THE NEW BANK BUILDING OPENED

HUNDREDS OF CITIZENS TOOK OPPORTUNITY TO SEE HANDSOME NEW BUILDING WEDNESDAY AFTERNOON AND EVENING.

The opening of the handsome new bank building of the Plymouth United Savings Bank for the inspection of the public, Wednesday afternoon and evening, was a red letter event in the history of the local bank, and hundreds of our citizens took this opportunity to go through the new building, and nothing but expressions of delight were heard on every hand, on its beauty and completeness.

The officers and directors of the bank formed a reception committee, and received their guests in a most cordial manner. Straub's ladies orchestra of four pieces, of Detroit, furnished excellent music both afternoon and evening. Little Juanita Coe distributed carnations to the ladies and cigars were given to the gentlemen.

The lobby of the bank was made still more beautiful by the numerous floral pieces and the decorations of potted plants and ferns nicely arranged by Carl Heide, the local florist. Those who sent the magnificent array of floral pieces were: Markham Air Rifle Co., Plymouth; Plymouth Business Men; National Bank of Commerce, Detroit; The National City Bank of Chicago; Dime Savings Bank of Detroit; Peoples State Bank of Detroit; Lapham State Bank of Northville; George M. Lindsey, of Detroit; Board of Directors Plymouth United Savings Bank; Goodenough, Voorhies & Long, Detroit; W. H. Wernett & Son, Detroit and Plymouth; Mrs. A. W. Chaffee, Plymouth.

It is not our purpose to give here a description of the new bank building; that has already been done in this paper, but suffice it to say that it is up to the very last minute in its construction and equipment, and the officials of the bank are to be congratulated on their progressive spirit in providing such a splendid banking home and giving to their patrons every modern convenience and absolute safety in the transaction of the business entrusted to them. The Mail voices the sentiment of the citizens of Plymouth and vicinity when we say, Plymouth is proud of her new bank building. It was a most auspicious and successful opening in every particular.

Bankers from out of town who attended the opening were: Schuyler P. Johnson, assistant cashier of The National City Bank of Chicago; Wm. Livingstone, president, and L. C. Sherwood, vice president, of the Dime Savings Bank of Detroit; Don W. Voorhies of the Peoples State Bank of Detroit; F. S. Harmon, president, and E. H. Lapham, cashier, of the Lapham State Bank, Northville; D. B. Lyons, cashier of the First State Savings Bank, Holly; J. J. Stellwagen, president, and George M. Stellwagen, vice president, of the Wayne Savings Bank, and Mr. Begole, cashier of the Peoples State Bank, Wayne.

The bank officials were also the recipients of many congratulatory telegrams from friends and banking institutions.

The move from the old bank to the new building will be done gradually and it is expected that it will be possible to transact business in the new bank some time during the first part of next week.

PRESIDENT BURROWS MAKES APPOINTMENTS

VILLAGE MANAGER D. G. BROWN RESIGNS TO TAKE MORE LUCRATIVE POSITION IN DETROIT.

The village commission met in regular session Monday evening. At a special meeting held last week, W. J. Burrows was elected president of the commission for the ensuing year to succeed himself. Mr. Burrows has made a splendid presiding officer, and his selection by the commission as president, is a deserved compliment to his executive ability.

President Burrows made the following appointments, which were confirmed by the council:

Treasurer—William T. Rattenbury
Assessor—J. R. Rauch
Village Attorney—P. W. Voorhies
Members Board of Review—W. R. Shaw and W. H. Hoyt
Member Cemetery Committee—W. R. Shaw

The appointment of a health officer was held over until the next meeting of the commission.

D. G. Brown, village manager, tendered his resignation to the commission, the same to take effect on or before May 1st. Mr. Brown has served the village as manager for the past two years, and he resigns to take a more lucrative position with the H. G. Christman & Co., general contractors and engineers of Detroit, with whom he was employed before he assumed the managership of the village. We are glad to state that Mr. Brown will still remain a resident of Plymouth, where he has many friends.

The appointment of a chief of police, fire chief and superintendent of public works, which are made by the manager, was deferred until the appointment of a new manager.

THE ANNUAL TOWNSHIP ELECTION

A VERY LIGHT VOTE WAS POLLED LAST MONDAY WITH ONLY ONE TICKET IN THE FIELD.

The annual township election and the presidential primary did not draw out a very large vote in Plymouth township. There being only one ticket in the field for township office, the Republicans had everything their own way, and very little interest was manifested. Some of the friends of P. B. Whitbeck got out slips and voted for him for the office of supervisor, although Mr. Whitbeck was not a candidate for the place, and knew nothing of the movement until the Saturday evening previous to election. The total number of votes cast in the two precincts was 898.

