WHY IT'S A MISTAKE TO DELAY

YOUR PURCHASE OF A

New Edison

Most everything you buy wears out eventually. An automobile for example—or a suit of clothes. So the longer you delay its purchase the longer you'll have it to enjoy.

Not so with a New Edison. It will outlive you anyway. Every month you delay is just one more month gone from your life—another month in which you might have had your life enriched by music—but didn't.

Call tomorrow for a demonstration. "Send it out to the house" will be your verdict.

It's Time Right Now to be Thinking of Easter

By general consent, Easter is the day for starting off the new season with "the best foot foremost." New clothes do help the feeling of confidence and optimism which is characteristic of the Easter season.

The usual number of early buyers have already been in, making their selections for Easter. It's a pretty sensible plan to get in before the rush, for even the biggest stock of clothing will show signs of picking over if you delay too long.

We shall be happy to help you choose what you want from our carefully bought lines. Suits and overcoats, \$20 to \$30. Ties, 50c to \$2. Hats, \$1.00 to \$5.00.

Get it not a minute too soon right now.

PAUL NASH

FORMER PLYMOUTH HIGH GRADUATE SHOT

MISS IRMA PERKINS CASLER, MEMBER OF THE 1917 PLYMOUTH HIGH SCHOOL CLASS, SHOT DOWN IN HER SCHOOL ROOM NEAR SALINE LAST THURSDAY MORNING, AND DIED A FEW HOURS LATER.

The shooting of Miss Irma Perkins, better known to Plymouth people as Irma Casler, in her school in Lodi township, near Saline, last week Thursday morning, by her rejected soldier-lover, Robert Warner, brought sadness to the hearts of the young teacher's many friends in this village. Mrs. Casler, as she was known here, was 19 years of age, and attended the Plymouth schools for several

MISS IRMA CASLER

years, and worked her way through high school. While here she lived with the family of James Stevens. After graduation she attended the Ypsilanti Normal summer school. She later began teaching in a school near Saline. While in high school here she took a prominent and active part in the work of the class. It was only a week ago that she wrote to one of her former classmates, Miss Alta Fisher, saying that she intended to visit Plymouth in a short time. After the shooting, Miss Casler was rushed to a hospital in Ann Arbor, where she died the same evening. The funeral services were held Sunday at North Aurelius, Ingham county.

WOMAN'S LITERARY CLUB

The twelfth regular meeting of the Woman's Literary Club was held in the Kindergarten room at the school building, last Friday afternoon. The meeting was called to order at the usual hour by the president, Mrs. C. H. Bennett, with two visitors, sixteen active and six associate members present. A short business session preceded the program of the afternoon, which was in charge of the third division, with Mrs. R. E. Cooper, chairman.

A line from a song was the response given to roll call. The opening number of the program was a group of four songs, written by Jessie Gayton, writer of children's songs, which were pleasantly rendered by a number of little girls from the first grade under the direction of Mrs. Maxwell Moore and Mrs. Louis Thomas. "Music in America," an interesting paper read by Mrs. R. E. Cooper, and the program was concluded with two vocal numbers, "Spring Song" and "The Summer Boat Song," sung by Mrs. Maxwell Moore with Mrs. L. A. Thomas accompanying on the piano.

A NEW BUSINESS BLOCK

F. W. Hillman has purchased the hardware business of Paul Nash, and will continue the business in the same location. I will carry the stock, and will carry a complete line of light and heavy hardware, Stoves, Lardolams, and Oils. In fact, we will carry everything that is to be found in a first-class hardware store. Please be pleased to have you call and see us. We endeavor to give you quality goods and service.

VOTE ON THREE AMENDMENTS

WHETHER MONEY CAN BE BORROWED TO BUILD ROADS, IF JUDGES' SALARIES CAN BE ADDED TO OR CUT, AND WHETHER SALOONS CAN BE RE-OPENED.

"Shall it be made legal for the state of Michigan to borrow money to build roads? Are you in favor of a measure that will make it possible for the legislature to increase or cut the salary of judges while they are in office? Shall the sale of wines, beer, ales and porter be made lawful again in Michigan?"

