What is the Cool, Clean Klenzo Feeling?

IT IS a freshness like a spring morning on a mountain peak. It spreads over your teeth and tongue. But it's more than a flavor—it's a testimony of thorough cleanliness—cleanness that has extended to the countless little taste nerves and has freed them of the sticky mouth secretions. Any wonder your breakfast tastes better after you use Klenzo? Get a tube to try today.

REV. LUTHER MOORE BICKNELL, Pastor

SEVEN O'CLOCK

Vesper service introduced by a community sing of the old gospel songs mother used to sing. You will enjoy singing them. The choir will have a fine message and the pastor will deliver a third message on questions men are asking:

"Must I Belong to the Church in Order to Be a Christian?"
Come and hear this message

Wednesday evening prayer service. Theme: "Stewardship." "If God is your partner, make your plans large." "All life is a stewardship. Vital energy in whatever form—whether physical or mental, moral or spiritual—is a trust from God."

TEN O'CLOCK

Morning worship. A message by the choir and pastor. The pastor's theme will be,

"Thou Art the Man."
Come and worship with us and you will enjoy the service and fellowship. A warm welcome awaits you.

THE CHURCH SCHOOL

Sessions right after morning service offers to you an excellent opportunity for study and meditation. Classes are open for you, also a training for service class. Come and enjoy this hour.

Old Fashioned Party Tonight—Everybody Invited—All Out

OPENING PARTY A GREAT SUCCESS

PIROUETTE DANCING CLUB GAVE OPENING PARTY IN THE PENNIMAN ALLEN AUDITORIUM LAST WEEK THURSDAY EVENING.

A pretty dancing party was given in the Penniman Allen auditorium last week. The Piroquette Dancing Club gave their first invitation party of the season. About ninety couples were in attendance. The spacious auditorium was beautifully decorated for the occasion, with Halloween colors and emblems. On entering the hall, an acclamation of "O how beautiful" was heard on every hand. Canopies of orange and black ribbon paper were overhanging each window and down the center of the room, while witches, goblins, pumpkins and other appropriate emblems were placed artistically about the walls, and attractive shades covered many of the lights. At the rear of the room, a witch with camp fire, and goblins made the scene more realistic. At twelve o'clock, while the bells were chiming the hour, goblins marched about the room to the strains of weird music played by the orchestra. Credit for the decorations is due entirely to Mrs. Kate E. Allen and Harry Lush, who planned and arranged them not only as a surprise to the guests, but to the club as well. Heaney's six-piece orchestra furnished excellent music and dancing was indulged in until one o'clock. Guests were in attendance from Detroit, Ypsilanti, Ann Arbor, Wayne, Northville, and other surrounding places. The next party given by the club will be held on Thanksgiving night.

JOIN THE RED CROSS

By Hon. Franklin K. Lane, Secretary of the Interior

For the Babies of America who need care.
For the Mothers who do not know how to care for themselves or their babies.
For the Soldier boys in hospitals, who are legless, armless or sightless; for the boys who are slowly coming back from shell shock, and those who are fighting death away, hour by hour.
From Gratitude because your boy came back.
For Remembrance of one who would have you join.
From Love of Mankind, which the Red Cross serves.
Out of Pride in the work done by this American institution.

RED CROSS DRIVE IN PLYMOUTH

CAMPAIGN HERE IS BEING CONDUCTED BY LOCAL BRANCH OF THE RED CROSS.

The local Branch of the American Red Cross are making a drive for memberships this week. Booths in charge of the workers of the local branch, have been established at the Meyer Pharmacy, Corner Hardware Co. and Pettigill & Campbell's stores. These booths will be kept open until Saturday night, when they will close, and the solicitation of memberships will begin. It is hoped, however, that by Saturday night the larger portion of Plymouth citizens will have enrolled in this great organization. All you need is a heart and a dollar.

During the war the Red Cross was concentrated in turning all its energies to extending aid and comfort to the military and naval forces, but with the conclusion of the war the organization is embarking on a program of civilian work, the success of which depends upon the success of the membership drive which has started. Much war work remains to be done. The Home Service department will have charge of the work among the discharged men, while the regular division will continue relief work among the men still in service and those convalescing in hospitals. There is also the regular work such as relief in cases of floods or disasters that the Red Cross must be prepared to do.

U. OF M. PARTY

VARSITY BOYS HERE FOR GOOD TIME.