The vote on the township ticket was as follows:

Supervisor—
N. I. Moore 220
P. B. Whitbeck 72
Clerk—
Lina Durfee 292
Treasurer—
William T. Rattenbury 300
Justice of the Peace—
T. F. Chilson 297
Highway Commissioner—
Charles Roberts 292
Highway Overseer—
H. A. Spicer 295
Member Board of Review—
J. O. Eddy 294
Drain Assessor—
Roy Jewell 295
Constables—
George Springer 299
Charles F. Millard 292
William Henry 294
Clarence Palley 294

The vote on the presidential primary was as follows:

Republican—H. C. Hoover, 40; H. W. Johnson, 124; F. O. Lowden, 88; J. J. Pershing, 11; Miles Poinceter, none; W. G. Simpson, 9; Leonard Wood, 39.

Democrat—W. J. Bryan, 8; E. I. Edwards, 3; H. Hoover, 2; W. G. McAdoo, 1; A. M. Palmer, 2.

Republican Committeeman—T. M. Jostlin, 17; O. B. Marx, 64; H. H. Smith, 40; F. M. Warner, 148; A. E. Wood, 23.

Democrat Committeeman—William J. Connelly, 12.

The proposition to hire a community nurse, together with Northville township, was carried by a vote of those present, when the matter was presented shortly after the noon hour.

The bonding propositions were carried as follows:

Fort Street Bridge—Yes, 165; no, 110
West Jefferson Ave. Bridge—Yes, 148; no, 108
Eloise Hospital—Yes, 183; no, 105

George McGill, of Detroit, spent Sunday with his father and sister, Anna.

NEW PIPE ORGAN ORDERED

\$3,000 INSTRUMENT TO BE INSTALLED IN THE PLYMOUTH METHODIST CHURCH.

That the contract for the pipe organ to be installed in the local Methodist church this summer was about to be made, and that the instrument would be ready for use before August 1st, was a most welcome announcement to the large congregation Easter Sunday.

The organ committee, consisting of E. V. Joffite, E. T. Cope and Mrs. I. N. Dickerson, together with the pastor, Rev. F. M. Field, investigated a number of organs in Detroit and unanimously recommended placing the order with the Wicks Pipe Organ Co. of Highland, Illinois. The instrument to be built for the local church will be of two-manuals and sixteen stops, only twelve of which will be used at the present, the other four being included for additions in case the church should be enlarged in the future. The price of this organ is \$2950, but an allowance of \$250 for the case work which is already in the church brings the net cost to \$2700.

The distinctive feature of the Wicks organ is its direct electric action, giving it more of a piano touch than the old-style tubular-pneumatic action. All organ builders are rushed with orders and are now taking orders for November installation, but a special arrangement has been made for installing the Plymouth organ this summer.

The organ fund has already been started, and it is hoped that most of the cash will be in hand by August 1st.

There will be a meeting of the base ball enthusiasts at the village hall Monday evening, April 12th, at 7:30 o'clock. Everybody who is interested in having Plymouth represented by a good ball team should attend this meeting.

Charles H. Hickey and W. R. Shaw, of Plymouth, will represent the local team.

HOME NEWS

Edward Gayle has been confined to his home by sickness the past week.

Albert Stever has purchased of Frank Strickland the property east of the Plymouth Mills on which the mineral springs are located.

The house and garage given by the Ladies Aid society of the Baptist church, last Thursday afternoon, was a decided success in every particular, and the ladies netted a nice sum for their treasury. The ladies had very much to do, those who contributed articles, those who contributed to the refreshments, and those who were in charge of the house.

The annual meeting of the Plymouth Episcopalian church will be held at the village hall on Monday evening, April 12th, at 7:30 o'clock. Everybody who is interested in having Plymouth represented by a good ball team should attend this meeting.

Charles H. Hickey and W. R. Shaw, of Plymouth, will represent the local team.

Here Are Good Hints to Use

PUT YOUR EQUIPMENT IN GOOD ORDER

See that the grates are in good order.
Stop air leaks into ash-pits or furnace.
Cover pipes to prevent unnecessary radiation.
Three dampers are necessary; ash pit, smoke pipe, check draft.
Learn to use dampers correctly.
Control of dampers from room above furnace is desirable.
Automatic damper regulation often prevents waste of fuel.
Keep heating surfaces clean, free from soot or dust.
Remember that the flow of air through the fuel makes it burn—learn to control it.

H. W. Bradford entertained at Easter dinner the following guests: Mr. and Mrs. Calvin Whipple and daughters of Plymouth; Emil Bradford, D. C. Bradford and Mr. and Mrs. J. H. Hanford of Detroit.

