## Food Will Cost More

The more luxuries we buy the more is labor drawn from the farms to the cities to produce these luxuries.

Labor upon farms is already scarce. It means that the farmer must bid against factory wage-scales.

The labor cost is already the big cost in food production.

Let us go a little slower in the purchase of needless luxuries. It will release some labor for the farms. It will keep food prices from still further advances.

## CITIZENS' ENTERTAINMENT COURSE

HARRY J. LOOSE, A MEMBER OF CHICAGO POLICE DEPARTMENT WILL GIVE LECTURE.

The Citizens' Entertainment Committee will give their next number, Monday night, April 19, commencing at 8:00 o'clock sharp. Harry J. Loose, an active member of the Chicago Police Department, has arranged a furlough to enable him to fill a limited number of Lyceum dates. All Plymouth should hear him. He brings a message of unusual interest in his discussion of crime, its cause, practice and prevention. Mr. Loose, with an untarnished record as a police officer has a message full of interest. He opens the eyes of the people to the unmistakable beginnings of crime. He discloses the reason why and the methods used. His display of knives, guns, jimnies and various contrivances taken from prisoners give one a creepy feeling. With his wonderful experiences and record of living a clean life, he stands as a recognized authority in this field of work.

Mr. Loose has had a very wide range of experience with all types of criminal conditions in the city of Chicago. He understands in detail, the workings of the amazing crime systems which has grown up in that city. He understands the method of operations of the "burglar trust," the "pickpocket trust" and the classifications and characteristics of the "underworld" with its ramifications and activities.

Men like Mr. Loose bring inspiration to everyone in the sound of their voices. He is a man of sound intelligence and he not only amuses and entertains you, but will send you home thoughtful and determined to be not only better and more loyal citizens in our own community, but better Americans.

Owing to the critical illness of Mr. Beauchamp, it has been necessary to cancel his Plymouth engagement for this season. Mr. Loose comes to us highly recommended by the Redpath Bureau, to fill this vacancy.

Price of single admissions, 50c.

## MEETS WITH FATAL ACCIDENT

A fatal accident occurred on the Canton Center road, just west of the Travis farm, last Monday morning, when John Selders, Sr., sons Guy and John, Jr. were going by auto to their farm near the Bartlett school house, where they have been engaged in building a small house. The car skidded on the icy pavement and ran into the abutment of a culvert. Guy was thrown against the wind shield and sustained serious injuries to his spine and the cords of his neck, causing paralysis. The injured man was brought to his home here, where medical aid was summoned, but pneumonia developed within a few hours and he passed away Tuesday morning at nine o'clock. The other two occupants of the car were uninjured. The deceased was twenty-four years of age and is survived by his wife and two small sons, the eldest being only two years of age. He also leaves his father, one brother and two sisters. Mr. Selders and family resided in the house formerly owned by L. N. Dickerson on East Ann Arbor street.

The funeral services will be held this Friday afternoon at the Cherry Hill church, Rev. Frank M. Field of this village officiating. Interment in the Cherry Hill cemetery. The family have the deepest sympathy of many friends in their affliction.

An enjoyable event of Saturday last was the thirtieth wedding anniversary of Mr. and Mrs. William Minehart, on the Plymouth road. Many beautiful presents were given. Those present from Detroit were: Mr. and Mrs. Krause and family, Mr. and Mrs. Valentine and family, Mr. and Mrs. Chris Taylor and family, Mr. and Mrs. Steyer and family, Mr. and Mrs. Weaver, John Eichel, Miss Boies, A. May, Karl Gunkler, Mr. and Mrs. Charles Miller and family and Mr. Gottschalk of Plymouth; Mr. and Mrs. Louis Minehart and family of Northville. ## PLYMOUTH DEFEATS ST. JOHNS

PLYMOUTH HIGH DEBATING TEAM WON ITS SEVENTH VICTORY AT HIGH SCHOOL AUDITORIUM LAST WEEK THURSDAY EVENING.