It will be upon these questions that voters in Plymouth township will be asked to give their decision when they go to the polls on April 7. All three questions will be printed upon a single ballot, copies of which have already been received locally.

On the sample ballot received from the secretary of state, the good roads amendment is placed first, the salary amendment second, and the wine and beer amendment third. The good roads amendment has this title: "Vote on proposed amendment to the constitution relative to authorizing the state to borrow money to be used for highway purposes and issue bonds therefor." The question of salaries for judges has been put in this form: "Vote on proposed amendment to the constitution relative to the increase or decrease of salaries of public officers." The heading of the proposed wine and beer amendment, which probably will come last on the ballot, reads, "Vote on proposed amendment to the constitution relative to the importation, transportation, manufacture, buying, selling, etc., of cider, wines, beer, ale and porter."

On each of these voters will be asked to vote either "yes" or "no." If a vote of "yes" is cast for the "good roads" act, it will mean endorsement of better highways for Michigan. If a vote of "no" is cast on this question it will mean that the voter is not in favor of better roads. If a voter believes that the legislature should be authorized to increase or cut the salaries of judges while the judges are in office, it will be necessary to vote "yes." If opposed to extending such authority to the legislature, the ballot must be marked "no."

In the case of the proposed wine and beer amendment, if the voter is in favor of re-opening saloons in Michigan, the ballot must be marked "yes." If in favor of having prohibition remain in force, the ballot must be marked "no."

PLYMOUTH GIRL SINGS FOR GREAT ARTIST

Miss Nellie Huger, who is now teaching at the Indiana State Normal college at Terre Haute, Indiana, and at the DePew University for the F. B. Dickerson Company of Detroit, sang for Gatty Sellers, London's greatest organist and composer, at Terre Haute, Thursday, March 24th. Gatty Sellers was pleased with the quality of Miss Huger's voice, and she was asked to sing for him in a concert at Terre Haute, Indiana. Since going to Indiana, Miss Huger has been taking singing lessons of Prof. Baxter of Chicago, formerly of Paris, France, and has been singing in the various churches of Terre Haute, Indiana. Her friends here are pleased to hear of Miss Huger's success.

WILLARD SAND AND LOCAL TALENT WILL GIVE ENTIRE ENTERTAINMENT

Band music, given by the Willard sand, in connection with the local talent, will give the entire entertainment at the big mass meeting.

ELECTION NEXT MONDAY

The annual township election takes place next Monday, April 7th. Voters in Plymouth township should remember that there are now two voting precincts in the township. If you live in that portion of the township west of the Pere Marquette railroad, you are in precinct No. 1, and your voting place is at the village hall. If you live east of the Pere Marquette railroad, you are in precinct No. 2, and your voting place is in the hall over the Beyer Pharmacy. Aside from the township officers to be elected there is a state and county ticket, and three amendments to be voted upon. There will no doubt be a large vote cast.

DEATH OF MRS. ALBERT SMITH

After several months of patient suffering, Mrs. Albert Smith passed away Wednesday morning at her home on north Mill street. The funeral services are being conducted this afternoon at the house, Rev. Frank M. Field of the Methodist church officiating, and Mr. and Mrs. E. G. Conner and daughter, Helen, of Lima, Ohio, assisting in the ministrations. Interment will be made at South Lyon, Rev. S. J. Pollock conducting the burial service.

Mary B. Ryder was born in Plymouth, January 20, 1858, but when a small child moved with her parents to Saline. There she grew to womanhood and was married to Albert Smith in 1879. Only one child was born into their home and left them while still of tender years. Shortly after their marriage, Mr. and Mrs. Smith moved onto a farm near South Lyon, where they lived until coming to Plymouth thirteen years ago. Mrs. Smith was a member of the local Baptist church, uniting with church shortly after coming to Plymouth. The surviving relatives include, beside the husband, three brothers, Nathaniel and Dayton Ryder of Plymouth, and Frank Ryder of Saline.

SUNDAY VESPER SERVICE

JUST BEFORE DRY MASS MEETING.

On account of the immediate importance of the Dry Mass Meeting, Sunday evening, the special meeting of the Easter series at the Methodist church has been adjusted so that all may participate in the big mass meeting. The evening service at the church will begin at 6:30, with a short, snappy program, including several numbers by the Conners, and will be dismissed in time for the mass meeting in the school house. The Conner Trio will furnish several special musical features for the big mass meeting.

