DIAMOND - TIRES

When a tire has run its course and you measure its service against your investment, you find out whether your expectations were justified or not. That's the trouble with most tires—you never can know until you've spent your money.

But Diamonds face the Judgment Day with 5,000, 6,000 and 8,000 miles regularly.

Buying Diamonds means you get your money's worth. We can equip your car at a moderate cost.

PLYMOUTH'S NEW AUTO FIRE TRUCK

By the courtesy of the American LaFrance Fire Engine Co., we are enabled to present to our readers this week the above picture of the combination auto hose and chemical fire truck recently purchased by the village commission.

THE ANNUAL SCHOOL MEETING

The annual school meeting of District No. 1, Fr., took place at the High School auditorium, Monday evening. There was a very small attendance, only about twenty-five taxpayers being present. It is regrettable that the taxpayers of the district show so little interest in matters of this kind. The meeting was called to order by J. W. Henderson, president of the Board of Education, who explained the purpose of the meeting. The financial report of the secretary and treasurer for the past year was read and accepted. F. D. Schrader and Rev. F. M. Field were appointed tellers. The budget for the coming year as estimated by the Board of Education called for the sum of \$29,500 to be raised by taxation. This is \$4,500 more than was raised last year. The board figure that the extra amount asked for will no more than meet the expenses of running the school next year, because of the fact that it has been necessary to pay more money in salaries and that some new equipment has got to be purchased the coming year. The meeting voted unanimously in approving the budget as called for by the board.

In the election of one trustee to fill the place of George C. Raviler, whose term of office had expired, Evered Jolliffe was elected without opposition.

Only one vote out of 22 was cast in favor of re-classifying the district as provided for under Act 166 of public acts of 1917. Supt. George A. Smith explained the new law to the meeting, showing that there would be practically no change in our present system if we should vote to come under its provisions.

At the suggestion of the secretary of the Board of Education, Mrs. S. E. Campbell, a rising vote of thanks was given F. D. Schrader for his generosity in selling the district the new dining room set and rug which was recently purchased at cost price. The financial report of the district will be published next week.

COOK-FISHER

Miss Cook and Miss Hazel Fisher, both of Plymouth, were quietly married in Detroit, last Saturday. The young couple were attended by George Fisher and Miss Alice Larson, bridesmaids, and Miss Larson, maid of honor. After the ceremony they returned to Plymouth, where a family supper was served by Mrs. George Fisher and Mrs. Hazel Fisher, mother and step-mother of the bride. The bride is Miss Hazel Fisher, daughter of George Fisher and Mrs. Hazel Fisher, and the groom is Mr. Cook, son of Mr. and Mrs. Cook.

STATE FAIR TICKETS

The Mail has been informed that the State Fair tickets are now on sale. The tickets are on sale at the rate of \$1.00 for a single ticket and \$2.00 for a double ticket. The tickets are on sale at the rate of \$1.00 for a single ticket and \$2.00 for a double ticket.

SOLDIERS ENTITLED TO VICTORY BUTTONS

An order of the war department states: "A lapel button to be known as the Victory button for wear on civilian clothes, will be issued to all officers, enlisted men, field clerks and members of the Army Nurse Corps, who served on active duty in the army of the United States, at any time between April 6, 1917, and November 11, 1918, and whose service was honorable. The button will be silver for those wounded in action, and bronze for all others." These buttons may be secured at recruiting offices by presentation of the honorable discharge papers. Soldiers in the Second District may secure theirs by sending their honorable discharge papers to Congressman Earl C. Michener, or upon application to him a blank will be furnished, which should be executed before a notary public, and which will be sufficient without the original discharge papers.

BALL GAME SATURDAY

The local base ball team will cross bats with the Ferndale A. C. team of Highland Park, next Saturday afternoon, July 19th, at three o'clock, on the home grounds. The Plymouth team has not yet been defeated this season, and the Ferndale A. C. team is made up of some real players, who will give the locals a ball game. If you want to see a good game, don't miss this one. Manager William Todd will have his best line-up on the field.

A BIG SALE OF LOTS

Since the opening of the sale of lots in the new Amelia Starkweather subdivision more than thirty lots have already been sold. Some purchasers have bought their second and third lots since the first one. These lots are located in the very heart of the village, and are the most desirable building lots to be found in Plymouth today. On account of the closing up of the Starkweather estate, they are being offered at most reasonable prices. People who are contemplating building or desiring to make a good investment cannot make a better real estate buy in Plymouth. See the ad in this issue of the Mail.

Mr. and Mrs. Edward Grogan, who have been taking a five weeks' western trip, returned to Plymouth, last Saturday. Mr. Grogan has resumed his position at the depot and they expect to make Plymouth their future home.

MASONIC NOTICE

The special meeting which was called for Friday night, July 14th, has been postponed until Friday, July 25th, by order of the W. M. GEORGE W. BUCHHEIM, Secretary.

