At this time a company of people known as the Spanish Orchestra will give one of their famous concerts, consisting of instrumental and vocal music, also readings. It is expected that this will be one of the best numbers that has been given by the Citizens' Entertainment committee this season.

The Spanish Orchestra comes to Plymouth very highly recommended by the Redpath Bureau, and it is hoped that all lovers of fine music will take advantage of this opportunity.

WOMAN'S LITERARY CLUB

The fourteenth regular meeting of the Woman's Literary Club was held in the kindergarten room at the school building last Friday afternoon with about thirty members in attendance. In the absence of the president, the First Vice President, Mrs. Harry Shattuck presided. The meeting was called to order at the regular hour and a short business session followed. One new name was added to the membership list.

The program prepared by the seventh division with Mrs. Coello Hamilton leader, was presented as follows: Opening number, music by the Kindergarten Band. The band is composed of eight little tots with Miss Whitburn at the piano. They played several numbers which greatly pleased the company. This was followed by a paper on Economic Resources of Brazil, by Mrs. Frank Millard; two instrumental numbers, "Perfect Day" by Carrie Jacobs Bond and "Nightingale Song," Tyrolean were pleasingly rendered by Miss Anna Baker, violin, Russell VanGilder, violin and Miss Evelyn Thomas, piano. A paper, "Rio de Janeiro, the City Beautiful, and Santos and Sao Paulo was given by Mrs. Coello Hamilton. A vocal duet, "Sing, Sing Bird on the Wing," by Godfrey Nutting and "Little Grey Home in the West," by Herman Lohr were sweetly sung by Mrs. Maxwell Moon and Mrs. Geo. McLaren with Mrs. Wm. Wood at the piano. The ladies were then invited to stand and sing Michigan My Michigan as the closing number. Hostesses for the afternoon, Mrs. George McLaren and Mrs. Howard Brown.

This Friday afternoon, Rev. F. M. Field will address the club on the subject, "How We Got Our English Bibles." Every member of the club is urged to attend this lecture. The meeting will call at three o'clock at the home of Mrs. C. E. Bennett.

The next regular meeting of the club will be held Friday afternoon, April 30th at the usual place, this will be the annual meeting and all members are requested to attend.

DEATH OF MRS. HENRY RAY

Grace Lorena Tonery was born in South Lyon, Mich., July 27th, 1883, and moved to Plymouth at the age of seventeen years, her education being received at South Lyon. She was united in marriage to Henry Ray of this place on September 28th, 1905. A year ago last February Mr. and Mrs. Ray adopted a little boy, who loved her as a mother, and found a father in Mr. Ray.

Mrs. Ray was baptized in the Methodist Episcopal church of South Lyon and continued her christian life in the home church here. She was a faithful worker in the Ladies Aid society, always ready and willing to do whatever asked of her. Mrs. Ray was of a genial and loving disposition, always having a cherry word for all and thinking of others before herself, even to the last. Her illness of many years resulted in her being taken to Harper hospital three weeks ago for treatment, but to no avail, and she gradually grew worse until Saturday evening at 10 o'clock, she quietly passed away, leaving to mourn their loss a faithful husband, a son, a loving mother and father, one sister, Mrs. Charles Adams of Detroit; two brothers, Bert Toncray of Pontiac, and Frank Toncray of this place, besides a host of relatives and friends.

The funeral services were held from the home on Starkweather Ave., Tuesday afternoon at 2 o'clock, Rev. Frank M. Field officiating. Interment in Riverside cemetery. The family have the sympathy of the community in their sorrow.

WILLARD-ELDRED DIES IN DETROIT

Willard Eldred, aged sixty-nine years, died at the home of Mr. and Mrs. Grant Harriman, with whom he resided, at 95 Palmer avenue, Detroit, Tuesday morning, April 20th. Mr. Eldred had been in failing health for several months, and death was due to a growth in his throat. The remains were brought to Plymouth, and the funeral service was held from Schrader Bros. Funeral Home, Thursday afternoon at two o'clock. Burial in Riverside cemetery. Mr. Eldred was for many years a resident of Plymouth and vicinity. He is survived by several half-brothers, one of whom is Henry Eldred of Detroit, the others residing in the west; he also leaves several nieces and nephews.

DANCING PARTY

The Markham Employees' Association will give a dancing party in Penniman hall, Wednesday evening, April 28th. Good music, Bill 55c, including war tax. Everybody invited.

