WORLD'S GREATEST SEA HORROR

Sinking of Lusitania Will Be Portrayed in Plymouth By Survivor.

When someone told the Kaiser facetiously that it was the Lusitania that carried our two million soldiers to France, he called attention to the fact that when a German submarine deliberately sent the great ocean liner with two thousand passengers to the bottom, that wholesale murder of American men, women and little children started something over here.

Next Monday evening the people of Plymouth are to have the opportunity of hearing an eye-witness and survivor of this great sea tragedy describe his experiences.

On board the ill-fated liner were the Royal Welsh Singers well known in this country, having made several concert tours in America, and three members of the Welsh choir were drowned. Elica Williams, who will give his dramatic recital here, next Monday night, was in the second saloon of the liner when the crash came. His description of the fight of two thousand passengers, the gradual sinking of the ship, and the struggle in the icy water is most pathetic. Hon. William Jennings Bryan says it is "the most pathetic, thrilling and dramatic lecture on any platform."

"How I lived through it all, I cannot tell," says Mr. Williams. "I remember the plunge overboard, the struggle in the midst of a choking cauldron of drowning people, the swallowing up of us all by the last plunge of that giant liner, then that fearful struggle down in the oozy depths of the ocean, then I came up gasping and almost dead. Then the struggle by means of a floating or to reach a capsized boat. If I live to be a thousand years old, I hope I shall never see or hear of anything again so horrible as the Lusitania disaster."

With Mr. Williams will be two survivors of the famous Gwent Welsh Singers, Gwen Richards, soprano and accompanist, of rare accomplishment as a concert artist, and Ben Davies, the eminent Welsh tenor. Mr. Williams, the director, is a baritone, author and composer. They will give a varied concert, besides the thrilling recital of the sinking of the Lusitania.

Those who have heard them recently say they never will forget the dramatic moment in the lecture when the musicians sing softly the strains of "Nearer My God to Thee," just as they heard them sung when the great ship went down.

The Royal Welsh Singers are to appear at the High School auditorium, next Monday night, under the auspices of the Epworth League. The general admission is forty cents, with fifty cents for reserved seats. Reservations may be made at the Pinckney Pharmacy any time after noon today (Friday).

HAS LOWEST PERCENTAGE OF REJECTIONS

Dr. R. E. Cooper, Examining Physician for Local Board for Division No. 4, Wayne County, Gets Compliment for Lowest Percentage of Rejections in the State.

Local Board No. 4, for Wayne County, with headquarters in Plymouth, have the honor of having the lowest percentage of rejections for physical fitness for army service of selected men sent to the cantonments of any board in the state of Michigan. The national average is 7.6 and Michigan's average is 9.06. Plymouth has the remarkably low average of 3.4. This is not only a honor to the board, but a decided compliment to the thoroughness and splendid work of Dr. R. E. Cooper, chairman of the board and examining physician. We are pleased to quote the following from a letter of congratulation from the Adjutant General:

"This is an exceedingly satisfactory percentage of rejections and is the lowest in the state. The Local Board examining physician is to be congratulated upon his good work. It is hoped that the good work will be continued and that he will hold his place as regards rejections in future calls."

JOHN S. BERRY,
The Adjutant General.

NOW OCCUPY NEW STORE

A. H. Dibble & Son Have Moved Into Their New Store in the Penniman Block.

A. H. Dibble & Son have about completed the work of removing their stock of goods into their new quarters in the room formerly occupied by J. R. Rauch & Son in the Penniman block, and they now have one of the most up-to-date stores as will be found anywhere. An addition of thirty feet was built on the rear of the old store room, giving a room 110 feet in length. New shelving has been installed throughout. New fixtures, display cases and cabinets have also been added, which adds greatly to the beauty of the store, aside from the great convenience which they provide for the attractive display of merchandise. The front display window has been rebuilt and enlarged, and is enclosed with oak paneling and glass.

One of the features of the new store, and one that will be greatly appreciated by its patrons, is the rest room for ladies at the rear of the store, and which is provided with lavatory conveniences. A lavatory has also been provided for the use of the gentlemen.

The new store is indeed a great credit to the village, as well as to the firm of A. H. Dibble & Son, who are to be congratulated on their splendid new home. While it will be several days before the "settling" process will be completed, a cordial invitation is extended to the people of Plymouth and vicinity to come in and see the new store.

Since 1895, when the late A. H. Dibble established himself in the shoe business in Plymouth, this store has occupied a prominent place in the business circles of Plymouth. In 1899, F. A. Dibble became a partner in the business and the firm name was changed to A. H. Dibble & Son, and a stock of clothing and gent's furnishings was added. Since the death of the senior member of the firm, the firm name has remained unchanged and the store has been continued by F. A. Dibble.

CHRISTMAS PACKETS FOR SOLDIER BOYS

November 20 Is the Last Day to Send Packages. Cartons Are Now Ready.

Cartons are now obtainable at the local branch of the Red Cross at the High school building.

Every American soldier in France will receive a coupon to forward to his relatives or friends here. ONLY ONE.

