The Chautauqua Has Opened

One of the Big Events of the Season Began Thursday.

The Lincoln Chautauqua in Plymouth, opened Thursday with a great program. Some changes have on account of war conditions been made in the personnel, but in each case such changes strengthen very greatly the program. Miss Hall, whose important message on food conservation appears on the second afternoon, while Mrs. McIntyre is on the third afternoon. Instead of Major F. S. Povah who was called back to Canada, Maynard Lee Daggy, one of the most widely known lyceum lecturers, will give his lecture on "Pools." In place of Montville Flowers, Ada Ward, the noted English entertainer and lecturer, who was the first woman in the trenches, has a wonderful message. She has been speaking to capacity houses in the large cities of Canada and the United States. The people of Plymouth may count it a great treat to hear this wonderful woman.

The Chautauqua tent is located in the park back of the Presbyterian church which is an ideal place for it these warm days. Plenty of shade, cool and comfortable. Below we give each day's program:

Newburg Soldier Loses His Life in Wreck on D. U. R.

Sergeant Wallace Vigeant Among the List of Killed in the Wreck Near Chelsea Last Saturday Night.

Sergeant Wallace Vigeant of Newburg, who was on his way home from Camp Custer to spend Sunday with his wife, was one of the unfortunate soldiers who lost his life in the awful wreck, in which a west-bound freight car telescoped the Detroit Limited, D. U. R. car a mile west of Chelsea, last Saturday evening, killing 12 and injuring 47 persons. The remains of Sergeant Vigeant were taken to Chelsea, and Undertaker F. D. Schrader went there Sunday afternoon and brought them to Plymouth, where they were prepared for burial, and later taken to the home of William Lomas at Newburg, where Mr. and Mrs. Vigeant made their home. The unfortunate young man was thirty years of age, and had served nearly six years in the U. S. army. The sympathy of the whole community goes out to the young wife in her sorrow.

The funeral services took place from the Newburg church, Tuesday afternoon at 2:30 o'clock, Rev. F. M. Field officiating. Two comrades of the dead soldier came from Camp Custer and acted as a guard of honor. The Misses Anna and Ada Youngs sang two beautiful selections. The interment was made in the Newburg cemetery. There were many beautiful floral tributes.

Wallace Vigeant was born in Pawtucket, Rhode Island, where the years of his boyhood and youth were spent. Coming west in 1911, he made his home in Michigan for a short time, and shortly after coming here enlisted in the Seventh Cavalry being employed by the American express company as chauffeur, driving one of their big five-ton trucks. But it was not long until again the claims of his country for his valued services called more insistently than the claims of domestic life, and Wallace Vigeant again became a U. S. soldier, putting on the uniform of service, going to Camp Custer in November, 1917, ready for service where he might be most needed. Here his valuable experience in the army soon became evident, and he was appointed supply sergeant although he had not already been sent overseas, although a trained and experienced soldier, and anxious to get into the fighting line, it being recognized that he was most needed in camp in the training of other soldiers. His untimely death removed one of the best soldiers from our national defense, and casts a deep shadow of gloom over the circle of his family.

He leaves to mourn their loss the grief-stricken widow, six brothers and four sisters. One sister is a nurse in a hospital at Westchester, Massachusetts, and two brothers are in the army, being frequent correspondents in France and England. Vigeant in training ready to go across at any time. He was a member of the Manchester Unity, I. O. O. F.

Soldiers Visit Rose Lawn Farm Again

Thirty-seven men of Co. K, 550th Regiment, Michigan State troops, visited Rose Lawn farm, the home of the Hoisington's, on the Plymouth road, again last Sunday. The men came out from Detroit with a truck and several automobiles, and were in command of Capt. Hull and Lieutenants Booth and Scott. The object of their second visit to the Hoisington farm was to complete the picture film which was started the Sunday previous. A representative of the Mail visited the farm and saw the moving picture man grinding out the film by the yard. The picture film is being made by the Ford Weekly, and it is the purpose to show the picture upon the screen throughout the country as an educational feature showing what could be accomplished by the National Guard in the matter of assisting farmers with their work, when it is impossible to get farm help.