A large number of friends and neighbors gave J. Dingley a surprise party, last week Thursday evening in honor of his birthday anniversary.

A number of relatives of Miss Blanche Hutton helped her celebrate her birthday, last Sunday.

Mrs. McDougall of Ann Arbor, and Mrs. Isaac Tillotson were guests of Mrs. Karl Hillmer in Plymouth, Wednesday and Thursday of last week.

WOMAN'S LITERARY CLUB

A regular meeting of the Woman's Literary Club was held at the home of Mrs. Hilda Knapp on Penniman avenue, last Friday afternoon. Sixteen active and seven associate members and several visitors were in attendance. The president, Mrs. F. M. Field gave a short but interesting talk on the observance of Good Friday and the commemoration of that day.

The chairman of the Near East Relief fund reported that fifty-five dollars had been subscribed toward this worthy cause; and the committee, Mrs. George Wilcox, Mrs. F. A. Dibble and Mrs. William T. Fettingill, were asked to hold over for two weeks longer, so if there are any others who desire to subscribe to this fund they might do so.

Mrs. F. M. Field gave a short but interesting talk on the observance of Good Friday and the commemoration of that day.

Miss Johansen, Wayne county's visiting nurse, was present and talked to the ladies on some nursing and the value of a visiting nurse in this community. Mrs. Malone was also present and explained the purpose of classes in home nursing. It is expected that later in the year classes will be formed here for the purpose of teaching first aid in nursing. It was voted to extend an invitation to Rev. E. M. Field to address the club, Friday afternoon, April 23rd, on the subject of the Near East Relief work.

The program for the afternoon was presented as follows, with Mrs. Coello Hamilton, leader.

Opening number, piano solo, with encore, "Evening Bells," Heiss, and "The Spring," Brummler, were pleasingly rendered by Miss Doris Burnett. This was followed by an interesting paper on, "Mountain Climbing," by Mrs. E. R. Daggert. Miss Alta Hamill then delightfully entertained the company with two readings. This concluded the program.

The next regular meeting of the club will be held at its usual place, Friday afternoon, April 16th.

WAYNE COUNTY FARM BUREAU HAS 1425 MEMBERS

Wayne county came through with flying colors in its campaign for members to the Farm Bureau. It now has 1425 members, and considering its containing Detroit with its many subdivisions, the results were especially good. Michigan now has 37,458 members and the United States 1,300,000. Since the drive, organizing of the different townships has been completed. Much interest has been taken in all the meetings. Several townships wish to start immediately a Farm Bureau local co-operative organization for buying fertilizer, dairy feed, binder twine, and selling farm produce, Romulus, Belkville and Willow being among those who so desire. As there are 350 similar organizations in the state, it shows this idea is the proper one.

The farmer is the only business man who buys his raw material at retail and sells his finished product in many cases at wholesale. Organization into co-operative organizations reverses this and brings the consumer into closer touch with the producer enabling each to benefit by it.

The Daring Test made by Thomas A. Edison

This drawing is from an actual photograph. It shows the memorable scene on November 25th, in the State Armory at Albany, when Mr. Edison made the test which was heralded all over the country as marking a new epoch in music. Six thousand teachers, principals and officials of New York State public schools, sat spellbound as they heard Mario Laurenti, world-famed baritone of the Metropolitan Opera Company, sing in direct comparison with the New Edison's RE-CREATION of his magnificent voice.

Laurenti stood beside the New Edison. His voice filled the auditorium. The audience surrendered itself to the baritone's inspired artistry. Suddenly there was a stir, a perplexed rubbing of eyes. Laurenti's voice, undisturbed in quality and beauty, continued to reach every corner of the vast auditorium, but his lips had ceased to move. The cabinet at his side had taken up the song, and was matching his voice so perfectly that the human ear was not aware that Laurenti had ceased to sing.

By a test as convincing as it was daring, the New Edison proved that its RE-CREATION of music had attained perfect realism.

Come in and hear the History-Making Phonograph.

Its new art triumphed in a daring test before 6,000 Empire State Teachers.

We are able to issue this invitation because we have an instrument exactly like that used in the dramatic test at Albany. It is a duplicate of the original Official Laboratory Model developed by Mr. Edison at a cost of three million dollars.

We guarantee that this instrument will sustain each and every test made at Albany. Come in and hear it. Ask for the Realism Test. Also ask for your copy of the brochure "Edison and Music"—written by one of Mr. Edison's right hand men.

LET US GRIND YOUR VALVES

LEAKY VALVES is the most common cause of loss of power—but the easiest to remedy. Such a condition indicates no fault of design. It will occur in any car where the valves are neglected.

