## TEACHERS ESTIMATE EXPENSES FOR YEAR

The committee of local teachers submit below the expense account promised in last week's issue of this paper. We wish it understood that anything published in these columns is not meant as a criticism of the Board of Education, nor is it anything directed entirely toward local conditions. Of course, Plymouth may be paying what other towns its size pay, but the aim of teachers generally has been to attempt to raise the standards for the profession, and the way to do this has seemed for each group to do some missionary work in its own locality. Neither the State Association, nor the National Education Association, nor any city nearby should be entirely responsible for public information of local people.

We should like to call attention to one thing to be kept in mind when reading the account given below. Housewives wear their street clothes for only part of the day as a rule, and things that may last them two years will, in the chalk dust and with the hard wear from morning till night last a teacher only half as long. More underwear is needed, for the housewife can wash in the middle of the week or at her convenience; the teacher must send hers perhaps to someone who uses chemicals or to someone who is careless.

The usual combination of one spring suit and one winter coat is put in the one-year of expense, because there is needed another year, one spring coat or some thin long coat for wear with summer dresses and occasionally a winter suit or a sweater or a fur.

1 Winter coat or suit	\$50.00
1 Summer coat or suit	50.00
1 Winter dress for good	50.00
1 Winter dress for school	25.00
1 Summer dress for good	25.00
1 Plain summer dress	10.00
1 Skirt	15.00
1 Good shirt waist	10.00
2 Plain shirtwaists	5.00
2 Hats (summer and winter)	20.00
1 Pair kid gloves	3.00
1 Pair silk gloves	1.50
1 Pair Chamotte Gloves	1.25
1 Pair high shoes	12.50
1 Pair white shoes	7.50
1 Pair oxfords	10.00
2 Pair Rubbers	2.00
2 Pair Silk Hose	5.00
1 Pair cotton hose	3.00
4 Silk undershirt	6.00
2 Cotton undershirts	5.00
3 Corset covers	2.50
3 Knit undersuits	3.00
2 Nightgowns	4.50
2 Corsets	5.00
1 Kimono	3.00
1 Dozen handkerchiefs	1.50
3 Towels	1.50
6 Washcloths	.50
Cleaning, pressing, etc.	10.00
Incidentals (shoe repairs, collars and cuffs, ribbon, ties, etc.)	10.00
	\$358.25

It should perhaps be mentioned that the figures of \$358 for the grades mentioned last week included a bonus of \$50 granted at the beginning of the school year.

The clothes expenses of Tecumseh teachers was found to be \$344.50 per year as compared with that of local teachers of \$367, but their total yearly expenses were \$396 as compared with \$368 of local teachers.

## THE MATRONS CONTEST

The ladies who took part in the Matrons Contest at the High School auditorium, Wednesday evening, all did so well that the judges, Miss Allen, Miss Gill and Mrs. Ross had considerable difficulty in choosing the winners. They finally decided that from a technical standpoint, Miss Charles Rovee took the honors, while Madeline Kester, White, Humphries and Dickie all tied for second place.

At a meeting of the High School orchestra, under the leadership of Miss Rovee, several songs and numbers were given, the winners of the contest, the quartet of Miss Rovee, Miss Gill, Miss Calvin and Miss White, accompanied by Miss Rovee on the piano, all sang in a most pleasing manner.

## DEATH OF A GOOD CITIZEN

ARTHUR TAIT PASSES AWAY AT NORTHVILLE TUESDAY MORNING AFTER LONG ILLNESS.

Arthur Tait, a highly respected citizen of Plymouth, passed away at the home of his aunt, Mrs. Alma Tait, at Northville, Tuesday morning at 2:30 o'clock after an illness of several months. Mr. Tait was a man of sterling worth and character, and it was these characteristics that gained for him a large circle of friends and acquaintances, who sincerely regret the passing of a good friend and citizen. The funeral services were held at the home of Williams street, Thursday afternoon at 2:00 o'clock, Rev. Frank M. Field officiating. Interment in Riverside cemetery.

