serving the nation in whatever capacity he is called. And those who volunteered for the Naval Reserve Force, because service on the sea appealed to them, are serving just where they belong. In April last year, when the United States entered the war, the only class open for non-seagoing men was class four. Since July 1, 1917, however, all men in this class have volunteered for general service, and no men will be accepted now unless they volunteer for general service. 'Another thing in common with some other nations' America has never realized the important role of its navy in warfare. But you may be sure that when this war has been finally won, the United States Navy will have played an essential part in the great victory. That will be a task for the historians, and they will not begin their work until peace comes. So we'll have to wait. But the navy's page in that history will be a brilliant one! And there you have the commander's answer. Incidentally, Commander Newberry is head of a family which has registered 100 per cent. perfect in this war. He gave up a large business in Michigan to answer the President's call. Mrs. Newberry is president of the Needle Work Guild of America, which is devoting its entire strength to Red Cross work. Her twin boys, Barnes and Phelps, are on active service. Barnes is an aviator in the navy, on duty somewhere on the Atlantic, and Phelps is a hero in the aviation section of the army."

Mrs. E. P. Waid and family called on Mrs. E. P. Waid and family, Monday. D. E. Smith visited his son, Floyd, and family, Sunday. If anyone has an extra sewing machine to lend, let the Red Cross have it, please. The Red Cross is denoted by John Haggan over his store, is a very pleasant workroom and another machine is badly needed. Help the good cause if you can. Mrs. Ed. Young wishes to thank everyone who sent her cards and the Aid for the beautiful flowers she received while in the hospital. She is at home, much better, and soon hopes to be perfectly well. Mrs. Clifford McIntyre and grand-daughter of Detroit, are visiting at George Brown's, this week. The play "Miss Topsy Turvey" will be given at Salem town hall, Friday night, June 5th, for the benefit of the Salem and Warden Red Cross Branch. Everybody come and help the good cause. Mr. Foreman and family called on Mrs. E. P. Waid, Sunday. F. J. Boyle, Mrs. F. C. Wheeler, Mr. and Mrs. F. J. Whitaker and son, Clyde, drove to Detroit, Wednesday morning, where Clyde left for the Great Lakes Training Camp.

THOUSANDS "OVER THERE"

"As for civilians, their attitude may be attributed to lack of information. It is true that originally the reserve recruited men for coast patrol duty. Do they know that the larger part of the force is now serving at sea, in foreign waters, side by side with the men of the regular navy, at training at the great naval stations for active service? They know that men are being accepted for general service, which means that they may be assigned anywhere on any ship of the navy, at the discretion of the navy department? Surely these facts are entitled to as much credit as the men of other branches. And they have reason to be proud of their patriotism as the men in olive drab see forest green are of theirs."

UNBELIEVABLE WASTE OF PLANT FOOD

Deanavenport of the University of Illinois in a recent issue of one of the best farm papers shows that the annual loss of plant food equals the value of a tract of 600 square miles, equal to 4,000,800 acres, sufficient to support 30,000 people. Then, too, Carl Vrooman, Assistant Secretary of Agriculture, recently stated that more than a billion dollars' worth of barnyard refuse is wasted in the United States annually. What arguments these are for good wide spreading manure application on every farm!

1908-1918. The National Senate in American History. 1908-Peace and prosperity. America's leadership fleet, "Ready for a fight or a ball." As Admiral "Bob" Evans... In 1908, TRUMAN H. NEWBERRY, one of the organizers of the Michigan Naval Reserve... In 1908, TRUMAN H. NEWBERRY prepared the battleship fleet for his famous cruise and from assistant secretary became Secretary of the Navy in the Roosevelt cabinet. In 1916, TRUMAN H. NEWBERRY, again a volunteer, a Commander in the "Frigate" Naval District, including New York City and Brooklyn navy yard, the most important naval division in the country. A man of national distinction, of unflinching devotion to his country, of able service in peace and war, of high character, genial, approachable and sympathetic, TRUMAN H. NEWBERRY is a man whom not only all Republicans but all the people of Michigan can unite. In this crisis, the office demands the ablest and most experienced man available to help conduct the nation's affairs. TRUMAN H. NEWBERRY is such a man. Every Michigan voter can support his nomination and election with confidence in his record, his ability and his 100 per cent Americanism.

Nothing to Worry About If Right Tools are Used. In the matter of producing big crops to meet the present demand, we are, of course, confronted by the inevitable fact farm power and farm help question. Perhaps the main reason why we have paid so much attention lately to the use of farm tractors and in a way have neglected the investigation of other tools for the farm. It can be seen right in this county that much power and much help on the farms are not being used to the best advantage. Increased Crops Without Increased Labor. Take spreaders for instance. They crop averages of this county could be greatly increased without the addition of another acre, another horse power, or another man, if only the farmers would cultivate properly their spreaders. Because this increase would amount to 35 or 40 per cent, which would be quite enough in many instances to pay for the spreaders on about 15 acres of land. Experiments right along these lines have been conducted with such results. As it is, the fertilizer the farmer has right at hand, barnyard manure, is in many cases either being entirely wasted or is dumped on the fields in such a way that it might almost as well be left to ferment away its ammonia and other valuable plant foods in the barnyard or feed lot. Drive around through the county and you will see this for yourself. This isn't a matter of telling someone else how to run his business, but at this time when economy along all lines is so necessary, such things must be discussed. Unbelievable Waste of Plant Food. Deanavenport of the University of Illinois in a recent issue of one of the best farm papers shows that the annual loss of plant food equals the value of a tract of 600 square miles, equal to 4,000,800 acres, sufficient to support 30,000 people.