OUR NEIGHBORS

ITEMS GATHERED HERE AND THERE THAT WILL BE OF INTEREST TO OUR READERS.

Milford is to have a hospital. Northville's Chautauqua will take place August 7-11.

The Wayne county share of the state automobile tax collected during the months of April, May and June totaled \$105,011, all of which will go into the highway maintenance fund.

Official records show that 1,547 automobiles of a total value of \$1,255,000, were stolen in Detroit during the first six months of the present year. Only about 20 per cent of the cars were lost permanently.

Mrs. Winifred Coleman is suffering with a broken ankle, at the home of her sister, Mrs. George Alexander, the result of a fall when about to board a car for Plymouth, where she has been employed at the telephone exchange for several months past.

The Northville Board of Commerce has secured a branch factory of the American Lady Corset Company for that place. The Shafter opera house building, the largest building in the village business district, has been leased and is to be remodeled to meet requirements of the new concern. Employment will be given to 100 or more people.

Six Pontiac churches are uniting in trying out a plan for open-air Sunday evening services. They call them a "union payment" service, and the place is a wide asphalt pavement centrally located. A band stand has been built on an adjoining church lawn, and following a band concert the meeting consists of congregational singing and an address by the pastors of the participating churches. Two thousand people congregated for the initial meeting of the series.

Appearance of hog cholera among herds in Webster township has been reported to the county agent, H. S. Oaler, and steps are now being taken to prevent the spread of the disease and to eradicate it from existing quarters. Mr. Oaler has requested that all suspected cases be reported to him immediately. The origin of the infection has not been determined, Mr. Oaler said today.

By all odds the biggest real estate deal ever pulled off in this section was that of this week when M. N. Johnson sold his 160 acre Starkweather farm southwest of town to C. H. Young of this place and his brother, S. A. Young of Detroit. The price was upwards of \$40,000 and includes all of Mr. Johnson's personal farm property, his teams, herd of fine Holsteins and all the crops. In fact all that Jack moved off the farm with yesterday was his auto and a pair of overalls. The farm is one of the best ones in the United States and is very desirably located. S. A. Young of Detroit is a well-known manufacturer being at the head of the Young Product Co., manufacturers of auto parts. The other brother, C. H. Young, is the owner of the Hart farm opposite the

Starkweather farm, and proposes with the two to make a regular western style of agricultural and stock ranch. The deal was negotiated through the Love-Well Farm agency—Northville Record.

Joe Snyder has arrived home from overseas, looking fine and fit and none the worse for his months of arduous service. Joe says he wouldn't have missed the experience for the world, but that Wayne and his own people look mighty good to him, nevertheless.—Wayne Weekly. Joe has many friends in Plymouth, who will be pleased to learn of his safe return.

Howell people are just commencing to realize the gigantic task, heroic daring and tremendous skill necessary for the production of a film like "Mias 13." The thrilling stunts follow one another so rapidly that we don't attempt to keep track. When the headboards were taken out and Miss June Day went over the mill dam there were some pictures and plenty of nerve. When Mr. Fielding was thrown off a moving train there was some more. The Central school fire last Thursday, and getting the "orphans" out used theatre fire, but was very real and a great picture. Romain Fielding and the whole company are simply great.—Reporter.

If you know of an item of news send it to the Mail office

Chamberlain's Tablets These tablets are intended especially for stomach troubles, biliousness and constipation. If you have any troubles of this sort, give them a trial and realize for yourself what a first-class medicine will do for you. They only cost a quarter.—Advrt.

MICHIGAN WHEAT DOUBLE 1918 CROP

21,000,000 BUSHELLS JULY FORECAST; CORN BEST IN YEARS.

More than double last year's yield of wheat and nearly 40 per cent more corn are forecast in the July crop report, the first to be made under the joint auspices of the state and federal crop estimators bureaus.

The condition of all crops is satisfactory, with the exception of oats and barley, which are 14 and 12 per cent below the 10-year average.

A production of 21,000,000 bushels of winter wheat is indicated. The outlook for wheat, corn and rye is termed the best in fifteen years. Only three states show better winter wheat conditions than Michigan, and Wisconsin is the only state which shows better conditions for corn.

The corn average is estimated at 1,707,000 or 6 per cent greater than last year. The oat crop is estimated at 44,385,000 bushels; barley, 6,278,000 bushels; rye, 9,345,000 bushels; beans, 3,654,000 bushels; hay, 2,718,000 tons.

John Krave has started work on his new dam at the Berg and Seven Mile roads. The object of the dam is to beautify the ground by making a small lake set with islands connected by bridges, along with a deer run and other surroundings. This will be one of the finest and most complete homes around Detroit.—Redford Record.

NEW POTATO DISEASE APPEARS IN COUNTRY

"Potato Wart," a disease believed to have been imported to this country from Europe, has recently been reported by the U. S. Department of Agriculture as having put in an appearance in Pennsylvania. Fearing a possible spread of the disease to other parts of the country, the government men are advising farmers to be on the lookout for its appearance and to report any suspicious cases found.

