FINE EXERCISES ARE CERTAIN

FOREIGN WAR VETERANS AND AMERICAN LEGION ARE ASSISTING G. A. R. IN OBSERVING THE DAY.

Memorial Day will be fittingly observed in Plymouth on Monday, May 31st, according to arrangements which have been made, and give every evidence of making a Decoration Day that Plymouth will long remember, as it will be the first time that the veterans of the world war have taken an active part with the G. A. R. in the exercises of the day.

Sergeant Myron H. Beal Post, No. 204, Foreign War Veterans, and Scott Corrite Post, No. 232, American Legion, are planning a large turnout of their members in uniform, and their co-operation with the local Post of the G. A. R. will aid greatly in making the day one of honor to the memory of the heroic dead of the country.

The procession which will be headed by the Millard band will form at Kellogg Park at one o'clock p. m., and march to the High School auditorium, where the exercises will take place at 1:30 o'clock. Rev. Frank M. Field will be the principal speaker of the day. After the exercises at the auditorium, the procession will reform and march to the soldiers' monument in Kellogg Park, where Eddy Post, G. A. S. Conger Hathaway, pastor of the local Presbyterian church, at 10 o'clock. Special music has been arranged for the occasion and the public is invited to attend this service in honor of the soldier dead.

PUPILS WILL GIVE RECITAL

The people of Plymouth and the surrounding community are most cordially invited to attend a recital given by Miss Ellen Gardin's class in conjunction with the High School auditorium, there will be fancy dances, among which will be a very pretty May pole dance, and a splendid program of recitations and piano solos.

This class has worked diligently for some time to prepare a pleasing entertainment that everybody, old and young, will enjoy. Those taking part are Marguerite Wood, Ida Bennett, Virginia Glee, Julia and Katherine Wilson, Jeannette and Doris Whipple, Dorothy Hillman, Evelyn Schrader, Elizabeth Murray, Mrs. Lila Hamer, Mrs. Hattie White, Adelle Carson of Newburg, and Miss Gardin. Admission will be 25 cents for adults and 15 cents for children.

The art of expression properly understood enables one better to appreciate and understand the highest expression of thought and feeling. A complete program will be published in next week's Mail.

ATTENTION, EX-SERVICE MEN!

All ex-servicemen are requested to bring their military uniforms and decorations, and to bring their hats and breeches on Decoration day, Monday, May 31.

SCHOOL EXHIBIT GREAT SUCCESS

THERE WAS A LARGE ATTENDANCE AT THE SCHOOL EXHIBIT AND CARNIVAL HELD AT HIGH SCHOOL, LAST FRIDAY.

THE PROCEEDS OF THE EVENT GIVES PLAYGROUND AND ATHLETIC FUND BIG BOOST.

The exhibit of school work and the carnival held at the High school building, last Friday afternoon and evening, was a decided success in every particular. Hundreds of citizens availed themselves of the opportunity to look over the work being done in the public schools, between the hours of 2:00 and 4:30 p. m. In each one of the grade rooms there was a splendid display of the work being done by the pupils, all nicely arranged upon the walls and desks. The visitors were welcomed and the work explained by the teacher in charge.

The work of the Senior High, the Junior High and sixth grade in the domestic art department was highly complimented on by all who saw the splendid work being done there. The exhibit consisted of dresses, fancy work and other articles of wearing apparel. The needlework of the girls taking this course is truly wonderful.

The manual training department, had a fine showing of the work being done there, and many exclamations of surprise were heard on every side on the splendid articles turned out by the pupils in this department. Some very fine pieces of their handwork, such as tables, pedestals, desks, etc., were on exhibition, and some of the articles would have been a credit to a more experienced mechanic.

The class in agriculture had a most interesting exhibit, showing the various kinds of fertilizers, sprays and grafting. The work being done in this department shows that rapid progress is being made in this line of study.

Another pleasing and instructive feature of the exhibit was the display of made in Plymouth articles. Each one of the exhibitors had an attractively arranged display of their various products. The exhibit of the Birmingham Air Rifle Co. was in charge of B. E. Giles; C. H. Rauch had charge of the Dairy Mfg. Co.'s display; F. B. Park, the C. J. Hamilton & Son's display; William Petz, the Detroit Plumbing Supply Co.'s exhibit, and C. E. Goyer, the F. Millard Co.'s display. The Bohafide Mfg. Co. had a display of fish spears manufactured by them.

