NOVEMBER

"Christian Americanization"

This is the theme for November. All our Home Mission and much of our general work of the church is for this great end. TRUE AMERICANS. Our American civilization is not yet fully Christian. Though founded on Christian truth and developed on Christian ideals, many national and community sins demand humiliation and earnestness in worship and service. LET'S BE TRUE CHRISTIAN AMERICANS. For God and the Church and the State.

TEN O'CLOCK

Morning worship. A message of instruction and inspiration by the pastor. Devotional music by the choir. Join us in worship.

THE CHURCH SCHOOL

An hour for study and prayer. Religious education and training for service is our slogan.

SEVEN O'CLOCK

Vesper service of song. A community sing of the old Gospel songs. A second message by the pastor on questions men are asking. "Do I have to believe that Jesus is the Son of God in order to be Saved?"

WAYNE ROAD PLAN FOR 1920 OUTLINED

COUNTY ROAD COMMISSIONERS ISSUE ANNUAL REPORT IN BOOKLET FORM NICELY ILLUSTRATED WITH VIEWS OF THE NEW COUNTY ROADS.

The 13th annual report of the county road commissioners has just been issued. It is an interesting booklet of nearly 100 pages, made up of pictures of roads, old and new in various parts of the county. The commissioners outline an extensive volume of work for the next year. Work on the Seven mile road continuation through Northville and west on the Fishery road to the new Tuberculosis sanitarium sight will be continued as long as the weather permits, and the board hopes to open it for traffic this year.

Continuation of the work on Warren road, which will eventually extend to the Wayne-Washtenaw county line, thus giving an artery parallel to Michigan avenue road to carry westbound traffic, is another project for 1920. In addition to this the county will begin the construction of a concrete road into Sumpter township south from Belleville, which is at the southwest corner of the county's famous Outer Belt Drive.

Another big project is the proposed paving of the Telegraph road with concrete from Flat Rock north to Michigan avenue at a point just west of Dearborn. This is to be a federal aid project and the assistance of the United States government and the state highway department will be sought. This road, when completed, is to serve as a main road from the south into Dearborn, Detroit and the northern end of the county.

WHIPPLE-LITZENBURGER

A quiet wedding was celebrated at the Presbyterian manse, last week Thursday at high noon, when Elmore Whipple of this place, and Miss Mary L. Litzemberger of Northville, were united in marriage by Rev. Luther Moore Bicknell. The bride and groom were attended by Mr. and Mrs. George B. Simmons of Northville. Mr. Whipple is one of our most prosperous young farmers, and is well known and highly esteemed. Mrs. Whipple is one of Northville's popular young ladies, and has held a responsible position in the Northville State Savings Bank most creditably. They are spending a short honeymoon in Grand Rapids, visiting Mrs. Whipple's relatives. Upon their return they will take up their residence on the Whipple farm north of the village. The best wishes of the community is extended to the happy couple.

POULTRY SHOW FOR PLYMOUTH

MEETING OF POULTRY FANCIERS HELD AND OFFICERS ELECTED.

At a meeting of the poultry fanciers of Plymouth, Tuesday evening, it was decided to hold a poultry and pet stock show here at 10 o'clock on Saturday, November 1st. The following officers were elected: President—F. D. Schaefer; Vice Pres.—C. E. Bennett; Sec. Treas.—Maxwell Moon; Superintendent—Eugene Brown; and the following judges: Poultry—J. W. ...

WILL ESTABLISH A GAME REFUGE

EIGHTY ACRES OF TIMBER ON OUTSKIRTS OF PLYMOUTH WILL BE USED AS A GAME REFUGE.

John W. Ireland, deputy state game and fish warden, was in Plymouth, Tuesday, looking over the 80-acre timber tract owned by E. J. Corbett of Detroit; E. H. Bennett, E. C. Hough and S. L. Bennett of Plymouth, which has been dedicated to the state as a game refuge, in accordance with provisions which the state law provides for the establishment of game refuges. The timber above referred to lies just south of the village, and is ideally located and well timbered and provided with plenty of brush, which is highly essential to the establishment of a game refuge.

The state authorities will have the property thoroughly posted, and every precaution will be taken to protect the wild game, which inhabits it. A heavy penalty is provided by the state for persons found guilty of shooting birds or animals on game refuges, and the law will be strictly enforced. The owners of the property feel that there will be no necessity for inflicting the penalty, for they believe that everybody will want to co-operate with them in the protection of wild game, which is fast becoming extinct in this county. Deputy Ireland has promised that twenty-five English pheasants will be sent from the state game farm, and that later some deer will also be provided. The idea is a good one and should receive the hearty endorsement of every citizen of this community, and we believe it will.

THE NEWBURG FAIR AND SUPPER

THE LADIES' AID OF NEWBURG WILL HOLD THEIR ANNUAL FAIR AND SUPPER IN THE NEWBURG HALL, THIS AFTERNOON AND EVENING.

Today, Friday, October 31, is the day set for the annual fair and supper, given by the Ladies' Aid Society of the Newburg church. As usual the fair and supper will be held in the Newburg hall, and the ladies have made great preparations for the occasion, which every year attracts a large crowd of folks, who look forward with great pleasure to this happy event. There will be the customary fancy work booth, candy booth, vegetable booth, and the fast food, some old and young delight in trying their luck at the various articles in the pond that are waiting to be hooked. The big feature of the day will, of course, be the supper. Now it is hardly necessary to say it is going to be some "feed" because the Newburg ladies have already selected the best supper ever. That are going to serve out of the supper are: fashioned kind of supper, thought that will appeal to everyone who likes good things to eat in a substantial manner. The supper will be served from 4:30 until 8:00 p.m. Free admission for all. The ladies are anxious to see you all. They are invited to come and have a good time. The tickets will be sold at the door. The ladies of the Newburg church are right to the point.

YOUNG LADY DIES SUDDENLY

MISS MAZIE SHERMAN OF PERRINSVILLE, PASSED AWAY AT PARENTS' HOME LAST FRIDAY.