In the potato wart disease the tuber is replaced by a "cantharoid-like" growth," says G. H. Coates, plant pathologist, at the Michigan Agricultural college. "This growth quickly rots away. Anything of this nature should be sent in to the college for identification."

Today's Reflections

Now that the war is over we may be permitted to say that some of the socks knit by Plymouth girls were all wool and a yard wide.

Something tells us that the man who has a cider mill this fall and can get apples to use in it is going to stand a chance of making more than one dollar.

An Illinois mathematician says he can solve any problem. Let him prove it by solving the high cost of living problem.

One well-known Plymouth man said yesterday that when he sees a gentleman coming in an automobile, he gives him half of the road; when he sees a fool coming he gives him all of it, and when he sees a darned fool coming he takes to the woods.

Asking some of the small nations to give up their territory claims is about like asking a small boy to wash behind his ears.

There are some people in Plymouth who would worry over anything, but so far we haven't heard any of them worrying about who will run for president on the Prohibition ticket next year.

There is always something to be thankful for. Maybe if the weather hadn't been so hot the legislature would have stayed in session all summer.

To our way of thinking what the Bolsheviks would like to see is a League of Assassinations.

If Plymouth women have to state their age at the polls, we do not believe there will be many ballots cast by the unmarried ones.

Don't be alarmed when you hear a doleful sound from somewhere in the west. It is only Kansas crying for more farm hands.

We know one Plymouth man who has a good way to beat the races. He plays base ball instead.

We were never curious about it before, but really we would like to know right now what pop is made of anyhow.

Villa is so quiet now that he leads us to believe he can't find anyone willing to donate fifty dollars toward buying him more ammunition.

Noah's greatest mistake was in telling his neighbors instead of the village newspaper, that there was going to be a flood. They'd have believed it if they had seen it in the paper.

It is said that contentment is better than riches—but it's been our observation that most people in Plymouth will take chances with the riches.

The annual Lake Orion Bible Conference will be held from August 2nd to 10th, on Bellevue Island, Lake Orion. A large attendance is expected and there will be a number of noted speakers.

PACKERS CONTROL U.S. FOOD SUPPLY

REPORT OF TRADE COMMISSION REVEALS DOMINATION OF MEAT BARONS.

FIVE BIG COMPANIES IN RING

Bid Fair to Gain Complete Control of World's Markets—Interested in 762 Firms in America.

Washington—An approaching packer domination of all important foods in the United States and an international control of meat products with foreign companies seems a certainty, unless fundamental action is taken to prevent it, the Federal Trade Commission says in Part I of its report to President Wilson on the "extent and growth of power of the five packers in meat and other industries."

"A fair consideration of the course the five packers have followed and the position they have already reached," said the report, "must lead to the conclusion that they threaten the freedom of the market of the country's food industries and of the by-product industries linked therewith."

"The meat packer control of other foods will not require long in developing."

Declaring "the history of the packers' growth is interwoven with illegal combinations, rebates, and with undisclosed control of corporations," the report urged the importance of full publicity of corporate ownership for all industries.

"As to devices for securing control, there does not exist adequate law," the report said. "In its absence unfair competition may run its course to the goal of monopoly and accomplish the ruin of competitors without the secret ownership being suspected and consequently without complaint to the commission or investigation of facts. The competitor is in jeopardy so long as he has not the knowledge of true ownership, and the public is entitled to such knowledge."

The Big Five packers—Swift & Company, Morris & Company and the Cudahy Company—jointly or separately wield controlling interest in 574 companies, minority interest in 95 others and undetermined interest in 93—a total of 762 companies.

They produce or deal in some 775 commodities, largely food products. The report gives this picture of growing packer invasion into related and unrelated industries:

They dominate animal food distribution; are factors in cattle loan companies; are interested in banks, and manufacturing companies that supply all materials needed in the packing and subsidiary industries; control nearly all refrigerator cars; are big factors in distribution of fruits and vegetables. In short they practically control nearly everything, according to the report.

WAR COST AMERICA 30 BILLION

Liberty and Victory Loans Paid 71 Per Cent of This Amount.

Washington—The war cost the United States \$30,177,000,000 up to June 30, 1919. Sec. Glass made this estimate in submitting to the congressional appropriations committee the preliminary statements of the treasury on the condition of the nation's finances.

He arrived at the estimate by subtracting the average peace-time expenses for the same length of time, at the rate of \$1,000,000,000 annually from the total expenditure \$32,427,000,000 during the war.

Taxes and other revenues than borrowed money took care of \$9,384,000,000 or about 29 per cent of the war cost. The remainder came from Liberty bond and Victory note issues and saving stamps.

Further issues of bonds, Mr. Glass said, will not be necessary "before the maturity or redemption of the victory notes," which have four years to run. The treasury is confident that the treasury certificates supplemented by short-term notes will provide the necessary funds to pay the government's debts during the current fiscal year.

