### FREE DANCE ON THE PAVEMENT

STONE'S ORCHESTRA OF DETROIT WILL FURNISH THE MUSIC.

FIRST OF A SERIES OF FREE ENTERTAINMENTS TO BE GIVEN ON PENNIMAN AVENUE, SATURDAY EVENING, JUNE 19.

The business men of the south end of the village will give their first free street entertainment on Saturday evening, June 19th. Stone's famous orchestra of seven pieces and a singer of Detroit, will furnish the music for a free dance to be given on the pavement. The village commission have granted permission to use that part of Penniman avenue from the corner of Main street to the alley at the Mail office for this purpose. The pavement will be placed in good condition for dancing, and electric lights strung on both sides of the street and over the pavement will provide plenty of light.

Stone's orchestra have delighted Plymouth people with their music many times during the past winter. They are one of the best orchestras in the city. The committee have been fortunate in securing this orchestra for a series of five free dances on the pavement during the summer season. If the weather should be so as to preclude dancing on the pavement, arrangements have been made to give the dance in the Penniman Allen auditorium, so come anyway, rain or shine. The business men cordially invite the people of Plymouth and vicinity to come and enjoy the music and dancing, Saturday evening, June 19.

### DEATH OF A FORMER RESIDENT

Mrs. Hannah Ann Paddock, aged 85 years and two months, wife of the late James Monroe Paddock, passed away at her home in Lansing, Tuesday, June 1st. The deceased had been in failing health for several years, but was able to be about her home until a few days previous to her death. Her husband departed this life, November 16, 1919, and since that time Mrs. Paddock had lived rapidly. For many years she had been a member of the Methodist church, and has guided her life in the ways of a true christian worker. She is survived by one son, C. A. Paddock; three daughters, Mrs. L. E. Wallace, Mrs. W. G. Stowell and Mrs. A. A. Monroe, also seven grandchildren, all of whom reside in Lansing.

The funeral services were held in Lansing, Thursday afternoon, June 3rd. Friday noon the remains were brought to Plymouth and later burial took place in the family lot in Newburg cemetery. The deceased with her family lived for several years in Plymouth, and at one time was well known here. Plymouth friends extend sympathy to the bereaved family.

### SPECIAL ELECTION CALLED FOR JUNE 30

At the regular meeting of the village commission, last Monday evening, representatives of the Plymouth & Northville Gas Co. appeared before the commission, asking that a special election be called to vote upon a proposed amendment to the franchise held by the gas company, that will allow the price that may be charged for gas under the terms of the existing franchise to be revised and readjusted at the expiration of each three year period during the life of the franchise. Such revision to be made by mutual consent between the gas company and the village commission. The first revision and readjustment to be made for the three-year period beginning July 1, 1920.

The commission granted the request of the gas company to put the matter up to a vote of the people, and a special election has been called for Wednesday, June 30. On another page of this paper a full explanation of what the gas company is asking is set forth in the proceedings of the village commission. Read it.

### RECOVERS \$1000 WORTH OF LOOT

OFFICER SPRINGER PREVENTS THIEVES IN GETTING AWAY WITH GOODS THROWN FROM FREIGHT CAR.

At an early hour last week Friday morning, Deputy Sheriff George Springer, who is a member of a Penniman street crew, that he had suspicions that thieves were at work in a car near the crossing on the Penniman road, just west of the village. Officer Springer drove to the crossing above mentioned, and upon his approach he saw three men get into a big automobile and drive rapidly away. The officer gave chase, but was unable to overtake the high powered car, and had to abandon the pursuit. Returning to the crossing, he found a large automobile there and the fastest person of the village, with a value of about \$1000, in all, lying along the track, where it had been thrown from a car. The possession of Officer Springer in answering the call is all that prevented the thieves from making a clean get-away with their loot.

Mrs. Jessie Nash is visiting her daughter, Mrs. Jarvis at Lansing.

If you know of an item of news please phone or send it to the Mail office.

Mrs. J. W. Blickenstaff and little daughter are visiting relatives at Lake Odessa.

Burton Rich of Salem, spent a few days this week with Donald Bovee of Mill street.

Mrs. Ella Peck left Thursday for a week's visit with her son, Dexter, and family in Detroit.

George McGill of Detroit, was a Sunday visitor at the home of his father, Thomas McGill.