Mazie Sherman was born July 26, 1904, in Livonia township, and passed away October 24, 1919. She was the only child of Leand and Lena Sherman. She was a graduate of Cooper's school, and had attended the Plymouth High school for two terms, but had to leave because of poor health. She early became interested in the Perrinsville church and Sunday-school, and was a regular attendant. After the death of her grandmother, she made it her duty and pleasure to be a comfort and consolation to her grandfather, and tried to assuage his grief. Just twelve days from the death of her grandmother, she herself passed away. While only fifteen years of age, she had endeared herself to all who knew her, by her thoughtful care and consideration for others.

Funeral services were held at the Perrinsville M. E. church, Sunday, October 26, by the Rev. F. M. Field of Plymouth M. E. church. Interment was in Maple Grove cemetery. The bereaved parents have the sympathy of the community in their great sorrow.

THIRD ROLL CALL

This evening (Friday) at 7:30, in the offices of the Marikham Air Rifle Company, all officers and members of the Advisory Board of the Plymouth Branch of the Detroit Chapter, American Red Cross, also all division chairmen, will meet for the purpose of discussing ways and means of carrying on the third membership roll call. This is important, and a full attendance of the board is requested.

A SERIOUS ACCIDENT

Early Tuesday afternoon, while working in the Marikham Air Rifle factory, Ammon Brown accidentally caught his right foot in the belt of the machine on which he was working, and before help could reach him his leg was twisted, causing a double fracture, both bones of his leg being broken below the knee, one bone being broken in two places. The injured man was immediately taken to his home, where Dr. Patterson reduced the fracture. Later in the day, Mr. Brown was taken to Eloise hospital, where the X-ray was used, returning home the same evening. He is as comfortable as possible at this writing.

Mr. and Mrs. Fred Gray of Mason, were weekend guests of friends and relatives here.

Furnace Time

If you are going to need a new furnace this fall, do not delay placing your order another minute, as it is almost impossible for us to get them from the factory, so great is the demand. We were fortunate in placing our order some time ago, and consequently we have several of the Welcome Universal Furnaces on our floor at the present time. We can fully guarantee this furnace in every particular. Give us your order today and thus save delay.

LIVONIA YOUNG MAN DIES FROM INJURIES

GLEN WILSON DIED AS RESULT OF FRACTURED SKULL IN A DETROIT HOSPITAL.

The whole community was grief stricken last week by the sudden and tragic death of Glen Wilson of Livonia township, which occurred on Thursday. Glen was the son of Mr. and Mrs. Pearl Wilson. On Wednesday, he was working at the Ford factory at Dearborn, assisting in the erection of a large cupola. In descending he slipped and fell some thirty feet, fracturing his skull. He was removed at once to a hospital in Detroit. Upon examination by specialists, it was found that his skull was fractured, and that there was very little hope of recovery. His grief stricken parents were at his bedside until the end came. He never regained consciousness and death, Thursday morning, ended his terrible suffering. The grief and sympathy of the entire community was manifested by the presence of the whole community at the funeral, last Saturday. A larger funeral has not been witnessed in these parts. For almost two hours, friends and relatives passed the remains, taking a last leave of the splendid young life that had been so suddenly taken from them. The funeral service was conducted by Rev. Luther Moore Bicknell, and Mrs. William Bake sang two most beautiful songs of comfort and consolation. The grieving parents have the interested sympathy and earnest prayer of the community in their crushing grief. Glen was born July 20, 1901. He has been devoted to his home and parents, and a splendid, strong, red-blooded young man beloved by a host of friends. Eight of his friends were pall bearers, and bore the casket to its resting place in the Center cemetery. The tributes of friends also manifested in the wonderful display of beautiful flowers that made a flower garden of his bier in the home. The whole community bows in grief and under the shadow of this great tragedy in their midst.

NO EVANGELIST; NO PREACHER

NEW KIND OF SPECIAL MEETINGS; NOVEMBER 16-23.

One of the important features of the program of this great evangelistic year in which the Plymouth Methodist church seeks to win at least seventy-five lives for Christ and the church, is the Win-My-Chum week of meetings, November 16 to 23rd. This is distinctly a young people's evangelistic campaign, conducted by the young people and for the young people. No evangelists to be imported. No preachers to be invited. The pastor of the church will assist at these meetings. Young men and women are to be the speakers in plain, simple presentations of the gospel for the young folk.

The work of meetings will be opened with a monster social gathering of young people, probably on Saturday evening, November 15th, to which all the high school students will be specially invited. The exact character of this special meeting will not be revealed until next week, except to say that a host of young men from out of town will be on hand to help with the plans and fun.

When God's Chosen With the World in the present times that are so full of trouble and sorrow, it is a consolation to know that there are still some who are true to the faith and who are working for the redemption of the world.

LOANS MADE TO SOLDIERS

Loans totaling approximately \$40,000 have been advanced by the American Red Cross for personal use by those who returned from the front with their federal loan for vocational training. These loans are in no sense looked upon as charity either by the donors or the Red Cross, but rather as a part of the financial assistance a part of the war obligation.

RED CROSS AIDS AILING SOLDIERS

Organization Asked by Government to Seek Out Disabled Ex-Service Men.

FREE HOSPITAL CARE GIVEN

United States Pays Compensation While Treatments Are Administered in Public Health Institutions.

The American Red Cross has been asked by the United States government to use its efficient organization to seek out disabled and ill ex-service men, and to try to induce them to accept the government's offer to provide free treatment in public service hospitals, and compensation while the treatment is being administered.

The government estimates that there are fully 50,000 men in this country who are unable to work at full capacity because of wounds or disease contracted in the line of duty who should be receiving this treatment. So far only about 4,000 men have applied for such service.

A statement issued from the national headquarters of the Red Cross in Washington shows that a great misapprehension exists among the discharged men regarding the government's plan.

"Due to misunderstandings and misapprehension a surprising number of disabled service men are scattered throughout the country not knowing the benefits which are still theirs," the statement reads.

"Back to the hospital" after he has donned 'civilian' and tried to keep going at civilian occupation is about the hardest order a soldier wants to hear. Acceptance of the government offer does not mean a return to service. The hospitals are civilian institutions. They are separate institutions, and are not connected in any way with the army or navy.

"The Red Cross is constantly discovering men who, through ignorance or prejudice, are losing the advantages of this wonderful service. So effective has this work become that the government has asked the Red Cross to make this a part of its regular relief work. All that is necessary is for the ex-service man to apply to the nearest Red Cross chapter. Arrangements will be made there for him to enter one of these hospitals after examination by a district public health officer, and if his trouble is the result of service with the army or navy he will be given transportation and admittance to a public service hospital.