Carbon deposit is the thing that makes the trouble. This is due to the poor fuel we are now getting, and to inferior grades of lubricating oils.

If you want satisfactory service you MUST have your valves ground frequently. It is not expensive and will always repay you many times its cost in increased power.

We are very careful valve grinders. We do this work in an exact manner and make every valve "seat" perfectly, so that no combustion leak is possible.

Come in and see us—we'd like to talk this over with you.

INTERESTING LETTER FROM ARIZONA

1515 E. Washington, Phoenix, Arizona.

Dear Mr. Samsen: Plymouth, Mich.

Dear Sir:

You have no doubt wondered many times how I am getting along and why I have not written you. First I must say I have so many correspondents that it is very hard for me to keep up my replies, so I have just neglected to write you. Nevertheless I often have an opportunity to think of you, especially once a week when that good old Plymouth Mail arrives. I am sure I can't extend to you the appreciation that I derive from the Mail. It is one of the finest letters that I can get from home, and thank you again for your promptness in getting same to me.

As to health, I am feeling fine, and sure do not look like a sick person. At present I weigh around 160 pounds. That is fifteen pounds above anything that I have ever weighed in my life, and dressed in my light summer clothes at that.

As to climate, this sure is ideal. We have had three or four light white frosts since I came here (and that is since February 8th). It sure was some change for me after being in Colorado, where it sometimes got as low as 34 below—that is what we had on December 9th, 1919. Everything was green when I came here, lawns being mowed, roses in bud and potted flowers all out. That sure did look good to me. I am sitting on the porch in my light clothing with my coat off, so you can see that it sure must be warm and fine. The orange growers are busy now harvesting and shipping their crops. Barley has been headed for over four weeks. Alfalfa clover is ready to cut, in fact, some has been cut some time ago.

We have a fine park and lake just a block away. This is where I spend many of my idle hours, think of home and my past troubles and grief. I met and had a lovely visit with Mr. and Mrs. VanDeCar, also Mr. and Mrs. Hager; also met Earl Vanhere. I am telling you that it sure seemed good to see someone from home.

This sure is some town. I dare say every nationality on earth is represented here. There are an awful lot of Mexicans and Indians. It seems the Indians are liked much better than either negroes or Mexicans.

There no doubt will be many changes to get acquainted with when I get back. Several people that were well when I left, I have noticed have passed on, as well as many changes in building and business life.

My dear little girl, who is staying with her aunt, Mrs. Sternberg, at Kansas City, Mo., is enjoying the best of health.

At present (I am not) or have not decided just when I will return, possibly sometime in the early spring.

Thanking you for your kindness in looking after the ads and any other matter in your line at the garage. I also wish to thank my many patrons that have so earnestly patronized my place of business since my absence and troubles, if you wish to spare the time and space.

I will close, hoping to see good old Michigan sometime in the spring. I am as ever

Yours respectfully,
WM. J. BEYER.

NEIGHBORHOOD NEWS

Northville wants a community house.

Brighton business men and citizens have organized a Board of Commerce to boost Brighton.

South Lyon citizens will raise the sum of \$250 to be expended for the troop of Boy Scouts in that village.

The Northville Auto Club expect to put up a number of attractive road signs during the coming summer.

The First National Bank of Ypsilanti, opened its handsome new and modern banking home to the public, Tuesday.

The Pontiac Board of Commerce has pledged itself to bring about the erection of 3000 houses in Pontiac during 1920.

The Ford plant in Northville is now in operation with more than a dozen men employed. Valves are being made at present.

Several hundred farmers in the vicinity of Ypsilanti are organizing a co-operative association to handle grain and farm supplies.

Fenton citizens have signed a petition asking that the newly organized band be placed on the municipal payroll for \$100 per month. This is a good idea.

Gideon Benton, a former well known resident of Northville, died at the home of his daughter in Ann Arbor last week. Burial took place in the Waterford cemetery.

The Northville Board of Commerce have appointed a committee to help solve the housing conditions in that village. Representative Milo Johnson is at the head of the committee.

The newly formed Civic Association of Birmingham, is waging a vigorous campaign to secure members. All men and women over 20 years of age and residents of the village are eligible to membership.

"Maryville six months ago a rural village of 500 people is now the home of 1500 workers. It is the prediction of John E. Lee, one of the founders, that the city will blossom into a town of 20,000 population by January, 1921."—St. Clair Press.

A crew of about fifty men began work on the new sanitarium to be erected west of Northville. The first structure to be erected will be a mess hall where the men employed on the job can be served their meals. After this has been completed work on the foundations for the buildings will be pushed rapidly forward. Lumber and building material is being placed on the grounds in large quantities.—Northville Record.

