ENTERTAINS WOMAN'S LITERARY CLUB

MRS. C. H. BENNETT IS HOSTESS TO ABOUT FIFTY MEMBERS OF THE CLUB AT HER HOME LAST FRIDAY AFTERNOON.

Mrs. C. H. Bennett, president of the Woman's Literary Club, pleasantly entertained about fifty members of that organization at her spacious home on Main street, last Friday afternoon, April 23rd. During the past winter it has been the custom of this club to have one outside speaker each month, and as the April speaker was to be Rev. F. M. Field, pastor of the local Methodist church, it was Mrs. Bennett's pleasure to entertain at this time in honor of Mr. Field and also to have one more social gathering of the club at her home before the closing of her two years' regime as president, which terminates at the annual meeting, Friday, April 30th.

At the close of Mr. Field's address, Mrs. Bennett called the club to order at three o'clock, and in her genial manner welcomed the guests. Miss Evelyn Thomas then entertained the company with two piano selections—"Fanatsia and Sonata C Minor," Mozart, and "Murmuring Zephyrs," Adolph Jensen. Mr. Field was then invited to address the company, and he took for his subject, "How We Got Our English Bibles," and a very interesting and scholarly address followed. Mr. Field traced the translation of the bible down from the early ages. Many years ago the bible was printed in a language not spoken at the present time, mostly Hebrew, and the translation of the manuscripts was a difficult task. In the earlier times, the printing press being unknown, bibles were not only expensive but very scarce, and he sighted a time when a man had been known to give a load of hay for the loan of the bible for a day. Mr. Field's talk, Mrs. Bennett stated that she had another pleasure in store for the guests, and then invited Miss Elizabeth Bennett of Detroit, to sing. Miss Bennett has a full rich contralto voice, and rendered several selections, which were greatly enjoyed. Miss Ingersoll, also of Detroit, accompanied Miss Bennett.

The guests were then invited into the dining room, where dainty refreshments were served and a social hour prevailed. The tea table was presided over by Mesdames Field and Murray, and in the center of the lace cloth rested a handsome basket of snapdragons and ferns.

Two non-resident members were present, Mrs. F. F. Bennett of Ypsilanti, and Mrs. L. A. Thomas of Detroit.

Late in the afternoon the guests departed, thanking Mrs. Bennett for the delightful time she had given them and her generous hospitality.

EPWORTH LEAGUE BANQUET WEDNESDAY, MAY 5TH

The Rev. George E. Gullen, pastor of West Grand Boulevard Methodist Episcopal church, Detroit, and first vice president of the state cabinet of the Epworth League, has been secured as one of the speakers for the Epworth League banquet to be given in the Methodist church, next Wednesday evening. Mr. Gullen is one of the outstanding ministers in the city, and has earned a splendid reputation as an after-dinner speaker. So that the local committee feel very fortunate in securing him for the occasion. It is expected also that Rev. S. D. Eves, the fourth vice president of the state cabinet, and a recognized leader in the social life movement in the churches, will speak on "Consecrated Fun."

The banquet will be served by the ladies of the Epworth League, who have decided to keep the price down to 75c per person. The program will be as follows: 7:30 P. M.—Prayer and singing. 7:45 P. M.—Address by Rev. S. D. Eves. 8:15 P. M.—Address by Rev. George E. Gullen. 8:45 P. M.—Dinner. 9:15 P. M.—Address by Mrs. F. F. Bennett. 9:45 P. M.—Address by Mrs. L. A. Thomas. 10:15 P. M.—Prayer and singing. 10:30 P. M.—Closing prayer and benediction.

STATE CHAMPIONSHIP DEBATE

PLYMOUTH HIGH SCHOOL TEAM WILL CONTEST WITH WESTERN STATE NORMAL HIGH SCHOOL OF KALAMAZOO FOR THE STATE CHAMPIONSHIP.

AT ANN ARBOR, FRIDAY, MAY 7

IT IS EXPECTED THAT A LARGE DELEGATION OF PLYMOUTH ROOTERS WILL GO BY SPECIAL D. U. R. CARS.

Plymouth High school will have its eighth and last debate of the season at Ann Arbor, Friday evening, May 7th. This debate will determine the debate championship for the state of Michigan. The winner will receive for permanent possession a large silver trophy on which will be engraved the names of the members of the winning team. The team that loses the state championship will receive a smaller silver cup on which will also be engraved the names of the team winning it. Both trophies are cups which Plymouth High school will be proud to possess, because of the honor and hard work for which they stand.

The state championship contest will be under the management of Ray K. Immel of the Oratory Department of the University of Michigan. Mr. Immel is state manager of the Michigan High School Debating League, which works under the direction of the University Extension Division of our state University. This department is under the supervision of Prof. W. D. Henderson, who has spoken in Plymouth several times.

Plymouth's opponent in the state contest, May 7th, will be Western State Normal High school of Kalamazoo. This team has won five debates in all of which they had the negative side of the question. By winning its fourth debate Kalamazoo won the championship of the western part of Michigan, just as Plymouth won the championship of the eastern district by defeating Ann Arbor in our sixth debate. By defeating Western State Normal High school from the Upper Peninsula, last Friday night, Kalamazoo made itself the debate champion for western and northern Michigan, just as Plymouth succeeded in winning the championship of eastern and central Michigan by beating St. Johns three weeks ago.

By drawing lots for choice of sides Kalamazoo drew the negative and Plymouth the affirmative, which is the side we had in the Flint and Ann Arbor debates. The Plymouth team will consist of Lyman Judson, Hanna Strasen and Lillian Lundy, with Grace Hawkins for alternate. May 7th ought to see every Plymouth citizen who is interested in the High school, present in Ann Arbor for the state championship debate. Last year Durand sent eighty rooters a distance of 80 miles to root for their debating team. Plymouth ought to show an even greater attendance, because the distance between here and Ann Arbor is only 18 miles.

Hear the state championship debate on Universal Military Training at Ann Arbor, Friday evening, May 7th, at 8:00 o'clock. Help our debaters to win the state championship. Admission free.

The D. U. R. will run special cars from Plymouth, leaving here at 5:30 P. M. and returning immediately after the debate. If there is a sufficient number who wish them to do so, those desiring to go this way will please notify M. G. Hill at the post office, L. E. Samsen at the Mail office or call the High school, on or before Monday, May 3rd. The fare for the round trip will be about 90c.

A GOOD CITIZEN PASSES ON

CHAUNCEY E. BAKER FOR MANY YEARS A RESIDENT OF PLYMOUTH, PASSED AWAY THURSDAY MORNING.

Chauncey E. Baker, one of Plymouth's oldest and most highly esteemed citizens, passed away at his home on Main street, Thursday morning, April 29, 1920, aged nearly 85 years.

Mr. Baker was born in New York state, May 9, 1835, and came to Plymouth when five years of age, where he has lived ever since, with the exception of about five years in California and in the army. Mr. Baker was a Civil War veteran, serving with the 1st California Infantry,

and was an honored member of Eddy Post, G. A. R., of this village. He was for a number of years postmaster of Plymouth. In the passing of Mr. Baker, Plymouth loses a splendid citizen, and he will be missed by a large circle of friends and acquaintances.