The Red Cross is now engaged in maintaining a program of recreation, occupational therapy, meeting the problems arising in the homes of disabled men, household and legal difficulties and affording many miscellaneous services to keep the men who are in the hospitals contented with their lot."

This work of the Red Cross is one of the important branches outlined for its post war work and a part of the funds raised in the Third Red Cross Roll Call, November 2 to 11, will be devoted to this purpose.

LOANS MADE TO SOLDIERS

Loans totaling approximately \$40,000 have been advanced by the American Red Cross for personal use by those who returned from the front with their federal loan for vocational training. Red Cross district officers are in touch with all the district offices of the government and the public health service. They are also in touch with the military and naval departments and the War Department. They are also in touch with the various state and local health departments and the various state and local health departments.

JESSE HAKE, Clerk

PATRIOTIC FUND ASKS \$5,250,000 IN NEXT DRIVE

CITY AND COUNTY WORKERS MERGED INTO ONE BIG BODY FOR NOV. 3 CAMPAIGN.

HOSPITAL ADDITIONS PROVIDED

Schedule of Giving is Made Much Lower Than That of Last Year.

Detroit Patriotic Fund directors have fixed \$5,250,000 as the sum to be raised in the second annual drive which is to be conducted during the week of Nov. 3, in the city and county.

It has been announced that there will be no separate organization of workers in the county this year. Lines of the various districts, however, have

been extended from the city out into the townships and the district organizations will carry on the county work.

Fourteen separate appeals for funds which had been contemplated by hospitals and other community service organizations have been combined in the drive as have appeals which otherwise would have been made by the 55 institutions affiliated with the community union.

Capital Expenditures Budget.

Included in the sum to be asked this year is \$1,988,500 under the head of capital expenditures. This is to pay the cost of the first year of a five-year program of extensions and reconstruction for a number of institutions. It is designed as a start toward relieving the city and Wayne County of the present shortage of 4,000 hospital beds.

The shortage has grown so acute it was found that an average of 100 persons are being turned away from hospitals daily. Only surgical cases are being accepted. Physicians, who have united as workers for the drive, have asserted that the city and county would be in a serious predicament should another epidemic like the influenza epidemic of last year occur or if there were a serious disaster such as a bad train wreck.

Suggested Giving Schedule.

The budgets which go to make up the complete sum include, besides the capital expenditures budget, \$1,988,000 for maintenance of the institutions affiliated with the Community Union, \$664,000 for foreign relief, \$200,000 for the American Red Cross, \$135,000 for the Salvation Army and \$275,000 for reserve. Out of this reserve will be taken funds to meet Wayne County's quota for any drives which may be conducted during the year by any of the endorsed national organizations, making unnecessary further local appeals during the year.

As a guide to the givers this year, following the precedent set last year, a committee of the board of directors, composed of John W. Staley, Clarence H. Booth and Henry Russell have made up a suggested schedule of giving.

The percentages for the larger givers as worked out by the committee is as follows: Income ranging from \$5,000 to \$5,000, 1 1/2 per cent; \$5,000 to \$10,000, 2 per cent; \$10,000 to \$20,000, 3 per cent; \$20,000 to \$40,000, 3 1/2 per cent; \$40,000 to \$60,000, 4 per cent; \$60,000 to \$100,000, 5 per cent; \$100,000 to \$200,000, 6 per cent; \$200,000 to \$500,000, 7 1/2 per cent; \$500,000 and more, 10 per cent.

Guide to Subscribers.

Members of the committee explained that the table is designed in no sense as an assessment but simply was fixed upon after the needs were considered as a means to guide givers in making up their minds as to what their subscriptions this year should be.

Last year's drive was not considered by the committee, the tables being made up altogether from the amounts necessary to be raised this year. Percentages this year in all divisions are considerably lower than the percentages of last year.

Because there is such a large sum asked for hospital additions and other extensions which will be a direct benefit to the workers of the entire county the committee included in the table 1 per cent of the 1919 incomes of corporations. Last year no direct appeal was made to the corporations, but many of them made big subscriptions, to amount to more than the salaries and stockholders. For employees of industrial plants the committee that two days pay be subscribed.

Trade capitalists and district chairmen in speaking at the recent Convention announced that their organizations would be glad to contribute to the drive. They are especially anxious to see that the drive is a success before the expiration of the year. There is no time to lose.

strict and water ready supervisor of the factory workers. Mrs. R. B. Jackson is again in charge of women's work and has named Mrs. E. C. Kansler as her assistant.

Cardinal Mercier, of Belgium, addressed all of the workers at a meeting held in the Arena Gardens last Monday night. Practically the entire organization of some 4,000 workers were in attendance.

Concurrent with the Patriotic Fund drive the annual roll call of the American Red Cross will be held in the city and county. Workers in the Patriotic Fund drive will give all subscribers an opportunity to enroll in the Red Cross and new members for the Red Cross will be sought.

The \$135,000 for the Salvation Army which has been included in the fund to be sought in the campaign, is Detroit and Wayne County's quota of the \$1,300,000 drive of the Salvation Army which was conducted last May. At the time of the drive no campaign was made in Wayne County, with the understanding that the Salvation Army would be included in the big drive to be held Nov. 3.

Enthusiasm is High. Chairman of the various districts in their meetings have announced that enthusiasm for the approaching campaign is as high as it was last year when Detroit and Wayne County electrified the whole country with subscriptions of \$10,500,000 in one week for the "Fill the Flag" drive.

Because of the war it was necessary to postpone extensions of hospitals and other community service organizations, despite their pressing need have been volunteering for work during the drive with the greatest enthusiasm, the district chairman say.

Federated giving for community service work which forms a most important part of the city and county's activities, according to the workers, has proved a big success during the year that it has been tried and the entire county has welcomed the opportunity of having one subscription made an ideally take care of their "bit" for the sick, the injured, the aged and the unfortunate of the community. The success of the trial has been given the plan is in a big measure responsible for much of the enthusiasm which is being shown in advance of the campaign.

PLYMOUTH WILL SEE "EYES OF THE WORLD"

HAROLD BELL WRIGHT'S GREAT NOVEL WILL BE SEEN IN PICTURES AT THE PENNIMAN ALLEN THEATRE, WEDNESDAY, OCTOBER 19.