Chamberlain's Cough Remedy

The great benefit derived from the Chamberlain's Cough Remedy has been gratefully acknowledged by many. Mrs. Benjamin F. Blakobay, Decatur, Illinois, writes: "Chamberlain's Cough Remedy is by far the best medicine for colds and coughs we have ever used in our family. I have to say a child in my family has never taken it myself."

Newburg School Notes

Report cards are out this week. The fifth grade is memorizing "The Gladness of Nature."

The pupils enjoyed a rabbit and Easter egg hunt at the school, Friday afternoon.

The kindergartners are learning a new song, "Over in the Meadow."

A little program for opening exercises was given Thursday morning: "Recitation, 'April Fool,'—Imo Campbell; Reading, "Ruth's Birthday"—Leona Joy; Reading, "Tim O'Halligan's April Joke"—Edna Joy of the Columbia school, Detroit; Song, "The Spring Walk"—School Chorus.

Fred C. Fisher, assistant commissioner of schools, called at our school, Friday afternoon.

The following names are on the honor roll for the month of March: Ruth Kidder, Gladys Clemens, Sadie Lomas, Gladys Horton, Leona Joy, Florence Wlekeniski, Imo Campbell, Hazel Lomas, Mary Bennett, Calvin Stevens, Frank Clemens, Donald Dunn and Kenneth Gates.

Leona Joy was elected librarian for the coming two weeks to succeed Gladys Horton.

The following were neither absent nor tardy during the month of March: Ruth Kidder, Gladys Clemens, Gwendolyn Gunsolly, Mildred Bennett, Vergie Dunn, Leona Knickerbocker, Imo Campbell, Mary Bennett, Lizzie Ostrowski, Yvonne Campbell, Robert Taylor, John Bennett, Harry Ostrowski and Donald Dunn.

Florence Roe is a new pupil of the kindergarten class.

Gladys Horton told the story of the crucifixion and resurrection of Christ in chapel, Friday morning, which was enjoyed by everyone.

The third grade wrote stories on, "The Fox and the Grapes," this week.

The eighth grade wrote stories on "The Migration and Return of the Birds," last week.

Another cardinal, red-winged blackbird, kill-deer and kingfisher have been reported seen in Newburg recently.

The seventh grade have made some good drawings of the eye, in physiology this week.

IN MEMORIAM OF ALICE BEYER

One year has passed and gone, though it seems but yesterday, since we last heard your gentle voice, and all pressed your sweet lips, though it has been hard, but we have fought the battle, and struggled down the paths of life's highways alone, feeling all the while, "Thy will be done on earth as it is in heaven."

As much as we have missed your love and kindness, we know that there was a place prepared in the Great beyond that you must not miss.

Oh, dear wife, where are you roaming tonight?

Oh, dear mother, where are you roaming tonight?

As we look up at the stars, we wonder which one you are. Only waiting for the time when God will ask us to be with you, where there is no sin, sorrow or pain, never to be separated again.

Oh, wife, O mine. Oh, mother, O mine. May we pray God to bless you, today, tomorrow, and all the time, till we meet for once and ever again.

Husband and daughter,
William and Leona.

You Can't Run a Train Without Tracks

Everybody knows you can't run a train without tracks; and everybody ought to know you can't run a telephone company without money.

Sometimes people seem to forget this fact concerning the telephone. The business man knows he must have money to run his business. The housewife knows she must have money to run the home. They both know that it costs more to run anything, these days, than it did two or three years ago.

It is just the same with those of us who go to make up the telephone company; we linemen, operators, electricians and engineers, the cost of living has hit us just as hard as it has hit you. And the cost of the materials with which we work has just about doubled.

These are plain, everyday facts. Without enough money to pay expenses it is just as impossible for us to run the telephone company as it is impossible to run a train without tracks.

Rates must meet expenses.

Michigan News Tersely Told

Lansing—A proclamation issued by Governor Sleeper calls upon all communities to adopt eastern standard time during spring and summer.

Owosso—The board of education has decided to ask the people to vote a bond issue for the erection of a new high school to cost \$250,000.

Albion—Bert Scouten was severely injured as the result of being dragged by a horse he was leading, the lead-rope being tied to his arm. The horse stepped on his head and probably fractured the skull.

Manistique—One hundred families were driven from their homes and property damage of nearly \$1,000,000 caused by a flood here following the breaking of one of the banks of the Manistique River.

Detroit—Within sight of passing pedestrians, three men forced the front door of the store of Sadie Applebaum, 360 Cass avenue, loaded expensive wafals and hosiery valued at \$2,500 into an automobile, and drove off.