In 1892, he was married to Haettie Marshall Shattuck, who with one daughter, Mrs. R. A. Cassidy, and one son, Henry Baker, and Mrs. Arthur Olsen of Chicago, a step-daughter, survive him.

The funeral services will be held from the home, Saturday afternoon at 3:00 o'clock. Interment in Riverside cemetery.

Second-hand cars bought and sold. Hadley & Kincaid.

NOTICE
The next meeting of the American Legion will be held at the Veterans of Foreign Wars club room, over Pettigill & Campbell's store, on Monday evening, May 3rd, at 8:00 o'clock.

What Washington Said....

Washington took the office of president when the country was ravaged by war.

Food was scarce then as now. Prices were high. On every hand was privation and suffering.

His admonition, "Economy makes happy homes and sound nations. Instill it deep," has added significance today, when again economy has become not only desirable but necessary.

PASS IT ALONG

When you return to Plymouth from a trip to some other town or one that took you into many towns and communities, don't come back with reports of how far "behind the times" we are, or with how much more attention other towns pay to improvements. For that kind of talk is too apt to be construed as "knocking." On the other hand, come with suggestions of how we can adopt the example of some other towns with benefit to all here at home. Point out the good things you saw in the other town we ought to adopt here, and suggest to your neighbors that we get busy and make the same improvements.

We learn largely by watching others, and good towns become better by adopting the things other towns have found by experience are worth something to the public at large. We never get anywhere by merely pointing out our home town's shortcomings, or making comparison with some other town that puts us in a poor light. If the other town has a public place for parking autos, a vacant lot or a special side street where they will be safe and out of the way of traffic, then let us set about securing something like that. If other towns are making a special bid for outside trade or new industries, tell our public-spirited citizens about it that they may think it over and devise some way to follow the example.

Suggestions are always in order and everything that works well in another town will work well here. So don't hesitate to pass them along, remembering all the time that one good suggestion offsets a thousand knocks.

The following Detroit friends were guests of Mr. and Mrs. Charles Draper, last Sunday: Mr. and Mrs. C. B. Merrell, F. Merrell, Mrs. H. R. Merrell and daughters, Marian and Dorothy, Mr. and Mrs. Clark Porter and children, Mr. and Mrs. S. E. Howell and children, Miss Marie Simmons and Earl Steigler.

The Methodist church of Ypsilanti announces an attractive program for next Sunday afternoon. This will be a concert given by the Ypsilanti Juvenile Quartet of St. Louis. This group of songsters range in ages from six to twelve years of age, yet they sing in perfect harmony the four parts of glee, anthems, camp-meetings, melodies, patriotic selections, etc. No admission will be charged. The expense will be met by a free-will offering. The program will begin at three o'clock sharp. People from Plymouth and vicinity are invited to attend.

About eighty members of the Missionary Society, Standard Bearers and King's Herald of the Methodist church, met in the church Wednesday evening, where a pot-luck supper was served. The guest of honor was Miss Martha Griffin, a missionary nurse, who for the past seven years, has been connected with the Ellen Taborum Cowd hospital at Kolar, India. Miss Griffin had with her a little two and a half year old India orphan boy, whom she has brought to this country to raise and educate. Miss Griffin is a very interesting woman and greatly interested in her work. During the evening she related many of her experiences in the India hospital. It is expected that Miss Griffin will address the members of the Methodist church at the church Sunday morning. She is visiting her brother, Max Griffin, on the Waterford road.

The evening was enjoyed in a social way, and light refreshments were served.

Justice Phebe Patterson is filling the duties of her office to the full measure. The latest duty imposed upon her was the performing of a marriage ceremony at her home on East Ann Arbor street, last Wednesday morning, when Henry E. Close and Miss Ann M. DeWalls of Detroit, called at her home and requested that she "tie the knot." Mrs. Patterson had never been called upon to act in this capacity before, but she was equal to the occasion, and in her usual dignified manner, made the happy couple man and wife. In giving the reporter of the local paper the particulars of the marriage, Mrs. Patterson also stated that the Detroit papers last fall wondered what she would do in a case of this kind, "if the justice would kiss the groom" and for the benefit of inquiring friends, would say that she was again equal to the occasion, and the justice not only kissed the bride but the groom, too. Soon after the ceremony the happy couple returned to Detroit.

How Diphtheria is Contracted
One often hears the expression, "My child caught a severe cold which developed into diphtheria," when the truth was that the cold simply left the little one particularly susceptible to the wandering diphtheria germ. If your child has a cold when diphtheria is prevalent you should take him out of school and keep him off the streets until fully recovered, as there is a hundred times more danger of taking diphtheria when he has a cold. When Chamberlain's Cough Remedy is given it quickly cures the cold and lessens the danger of diphtheria or any other germ disease being contracted.—Advt.

Main street from Maple street to Dodge street; Ann Arbor street from Main street to the Section line between Sections 26 and 27; Penniman avenue from Union street to Harvey street; Starkweather avenue from Spring street to Pearl street; Mill street from Spring street to Pearl street; Liberty street from Starkweather avenue to Holbrook avenue.

SECTION II. Permit required. No wall, structure, building or part thereof, shall hereafter be built, enlarged, or altered, in said fire limits until a plan of the proposed work, together with a statement of the materials to be used, shall have been submitted to the building inspector, who shall, if in accordance with the provisions herein contained, issue a permit for the proposed construction.

Structures hereafter erected without permit, or not in conformity with this ordinance, shall be removed. No building shall be moved until a permit has been obtained from the Building Inspector; and such official shall not issue such permit if in his judgment the proposed new location of the building would seriously increase the fire hazard of the surrounding buildings.

SECTION III. Incombustible Walls, Cornices and Roofs Required Within Fire Limits.

Every business building hereafter erected or enlarged within the fire limits shall be enclosed on all sides with walls constructed of stone, well burned brick, terra cotta, concrete or other equivalent incombustible materials; and shall have the roof, top and sides of all roof structures, including gable roofs, covered with incombustible material. All cornices, except on buildings as outlined in Section XVIII, shall be of incombustible material.

SECTION IV. Permissible Wooden Structure Within Fire Limits.

No frame or wooden structure, except the same be fire-proof, shall hereafter be built within the fire limits as given herein, or within the fire limits hereafter established, except the following classes, and all roofs placed upon such buildings or structures shall have incombustible covering.

(a) Temporary one-story frame buildings for use of building materials. (b) One-story sheds not over 15 feet high, open on the long side, with sides covered with incombustible material, and with an area not exceeding 500 square feet. A wooden fence shall not be used to form the back or sides of such sheds.

(c) Wooden fences not over 10 feet high. (d) Piazzas or balconies not exceeding 10 feet in width. No such structure shall extend beyond the lot line, or be joined to any similar structure of another building.

(e) Bay windows when covered with incombustible material. (f) Small outhouses not exceeding 150 square feet in area and 8 feet in height.

Wooden sheds or outhouses shall not be located within 5 feet of any lot line, nor less than 30 feet from any other building over one story high. No frame building shall be moved from without to within the fire limits.