Readers of Harold Bell Wright's greatest novel, "The Eyes of the World," will be interested in the fact that it has been translated into the magnificent motion picture by the Clune Film Producing Company, makers of the great film spectacle, "Ramona." The new production is to be shown in Plymouth for the first time at the Penniman Allen Theatre, Wednesday, November 19th.

Few stories of the times offer greater scope for such a work. In the matter of scenic beauty, the San Bernardino mountains, the locale of so much of the romance, could not but inspire the producers. As for characterization, the actors have wonderful opportunities in the portrayal of the widely dissimilar characters who figure in "The Eyes of the World."

There is the burnt-out, bestialized rone, Mr. Taine, wrecked by his own excesses, a pitiable apology for manhood, still eager to maintain "the pace that kills," but physically unable to do so.

There is the young and voluptuous wife of Taine, a siren as polished in manner as sinner in purpose, who intrigues to entrap the young artist in her meshes.

There is Conrad LeGrange, the cynical story writer, who confesses that he "haunts the intellectual slaughter-pens" for material for his "successful" stories, but in whose heart still burn many of the kindly sentiments of his earlier days.

There is a young artist, Aaron King ambitious for fame, who is on the point of debasing his talents for an easy way to success and becomes the shining mark for a designing woman.

Indigestion, Bloating, Constipation.

Chamberlain's Tablets have restored to health and happiness hundreds who were afflicted with indigestion, bloating and constipation. If you are troubled in this way give them a trial. You are certain to be pleased for they will benefit you.—Adv.

SAYS FALL CULLING OF FLOCKS NEEDED

SLACKER BIRDS SHOULD BE CULLED OUT—RULES GIVEN FOR SELECTION.

During the fall of the year the surplus birds from their flocks, and it is at this time that they should be culled to call the flocks healthy. Chickens that will strengthen the flock during the following year should be marketed, while on the other hand birds that will weaken the flock or fail to produce enough to pay for their winter's feed should be kept on the farm.

The following rules for proper culling of the poultry flock are given by Prof. C. H. Burgess of the Michigan Agricultural College:

First, the cock bird. If he is powerful and from a good laying strain, if his progeny are quick to mature (that is, if his chickens feather quickly, grow their combs early and commence to crow when they are eight weeks of age), if he is vigorous and healthy, if he crows often during the day, if he is a bit scrappy, if his feathers are of good texture, if he moulted early and grew his new feathers quickly—keep him.

Second, the hen. Send to market those hens that moulted in July or August. A good laying hen moulted late in the year. She drops all of her feathers at a time. If a hen laid well last winter, no matter what her appearance is now, keep her. She will improve the flock. Market the hens that are in full feather—that have those brilliant yellow beaks and beaks. Market those hens that have been lazy during the summer. Market the hen that stole her egg and hatched a brood of chickens in August. Market her brood with

Third, the cockerel. Market the ones that were slow to develop. Market the ones that are poorly feathered. Open the wings and if

MANY FARM BOYS TAKE H. A. C. SHORT COURSE

WINTER SCHOOL OPENED OCT. 27 WITH RECORD ATTENDANCE—OTHER COURSES LATER.

The sixteen weeks course of the special winter work in agriculture at the Michigan Agricultural College opened on Monday, October 27, with the largest enrollment in the history of the "short course" work at the college. More than 100 young men registered in this one course alone, and indications are that nearly 400 will enter the other special courses, which open during the next two months.

The sixteen weeks' course, one in general agriculture, runs for two years and prepares the young men who take it for trained agricultural work on the farms of the state. Other courses which open in the near future and are proving popular with Michigan farm boys are:

Cow Testing and Dairy Barn Management, Dec. 1 to Dec. 12; Experimented Creamerymen's Course, Dec. 15 to Dec. 20; General Agriculture (eight weeks course) Jan. 5 to Feb. 27; Dairy Course, Jan. 5 to Feb. 27; Horticultural Course, Jan. 5 to Feb. 27; Poultry Husbandry, Jan. 5 to Jan. 30; Gardening Course, Feb. 9 to Feb. 20; Beekeeping Course, Feb. 16 to Feb. 27; Farm Engineering, Mar. 1 to Mar. 26; First Track and Tractor Course, Mar. 1 to Mar. 27; Farmers' Week, Feb. 2 to Feb. 6.

Catalogs for the Winter Agricultural Courses may be had by writing to Ashley M. Berridge, Director.

SCHOOL NOTES

The third and fifth overflow raised \$5.12 for the Roosevelt fund. Beniah Coe, William Baka, Howard Dick and Margaret Schaefer have been neither absent nor tardy during September and October.

Corrine Howell has re-entered school after a long illness. The first and second overflow raised \$2.39 for the Roosevelt fund.

The children of the first grade raised \$3.50 for the Roosevelt Memorial fund.

Four Square League Representatives of the League met Tuesday evening at Northville High school, all members being present excepting Wayne. The basket ball schedule for the coming season was arranged as follows:

January 9—Plymouth at Dearborn; Northville at Farmington.

January 16—Farmington at Plymouth; Dearborn at Northville.

January 30—Plymouth at Northville; Dearborn at Farmington.

February 13—Farmington at Dearborn.

February 20—Plymouth at Farmington; Northville at Dearborn.

February 27—Dearborn at Plymouth.

March 5—Northville at Plymouth.

March 12—Farmington at Northville.

The Roosevelt Memorial fund was collected in the High school, last Friday. Our quota was \$40, but we went "over the top" with over \$45.

Try-outs for debating work are to be held November 7.

Plymouth High school has been unsuccessful in her foot ball season in the last few games. The game between Farmington and Plymouth was a great disappointment to Plymouth, the final score being twelve to six in favor of Farmington.

The Farmington team's average weight was lighter than Plymouth's, and seemed to look like a snap to the Plymouth team. The game started with the kick off to Farmington. Plymouth held them and soon the ball was given over to Plymouth.