Rah Rah boys from the University of Michigan, yes, six varsity men from the Ann Arbor campus, are coming to Plymouth to help the local young people have a good time, Saturday evening of next week. They will bring with them plenty of "peg" and the real Michigan spirit and show how college fellows can have a good time. The party will be held in the social rooms of the Methodist church, but all the High school students and other young people of the community are invited.

STATE CONSTABULARY LOCATED HERE

TEN MEN OF THE STATE CONSTABULARY WILL MAKE PLYMOUTH HEADQUARTERS.

A troop of the state constabulary is to be stationed in Plymouth. Capt. Town, has been in the village this week, making arrangements for the troop's removal here from Monroe county, where they have been doing duty along the Dixie highway. The village commission have given permission to Capt. Town to erect the portable barracks of the troop on the old cemetery grounds at the rear of the Presbyterian church, temporarily, or for a few months. Plymouth is the only town selected as an ideal location for a troop of the state police, on account of its proximity to Detroit and its location near any other large cities. The barracks will be in charge of the state police and the state constabulary. The large number of automobiles which have occurred in the vicinity of the barracks, recently, is one of the reasons for the constabulary being located in a town near the city. The constabulary consists of ten men and an automobile. The horses are to be kept in H. C. Robinson's barn. The commission were fully justified in granting the request of the state officers for the use of the old cemetery grounds temporarily, as the presence of the troop here will be an added protection to the property of our citizens.

AGED CITIZEN FOUND DEAD IN BED

William Gates, aged 82 years, was found dead in bed at his home on Adams street last Saturday evening. Mr. Gates had been staying here for a few days, while his housekeeper was in Detroit, and on his return she found him dead. It was at first thought that it was a case of suicide, but after a post mortem was held, and it was found the death was due to natural causes. The deceased is survived by one son, Charles of Cleveland, and one daughter, Mrs. Ella Halts of Leslie. The funeral was held from the Schrader Bros. Funeral Home, Tuesday afternoon at three o'clock. Rev. L. M. Bicknell, conducted the services. Burial took place in the family lot in Riverside cemetery.

Why Do We Offer You

EATON'S HIGHLAND LINEN

THERE is a very good reason why we offer this paper in preference to others. YOU are the chief reason. We offer it knowing that it is of the quality YOU will like—because it reflects the taste in style of envelopes and choice of tints YOU would approve, and just because it is a paper that is YOU to your friends.

When you are passing our way, come in and see some of the new tints and envelope shapes.

Remarkable Thinness.
Prof. J. Perrin has made a study
of soap bubbles—just the kind that
little folks blow with clay pipes—and
he announces that they are five mil-
lionths thick. This means that it
would take more than five million
films of a soap bubble to make one inch
of thickness. While this is getting
down pretty fine, still the elementary
tearful of mica is finer. Mica can be
split down to a thickness of one mole-
cule, which is thinner than the thick-
ness of the skin of a soap bubble,
which suggests that the latter must be
crystalline in structure. Just before
a soap bubble bursts dark spots form
on it. He found that these spots still
darker, smaller spots. These are drop-
lets of water surrounded by strata
condensed upon the membrane. They
are described as being like dust motes
in a sunbeam.

URGES COUNTY PROVIDE PARKS

HINES SEES GOOD EXAMPLE IN GIFT OF SLOCUM'S ISLAND TRACT.

Edward N. Hines, county road commissioner, hopes that the gift of Slocum's Island for a county park is only the first step in a movement which will lead to the establishment of a complete system of county parks. Mr. Hines, who obtained the passage, in 1913, of a state law permitting the creation of boards of county park trustees, says Wayne County's motor problem makes adoption of some such program necessary. "There are more than 80,000 motor cars in the county," he said. "Except for a small portion of the car owners, touring long distances is impossible. The only opportunities for trips come on Sunday, and Wayne county's boundaries are generally the limits of travel. "But with present conditions in the county there is no place to go. The dedication of Slocum's Island and its improvement as Elizabeth Park will afford some relief. But more parks should be obtained either by gift or purchase, to be operated in connection with the county road system as places for the pleasure-seekers to go. "Detroit has long since outgrown its park system, and its population, constantly increasing, will be without anything except a few congested park places in a few years. The establishment of parks by the city alone is not sufficient. The territory outside the city is building up and before all opportunities are gone the county should obtain sufficient sites for the parks it needs. "There is no opportunity for public-spirited men to do their community greater good than in following the example of Elliott S. Nichols and his sisters, who gave property on Slocum's Island to the county. "A program for the county including a complete system of parks, the enlargement of the county road system, with guide posts and lights on the roads, with the roads fringed with trees and shrubbery, is one on which I hope county officials will unite."