SECTION V. Repairing Frame Buildings Within Fire Limits. Any existing frame building within the fire limits, which may hereafter be damaged by fire, decay or otherwise to an amount greater than one-half of its present value, exclusive of the foundation, shall not be repaired or rebuilt, but shall be removed.

SECTION VI. Buildings Having Prohibited Occupancies Within Fire Limits.

No building shall be used for a public garage, coffee roaster, bakery or dry cleaning establishment, within the fire limits, unless it be of fire-proof construction. Provided, however, that this provision shall not prevent the continuing in occupancy of any person or persons now occupying any building within said fire limits for the purposes in this section aforesaid.

SECTION VII. All exterior or division walls of buildings hereafter erected within said fire limits shall be of sufficient thickness to support the load to be carried; but in no case shall a brick, stone, concrete or hollow block wall be less than 8 inches thick.

Walls, excepting party and fire walls, for all buildings of other than the dwelling house class, shall have the upper two stories not less than 12 inches thick, increasing 4 inches in thickness for each two stories or fraction thereof below. No two-story increment shall exceed 30 feet in height.

For all walls of buildings of the dwelling house class, the upper three stories shall be not less than 12 inches thick, increasing 4 inches in thickness for each three stories or fraction thereof below. No three-story increment shall exceed 45 feet in height.

Early in skeleton construction shall be of brick, stone or concrete. It shall be supported by girders at each story, shall be laid in Portland cement mortar, and shall not be less than 8 inches thick.

In all buildings, except dwellings, frame buildings and skeleton construction, party walls and fire walls, which serve as bearing walls on both sides, shall not be less than 16 inches thick in the upper two stories or upper 30 feet, increasing 4 inches in thickness for each two stories or fraction thereof below. All other fire walls shall be not less than 8 inches thick in the upper four stories or upper 50 feet, increasing 4 inches in thickness for each two stories or fraction thereof below. No two-story increment shall exceed 30 feet in height. Portland cement mortar only shall be used in such walls.

Reinforced stone or gravel concrete walls, with the steel reinforcement running both horizontally and vertically and weighing not less than one-half pound per square foot of area, shall be used in all walls less than that prescribed for brick walls.

Stone walls shall be 4 inches thicker than required for brick walls. The foundation walls of all buildings over two stories in height shall be 4 inches thicker from footing to

grade than required for the remainder of the wall.

All exterior and division or party walls over one story high shall extend the full thickness of top story to at least two feet above the roof surface of a building as a parapet and be properly coped, excepting walls with face on a street and are finished with incombustible cornices, gutters, or crown moldings, excepting also the walls of detached private dwelling with peaked or hipped roofs. The parapet walls of warehouses and all manufacturing or commercial buildings shall extend 3 feet above the roof.

Fire walls shall be continuous from foundation to 3 feet above the roof level and be coped.

Hollow blocks of terra cotta or concrete when used for bearing walls shall have not more than 50 per cent of cellular space. Portland cement only shall be used in the manufacture of concrete blocks. The coarse aggregate shall be of suitable material graded in size, but in no case shall the maximum dimension exceed one-half the minimum width of any section of the finished block. Concrete blocks shall not be used in construction until they have attained the age of 28 days. All building blocks shall be laid in Portland cement mortar.

All walls and partitions in schools, hospitals and places of public assemblage, over one story high, and all walls and partitions in theatres, shall hereafter be built of brick, stone, hollow or solid blocks, or metal studs, or other equivalent incombustible construction.

SECTION VIII. Concrete Construction. Concrete for reinforced concrete construction shall consist of a wet mixture of one part of Portland cement to not more than six parts of aggregate, fine and coarse, in such proportions as to produce the greatest density.

The quality of the materials, the design and the construction shall be in accordance with the best engineering practice.

SECTION IX. Protection of Ends of Wooden Beams. The ends of all floor, ceiling or roof beams, entering a party or fire wall from opposite sides, shall be separated by at least 8 inches of solid masonry. Such separation may be obtained by corbeling the walls, or staggering the beams, or the beams may be supported by steel wall hangers, but no wall shall be corbelled more than 2 inches for this purpose. The ends of all wooden beams which enter walls shall be cut to a bevel to make them self-releasing.

SECTION X. Protection of Wall Openings. No opening in an interior masonry wall shall exceed 8 feet by 10 feet.

If the opening be in a party wall, it shall have a standard automatic fire door on each side of the wall; if the opening be in a fire wall, not a party wall, it shall have a standard automatic fire door on one side of the wall only.

SECTION XI. Stairway and Elevator Shafts. In all buildings hereafter erected, which are used above the first floor for business purposes or for public assemblage, or for any purpose whatever, if over three stories high, except private dwellings, the stair shafts shall be separately and continuously enclosed by incombustible partitions. Elevator shafts in all buildings hereafter erected shall be enclosed in the same manner. The partitions shall be constructed of brick or other fire-resistive material approved by the Building Inspector or other designated official, and all mortar used in the construction shall be cement mortar.

The enclosure walls for all elevator shafts shall extend at least three feet above the roof, and at least three-fourths of the area shall be covered with a skylight constructed as specified in Section Twelve. If, in the opinion of the Building Inspector, it is necessary to preserve an open elevator or hoistway, the floor openings through which they pass shall be equipped with automatically closing trap doors not less than 1 1/2 inches thick, made of two thicknesses of matched boards, covered on the under side with tin; the trap doors, when closed, shall extend beyond the openings on all sides. Such trap doors shall be protected by a substantial guard or gate, which shall be kept closed at all times except when in actual use.

SECTION XII. Skylights over Stairway and Elevator Shafts. Where a stairway or elevator shaft extends through the roof and is covered by a skylight, the skylight shall be constructed with incombustible frame and sash, glazed with ordinary thin glass and shall be protected by steel wire screen with a mesh not exceeding one inch, and the wire not smaller than No. 12 gauge, or the said skylight may be glazed with wire glass, in which event the same need not be protected with said steel wire screen. The screen shall have metal supports and be placed not less than six inches above the skylight. Instead of a skylight, a window may be placed in the side of the shaft above the roof which is farthest removed from a property line. The window shall have incombustible frame and sash and be glazed with thin glass with wire glass.

SECTION XIII. Except in dwellings, all openings hereafter made in floors for the transmission of light to floors below shall be covered with glass set in metal frames and bars. The glass shall not be less than 3/4 inch in thickness, and if any glass measures more than 16 square inches there shall be a 7/8 inch wire mesh either in the glass or under it.

SECTION XIV. Every building hereafter erected within the fire limits shall have an incombustible roof covering, and no existing wooden shingle roof, if damaged more than 25 per cent, shall be renewed or repaired with other than incombustible roof covering.

SECTION XV. Roof Openings. All openings in roofs for the admission of light or air, shall have incombustible frames and sash glazed with wire glass; or ordinary glass may be used, if protected above by galvanized steel wire screens with a mesh not exceeding one inch, and the wire not smaller than No. 12 gauge.

SECTION XVI. Exits Required. The term floor area as used in this section shall mean the clear space between exterior walls and fire walls.