Arthur Tait was born in Nankin township, Wayne county, and was fifty-one years of age. He was the youngest son of John and Elizabeth Tait, pioneers of that township. On November 17, 1892, Mr. Tait was married to Miss Susie Wilson, of Wayne, who survives him. He also leaves four brothers, James of Alderson, West Virginia; George and Julius of Northville, and William Tait of Plymouth. Mr. Tait was a member of the Modern Woodmen of America at Northville.

## AGED CITIZEN PASSES AWAY

SEYMOUR ORR, AGED 81 YEARS, DIED AT THE HOME OF HIS SON HERE LAST SATURDAY.

Seymour Orr passed away at the home of his son, Fred Orr, on Maple avenue, last Saturday, aged 81 years. The funeral services were held from the home Tuesday afternoon, Rev. Frank M. Field officiating. The interment took place in Newburg cemetery.

Seymour Orr was born November 23, 1839, in West Bloomfield, Oakland county, Michigan, where his early life was lived. On May 9, 1872, he was united in marriage to Miss Nellie Bennett at Plymouth, after which they lived for a number of years in Livonia township. Later they moved to a farm in Salem township, which continued to be his home for about twenty-five years, until his removal to Plymouth with his son a few months ago. Mrs. Orr was taken out of the family circle, November 9, 1917, and the husband survived her by a little more than two years, being taken to his rest February 28, 1920. Two children remain to mourn the loss of their good father, Fred J. Orr of Plymouth, and Mrs. Blanche Campbell of Livonia; besides two sisters, Mrs. Harriet Seeley of North Farmington, and Mrs. Susan Tremper of Pontiac.

Mr. Orr also had many friends who speak most highly of his sterling worth and character. He said he was ready for the call, which he had awaited for some time, since he had lost some of his physical powers and had been in feeble health.

## DETROIT MAN HERE SUNDAY

FROM ALEXANDER-RICE MEETINGS.

Arrangements have been made whereby Plymouth people may get into touch with the great Alexander-Rice meetings now going on in Detroit, in which Charles M. Alexander, the greatest living song leader, and his party from England, are participating.

Next Sunday morning at 10:00 o'clock, Fred Schnaple, one of Detroit's leading christian men and superintendent in the Sunday-school of the North Woodard Methodist church, will speak in the Plymouth Methodist church, and tell of the great bible revival going on in Detroit. Thousands of copies of the bible and new testament are being given away, and many who never read the bible before are beginning the practice of carrying it with them and reading a chapter every day.

The local Methodist church is lining up on this new bible campaign, endorsing the Pocket Testament League, of which Charles M. Alexander is the head, and hopes to put hundreds of new testaments into the hands of Plymouth people in the next few weeks. Rev. F. M. Field and William Sutherland were in Detroit, last Monday morning, and it is through his courtesy that the speaker from his party is furnished for next Sunday.

## Something to Know About Plumbing

Here is a way in which you can save money. When a leak develops in your home, or a faucet needs repairing, try to find out, before you call us, the exact nature of the work to be done.

The sizes and shapes of piping, joints and elbows vary in each home. It is hard to tell, from the brief information gained in a hurried phone call, just what the nature of the trouble is.

Sometimes we are able to make the necessary repairs without having to procure special parts. Generally, however, we have to send back to

our store for fittings, which we would have brought with us if we knew the exact nature of the work to be done.

One unacquainted with the plumbing business cannot always explain just what is needed. But the more complete the information which you give us before we call, the better prepared we shall be, to make the necessary repair. This will save not only our time, but your money.

Customers find our repair work neat, satisfactory and our prices fair.

Call on us when anything goes wrong.