SOME GREAT PICTURES COMING

The management of the Penniman Allen Theatre announces the following big pictures that have been booked to be shown at this popular playhouse in the near future:

- D. W. Griffith's "Scarlet Days"—May 1.
- Mary Pickford in "The Hoodlums"—May 2.
- Henry B. Walthal in "The Long Arm of Mannister"—May 15.
- Max Baer's super special, "Down on the Farm"—May 21-22.
- McLean & May in "What's Your Husband Doing?"—May 29.

Mr. and Mrs. Paul Lee had as their week-end house guests the following teachers: Miss Anderson of Flint; Miss Elizabeth of Livonia; Mrs. Burger of Plymouth, and Miss Farnelle of Northville.

The members of the Piousette Club enjoyed a pleasant dancing party in the Penniman Allen auditorium last Friday evening. Supper was served at six-thirty o'clock, after which dancing was indulged in until eleven o'clock. The young people's orchestra furnished music.

The following out of town friends were guests of Dr. and Mrs. Luther Smith: Mrs. A. M. Smith of Ann Arbor, Dr. and Mrs. M. C. White of Detroit, and Mr. and Mrs. D. E. Smith of Ann Arbor.

MILLARD BAND WILL GIVE CONCERT

The Millard Band will give one of their popular concerts at the High School auditorium, Friday evening, April 30th. The concert will be given for the benefit of the school playground fund and should be very largely patronized. Admission, adults, 35c; children, 20c. Watch this paper for program next week.

GAVE AN INTERESTING LECTURE

The lecture given by Harry J. Loose of the Chicago Police Department, in the Penniman Allen theatre, last Monday evening, was attended by a large crowd. Mr. Loose has been engaged in detective work for over twenty years, and has handled every known class of criminals. His wide experience in this line of work makes him a very interesting speaker. For over seven years he has been connected with Hull house, and during that time he was commissioned special probation officer of the juvenile court of Cook county, and was also assigned to the Chicago council crime committee. Mr. Loose spoke with great reverence of Miss Jane Addams and her noble work. He stated that crime in large cities is systematized and is as highly organized as any legitimate business. The speaker urged this community to provide places of amusement to safeguard the boys and girls.

"THE DEAR DEPARTED"

Did you ever have company coming for whom you wanted everything just right? And did you ever fear the cook or the hired girl might "take advantage" or go on a strike? A twenty minute comedy called "Rosalie" deals with just such a situation. Then, too, nearly everybody has a family skeleton. There is some relative who is—well, "near" in money matters. As soon as "the old folks" are gone, this relative starts "getting his share." Sometimes he gets fooled. Grandfather in "The Dear Departed" wasn't as dead as he was—well, such things don't happen any more with a state constabulary in the heart of town. He was a keen old fellow, was "Grandfather."

The Senior High School gives these two short plays, one about twenty and one about fifty minutes long, in the auditorium, Wednesday evening, April 28, at eight o'clock. Students will be selling tickets Monday next.

Little Edward DePorter entertained a company of playmates at his home on Liberty street, last Monday afternoon, in honor of his eighth birthday. A happy afternoon was enjoyed and refreshments were served.

Advice to Owners of Liberty Bonds

Do not sell your bonds unless absolutely necessary.

After every war which the United States has had to finance by bond issues, the bonds have eventually sold at a premium.

Six per cent bonds of the Civil War sold at 128 in 1876.

Four per cent Spanish American War bonds of 1898 sold for 139 in 1900.

Liberty bonds have the same chance of increasing in value.

If history repeats itself these bonds will go above par eventually. Hold them and reap the profit yourself.

Phoenix has grown wonderfully this past year. Fine buildings are springing up in the business section, including a seven story building for the leading newspaper, a beautiful Masonic temple, a new home for the Elk, some very fine show rooms for the Packard, Reo and Essex cars, and very shortly a million dollar hotel is to be erected in the heart of the city, which will be a great boon to tourists, as so many times they find it hard to find accommodations during the busy season.

We have had a wonderful winter this year, never saw a snowflake and temperature has never been below 60 degrees. In some parts of the state, snow has fallen considerably, but in Phoenix, with the exception of some heavy rains, the weather has been ideal. Our Plymouth friends, the VanDeCars, have enjoyed the fine climate to the full, the weather permitting them to make trips with their sons to all places of interest for miles around.