Plymouth tried a few passes that did not prove successful. They made their gains by line plunges. Plymouth's interference not proving well, they could not make any gains at end runs. Farmington did not make any gains at end runs or line amashes, as our line held all plays they tried to put through. When Farmington was on their last down with a long territory to gain, Plymouth would expect them to punt, but Farmington realized they had two reliable ends and always fooled Plymouth by gaining territory on passes. The half caught the pass and ran with it; then he tackled and fumbled the ball. The referee, not knowing of the fumble, blew the whistle, but before this a Farmington man recovered the ball and ran for a touch-down; the Plymouth fellows, hearing the whistle, did not attempt to tackle him. There was quite a bit of quarreling as to the tackling Farmington did, as they would tackle around the neck. The game ended with a sorry bunch of Plymouth fellows, and a disappointed party of rooters.

IN MEMORIAM In sweetest memory of our dear mother, Amy A. Millard, who passed away three years ago today, October 29, 1916:

We often think of days gone by, When we were all together; A shadow o'er our lives is cast, Our Mother, is gone forever. But she is not dead to those who loved her.

Not lost but gone before; She lives with us in memory still, And shall forever more. And 'tis it comfort, to know That all is well; She kept the faith and followed on, And now she wears the victor's crown.

Oh, may our last end be like hers, When we shall lay our armour down; And then we'll meet our dearest Mother, When our work on earth is done. Sadly missed by her loving daughters,

Methodist Mention

Next Sunday is partnership Day in the Sunday-school and a short program in which several young men and women will participate, will take place at the usual opening service of the school.

The attendance at Sunday-school has been high water mark the past two Sundays. Rally Day and Michigan Go-to-Sunday-school Day may account for this but evidences point to even larger numbers in the coming few weeks.

The November meeting of the Official Board will be held at the church next Monday evening, November 3rd, at 7:30.

The Thank Offering taken by the Woman's Home Missionary Society last week has reached nearly \$30, and money is still coming in. This money will go towards the support of a special worker in the Jesse Lee Home in Unalakleet, Alaska. The amount is about double that raised in previous years and a number of new members for the society have been secured in the past two weeks. Plans are being made for a supper and social gathering for the new members and their families in the near future.

Eight men in Plymouth church's quota for the attendance at the great men's convention in Central church, Detroit, November 12 and 13. Already five men have paid the one dollar registration fee and are lined up for this great gathering of men and it is expected that the church will go over the top on its registrations by next Sunday.

A new interest and an increased attendance in the mid-week prayer meeting have delighted the pastor in the past two weeks. Forty-three people helped to make last week's meeting one of the best within the pastor's recollection.

Last Sunday was a busy day for the pastor, with four sermons preached, one at the funeral of Miss Mazie Sherman, at the Perrinville church. He reached home just in time to attend Epworth League before going into the pulpit for the evening service.

CHURCH NEWS

Everybody Given Chance to Contribute. Those in charge of the campaign have outlined a plan which includes having practically every person in Detroit and Wayne county seen during the one week and offered the opportunity of contributing to the warrentarian causes for which the warrentarian organizations to be benefited by the drive stand. This intensive work, they have estimated, will take approximately 4,000 active campaigners.

Arrangements have been made for a number of big meetings during the campaign. Rabbi Stephen E. Wise of New York will be the speaker at one of these meetings to be held Nov. 7. Other speakers nationally known will be brought here for the other meetings.

RED CROSS PLANS AID IN WAYNE TOWNSHIPS

DETROIT PATRIOTIC FUND DRIVE TO GIVE DIRECT BENEFITS TO WHOLE COUNTY.

TO RAISE HEALTH STANDARDS

Nurses to Be Stationed in Each Community to Give General Public Service.

Out of funds to be raised in the drive of the Detroit Patriotic Fund the Red Cross Public Health Nursing Service plans placing a public health nurse in every township in Wayne County to aid the sick and to carry on a campaign of education for the prevention of disease.

Miss I. C. Johanson, formerly community nurse in Grosse Pointe township, has been engaged to carry on the preliminary work and now is engaged in going over the county arranging for the complete county organization.

"More than 20 nurses will be needed for the county," Miss Johanson said. "Our work is designed to raise the standard of health of each community. It is part of the great peace health program of the Red Cross. Our nurses visit the homes in each community and show how health measures can be carried out with practically no expense. We lecture in the schools and try to make stronger, healthier children by teaching them simple rules of hygiene. Eventually we hope to have both dental and medical clinics established in each community. We also are subject to call at all times in cases of illness."

Red Cross Roll-Call Starts Now. The Red Cross Nov. 2 is to launch its annual roll call with a campaign for \$15,000,000. In Detroit and Wayne County the drive, however, will be limited to the roll call for new members, the county's quota being now in the treasury of the Patriotic Fund from last year's drive. The roll call here will be a part of the Patriotic Fund campaign which will be conducted the week of Nov. 3.

Canvassers for the Patriotic Fund will carry with them pledge cards in which each subscriber will be given the opportunity of directing that \$1 of his subscription be set aside for a membership or for the renewal of a membership in the Red Cross.

The first national step in the preparations for the roll call was a call for 1,000,000 volunteer workers. This was followed by invitations to nearly 2,000,000 active chapter workers by the Junior Red Cross and Boy Scout messengers. Organizations for the roll call have been completed throughout the country and the Patriotic Fund organization of workers which will carry on the work here has been completed fully. As in previous years for every home from which a subscription is obtained there will be given a service flag to be displayed in windows of homes and business houses.

Receipts Given for Subscriptions. Subscribers to the Patriotic Fund's second annual campaign also will be given receipts for their subscriptions as tangible evidence of their donations. In last year's drive a "Fill the Flag" label button was given by the workers to subscribers.

This year, in addition to the button, there will be given a stub from the pledge card which will give the subscriber's serial number, name and address, the total amount of the subscription and the amount paid the solicitor.

Executives of the Patriotic Fund designed the cards with a serial number to make easier the payments of installments on subscriptions. Payments will be made by name hereafter, instead of by number, although the records will contain both names and numbers.

On the back of the pledge card is printed the names of all the organizations which will participate in the \$5, 250,000 fund to be raised during the drive.

District charmen and team captains for the campaign have reported that the small army of workers who will carry on the canvass is nearly recruited.

Out They Go

Never before in Sullivan-Cook history have good clothes passed from our racks to customers' backs as rapidly as they have during the past few weeks.