In every building hereafter erected, except in private dwellings, each floor area above the first shall be provided with at least two means of egress remote from each other, one of which shall be an enclosed stairway as provided, or a doorway in a fire wall leading to an outside footway, separately provided with adequate stairs or other independent means of exit. No portion of any floor area shall be more than 100 feet from a place of egress.

Except in dwellings, no required stairway shall be less than 44 inches wide, and the total width of exit doorways leading therefrom shall be at least equal in width to the total width of the stairways which they serve.

The total width of stairway, interior and exterior, provided for the occupancy of each floor and those above, shall not be less than 44 inches for the first 50 persons and 12 inches for each additional 50 persons to be accommodated thereby. The stair threads shall not be less than 9 1/2 inches wide, and the risers not more than 7 1/2 inches high. Winders in such required stairways are prohibited.

Every school, hospital and theatre, over one story high, shall have at least two stairways constructed entirely of incombustible material, located remote from each other, and continuous from grade line to the topmost story.

SECTION XVII. Aareways. All areaways shall be guarded with suitable railings, or be protected by incombustible covers or gratings.

SECTION XVIII. Frame Buildings. In frame building hereafter erected or altered shall exceed two stories or 30 feet in height, except that private dwellings may be three stories or 40 feet high.

No frame building hereafter erected for any occupancy and not over 40 feet in height, shall cover a ground area exceeding the following: One-story building, 7,500 square feet, two-story building, 5,000 square feet. In no case shall a frame building be erected within three feet of the side or rear lot line, nor within 6 feet of another building, unless the space between the studs on such side be filled solidly with not less than 2 1/2 inches of brickwork or other equivalent incombustible material.

In rows of frame houses the dividing walls or partitions between houses shall be built of brick, terra cotta, concrete or other incombustible material, or they may be built with brick-work laid in mortar, or with other incombustible material. If laid on such partitions, it shall be metal lath. Such dividing walls and partitions shall rest on masonry walls and shall extend to under side of roof boards. A flush mortar joint shall be made between the roof boards and the partition. In rows of more than three houses every alternate division wall or partition shall be constructed of solid brickwork not less than 8 inches in thickness.

Buildings with wooden framework clad with sheet metal, stuccoed or veneered with brick, shall be classed as frame buildings.

SECTION XIX. Chimneys and Fireplaces. Except as herein provided all chimneys in every building hereafter erected, and all chimneys hereafter altered or rebuilt, shall be constructed of brick, stone or reinforced concrete. No masonry chimney shall have walls less than 8 inches thick, unless it be lined on the inside with well burned terra cotta or fire clay chimney tile, in which case the wall shall be not less than 4 inches thick. The lining shall be continuous from the bottom smoke entrance to its extreme height.

No chimney shall be corbelled over more than 8 inches from a brick wall, and such corbeling shall consist of at least five courses of brick. Brick set on edge shall not be permitted in chimney construction.

The smoke flue of every high pressure steam boiler, and every appliance producing a corresponding temperature in a flue, if built of brick, stone or reinforced concrete or other approved masonry, shall have walls not less than 12 inches thick, and inside 4 inches of such walls shall be fire brick, laid in fire mortar, for a distance of at least 25 feet from the point where the smoke connection of the boilers enters the flue.

All chimneys shall project at least 3 feet above the point of contact with a flat roof, or two feet above the ridge of a pitched roof. Metal smoke stacks may be permitted for boilers, furnaces and similar apparatus, provided they have a clearance from all combustible material of not less than one-half the diameter of the stack, but not less than 9 inches.

The freebank of every fireplace hereafter erected shall not be less than 8 inches in thickness of solid brickwork, nor less than 12 inches of stone lined with firebrick. When a grate is set in a fireplace a lining of firebrick at least 2 inches in thickness shall be added to the freebank; or a lining of soapstone, tile, or cast iron may be used, if solidly backed with brick or concrete.

All flue holes when not in use shall be closed with tight-fitting metal covers.

SECTION XX. Duties of Enforcing Officers. The Building Inspector, who shall be appointed by the Village Commission and holding office during its pleasure, or other designated official is hereby authorized and empowered:

First: To enforce all ordinances relating to the construction, equipment, management and condition of all property within said town or village.

Second: To supervise the construction or reconstruction of all buildings.

Third: To report monthly to the Village Commission regarding the condition of the village on all matters pertaining to fire prevention.

SECTION XXI. Penalty for Violations. Any and all persons who shall violate any of the provisions of this ordinance or fail to comply therewith or who shall violate or fail to comply with any order or regulation made thereunder, or who shall build in violation of any detailed statement of specifications or plans submitted and approved thereunder, or any certificate or permit issued thereunder, shall severally for each and every such violation and non-compliance respectively, forfeit and pay a penalty in the sum of twenty-five dollars. The imposition of one penalty for any violation of this ordinance shall not excuse the violation or permit the continuance of such penalty until the violation is corrected or remedied or until the certificate or permit is renewed or until a reasonable time when such certificate or permit is renewed or until the violation is corrected or remedied.

The application of the above penalty shall not be held to prevent the enforced removal of prohibited conditions as provided in Section 2 of this ordinance.

SECTION XXII. Conflicting Ordinances Repealed. All ordinances and parts of ordinances inconsistent herewith are hereby repealed.

SECTION XXIII. This ordinance shall take effect and be held in force from and after its passage. MADE AND PASSED by the Village Commission of the Village of Plymouth at a session thereof held on the 19th day of April, A. D. 1920.

OBITUARY

Wilhelmine Fredericke Spietz, nee Piplow, was born on the 6th of February, 1849, at Wreken, Province of Mecklenburg Strelitz, Germany. Here she was baptized and later confirmed in the Lutheran faith. In 1871 she was united in holy wedlock with Fredrick Spietz in Kantnitz in the same province. This union was blessed with nine children, five sons and four daughters; four sons together with the husband having preceded her into eternity. In 1882 the deceased, accompanied her husband and family to America, settling in Detroit. At Detroit, twelve more years of her life were spent. In 1894 the family came to Nankin township, having purchased a farm on the King road. The deceased enjoyed excellent health until last October, when a cancerous tumor began to appear on her right shoulder, which became more and more serious until she passed away Sunday evening, April 18th, at the age of 71 years, two months and twelve days. She is survived by one son, William, of Detroit; four daughters, Mrs. Minnie Stiem and Miss Minnie Spietz of Plymouth; Mrs. Ella Genrich of Alpena, and Mrs. Ida Miller of North Detroit; a sister, Mrs. Caroline Schmidt of Elk River, Minn.; fifteen grandchildren and a large circle of other relatives and friends. The deceased was a communicant member of the Lutheran church at Wayne and also a member of the Ladies Aid Society. During her long illness God's word and sacrament were her comfort and hope, and what was her hope in life is now our hope in her death, as we know it is the fountain of life for all sinners here below. Interment took place Wednesday afternoon of last week from the late residence on King road to Riverside cemetery at Plymouth, Rev. Oscar J. Peters of Wayne officiating.

DEATH OF A FORMER RESIDENT

HERBERT PELHAM PASSED AWAY AT HIS HOME IN IRON MOUNTAIN, MICH. LAST FRIDAY.