The desert is very beautiful just now, for thousands of flowers cover it, making it a veritable floral carpet to walk upon, with all colors of the rainbow worked into it. To anyone whose eyes have not seen this phenomenon of nature, it would seem almost a stretch of the imagination, that flowers should grow on a hot sandy desert. In some parts, toward Yuma and the Needles, the desert is not so attractive, but one cannot say that of Phoenix, for in twenty minutes you may drive out and bring home from the desert, poppies, yellow daisies, purple, red, white, orange and blue flowers, not counting the cerise, pale yellow and white flowers of the giant cacti. In all our travels we have never yet seen a snake, but lots of horned toads and lizards and just one gila monster (?). I put the question mark after "monster" because said reptile is only about ten or twelve inches long and very slow in its movements, so although it is poisonous, anyone can easily avoid it. Out toward Casa Grande and surrounding district there are quite a few snakes, but there it is not so thickly populated, so they have not been killed off. Much has been said in favor of and against Arizona. Some prefer California, the land of roses, but for a winter climate, Arizona cannot be beaten.

We have seen Mr. Will Beyer of the Bonafide Garage, Plymouth, and he is looking much improved. Kind regards to all Plymouth friends.

Mr. L. B. Samsen, Plymouth, Mich.

I notice my subscription for the Mail is almost due, so I enclose the same, so as to be sure and not miss one issue, as we always look forward with pleasure to the day it arrives, and more especially since Mr. Hager has taken up a desert homestead at Casa Grande. When the neighbors are so few and far between, reading matter is acceptable. Our claim is situated about ten miles southwest of Casa Grande, and comprises 320 acres covered with greasewood, sagebrush and mesquite, but owing to the level nature of the ground, it does not require very great labor to clear it. We found one high sandy knoll and on this we built the house, and can see the lights of Casa Grande from it. You have doubtless read in the papers of the visit of the Western States governors to Washington, in regard to the desert reclamation bill. The Casa Grande Valley is clamoring for its share of appropriation funds, to build the great San Carlos dam, which will store enough waste water from the Gila river to irrigate thousands of acres of fine desert land. There has been a favorable report given, and homesteaders have great hopes that their dream of irrigation will come true in the near future. Most of them have domestic wells, and some have pumping plants and these will irrigate quite a large area.

Real estate is on the boom, and lots of ranches have been sold for double what the owners paid. The Casa Grande Valley has a great future, and will eclipse the Salt River Valley, if the San Carlos becomes an absolute fact, and with so many capitalists pushing the project to the limit, there seems to be no reason for failure.

Our Plymouth friends, the VanDeCars, have enjoyed the fine climate to the full, the weather permitting them to make trips with their sons to all places of interest for miles around.

The desert is very beautiful just now, for thousands of flowers cover it, making it a veritable floral carpet to walk upon, with all colors of the rainbow worked into it. To anyone whose eyes have not seen this phenomenon of nature, it would seem almost a stretch of the imagination, that flowers should grow on a hot sandy desert. In some parts, toward Yuma and the Needles, the desert is not so attractive, but one cannot say that of Phoenix, for in twenty minutes you may drive out and bring home from the desert, poppies, yellow daisies, purple, red, white, orange and blue flowers, not counting the cerise, pale yellow and white flowers of the giant cacti. In all our travels we have never yet seen a snake, but lots of horned toads and lizards and just one gila monster (?). I put the question mark after "monster" because said reptile is only about ten or twelve inches long and very slow in its movements, so although it is poisonous, anyone can easily avoid it. Out toward Casa Grande and surrounding district there are quite a few snakes, but there it is not so thickly populated, so they have not been killed off. Much has been said in favor of and against Arizona. Some prefer California, the land of roses, but for a winter climate, Arizona cannot be beaten.

We have seen Mr. Will Beyer of the Bonafide Garage, Plymouth, and he is looking much improved. Kind regards to all Plymouth friends.

Another interesting letter from Arizona

623 North Second St., Phoenix, Arizona. April 13, 1920.

Mr. L. B. Samsen, Plymouth, Mich.