Charles Tait and wife were in Wayne Sunday, visiting Mrs. Tait's grandmother who is very ill.

Mr. and Mrs. J. A. Moore and Dr. W. W. Mitchell and wife of Detroit, were Sunday guests of Mrs. Adella Markham.

**SIGN YOUR NAME**  
We are always glad to meet the Plymouth citizen who has a suggestion to make that will benefit his town, his neighbor or his community. We are also glad to have such citizens write us. But we want to say here and now that we've mighty little respect and no admiration for the one who will seek to criticize a public improvement or cast a reflection upon someone in the neighborhood by hoping to get printed a communication to which they are too cowardly to sign their name.

We suppose every newspaper office receives such communications; otherwise they wouldn't need waste baskets. We suppose every town and community has a number of these kind of citizens who want to condemn something or somebody, and yet who are so little as to seek to shift the blame for any trouble that may arise to the shoulders of the newspaper. We get such communications occasionally, and outside of wishing we knew who the authors were so we could set them before the public in their true light, we permit them to go into the waste basket or the stove. Always we can read between the lines and see that the authors of these anonymous communications are the very ones who do the least to help their town or county, and who are the slowest to get back of any movement intended to boost the interests of themselves and their neighbors.

Helpful letters of suggestion, constructive criticism is always to be desired and we encourage it. Letters from citizens who are well-meaning will always find space in our columns. But the class that seek to stab someone or slam some public institution under a fictitious name had better save their stumps.

**EATING MORE LAMB**  
We have been asked through a circular letter from a big Chicago packing house to request the citizens of Plymouth and vicinity to eat more lamb. However, we are not going to force lamb on them, knowing as we do how quickly some stomachs rebel at the mere mention of it. But the company's motive in encouraging the eating of more lamb does not appear to be a selfish one, so we're putting the proposition up to you, and you can do as you please about it.

The company says the United States uses approximately 600,000,000 pounds of wool annually, but produces only one-third of the amount. The remainder is imported from Australia, and other countries and becomes expensive before reaching the mills. The consumption of lamb in the United States each year amounts to but five pounds for each person, while the consumption of beef is 71 pounds and pork 67 pounds per capita. Farmers are not encouraged to raise more sheep. A higher rate of consumption of the meat would do this and consequently would mean more wool for clothing, thus being a big influence in bringing down the price of that which we wear.

The argument looks good. It is based on facts, no doubt. But at any rate we are only being asked to buy something in the meat line just as good or better than we are using now and at no more cost. An experiment might profitably be made along the line suggested.

**STATE POLICE FIND MORE ILLEGAL "STILLS"**  
A few days ago Trooper Lynn Shrader secured a search warrant for John Chumich and Nick Treloger's place one mile off the Seven Mile road on the Elm road. Trooper Shrader took with him Troopers Scribner and Burch and Deputy Sheriff Springer. They found no one at home when they arrived, but forced an entrance, and found two complete "stills" and about half of another one, 350 gallons raisin mash, 15 gallons "moonshine" and two auto loads of jugs, boilers, coils, kegs and other utensils. They left the stuff in the house and then hid to await the return of the owners, who after quite a wait came, and were placed under arrest by Trooper Shrader and Deputy Sheriff Springer, and all their stuff was brought to this post. Chumich and Treloger were arraigned before Justice Phoebe Patterson, pleaded guilty and were bound over to the circuit court which had placed at \$500 each. They were taken to the county jail.

**AN AUTOMOBILE ACCIDENT**  
A serious automobile accident occurred on South Main street in front of Winfield Birch's residence, early last Monday evening, when the automobile in which Mr. and Mrs. C. C. Washburn of Ann Arbor, were riding turned over in the ditch. In turning out for Gerald Scott to pass, Mr. Washburn's car skidded, he put on the brakes, and as he was going quite rapidly, his car reversed and turned turtle in the ditch. Both of the occupants were pinned underneath, and it was with considerable difficulty they were extricated. Mr. and Mrs. Washburn were badly cut and bruised, and each sustained injuries to their knees. Mr. Washburn's knee cap being fractured. The injured people were taken into Mr. Birch's home, where a physician was summoned. He dressed their wounds and made them as comfortable as possible, and later in the evening they were taken to their home at Ann Arbor. Mr. and Mrs. Washburn were enroute to Lapeer, where they had been summoned, as their son, who is in school there, had met with a serious accident that day, and had lost the sight of an eye.