Word was received here last Saturday morning of the death of Herbert Pelham, which occurred at his home in Iron Mountain, Friday evening, April 23rd. Mr. Pelham's death did not come as a surprise to relatives and friends here, as he had been seriously ill since last September and during the past few weeks had grown rapidly worse.

The deceased was the only son of Dr. A. A. Pelham, and brother of the Misses Cora and Nettie Pelham of this place. His early boyhood was spent in Plymouth, and he received his early education in the Plymouth schools. Mr. Pelham had been a prominent lawyer in Iron Mountain for many years, but for all of his many business cares, he never forgot the home folks and would often come back to the old home to visit his sisters and aged father, and also to renew his friendships with old acquaintances.

Besides his Plymouth relatives, he leaves one daughter, Miss Ora Pelham, who resided with her father, and an aged father-in-law, 96 years old, who has made his home with him. Mr. Pelham's wife preceded him to the higher life ten years ago.

The funeral services were held from his home in Iron Mountain, Monday afternoon. Plymouth friends extend sympathy to the bereaved family.

"FI-FI" PLEASD LARGE NUMBER

TWO GOOD HOUSES IN SPITE OF POURING RAIN.

In spite of a pouring down rain both nights, which would have spoiled any ordinary entertainment, "Fi-Fi of the Toy Shop," the home talent musical play, had good houses both Thursday and Friday evenings last week. With fair weather there is no doubt that the school auditorium would have been packed both nights. The storm cut the attendance materially the first night, but so delighted with the production were those present that they spread the report of its high character and a large crowd came out through the rain Friday evening.

"Fi-Fi" is a most charming fantasy of childhood, which appeals to old and young alike, and when its interesting story and the funny situations are combined with the many beautiful drills and the catchy music, it makes an ideal evening's entertainment.

Miss Virginia Carle of the Rogers Printing Co. of Fostoria, Ohio, deserves credit for so fine an exhibition with only two weeks' rehearsals, but she was ably sustained by the local caste, some of whom she said were the best she had ever worked with in their particular parts.

Miss Evangeline Foster made a very charming "Fi-Fi," the French doll who set the whole toy shop awirl with her charms, and in her musical numbers with "Lieut. Tinheart," Austin Whipple, and the "Man-in-the-Moon," Robert Jolliffe, drew enthusiastic encores. The tableaux effect of "Fi-Fi" and the "Man-in-the-Moon" sitting on a silvery moon suspended in the blue sky was a beautiful sight which drew rounds of applause.

Mrs. Lula Quartel as "Loosey," the rag doll, Harry Green as "Prince Lollypop" and Mrs. Dan Murray as "Inkspot," were the chief funmakers, and they well sustained their reputations from former appearances.

Mrs. Quartel took the part of a retired fairy, and with Mr. Quartel as "Capt. Barnacle" created many laughable situations. Harry Green as "Lollypop" was some doll, and his duel with the tin soldier, Austin Whipple, for the smelling salts was a scream. The clowns, Clifford Tait and Lyman Judson, were also there to see that there were no dull moments.

The part of Bonnie, the toy-maker's daughter, which is usually taken by an adult, was taken most admirably by Miss Alta Hamill. It is the longest speaking part, but she carried it well all through. Robert Jolliffe as the toy man, Mrs. Kenter as the retired fairy, and Miss Ruth Huston as "Aurelia," the fairy, had shorter parts, but adapted themselves splendidly to them. The doll's head, Mrs. George Howell; the talking doll, Mrs. C. E. Humphries, and the Japanese doll, Miss Fannie Grainger, had no speaking parts.

It was essential to the success of the play, "Bo-peep" Miss Adelaide Gotha and the Sandman, Calvin Whipple, had singing parts which were well received. Miss Czarina Penney and Miss Gladys Schrader were the pianists, and music was furnished both nights by Miss Baker's orchestra.

No small part of the charm of the entertainment was provided by a great variety of drills, in which over one hundred players participated. Ninety-little fairies all dressed in white made a big hit, and all the drills were very catchy, including the paper dolls, bridesmaids, jumping-jacks, Noah's ark animals and live wire. The grand finale was the wedding march for "Fi-Fi" and "Tin Heart," in which all participated, led by the little flower girls. The gross receipts from the entertainment were over \$300, and after paying all the expenses, which are necessarily heavy in a production of this elaborate, the local committee had \$117 as their share, of which \$50 goes into the new Methodist pipe organ fund.

GRANGE NOTES

The next regular Grange meeting will be Friday evening, May 7th, at 8:00 o'clock sharp. Mrs. Becker and Mrs. L. Smith will furnish the program.

Mrs. Harriette Loomis will entertain the Grange degree team at her home on Golden street, Saturday, May 1st.

LAPHAM'S CORNERS

A hard times party was enjoyed by over 75 friends and neighbors of Mr. and Mrs. Harold Davey at their home Friday evening. Dancing was the entertainment of the evening.

Theodore Sieloff, Jr. and Harold Mager were in Ann Arbor Sunday. Raymond Newton has sold his farm to Detroit parties.

The following were Ann Arbor hoppers last Saturday: Mrs. Coda Savary, Mr. and Mrs. Will Cole, Mr. and Mrs. Lloyd Jarvis and children, Mr. and Mrs. Herbert Holmes and children, Mr. and Mrs. Nelson Bender, Mr. and Mrs. Everett Larned, Mr. and Mrs. Andrew Gale and son Ray, Guy Rorabacher, Mr. Brinkman, John Smith and Mrs. William Mager and son Harold.

Mr. and Mrs. Coda Savary and children and Arthur Walker and son James and Mr. King spent Sunday with Mr. and Mrs. Samuel Dixon of Detroit.

Miss Ruth Smith is spending some time in Detroit. Miss Myrtle King of Wyandotte, as come home to spend the summer with her parents, Mr. and Mrs. Joseph King.

Mr. and Mrs. Eschels entertained several friends and neighbors at a dancing party last Saturday evening. Mr. Ritchie and Clarence Joint of Detroit, were calling at William Smith's last Friday evening.

Mr. and Mrs. Walter Stoll and family of Webster spent Sunday with his parents here.

The Cost of Upkeep

A run-down business is like a dilapidated house, the cost of putting either one back on its feet is often greater than it would be to start all over again.

To let the telephone run down, in quality of service or in mechanical equipment, would mean far more than a loss to the telephone company, it would mean a loss in business to every user of the telephone.

It has always been the policy of the Telephone Company to keep its property in such repair that its subscribers receive the greatest possible benefit.

But to keep things "ship shape" requires money, more money today than ever before. Materials cost more and wages have increased in an attempt to keep pace with the increased cost of living.

The Telephone Company is working hard to make ends meet, to keep its property in proper operating condition, and to pay wages which will assure the most intelligent and loyal service for the telephone user.

YOUR loyalty to the telephone will make it easier for us to serve you.