I notice my subscription for the Mail is almost due, so I enclose the same, so as to be sure and not miss one issue, as we always look forward with pleasure to the day it arrives, and more especially since Mr. Hager has taken up a desert homestead at Casa Grande. When the neighbors are so few and far between, reading matter is acceptable. Our claim is situated about ten miles southwest of Casa Grande, and comprises 320 acres covered with greasewood, sagebrush and mesquite, but owing to the level nature of the ground, it does not require very great labor to clear it. We found one high sandy knoll and on this we built the house, and can see the lights of Casa Grande from it. You have doubtless read in the papers of the visit of the Western States governors to Washington, in regard to the desert reclamation bill. The Casa Grande Valley is clamoring for its share of appropriation funds, to build the great San Carlos dam, which will store enough waste water from the Gila river to irrigate thousands of acres of fine desert land. There has been a favorable report given, and homesteaders have great hopes that their dream of irrigation will come true in the near future. Most of them have domestic wells, and some have pumping plants and these will irrigate quite a large area.

Real estate is on the boom, and lots of ranches have been sold for double what the owners paid. The Casa Grande Valley has a great future, and will eclipse the Salt River Valley, if the San Carlos becomes an absolute fact, and with so many capitalists pushing the project to the limit, there seems to be no reason for failure.

Phoenix has grown wonderfully this past year. Fine buildings are springing up in the business section, including a seven story building for the leading newspaper, a beautiful Masonic temple, a new home for the Elk, some very fine show rooms for the Packard, Reo and Essex cars, and very shortly a million dollar hotel is to be erected in the heart of the city, which will be a great boon to tourists, as so many times they find it hard to find accommodations during the busy season.

We have had a wonderful winter this year, never saw a snowflake and temperature has never been below 60 degrees. In some parts of the state, snow has fallen considerably, but in Phoenix, with the exception of some heavy rains, the weather has been ideal. Our Plymouth friends, the VanDeCars, have enjoyed the fine climate to the full, the weather permitting them to make trips with their sons to all places of interest for miles around.

LIONEL BARRYMORE in

"The Copperhead"

LIONEL BARRYMORE and N. SCHROELL
in a scene from "THE COPPERHEAD" A PARAMOUNT-ARTICRAFT PICTURE

They called him "traitor," and he gloried in the shame. His cronies were those who sneered when the flag went by.

His soldier son, giving his life for the Union left him only a message of scorn. His wife, the love of his youth, turned from him as from a thing unclean, and died without saying good-bye. The lads in the street reviled him—cheered when he went to prison.

But one day this "traitor" received a letter bearing the mark of the White House and scrawled by a big rough hand:

I alone know what you did and what you endured. I cannot reward you. Man cannot reward anything worth while. I send you the flag that flew at Vicksburg. Some time I hope to shake your hand.

Your friend, A. Lincoln.

That was all his reward—all he wished.

SCHOOL NOTES

Mrs. Coello Hamilton visited the Second Grade, Friday afternoon.

The Second Grade children are studying all kinds of birds for nature study.

Frank Learned, who is attending the kindergarten was six years old Friday. He brought a little surprise for the children—a stick of candy for each child.

The kindergarten band played for the Woman's Literary club Friday afternoon.

Prof. C. T. Grawn, ex-president of Mt. Pleasant Normal School has been secured to give the commencement address. Mr. Grawn will be remembered as a former superintendent of the Plymouth schools, having graduated the first class from the Plymouth High School in June 1881.

The Senior class this year consists of twenty-three members, fourteen girls and nine boys.

Supt. Smith and B. J. Holcomb, teacher of agriculture spent last Saturday in Lansing, attending a state convention of teachers of agriculture.

The Senior High School gives two short plays in the auditorium, Wednesday evening, April 28th, at eight o'clock. "Rosalie" is about twenty minutes long and tells of a man and his wife who expect company to dinner, and who wish every detail to be perfect, but who have trouble with the maid. She "takes advantage" and tells them what she will do. The "Dear Departed" is nearly fifty minutes long, and tells how "the old man" beats his two scheming married daughters and their husbands.

Glady Palmer and Mae Garchow have finished the Curtis tests in arithmetic.

The Seventh Grade has at last had its long looked for party. It was given last Friday night at 7:30 in the kindergarten room. Lunch was served by six of the Seventh Grade,

girls under the direction of Miss Broan in the lunch room which was prettily decorated for the occasion. We had a peanut hunt, played games and had music and singing. Mr. Ross, Miss Conkey, Miss Leach and Miss Jewell were our guests. Everyone voted it the best party they had ever gone to, perhaps because it had been looked forward to for so long.

PLEASE TAKE OUT MY AD

Plymouth, Mich., April 19, 1920
Editor Plymouth Mail,
Plymouth, Mich.