Scores of men, accepting our invitation to come and make a personal inspection and selection from our remarkable showing of

HIRSH, WICKWIRE CLOTHES

have told us that nothing in the way of style, fabric and custom tailor finish in ready-to-wear clothes, which they have seen begins to equal what they find here.

There's a world of satisfaction in this speedy acceptance of the clothes we purchased for you. We count it a compliment to our buying judgment that men should find such a greater degree of satisfaction here.

And now we sound a word of warning

Good clothes are mighty scarce. It is going to be difficult for us to supplement our present showings and the wise buyer will come now, buy now, and join the ranks of the better dressed men of Plymouth and vicinity, who have found such definite satisfaction in Hirsh, Wickwire Clothes in this store.

THE UNIVERSAL CAR
There are more than 3,000,000 Ford Cars in daily operation in America. This is a little better than half of all the motor cars in use in the country. There is a very potent and profitable reason for this why you should buy Ford cars for your business and for your personal use. It is demonstrated that Ford cars have, in every line of human desire so far as motor cars are concerned, best satisfied their owners with the service given. They must be safe; they must be comfortable; they must be always reliable; they must be convenient and they must be economical; or they wouldn't be so tremendously popular with all classes of people. The big Ford factory has not yet reached actual production, but the war is over, and it is getting back to normal. We are getting a few cars in right along, and we will do the best possible to give you early delivery.

In the morning the text is, 2 Peter 1:19-21. Theme, "The Divine Glory of the Word of the Bible." The text for the evening service is, Revelation 1:10-11. Theme, "I will stand by the Word of God or I will lose Salvation." Sunday-school at 9:30 and at 11:30. Bible study every Thursday evening at 7:30.
The services at Livonia, Sunday afternoon will be in English.
First Church of Christ, Scientist. First Church of Christ, Scientist, services held at 10:30 o'clock, Sunday morning. 10:30 o'clock, Sunday evening. 11:30 o'clock, Sunday school.
Everybody Given Chance to Contribute. Those in charge of the campaign have outlined a plan which includes having practically every person in Detroit and Wayne county seen during the one week and offered the opportunity of contributing to the warrentarian causes for which the warrentarian organizations to be benefited by the drive stand. This intensive work, they have estimated, will take approximately 4,000 active campaigners.
Arrangements have been made for a number of big meetings during the campaign. Rabbi Stephen E. Wise of New York will be the speaker at one of these meetings to be held Nov. 7. Other speakers nationally known will be brought here for the other meetings.

A LINER IN THE MAIL WILL BRING RESULTS

BACK BROKEN; CURED BY FALL

Last Sunday's Detroit Tribune contained the following article from Northville:
"Not until Roy Cramer accidentally broke his back a second time did it mend properly. Ordinarily and figuratively, according to nature's law, he should have met death twice, but since the second injury he is able to climb a telephone pole and run a foot race with the best of them, it is said."
"Cramer, who is line foreman in Northville for the Detroit Edison Co., fell from a pole last year. He was taken to Grace hospital, Detroit, and lived for a long time in a straight jacket made of steel and plaster. He was warned never to climb a pole again. Several days ago one of his men got hold of a live wire and was being burned to death. Cramer went to the rescue, but came in contact with the wire and was thrown 20 feet to the ground. He was picked up unconscious with another break in his spinal column."
"The last injury, which was first thought to be fatal, mended quickly and he is now said to have completely recovered."

STATE DAIRYMEN LOSE MONEY, SPEAKERS SAY

"I have gone into the matter thoroughly and know that there are many Michigan milk producers who haven't been getting enough out of the business to pay their help," said N. P. Hull of Lansing, president of the Michigan Milk Producers' association, at a meeting held at the Michigan Agricultural college, last week.
Professor A. C. Anderson, head of the dairy husbandry department at M. A. C., gave an address on "Is the Farmer a Profitmaker?" Using figures gathered from representative herds in nearby communities, Prof. Anderson showed that money was actually being lost on every cow due to the cost of labor and transportation of dairy products.
A measure was introduced to raise the percentage of butter fat used as a standard sale of products. Jersey dairymen supported the resolution, but it was lost by the opposing votes of the Holstein breeders.
The officers named for another year, were: N. P. Hull of Lansing, president; J. C. Near of Flat Rock, vice president; R. C. Reed of Howell, secretary and selling agent, and H. W. Norton of Howell, treasurer.

NEW DEPARTMENT IN COUNTY SCHOOLS

UNIFORM COURSE OF STUDY
AND OTHER ADVANCE IDEAS
APPROVED.

The first official steps were taken this week towards modernizing the educational system of Wayne county, outside of Detroit, and placing the same upon a higher plane. Following recommendations made by County School Commissioner E. W. Yost, the board of supervisors made an appropriation of \$8,250 with which to start the work and organize a Uniform County Educational System with an Educational Director at its head, the latter position to pay \$4,000 per year.
The first work of the new department will be to make a survey of the school systems of the county for the purpose of recommending and establishing a uniform line of text books and to plan other changes for the betterment of the rural educational system, submitting plans therefor at the meeting of the board of supervisors next October.
School Commissioner Yost, Frank Cody, head of the Detroit city schools, and leading school officers of the villages of the county, have had several meetings on this project and are united in its support. It is possible under the present laws to make very radical changes in the district schools, making them more efficient and all of these matters will be considered during the coming year. The new department will have headquarters in the county building in the same rooms occupied by Mr. Yost and his force.—Courier.