"I'LL NOT PAY IT"  
The answer to the high cost of living problem, according to a market and financial expert, writing in a Chicago paper, is "I'll not pay it." He says it would work a hardship on the merchant who has laid in a big stock of goods, but he also says that people fix the prices anyway and they can lower them by refusing to buy at what seem to be exorbitant prices. If no one would pay \$15 for shoes, there would be no \$15 shoes. If women would refuse to buy five dollar hose, no merchant would be asking five dollars for them. It all seems simple enough, but how can a woman say, "I won't pay it," for bacon and eggs and bread, when she has children and a hungry husband back at the house waiting the call to eat. So the expert is only partially correct in his argument. It may not be generally known, though we think most Plymouth people realize it, but the merchants are doing all they can to lower prices. They refuse to buy heavily at prevailing prices. They are telling the wholesaler they are not going to buy his expensive stuff a minute longer than they have to. They are discounting bills where possible to give their customers the benefit of the saving. But their hands are tied, and few of them are making the money now that they made before people were tempted to turn away from the counter with that "I won't pay it" protest.

**DYING NEWSPAPERS**  
We need our newspapers in this country as much as we need our business houses, our schools and our churches—and yet during the year 1919 almost 2,000 papers were permitted to die because paper, ink, type and labor practically doubled in price, while the subscription and advertising rates were not advanced accordingly. In other words, 2,000 editors proved they were poor business men, because every man in business raises the price of his product the moment it costs him one cent more to produce it, and the retailer raises the price to the consumer the moment the wholesaler charges more. A free press is absolutely necessary to a free country, for the newspapers are always to be found on the side of good government. Everyone reads them. One may only scan the headlines; another the sensations; father wants the markets; mother the personal columns; son the athletic news, and daughter the fashions. "Trade hardly dooms the busy day begun, Till its keen eye along the sheet has run; Growing daughter throws her noble by, And reads her schoolmate's marriage with a sigh. While the grave mother puts her glasses on, And gives a tear to some old cronie gone. The preacher, too, his Sunday thimble lays down, To know what last new folly fits the town."

We have never heard of anyone succeeding at anything without a definite plan. If you have planned nothing in your life, better back up and take a fresh start. There is something wrong with your "internal works." Your head was given to you, but it remains to be seen if you are eternally keeping it on your back. If you are not, it better be taken off and put on your chest, and then you won't be bothered with headaches. Now that the Free Methodist Church has been back to Plymouth, we hope they will look for the same success.

**ST. PETER'S LUTHERAN CHURCH PROSPERING**  
On Wednesday evening the members of St. Peter's Lutheran church held their annual meeting at the church auditorium, to consider the present state of the church and to elect officers. It was found that under the leadership of the present pastor, Rev. Charles Strasen, the church was visibly prospering. The attendance at services is good, new members are constantly coming in, and a nice surplus was found in the treasury. There is preaching in both English and German every Sunday, English bible lecture every Thursday and English Sunday-school, and this has brought many to this church who formerly never came. August Schultz and family, Ed. Schumann and family, Charles Nasa and wife, Adolph Kehrl, wife and son Floyd, were taken in as new members in this meeting. William Blunk was re-elected as one of the elders of the church, and Fred Beyer was elected one of the trustees in place of Christ Drews, whose time expired. In appreciation of the faithful services of the pastor, the members voted him an increase in his salary of \$100.  
**POLICE FIND ILLICIT STILL**  
Members of the state police searched the premises of Harry Levine at Waterford, Tuesday, and discovered a whiskey making outfit, together with 350 gallons of mash, 425 pounds of sugar and 15 gallons of whiskey. Levine was later arrested by the troopers on the seven mile road and brought to Plymouth, and taken before Justice Patterson, Wednesday, when he pleaded guilty and was bound over to the circuit court for trial. Bail was fixed at \$1,000 with two sureties.