BOYS AND GIRLS OF WAYNE COUNTY TO HAVE BIG ROUND-UP.

Looking toward the first annual Round-Up for Wayne county boys and girls is the thought most prominent in every club member's mind these days. County Club Leader, Stewart will be busy this month completing arrangements so that Saturday, November 29th, all the boys and girls who have been in organized clubs this summer will meet at the Plymouth High school. The various clubs which have done splendid work this summer are poultry, canning, gardening, hot school lunch, rabbit, garment-making and corn club. The club members are holding local exhibitions from Nov. 1st, to 22nd, and the ones receiving first, second and third in each project will bring their exhibits to Plymouth on November 29th. Judges will then determine the county champions in each project. Parents, teachers and boys and girls not members of clubs are also urged to come to this meeting. The Ladies' Aid Society will serve dinner at a cost of 35c per plate. A splendid program has been arranged and the exhibits and games will be worth hearing and seeing. R. A. Turner, State Club Leader, from the M. A. C. will be present. Plan on coming now, be there by eleven o'clock and take part in the first big event for Wayne County Boys and Girls' Clubs. G. O. STEWART, County Club Leader, Wayne County

All You Need Is a Heart and a Dollar

NEWBURG

Church service at two o'clock; Sunday-school at 3 o'clock. The primary department, Miss Gladys Smith's class, will meet at the hall for a good time, this Saturday afternoon. On account of teachers' institute there was no school, last Thursday and Friday. The teacher, Mrs. Burger gave a Halloween party, Wednesday afternoon, at the school house for the pupils. They had a great time dressing up as ghosts and goblins, bobbing for apples, and various other stunts. Imo Campbell, who spent a few days last week in Harper hospital for inflammation of the eyes, returned home, Saturday. The annual fair and home-coming of the L. A. S. was a decided success, having cleared, up to date, \$150, with four comforts yet for sale. The hall and dining room were prettily decorated in the Halloween colors. Two hundred and twenty-five partook of a fine supper. A number of old Newburg friends were present: Mrs. Lydia McKnabb, Mrs. Blanche LeVan Cline and sister, Mrs. Syble Eichen, Mrs. Jack Quinn, Mrs. Shirley Grow Tandy, Mrs. Taylor's two sisters, Mesdames Walters and Betzner, all of Detroit; Mrs. Gay Casteline of Flint; Miss Edith Pickett of Northville; Mr. and Mrs. Wall and son, Harold, and daughter, Marguerite, of Denton; Mr. and Mrs. James Norris and Irving Tuttle of Detroit. About fifty of the Gleaners, neighbors and friends rushed in and surprised Edward Taylor, Monday evening, to remind him he had passed another milestone on life's journey. A pleasant evening was spent with music, visiting and games. Mr. Loomis, in behalf of Sunlight Arbor, presented Ed. with a fine gold watch chain. Coffee and sandwiches, ice cream and assorted cakes were served after which the guests departed for their homes, with best wishes for many more happy birthdays. Mrs. Clark Mackinder had the misfortune to fall down the back steps last Saturday evening, hurting her side and arm severely. Mr. and Mrs. J. Taylor and family motored to Manchester, last Sunday, to visit the latter's brother. Mr. and Mrs. L. Clemens and family motored to Ann Arbor, last Sunday. The L. A. S. will hold their regular meeting, November 14. A pot-luck dinner will be served at noon. Mrs. Eva M. Smith is chairman of the committee. Everyone invited. Newburg road is at last being graveled, something that will be greatly appreciated. Rev. John Oliver of Highland Park, a former pastor, visited Newburg church, last Sunday. Mrs. Vice and daughter Nabel of Detroit, visited Mrs. T. Davy over Sunday. Mrs. Rose Hall of Detroit, was an over Sunday guest at the home of Floyd Bassett.

Bible Students

The first few verses of Rev. 7, the Revelation study for Nov. 9. The following are some of the questions to be considered: Who are the four angels (agency) "holding the four winds of the earth"? Have we considered the fact that there is a great significance in these "angel" messengers and "winds of strife"? Who is the angel ascending from the East with the Seal of the Living God (the seventh seal)? Describe the "voice" with which he cried. How is it given to the four angels to hurt the earth? etc., etc. All meetings for the week as usual. Welcome.