Big Cotton Strike in Britain Ended.

London—The Manchester cotton strike, which has tied up the industry throughout Lancashire for almost three weeks, has been settled, after a long conference. The operatives have resumed work on the basis of a 4-hour week and an advance in weekly wages amounting to 30 per cent.

Wants \$10,000,000 For False Arrest.

Birmingham, Ala.—Charging unlawful arrest, W. A. Denson, of Birmingham, in the circuit court of Jefferson county, has filed suit for \$10,000,000 damages against a number of large firms and prominent individuals. Denson alleges that the defendants caused him to be arrested on a charge of violating the espionage act. According to Denson's bill of complaint the charges have been judicially investigated and he has been discharged. The suit is being closely watched.

Germany Must Pay For War.

Germany will raise the reparations imposed on her by tax. The tax program proposed by the government is an appropriation of large foreign taxes on all foreign goods imported during the war; tax on the profits of real estate transactions; and an amendment to the law on the subject of the national debt on the basis of the national debt from the war.

Happiness and Interest.
Personal happiness is almost synonymous with personal interests; the wider the range of the latter the higher is the degree of happiness.
Ellen Whiting.

Some Strange Marrings.
Some hygienic lawmakers would have been in sympathy with the Brooklyn millionaire who maintains that at 80 he was too old to be legally married. In Rome, under the Emperor Augustus, a law was passed forbidding men to marry when they were over 60, and women when they were over 50. Peter the Great, the Emperor of Russia, decreed that marriages should be contracted before the age of 20.

Wings of Martha.
These wonderful business women who have made such a name for themselves in the world are one of the best things that have happened to the world since the invention of the airplane. They are the only women who can fly.

English May Die.
The love of the English still lingers in the affection of the children of England, and in villages many of the old May games have been revived, and the gray playgrounds of the older English children glow with the brightness of May morning.

And a Gentleman. The kind and fond father, a weary man though, asked his small son, watching the night parade, if he was ready to go home.

FRECKLES New in the Time to Get Rid of These Ugly Spots There's no better the distinct need of a special cream of your freckles, as Othello's strength is guaranteed to remove these heathen spots.

THE CUPID CLOCK By AGNES G. BROGAN. Nan went out of the way in order to pass again the shop where the clock was displayed. The clock had fascinated her from the moment that she had first seen it in the jeweler's window—a cleverly fashioned bit of mechanism, the face of the Cupid whose arm encircled it worthy the study of an artist.

"BEST MEDICINE FOR WOMEN" What Lydia E. Pinkham's Vegetable Compound Did For Ohio Woman. Portsmouth, Ohio.—"I suffered from irregularities, pains in my side and was so weak at times I could hardly get around to do my work, and as I had four in my family and three boarders it made it very hard for me. Lydia E. Pinkham's Vegetable Compound was recommended to me. I took it and it has restored my health. It is certainly the best medicine for women's ailments I ever saw."—Mrs. SARA SHAW, R. No. 1, Portsmouth, Ohio.

LONG SEPARATION IS HAPPILY ENDED Pittsburgh Mother and Daughter Are Reunited After 13 Years. Pittsburgh.—After a separation of 13 years, a Pittsburgh mother and her daughter have been happily reunited, culminating an unremitting search by John Englert, 4118 Gleason street, McKeesport, a UPSman in the Allegheny county courthouse.

Electrically Sealed Air-Tight Be Sure to Get WRIGLEYS

Save the Babies INFANT MORTALITY is something frightful. We can hardly realize that of all the children born in civilized countries, twenty-two per cent, or nearly one-quarter, die before they reach one year; thirty-seven per cent, or more than one-third, before they are five, and one-half before they are fifteen!

Why Druggists Recommend SWAMP-ROOT For many years druggists have watched with much interest the remarkable record maintained by Dr. Kilmor's Swamp-Root, the great kidney, liver and bladder medicine.

Value of Magnesium on Cancer. Extensive experiments upon mice, conducted by Dr. Shigenitsu Hamai at Columbia university, lead him to report to the Journal of the American Medical Association that there is serious doubt if magnesium is of any value in treating cancer in human beings.

ASTHMA DR. L. D. KELLOGG'S ASTHMA REMEDY For the prompt relief of Asthma and Hay Fever. Ask your druggist for it. 25 CENTS and one dollar. Write for FREE SAMPLE. Kellogg & Lyman Co., Inc., Buffalo, N.Y.

Why? A man at sixty years of age is either a failure or a success. BEECHAM'S PILLS have been made for sixty years and have the largest sale of any medicine in the World! Millions use BEECHAM'S PILLS

Divorces Husband Who Won't Work San Francisco, Cal.—"Back again, your honor," said Mrs. Ruby J. Horine, dropping into the witness stand in Superior Judge E. P. Morgan's court the other day.

Wrapped to insure its perfect condition in all climates and seasons. Sealed tight—kept right. The perfect gum in the perfect package.

