NEW COMPANY GET FOUNDRY PLANT

THE DETROIT RING CASTING COMPANY IS THE NAME OF THE NEW COMPANY WHICH PURCHASED PLANT OF THE NATIONAL FOUNDRY & MACHINE CO. OF THIS VILLAGE.

THE NEW COMPANY IS CAPITALIZED AT \$125,000 AND WILL EVENTUALLY GIVE EMPLOYMENT TO OVER ONE HUNDRED MEN.

The Detroit Ring Casting Co. is the name of the new company that has purchased the foundry plant of the National Foundry and Machine Co. in this village. The new company is capitalized at \$125,000. Fifty thousand dollars of this amount is common stock and \$75,000 preferred stock. The common stock was all subscribed for within ten days after the company was organized. The general and direct management of the plant will be in the hands of the Detroit Piston Ring Co. This company, which was founded seven years ago is capitalized at \$100,000 with net assets of \$107,000 over and above liabilities. The concern is in a most flourishing condition, and their volume of business is only limited to their ability to produce piston rings.

They are producing 30,000 piston rings per day at the Detroit plant. Among their customers are the Buick Co., Hudson Motor Car Co., Fordson, Chevrolet Motor Co., Studebaker Corporation and others. Up to the present time they have purchased their castings under contract, but have found great difficulty in getting grade and uniform quality so necessary in providing high grade rings, and it was for this reason that they acquired the local foundry, primarily to meet their own requirements.

To produce castings for 30,000 piston rings per day will require about one-third of the capacity of the Plymouth foundry. The company now have contracts with the Fordson and Buick Motor Co. for ten tons of castings per day, which will require the operation of the remaining two-thirds of the plant. It is estimated that the local plant will do an annual business of over \$400,000. The plant will start operations with about sixty men. As many Plymouth men as can be secured will be given employment. Eventually the plant will give employment to from 100 to 125 men. The company will build an addition of fifty to seventy-five feet on the west end of the main building. Arrangements have been made with the Pere Marquette to build a siding to the plant. A new cupola will also be built to take care of the piston ring end of the business.

The company has decided to give the citizens of Plymouth the first opportunity to subscribe for some of the preferred stock, if they wish to do so. This stock guarantees the investor eight per cent, payable semi-annually, and as a further security, the Detroit Piston Ring Co. stands behind and guarantees the preferred stock, which is an added inducement to the purchaser of this stock.

The reopening of the foundry plant will be welcome news to our citizens, and the Mail voices the sentiment of all our citizens in extending to the new company a hearty welcome to Plymouth.

MASS MEETING TONIGHT

Adjutant General Frank Dickson of Illinois, will speak on behalf of Governor Frank O. Lowden's candidacy for the Republican presidential nomination, at a mass meeting to be held at the Penniman Allen Theatre, this Friday evening, April 2nd, at 7:30 o'clock. There will be plenty of good music. The citizens of Plymouth are cordially invited to attend this meeting. Don't forget the date, tonight, Friday, April 2nd.

The Plymouth Dancing Club and guests enjoyed another one of their popular club parties, last Friday evening. About fifty couples were in attendance. The evening was a very successful one, the orchestra furnished excellent music.

LITTLE CHILD INSTANTLY KILLED

Little Leda Emma King, the three and a half year old daughter of the late Harry King and Mrs. Edward Pettibone of this place, was hit by an automobile and instantly killed, last Sunday afternoon, at five o'clock, at Denton on Michigan avenue. Mr. and Mrs. Pettibone and little Leda were returning from Ypsilanti with Mr. and Mrs. Kirk, with whom they had been riding, when something went wrong with the automobile, and it was decided that Mrs. Pettibone and little daughter should return home on the interurban, and while waiting for a car at the Denton waiting room, the child darted from her mother's side across the road in front of a passing automobile. Mr. and Mrs. Pettibone and little girl were at once brought to Plymouth, where a physician was summoned, but to no avail, as it was found that she had sustained a fractured skull and death was instantaneous. The little one is survived by her mother, step-father and several half brothers and sisters. The funeral services were held from the family home on East Ann Arbor street, Wednesday morning at ten o'clock, Rev. F. M. Field officiating. Burial in Riverside cemetery. The friends and neighbors of the bereaved family extend the deepest sympathy to them in their affliction.