A \$4.50 SUIT

The wool that goes into a man's suit that costs—these days—\$50 to \$75, brings the farmer who raised the sheep only \$4.50, according to the official statement of the National Associated Wool Growers! This is one more bit of the evidence which

The COUNTRY GENTLEMAN

is presenting almost weekly that somewhere in the mysterious journey of food and clothing materials from grower to consumer someone is getting more profit than is fair to either farmer or user.

The day of home-carded wool, homespun cloth and homemade garments is past—if it weren't, every one of us would keep a sheep for his winter clothes. But we can't try to find the profiteers who pay the farmer \$4.50 and charge the consumer \$50, and eliminate them—cutting some of the h. c. l. and bringing the farmer and the city man into closer and more friendly relations. THE COUNTRY GENTLEMAN aims to give to every farmer a broader outlook on his own business; to help him to get his just share of the consumer's dollar. You can't afford to miss it at the present low cost of only \$1.00 a year—for 52 big weekly issues. Order through me, today.

What Keeps a Battery Young

To be reliable, a storage battery must have well-made plates.

Battery solution must be proper strength and required purity.

Battery jars must be mechanically strong and must allow no leakage of current or battery solution.

But it's the insulation that keeps that battery full of life and adds months to its term of useful service.

Drop in and ask us to tell you about Threaded Rubber Insulation, and some of the records it has made in keeping batteries on the job far beyond what used to be the battery age limit.

ORGANIZE A FARM BUREAU NOV. 12-13

Delegates from Michigan to assist in organizing the American Farm Bureau federation in Chicago, Nov. 12 and 13 will be elected by the Michigan State Farm Bureau executive council at a special meeting October 30 in Grand Rapids.
 The American Farm Bureau federation aims to be the same in the national field as the state association in their territories, which emphasize correlating and strengthening of all farm organizations, representing and protecting of all the business and economic interests of agriculture.
 According to C. A. Bingham, secretary of the Michigan Farm Bureau, the new national association will be financed and controlled exclusively by farmers.
 The governing body of the federation will be a board of directors, consisting of one member from each state affiliated, and one additional for every 10,000 members in each state.

SCHOOL NOTES

Wednesday night, October 29th, the eighth grade enjoyed a Halloween party at the High School. It was an especially hilarious occasion because the next two days were vacation time.
 Our real program for "Better Speech Week" has been delayed, but the classes are developing the idea in pupil talks before the class.
 Report cards were out for the High School on Wednesday, November 12.
 Mrs. Coello Hamilton visited the Kindergarten on Monday of this week.
 The sixth grade have started using the Curtis test.
 School closed Thursday and Friday, the teachers attending the State Teachers' Association. Plymouth had 100 per cent enrollment in this association.
 Tuesday forenoon, our fire gong rang and all the 671 pupils were safely out of the school house in 2 minutes.
 The Junior High foot ball team played Dearborn Junior High team Wednesday afternoon. The first team plays Wyandotte here today, Friday. This will probably be a close game, as Plymouth defeated Wyandotte last year at Wyandotte, 7 to 6. No doubt Wyandotte will be looking for her laurels where she lost them.
 Various members of the English Literature class attempted to see in how far they could reproduce the swinging narrative of old ballads they were reading. Hanna Strasen wrote the following:
 Daniel in the Lion's Den
 Now Daniel was a holy man,
 A holy man was he!
 To Darius he was like a son,
 To the princes, an enemy.
 A strong decree these princes passed
 That to the king should pray
 Those people, who on bent knees
 asked
 All things from God each day.
 Dan would not pray unto the king!
 They warned him they would cast
 Him in the dreaded lion's den
 If he'd not do as asked.
 Quoth he, "I do not care a bit,
 To God I will be true!"
 So they threw him in the lion's pit,
 Where he'd surely die, they knew.
 When he was thrown into the den
 The lions loud did roar,
 For they had eaten many men
 And had a taste for more.
 But did not harm him in the least,
 For God was his dear friend,
 And held the mouths of these fierce
 beasts
 So him they did not rend.
 The king came early to the den
 He had not slept all night
 "Your God protected you from
 them!"
 He joyfully then cried.
 When Dan stood safely on the
 ground,
 The king devoutly said,
 "Those princes now shall all be
 bound
 And to the lion's fed."

SERVICE IS THE very keynote of this whole establishment. We recognize the fact that "service to the customer comes first."

It is obvious to us that we will succeed in exact proportion to how we serve. If we serve you well we will get your work.

Naturally then, we propose to serve you well—if only for selfish reasons. But there's another side to the story.

We get a lot of fun out of our work—and we take a lot of pride in it. We want you to feel that you can depend upon us—not "usually depend," but "always depend."