The boys' basket ball game, which was between the junior and senior class, ended with a score of 16 to 11 in favor of the junior class, which gives them the school championship. The line-up was as follows:  
Juniors: Walker, R. F.; Tait, L. F.; Miller, J. C.; Wisley, R. C.; Freydl, L. G.  
Seniors: Roe, Clemons, Doubt, Karki, Weid.  
The best basket ball game of our season will probably be played Friday night at the High school auditorium, when the local teams entertain those representing Northville High school. Plymouth is the only team which thus far has defeated the Northville girls, and to say the Northville girls will probably endeavor to make it a fifty-fifty break with the Plymouth girls' team is stating it very conservatively. The Plymouth girls on the other hand are just as decided in their attempt to make it two wins instead of a fifty-fifty season with Northville.  
The staff for the Plythean was elected by the High school last week, and got down to real business at its first meeting on Monday last. It is constituted as follows:

Literary Editor—Hanna Strassen  
Society Editor—Adelaide Gotliab  
Art Editor—Laverna Sly

**Today's Reflections**  
Most everything wears out in time, and you don't hear as many jokes about near-beer now as you once did.  
The Plymouth man who says the value of a dollar is still one hundred cents hasn't been out shopping with his wife lately.  
The fellows who married in February never stopped to think how short a time it would be until bills came due the first of March.  
Maybe Holland also has a fuel shortage, and that's why she's anxious to keep the ex-Kaiser over there sawing wood.  
According to one bright Plymouth man, its funny satan didn't think of making hard cider out of that apple before he handed it to Adam.  
So many people are getting crippled by autos the only safe way these days is for pedestrians to buy machines and join in the game.  
Some women make light of everything, but here in Plymouth most of them are satisfied with the original color of their hair.  
Anyhow, it looks to us that no matter what they do with the ex-Kaiser, he isn't going to get much fun out of life.  
We are also puzzled to know what our politicians are going to find to talk about after they've disposed of the peace treaty.  
The Plymouth boy who thinks he can marry a girl without marrying the whole family, doesn't know much about matrimony.  
The main trouble with most of us in we are willing to have prices come down, but we don't want wages to tumble with them.  
And what has become of the fellow who predicted that as soon as the country went dry there would be a little private still in every home.  
Sometimes a Plymouth woman is so afraid folks won't know her son is a genius, she blabs it right out in company.  
When two men are after the same girl, it doesn't make much difference which one she marries. She'll always wish she'd taken the other one.  
The man who talks about improving his home, but doesn't jump in and help do it, is of no more account to the wheels of progress than the squeak is to an axle.  
What keeps some Plymouth men so far behind is they spend too much of their time trying to "get even" with somebody.

WOMAN'S LITERARY CLUB

A special meeting of the Women's Literary Club will be held at the Kluge building, 1000 Michigan street, on Friday, March 5, 1920, at 8:00 P. M. The meeting was called to order by the president, Mrs. C. E. Bennett, at 8:00 o'clock. The opening number on the program was an interesting selection, "The Feast of the Prose," by the ladies' orchestra, with Miss Baker, director. This was heartily applauded and was responded to by an encore.

Mrs. Bennett then introduced the speaker of the afternoon, Mrs. A. H. Finn of Detroit, who addressed the ladies on "Motion Pictures," and touched lightly upon the subject, "The State and National Budget."

Mrs. Finn is a well known in Detroit, and gave an instructive talk to the thirty members and guests who were in attendance.

The club has had several out of town speakers this year, and it is their purpose to have one each month, and it is hoped to be regretted that more of the members do not avail themselves of the opportunity to hear these talks, as such speakers bring a message of interest, and leaves new ideas for thought.

The next regular meeting of the club will be this (Friday) afternoon. This is anniversary day and Judge Edgar Stewart of Detroit, will speak on "The Child and the Law," and a member will be allowed to bring one guest, and refreshments will be served.

INCOME TAX RETURNS DUE

Business Men, Farmers and Wage Workers Must File Schedules of Income for 1919.

MARCH 15 LAST FILING DATE.