PLYMOUTH WILL DEBATE ST. JOHN'S

Plymouth High school will have its seventh debate for this season at the High school auditorium, Thursday evening, April 8th, at 7:30 o'clock. So far Plymouth's debating team has defeated Northville, Birmingham, Mt. Clemens, Ypsilanti, Flint and Ann Arbor High schools. The last victory over Ann Arbor High school gave our team the championship for this district, which comprises one-fourth of the state of Michigan. At that debate, the judges who were Principal C. C. Cerain of Cass Technical High school, Detroit; Principal Murdock of Nordstrom High school, Detroit; and Prof. B. W. Peet of Michigan State Normal College, Ypsilanti gave Plymouth a unanimous decision over Ann Arbor.

The contest scheduled for Thursday evening, April 8th, is to be with St. John's High school, which has won the championship for the Central district of the state. St. John's is to have the affirmative side of the Universal Military Training question, and Plymouth is once more permitted to uphold the negative, which our team had for its first four debates. Because the winning team has the championship for one-half of Michigan, because the winning team has a place in the state championship contest in Ann Arbor, May 7th, and because of the experience of both teams, the St. John's-Plymouth debate promises to be a contest worth hearing. This is absolutely your last chance to hear Plymouth's debating team here at Plymouth, because if we lose we are out of the contest, and if we win, the next contest is the state championship debate, which always takes place in Ann Arbor under the auspices of the University of Michigan Extension service.

Thursday, April 8th, is your last chance to hear Plymouth debating team in Plymouth High school auditorium. Thursday, April 8th, is your last chance to hear Lyman Judson, Hanna Strass, Grace Hawkins and Lillian Lundy debate here in Plymouth. Hear the debate on Universal Military Training at Plymouth High School auditorium, Thursday evening, April 8th, at 7:30 o'clock.

TOWNSHIP ELECTION MONDAY

The annual township election to be held next Monday, April 12th, does not promise to be a very exciting affair, as there is only one ticket in the field. The Democrats did not place a ticket in nomination this year. A presidential primary election will also be held next Monday at the time of the township election. Voters should remember that there are two voting precincts. Precinct No. 1 is at the village hall, and Precinct No. 2 is at the village green, near the post office. Vote in the area precinct assigned you.

CITIZENS MEETING TONIGHT

A mass meeting of our citizens has been called for this Friday evening, April 2nd, at the village hall, at 7:30 o'clock. This meeting has been called for the purpose of taking some action to see what can be done to solve the housing problem in Plymouth. If Plymouth is to grow and prosper, we must have more houses. If you want to see Plymouth go forward, you will be at this meeting. The time is tonight at 7:30 o'clock, at the village hall.

WILL OPEN NEW BANK BUILDING

With a full page ad in this issue of the Mail, the Plymouth United Savings Bank announces the opening of their handsome new bank building, Wednesday, April 7th, afternoon and evening. There will be music for the occasion, and everybody is cordially invited to inspect one of the finest buildings of its kind in the state.

FACTS ABOUT SOUTH AMERICA

J. C. FIELD SPOKE FROM WIDE EXPERIENCE SUNDAY. A large congregation in the Methodist church, last Sunday, heard an interesting address delivered by J. C. Field of Evanston, Illinois. "South America and You" was the theme of the speaker, who knows his subject thoroughly, having spent ten years in different countries of the southern continent, including Bolivia, Chile, Peru, Argentina and Brazil. His hearers were surprised to learn that the wealthiest nation is not the United States, but the Argentine Republic, where a dollar is worth \$1.26 in our money. What these countries need most of all are the moral ideals and spiritual enlightenment which we ought to help them to attain. Mr. Field was here to visit his brother, Rev. Frank M. Field, before sailing on May 5th for Lima, Peru, where he is to have charge of the Y. M. C. A.

DANCE SATURDAY NIGHT

There will be another of those popular dancing parties in the Penniman Allen auditorium, Saturday evening, April 3rd. Stone's orchestra will furnish the music. Bill, 25c, including war tax. Spectators, 25c. Everybody welcome.—Advt.

Here Are Good Hints to Use

PUT YOUR EQUIPMENT IN GOOD ORDER

- See that the grates are in good order.
- Stop air leaks into ash-pits or furnace.
- Cover pipes to prevent unnecessary radiation.
- Three dampers are necessary; ash pit, smoke pipe, check draft.
- Learn to use dampers correctly.
- Control of dampers from room above furnace is desirable.
- Automatic damper regulation often prevents waste of fuel.
- Keep heating surfaces clean, free from soot or dust.
- Remember that the flow of air through the fuel makes it burn—learn to control it.