Dear Sir:—
Please, please discontinue at once my advertisement of lots for sale. The first ad two weeks ago brought out within twenty-four hours, more than enough buyers for the seven lots I then had available—sure quick work and goes to show that people read the Mail advertising. I forgot to have the ad stopped last week and have been literally besieged with buyers, but no lots for them. Have also had a number of inquiries for my house but have not closed with any of them, so run that ad until further notice. Many thanks for your good work.

Very Truly Yours,
H. N. CARPENTER

CANTON

Mrs. James Gates and Mrs. Loomis were Sunday callers at the home of Mrs. D. A. Campbell.

Robert Hutton is in very poor health, and is not improving as his friends wish.

The grading for the concrete road on Warren Ave. is completed for one mile.

Mr. and Mrs. Charles Kouva and family were callers Sunday evening at Mr. and Mrs. D. A. Campbell's.

Mr. and Mrs. Ernest Reddeman gave a birthday dance in honor of the Glen Davis and their daughter, Miss Phyllis Reddeman last Friday evening.

Today's Reflections

Ask any Plymouth man and he'll tell you that a home in the hand is worth a dozen in the "for sale" column.

What a blessing it would be for the world if we could start a feud between the Turks and the Mexicans.

There is one time when a Plymouth woman detests flattery, and that is when some other woman is being flattered.

An Iowa man paid \$40,000 for a hog and says it's the best hog in the world. We wonder if he looked over the profiteers first.

Washington officials now claim high prices are passing the crest. All we've got to say is they're not exceeding the speed limit.

We heard one prominent Plymouth citizen declare a few days ago that the German mark may be going down, but the American price marks are not following it very fast.

We all love to kick about high rents, yet sometimes we wonder what would happen if things were changed around and the tenants became the landlords.

You can generally tell by the way some Plymouth men cuss during an argument just who is losing the argument.

Every young man should learn that while girls get mad when they're kissed a lot of them get mad when they're not.

It doesn't matter what city you are in, Easy street is mighty hard to find.

These days every Plymouth citizen realizes that it takes a round sum to square accounts.

Gen. Hindenburg is going to run for the presidency of Germany. He

has had some experience in running all right.

One hundred members of congress are going to make a trip to China and Japan. Maybe they'll get something done while they are away.

There is only one kind of stinginess we can commend in any Plymouth man. We like the one who insists on keeping his temper.

For the benefit of Plymouth people who have never seen it, we will state that the new "shimmie" dance is merely St. Vitus under another name.

A woman should grow more beautiful as she grows older, and she will with due regard to baths, diet and exercise, and by keeping her liver and bowels in good working order.

HUGE TASK TO MAKE FILM VERSION OF "THE COPPERHEAD"

PICTURE STARRING LIONEL BARRYMORE REQUIRED VILLAGE TO BE BUILT.

The task confronting the producers of the screen version of Augustus Thomas' great play, "The Copperhead," which will be on view at the Pennington Allen Theatre, tonight and tomorrow night, April 23-24, was a considerable one. It involved constructing and twice constructing an entire village, the employing, marshalling, costuming, and directing of literally thousands of "extras," and endless research and study of archives pertaining to the periods of the Mexican and Civil Wars.

Lionel Barrymore, who was star in the stage play, also is featured in the picture. Charles Maigne was director. The village which was used was constructed on the plains of Long Island and is faithful in every detail in its reproduction of a middle western town in the '50s. It was modelled after original sketches and drawings showing the style of buildings of that period. Every structure was inclosed on all four sides, in itself a innovation in movie making. Over two hundred Mexican war soldiers and 1,200 Civil War veterans were impersonated by "extras."

Different styles of guns had to be obtained for the soldiers in the two wars. An accurate copy of President Lincoln's proclamation of war reproduced by one of the few living men who have seen one.

All in all, "The Copperhead" is declared to be one of the big motion picture events of the year and well worth the attention of everyone. It is a Paramount Arterfact.

Revelation eleven the study for April 25. What was "the reed like unto the rod?" What "the temple of God" that was to be measured? Why was the "court" in this instance left out? What "the Holy City" that was to be trodden under foot forty and two months? How long a time is this? What were the two witnesses (two olive trees) which were to prophesy 1260 days clothed in sackcloth? Were they the old and new testaments? Did their dead bodies lie (suppressed) in the street (France) just 3 1/2 years from 1793 to 1796 during the French revolution? Is the most of this chapter's prophecy in the past? Welcome.