Lift off Corns! Doesn't hurt a bit and Frezzone costs only a few cents. With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of feet.

INCREASE WEIGHT AND VITALITY WITH PHOSPHATE Nothing Like Plain Nitro-Phosphate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force.

Cuticura Promotes Hair Health A reliable preparation of South Africa's natural Cuticura. It is the only hair restorer that restores the hair to its natural color and texture.

Meats in Storage Every working day of the year 75,000,000 pounds of meat are required to supply home and export needs—and only 10 per cent of this is exported.

Meats in Storage (continued) These facts must be kept in mind when considering the U. S. Bureau of Markets report that on June 1, 1919, there were 1,348,000,000 pounds of meats in cold storage.

Meats in Storage (continued) From this it will be seen that "meats in storage" represent merely unfinished goods in process of curing and the working supply necessary to assure the consumer a steady flow of finished product.

OLD AGE STARTS WITH YOUR KIDNEYS Science says that old age begins with weakened kidneys and digestive organs. This being true, it is easy to believe that by keeping the kidneys and digestive organs clean and in proper working order old age can be deferred and life prolonged far beyond that enjoyed by the average person.

BAD BREATH Often Caused by Acid-Stomach How can anyone with a sore, empty stomach, who is constantly belching, have a good breath? All of these symptoms, however, mean just one thing—acid stomach.

Stop That Backache! Those agonizing twinges across the small of the back, that dull, throbbing ache, may be your warning of serious kidney trouble. It is not, as you think, for it might easily lead to gravel, stone in the kidney, bladder inflammation, dropsy or other Bright's disease. So you are suffering with a bad back, have kidney trouble, headache, nervous, dependent attacks or disturbed sleep, you should get the cause of your kidney trouble. Buy the remedy that has been tried out for you by thousands.

Real Bad Luck Detroit.—It's bad luck to wink at a soldier's girl—when the soldier is present. Harry Theismar tipped one wink at Private Keiger's companion. The eye is temporarily closed.

Boy Kills Sister. Lorraine G. Helen Beeger, three, daughter of Elyvester Beeger, was shot and fatally wounded by her brother, Julius, six, when the boy tried to discipline a dog from William Taylor.

Let us send you a Swift "Dollar". It will interest you. Address Swift & Company, Union Stock Yards, Chicago, Ill.

Willard SERVICE STATION

ONE THING MORE

Most car owners know that this is the place to have their batteries tested with a hydrometer.

That it is the place to buy a Bone Dry Battery with Willard Threaded Rubber Insulation—which carries with it the evidence of battery newness.

That it is the place to come for battery charging, repair, and a rental battery.

But, one thing more—it is the place to come, just as soon as you buy your new car, to have your battery registered and get the benefit of the Willard 90-day battery insurance.

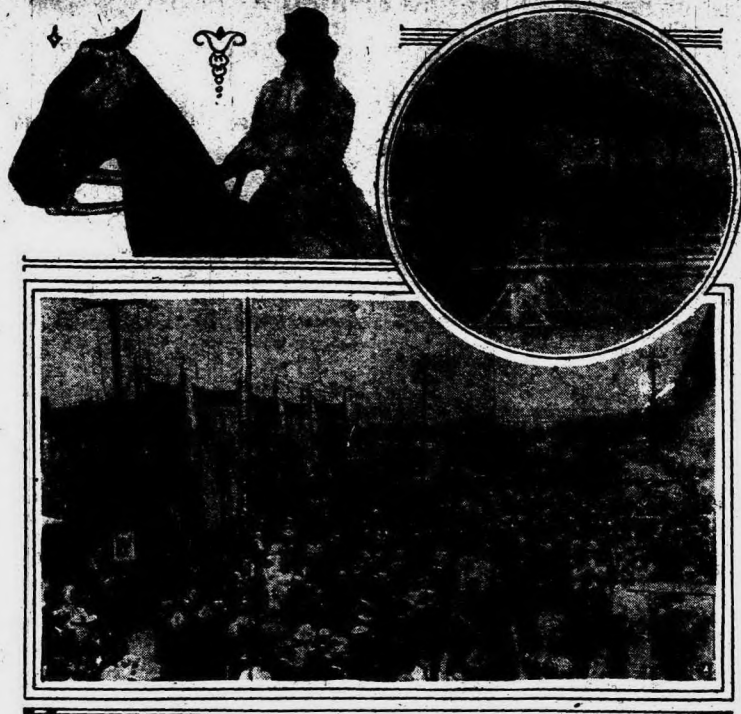

Drive in, whether you have bought a new car or not. Perhaps we can give you some battery information that will mean longer life to your battery and fuller use of your car.

PLYMOUTH STORAGE BATTERY CO.

SOUTH MAIN STREET PLYMOUTH, MICH.