Presbyterian Notes

November is the Christian Americanization month, and we are asked to especially consider the great task of making christian citizens, which is the whole task of the church. A broad survey of the whole field is needed, and the interest and sympathy of the whole church is solicited for this great task. We are challenged to apply christian principles to the complex social and industrial problems, and community betterment. This means that we are not to wait for the application of our methods to the big national problems before we begin practical work, but we are to begin right away and right at home. Christianity began at Jerusalem and worked outward. So with us we must begin right here, and make our own citizens christians. The pastor is preaching a series of sermons on questions men are asking, in order to aid in the search for truth on this subject. Will you come out to the evening service and hear these timely discussions?
The Sunday-school orchestra met this week at Dr. Peck's. Under the efficient leadership of Mr. Millard, this organization will become a great asset to the Sunday-school.
Rev. Mr. Bicknell spent Tuesday in Howell, attending a New Era conference, in which delivered an address on "Study Classes." The conference was well attended and was very helpful and inspirational and instructive.
Come out and help make the prayer service on Wednesday evenings a real success. If you are a member of the church, your place is in the house of God, and not in the hall of mirth and amusement. You owe an obligation to the community that precludes any doubt at all in the matter. If you are not a member you will find the service one to help and encourage you. We are studying the "Social Teachings of Jesus." Come and enjoy them with us.
The evening service is becoming a most popular service. There is offered a fine chance for you to take part in the singing in the Community sing. You will enjoy a good number by the choir, and the pastor will interest you with the timely discussions. You can add mightily to the evening service by being present and joining in the singing and worship. There was a great crowd Sunday night. Come on everybody now and help make this a great service.
The New Era committee is working already, and new names and interesting things are being brought to the attention of the pastor and the workers. Let all co-operate with the committee and become a member and assist in the work.
The monthly meeting of the Sunday-school officers and teachers will be held early in November. Let us plan for this meeting and plan for larger work in the Sunday-school. We all must work for a full quota in membership and enrollment and attendance.
The Girls' Community Club will give a social Friday evening, November 7th, in the basement of the church for the members of the congregation and all their friends. There will be games, stunts and a jolly good time for everybody. Coffee, fried cakes and pumpkin pies will be on sale. No admission fee charged, but a happy smile and a happy heart. Come one, come all, to this old-fashioned party, and have the time of your lives.
The Ladies' Auxiliary begs to announce their annual sale, which will be held Thursday, November 20th, further announcement of which will be made later.

The NEW EDISON

No Needles to Change
Even records of all other makes sound more human when played on The New Edison

Mr. Edison's wonderful phonograph with the diamond reproducer is indeed the king of home entertainers. It brings cheer to the home for every hour and every mood. There is no end of the variety—from comic dialogues to sacred hymns, from vaudeville to grand opera, brass bands, waltzes, two steps, organ, quartets, concerts, etc. No home need be without the New Edison now that we make this special offer by which you scarcely feel the expense.

Thomas A. Edison says: "The New Edison is his favorite invention. For years he toiled, night and day, taking little time for sleep, until he was ready to pronounce his phonograph 'perfect.' But when, at last, he did give The New Edison to the world, he said: 'The music was true to life—just as if the living singer or player sang from the cabinet! Now, on our liberal offer, you need not be satisfied with anything less than Mr. Edison's genuine instrument.'

Great Opera Star Makes Surprising Test

The illustration shows above Cecelia, the well known star of the Chicago Opera Company, singing in direct comparison with the Re-Creation of his voice on the New Edison. Before her, on Cecelia Lazzari and Virginia Lazzari, both leading members of the same company. When Cecelia started singing with the New Edison, Virginia exclaimed: "A deal! And they're able at two times I would if I can tell them apart." Closing his eyes he listened attentively. Gradually Cecelia's song grew softer. Finally he asked: "Why don't you stop?" Cecelia Lazzari sang a second time. "So that I can tell the difference." Cecelia and Virginia Lazzari both sang into the New Edison. The next time you had had been surely lulled. No one could distinguish acts from instruments.

The New Patriotism

Under This Symbol Wayne County Today Pledges Her United Thought and Action

Patriotism has taken on a new meaning in Wayne County. During the war the Detroit district was known from coast to coast for its patriotic work. Our almost incredible achievement in the production of munitions; our quick response to every enlistment appeal; the vast sums of money we raised for Liberty loans, and the Patriotic Fund—all these proved the ardent loyalty of our people during the stirring days of war—proved her ability to meet her problems courageously, unitedly.

The world today is confronted by vast new problems—of reconstruction, of bettering industrial relations, of quickening production to make up for time lost in the war period. Elsewhere there may be relaxation of spirit and energy, a disposition to secure results otherwise that by constructive thought and co-operative work.

Here, however, a new spirit has dawned. Yet it is not a new spirit, but our old-time patriotism in a new form. It is civic patriotism, and it now gives assurance that the same courage, the same intelligence, and the same co-operative energy which we devoted to the service of the nation, we are now ready to devote to our own needs.

This community has learned the greatest of social truths. No man liveth unto himself alone. It has learned that one man's problem is every man's problem. It has learned that only through co-operative thought and effort can the city or the town be made a better place to live in.

During the war a group of prominent citizens organized the Detroit Patriotic Fund for the purpose of co-ordinating work on behalf of various benevolent and relief organizations, both local and national. Everyone knows how successful has been this undertaking. Last May, subscriptions for some ten million dollars were secured in an intensive one week campaign. A large part of this money went to support such war organizations as the Red Cross, Y. M. C. A., etc.; another part maintained the numerous local philanthropies of Detroit and Wayne County. This year the Patriotic Fund is asking for \$5,250,000, mostly for home needs. Nearly 90 organizations are represented in the 6-day campaign starting next Monday, November 3.

THE DETROIT COM- MUNITY UNION

The Community Union was organized in this city in 1917 to secure better co-operation among the county's welfare agencies and the increased efficiency resulting therefrom. Each member organization sends two delegates to sit in the General Council. The Officers and a Board of Directors conduct the business of the organization.

Within the Union various bodies having some function in common organize special groups to promote their particular interests. The Central Budget Committee is a group which raises money for the constituent organizations jointly. The Budgets are carefully checked out by the Budget Committee in co-operation with the Boards of Control of the various agencies. Share-care is exercised, approved by the Board of Directors of the Community Union and of the Patriotic Fund. Money for each agency is made in 121 transactions, usually by check, according to the plan developed through budget discipline.

The Community Union does not interfere with the policies and management of the various organizations.

In the campaign conducted in May, 1919, the Community Union has included for the campaign year 1919 only. However, from 1918 to 1919, the Patriotic Fund has been the recipient of the money for the campaign for the first six months of 1919. The interval between the two campaigns of this year has been bridged through borrowed money. In this year's campaign, therefore, the Community Union will be financed but only for the year 1919 but for the six months of 1920.

At the end of each campaign, the number of organizations carried by the Community Union is usually less than in the previous year. In 1918, 121 organizations were carried, and in 1919, 117. The number of members of the Community Union is also less than in the previous year. In 1918, 1,500 members were reported, and in 1919, 1,400. It is necessary to ask for \$1,500,000 for the year.