We do unusually good motor and tire repairing. We sell unusually good accessories.

Learn to Dance!

Whether it is dancing or singing or just entertainment, cheerfulness becomes a habit in the home that owns the New Edison. Everybody joins in; they just can't help it. If it's dancing, you pull the table and chairs aside, start the Edison, and, at a moment's notice, you can fox-trot, waltz, one-step or anything you want. If it's singing, you just put on your favorite melodies and all join in. Or you can simply sit and be entertained with the best of all opera or classical music.

Yes, the home with a New Edison is a real home—a home united with a common bond of cheerfulness. And a cheerful home is the only kind of a home worth while. Why be without it? Read our special offer and see how easy it is to own the New Edison.

Make a Small Payment and We'll Deliver

The NEW EDISON

No Needles to Change—Even records of all other makes sound more human when played on The New Edison

We will deliver a New Edison to your home and all you have to do is make a small first payment. Play the phonograph one full month. Then start paying on the easiest kind of monthly terms.

We make this offer on Mr. Edison's superb new instrument with the wonderful diamond reproducer. The same phonograph that he perfected after years of the hardest kind of labor. Night and day he toiled taking little time for sleep. He ate while he worked. At last, he was ready to announce to the world that his phonograph, his favorite invention, had been made perfect. Just as he was the first to invent the phonograph, so is he the first to make phonograph music true to life.

Come in at once and adjust your credit on this special offer. Don't be satisfied with anything less, now that you can have Mr. Edison's famous instrument on such easy terms.

Some shoot! Seventeen shooters lined up for the weekly meet. Twelve trophy contestants attended. And remember, there is only one more trophy shoot. Those who have not shot at least three strings for the trophy are disqualified. W. Baxter and M. Murray are in the lead now with eighty-eight points apiece and a possible ninety-two, while W. Murray with 84 and a possible 91, and M. Powell with 85 and a possible 90 are still in the running. Some others are close, but not in reach. First squad next Sunday will be W. Baxter, M. Murray, W. Murray, M. Fowell and R. Wheeler. Time, 2:30 p. m., eastern time, barring circumstances which would cause a delay, such as funerals and special services.

Score for last shoot as follows:

Name	Possible	Scored
H. Passage	100	83
F. Hills	100	80
M. Powell	100	71
J. Patterson	100	70

All club members and any others interested are requested to turn out next Sunday, and help decide the policy of the club for the balance of the season. We would like to have a smoker or a social meeting of some kind. Inasmuch as a supper contest is too expensive, why not have a smoker and let the Ed. Cross serve coffee and doughnuts? Think it over and let us know what you want next Sunday.

Moline Wide Spread Spreader

The Best for Man, Team and Land

REASONS FOR YOUR BUYING THIS SPREADER

1. Makes wide, even spread—saves time and manure.
2. Narrow construction—easily driven through narrow door.
3. Manure thoroughly pulverized by second beater—plants receive quick benefit.
4. Spreads the manure out wide instead of leaving it in streaks.
5. Spreader drives over clean ground—no streaks left—more traction power.
6. Low down—ideal for loading—ample clearance.
7. Light draft—due to roller bearings and short wheel base.
8. Strong and durable steel frame—no wood to rot, warp or sag.
9. Narrow construction for convenience in narrow places.
10. Power for driving apron taken direct from axle.
11. Double ratchet feed permits great variation in speed—spreads any amount desired from one to twenty-four loads per acre.
12. One lever drives entire machine—trouble proof.
13. Endless apron—strong and durable.
14. Beater driving mechanism drives beater only.
15. Automatic pulverizing rake—no attention from operator.
16. Wind shield—allows better work on windy days.
17. Tight bottom spreader for dairymen—prevents loss of liquid manure.

GUNS TURNED ON MISERY AT HOME

RED CROSS, BUCKLING ON FRESH ARMOR, TO TAKE UP INTERNAL WELFARE PROBLEMS.

WANTS MEMBERS, NOT MONEY

Quota Of \$300,000 Asked of Detroit to Be Met Out of Surplus—\$1 Memberships Solicited November 3-8.

The annual Red Cross membership roll-call opens November 3. The third war fund, sought is \$20,000,000. The campaign for both purposes will be run simultaneously. It seeks from the people of America a renewal of allegiance and a mandate for future activity.

With Hun guns silenced, it is the intention to turn the impulse and the machinery of the organization to internal welfare problems and strive to be as beneficial to America's own people in peace as it was to foreign peoples in war.