We test, repair and re-charge storage batteries, and always carry a full supply of battery parts, new batteries and service batteries. Come in today. We know we

Taking The Hurdles At The Michigan State Fair

That "Sport of Kings" draws huge crowds to the Michigan State Fair Horse racing and the beautiful animals shown at the horse show arouses the keenest enthusiasm among the hundreds of thousands that visit the exposition, despite the fact that

the automobile has displaced the equine in most households. At the state fair, this year, to be held in Detroit from August 29 to September 7, G. W. Dickinson, secretary-manager, announces that more spirited steeds will be shown than ever before. The picture in the upper left corner shows

a young lady astride a blue ribbon winner in the horse show and the upper right shows the same young lady taking the hurdles in front of the grandstand. The lower picture displays the crowds on the way to see the contests.

DRIVERS MUST APPLY FOR OPERATORS' LICENSES

NEW LAW WILL GO INTO EFFECT ON AUGUST 14.

The following instructions are issued by State Secretary Coleman C. Vaughan relative to issuance by the state of operators' licenses for motor vehicles, which will be required on all cars after August 14:

1. On and after August 14, 1919, every person operating a motor vehicle upon the public highways of this state is required to secure from the secretary of state an operators' license.

2. Fee is fifty cents, which must accompany application; postage stamps will not be accepted.

3. Application must be subscribed and sworn to before an officer authorized to administer oaths.

4. Application must be presented for approval, if the applicant be a resident of a city, to the chief of police of such city; if a resident of a village or township to the sheriff or deputy sheriff of the county in which such village or township is located.

5. It is the duty of the chief of police, sheriff or deputy sheriff, as the case may be, to personally examine such applicant to ascertain such person's ability to properly operate a motor vehicle.

6. According to a written opinion of the attorney general, no officer other than those officers specifically named in the statute, viz.: Chief of police, sheriff or deputy sheriff, is authorized to approve an application.

7. Examining officers are to disregard the line, "limited to operation of....." except in cases where applicants have physical defects as would limit them to the operation of a particular car or cars, such car or cars only to be designated on the said line.

8. No license will be granted by the secretary of state until it is approved by the proper officer.

9. Persons registered as chauffeurs do not require an operator's license.

10. An operator's license does not permit a person to drive a motor vehicle for hire or as an employee of the owner thereof. Such person must register as a chauffeur and pay the registration fee of \$2.00.

11. Every question appearing on the application must be answered, as no license will be issued until full information is at hand.

12. License will not be issued unless applicant is over fourteen years of age.

13. Application blanks will be found at the offices of the county clerks, chiefs of police, sheriffs and deputy sheriffs, and at most garages.

14. In case of the loss or destruction of a license, a duplicate may be obtained by filing in the office of the secretary of state an affidavit setting forth such fact and upon the payment of a fee of 25 cents.

15. Applications will now be accepted by the secretary of state. However no licenses will be issued until August 14th, the date of the taking effect of the act. By accepting applications at this time the department will be able to complete many registrations and thereby avoid delay in the issuance of licenses after August 14th, when the act becomes effective.

16. License fees go into effect August 14th.

17. License fees go into effect August 14th.

18. License fees go into effect August 14th.

19. License fees go into effect August 14th.

20. License fees go into effect August 14th.

21. License fees go into effect August 14th.

22. License fees go into effect August 14th.

THE NORTHVILLE FAIR FOR 1919

The dates for Northville's annual fair are September 24 to 27. The 27th falls on Saturday, and this is an innovation—so far as dates are concerned. Usually fairs end on Friday. However, as Saturday is a half-holiday it will give a lot of people a chance to attend this event, it is believed, who would be unable to attend the other days.

Northville has a real fair and big tents are used to house the exhibits instead of buildings. When all is ready it looks like a big circus-come-to-town.

Inside a very fast half-mile race track is a splendid base ball diamond, where a lively contest will be pulled off each day.

Northville being located in the heart of Michigan's dairy country and one of the greatest fruit belts it gives an advantage over many communities in the way of exhibits.

OBITUARY

James L. Smith, who died at Receiving hospital, Detroit, July 3rd, of apoplexy, was born at Onida, New Jersey, January 26, 1856. He came to Plymouth, Mich., when 13 years of age, where he resided until about 28 years ago. Deceased was married to Elizabeth Johnson, February 14, 1877, and is survived by his widow and one son and five grandchildren. The interment took place at Riverside cemetery, Plymouth, Saturday, July 5th, in the family lot beside two children, Jason and Kittie, who had preceded him to the better land.

A FUTURE "WORLD CHAMP" PREPARING FOR STATE FAIR PHYSICAL CULTURE CONTEST

WALTER J. HORTON.

Walter J. Horton, 6 years old, of 553 Canfield avenue west, Detroit, is preparing for the annual physical culture contest held in connection with the Michigan State Fair. Walter is a champion, having won first place in the class last year. He stands 3-1/2 feet high and weighs 47 pounds.