CLEAN-UP PAINT WEEK

A whole lot of strangers are going to visit Plymouth this coming season, for with the war over automobile touring is going to increase in popularity. To make all villages and cities look attractive, movement is under way for one general "clean-up and paint" week. The date set is May 12th to 17th, and local organizations will be formed to see that the proper amount of interest is created in each community. This is the time to get rid of all rubbish, clean the streets and alleys, and see that all outdoor premises are made attractive. The civic organizations will work with local officials to popularize the movement and awaken the local civic pride in an endeavor to bring about the best possible results.

LITTLE CAUSE FOR WORRY

We've been going about our business here in Plymouth for two years with one eye on Europe and the other on home, and we'd about forgotten that old zone of trouble and discontent right at our back door—Mexico. Until we got into a real war the murderous raids of Villa alarmed us; at least they attracted a good deal of attention, and got on the first page of the newspapers. But, since we have seen what real war is, Villa has had an awful time creating excitement. Just a few days ago however, a bunch of his followers made a raid and killed a number of people and carried off all the property they could, but very little attention was paid to the item when it appeared in the papers. In fact, the people of this country positively refuse to take Mexico or anybody in Mexico seriously at this time. We have not forgotten the country entirely—not by any means. There are many people in the United States who believe, if they do not know, that some day we shall have to go down there and straighten out things. But for the present, with the big propositions pending over in Europe, nothing pertaining to Mexico causes us any alarm. Villa has dropped into the ranks of an ordinary sneak-thief or highwayman, and his "army" amounts to no more in the estimation of the public than a bunch of sheep-stealers.

MEMORIAL DAY PLANS

Memorial Day this year will have a greater significance than ever before, and special efforts are being put forth throughout the country to prepare special programs for this day. A great many of the soldier boys from overseas will be home by that time, and the government will

extend furloughs to all who may still be in service and who are desirous of returning home for this occasion. Plymouth should make arrangements this year to observe Memorial Day as never before. One of the features of the day should be a parade with every returned soldier of the present war a participant, as well as the veterans of the Civil and Spanish American wars. The local branch of the American Red Cross should also participate. The preparations for the annual services in honor of the nation's dead should be started early, so that no feature may be overlooked. A meeting of citizens should be called at once to formulate plans.

FROM OUR BOYS

Mrs. Ed. Willett has received the following letter from her son, Leon, who is with the army in Russia:
Archangel, Russia, Feb. 18, '19.
Dear Mother:

I thought I would drop you a line to let you know that I am well, and that I also received the box of cigars and was very glad to get them.
I am at the front and we live in log huts, which are made very strong for the cold of course. There are other reasons for having them built strong, as some nights I hear more noises and see more flashes than I ever saw in a thunder storm in the U. S. A.

HERE'S THE BIG THING IN PLYMOUTH
 (Contributed)
 The revival meetings being conducted at the Methodist church by the pastor, Rev. Field, and the Corners, singing evangelists, are growing in interest and the crowds are increasing each night. Those who have attended the services have a great deal to say about the practical, straight-out-from-the-shoulder sermons by Rev. Field and the special numbers by the Corners.
 The Corners have had a wide and varied experience in church and tabernacle meetings. They have traveled extensively in lyceum, chaucagua and evangelistic work, and they are well qualified for the work to which they are devoting their lives. Mr. Conner is a master chorus director and leads with his voice and trombone. Mrs. Conner presides at the piano and she is a musician of exceptional ability.