Just one coupon will be issued to each soldier. The coupon will be sent without this coupon. Don't lose it. You cannot send a box if you do not receive a coupon.

If the young man sends his coupon to some other than you, perhaps they will let you put something in one of them.

Do not paste the coupon on the outside of the carton—the Red Cross will do that.

No parcels will be accepted unless packed in the official carton provided by the Red Cross. This carton is three inches by four inches by nine inches.

The coupons must be presented before a carton is given out, but is given back to the one who presents it.

The combined weight of the carton and the articles to be shipped must not exceed two pounds and fifteen ounces, allowing an ounce for the wrapping paper.

This box or carton, open for inspection must be taken to the local branch of the Red Cross, where if examination has satisfied Red Cross inspectors that nothing is contained in the box at variance with postage rules, and that no letter or other communication is enclosed, the carton will then be wrapped, the rate of postage affixed and ready for mailing.

Mrs. C. H. Rauch and Mrs. J. H. Kimball have been appointed chairman of inspection and packing of the Christmas packages for overseas. These chairmen or their committees can be seen at Red Cross headquarters in the school building from three until five o'clock every day, except Saturdays and Sundays, until the last day for sending packages, which is November 20th. For further information telephone 35 or 231.

36-45 REGISTRANTS GET QUESTIONNAIRES

The Local Board for Division No. 4, Wayne county, have been busy the past few days mailing out questionnaires to about 2,000 registrants between the ages of 36 and 45. The legal advisory board are now in session at the High school auditorium, and it is expected that it will take ten days to complete the big task.

The registrants, who have yet to make out their questionnaires, should read them over and get what they can filled out before coming to the board for advice. The part relating to family history especially should be looked up. Study the several questions over carefully and do not ask these gentlemen to devote their time to questions you can answer fully and completely without their assistance.

FORMER PLYMOUTH LADY DIES IN THE WEST

Mrs. Clarence Cooper, formerly Miss Mabel Hamilton of this place, passed away at her home in Oakland, California, Saturday, November 2nd. Plymouth friends were greatly shocked to hear of her sickness and death, as no one here was aware of her severe illness until last week Wednesday, when word was received by her brother, Coello Hamilton, of this place, saying that she had been stricken with apoplexy.

The deceased was born in Plymouth, November 17, 1877, and resided here her entire life, until about ten years ago, when she moved to California with her husband, where they have since made their home. She is survived by her husband, who is also a former resident of Plymouth and brother of Dr. R. E. Cooper; one brother, Coello Hamilton, and mother, Mrs. C. J. Hamilton, of this place, besides many near friends here who deeply regret her sudden death.

The funeral was held in Oakland, California, Tuesday, November 5th, and the remains were later cremated.

SUPERVISORS FIX TAX RATE

The board of supervisors have fixed the tax rate for the year at about \$3.85 per thousand; two cents less than last year. The state rate is 17.3 cents less than in '17, but there was an increase of 15.4 cents in the county rate owing to salary increases. No request was made for a road tax in 1918, as the commissioners did not consider it probable that any great amount of work would be allowed until war work had received full attention. The automobile license fund will provide ample funds for the usual operating expenses.

"Blue"

is always good

It's not uncommon to hear this expression, "Serge always wears good." Realizing this, the Clothcraft Shops have gone one better and have specialized on Serges. They buy the cloth in immense quantities, making it up by scientific methods and then sell it to us at a marked saving. This is why Clothcraft Blue Serge Specials in their many models represent the utmost in value.

WAR OVER

The Germans Sign Truce

The greatest war in the history of all time came to an end at 2 p. m. yesterday (Thursday). The Allies and Germany signed an armistice three hours earlier on the field of battle. The German delegation came into the allied lines under a white flag. The blowing of all the factory whistles in the village was Plymouth's first greeting that the war is over. It was a regular bedlam of noise and citizens rushed to the streets and gave joyous expression to their happiness.

ANOTHER LIFE GIVEN FOR THE GREAT CAUSE

EDWARD A. BURGER

Private Edward A. Burger entered into the service of his country, July 23rd, and passed away at Camp Custer, October 13th, of pneumonia influenza. Edward was a young man of sterling character, a kind and genial nature and always had a smile and a pleasant word for everyone. Pleased with life and his fellowmen and always looking for the silver lining to every cloud, he is worthy of an example that many might follow. There's a blue star beaming in the window,
For a loved one far away;
And its light is shining through the gloaming,
As we kneel alone to pray,
And we're yearning for his returning,
To his home and happy days of old,
While with trembling our hearts are asking,
"Will the blue star turn to gold?"
If the blue star turns to gold,
Then his love he will unfold,
For the Father loves with a tender love,
If the blue star turns to gold.

THE ELECTION IN PLYMOUTH

The Republicans Make a Clean Sweep Here With Exception of United States Senator.

Woman's Suffrage Amendment Carries by a Good Majority.