KING'S CORNERS

Last Sunday, Mr. and Mrs. Robert Dyball and daughter, Gladys, of Detroit; Mr. and Mrs. Charles Parrish, Mr. and Mrs. L. E. Kaiser and daughter, Lillian and Lottie, and son, Norman; Mr. and Mrs. Chas. Kaiser and three daughters, Christabelle, Ethel and Carol, and sons, Forrest and Junior; Mr. and Mrs. Otto Kaiser and son Wesley; Mrs. Ernest Hix, two daughters and son; Mr. and Mrs. Walter Schille and two little sons of Plymouth; Mr. and Mrs. Virgil Newman and two children of Redford; Mr. and Mrs. Clarence Hix and Emery Hix, all relatives of Mr. and Mrs. George Hix, met at their home to help them celebrate their thirtieth wedding anniversary. A bountiful dinner was served at noon, to which all did ample justice. In the afternoon the children enjoyed themselves in the large swing in the barn, while the older people were entertained with music and visiting. Mr. and Mrs. Hix received some very nice presents. The day will long be remembered by all present, and as

they went to their homes they wished them many happy returns of the day. The Helping Hand society will meet the first Wednesday afternoon in May, at the home of Mr. and Mrs. Clarence Hix. The word for roll call will begin with K. Mr. and Mrs. Otto Kaiser and Mr. and Mrs. Charles Parrish were callers recently or the latter's brother, George Smith, and family at Sheldon. C. F. Jubenville spent last Sunday at his home here. Miss Mildred Jubenville was a Detroit visitor last week. Mr. and Mrs. Steinable and daughter, Evelyn, were callers at the home of Mr. and Mrs. Charles Kaiser, last Tuesday evening. Otto Kaiser has sold his farm to Mr. Swarts of Redford, and has purchased the Rotnour farm near Plymouth, and will take possession soon. Mr. and Mrs. Clarence Hix spent Friday and Saturday with Mrs. Hix's parents at Livonia Center.

Mrs. J. Frank Parrish is quite poorly at this writing, and is under the care of Dr. Earle of Wayne. **LIVONIA CENTER** The Neighborhood Club was entertained by Mrs. John Redding, at her home, Thursday afternoon. Following a short business session, the afternoon was spent socially and with contests. In the bean guessing contest, Mrs. Fred Garchow, Sr., was the winner of the first prize, an olive dish, and Mrs. Palmer Chilson was consoled with a toy, which caused much amusement. Sandwiches, cake and coffee were served by the hostess, assisted by Mrs. Julius Landau. The next regular meeting of the club will be held at the home of Mrs. Fred Lee, May 6th. Mr. and Mrs. Matt Bund entertained a large number at a dance at their spacious home, Saturday evening. All report a good time. Mrs. Palmer Chilson and Mrs. Fred Lee attended a meeting of the Ladies' Aid of the M. E. church of Novi, at the home of Mrs. Ed. Halstead at that place, Wednesday. Miss Ethel Elliott of Birmingham, was an over Sunday guest of Miss Mae Garchow. Elmer Vincent of Detroit, was the guest of Mr. and Mrs. Palmer Chilson, Saturday and Sunday. Mr. and Mrs. Charles Bentley were Sunday callers at the Fred Lee home. An error occurred in the item last week that "Mrs. Emma McEachern and son, Glen, were Sunday guests at the Frank Peck home." It should have read that Mr. and Mrs. Dan Peck were guests of Mr. and Mrs. Frank Peck. Mr. Cook of Detroit, has purchased ten acres of land on the Waterford road of Mr. Goslin, and is erecting a temporary home, and will do gardening. The farmers in this community who own tractors have made an effort to use them in the fields this week, but they have found the ground too soft, and have had to give it up. There are very few oats sowed, and the prospects for good crops are very discouraging on account of the extremely cold and wet weather. Ethel Smith, who has been out of school two weeks on account of sickness, is better, but unable to return to school. John and Katherine Redding are sick and out of school.

NEWBURG Pupils attending Sunday-school every Sunday for three months, starting next Sunday, May 2nd, will receive as a prize an illustrated testament. In case of sickness, absence from Sunday-school will not count. Mrs. Thomas Davey was on the sick list last week. Miss Matherson and brother of Detroit, have moved into Mr. Clemens' tenant house for the summer. Miss Gladys Ryder of Plymouth, spent Saturday night with Margaret Stevens. Mrs. Grimm gave a pre-nuptial shower in honor of Miss Faye Ryder, last Saturday evening, at her home. About thirty young people had a merry time with music, games, etc. A delicious luncheon was served by the hostess. Miss Faye was the recipient of some very pretty and useful presents. Mr. and Mrs. Charles Ryder and son, Leigh, attended the funeral of Dayton Ryder at the home of Frank Ryder in Salem, last Friday afternoon. Raymond Grimm has an up-to-date greenhouse. The Kramer children are sick with the measles. Mrs. Mary Paddock and daughter, Florence, of Detroit, spent Tuesday afternoon at the Ryder homestead.

WEST PLYMOUTH Mr. and Mrs. Henry Moehlman of Detroit, visited Mr. and Mrs. Gus Gates last Saturday afternoon. Miss Gladys Acheison and Asa Whipple of Northville, visited at Charles Tiffin's, Sunday. Miss Annette Wall of Detroit, and Mrs. George Ryan of Romeo, visited the former's parents, Mr. and Mrs. Joseph Wells, Sunday. Mr. and Mrs. Don Packard and son Cecil were Sunday visitors of Mrs. Stark Durfee and family at Highland Park. John Butler visited relatives in Detroit, Sunday.

Moline Wide Spread Spreader

The Moline is a practical, low down, endless apron wide spreader. It is low enough for easy loading, just high enough for clearance, runs easy and lasts long. Moline Spreaders have given perfect satisfaction in all parts of the country with all kinds of manure.

Very little draft is added in operating the spiral beater, as it runs on roller bearings and does not have a retarding device of any kind to hold the manure, but acts on the manure when it is in motion and revolves in the same direction it is moving.

The even distribution and wide spread is a very great advantage when top dressing small grain or grass land.

DISCUSS THE FUEL SITUATION

MICHIGAN GAS AND ELECTRIC LIGHT ASSOCIATIONS MET AT LANSING TO TAKE SOME ACTION REGARDING THE COAL QUESTION.

C. A. Fox of the local gas company, attended a joint meeting of the Michigan Gas and Electric Light associations at Lansing, last week Thursday, at which time the following resolutions were adopted:

Your committee having investigated the conditions prevailing in the state, with regard to the present and probable supply of fuel for gas and electric companies, would report: The communities of Michigan dependent on gas and electricity for light, fuel and power, are faced with the prospect of a failure of gas and electric service.

A canvass of the situation reveals the fact that the gas and electric companies, throughout the state, have an average of only five days' supply of coal and oil on hand. To meet the responsibility of the companies, to the public, they must obtain sufficient coal and oil to prevent a failure of gas and electric service, throughout the state.

Added to the difficulties of continuing their service through the summer, the companies are confronted with the more serious problem of accumulating during the same period, a safe reserve for the winter. This must be done during the next ninety days or failure of service is certain.

The public generally is likely to believe that a settlement of the present railroad troubles, will relieve the situation at once. The public apparently feel that the present railroad troubles, are the sole cause of the coal crisis. As a matter of fact, it is only one of many contributing factors.