The evening was given over to the carnival features, and there was a large crowd present, who enjoyed the many attractions provided, to the very limit. The feature of the evening's entertainment was the picture show given in the auditorium, and the splendid music of the High school orchestra. Both shows were largely attended. All of the various carnival features were well patronized during the evening. Supt. George A. Smith and the other teachers, who had the entertainment in charge are to be congratulated on the splendid success of this most enjoyable event. The proceeds netted the playground and athletic fund, for which the entertainment was given, about \$215.

BOY PLAYING WITH GUN KILLS SISTER

FATAL ACCIDENT OCCURS AT THE FARM HOME OF PETER JAJAGA, NEAR PLYMOUTH, TUESDAY AFTERNOON.

John Jajaga, the nine-year-old son of Peter Jajaga, accidentally shot and killed his baby sister, Antonia, 18 months old, while playing with his father's shot gun, Tuesday afternoon. The Jajaga's live on the Wayne road, about seven miles south and east of Plymouth. The shooting occurred while the father and mother were in the field, and the boy was in the house in charge of his sister.

After the shooting, the boy removed the exploded shell from the gun, put a fresh one in its place, and rushed back to his parents with the story that a strange man had entered the house and killed his sister. Deputy Sheriff George Springer of this place, was summoned, and searched the highways for signs of the man. In the meantime, Mr. Jajaga discovered that his shot gun had been fired, and also missed a shell from its box, and secured the confession from the boy that it was he who killed his sister. He said that the shooting was accidental. The boy stated that he had been playing with the hammer of the gun when it went off. Officer Springer decided that an inquest was unnecessary. The baby's body was brought to the Schrader Bros. Funeral Home. The funeral was held at Wayne, yesterday morning.

Professor found time to welcome the visitors most cordially.

The show "Hospital Practice"—in the library was a most mysterious and baffling performance.

The ice cream booth was very popular with the young folks and the old folks, too.

The shooting gallery developed the fact that there are some "marvelous" marksmen in Plymouth.

The sale of home baking and canning was well patronized.

Did you see the Irish Bats?

The magician performed some wonderful tricks that simply mystified the spectators completely.

The readings in the domestic art department, given by several young ladies were especially well rendered, and very pleasing to all who heard them.

The fish pond was well patronized.

Some of the Senior girls, dressed in the costume of gypsies, passed among the crowd, selling candy, gum, etc.

The menagerie was a wonderful exhibit.

Delicious coffee and doughnuts were served to the hungry ones.

NEIGHBORHOOD NEWS

Supervisor George D. Crippen of Superior township, has been elected chairman of the board of supervisors of Washtenaw county, for the ensuing year.

A new garage will be erected on the property which has been occupied by an old blacksmith shop at the end of the Pontiac road on the shore of Walled Lake.

The business men and citizens of Holly have organized a Mortgage Investment Co. for the purpose of assisting people to build homes. The capitalization of the new organization will reach \$100,000.

Henry Ford II., three-year-old son of the late Mr. Ford, was chief of ceremonies May 17 in opening the first of two blast furnaces at the River Rouge plant. Held in the arms of his grandfather, Henry Ford, the boy applied the match, which set the furnace in operation. Its daily output will be 500 tons of pig iron.

Dr. T. H. Turner will leave next Monday for a vacation of several weeks. He will spend some time on the Great Lakes and will enjoy a period of roughing it in the wilds of Michigan. He is greatly in need of a rest, and his many friends in this section will wish him an enjoyable and healthful outing.—Northville record.

Belleville's new water system will soon be completed. Recently a test was made on part of the system and a 100-pound pressure will be maintained for some time. The large pipe is all laid and the lead pipes will soon all be in. It took a couple of hard bumps in the way of fires to make Belleville realize the necessity of good fire protection.

Detroit suburbs are growing fast as the figures given out by the Census Bureau in Washington show. The city of Wyandotte has a population of 12,857, increase since 1910, 4,564. Hamtramck, 48,615; increase 45,056 or 1266 per cent. Highland Park, 46,599; increase 42,479 or 1031 per cent. Both towns are suburbs of Detroit. Hamtramck township has a population of 48,167 and Ecorse township with 22,911 population shows an increase of 11,513.

F. S. Neal of this village, was very much gratified Monday morning to receive in his mail a letter from Hon. Charles B. Warren of Detroit, member of the Republican committee for Michigan, informing him of his appointment as one of the sergeants-at-arms at the Republican national convention to be held in Chicago, beginning June 5th. Mr. Neal attended the national convention in 1916 as an alternate delegate from the Sixth congressional district.—Northville Record.