Physical culture experts, who conduct the contest, each year, declare he is a perfect specimen of boyhood. At the fair, this year, to be held in Detroit from August 29 to September 7, hundreds of boys and girls and men and women who are working for physical betterment during the summer, will be seen in these contests.

G. W. Dickinson, secretary-manager of the fair association, gives this department his personal attention.

If you have anything to buy or sell at the fair, contact the fair association.

Memorial to Great Naval Deed.

Were it possible for the British people to forget that greatly daring naval deed of the war known by the uninspiring title of the Zeebrugge raid, the present movement on foot to commemorate it will assure for it perpetual fame. Happily the initiative has been taken by the city of Bruges, so there is not the slightest element of vainglory in the idea of a memorial to be erected on a suitable site within a few yards of the spot where the blockships Intrepid and Iphigenia were successfully sunk. The actual sinking of these vessels for the purpose of preventing the German submarines using the canal to Bruges, was rendered possible only by the gallantry of the attack made by the old cruiser Vindictive, which was afterward sunk across the fairway at Ostend. Standing on an elevation, the monument will be visible far out to sea.—Christian Science Monitor.

Suspense Worse Than Attack.

There are sailors who will tell you that the actual torpeding of a vessel was not very much worse than the suspense and the many false alarms—any of which might have proved to be an enemy submarine. A merchant captain was looking out to sea one day when in the distance he thought he saw something dark and round. He watched to see whether it would move. It did move, and then suddenly it dived. There was no time to do anything, since he did not know from what direction the torpedo might come. He waited. To his horror the dark, round object rose from the waves only 30 yards away from the boat. He said it was the worst moment in his life until he realized on further inspection that the "periscope" was in actual fact a large seal with a dirty yellow neck and a full crop of whiskers.

Few things are more interesting, according to an Oxford cigar store philosopher, than a woman with a tight skirt trying to get onto a street car.—Oxford Leader.

Fewer Blisters

No tire is blister-proof. If the tread is cut and left unrepaired, so that dirt and sand can force their way into and under it, any tire will blister.

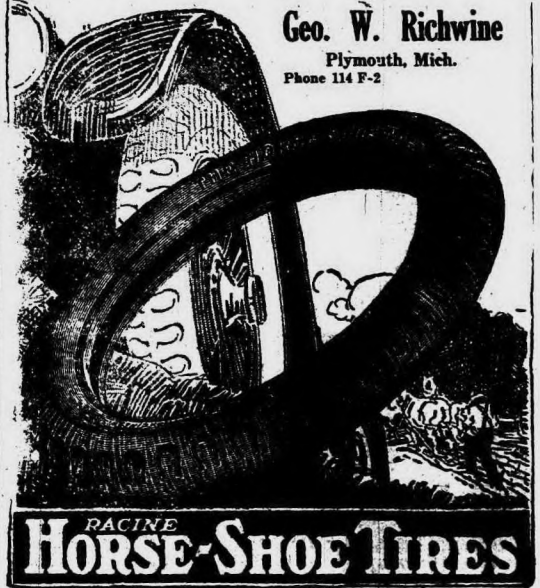

But it is possible to make a tire tread so tough that it resists sharp edges remarkably. And it is possible to vulcanize and cure a tire so carefully that separation of tread from carcass rarely occurs.

Both of these possibilities have been realized in HORSE-SHOE TIRES. They seldom blister.

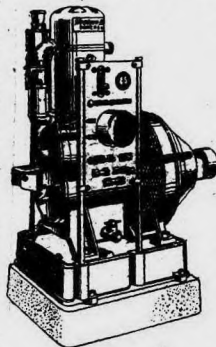

Those who know tires will see in this feature another reason why it pays to

Ford THE UNIVERSAL CAR

The Ford Model T Trucks

The Ford Model T One-ton Truck is now a little over three years old, and we have yet to hear of the first trouble it has given. That's because of the worm drive. Not a bit of the power of the motor is lost through the worm drive. It simply cannot be. Up to the introduction of the Ford Motor Truck, you could only get the worm drive in the highest priced motor trucks. It is too expensive an equipment for ordinary priced trucks. That's one reason why we put it on the Ford Truck. Quality in materials, scientific application of transmission of power, dependability in service and economy in operation are cardinal virtues in Ford production. These are what made the Ford "The Universal Car," and these are the qualities that will make the Ford One-ton Truck "The Universal Motor Truck." In town, in the city, in village and farm, the Ford Motor Truck is the essential necessity because it solves the problem of economical transportation. Come in and let us give you a demonstration. Let us have a chance to point out the superior merits of the Ford Motor Truck. The firm listed below will be only too glad to take your order and give you the delivery with the least delay possible, and assure you of splendid "after service." The Ford Motor Truck sells at \$550.00 without the body, but we will supply you with such a body as you may desire.

Mrs. Elsie Jolliffe left yesterday for Bozeman, Montana, where she will make an extended visit with friends.

Mrs. Peter Gayde is improving the appearance of her home on Stark-weather avenue by a new porch and a fresh coat of paint.