Fowlerville—A double funeral was held here for Mr. and Mrs. William Caskey. Mrs. Caskey, 67 years, died of typhoid pneumonia, and Mr. Caskey, 68, was stricken while he was arranging for the burial of his wife.

Big Rapids—As an expression of appreciation of former business relations with farmers, D. Mansfield Remus has offered his elevator and coal yards at Rodney to the Rodney Co-operative association at a big personal sacrifice.

Lansing—Harry Lake, 40 years old, was struck and killed and Vincent Mackinder was injured by an automobile while they were removing a rope from a car parked on the street. The driver fled after the accident. The automobile was stolen and was later found with broken windshield.

Flint—David D. Griffith and party of 23 motion picture players, including Lillian and Dorothy Gish, Robert Herron, Richard Barthelmess and other stars of Griffith productions, have arrived here to begin work on new features. Locations have been selected in the lake region south of the city.

Pontiac—Sheriff's officers after a long chase, seized two cars loaded with whiskey near Farmington on their way to Grand Rapids. The drivers, Mike Maniski and Peter Jablonski, both of Grand Rapids, were taken to the jail here. The value of the liquor seized is estimated at \$15,000. It came from Canada, according to the story of the men.

Lansing—During the calendar year 1919, the state paid \$91,924.96 to owners of condemned cattle, when 1,447 animals were slaughtered in tuberculin tests, according to statistics of the livestock commission. In that period 26,837 animals were tested and of this total, only 1,680 were classed as reactors, placing this percentage remarkably low at 5.9 per cent.

Lansing—Handy Brothers, of Port Huron, who are building a railroad to parallel the river from Detroit to Port Huron, obtained permission from the Michigan Public Utilities Commission to sell \$500,000 of bonds. Although other roads are seeking to have their lines valued at upwards of \$60,000 a mile, Thomas L. Handy, who appeared before the commission, says the new road is costing only \$35,000 a mile.

Marquette—Frozen in an iceberg at the shore line near Crisp Point, the body of William J. Reilly, assistant engineer of the ill-fated steamer John Owen which sank in a terrific storm on Lake Superior last November 13, was found by coast guards. Around the body was a life preserver, and in the vest pocket was an identification card giving the man's name and address. It is the only body of the crew of the missing boat that has been recovered.

Lansing—Moses E. Parker, of Scottville, who waited more than half a century for his bounty as an enlisted man in the Army during the Civil War, died, according to word just received by the Board of State Auditors, the same day that warrant for the bounty with interest, was delivered to his home. Alex J. Groesbeck, attorney general, has ruled that the warrant becomes part of the estate. The bounty was originally for \$150, but interest brings it up to \$844.

Battle Creek—Charlie Chaplin had nothing on the Lew Phillips family during the recent tornado in Johnson, Barry County. First Orson Phillips, 10 years old, was carried skyward and dropped into a huckleberry marsh. Then the father opened a door to assist his son, when Eleanor, aged 6, was blown so hard against his stomach that she knocked him down. A fire started in the house and while the family extinguished the fire, the wind removed the porch, then part of the roof and finally the outbuildings.

Lansing—Savings to the state through the operation of the State purchasing agent's department since last October have amounted to 25 per cent in purchases aggregating more than \$2,000,000. The department was created by the last legislature. State officials hope that a sufficient showing will have been made before the next legislature convenes to impress on the legislature the need of a large warehouse which, it is claimed, will be an important medium towards cutting down the expenses of purchases by state institutions.

EASTER CAMPAIGN GREAT SUCCESS

CLIMAX CAME LAST SUNDAY IN THE LOCAL METHODIST CHURCH.

The largest Sunday morning congregation since the church was dedicated by Bishop Henderson three years ago, the baptism of twenty-two candidates for church membership and the reception of twenty-five persons into the church marked the climax of the "Million Convert" campaign in the local Methodist church on Easter Sunday.

Perhaps the largest array of flowers and plants ever brought together in a local church made the altar and pulpit a bower of beauty, having been furnished by about fifty families in memory of departed loved ones. The reading of the names of those for whom the flowers were memorials followed by the singing of "My Heavenly Home," added to the impressiveness of the service. Miss Evangeline Foster's Easter solo was a beautiful contribution to the service.

Great satisfaction was expressed by the congregation in the prospects of winning its share of the million converts sought by the church at large. At the beginning of the year it seemed impossible to gain eighty-seven new recruits for Christ and the church, but on Easter Sunday the number stood at seventy-four, having been received into the church on confession of faith or preparatory membership, besides seventeen by letter and eleven from other denominations, all since last October.