Plymouth High school's seventh victory took place at the Plymouth High school auditorium, Thursday evening, April 8th, and resulted in a 3 to 0 decision for Plymouth. The chairman was Mrs. George Robinson, and the time-keepers were Grace Hawkins for Plymouth, and Mildred Powell for St. Johns. The judges who gave Plymouth its seventh decision and its sixth unanimous decision were: Dean Caswell of the Junior College, Highland Park; Superintendent of Schools Erickson of Ypsilanti, and Dr. N. A. Harvey of the Psychology department of the Michigan State Normal College, Ypsilanti.

The St. Johns team, which consisted of Marguerite Spaulding, Russell Frank and Katherine Putt, had the affirmative side of the universal military training question. The St. Johns trio was coached by Miss Bennett, their English teacher, and by Hugh Francis, their High school principal. Before coming to Plymouth St. Johns had won the championship of the central district, which includes twenty-two High schools, among which are Mt. Pleasant, Alma, Hastings, Charlotte, Albion, East Lansing, Sturgis and Coldwater.

The Plymouth team consisted of Lyman Judson, Hanna Strasen and Lillian Lundy, who beat the St. Johns team in number of points, subject matter, memory of main speeches and the actual number of rebuttal points. The St. Johns team were slightly dependent on cards in their main speeches, spoke too fast to be understood in some places, and lacked authority to support their subject matter. On the other hand the St. Johns delegates surpassed our team in their willingness to work on the preparatory rebuttal and in their ability to be dramatic. The judges themselves said the contest was close, but a unanimous decision gave Plymouth the winning place.

At present Plymouth has the debate championship for one-half of Michigan, namely, the central and eastern districts, which means a record of forty-six High schools defeated indirectly and seven defeated directly. This inter-district championship entitles our Plymouth debating team to a small silver cup and a place in the state championship debate at Ann Arbor, May 7th.

### APPLES AND ORCHARDS

The city boy has for a long time associated the apple with the fruit stand, and has seldom thought of it in the terms of an orchard. And we feel safe in saying that at the present rate it won't be long before boys in towns the size of Plymouth will be doing the same thing.

Travel this section of the state over and you'll find that a young apple orchard is a rarity. And this is largely due to the fact that today we expect quick returns on our investment, a thing apple culture does not offer. One must plant an apple tree and then wait ten years to realize on his investment—but figures show that the investor is paid handsome profits from that time on for many years. Another thing which has cut the American apple crop is the spirit of indifference with which one treats a tree. It takes ten years for an apple tree to come to maturity, and one would think that after that time they would be carefully guarded and cared for. But they are not. Some farmers will spend a whole day trying to save the life of a runt pig, and not devote as much as ten minutes in a whole year to looking after an apple tree. And yet one good, sound, healthy apple tree is worth twenty times as much as the pig even at present high prices for pork. When the farmer takes so much interest in spraying his apple trees he does in vaccinating his hogs, he will not be obliged to pay someone else a fancy price for growing his apples. And he will find that his bank account will grow a whole lot steadier.

### INSTITUTE DATES SET

"The second Wayne county institute will be held at the Detroit Normal school for six weeks beginning June 28 and closing August 6," said E. W. Yost, commissioner.

"The same general plan will be followed as that of the very successful session of last summer, the courses of both the institute and the Detroit Normal being open to all teachers who enroll."

"The object of this institute is two-fold: First, to provide six weeks' normal training work required by law for beginning teachers; second, to afford an opportunity for present teachers to add to their professional training as well as to enable them to earn credits applicable to requirements for one or other certificates.—Detroit Journal.

### RURAL CARRIER EXAMINATION

The United States Civil Service Commission has announced an examination for the County of Wayne, Mich., to be held in Dearborn, Detroit, Plymouth, Wyandotte, Mich., on May 8, 1920, to fill the position of rural carrier at Belleville, Dearborn, Inkster, Wyandotte, Mich., and vacancies that may later occur on rural routes from other postoffices in the above mentioned county. The examination will be open only to citizens who are actually domiciled in the territory of a postoffice in the county and who meet the other requirements set forth in Form No. 1977. Both men and women, if qualified may enter the examination, but appointing officers have the legal right to specify the sex desired in requesting certification of eligibles. Women will not be considered for rural carrier appointment unless they are the widows of U. S. soldiers, sailors or marines, or the wives of U. S. soldiers, sailors or marines, who are physically disqualified for examination by reason of injuries received in the line of military duty. Form No. 1977 and application blanks may be obtained from the offices mentioned above or from the United States Civil Service Commission at Washington, D. C. Applications should be forwarded to the Commission at Washington at the earliest practicable date.