The work with soldiers and sailors at home, abroad and en route, remains in character what it was during the war, reduced in volume, but still extensive and varied. Already new programs have been announced for nursing, home service, disaster relief, first aid and Junior work. The coming year will be, consequently, a year of completions and beginnings, terminating the old, developing the new.

Gustavus D. Pope, chairman of Detroit chapter, says:

"Is there no more child health problem, no problem of infant mortality, idleness, tuberculosis, destitution, dependency, waywardness, illegitimacy? and no more small town problems with youth running to waste from sheer ennui?"

"Has the war itself left no problems of after-care, no vocational dislocations, no social maladjustments, no misery of individual or family?"

During the war the Red Cross revealed an unexampled capacity for drawing people into combined service. The people responded because they were patriotic. The present summons is still a call to patriotism, enlightened patriotism. It is an imperfect patriotism which remains lethargic until the bugle blows for war. If the country is worth dying for it is worth living for.

Home service is to continue on a definite program of assistance to fighting men and their families, and of extension to others according as the need is discovered.

A plan of disaster relief is being worked out with the Surgeon-General's office whereby the 50 base hospital units equipped by the Red Cross and sent to Europe, shall be kept intact as reserve organizations, distributed in 50 localities throughout the country and equipped with government stores sufficient each for a thousand-bed hospital. Doctors and nurses attached to these units, while returning to their private professional life, will be subject to call in crisis.

It is in contemplation that these units shall be increased to 100 and so disposed throughout the country that any locality swept by sudden disaster will have a source of aid conveniently accessible.

Through the Junior Red Cross the children produced \$10,000,000 worth of Red Cross war supplies. Now that war is over, they and their teachers ask for a continuance of organization activity. It exists for service and education, to inculcate ideals and habits of service, to provide motives for purposeful relief to suffering children throughout the world and to develop international understanding and good will.

"The Red Cross will not be able to solve the vexed multiplying problems of society, now stirred to its very depths," says Joseph H. Schlotman, vice-chairman of Detroit chapter. "It makes no such claim. It is certain that most of us cannot solve them."

"But each of us can, by an act of kindness register his good will to mankind and his responsibility as an acknowledged member of a neighborhood where through the neighborhood is disturbed and distressed. Amid all these temptations and contentions today, one act of unswerving neighborliness shines like a good deed in a naughty world."

In Detroit the chapter has sufficient surplus to meet its \$300,000 quota of the war fund. Hence it will make no call on the public to that particular. It will center its whole energy, instead, in soliciting \$1 members for 1920.

It will be aided by the organization of the National Fund, which opens its \$2,000,000 campaign November 3. The drive continues one week.

A notice will be sent on the fund's subscription cards where the subscribers can specify his wish that \$1 of his contribution shall be applied to 1920 membership in the Red Cross. It will not be an automatic affair, as last year.

Outside the city, Hamtramck, Highland Park and Grosse Pointe, where the National Fund does not operate, the national Red Cross branches will conduct their own roll-call, being up to date on contributions.

Only a Call.

The year 1919 is being inaugurated with a new roll-call. A roll was made in 1918, and it is now time to make a new one. The roll-call will be held on November 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31. It will be held at the same time and place as last year.

OUR NEIGHBORS

ITEMS GATHERED HERE AND THERE THAT WILL BE OF INTEREST TO OUR READERS.

Dearborn wants a public library. A new company to manufacture tractors is being organized at Holly.

The poultry fanciers of Ypsilanti will hold a poultry show the coming winter.

The new pavement from Farmington to Clarenceville was opened for travel, last Saturday.

At a recent sale of Holsteins in Howell, 80 head were sold for \$24,080, an average of \$301 a head.

The taxpayers of Livingston county will hold a special election Nov. 25th, to vote on a bond issue of \$600,000 for good roads.

Mr. and Mrs. William Walter are building a home in Plymouth, and will move there as soon as the house is completed.—Northville Record.

The Northville Automobile club has put up signs on the various roads throughout that section of the country, directing people how to reach Northville.

The township of Dearborn will give the veterans of all wars, who have enlisted from Dearborn township, a banquet at Westwood Inn, November 17th.

Wixom is a small village, but they have a community fair that would do credit to many much larger places. The one held recently was a pronounced success.

Holly will unveil a memorial tablet, November 1. This tablet is of bronze and contains the names of all the boys who served in the late war and were from that township.

Albert Tedder of Geddes set a trap to catch a rat that was annoying the family stores. He and his wife noticed a strong odor coming in their

bedroom window, which had to be closed during the rest of the night. In the morning he had a skunk in the trap.