ROADS OF THE FUTURE
We see where Dr. Gray, president of the National Good Roads League, makes an interesting prediction, and one which will be of interest to the people of Plymouth and vicinity, where better highways are a future hope. The doctor says, and he seems to know what he is talking about: "Today the man who once held out for a twelve-foot road, just wide enough for two vehicles to pass, is crying the loudest for an eighteen-foot road, and the old road-widener saw economy in a macadam road is now the most enthusiastic for concrete roads. But the day is coming when there will be both concrete and macadam roads, with separate roads for trucks and light vehicles. They will be eight feet wide, too. The farmers will market their stuff by motor truck, or will place it at the side of the road, where fast motor-truck freight lines will pick it up and deliver it to any market desired. These roads will be eventually lighted by electricity, and night travel will no longer be freighted with dangers and disastrous effects."

A road engineer has figured that twenty billion dollars will be spent in this country during the next decade for road construction. He doesn't attempt to state how it will be spent—for what kind of roads—but he knows what all the rest of us know, that the people of the United States are going to have the best roads in the world, some day, for the best roads are the most economical—and where there is a chance to save money, our people will place their interest.

Right now these are very desirable building lots. Residents in this section have every village convenience. The river bank has many large and small trees, making it a beautiful park and playground for children. The low price of these lots makes them a splendid investment, they are selling quickly, some are already sold. H. N. Carpenter, phone 243-J. 18t1

FIRST, SECOND AND THIRD DEGREES WERE CONFERRED UPON FIFTY CANDIDATES.

Saturday evening, March 27th, Tonquish Lodge, I. O. O. F., entertained about three hundred visiting members from Wayne, Dearborn, Belleville, Detroit and Canada, the occasion being the conferring of the first, second and third degrees upon a class of about fifty candidates. Upon arrival the visitors were taken care of at the I. O. O. F. hall. They were then escorted to the Grange hall dining room, where an excellent dinner was served by the Rebekahs from 5:30 to 8 o'clock, after which they met at the High school auditorium, where the program of the evening commenced with the conferring of the first degree by the degree team of the home lodge. The second degree was conferred by Nathan lodge team of Wayne, and the third degree by the Dearborn lodge team, all the work being remarkably well done. Then they were entertained by moving pictures and stage vaudeville. The exercises closed at 1:00 o'clock, when it was voted unanimously that the Odd Fellows of Plymouth know how to welcome and entertain their visitors in a royal manner.

Citizens Mass Meeting TO-NIGHT

FRIDAY, APRIL 2
Village Hall
7:30 o'clock

This meeting is called to discuss the housing problem in Plymouth.

Our New Easter Styles

Are strictly in accordance with Fashion's decree. We have never shown a more varied and up-to-the-minute line of garments for both men and women. Come in tomorrow and select your new Easter outfit. Easter is not far off, and our advice is to make selections NOW while lines are perfect and complete.

New Easter Corsets

We cannot emphasize too strongly that the appearance of your gown or dress depends very largely on the fit of your corset. The new season's gown must be fitted over a new season's corset, that is if you desire the best results. R. & G., Nemo, American Lady and Lady Ruth Front Lace Corsets.

Easter Footwear

The Shoes you desire are ready at Riggs'. Our Footwear resembles a veritable fashion display, harboring as they do a most representative showing of the newest style originations for Easter Footwear. The exploitation of these new models will impress you more than ever with the individuality, the distinctiveness, the quality and value of our Footwear.

Unusual values are presented in Oxfords and Pumps. Patent, black or brown kid, with walking or dress heels. Women seeking fashionable footwear at moderate prices will certainly benefit by choosing here.

We're mighty proud of our Men's Oxford's. The values are great—the styles correct, and there are models to fit all types of feet perfectly.

Growing girls will be delighted with the fashionable, correctly made and comfortable oxfords that we have assembled for them. The price and style range is wide.

Little Gents' Shoes—Black or Tan, made of durable leather, \$4.50 to \$7.

Boys' Shoes—English or Footform lasts, black or tan, \$5.00 to \$7.50

SNAPPY COAT STYLES
at \$25, \$35, \$39.50 and \$50

will be just right to slip over your pretty silk frock on Easter morning. Mostly in the shorter lengths. Smartly belted and pocketed. Polo cloth, jersey, velour and tweeds.

We are also showing a fine line of Misses' and Children's Coats, from \$5.00 to \$20.00.

Natty Separate Skirts

Beautiful plaid skirts in the loveliest color-combinations, box-plaited accordin plaited and tailored models with cleverly designed pockets and girdles. Very handsome silk skirts of baronette satin and other silk weaves—smart sport styles, tailored and dressy effects.

New Taffeta and Georgette Dresses

You'll surely want one for Easter. Every late shade and style is represented here.