**O. E. S. HOLD SPECIAL MEETING**  
A special meeting of the Order of the Eastern Star for the conferring of degrees, was held in Masonic hall, last Tuesday evening, and several candidates were received into the order, the work being impressively rendered by the new officers. After the initiatory services, the members and guests numbering about seventy-five, were invited into the dining room, where a dainty lunch was served. On entering the dining room, the beauty of the decorations was the first to attract the eye, as the room was a veritable bower of flowers. Yellow and white was the color scheme and baskets of yellow lilies and white spires VanHouttei adorned each table and were everywhere in prominence. White crepe paper curtains trimmed with yellow adorned each window, and on the ledge of each was placed a white and yellow crepe paper window box filled with the same flowers. The order is indebted to Mr. and Mrs. H. J. Green and Mr. and Mrs. Karl Hillman for the beautiful and artistic decorations, and to Mrs. Hulda Knapp for the beautiful flowers.

**CHIEF OF POLICE TO ENFORCE MOTOR LAWS**  
WARNING ISSUED TO MOTORISTS THAT THEY MUST OBSERVE SPEED LAWS.  
Fast and reckless driving of automobiles and other vehicles is to be rigorously combated in Plymouth this year, Police Chief Springer announces. Open cut-outs are to be closed, and speeding drivers to be slowed up, he said.  
"We have no desire to work any injustice to anyone. We are anxious to prevent as many accidents as possible before they happen, and we expect to secure the co-operation of all motorists in our effort."  
"It should always be remembered, by drivers that children do the unexpected: they dash into the street quicker than a car can be stopped, and for this reason, drivers should always have their machines under control. All are urged to drive slowly when passing children on school houses; and corners should always be turned slowly.  
"Under present regulations, drivers' licenses may be suspended for a year for reckless driving, which means driving in a manner that endangers life or property, irrespective of the speed limit or leaving the scene of an accident after causing injury to a person or damage to property without giving your name and address and offering assistance.  
"Always give pedestrians proper warning signals and don't think your responsibility ends by merely honking your horn. It is the driver not the pedestrian that brings danger into the street. Brakes should be tested often and kept in condition. Don't imagine you are within your rights if you go at the maximum speed allowed by law."

**Best Remedy for Stomach Trouble**  
"I am pleased to have the opportunity to say a good word for Chamberlain's Tablets," writes Mrs. Mamie Bostel of Moberly, Mo. ### Today's Reflections

The wise Plymouth man is quick to say, "No," when his wife asks him if the woman who just moved next door is pretty.

One thing to be said in favor of the presidential primaries—they're putting a lot of money into circulation.

A dollar may be only worth fifty cents, as some financiers contend, but we notice the scramble for them in Plymouth is just as great as it used to be.

With backless gowns and half-hose prescribed for the women, it looks to us like a busy season for the mosquitoes.

We see where a New Jersey farmer has just sold a cow for \$7,000, and we can't help but feel she is a descendant of the one that jumped over the moon.

Another thing, too many Plymouth people spend their time hunting something to feel miserable about.

It will be a long time before any country tries to get into war with the United States. It takes them too long to get out.

Thirty thousand cubic feet of air weighs one ton. It is now up to the profiteers to fix the price.

Sugar ought to be selling at 5c or 6c a pound in Plymouth. But it isn't, so there's not much use in talking about what ought to be.

Never tell a living soul you've found a substitute for something or the price will double.

When all this territory around Plymouth was a wilderness, a man took a powder horn and went hunting for deer. Now the little deer takes a powder rag and goes hunting for a man.

Instead of selecting the hat that is most becoming, some women pick the one that will make their husbands maddest when they get the bill.

It always pays to be truthful—and especially if you marry a widow.

All Plymouth men ought to be in favor of the bankruptcy law. They may have to take it if they eat steak and potatoes at the same meal.

We've just heard of a smart young bride. She makes her biscuit small so her husband will have less to grumble about.

Instead of teaching Plymouth children the earth is round, we may soon have to start teaching them it is crooked.

### RURAL MINISTERS TO HOLD BIG CONFERENCE

FAMOUS SPEAKERS SCHEDULED FOR MEETINGS AT M. A. C. FROM JULY 6 TO 16.