**DETROIT PATRIOTIC
FUND BUDGET**

Detroit Community Union \$ 484,000
Children's Home Society 1,500,000
Plymouth Union 624,000
American Red Cross 800,000
Y. M. C. A. 125,000
Total \$3,533,000

THE RED CROSS ROLL CALL

The American Red Cross is asking the country, the same week as the Patriotic Fund Campaign, for \$1,000,000, mostly for foreign relief; there being an average of seven disasters each year, partly for the extensive Home Service program.

The Detroit Chapter of the American Red Cross has enough money to meet Wayne County's quota of this \$1,000,000 drive.

The Red Cross, in addition to the fund, is conducting its annual membership campaign at the same time. Wayne County's quota of members for the greatest of our American charitable societies is 200,000 at \$1.00 per member.

THE SALVATION ARMY

The Salvation Army conducted last spring a national peace time drive for the work in America. Detroit's quota was \$125,000. At the request of the Patriotic Fund, this campaign was not conducted in Detroit but was postponed in order that one more campaign might be eliminated.

FOREIGN RELIEF

After months of exhaustive investigation abroad and at home, through the National Information Bureau, the Patriotic Fund believes these agencies should be solicited to foreign relief:

Jewish Relief \$150,000
Relief in the Near East 200,000
Polish Relief 50,000
French Relief 27,500
Belgian Relief 10,000
Serbian Relief 10,000
Italian Relief 2,000
National Information Bureau 5,000

HOW MUCH SHOULD I GIVE?

The Minimum Proportion of One's
Income to Make up the
Required \$5,250,000

Income ranging from:

\$ 1,000 to \$ 1,500 1 1/2 per cent
\$ 1,500 to \$ 2,000 2 per cent
\$ 2,000 to \$ 2,500 2 1/2 per cent

\$ 3,500 to \$ 4,000 4 per cent
\$ 4,000 to \$ 4,500 4 1/2 per cent
\$ 4,500 to \$ 5,000 5 per cent
\$ 5,000 and over 5 1/2 per cent

Those earning less than \$5,000 should give 5 days' pay.

Corporations should give one per cent of their net income.

The minimum is \$5.00 to be paid once in any month as an essential part of the campaign. It is the responsibility of the donor to see that the minimum is given.

THE BUILDING FUND

Detroit and adjoining Communi-
ties have added thousands upon
thousands to their population, and
millions to their wealth in the last
few years. Our hospitals, char-
acter building institutions, charita-
ble and civic agencies are just
where they were before the war.

Together with Cleveland, we
have the lowest number of hospital
beds per 1000 population of any
city in America. The average city
has six beds for each thousand
persons. We have three. Our
hospitals are so crowded with
emergency surgical cases that other
cases, usually cared for in hospi-
tals, cannot be admitted. Until
this condition is corrected the
health of the community is jeop-
ardized and a tremendous amount
of unnecessary suffering is per-
mitted.

The Y. M. C. A. has postponed
a campaign for extension purposes
twice in the last five years in or-
der to give the right of way to war
and other solicitations.

The Catholic institutions for re-
lief of the poor and social service
to their constituency of young men
and young women, have stopped
their building programs during the
period of the war.

Jewish institutions have post-
poned their campaigns in order to
join in this one campaign for all.

The Patriotic Fund has developed
a program after the most care-
ful consideration, extending over a
five year period, in which it is
hoped these institutions may be
brought to where they can begin
to meet the city's need. The
amounts allowed each agency this
year are as follows:

- Grace Hospital \$100,000
- Harper Hospital 200,000
- Children's Free Hospital 100,000
- Women's Hospital 250,000
- Evangelical Deaconess 100,000
- Y. M. C. A. 200,000
- I. W. C. A. 200,000
- St. Mary's Hospital 200,000
- Florence Crittenton Home 100,000
- Providence Hospital 150,000
- St. Vincent's Orphans 75,000
- Asylum 75,000
- Ford's Men's Orphan 75,000
- St. Vincent's De Paul Ho-
pital 15,000
- Carmelite Sisters 15,000
- Ladies of Catholic Women 15,000
- Jewish Free Aid Camp 15,000
- Y. M. C. A. Home 15,000
- Y. W. C. A. Home 15,000
- Home for the Aged 15,000

THE BEST Teas and Coffees

This store specializes in Teas and Coffees, and you may feel assured that only the very best on the market is to be found at this grocery.

If you are not buying your Tea and Coffee here at the present time, no better time than right now to make the start. One trial will convince you that what you have real, genuine Tea and Coffee value.

Have you sold every man in town a suit?—most everyone I talk with has either had a suit from you or is having one made.

These remarks were made in the store by a prospective buyer.

I'm pleased over the number of orders taken, but what pleases me most is that these customers have become enthusiastic boosters—they're really my salesmen.

I can take your measurements and describe your build so that you'll be pleased with the fit of your garments—for that's my business—but I don't claim to be much of a salesman.

OBITUARY

Glen Wilson, son of Mr. and Mrs. Pearl Wilson, was born in Detroit, July 20, 1901. The following spring his parents moved to Elm, and he resided there until the time of his death.

He attended the Elm school and graduated at the age of thirteen.

He also attended church and Sunday school at Elm with his mother and brothers, and was an active member of Perrinsville Arbor of Glanville at the time of his death. He had a kind and loving disposition, always ready to help others. He was fond of his home and enjoyed helping his parents in any way he could. The life he has lived in this community tells more than we can say in words.

For the past year he was employed at the Ford's auto and machine shop in Dearborn. On October 21st, while employed on the roof of a building, he fell, sustaining injuries which the following day caused his death.

He leaves besides his bereaved parents, four brothers, Harold, Donald, Dale and Elmer, many relatives and a host of friends.

He was laid to rest in Livonia cemetery, Saturday, October 25th, services being held at the home of his parents, Rev. L. M. Bicknell of the Plymouth Presbyterian church officiating.

Light is from our household gone, A voice we loved is still, A place is vacant in our heart and home, Which never can be filled.

A CARD—We wish to thank the many relatives, friends and neighbors, who so kindly assisted during the illness and after the death of our beloved son, Glen.

Mr. and Mrs. Pearl Wilson and family.

Funeral services will be held at the home of his parents, Rev. L. M. Bicknell of the Plymouth Presbyterian church officiating.