The idea of Springwells township becoming a village did not appeal to the board of county supervisors because the city members thereof figured that it was only a question of a brief space of time until this territory should be a part of Detroit. It was not considered good business to retard the growth of the city, living and developing at the expense of other taxpayers.

Improvements on the Ford building are going forward at a rapid pace these days, and the old structure is taking on a new appearance each day. The hard maple floors are being laid, and a sky-light is being constructed on the roof of the two-story portion of the building. The grounds are being graded and everything about the place has assumed an air of permanency.—Northville Record.

Mr. and Mrs. W. A. Ely and children expect to leave for Riverside, California, about the middle of No-

vember, to make their home in the future. Northville friends will greatly regret to lose Mr. and Mrs. Ely from the community.—Northville Record.

FRUIT GROWERS WILL CONVENE IN DETROIT

The annual meeting of the Michigan State Horticultural society will be held at the Statler in Detroit, Dec. 2, 3 and 4.

The subject of freight rates will be dealt with very minutely throughout the convention. Rates within Michigan are not on an equal basis and other states are getting lower rates into Michigan than Michigan rate is to them. The discrimination is adding hundreds of thousands of dollars to the fruit costs, which in the end is paid by the consumer. Mr. Coombs, Secretary of the Michigan Traffic League, will tell of the results already obtained and give outline of the future plans. Decision in favor of shippers has just been rendered in the "South Bend case."

The subject of spraying has many new phases and surprising results have been obtained. Mr. Dutton of M. A. C., has had active charge of the experiments carried on by the college, and is well qualified to speak on this subject. The best talent from several other states has been secured, and this meeting will be the most important one from a growers and shippers standpoint ever held. All available space has been allotted the manufacturers of insecticides, spraying machinery, etc. Many reservations are being received by hotels daily, and a large attendance is assured.

Constipation.

Most laxatives and cathartics afford only temporary relief and should be used only for that purpose. When you want permanent relief take Chamberlain's Tablets and be careful to observe the directions with each package. These tablets not only move the bowels, but improve the appetite and strengthen the digestion.—Adv't.

The New Motor Car

The Greatest Improvement In Riding Comfort Since The Introduction of Pneumatic Tires

HERE is a brand new type of car. It solves the problem which has baffled automotive engineers—how to combine riding comfort with light weight and economy.

Our new Three-Point Cantilever Springs make this possible.

These are the first springs of their kind and they are made of chrome vanadium steel. They are exclusive with Overland.

Because of these springs, Overland 4 combines the riding qualities of large heavy, expensive, long wheelbase cars, together with the advantages and economy of small light cars.

With 100-inch wheelbase, Overland 4 has the luxurious riding ease of 130-inch Springbase.

The exclusive, Three-Point Cantilever Springs cushion the car so that it rides well on all roads: they reduce choppy rebounds and side swaying, protect the car from road shocks and prolong its life, minimize twisting or racking of frame and body, enable the car to hold the road better.

The car and passengers ride smoothly as though floating, free from road shocks that the springs ward off.

But this new riding comfort, possible only with these Three-Point Cantilever Springs, is but one of the advantages of Overland 4.

Its light weight makes possible great economy of gasoline and tires.

High quality materials insure durability. All vital parts of the

front axle and steering gear and all highly stressed gears and shafts for driving the car are made of alloy steel.

The equipment list of Overland 4 is high grade, including Auto-Lite Starter and Lighting System—Electric Horn—Marshall Divan Upholstery Springs—Demountable Rims—Three Speed Transmission—Slanting Rain Vision Windshield—Tillotson Carburetor—U. S. L. Batteries and many other high quality conveniences.

In every respect Overland 4 is a quality car. The body is all steel, all enamel, the brightest, hardest, most lasting finish.

Overland 4 has been tested for two years and more than 250,000

miles over the Rocky Mountains, prairies, through deep mud and scorching deserts—through quick sharp climatic changes. As a result of these tests we were able to judge the car's performance under every condition and to perfect it before offering it to the public.

There is no previous car of any size or price to adequately compare with the character of service Overland 4 introduces.

The farther you ride in it the more you will appreciate it. Come in, see the car and ask for booklet. The demand will be greater than the supply for a long time.

Overland 4 Touring, \$845; Roadster, \$845; Coupe, \$1325; Sedan, \$1375. Prices f. o. b. Toledo.