The general election held in Plymouth, Tuesday, passed off very quietly. The warm November sunshine brought out a fairly good vote, but not as large as two years ago, when a total of 76 votes were cast. The absence of many of our soldier boys no doubt accounts for the smaller vote to quite an extent. The total number of votes cast was 560. The vote on the Woman Suffrage amendment was 326 yes and 184 no. There were 178 straight Republican; 158 Democrat and 24 Prohibition votes. We give below the vote given each candidate:

Table listing election results for Governor, United States Senator, Representative in Congress, State Senator, Circuit Judge, County Clerk, County Treasurer, Register of Deeds, Prosecuting Attorney, Circuit Court Commissioners, County Recorder, County Drain Commissioner, and Coroners.

EARL C. MICHENER

The Adrian candidate for congress defeats Congressman Samuel W. Beakes in the Second District by about 4,000 votes. Michener's plurality in his home county was 2,223. He carried Washtenaw county by 1,513.

DRUG FIRM MOVES TO DETROIT

McKieran & Taylor, proprietors of the Central Drug Store, have moved their stock of drugs and sundries to Detroit, this week, where they have opened a new store at the corner of Vicksburg and Wildermers avenues. Messrs. McKieran and Taylor have been in business in Plymouth for about two years, and during that time they have made many patrons and friends, who will regret their removal from the business circles of the village. Mr. McKieran, the junior member of the firm, is in the army service and is now overseas. Mr. Taylor has been conducting the store alone during his absence. The best wishes of many friends go with them in their new location in the city.

KING'S CORNERS

Mrs. Lockhart, accompanied by her mother, Mrs. Jubenville, took Mrs. Dupies, who had been making an extended visit with the latter, to her home in Amherstburg, Ont., Monday.
John Hix, who has been an invalid for several years from paralysis, suffered another stroke last week and is very low at this writing.
Mr. and Mrs. Richardson of Detroit, were Sunday guests of the latter's brother, Lloyd Lockhart, and family of this place.
Mr. and Mrs. George Hix spent Friday night in Detroit with the former's sister and husband, Mr. and Mrs. Robert Dyball.
The Helping Hand society which was to have been held this week at Mrs. Lockhart's, has been postponed on account of the influenza.
Mr. and Mrs. J. Frank Parrish and little son called on the former's sister, Mrs. George Hix, and family, Sunday.
Clarissa and Olive Hix spent Friday night and Saturday with their grandparents, Mr. and Mrs. Charles Parrish. They also called on their little friends, Alma and Louise Berger, at King's Corners.
Several of the ladies hereabouts spent a pleasant day recently with Mrs. Decker of Perrinville. They carried along well filled baskets, and at the noon hour all sat down to a full table to which all did ample justice.

WHEN PEACE IS REACHED

There need be no apprehension of materially lower prices for live stock when Europe goes on a peace basis. In the case of grains, the situation is somewhat different. An immense wheat acreage and an accumulation of grain in the southern hemisphere, which will automatically become available, are likely to be reflected in the future scale of prices.
However, there is no meat surplus in sight anywhere, not even during the next half decade. Only in the case of hogs is a bare sufficiency likely.
The bare shelves of European larders must at least be replenished and this task will naturally devolve on the United States.
The mission of the International Live Stock Exposition at this crisis is to stimulate production of pork and mutton on the most economical basis, to instruct breeders and feeders in recent development to inspire ambition to excel and demonstrate that live stock raising is profitable, otherwise it could not prosper.
Europe after the war will need American stock cattle. It must come to this market for cows for breeding purposes and for seed stock of all the species and breeds.
There never has been a more opportune moment for renewed endeavor in the sphere of animal husbandry, and the International Live Stock Exposition, which will this year be held from November 30th to December 7th, is the chief exponent of the industry.

LET THE YOUNG TURKEYS GROW

Bug and Seed Hunting Season is Most Beneficial to Birds.

Although Thanksgiving is several weeks off, the Michigan Division of the Food Administration urges that turkeys be allowed to develop and grow fat...

The young turkey, however, is a long-legged, bug hunter until the winter thatch of feathers is put on and Nature suggests that it is time to store up a reserve for rigorous weather...

This, too, is the season when fields provide plenty of feed that would otherwise go to waste and, in the case of weed seeds, would do damage to future crops.

Now, when we have need for every ounce of food that can be put into form for human consumption, whether ground by mills or gizzards, it is the soundest economy to let the young turkeys live through the fall bug-and-seed-hunting season.

A young gobbler that weighs ten pounds in October will weigh twelve or thirteen sixty days later if given a little extra feed along toward the end of that period. A hen in the same time will fill out from seven pounds to nine or ten. Such satisfactory gains can be made at no other time in the bird's life...

The Food Administration suggests that in order to take advantage of this favorable season for putting on grams that no young turkey hens weighing less than six pounds dressed should be marketed. Young gobblers should be of sufficient size to dress at least eight pounds before being sold. Let the turkeys develop and grow fat.

Because of the diminishing of the herds, Europe will face serious food shortages for years after peace is achieved.—U. S. Food Administration.

Our Duty to The Allies

UNTIL the war ends the food program is a part of the military program. The military program is conditional on shipping victory in 1918 is assured if America is able to transport and maintain 4,500,000 men on the battle front...