MISS HELEN CONNER
 Soloist and Reader
 Miss Helen Conner is a soloist and reader of unusual ability. Solos, duets, trios and readings are given at each service. The opportunity is here for you to enjoy these specialties, and the pastor invites everyone in Plymouth and vicinity, regardless of church affiliation, to attend the meetings.
 Plymouth is all right, but one thing is lacking and that is a deeper consecration of the professing Christians, as well as serious thinking among the unsaved. Christianity helps a man or woman socially, it helps in our business lives because it creates confidence and establishes faith in humanity. The more Christians we find in a community, the higher the standard is for the better things of life, and it is because of this ambition to reach this ideal for our community that these meetings are being held.
 Plans are being perfected to have the several lodges and schools attend in a body and special programs will be put on the nights the honor guests are present. One evening will be set apart as patriotic night to which the old and new soldiers and patriotic organizations will be invited. The Corners will put on a special program that night, and Rev. Field will preach an appropriate sermon. Miss Conner will be dressed as the Goddess of Liberty and will pantomime the Star Spangled Banner, and Mr. Conner will sing, "The Flag That Never Touched the Ground."
 Services begin each evening promptly at 7:30. No services Saturday evening.

Today's Reflections

What's become of the old-fashioned Plymouth loafer who used to quote Shakespeare by the yard, while his wife took in washing and had to chop the wood?
One trouble about the Bolsheviks quitting work is that if they did the difference could not be noticed.
Yes, and we'd also like to know what has become of the fellow who used to think he was a sport when he treated his girl to a 25c oyster stew after taking her to see "East Lynne."
A Plymouth woman never feels complimented if you tell her she is of a beautiful disposition. Leave off the disposition.
Cargis, the world's greatest singer, declares he pays his income tax gladly. So would we if we could pull down about five hundred dollars an hour for as little work as he does.
It's always a source of wonder to a Plymouth woman how a bachelor appears so clean and well-laundered with no woman around to keep his clothes in order.
The Huns should not complain about their exclusion from the peace conference. They're going to get a chance to do more talking in a few weeks than they've ever done before.
Few Plymouth people can bear great prosperity gracefully, which must be the reason so few of them are called upon to do it.
We've noticed time and time again that the fellow who isn't going anywhere is generally very easily led astray.
The best time to start a war is right after everybody has paid their taxes and feels blood-thirsty.
Even the kids in Plymouth are forced to pay a war tax this year—for Uncle Sam has added enough revenue tax to athletic goods to make balls and bats cost more.
Our Irish friends seem to think that President Wilson is trying to put the "sham" in shamrock.
How in the name of goodness can we hope to make the world safe for the people that's in it with Henry Ford threatening to build an automobile that retails for \$250.
The ambition of some Plymouth people seems to be to get hold of the biggest turnip they can find and then hustle for the salt.
And right after the first day of next July there's going to be more new kind of "bitters" on the market than the average druggist can get on his shelves.
As one Plymouth man said yesterday, if more men and fewer babies were afraid of the dark, there would not be so many domestic flare-ups in this country.

Coats, Wraps, Capes

It has been many seasons since the Coat styles have been so beautiful and so varied in style, and having bought only the best looking of the new styles and no two alike, you can take added pleasure in selecting from our wonderful new stocks.

Splendid values in Wraps and Capes at \$13.75 to \$57.50

Capes Expressing a Simple Elegance

The new silhouette for Spring calls for the graceful enveloping lines of the Cape. Tricotine, tricotette, evora and duvetyn are all represented in this showing of exquisite Cape modes. If you have had the slightest doubt as to the advisability of choosing a Cape in preference to a Coat you will lose it when your eyes rest on the attractions of these offerings.

SAMPLE BALLOT

We print below the Plymouth township ballot as it will be given to the voters and for the purpose of giving such voters as have not heretofore been qualified electors an opportunity to study the same, the following instructions may be of value:

If the elector wishes to vote a straight Republican or Democrat ticket all that is necessary is to mark a cross in the circle under the heading. Nothing more need be done.
If the voter wishes to "split" his ticket, that is, if he (or she) wants to vote for one or more candidates on the Democrat or Republican ticket that are not on his party ticket, he must draw a line through the name he does not wish to vote for and then mark a cross in the square before the name opposite for whom he wishes to vote. Failure to place a cross in the circle under the party heading does not make the ticket void if the voter places a cross in the square before each name, but he must not vote for more than one candidate for each office. This manner of voting counts for only those names before which a cross is marked in the square. Not to mark the ballot at all makes it void.
If you wish to vote for a candidate not on either ticket write or place the name of such candidate on the line on your ticket opposite the name of the office. Before leaving the booth fold the ballot so that the initials on the back may be seen on the outside.
