## HOME COMING AND PICNIC

LIVONIA TOWNSHIP WILL HONOR SOLDIERS AND SAILORS, THURSDAY, AUGUST 14TH.

MONSTER BASKET PICNIC AND HOME COMING IN RANK'S GROVE ON PLYMOUTH ROAD.

Next Thursday, August 14th, is to be a red letter day in Livonia township. The citizens of that township have arranged a monster home coming and basket picnic to be given in honor of their returned soldiers and sailors of the world war. The big picnic will be held in Rank's grove, on the Plymouth road, seven miles east of Plymouth. Next in the history of Livonia has such elaborate plans been made to entertain the people. The committee who are in charge have left nothing undone to provide a program of events that will not leave one dull moment throughout the day and evening. Supervisor Daniel McKinnis has requested that all stores and public places be closed and all work cease in the township of Livonia, and give the soldiers and sailors of old Livonia a hearty welcome home.

The Millard band of Plymouth will furnish music all day. There will be various athletic events for which liberal prizes have been offered. At 10 a. m. there will be a ball game between Livonia and Oak for a prize of \$10. At 2:30 p. m., Plymouth and Northville teams will meet on the diamond for a prize of \$30. Aeroplanes from Morrow Field will give exhibition flights. For those who desire to dance there will be dancing afternoon and evening, with music by Stone's orchestra.

The Red Cross ladies will serve dinner to all soldiers and sailors in uniform. Refreshments will be served on the grounds. Autos will meet cars at Newburg at 10, 11 and 12 o'clock.

The citizens of Livonia cordially invite all Plymouth to attend the picnic, and help them to make it one of the greatest events ever staged in Wayne county. Livonia township have always been loyal to Plymouth on every occasion, and the coming picnic is going to be a fine opportunity for Plymouth to show her appreciation of the support that Livonia has always given to us, by a general turning out of our citizens and help our neighbors on the east to do honor to her loyal sons who served in the great war. The Mail would suggest that the business places of Plymouth close during the afternoon, and that make a general half holiday that day to attend the big picnic. For further particulars see program elsewhere in this paper.

## NEW PASTOR FOR BAPTIST CHURCH

Rev. Henry Edwards of Little Rock, Arkansas, has accepted a call to the Baptist church, and expects to be here between the first and fifteenth of September to take up his new pastorate.

## WILL GIVE LAND FOR PLAY GROUND

At a recent meeting of the village commission, Louis Hillman was present and offered to donate a circular strip of land owned by the State, near the intersection of the Plymouth and Livonia roads, which is the first block south of the Park Marguette road. This would afford a fine opportunity for a playground and public recreation which with very little expense could be made. The land is now owned by the State and is used as a playground. Mr. Hillman would like to give to the village as a memorial to his father, the late George A. Hillman, one of Plymouth's prominent citizens. The commission will consider the offer.

## PLYMOUTH BOYS WIN PROMOTION

Walter G. Gordon, a Plymouth boy, employed in the ordinance department at Washington, has just been promoted to a captaincy, an act highly gratifying to his friends here.

Merritt Crumble, son of Mr. and Mrs. G. B. Crumble of this village, has just been promoted to a serjeancy in the 88th aero squadron. Serjeant Crumble has been overseas for nearly a year, and is now stationed at Remerton, France. His promotion comes as a result of his splendid work on missions. His many Plymouth friends will be pleased to learn of his advancement. In a letter to his parents recently, he says he expects to be home in September.

## VILLAGE WILL BUILD NEW FIRE HALL

BAND STAND IN KELLOGG PARK WILL BE REMODELED TO CONTAIN PUBLIC CONVENIENCE STATION.

The village commission are advertising for the construction of a new fire hall and the remodeling of the present bandstand in Kellogg Park. The new plans call for a brick addition on the northeast side of the village hall, 20x36 feet, one story in height, to be used for housing the new fire truck. The plans also call for a hose drying tower, 22 feet in height. It was thought at first that the present village hall could be remodeled to meet the requirements of the fire department, but it was found that the expense would be much greater than to build the addition as outlined above.