Miss Amelia Gayde, O. F. Beyer and family, William Petz and family and guests, Mrs. Arset and children of Rogers City, spent Tuesday at Walled Lake.

Mrs. Celis Granger and daughter, Isa, of Grayling, have been guests this week of Mr. and Mrs. Burns Freeman and other relatives in Plymouth and Newburg.

The Detroit Edison Co. have made a fine improvement in cleaning up and grading in the vacant lot on the south side of their property on Main street, which they now own.

On another page of this paper will be found a large ad for the Beyer Pharmacy in which they call your attention to the Edison phonographs, for which they have the agency.

Miss Marion Hood of Detroit, and formerly of this place, was calling on Plymouth friends, last Saturday. Miss Hood now has a fine position with the First and Old National Bank of Detroit.

Mrs. Mary Waters of Fowler is visiting at the Nash home.

Mrs. Oliver Martin was the guest of her brother and family at Sarnia, last week.

Mrs. Fred Kaiser visited her parents at South Lyon, the latter part of last week.

Mrs. Henry Hondorp and children are visiting relatives in Grand Rapids, this week.

Miss Madeleine Bennett has gone to Grand Lodge for a week's visit with Miss Helen Shearer.

Mr. and Mrs. H. A. Spicer and daughter, Mabel, have gone to Walled Lake for a two weeks' outing.

Mr. and Mrs. William Rambo and little son of Marlette, have been guests this week at Frank Rambo's.

Miss Verne Rowley was called to Williamston, the first of the week, on account of the death of her father.

Fred Bogart has purchased a bungalow in Ann Arbor, and expects to move his family there the first of September.

William Wood of Detroit, and brother, Thomas Wood of Hamilton, Ontario, were guests at E. C. Leach's, last Friday.

William Westfall and family have moved into the rooms at the rear of George Wilcox's residence on Penniman avenue.

Miss Hildred Lapo of Ypsilanti, and Aubrey Davis of Lake Odessa, were week-end guests of Mr. and Mrs. J. W. Bickenstaff.

Mrs. F. A. Dibble and daughter, Dorothy, and Mrs. W. T. Conner and daughter have gone to their cottages at Walled Lake for the summer.

Mr. and Mrs. F. D. Sherwood and son, Keith, of Kalamazoo, were guests of Mr. Sherwood's uncle, C. O. Sovill, from last Saturday to Monday.

Mrs. Frank Burrows and little daughter, Elizabeth, left Wednesday for New York City, where they will visit Miss Mabel Wallace, formerly of this place.

Mrs. Harry Wilkinson and daughter, Elizabeth, are spending the week with the former's father, Dan Baker. Mr. Baker, who has been quite ill, will return home with his daughter.

Mr. and Mrs. Lester VanDeCar left Monday for Phoenix, Arizona, where they will visit the former's brother, Earl, and family. If Mr. and Mrs. VanDeCar like the western country they may remain permanently.

Mrs. Henry Davis, who has been spending the past month at Petoskey, returned to Plymouth, Tuesday, and left Wednesday for Chillicothe, Ohio, where she will join her husband, Major Davis, who has been overseas for the past year and a half.

Mrs. Louis Reber, son, Edwin, Mrs. William Gayde, Miss Amelia Gayde, Mrs. O. F. Beyer and daughter, Elizabeth, Marion and Helen, and guests, Mrs. John Chasney and sons, Frederick and Clarence, of Bay City, spent Friday at Belle Isle.

The cemetery trustees call attention to the fact that people who use water at the cemetery should remember and shut the water off when they are through using it, otherwise there is a great waste of water, and it takes time to fill the tanks again. Please bear this in mind and there will always be water available.

A new concrete bridge will take the place of the iron structure, which now spans the Rouge at Phoenix. We understand the new bridge will be built where the old bridge used to stand, thus doing away with the sharp turn at the south end of the bridge. We understand the county will build the new bridge, and it is to cost \$30,000. The material is also on the ground for a new concrete bridge over the Rouge near Riverside cemetery.

W. E. Smyth of this village, will attend the convention of the American Optometric Association to be held at Rochester, N. Y., July 20-25, as one of the delegates from Michigan. This convention is attended by the leading optometrists throughout the United States. The program includes a series of educational lectures on twelve subjects by twelve of the most noted authorities on various phases of optics and optometry. Mr. Smyth has made a wide study of optometry, and he has his optical parlor equipped with the very latest methods and devices for correct fitting of glasses. He is a member of the Michigan Society of Optometrists, by which he was chosen as a delegate to the convention. He expects to be gone for a week.

JOHN L. GALE

The Powerful Nash Six

IS QUIET AND ECONOMICAL
Beautiful in line and appointment the roominess and riding comfort of the Nash Six with Perfected Valve-in-Head Motor makes it especially attractive to buyers, and its unusual power, economy and quietness, have caused it to be recognized as one of America's leading motor car values.