DEATH OF MRS. LOUIS REBER

WELL KNOWN PLYMOUTH LADY DIES AT HARPER HOSPITAL LAST FRIDAY MORNING.

Mrs. Clara Reber, nee Reichelt, died at Harper hospital, Detroit, Friday morning, after a very serious operation, pneumonia having set in on Thursday afternoon. Mrs. Reber was the daughter of Henry and Mrs. Reichelt, well known residents of Plymouth for many years. She was born at Hadley, Mich., but in early infancy came to Plymouth with her parents and lived here all her life. Through baptism and later on through confirmation, she became a faithful member of the local Lutheran church and remained true to her church and the Lord unto the end. In the year 1905, on July 18th, she was united in wedlock to Louis Reber, which union was blessed by the birth of one son. In their nice home on Starkweather avenue their married life was very happy. But it was not entirely without trials and sorrows. For many years Mrs. Reber was ailing with stomach trouble, and was under medical treatment nearly twenty-five years. When lately her pains became intolerable and her physician advised that a surgical operation be performed, she thoroughly considered the matter, in prayer and finally consented. She was prepared for the worst. After the operation she seemed to recover from the shock, and there seemed to be hopes, that her life would be spared, when on Thursday unexpectedly pneumonia set in and quickly consumed her lost vitality. She died early Friday morning, March 26.

Through the death of Mrs. Reber, the husband and little Edwin lose a loving wife and mother; the sister, Miss Etta Reichelt, a faithful sister; the Lutheran church one of its most prominent members and earnest Christian; the Ladies Aid society an ambitious leader, a charitable and worker; the friends an upright friend, and the whole community an exemplary fellow citizen.

The funeral services were held at the Lutheran church on Tuesday afternoon at 2:00 o'clock, and the pastor, Rev. Charles Strasen, preached a very impressive sermon to a very large audience. At the house and at the church, the Misses Esther and Cordie Strasen sang several duets in honor of the deceased, and Miss Clara Strasen accompanied them. The sympathy of the community is with the bereaved husband, son, and sister.

CLIMAX OF EASTER CAMPAIGN

SUNDAY WILL BE EPOCHAL DAY IN LOCAL METHODIST CHURCH

Easter Sunday as "Church Membership Day" will be an epochal occasion in the Plymouth Methodist church. Beginning with a sunrise praise service at 6:30 the festive spirit will be carried through all the services of the day. Mrs. Field will conduct the early morning service, to which all are invited.

The pastor's Easter message, "The Risen Life," will be given at the morning service at 10 o'clock, after which there will be a reception of members and baptism of candidates for membership. Miss Evangelina Foster will render a special Easter selection. The evening service will be the climax of the special Easter campaign, which has continued for three weeks.

Flowers and plants for the Easter decorations are being furnished by families of the church in memory of departed loved ones and will be brought to the church on Saturday.

FACED MACHINE GUNS AND WON CROSS

The Stars and Stripes of March 20th, published a list of names of soldiers, who have been awarded the Distinguished Service Cross. Among the names appearing in the list is that of the late First Lieut. Charles F. Chappel, formerly of Plymouth. The reference to Lieut. Chappel is as follows:

"First Lieut. Charles F. Chappel (deceased) 339th Inf., near Kadiash, Russia, September 27, 1918, led his men in attack against a superior force of the enemy. Disregarding all personal danger, he personally advanced upon enemy machine guns, then in action, thereby assisting in building up a firing line of the attacking force. He was killed, while making the dash."

Lieut. Chappel's wife and daughter are now living in Plymouth, with the former's mother, Mrs. Helen McClumpha.

A CARD—We desire to thank our friends and neighbors for their sympathy and kindness in their bereavement, the beautiful floral offerings, also the use of autos, Rev. Field for his comforting words and Mrs. Bake for the sweet singing.

Mr. and Mrs. E. Pettibone and Family.

How Diphtheria is Contracted

One often hears the expression, "My child caught a severe cold which developed into diphtheria," when the truth was that the cold simply left the little one particularly susceptible to the wandering diphtheria germ. If your child has a cold when diphtheria is prevalent you should take him out of school and keep him off the street.

Fully recover, as there is a hidden danger more danger of taking diphtheria when he has a cold. When Chamberlain's Cough Remedy is used it quickly cures the cold and lessens the danger of diphtheria or any other germ disease being contracted.

PLYMOUTH, MICHIGAN

NOTE—This property will be sold in one parcel, not separately.