A new addition to Wayne's industries is the Enot Foundry company. Contracts have been let for the building of one 80x150 feet, and two other units will be built as soon as the first one is completed. When the company gets into full operation it is claimed that 500 men will be employed. They will manufacture gray iron castings and automobile cylinders and motor blocks. The new factory will occupy the four acres south of the "Y" of the Michigan Central railroad.

Vernon Spencer of Wixom, well known here as a ball player, who is playing center field for Toronto in the International League, is hitting the ball at a mad pace this spring. Last Tuesday in a game against the Syracuse team he made four hits in five times at bat—three singles and a home run—his best posting, his average up to .466. The International is just a notch lower than the American and contains a pretty fast bunch of ball players, among whom Spencer is rated with the best of them.—South Lyon Herald.

Farmington's new fire engine, purchased from the Waterloo Fire Engine Co., of St. Paul, has arrived. This type of engine used extensively by the United States government. The equipment is mounted on a motor truck and the same motor that runs the truck is used for pumping water. A suction hose capable of taking water from a hydrant or any cistern or creek is attached directly to the pump and during a demonstration they had two lines of hose running from the pump throwing a stream of water 100 feet into the air and at a pressure of 125 pounds.

Northville Commandery, No. 39, Knights Templar, expects to attend the annual convocation of the Grand Commandery of Michigan, to be held at Saginaw, June 1st, with at least forty members in line, and it is hoped that number may be increased. Arrangements have been made to go with Detroit Commandery, No. 1, on their special train, and the officers of the local Commandery are especially anxious to make a good showing. The Saginaw convocation is of more than ordinary interest to the members of the local Masonic fraternity who are striving for representation in the officers of the Grand Commandery, and should they be successful the honor will be a notable one for Northville. Northville Commandery is very busy with work at the present time and the membership increased ten per cent for the current year. Last year twenty-five names were added, giving the organization at the present time a membership of about 135.—Northville Record. A number of Plymouth members of the Commandery expect to attend the convocation.

Newburg School Notes

Gladya Clemens and Robert Taylor were elected librarians for the last week of school. All books are to be returned by Friday, some re-numbered, all to be in their proper places and the library to be left in order for vacation.

Instead of playing ball with Rough and Ready, the local school team will play with a Plymouth school team, Saturday afternoon.

We are all sorry to hear that Gwendolyn Gansolly is not improving very fast, but we hope for better news soon and a speedy recovery. The teacher and pupils sent her a beautiful bouquet of roses, Sunday.

Final exams are the order of the week.

The seventh grade are writing stories on "Evangeline," having completed the study of the poem.

A few of the absent pupils returned to school this week in time for exams, others are still absent, but convalescing.

The pupils are preparing three numbers on the Memorial program, to be given at the M. E. church, Sunday afternoon.

The closing day exhibit, program and picnic will be held Saturday afternoon. Parents and friends will be welcomed.

CONGRATULATES DEBATING TEAM

Supt. George A. Smith, Miss Ruth Huston, coach, and each member of the Plymouth High school debating team, are the recipients of congratulatory letters from Congressman Earl C. Michener, on the winning of the state championship in the recent debating contest. Miss Huston and the members of the team are very grateful to Mr. Michener for supplying them with much data for the subject on which they debated. While on a short visit to Plymouth several months ago the Congressman made a short call at the school building, and was much impressed with Plymouth's splendid school system. We publish herewith one of the letters received:

Washington, D. C.,
May 21, 1920.

Plymouth, Michigan.

Dear Miss Huston:

"I notice by 'The Plymouth Mail' that you were on the Debating Team, which won in the State contest.

Your team is entitled to much credit and I want to personally commend your effort.

Very sincerely yours,
EARL C. MICHENER,

ORION SEASON OPENS MAY 29

GREAT VARIETY OF ATTRACTIONS PROVIDED FOR THIS POPULAR RESORT THIS SUMMER.

The season at the Lake Orion resort will open Saturday, May 29, and there will be three days of special events to mark the opening. Great improvements have been made during the winter and spring. Park Island has been the scene of great activity. The park has been leased to Thomas M. Reid of Jackson, Mich. A large restaurant and coliseum building has been erected; soft drink stands, bowling alleys, skee ball outfit and other attractive games have been installed. A new high circle swing has been placed on the lake front, and at night this will be brilliantly illuminated. The dance hall has been remodelled. In addition to dancing there will be cabaret specialties by entertainers every night except Sundays, until Labor day. Bellevue Hotel is now open for guests, with Mr. and Mrs. John C. Thompson as managers. The large fleet of pleasure boats, launches, row boats and canoes are all refitted and ready for the opening day. Nearly all the cottages are rented, and inquiries for accommodations indicate that Lake Orion will have the biggest season in its history.