RESOLUTIONS
To Mrs. Guy Selders and family from Tonquish Lodge, No. 32:
As it has pleased God in His wisdom to remove from our midst our worthy brother and friend, Guy E. Selders, be it

Resolved, That we, as a Lodge of Odd Fellows, tender our heartfelt sympathy to the bereaved family in this their hour of affliction. We feel that in the loss of our brother we have lost a friend, indeed. He was an active, hard-working member of our Order, filling the important position to which he was selected with fidelity and satisfaction to the brotherhood. His devotion to Odd Fellowship was attested by an exhibition of zeal commencing with the date of his initiation, and continuing unabated until his death. His record is that of a devout Odd Fellow, a firm friend and an ardent advocate of the principles of friendship, love and truth. In his death this Order has lost one of its most honored and worthy members and his memory will long live in the hearts of his brethren. An honored one from us has gone. A voice we loved is stilled; A place is vacant in our Lodge, Which cannot be filled. Be it also further

Resolved, That a copy of these resolutions be placed on the records of our Lodge, and one sent to the family and also published in the Plymouth Mail.

Signed in behalf of the Lodge.
FRANK S. RAY,
JACOB STENG,
JOHN W. FURMAN,
Committee.

He was united in marriage to Miss Florence Huston, March 29, 1917. To this union was born two sons, the eldest two years old and a babe three months old. He was converted at the age of thirteen years at the Haviland M. E. church, and became neglectful in his service for his Master, but in his last hours on earth he asked his father to pray for him, and asked those who were at his bedside to repeat the Lord's prayer with him, and he gave himself to Jesus and entered into peaceful sleep. Those who mourn his loss are his wife, two sons, father, one brother and two sisters, besides a host of relatives and friends.
A precious one from us is gone,
A voice we loved is stilled;
A place is vacant in the home,
Which never can be filled.

Hear the Realism Test

In order that you may experience for yourself the magic power of the New Edison's wonderful realism, we have equipped ourselves to give the Realism Test.

This is a test by which you can determine whether the New Edison gives you the same emotions and pleasure as listening to the living artist. Come in and hear it.

The NEW EDISON

"The Phonograph with a Soul"

So perfect a realism is achieved by the New Edison that its RE-CREATION of an artist's art cannot be distinguished from the artist's living art. This was proved in a most amazing way at Albany on November 25, 1919, when Mario Laurenti, of the Metropolitan Opera, compared his voice directly with its RE-CREATION by the New Edison, and 6,000 teachers could not tell one voice from the other. Talking machines absolutely do not and cannot sustain this vital test.

That is why the U. S. Government has granted Edison the sole right to use

the term "RE-CREATION," as applied to the reproduction of music.

Don't let anyone tell you the Edison RE-CREATION is like a talking-machine record. It is recorded and manufactured by methods unknown to other manufacturers. These methods and processes are much more costly than those employed in the manufacture of talking-machine records.— Edison RE-CREATIONS cannot be played properly on any instrument except the New Edison.

We want you to make the Realism Test. It is a pleasant experience. Ask for it.

The Budget Plan solves the problem of your New Edison. A thrift way of buying. Ask us about it.

House Cleaning

A thing of the past in
ELECTRICAL HOMES

A wired home need never be cleaned in the old-fashioned, back-breaking way—it is always cleaned.

The Electric Vacuum Cleaner has banished the dust and germ scattering broom and the unsanitary dust cloth. Ask for details—you will incur no obligation.

The Detroit Edison Co.
MAIN STREET, PLYMOUTH.

Kodak Season Will Soon Be Open

Is your Camera loaded and ready for action. If it has been idle during the winter the lens may need cleaning. A dusty lens makes a dim picture. The best way to clean a lens is to brush it with a fine brush, breathe on the lens and wipe with a linen cloth. Clean all the dust from inside of camera—a particle of dust on the negative will cause pin-holes.

Best Results Are Obtained By Using EAST-MAN'S Films, Developers, and Papers

New ideas and much good information can be found in Kodakery, a monthly magazine for amateur photographers, 60c a year. Some buildings and scenery are better taken before the foliage is so large as to shade or cut out the view.

We can handle your developing and finishing, but there is more fun and satisfaction in doing the work yourself.

There is a "dry cough," a "winter cough," a gripple cough, bronchial cough, asthmatic cough, and of course, the racking, painful cough to raise choking phlegm. McCall, Athens, O., writes: "We used Foley's Honey and Tar in our home for several years and find it almost invaluable for the cure of coughs and colds, and especially for croup with our children."