One of the interesting scenes enacted last Sunday was that of harvesting a field of wheat. One scene showed a number of soldiers cradling wheat; another showed them work with the binder drawn by horses. While the binder and latest method showed the binder pulled by a Ford tractor. The soldiers left for Detroit about five o'clock expressing their pleasure for a pleasant day at Rose Lawn farm and the hospitality of the Hoisington's.

ANY person who owns a house ought to do two things. He should provide the most attractive and most efficient bathroom fixtures for the convenience and comfort of the whole family. He should do this not alone for the service to be rendered, but because efficient fixtures, especially in the bathroom, add to the value of the investment.

The Trenton Potteries Company Lavatories

offer these two and every other advantage any lavatory could possibly give. The Trenton Potteries Company Lavatories are white all the way through, won't rust, won't change color, and the attractive, hard finish remains after years and years of wear. Break in Pipe Lines
Shuts Off Water Supply

The bursting of a release valve in the pipe line near Waterford put the village water system out of commission for a short time, Tuesday morning. Upt. Fred Bird and his men worked all night Monday night repairing the break, and before noon Tuesday had the water coming through the main again. Owing to the shortage of the water supply, Manager Brown sent out notices, Tuesday afternoon, advising water users that they must abandon the use of water for sprinkling purposes until further notice. In this issue of the Mail there appears a notice stating the hours in which water for sprinkling may be used. Read this notice over carefully and then comply with its requirements.

Enlisted in the Army—
Frank Miller, son of Peter Miller, East Ann Arbor road, has enlisted in the Army Motor Truck division, and is stationed at Fort Sam. Houston, Texas.

At the last meeting of the township board, Charles Rathburn was appointed clerk to fill the vacancy caused by the resignation of E. G. Samsen.

Dr. S. E. Campbell has received notice from the Council of National Defense, that his application for service in the Volunteer Medical Service Corps, had been accepted, and he is awaiting further instructions.

The Sunday Band Concert—
The extremely warm weather last Sunday, undoubtedly kept many from attending the band concert given by the Millard band in Centennial park. Those who were there heard a splendid program of high-class music.

Macabees Ladies to Hold Picnic—
The Lady Macabees will hold a picnic at Walled Lake, next Thursday, August 1st. The ladies will meet at the Grange hall at eight o'clock Thursday morning. All who can are asked to bring autos with drivers. A pot-luck dinner will be served.

See an Aeroplane—
The residents of north village were greatly interested early last Tuesday afternoon in watching an aeroplane pass over the village. The machine was at great distance away, but the hum of the motor was plainly heard. It is believed that it came from Selfidge Field, near Mt. Clemens.

Arrived Safely "Over There"—
Word has been received from Sergeant C. E. Kiearman, that he has arrived safely "over there." Sergeant Kiearman is a member of the firm of McKiearman & Taylor of the Central Drug Store. "Mac's" many Plymouth friends will be glad to learn of his safe arrival across the sea.

The Missing Word Contest—
The winners in the missing word contest this week were, Mrs. Olive Packard and Mrs. George W. Macomber, each having four correct words. The words left out were "our" in Plymouth Elevator Co.'s ad; "be" in Harry Robinson's ad; "our" in F. J. Pierce restaurant ad; "you" in Pettingill & Campbell's ad.

In Justice Court—
For failure to observe the traffic signals on the street, Sunday, Lyle Bradburn of Belleville, appeared in Justice Wilcox's court, Monday morning, and a fine and costs of \$4.75 was imposed upon him. Lester Cook of Northville, and Roy Bugal of Wayne, were in the same court for violating the speed ordinance last Sunday. Cook was assessed \$8.75 and Bugal \$12.50.