Do Your Best

Everyone should do all he can to provide for his family, and in order to do this he must keep his physical system in the best condition possible. No one can be reasonably expected to do much when he is half sick or good share of the time. If you are constipated, bilious or troubled with indigestion get a package of Chamberlain's Tablets and follow the plain printed directions. You will soon be feeling all right and able to do a large work. Adv.

BREAKS HEART OF MAN WHO SCORNE HER

UNLETTERED MOUNTAIN GIRL LATER BECOMES THE BELLE OF THE LOWLANDS.

When Pendleton Gray met Mavis Hawn, the Kentucky mountain girl, he was constrained to laugh at her. He didn't realize that ten years later the same Mavis shining under the brilliancy of education would break his heart. This is one of the situations in "Heart O' the Hills," adapted from the story by John Fox, Jr., and in which Mary Pickford makes her latest appearance at the Pemmian Allen theatre, June 4-5.

As Mavis Hawn, Miss Pickford takes the role of a girl whose father has been killed by an unidentified mountaineer and whose mother is on the verge of re-marrying. Mavis opposes the marriage for she believes that the suitor merely wants to wed her mother in order to get possession of valuable coal lands owned by the Hawns.

Oddly, Mavis is in love with the son of the widower who is courting her mother. Both Mavis and young Jason Honeycutt are displeased with the life they have been leading and they plan to marry when they are of sufficient age. Other influences enter their lives, however, and they separate in going to different schools.

They return to their mountain homes in time to find that their parents' marriage has been a terrible mistake. Widow Hawn is frail and weak under the cruel treatment of the rough Steve Honeycutt and she sorely regrets the marriage. Mavis and Jason arrive at the home of their unhappy parents to hear the Widow Hawn threaten to disclose the fact that Steve Honeycutt killed Mavis' father.

Enraged the older Honeycutt makes ready to choke Widow Hawn to death when the rifles of Mavis and Jason are brought into action. Then a most pleasing incident in the story takes place.

Moline Wide Spread Spreader

The Moline is a practical, low down, endless apron wide spreader. It is low enough for easy loading, just high enough for clearance, runs easy and lasts long. Moline Spreaders have given perfect satisfaction in all parts of the country with all kinds of manure.

Very little draft is added in operating the spiral beater, as it runs on roller bearings and does not have a retarding device of any kind to hold the manure, but acts on the manure when it is in motion and revolves in the same direction it is moving.

The even distribution and wide spread is a very great advantage when top dressing small grain or grass land.

A PAPER OF CIVIL WAR DAYS

O. P. Showers brought to the Mail office, Monday, a copy of "The New Special," New York, N. Y., of Saturday, April 15, 1865. The paper gives a full description of the assassination of President Abraham Lincoln, the details of Lee's surrender at Appomattox and other war news. It is a small four page paper, and presents a strong contrast in comparison with the large up-to-date New York papers of today. Mr. Showers purchased the paper for twenty-five cents at Berkeley Junction, Va., while on his way home from the war. It is needless to say that he prizes the relic, now yellow with age, very highly.

A Mile Below Surface

Striving mightily in his rock-hewn chamber a mile below the surface of the earth labors the northern Michigan miner, getting out the copper or the iron ore at ever increasing cost. Drilling the holes, filling them with powder, setting off the cardrums, shattering rock or the iron ore at ever increasing cost, and from these ores must be reduced, at increasing cost, the refined metal. Then the drawing of the wire in Michigan's mills, the pecking, the shipping and the stringing of the wire, each costs more than ever before.

WE MUST HAVE YOUR SUPPORT IF YOU ARE TO HAVE THE TELEPHONE

The great lead cables, the material of which comes from our neighboring state, Wisconsin, have gone up nearly 50 per cent. Everything else that goes into the makeup of a telephone system costs more than a few years back and the operation costs are not the least. Still you are getting your telephone service, and at a rate that does not begin to bear the expense. In fact the income of the telephone company is totally inadequate to meet the bill.

How to Keep a Hired Man

When an old Arkansas farmer saw the comforts a neighbor was providing for his farm hands, he snorted: "Huh! I ain't a-goin' to carry no hired man round on a leaf!" . . . But he didn't have a hired man and couldn't get one.

LIVONIA CENTER

Miss Ruth Lindsley spent the week-end with Miss Hazel Parmelee at Northville, and returned to her home in Manistique, Monday, after closing her services as teacher of the school at this place during the past year.