**Today's Reflections**

Since some fellow has discovered that sticking a red-hot poker in a jug of cider will put a kick in it, we suppose the price of stove-pokers will soon advance.

The Plymouth man who looks a gift horse in the mouth, would handle a hornet at the other end.

Of course it's all right to pick your company, but it has been our observation that some people are mighty lean picking.

The government says that the cost of living dropped six-tenths of a cent in February. It must have dropped one day when we were not at home.

It used to be easy for a Plymouth man to screw up his courage, but nowadays his key-ring carries no corkscraw.

There is an increase in the price of peanuts, but we notice they put them in just as big a bag as they ever did.

The fellow who says he's going to stand for re-election generally has to stand for a whole lot of other things before he gets the office.

When you see a Plymouth man who believes the best years of his

life are going to come after he is fifty you behold a real optimist.

Another thing, if food prices keep on mounting, housewives of Plymouth will not have to worry about what they are going to do with the garbage.

John D. Rockefeller says that the ordinary family can live on \$1,200 a year, but we'll bet he never found it out by trying it.

Whenever you hear a Plymouth man arguing in favor of the silo, we wonder if he was so strong for them before the country went dry.

A dispatch says that the government has ordered all saloon signs removed. Does that include the nose?

Ask the average Plymouth boy why he says "please" and he will probably tell you because it gets him what he wants quicker.

Chamberlain's Cough Remedy. The great benefit derived from the use of Chamberlain's Cough Remedy has been gratefully acknowledged by many. Mrs. Benjamin F. Blakney, Decatur, Illinois, writes: "Chamberlain's Cough Remedy is by far the best medicine for colds and coughs we have ever used in our family. I gave it to my children when small for croup and have taken it myself."

EVERY minute a battery works there is evaporation going on, but it affects the water only—never the acid. No matter how old the battery may be it has its full supply of acid, and that acid keeps its strength unless some of it happened to spill out. Water is the only thing that should ever be put into your battery and only enough of that to keep the solution within a quarter-inch of the tops of the plates.

**GUN CLUB REORGANIZE; NEW OFFICERS ELECTED**  
That Plymouth Gun Club, at a meeting held at Beyer's hall, north village, elected the following officers for the ensuing year:  
President—Frank E. Hills, Northville.  
Vice Pres.—Lou Cameron, Plymouth.  
Sec. Treas.—Harry W. Passage, Plymouth.  
The president then appointed an executive committee of five members as follows:  
Howard Hall and Nelson Schrader, Northville; Roy Wheeler, Matt Powell and Wm. Pettingill, Plymouth.  
The business of the club for the year will be transacted by this committee. No decision was made as to the location of the club for the next year, but all indications point to the moving of the trap ground to near Northville, where a fine location can be secured at reasonable rates. The object of such a move will be solely to secure a good background and a permanent location. Another meeting will be held later to decide such details as the year's calendar. Northville and Plymouth shooters both feel that the time has come when neither can afford to operate a separate club. All who are interested in the sport are requested to send their names and addresses to an officer of the club, who will in turn provide date and place of next meeting. The name, Plymouth Gun Club will soon be changed to Plymouth and Northville Gun Club.  
Send in your name now. We want to do some shooting this month. Get in line as a charter member of the new club. Ladies are cordially invited.  
Harry W. Passage, Sec.-Treas.

**Running On Three Wheels**  
It is easier to pull a loaded wagon that has only three wheels than it is to run a business without sufficient income to meet expenses. Each may struggle along for a time but neither can travel fast or far, and the strain is sure to be great.  
A business that lacks the revenue to pay for the best materials and workers can not give the best service. When the service suffers all users of the service also suffer.  
That is the problem now facing your telephone company. Unless it secures rates that make it possible to purchase necessary material and pay wages that will hold good employees, it can not give you good service.  
The future of your telephone service rests on the securing of fair rates. The public must decide.