The next objective will be Pentecost Sunday, May 23rd, when it is expected fully seventy-five people will take the vows of full church membership.

CHURCH NEWS

First Church of Christ, Scientist
First Church of Christ, Scientist, corner Main and Dodge streets, Sunday morning service, 10:30 o'clock. Subject, "Are Sin Disease and Death Real?"

Wednesday evening testimony service, 7:30. Reading room in rear of church open daily from 2 to 4 p. m., except Sundays and holidays. Everyone welcome. A lending library of Christian Science literature is maintained.

Lutheran
There will be Sunday-school with both classes at the regular time. The morning service will be in English. Text, St. John 20:19-31. Theme, "Jesus the omnipresent." The evening service will be in German. Text, St. John 5:4-10. Theme, "The Faith that Overcometh the World." Bible lecture every Thursday evening.
There will be no services at Livonia next Sunday afternoon.

Bible Students
Does the picture of Rev. 1:10-18 approximate the one of chapter 10:1-6. If so, are we correct in the premise that the angel messenger with trumpet message seven was "the messenger of the covenant" "our Lord Jesus at his second advent? Has such advent yet taken place? What "the little open book" (message) in this messenger's "hand"? What "voice" was used in this instance? Who or what were the "seven thunders"? Have they yet "uttered their voices"? etc., etc. An interesting study, surely. April 11, 2:00 p. m., the time. Welcome.

DORT
Quality Goes Clear Through
The Easy-Riding Balance
It is acknowledged that cantilever springs are the easy-riding form of suspension for cars of comparatively short wheelbase.
Yet there is an individuality in DORT's manner of traversing rough roads. It has a difference in its easy swing and freedom from "kick-up" in the tonneau.
There are two contributing factors to this difference. One is in the proper size, weight and hanging of the springs themselves. The other is in the proper distribution of body weight.
The DORT "hangs right." Its balance is at the correct place to obviate disagreeable throw from either the front or rear springs.
The very best test of DORT riding qualities is at your disposal. Ask us to drive you fast over rough roads. Convince yourself by a demonstration, gladly given.

PERRINSVILLE

In spite of the snow storm and severe cold, there were quite a few out to church, Easter Sunday. Mr. Baycraft presented a very interesting sermon on the Resurrection, and a short program was rendered by six girls. Howard Baehr, Ted Cousins and Gerald Hix began work on the good

roads, Monday morning. Leta Darby spent Easter in Detroit. Mr. and Mrs. John Kubik and son and Jacob Kubik spent Easter in Detroit. Howard Baehr and mother attended the play at Plymouth auditorium Friday night. It was very good. Mrs. May Kubik spent Wednesday

evening at Mrs. George Baehr's. Mr. and Mrs. Henry Kubik moved to Mrs. Theuer's farm, last week. Mrs. Belle Baehr called on Mrs. Arthur Hanchett and family, also Mrs. Alonzo Hanchett, Friday evening, at Plymouth. The L. A. S. will meet at Mrs. Charles Woods, Thursday, the 15th, instead of Wednesday as usual.

Today's Reflections

Occasionally we wonder what some fellows used to occupy their minds with before they got an auto to clean up.

One expression that is entirely too familiar in Plymouth is, "I can't afford it, but I'm going to."

You may think your wife needs an awful lot of things when spring rolls around, but think what Solomon had to contend with along about this season.

You have also probably noticed that it's a lot easier to find a presidential candidate you are against than one you are for.

The secretary of labor is quoted as saying that we are going to have "three years of plenty," and the average Plymouth man would like to inquire: "Plenty of what?"

One swallow doesn't make a summer, but since prohibition hit this country it's enough to make a drink.

Accidents happen in the best of regulated families, so every Plymouth girl ought to expect to have her heart broken a few times.

And who would have thought a few years ago there was such a strong resemblance between the Germans and the Mexicans.

It begins now to look as though the peace treaty has more lives than the peach crop.

A whole lot of minds have been eased by a Chicago judge who recently ruled that what a man says in his sleep can't be used by his wife in getting a divorce.

The way that revolution quieted down in Germany one would think it was started with a toy pistol.

When you hear a Plymouth woman complain that "all men are alike," you can bet her honeymoon is over and forgotten about.

We are not a slave to fashion, but we do wish society would rule that it is stylish to wear a patch on one's pants.

When a dollar is again worth its self, many a Plymouth man will wish he had laid away a few when he had the chance.

It used to be that talk was cheap in this country—then they took to raising the telephone rates.

FORMER PLYMOUTH BOY WRITES FROM ARIZONA

Dr. R. E. Cooper has received the following interesting letter from Earl VanDeCar, a former well-known Plymouth boy, which will be of interest to Earl's many Plymouth friends:

March 24, 1920.