Dear fellow teacher:

Since you are interested in the future of the Retirement Fund, this letter will serve as a report of progress in connection with the plans of the Michigan Teachers' Retirement Board to improve our fund. Dr. Carl Fisher of the Department of Actuarial Mathematics, University of Michigan, has been employed to make a study of the Fund, and he will report to the Board in the near future. Tabulations have been made covering a study of age, service, and salary for 28,000 teachers. Information has been collected covering the 2,000 teachers already retired. On the basis of this and other information Dr. Fisher has made an evaluation of the costs of maintaining various types of retirement funds for Michigan teachers.

The revision of the present law is likely to include the following: Provision for more adequate state financial support.

Revision of the refund clause to provide for 100 per cent refunds, without interest, for teachers who leave the service before qualifying for an annuity.

Inclusion of a contingent beneficiary clause to provide for

an annuitant's dependents. Such a clause would be designed to protect any dependent named by the annuitant.

A change in the method of figuring annuities with especial reference to increases in the minimum and maximum annuities.

It appears certain that a bill containing revisions of the Retirement Law will be ready for introduction in the coming session of the legislature. Every effort is being made to have the bill prepared early enough so that teachers can discuss it prior to its introduction. Teachers and teacher groups should establish contact with all candidates for election to the State Legislature in order to familiarize legislative candidate with the Teachers' Retirement Fund and the definite need for revision at this time.

Progress in connection with revising the law has been slow, but this is because a great deal of care has been taken to assemble all the facts and to determine teacher needs and desires.

Very truly yours,

Daisy E. Howard,
President Teachers' Retirement Fund Board.

M. E. A. Executive Board Meeting

A meeting of the Wayne county District of the M.E.A. was held at the Fletcher School, October 9, 1944.

Those present were: Gerald White, President; Mary Jameson, First Vice President; G. V. Harrison, Second Vice President; James Rossman, Secretary-treasurer; Joseph Rowland, Elva Galloway, Maude Brightman, Richard Sullivan and Violet Barton, Executive Committee Members; June Salisbury, Edith Weliever, Elaine Radkey and Clementine McCauley, Delegates to the Representative Assembly; Bernice Dondineau, Chairman of the Membership Committee; and M. G. Burdick, Treasurer of the Credit Union.

The meeting was called to order by President Gerald White at 8:20 p.m.

The minutes of the May 15th meeting were read and approved.

The treasurer reported a balance of \$55.84.

Miss Dondineau reported that she had appointed four teachers to work with her on the membership committee.

A motion was made by Mary Jameson and seconded by June Salisbury to invite Mr. Lyman Galloway to be chairman of the professional problems committee. Motion was carried.

Mr. Harrison reported the work done by the committee on re-districting District Number 1. He suggested using Michigan Avenue as a dividing line. This would divide the county into two districts. Each having between five and six hundred teachers.

A motion was made and seconded that the re-districting committee proceed to take a poll from the teachers regarding the re-districting of Wayne county. Motion was carried.

A motion was made by Miss Jameson and seconded by Mr. Rowland that the secretary list in the minutes of the meeting those present on the Executive Committee, Representative Assembly,

and Committees. The motion carried.

Mrs. Galloway gave a report of the National Education Association convention held at Philadelphia. She expressed a wish that every teacher would join the Michigan Education Association. She stated that the magazine was worth more than the total membership cost.

Mrs. Galloway explained the workshop type of Michigan Education Association institute held October 26, 27 and 28.

The next three executive meetings will be as follows:

December 11, 1944, 8
Walker School.

February 12, 1945, 8
Cady School.

April 9, 1945, 8 p.m.
School.

News About the Schools

Northville

Northville has a very active and progressive teachers' club which functions in a manner similar to that of the Michigan Education Association for the benefit of its teachers. Officers elected for the ensuing year:

President, Charles Yahnee
Vice-pres., Genevieve Daley
Sec.-Treas., Kathryn Giltner.

The enrollment in the elementary and high schools has increased 130 pupils over that of last year. This increase is due largely to several rural schools closing and transporting. The staff of teachers is complete in both buildings. A complete and varied program including music and art is offered throughout all grades.

The high school library has been remodeled and all facilities greatly increased to meet the needs of the teachers and students.

Rotary

The Rotary club entertained the members of the Northville faculty and the faculty men's wives at a 6:30 banquet October 11th. Professor Guy Hill from the education department of the Michigan State College was the guest speaker who outlined the teachers' philosophy and teacher-parent-child responsibilities in a most interesting manner. This annual event fosters closer community-school relations.

Yours very sincerely,
(Miss) Ada W. Fritz,