**Flint**—Mayor Kellar signed his name 2,468 times to public improvement bonds for \$2,647,500, the biggest issue ever taken in this county. They will provide funds for improving parks, waterworks, sewers, and other public works.

**Kalamazoo**—Charles Johnson living near here is not worried by the high cost of living, at least not the high cost of eggs. He has a flock of only 19 hens, which, the first 3 months this year, laid 589 eggs. They were sold for \$27.67.

**Mt. Clemens**—Prosecuting Attorney Johnston is giving instructions to county doctors regarding prescriptions for whisky. No doctor may prescribe more than one-half pint for one person at one time, and not more than two prescriptions within 10 days.

**Grand Rapids**—Maj. Edgar H. Campbell, a member of the state military board, has received information from the adjutant general at Washington, that Grayling will be retained as a training camp for the Michigan National Guard. July 1 is the tentative date for this year's camp.

**Potoskey**—A large camp will be erected in the Potoskey region by the Great Lakes Way Association recently organized to build camps for the accommodation of tourists and resorters. Other camps will be located at Cadillac, Traverse City and Holland. Each will cost about \$10,000.

**Grand Haven**—With the business section here threatened by a fire which had swept along Washington street for several hours two fire companies arrived from Muskegon and checked the spread. One of the city's principal business blocks was destroyed, with an estimated loss of \$150,000.

**Pontiac**—Edward Frensdorf, of Hudson, and Herbert Earle, of Bloomfield Hills, purchased 72 acres of land, used as pasture by the Pontiac State Hospital, for \$208,000. A special act of Legislature authorized its sale. The state property is one of the few remaining unplatted tracts inside the city limits.

**Houghton**—Otto Tolvonen, 18 years old, walked in front of a passenger train, laid down on the track, and waited death. His head and feet were cut off. The engineer and fireman witnessed the act but were powerless. The victim was identified by his dog which remained by the body. Tolvonen had been ill.

**Detroit**—Her desire to have fine clothes caused Clara L. Zarembo, 29-year-old postoffice clerk, to steal letters containing money from the mails, she told Judge Arthur J. Tuttle in federal court, when she pleaded guilty to violation of the postal laws. She said she commenced stealing from the mails shortly after she was employed at the postoffice and that she had secured about \$100 from letters opened.

**Detroit**—Twenty-nine blind persons and 45 cripples were placed in Detroit industrial plants in the past year and are now earning full wages on equal terms with normal workers. The placements were all made by a man who is totally blind himself, and who was able, when it was found necessary, to prove his arguments by actual demonstrations. These statements were contained in a report submitted by Miss Rosetta Stone, executive secretary of the committee of the handicapped, at the annual meeting of the Detroit Community union.

**Jackson**—Because of demands for increased pay, effective June 1, made by trainmen, the Michigan Railway company is facing the most critical situation in its history, according to J. F. Collins, general manager, who states that it will be impossible to meet the next wage schedule outlined. He declared that if the demands are granted, the company will face a receivership. Six hundred and fifty employees are involved in the wage demand and the cities affected are Jackson, Lansing, Battle Creek and Kalamazoo.

## FRAIN'S LAKE

Mr. Edwards of Dixboro, was called to Detroit, Tuesday, to attend the funeral of his sister-in-law, Mrs. John Edwards, formerly Miss Josephine Stevens, teacher of the Frain's Lake school in 1898.

Neighbors and friends of Mr. and Mrs. Ed. Quackenbush gathered at their home Friday evening for a farewell party. Mr. and Mrs. Quackenbush and family are going on a pleasure trip and expect to be gone several months.

Mr. and Mrs. E. C. Lyke and daughter, Evelyn, returned Friday morning from their trip to California.

Miss Madelyn Staebler will entertain her girl friends at a birthday party, Saturday afternoon.

Miss Winifred Fishbeck will entertain the Dixboro and Frain's Lake young people at a dancing party at her home, Saturday evening.

Ralph Lyke was in Ypsilanti, Tuesday.

Mrs. Fred Fishbeck spent Tuesday afternoon with Mrs. E. C. Lyke.