Inadequate transportation facilities, congested terminals, diversion of coal cars for other purposes and confiscation of coal by the railroads are the chief causes of the troubles. These conditions will not be remedied for a long time.

Ordinarily the gas and electric companies have carried large supplies of coal and oil as a protection to the public. The present difficulties make it absolutely necessary that the coal reserve be very materially enlarged, so that at least ninety days' supply shall be in stock, to guarantee uninterrupted service.

All fuel stocks are exhausted; not only the stocks of gas and electric companies, but also of local coal dealers and all industries. All must obtain fuel needed for present use and sufficient reserve for winter. Consequently they are all trying to get coal at the same time. This makes it more difficult for the gas and electric companies to get their coal.

Since government restrictions were removed and since the miners' wages have been advanced, the companies are compelled to pay nearly double the former prices for fuel. In addition to this, materially increased freight rates are imminent. The required fuel reserve, which the companies must provide at the increased prices, means an additional investment on their part, of at least three millions of dollars. Your committee offers the following resolutions:

1. In view of the fact that a failure of gas and electric service will seriously effect the safety and health of the homes, and the prosperity of the communities, it is the duty of the associations to advise the public of the extreme seriousness of the fuel situation.

2. That the co-operation of the public authorities, state and municipal, is essential to the solution of the problem.

3. That a committee be appointed, whose duty it shall be to obtain the co-operation of the public authorities to keep the public advised of conditions and to work out the best means of meeting the situation. This committee shall consist of the presidents of the two associations and seven others to be appointed by the president. The committee shall elect a chairman among its members and appoint a secretary.

4. That a copy of these resolutions be forwarded to the governor, the public utilities commission, the chamber of commerce and the mayors of all municipalities of Michigan. Respectfully submitted.

PUSH BUTTON FOILS BANDITS

HOTEL CLERK CALLS BOSS AND WIFE. ALL WOUNDED; CASH SAVED.

We take the following from the Detroit News of Saturday evening, April 24. Mr. Shafer was a former well known Plymouth citizen for many years:

Two thugs slugged two men into unconsciousness and stunned a woman in an effort to rob the cash register of the Hotel Butler, 43 Columbia avenue east, at 5 a. m. today.

James A. Schafes, 70 year old night clerk, was dozing when the men entered. He was struck on the head with a blackjack and kicked on the floor. Before being struck he had pushed a call buzzer, which awoke William Manning, 37 years old, the proprietor, asleep in a first floor room.

As Manning entered the hotel office he was knocked senseless. Alarmed by the scuffle, Mrs. Manning came down the hall in her night clothing. One of the bandits attempted to hold her back.

"It will be all over in a minute," he said.

She broke away screaming, and attacked the searcher, but was felled by a heavy blow over the left eye. By this time police were being called by guests. The robbers, laughing over the exploit, hurried into an automobile and escaped.

Could Not Stand Straight

It does not take long, when the kidneys are out of order and not doing their work properly, for poisonous acids to accumulate in the system and cause aches and pains. D. C. Diamond, 2885 W. 30 St., Cleveland, O., writes: I caught cold and it settled in my kidneys. My back and sides were so lame and sore I could not stand straight. I used Foley Kidney Pills with good results and am glad to testify to their helping power." Sold everywhere in Plymouth.—Advt.

ACME QUALITY

MOTOR CAR FINISH

Sun and rain, wear and tear will play havoc with any car. A few surface cracks on the hood, fenders or body open the door to the elements. Rust and decay begin their work. Soon you have a rusty, rattling, rough-looking old car that you're ashamed of.

But save the surface and you save all. A little Acme Quality Motor Car finish will protect your car against rust, make it last longer and look better.

There's no secret about finishing a car. We can give you some helpful suggestions. Stop in and look at our line of Acme Quality Motor Car Finishes.

Kodak Season Will Soon Be Open

Is your camera loaded and ready for action. If it has been idle during the winter the lens may need cleaning. A dusty lens makes a dim picture. The best way to clean a lens is to brush it with a fine brush, breathe on the lens and wipe with a linen cloth. Clean all the dust from inside of camera—a particle of dust on the negative will cause pin-holes.

Best Results Are Obtained By Using EAST-MAN'S Films, Developers, and Papers

New ideas and much good information can be found in Kodakery, a monthly magazine for amateur photographers, 60c a year. Some buildings and scenery are better taken before the foliage is so large as to shade or cut out the view.

We can handle your developing and finishing. But there is more fun and satisfaction in doing the work yourself.

PERRINSVILLE

There will be a special program and sermon on "Mother's Day," May 9th at Perrinsville M. E. church. Let us all try and make an effort to be there in honor of our mothers.

Mr. and Mrs. A. L. Hanchett of Plymouth, spent Saturday at Alonzo Hanchett's.

Another Yuschasz is improving quite rapidly.

Mrs. Maud Tait and Mrs. Grace Hanchett are on the sick list.

There was quite a large attendance at the pedro party given at Charles Wood's, Saturday night. A

good time is reported by all. Miss Hildred Baehr of Plymouth, is spending a few weeks with her parents.

Mr. and Mrs. John Kubie and son, Frank, and Jacob Kubie spent Sunday in Detroit.

Mrs. Pearl Wilson, who has been very ill with pneumonia, is slowly improving.

Raymond Holmea of Detroit, spent Sunday with his parents.

D. Corkey is suffering from a severe attack of erysipelas and was taken to Eloise hospital, Monday night.

Miss Alice Mecklenberg of Detroit,

spent Sunday with her parents. Sunday-school at 2:00 o'clock and church service at 3:00. Everyone cordially invited.

PIKE'S PEAK

A number of friends of Mrs. L. M. Decker helped her celebrate her sixty-second wedding anniversary, April 14th, at her home in Perrinsville. A very pleasant afternoon was spent. She received a number of nice presents, also two beautiful bouquets of roses and carnations. Mrs. Decker wishes to thank her friends, also the teacher and pupils

of the Cooper school for their kind remembrance.

Mr. and Mrs. George Hix and family, spent Sunday evening with Mrs. Oliver.

All came to choir practice, Friday evening at Mrs. Frank Ott's.

Herbert Avery of Eloise, visited his sister, Mrs. Joseph Roach, Monday.

Frank Morofski and sister, Frances of Detroit, spent Saturday and Sunday with their sister, Mrs. Chris Bakewell.

John Niemyscheck of Toledo, spent Sunday with his parents.

Henry Klatt purchased a Ford car, Wednesday.

Mrs. William Hospital of Romulus, visited at G. W. Dean's, Tuesday.

SALEM

Newton Smith was in Detroit, Friday, attending a ball game.

Frank Boyle was pleasantly surprised, Thursday evening, by a star party, the occasion being his birthday.

Mrs. George Foreman and Mrs. Ed. Youngs were South Lyon visitors, Saturday evening.

Cecil Carey of Bedford, was a Sunday visitor at his parents'.

Clifford Stevens of Northville, was in town, Saturday evening.

Byron Soultz and Clyde Carey were at "Lakeland," Sunday.