Friend Doc: I suppose that you have often wondered how I am getting along out in this country. Well I have not had a single wheeze since I landed in this "Land of Sunshine," and with the exception of having a slight touch of the "flu" last winter, have worked every day, have gained in weight and have not got quite as large a hump on my back as when you last saw me.

You should be out here to try some of our grape fruit. (If I remember right you are very fond of them.) We have a seedless variety that can be eaten without the aid of sugar. That may sound "falsy" but come out and try some. We haven't the large groves like California, but this is a "baby state" as yet.

We raise the best cotton in the world, and the biggest share of that goes into the making of Goodyear tires. Perhaps you saw the full page advertisement in the Saturday Evening Post a few months ago showing the canal and a bale of "Sarival" cotton. It was the first of a series to be put out by the Southwest Cotton Company, (a subsidiary of the Goodyear Tire and Rubber Co. of Akron, Ohio). For the past year I have been employed by the Southwest Cotton Co. and have charge of all their cars running out of Phoenix—twenty-four at present and expect delivery of two Dodges in a few days and two more Fords as soon as the agent can make delivery. We have standardized on Packards, Cadillacs, Buicks, Dodges and Fords. I have one Packard, one Cadillac, six Buicks, five Dodges, the rest Fords, and have the promise of a new and up-to-date garage to be built some time this summer.

I could fill a book if I should start to tell you all that has been done and is being done if I started out, but will say that a little over a year ago the office force consisted of a manager and a stenographer. Now the force is over two hundred. We have two modern towns of about eighteen hundred inhabitants with school, churches, pictures shows, stores, pool halls, restaurants, ball park, club house, parks, street sprinkler, sewers, electric lights, in fact modern towns in every respect, all owned and operated by the Southwest Cotton Co. Goodyear is about twenty-five miles southeast, and Litchfield twenty miles west. Goodyear is four miles wide and five miles long, and nearly all under cultivation. Litchfield has about 17000 acres with only 15000 acres under cultivation. Here we are grazing about 6000 head of cattle, and at Goodyear there are about 7000 head of sheep and 1000 hogs. The sheep and cattle belong to Babbitt & Doyle, big cattle and sheep men here in Arizona, but the hogs are "blood-ed stock" and belong to the company. We are erecting seventeen new cins this year, mostly here, but some are to be erected near Yuma and in the Imperial Valley of California, where we are opening up new this year.

The next time you go to California you must take a side trip to Phoenix, and I will try and show you a few of the things that I know would interest you. How would you like to go out into your garden and get fresh vegetables for your dinner, and perhaps pick a few roses to help decorate the table? That is what my wife did today. We have bought a home just inside the city limits, and have a nice garden spot, a few fruit trees, grape vines, etc. That is far ahead of renting.

I am enclosing some pictures taken near Roosevelt Dam. Dad will tell you all about the trip when he gets back. Give my best regards to all my friends and tell them that I am now "living" at 1322 E. Culver street, Phoenix, Arizona. EARL.

Buick Valve-in-Head

The Buick Model K—Six 40

THE appearance and design of the Buick seven passenger touring car readily distinguishes it from others of its class.

It is a different type—especially designed and built for those desiring an ideal family car.

The pleasing body lines, large comfortable seats and tonneaus makes it a favorite car among the ladies and children.

With its simplicity of control, its surplus of power, its wonderful economy, it assures each purchaser of efficient and dependable service.

It's Sound Economy to Buy Good Clothes

Everybody knows that! They're better made—they keep their smart lines—and they're invariably better style than "cheap" things.

More than that! If you buy them at Hutzel's, you won't have to pay any more for them than for "just ordinary" clothes.

Look at our new Spring Suits! Note the beautiful lines—the superb materials—the perfect tailoring! They're copies of costly models we saw in New York. We bring them to you at the same price that you'd have to pay for usual styles.

Papers on "Fur-bearing Animals—the Steel Trap" was read by Mrs. Peck. Music for the evening was furnished by Mrs. Patterson and son, Daniel. Meeting adjourned to meet April 14th, at the school building.

The meeting called at the village hall, last Friday evening, to see what could be done to solve the housing question in Plymouth, was fairly well attended. The committee who had the matter in charge reported that they had a plan whereby twenty houses could be built at a moderate price, providing arrangements could be made to enter into a contract to build this number at one time. C. H. Bennett announced that he would build ten of this number, and W. R. Shaw said he would build two. Another meeting was held last night, and there is no doubt but what there will be little difficulty to get the other eight necessary to get at least twenty houses under construction.