Fred Fishbeck and son, Howard, Albert Staebler, William Schrader, E. C. Lyke and Charles Freeman attended the meeting of the Plymouth Milk Producers' association.

Mrs. Theresa Lyke has sold her home on the Ann Arbor road to Mr. Lucas of the town line, who will take possession in sixty days.

Nina Martin of Dixboro, will entertain the Dixboro and Frain's Lake young people, Friday evening, at her home.

Ed. Lyke and Willard Geer were Ann Arbor shoppers, Saturday.

Mrs. Theresa Lyke spent Sunday with her son, William Lyke.

Little Betty Irene Lyke is staying with her grandmother, Mrs. Anna Hand, of Ypsilanti, during the illness of her mother, Mrs. Ralph Lyke.

E. Whipple and daughter, Dorothy, were Ann Arbor shoppers, Friday.

Commencing next Sunday, Rev. Field will instruct the class that are on probation for church membership, during the Sunday-school hour.

There has been talk of giving the Sunday-school scholars a bible or testament for regular attendance. Come and see what is said about it next Sabbath.

The L. A. S. held a very pleasant meeting at the hall last Friday afternoon. They decided to serve suppers all summer at the regular meetings. Election of officers resulted as follows:

President—Mrs. Clemens  
Vice President—Mrs. Ryder  
Secretary—Mrs. Joy  
Treasurer—Mrs. Davey  
Organist—Fay H. Ryder

The social given by the young people of the Sunday-school was a decided success. This being the first social they have held, they feel quite elated over the amount received, fifteen dollars, ten dollars of which they will give toward the piano fund.

What might have been a serious accident occurred a week ago Sunday night during the ice storm, when the Zielasko family—three adults and five children—crowded into a Ford machine went over on eight-foot embankment at the north end of Newburg bridge. All escaped without serious injury, and nothing was broken about the machine but the windshield. It is a dangerous place and should be looked after.

There was a large attendance at William Farley's sale, last Wednesday. Mr. Farley was born on the place he has recently sold. He will be greatly missed by a large circle of friends when he moves to his new home in Plymouth, as he has always worked for the best interest of the community.

Mr. and Mrs. Rose of Saginaw, have been visiting at William Farley's, the past week.

George Clemens attended the J. hop, last Friday night, at Ann Arbor. Mrs. Clark Mackinder spent a few days visiting relatives in Jackson. On her way home, Sunday, she called on Mrs. Fred Geney at the Homeopathic hospital in Ann Arbor, finding her getting along nicely.

## The Easy-Riding Balance

It is acknowledged that cantilever springs are the easy-riding form of suspension for cars of comparatively short wheelbase.

Yet there is an individuality in Dort's manner of traversing rough roads. It has a difference in its easy swing and freedom from "kick-up" in the tonneau.

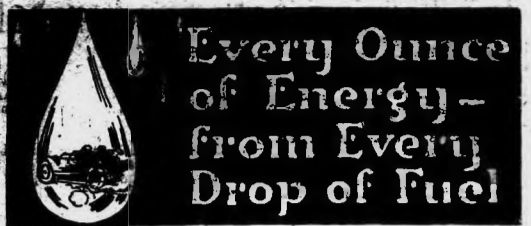

There are two contributing factors to this difference. One is in the proper size, weight and hanging of the springs themselves. The other is in the proper distribution of body weight.

**LIONEL BARRYMORE IN SCREEN VERSION OF "THE COPPERHEAD"**

AUGUSTUS THOMAS' GREAT PLAY MADE INTO EXCELLENT MOTION PICTURES.

Lionel Barrymore in a striking screen version of "The Copperhead" the play in which he scored his greatest success on the stage, will be the attraction at the Penniman Allen theatre, Friday and Saturday, April 23-24. The picture is said to have been made on an unusually large scale and to follow closely Augustus Thomas' original story.

The locale is Millville, Illinois, and the action takes place during "three periods"—that of the Mexican War, just before the Civil War, in 1862, and in 1904. Mr. Barrymore appears as the hero, Milt Shanks, who in his accomplishment of a most dangerous and important mission for President Lincoln is obliged to pose as a traitor to his country, is disowned by his own friends and family, and is vindicated only upon his death bed. The story is one of intense dramatic appeal. A whole village was constructed by the Famous Players-Lasky Corporation as the background for the film, and no effort was spared to make "The Copperhead" a really big photo-play.