Insurance Not Paid in Lump Sum—
Widespread impression that insurance of men in the military service is paid in a lump sum after their death led the war department to make the announcement that payments of benefits under the war risk insurance act are made over a period of twenty years. The insurance is payable on the death of the insured on the basis of \$5.75 per month for each \$1,000 of insurance for 240 monthly installments. For the maximum of \$10,000, the beneficiary would receive a payment of \$57.50 per month for twenty years.

A Cautious Man—
The personification of caution in donating to the Red Cross is shown in the stand taken by a man of Milford township. He declares he is willing to subscribe \$2, but first he must be absolutely certain that this will not be spent foolishly. To determine how the Red Cross has been disposing of its funds in order that he may get a line on what will be done with his \$2 he has requested that the financial statement of the national Red Cross be sent him showing how the \$100,000,000 gained last year, was expended.—Pittsfield Press Gazette.

Government Official Here—
Mr. Cochrane, representing the U. S. government, was in town, Tuesday, for the purpose of ascertaining the facilities of the local factories for manufacturing war material. All the gun factories of the village are in position to do this, especially machine work on small parts of a large unit. We hope to see all the local plants receive a generous share of government orders, that work on same may be speeded up. Mr. Cochrane stated men had obtained contracts with not a tool of hardware in sight, and these men are holding back the work.

No Free Entertainment Saturday Night—
On account of the Chautauque there will be no free entertainment tomorrow (Saturday) evening. Saturday evening, August 3, will be the next one.

Red Cross News

Notice to Red Cross workers: The quota of three hundred pairs of socks for the month of July has been finished, but the surgical dressings quota is not completed yet. Owing to this and the imperative need of garments now being made in the sewing department, all ladies who hold tickets for the Chautauque are asked to give, if possible, an hour or two before or after the afternoon's entertainments in order that they may assist in filling the quotas. The ladies are urged to attend the Chautauque meetings, but the work rooms will be opened at one o'clock and the entertainments do not begin until 2:30.
Sergeant Harry Brown, who left with the 85th division two weeks ago, in a recent letter to his parents, spoke of the splendid cartoon work done by the Red Cross women all along their route. He speaks of the efficient way the ladies served the boys' lunches and the many acts of kindness shown them.

Appreciated Gift

The crew of the steamer Helen C. of which W. C. Brown of this village is principal owner, has received the following card of thanks:
20 June, 1918
Dear Friends:—
Your kind gifts of tobacco and cigarettes are most highly appreciated. Although written on a typewriter this message comes from within range of the enemy guns, and a place where it is hard to get, thus making them all the more appreciated. On with the work. You may rest assured that all donations of tobacco are used in the proper manner and that the tobacco reaches the soldiers in France. We receive on an average of ten to twelve gifts of tobacco and cigarettes daily. It is hard to know just what to say in thanking you for the gifts that come with them. Good luck to the Helen C. and to you to clear the night.

MEAT

We ask you to buy our meat, because we know it's good. If you knew this as well as we do, we know you surely would. There's nothing better than the best. This you will admit a fact—that we have it here, to prove by test, would be the proper act.

WRECKING THE CHURCH

If everybody stayed away from church, it would be destroyed. "The power of the pulpit is determined to a large degree by the ear of the pew. Does your pew have ears?" The church was never intended for a dormitory where none but tired and sleepy christians were wont to come. It is to be the barracks of christian warfare, where soldiers of the Cross obtain training, ammunition and direction for the warfare. Your life is not at its best until it is definitely and consciously linked with God. The church offers to assist you in this linking process. Worship with us Sunday morning at 10:00 a. m.

Drink More Milk

Clearness of thought and activity of mind are jeopardized by heavy foods; too much strength is required for digestion; the blood that should nourish the brain and impel greater alertness is monopolized by the stomach. The adoption of bread and milk as a mid-day meal largely removes this handicap.

A thoroughly cleaned and renovated church will greet the worshippers, next Sunday morning, a reminder that housecleaning day has come and gone. A committee of ten women served dinner at noon to all the workers and all seemed to thoroughly enjoy themselves while they worked.