Mr. and Mrs. George Bennett and daughters were Plymouth visitors, Sunday.

Earl Foreman of Plymouth, was home, Sunday.

Glen Shipley is entertaining the measles.

Webb Wheeler is spending a few days in South Lyon.

Mrs. Minnie McMann of Detroit, was a week-end guest of her sister, Mrs. Forrest Roberts, and family.

F. C. Wheeler was in Ann Arbor, Sunday.

A BUSINESS CHANGE

A business change took place last week Friday, when Clyde Bentley purchased the garage building and business of the Livanee Bros. in north village. Mr. Bentley will continue to operate the garage in connection with his Buick sales agency, and has employed several first-class mechanics to look after the repair end of the business. He also has an experienced washer, and will give special attention to the washing and cleaning of cars, which is a feature that will be appreciated by the automobile owners of Plymouth. A first-class line of accessories will be carried in stock at all times. A fine service wagon has also been placed in commission at the garage.

METHODIST ORGAN

FUND OPENED

The fund for the new \$3,000 pipe organ to be installed in the local Methodist church has been opened, and has already reached a substantial figure. No concerted drive for the money is planned at the present time, but several contributors have volunteered their subscriptions already, and all who are interested in this fine improvement are invited to make their contributions and subscriptions. Evered V. Jolliffe has been appointed treasurer of the fund, which is being deposited and bearing interest as fast as it is paid in, and contributors may be assured that the money is being kept for the organ and for no other cause.

FISHER-LESTER

A very pretty wedding took place, Thursday, at three o'clock, at the home of Mr. and Mrs. Blake Fisher on Williams street, when Berle C. Fisher of Detroit, brother of Blake Fisher and Miss Ethel Lester of Detroit, cousin of Mrs. Fisher, were united in marriage by Rev. F. M. Field. They were attended by Miss Sadie Lester of Detroit, sister of the bride, and Alex Fisher of Detroit, brother of the groom. Only the immediate relatives were present. The color scheme was carried out in pink and white. After the ceremony a beautiful three-course dinner was served. The happy couple left Friday morning for Brown City and other northern points. After May 1st, they will be at home to their friends in Owosso, Mich., where the groom has a position as auditor for the Union Telephone Co.

GAVE A FINE CONCERT

The Spanish Orchestra gave a pleasing concert in the Penman Allen theatre, last Monday evening, as the last number on the Citizens' Entertainment Course. The company was composed of six young ladies, and the concert consisted of orchestral, vocal and instrumental selections. Owing to a delay in training their Spanish costumes did not arrive, and the young ladies were compelled to appear in street dress. However, it did not detract materially from the entertainment as each number was heartily enjoyed.

We will pay 25c for the first copy of the Mail of August 22, 1919, which is received at this office.

Mr. and Mrs. Len Vickery and daughter, Esther, have moved into the Elizabeth Terry house.

If the Mail is to continue to maintain the present subscription price, it will be necessary that renewals be made promptly. The almost prohibitive price of print paper makes this absolutely necessary. The label on your paper tells when your subscription expires.

Are You Happy?
To be happy you must be well. If you are frequently troubled with constipation and indigestion you cannot be altogether happy. Take Chamberlain's Tablets to correct these disorders. They are prompt and effective.

Theme, "The Work of Grace Performed by the Holy Spirit for the Salvation of the Sinner's World." Bible study every Thursday evening. The services at Livonia, Sunday afternoon, will be in German.

SURPRISED THEM

Saturday evening, the 24th, friends and neighbors gathered at the home of Mr. and Mrs. Albert Krumm, just to show them how easy it was to spring a little surprise on them.

Alice Larden planned this noble work to have a surprise on "Ann and Bert."

And Louis too in the almanac did look to find a storm was forecast in that book. But Louis showed he was no shirk and came from Detroit to surprise "Ann and Bert."

When Milt was asked, to our surprise, he began to roll his eyes. Says he, "You know Bert is a pretty keen feller, and you know he has a pretty good smeller." But never mind, he didn't shirk, but was there on time to surprise "Ann and Bert."

Herman Johnson was sick abed, but sent his family on ahead. But as night drew near, says he, "I cannot shirk," he too came over to surprise "Ann and Bert."

The people from Bedford and Plymouth, too, whose names I could not all mention to you, all were there on the hour of time, to take a step with the music of "Auld Lang Syne." They showed them too that none did shirk, for the surprise was on "Ann and Bert."

And when Bert and Ann the crowd did see, said they, "This is a surprise, by gee." But Bert did take it easy when, when he "I guess I'll change my jeans." But was one of the first to form in line, and lanced to the time of "Auld Lang Syne."

At twelve o'clock the table was spread, when Ann says, "Looks good, to shirk." She too looked out that she did shirk, as it was a surprise on "Her and Bert."

Once more the old and young did form in line, and departed to the music of "Auld Lang Syne," and all promised that none would ever shirk, if they could have another surprise on "Ann and Bert."

Now in Your Company?

A woman should never leave home without the good old and reliable Chamberlain's Tablets. They are prompt and effective.

WOMEN'S and MISSES SPRING COATS

Saturday will be a great day for coat buying. Women looking for fashionable coats will not find a better opportunity than this. Here are the materials: Camel's hair polos, homespuns, polo cloths, silvertones, serges, tricootines and tweeds. Swagger models, three-quarter and full lengths. Most are waist lined with peau de cygne, fancy satin or tussah silk. The popular spring colors. Sizes 16

The styles for spring are so radically different from previous seasons, the fabrics are so new; the garments are so indicative of Spring and Youth, that a most delightful surprise awaits you.

How much should I give to make this a better world?

A CERTAIN man in New York filled out his income tax report. It showed an income so large that his tax was 53%. And his total gifts to church and charity for the year were \$148.

Think of it—thousands spent for luxuries and pleasure for himself; and \$148 to leave the world a little better than he found it!

Most of us do better than that; but not so very much better.

Our average daily gift for all church causes is

- less than we spend for daily papers
- less than a local telephone call
- less than a third of the day's car fare
- less than 3 cents a day

No wonder that 80% of the ministers of America are paid less than \$20 a week. No wonder that the church hospitals turn away thousands of sick people a year. No wonder that China has only one doctor for every 400,000 people. No wonder that every church board and charity society has forever meeting deficits, forever passing the

It isn't because we are selfish; it isn't because we don't want to help. It's just because no one has ever set up a great big program to us, and asked us to think of the work of the church in a systematic businesslike way.

The Interchurch World Movement represents the united program of thirty denominations. They have surveyed their whole task, no business could have done it better.

They have budgeted their needs; no business could have a more scientific budget. They have united to prevent the possibility of waste and duplication. At least a million dollars will be saved by the fact that thirty individual campaigns are joined in one united effort.

And they come to the men or women who love America—to you—this week asking you to use them as the channel through which a certain definite part of your income can be applied to make this a better world.

Only you can determine what part of your income that should be.

It's a good time right now to answer that question. We're passing through the world just once; how much better will the world be because you passed through?

The INTERCHURCH World Movement of North America

The publication of this advertisement is made possible through the cooperation of thirty denominations.