The commission are also asking for bids for the remodeling of the present bandstand in Kellogg Park to contain a public convenience station of which Plymouth is greatly in need. The plans call for the raising of the present floor to the top of the present masonry, thus providing ample room for two complete lavatories, beneath. An ornamental railing will surmount the top of the structure, with four corner pillars mounted with electric lamps, the whole structure presenting a very pleasing appearance when completed.

## HOME COMING AND AUCTION SALE

An auction sale with more than ordinary interest will take place on the farm of A. H. Van Voorhis, six miles west of Plymouth on the Plymouth and Ann Arbor road, Thursday, August 14th, commencing at 9:00 o'clock. Some live stock and a quantity of farm tools, etc., will be sold at auction by Sale's well known auctioneer, Frank J. Boyle. One of the big features of the day will be a fine dinner to be served at 11:30 o'clock by the Ladies Aid of the Free Church, under the shade of the maple trees in the Van Voorhis yard. After the dinner a fine musical program has been arranged. There will be a fat man's race, which promises to be some race. Mr. Van Voorhis invites Plymouth and Sale's to join with Superior on this day, and have a jolly good time. See advertisement for full particulars.

## PATCHIN SCHOOL PICNIC AND REUNION

The annual picnic and reunion of the Patchin school will be held Saturday, August 16th, on the school grounds. The program is being prepared by an able committee. A very pleasant time will be had by the students. Everybody is invited.

## BENEFIT SHOW FOR BOY SCOUTS

THE LITTLEST SCOUT WILL BE SHOWN IN MOVING PICTURES AT THE PENNIMAN ALLEN THEATRE, TUESDAY, AUGUST 19TH, FOR THE BENEFIT OF THE LOCAL BOY SCOUT TROOP.

A benefit moving picture show for the Plymouth Boy Scouts, entitled the "Littlest Scout" will take place at the Penniman Allen theatre, Tuesday evening, August 19th. The "Littlest Scout," which tells of the exploits of two highly imaginative and clever children.

The photoplay is thrilling and humorous. Its plot is logical and well constructed and its purpose laudable. The little Blackton children, Charles Stuart, age four, and his sister, Violet, age eight, are the most charming little players the screen has ever seen.

The acting is excellent, the photography, good lighting and tinting effects are shown throughout, and the personal direction of J. Stuart Blackton, one of the greatest producers of the day, has made "The Littlest Scout," one of the finest and most interesting photoplays ever brought to the Penniman Allen theatre.

Those of you who have felt that the average drama of the day is rather too enlightening for the little tots of tender age, without the redeeming features of elevating or educating along the lines you think best, will welcome "The Littlest Scout" as one of those bright, clean and inspiring pictures about which you need have no concern or hesitancy whatever in urging your little ones to see at the Penniman Allen theatre, where it will be shown on Tuesday evening, August 19th. Manager Jewell is, indeed, to be congratulated on bringing this picture to Plymouth, and it is hoped that the substantial support of everybody in town.

## ANNUAL REUNION

The annual reunion of teachers and pupils of the Briggs school of District No. 3, township of Livonia, will be held at the school house in said district on the second Saturday in August, 1919. All who ever taught or attended school here and urgently requested to attend and assist in the program, which will consist of addresses by former teachers, historical reading, music, vocal and instrumental, school reminiscences by pupils and a basket picnic dinner. Come, bring your families and friends and make the day to be remembered with pleasure. Noon dinner. E. F. ALEXANDER, Secretary.

Fertilizer price lists for fall delivery, which have recently been issued, show a drop in prices which ranges as high as 25 to 30 per cent for mixed goods. Acid phosphate is only one dollar a ton lower than last spring's price, but there is a decided drop in all mixed fertilizers. Prof. A. C. Patten, experiment station chemist at M. A. C., says that prices are set now and predicts that there will be no further drop this season. This means that farmers are safe in buying now for fall delivery.