William P. Carleton, Doris Rankin, and Richard Carlyle are included in the large cast. The picture, which is a Paramount Artcraft, was directed by Charles Maigne.

**NEIGHBORHOOD NEWS**

The dates set for the Milford fair are September 14-17, 1920.

The Detroit Creamery Co. has installed a new 2,000 gallon copper tank to draw milk from this place to Detroit in. This tank takes the place of 200 milk cans and can be kept much more sanitary than cans. Belleville Enterprise.

Don T. Sayre has quite a curiosity at his farm, south and east of the village, in the form of a six-legged pig. They say it is the largest one of the litter, but it has not become accustomed to its "understanding" yet.—South Lyon Herald.

C. L. Bailey of South Lyon, Mr. Walker of Detroit, and John McLaren of Plymouth, have purchased the lumber business conducted by Charles Sprague at South Lyon for the past thirty years. Mr. Bailey will manage the business.

Mr. V. E. Hill, formerly a Howell business man, has resigned his position as local manager of the Edison Company at Dexter, and with his wife has gone to St. Augustine, Fla.—Brighton Argus. Mr. and Mrs. Hill were formerly residents of Plymouth.

The annual May Festival will be held at Ann Arbor, May 19, 20, 21 and 22. A wonderful array of artists will be heard in the several programs to be presented, and the Chicago Symphony Orchestra will be present during the entire four days.

The Ford plant in this village is a busy place these days and the output of the factory is daily increasing, the men becoming more experienced and efficient each day. Last week Monday, the first day when records were kept, the output was 1,280 valves and that number increased each day until the output for Saturday was 2,765. Within a week or so the number of valves to be turned out each day will run over the 4,000 mark.

From Dr. John H. Finley, President of the University of the State of New York, on Mr. Edison's new phonograph.

He wrote:

"The influence of music upon the individual has been known since very early times. When an evil spirit came upon Saul, David was brought to play before him until he was well. I often think of Mr. Edison as a modern David, not outslaying Goliath, but playing with varied instruments before the world, which seems, like Saul, to be possessed at times by an evil spirit."

**WOULDN'T** you like to hear the Official Laboratory Model which brought this beautiful tribute to Mr. Edison from one of the world's most distinguished educators?

DR. FINLEY wrote his letter after Mr. Edison had proved the perfect realism of the New Edison to 6,000 teachers and officers of New York State's public schools by means of the now famous tone-test, given in Albany on November 25, 1919.

WE have an exact duplicate of the history-making Official Laboratory Model which called forth Dr. Finley's admiration.

How would YOU like a raise like this?  
FIRST NATIONAL BANK  
Pay to the order of *Rev. M. E. Pette*  
*Only Fifty Two Cents*  
*52¢*

—and for 34 Years Work

THAT is the kind of increase in salary the minister has received. His living expenses have risen just as fast and far as yours.

But he is paid on the average just 52 cents more per church member than he was paid 34 years ago.

**The Minister Never Fails You**

Every officer of the Government with a war message to deliver appealed to the ministers first of all.

But 80% of the ministers receive less income than government economists figure as a minimum for the support of an average family.

When hospitals need money they enlist the support of the ministers—and receive it.

But when sickness visits the minister or the members of his family they must be treated in a charity ward. His pay is less than a day laborer's.

8 out of every 10 ministers receive less than \$20 a week—about half the pay of a mechanic.

**We Pay Him Half the Wages of a Mechanic**

And of these pitifully inadequate salaries, how much do you contribute? Nothing if you are outside the church; an average of less than 3¢ a day if you are a church member.

All of us share in the benefits of Christian ministers to the community. They marry us; bury us; baptize our children; visit us when we are sick. In their hands is the spiritual training of the youth.

**We Are All Profiteers at Their Expense**

Part of the Interchurch World program is this—a living wage for every minister of Jesus Christ; an efficient plant, and a chance to do a big man's job.

If you want better preachers, help to pay the preachers better. It's the best investment for your community—and for your children—that you can ever make.