The closing exercises of the school, Friday, were attended by a large number of the parents and others, and the drills and music by the pupils were given on the school house lawn and were well rendered. The fairy drill given by five girls, dressed in the garb of angels, was especially pretty and the bubble exercises by the first and second grades, was entertaining—the boys blowing soap bubbles and the girls singing an appropriate song. After a treat of ice cream, the pupils were given their certificates, which brought smiles to the faces of some of the doubtful ones. We were sorry to note the absence of Viola and Gordon Baze and Ronald Snook on account of sickness.

Miss Vivian Johnson of Rosedale, and Miss Helen Melow of Plymouth, Miss Mae Garchow's guest, were visitors at the school exercises, Friday. Mr. and Mrs. Ed. Halstead and Miss Irene Morven of Novi, and Irene and Harold Chilson of Detroit, were Sunday guests of Mr. and Mrs. Palmer Chilson.

Mrs. Jesse Ziegler went to the Dr. Henry hospital at Northville, Tuesday, for treatment.

Mrs. Herman Johnson has been numbered among the sick during the past week.

Mrs. Sallie Trumbull became suddenly ill, Tuesday, and it is thought she might have had a slight stroke.

Mrs. Kingsley, mother of Mrs. Paul Helm, is suffering from a severe cold, which has affected her throat.

O. E. Chilson of Redford, visited his farm, Sunday.

Mr. and Mrs. Charles Wagenschutz were callers at the Fred Lee home, Sunday evening.

Heon Ziegler, who has been working at Redford during the past winter, has returned home to assist with the work on the farm.

Charles Cole returned to work at Northville, this week, after having been laid up a week from a lame back.

The community was saddened Sunday by the news of the death of little Gordon Baze, only son of Mr. and Mrs. John Baze. It was known that Gordon had been sick for a week, but his condition was supposed to be improving, until Saturday, when it took a sudden turn for the worse. He failed very rapidly all day Saturday, and passed away at 4:30 Sunday morning, of the dread disease, pneumonia. No funeral service was held at the home on account of the prevalence of scarlet fever in the house, but very impressive services were held at the grave, Tuesday, at 4:00 p. m., which were conducted by Rev. Strasen, who chose appropriate scripture passages and in his message tried to comfort the sorrowing parents. Little Gordon was a bright, lovable child and a favorite among his schoolmates. He was unable to take the examination with his class, but was passed from the first to the second grade on his credit. He is survived by two sisters, Viola and Ruth. The former is very sick at the present time with scarlet fever. The beautiful floral pieces from the school, the neighbors, the teacher and members of the family, gave expression to their love for Gordon and sympathy for the family. Mr. and Mrs. Asa Lyon of Pontiac, were present at the burial service.

There will be services in the Lutheran church at Livonia Center in the German language at 2:30 p. m., Sunday. Rev. O. Peters of Wayne, will preach. After the services the matter of the call extended to Rev. Peters will be discussed.

CEMETERY LOT OWNERS ATTENTION!

MEMORIAL SERVICE AT CEMETERY

All ex-service men of Plymouth and vicinity are asked to meet in uniform at the ex-service men's club rooms over Peelingill & Campbell's store, on Monday morning at 9:30 o'clock. We will march from the club rooms to the cemetery, where a short service will be held.

Men, don't look upon Monday as merely Decoration day or "a day off" but consider it, in its real meaning, Memorial day, the day above all others when we should meet together as one body with one purpose, that of paying homage and respect to those of our comrades who made the supreme sacrifice.

"Let's all turn out," and make it a day to be remembered.

H. B. DAGGETT, Post Adjutant, Scott D. Corliffe Post.

APPRAISAL OF LOCAL TELEPHONE PROPERTIES

A party of Telephone Engineers in the employ of the Michigan Public Utilities Commission has started an inventory of the local property of the Michigan State Telephone Company. The work here in Plymouth is a part of the state wide appraisal of property of the telephone company, which is being made under an order of the Michigan Public Utilities Commission issued last November.

The party which is taking the inventory locally is in charge of F. M. Teal, who has had very valuable experience, both practical telephone work and in the appraisal of telephone properties in this and other states.

Bible Students. Revelation 14 next in order. What do we know about this chapter? Who are these with the "new song" that none other can learn? "Who follow the Lamb whithersoever He goeth"—the 144,000? Do they picture the same class as Rev. 7:4? What their characteristics, verses 4, 5? Are they the "first fruits" or the "after fruit" (1 Cor. 15:23; James 1:18)? Shall we not desire to be of this "first fruit" class? And if their first work is to open wide the prison doors—the tomb, won't that be a decoration day never to be forgotten? 2:00 p. m. Welcome.