William J. Renton, farmer, of Superior township, on Monday signed a complaint against Harvey Lee, his farm hand, accusing him of the larceny of a horse and wagon, a trunk and some clothing. Renton alleges that while he and his family were absent Monday, Lee hitched up the horse and took his wife and four children to Wayne, with the intention of going to Detroit or Canada. When he returned home he discovered the loss and notified the officers in Ypsilanti, and Deputy Sheriffs Dick Elliott and Stanton A. Ferguson started in pursuit. They found Lee and his family in Wayne. The horse had been put in a stable, and Lee says he notified one of the neighbors to tell Renton where it was. The trunk and clothing was all recovered, and Renton withdrew the complaint when Lee paid all costs and agreed to leave the county. The children were all small and the mother would not have been able to care for them had the father been sent to prison.—Ypsilanti Record.

### DAIRY CATTLE MEN PLAN GREAT MEETING

MICHIGAN HOLSTEIN BREEDERS WILL GATHER AT M. A. C. ON AUGUST 23.

The greatest meeting of dairy cattle men ever held in the state has been set for Saturday, August 23, when Holstein-Friesian cattle breeders will gather on the campus of the Michigan Agricultural college for a big mid-summer meeting and basket picnic. The meeting is to be held under the auspices of the Michigan Holstein-Friesian Association and of the twenty-five district and county Holstein breeders' organizations from over the state.  
Hon. D. D. Aitkin of Flint, the principal speaker of the day, will discuss a state-wide extension and publicity movement in the interests of dairying and of Holstein-Friesian cattle. This proposed work will be carried on in co-operation with the Holstein-Friesian Association of America. The national association, of which Mr. Aitkin is the president, is the largest organization of its kind in the world, having a membership of 15,000, an increase of 3,000 during the past year. This association has set aside a fund of \$100,000 to be used for extension purposes during the coming year.  
The officers of all the local Holstein associations in the state met recently at East Lansing, and voted unanimously to co-operate with the national association in the state-wide campaign in Michigan. The big meeting on August 23 was called primarily for the purpose of perfecting the necessary organization to carry on the work.  
Many of the local associations have cancelled arrangements for picnics during August in order to get behind the state meeting at the college with their entire force, and the committee in charge predict a record breaking meeting.

### DISCHARGED SOLDIERS

CAN RETAIN CERTAIN OF THEIR EQUIPMENT.

SHOULD WRITE TO THEIR CONGRESSMAN FOR FURTHER INFORMATION.

Congressman Earl C. Michener writes from Washington:  
I am just in receipt of an order from the war department, which permits discharged or released soldiers to retain certain of their equipment. The order also provides that men who have been discharged, and who were not permitted to keep their equipment, may make application at this time, and the articles enumerated will be issued to them. The order is lengthy, and I would not ask that you publish the entire order, however as a member in Congress, I am requested to give publicity to this order, and if you desire to make a short note of this matter in your paper, I feel that the discharged soldier will be appreciative.  
You have been very kind indeed in giving generously of the space in your valued paper. Any soldier interested in this matter will be furnished further information upon application to me.  
Very truly yours,  
EARL C. MICHENER

### Today's Reflections

In spite of the peace pact, all nations should continue to teach the young idea how to shoot.

The trouble with near-beer, said one Plymouth man yesterday, is that those who want it feel that it isn't near enough.

We see where the Kaiser is still up in Holland sawing wood. He must have heard some coal dealer declaring that we are in for a long, hard winter.

We don't know very much about skirts, but we've discovered that here in Plymouth the length of the skirt depends a great deal on the prettiness of the ankle.

This government has refused to let Count Bernstorff come back to the United States. Sorry, for we would have liked to get a crack at him on this side of the pond.

An exchange says, "Mexico is just itching for trouble." Yes, and it must be the seven-year itch.

The number of Plymouth boys who never grow up is much less than the number of girls who never grow old.

This old world is certainly in an unsettled condition. And so are most of the war debts.

In some of the large cities they are sending all confiscated whiskey to the hospitals. We expect now it won't be long before all the hospitals in this country will be full.