OVERALLS
We confined our buying to fewer styles and colors, but bought large quantities of the plain blue and blue and white stripes. Our stock is large, and we still have unfilled contracts to receive from the manufacturers. We make our regular profit on these overalls and at that sell them for less than the present wholesale cost. We recommend Finck's "They Wear Like a Pig's Nose." Ask a railroad man—he's a good judge of overalls.

SALOW-PANKOW
On Wednesday afternoon at three o'clock a very pretty wedding ceremony took place at St. Paul's Lutheran church in Livonia. The contracting parties were Miss Lina Pankow, daughter of Mrs. Matt. Miller, and Edward W. Salow, son of William Salow of Northville. To the strains of the wedding march, played by Miss Clara Straesen the young couple, attended by the Misses Elsie Rutenbar, Edna Helm, and the Messrs. Lionel Fendt and Ernest Rosow, marched up to the altar, where Rev. C. Straesen officiated according to the very impressive Liturgy of the Lutheran church. About one hundred friends attended the marriage. The bride was gowned in white georgette and carried white roses.
At 6:30 a sumptuous dinner was served to about seventy-five guests at the home of William Salow in Northville. The guests were entertained with music and singing until a late hour. The young people left on a wedding trip for Niagara Falls and later will be at home to their friends at the Salow home in Northville. The bride and groom received many valuable gifts.

Methodist Mention
On Tuesday evening, November 11, the members of the Woman's Missionary societies and their families will be entertained at the church with a pot-luck supper served at six o'clock. The new members of the societies, including both men and women, will be the guests of honor. After the supper a program will be given, which will take the place of the regular monthly meeting.
The November meeting of the official board will be held at the church, next Monday evening, at 7:30. The largest evening congregation since conference was present at the service in the Methodist church, last Sunday evening. There were 102 people present, of whom thirty-six were men. The morning congregation numbered one hundred fifty-eight worshippers.
Plans for Win-My-Chum week are being enthusiastically worked out by the young people of the Epworth League, and special meetings will be conducted by the young people for young people every night during the week of November 15 to 23. It is expected that the audience will be composed mostly of young people, except on Sunday and Tuesday evenings, when the general public will be invited. All the week night meetings, except one, will be addressed by the young people of the community. On Thursday evening, November 20, the speaker will be a well known young people's leader from out of town, probably Mr. Huckle, managing editor of the Ypsilanti Press. Full announcement of meetings and speakers will be made next week.
We are very fortunate in securing a deputation of christian young men from the University of Michigan for the week-end of Nov. 15 and 16, which will give a splendid start for the Win-My-Chum campaign. The college men will get acquainted with our young people in a monster "University social" on Saturday evening, and then will have charge of the services on Sunday, appealing especially to young men and women to line up for Christ in this great day of opportunity for christian service. We are expecting that November 16th will be a great day of inspiration and uplift to the church.
The Standard Bearer girls will have their monthly meeting at the church, next Wednesday evening at five o'clock. A pot-luck supper will be followed by the business meeting and program.

HALLOWE'EN OBSERVED HERE
MERRY MAKING AND MUSIC BY MILLARD BAND WERE FEATURES OF THE OBSERVANCE OF THE EVENT HERE.
Hallowe'en was observed here last Friday evening with greater demonstration than it has been in several years past. The pleasant part of the merry making was that nothing of a malicious nature was done, the being of the frolicsome sort. About 8:30 o'clock a company of funmakers, several of them members of the Millard band, marched from north village down Main street, each in costume and most of them carrying instruments. The procession was headed by a director, who was "dressed for the occasion" and beating time with a broom. On reaching the corner of Main street and Penniman avenue, the director circled his party and several instrumental selections were rendered. In a short time the sound of the music called out a large crowd, and the scene soon presented the appearance of carnival night, as there were many masked figures, gypsies, goblins, ghosts and others in costume promading about and dancing on the pavement. The band later serenaded several business places, Mr. Thornberry, proprietor of the Plymouth Hotel and H. W. Murray being among the favored ones. The usual ringing of door bells, soaping of windows and the lighted jack o' lantern was the entertainment of smaller boys and girls.

A NEW ORGANIZATION
The High school auditorium is the scene of much activity every Wednesday evening, when a goodly number of Plymouth's business and professional men gather there to participate in the various kinds of games and athletic exercises. Setting up a good ball team, playing ball and other athletic sports, is the aim of the organization.
J. J. McLaughlin is chairman. There is an opportunity for all the men of Plymouth who are willing to abide by the rules and regulations. After the exercises are completed there will be a refreshment of the above kind. The men are being formed in some great sport during the coming winter months.