Net Incomes of \$1,000 or Over, if Single; or \$2,000 or Over if Married, Must Be Reported.

The Income Tax imposed by Act of Congress on earnings of the year 1919 is now being collected.

Returns under oath must be made on or before March 15 by every citizen and resident who had a net income for 1919 amounting to:

\$1,000 or over, if single; or if married and living apart from wife (or husband); or if widowed or divorced, \$2,000 or over, if married and living with wife (or husband).

The status of the person on the last day of the year fixes the status for the year with respect to the above requirements.

Under any of these circumstances a return must be made, even though no tax is due.

Husband and wife must consider the income of both, plus that of dependent minor children, in meeting this requirement; and, if sufficient to require a return, all items must be shown in a joint return or in separate returns of husband and wife.

A single person with minor dependents must include the income of such dependents.

A minor who has a net income of \$1,000 or more is not considered a dependent, and must file a separate return.

Personal returns should be made on Form 1040A, unless the net income exceeded \$5,000, in which case Form 1040 should be used.

Residents of Michigan should send returns and payments to John A. Grogan, Collector of Internal Revenue, Detroit, or E. J. Doyle, Collector of Internal Revenue, Grand Rapids.

How to Figure Income. The best way to find out whether one must file a return is to get a Form 1040A and follow the instructions printed on it. That form will serve as a reminder of every item of income, and if a return is due it tells how to prepare and file it.

If in doubt on any point as to income, or deductions, a person may secure free advice and aid from the nearest Internal Revenue office.

Guesswork, estimates and other hit-or-miss methods are barred when a person is making out his Income Tax return. Accuracy and completeness must be insisted upon. The return is a sworn statement. As such it must be thorough and accurate.

Salaryed persons and wage earners must ascertain the actual compensation received. Overtime, bonuses, shares in the profits of a business, value of quarters and board furnished by the employer and other items which are compensations for services must be included.

It must be borne in mind that compensation may be paid in other forms than in cash. A bonus paid in Liberty Bonds is taxable at the market value of the bonds. A note received in payment for services is taxable income at its face value, and the interest upon it is also taxable.

Other Returns Due. Every partnership doing business in the United States must file a return on Form 1065; and every personal service corporation must file a similar return.

Corporations must file annual returns on Form 1120. Trustees, executors, administrators and others acting in a fiduciary capacity are required to file returns. In some cases, Form 1047 is used; in others, Form 1040; and still others, returns on both forms are required.

MOLINE UNIVERSAL TRACTOR

Saves 1 1-3 Men and 5 Horses per Farm

Through the most comprehensive tractor survey yet attempted, we have found by figures from Moline-Universal Tractor owners—not by guess work—that the Moline-Universal actually saves an average of 3 1-3 men and 5 horses per farm.

Over 200 farmers in 37 states from Maine to California and North Dakota to Texas were closely questioned, and their farms range in size from 40 to 300 acres. Everyone of the Moline-Universal owners whose data form a basis for these conclusions was selected at random from our list of owners, so that these results are average—not exceptional.

That the Moline is really a Universal Tractor and fits any size farm is proven by the fact that the farms reporting ranged in size as follows: 8 per cent, 100 acres and under; 37 per cent, 100 acres to 200 acres; 21 per cent from 200 to 300 acres; 15 per cent from 300 to 400 acres, and 19 per cent, over 400 acres. In their report 76 per cent agreed they could use the Moline-Universal wherever they used horses, and 83 per cent said they could do better work and thereby make more money.

Owners are positive in their statement that the Moline-Universal is a good investment, and 73 per cent of the Moline owners state that they wouldn't farm again without the Moline-Universal Tractor, while the rest say they would dislike to go back to horses.

In reply to the question, "Can you operate and maintain the Moline-Universal Tractor for what it would cost you to keep three or four horses?" 92 per cent said, "Yes." Many reported they could do so for less.