We heard one Plymouth man say yesterday that he was getting ready to take his summer "vexation."

The sweetest words ever uttered by the food administration are these: "Sugar will become neither scarce or high-priced."

The Plymouth man who still insists that he has to have something with a kick in it might try a hand-cranking automobile.

Mexico has slain another man. But since it was only an American we suppose we'll go right along without asking Carranza to make any more promises.

We never know when we are well off. Here are the people of Brazil rejoicing that sugar has come down to a dollar a pound.

No Plymouth citizen will laugh when he hears that the government will soon throw on the market a million pounds of grapes. For prunes are prunes these days.

**Cure for Dysentery.**  
"While I was in Ashland, Kansas, a gentleman heard me speaking of Chamberlain's Colic, Cholera and Diarrhoea Remedy, writes William Withrow of Des Moines, Iowa. 'I had my son in doubt when it had done for his family, but more especially his daughter, who was lying at the point of death with a violent attack of dysentery, and had been given up by the family physician. Some of his neighbors advised him to give Chamberlain's Colic and Diarrhoea Remedy, which he did, and in a few minutes the child was cured. I had also used the remedy several times before, and had found it to be a most reliable cure for all cases of dysentery, cholera, and diarrhoea.'"

**ONE THING MORE**

Most car owners know that this is the place to have their batteries tested with a hydrometer. That it is the place to buy a Bone Dry Battery with Willard Thunders Rubber Insulation - which carries with it the evidence of battery newness. That it is the place to come for battery charging, repair, and a special battery.

One thing more - it is the place to come, just as soon as you buy your new car, to have your battery registered and get the benefit of the Willard 90-day battery insurance.

Decide, whether you have bought a new car or not. Perhaps we can give you some battery information that will mean longer life to your battery and better use of your car.

Mrs. Alice Robertson has sold her farm of 180 acres south of the village to J. R. Williams of Owensboro, Kentucky. Mrs. Robertson listed the property in the R. R. Parrett agency one day and sold it on the next. Record time that. Mr. Williams purchased the Robertson farm after having traveled over 4,000 miles through Colorado, Nebraska and Iowa. This speaks pretty well for Michigan farms.  
Mr. and Mrs. C. B. Weaver are spending their vacation in eastern Pennsylvania, visiting his mother and family, whom he has not seen for nine years. They hope for a good rest and a fine time. The A. & P. store will be under the management of Mr. and Mrs. Foy during their absence, and they trust that the people of Plymouth and vicinity will accord to their substitutes the same courtesy and patronage they have to them.  
Pere Marquette engineers have been here recently looking up the matter of a new depot for Plymouth, whether the old depot will undergo extensive repairs necessary to put it in proper shape, or whether it will be torn down and a new building erected is not known, but it is altogether probable that a new one will be built, which would seem to be the proper thing. Here's hoping that the work will be started soon for we certainly need something to take the place of the present one.

**THE UNIVERSAL CAR**

### The Ford Model T Trucks

The Ford Model T One-ton Truck is now a little over three years old, and we have yet to hear of the first trouble it has given. That's because of the worm drive. Not a bit of the power of the motor is lost through the worm drive. It simply cannot be. Up to the introduction of the Ford Motor Truck, you could only get the worm drive in the highest priced motor trucks. It is too expensive an equipment for ordinary priced trucks. That's one reason why we put it on the Ford Truck. Quality in materials, scientific application of transmission of power, dependability in service and economy in operation are cardinal virtues in Ford production. These are what made the Ford "The Universal Car," and these are the qualities that will make the Ford One-ton Truck "The Universal Motor Truck." In town, in the city, in village and farm, the Ford Motor Truck is the essential necessity because it solves the problem of economical transportation. Come in and let us give you a demonstration. Let us have a chance to point out the superior merits of the Ford Motor Truck. The firm listed below will be only too glad to take your order and give you the delivery with the least delay possible, and assure you of splendid "after service." The Ford Motor Truck sells at \$550.00 without the body, but we will supply you with such a body as you may desire.