Rural ministers from all parts of the state will gather in East Lansing from July 6 to 16, for the Sixth Annual Conference of Pastors and Laymen, which is to be held in connection with the summer session of the Michigan Agricultural College.

More than twenty-five special lecturers are scheduled to address the conference, many of them being nationally known educators. Among these will be: Dr. Warren H. Wilson of New York City, Church and Country Life Director; Bishop T. S. Henderson of Detroit; Prof. C. H. Moehlman of Rochester, N. Y.; Dr. E. A. Ross, professor of sociology at the University of Wisconsin, and Ralph Felton, Department of Rural Work, New York City.

Women who attend the conference will have meetings of their own, presided over by members of the Home Economics faculty at the college, while many features of entertainment are being arranged.

Recreational work under the direction of the Department of Physical Training, at M. A. C., will be mixed in with the "mental exercises" of the conference.

Other special conferences to be held during the college summer term, which runs from June 21 to July 30 this year, will include a conference for teachers of household art and domestic science, June 29 to July 2; a school of instruction for women in political organization, June 29 to July 2; the fifth annual conference for leaders of Boys' and Girls' clubs, July 6 to 9; and special meetings for science teachers and teachers of agriculture.

### FLAG DAY WILL BE ON JUNE 14

NEIGHBORS' DAY AND COMMUNITY SUNDAY ARE TO BE OBSERVED.

Monday, June 14, has been officially designated as Flag day by Gov. Albert E. Sleeper. Everyone is asked to display the flag on this day.

In paying homage to the flag of our country we honor not merely a piece of bunting, but those things for which the flag stands, liberty, justice and equality," says Gov. Sleeper in his proclamation.

"The flag of the United States symbolizes the national ideals for which our fathers were willing to give their lives, and in our day their sons have proved that they, too, are ready to defend to their utmost our great, free institutions which are the home as well as the nation."

It is proposed this year to celebrate, in conjunction with Flag day, June 12 as Neighbors' day to promote nation-wide neighborliness, and June 13, as Community Sunday to impress men and women of all faiths with the spiritualizing influence on the individual of unified neighborhood service.

"Therefore, I, Albert E. Sleeper, governor of Michigan, do hereby proclaim, and urge you to observe, that Monday, the 14th day of June, 1920, be observed as Flag day."

"I further suggest, in compliance with the request of the National Neighbors' day committee that Saturday, June 12, and Sunday, June 13, be observed respectively as Neighbors' day and Community Sunday."

"On these days let flags be displayed on both public and private buildings."

"Let us honor the flag."

Milford is planning on organizing a ball team.

The Northville Foresters have organized a base ball team.

Milford will celebrate "the Fourth" this year, the holiday coming on Monday, July 5th, this year. Ball games, horse races, etc., will be the attractions.

The village of Rochester at a special election turned down the request of the D. U. R. for a 30-year franchise. The franchise still has nine years to run, and the corporation asked for renewal for the sake of being in better financial position to borrow a large sum for improvements.—Michigan Investor.

W. J. Thompson went to St. Mary's hospital in Detroit, Tuesday, and on Wednesday he underwent an operation to the limb that has been troubling him for the past year and more. Many friends here will hope for his speedy recovery.—Northville Record. "Shorty" has many Plymouth friends who will hope for his complete recovery.

At an early hour Sunday morning three men drove a big Chevrolet touring car into Charles Shepard's yard, just at the north edge of the village, and left it. Mr. Shepard got up time to notice the three men walking toward town, and as they failed to return he notified Deputy Sheriff George Lunn, who took charge of the car, and is holding it on advice of the police of Detroit. It carried a Michigan license No. 103-945.—South Lyon Herald.

There is on display in the Recreation window a suit worn by Guy Robinson, an aviator in the late war. It is not much for beauty but was built for warmth. It comprises a coat, pants, gloves, boots, all lined throughout with heavy fur. The suit has six bullet holes through it, and Mr. Robinson carried the gun mark in a disabled arm. He is well known here, and is at present attending the University at Ann Arbor.—Ypsilanti Record.

Nearly 300 farms in Jackson county will not be worked this summer, according to data compiled by C. V. Ballard, Jackson county farm agent. Nearly 550 farm houses are vacant in the county. In 1917 there were 5126 men on farms in this county. This year there are but 4234. This is an average of 1.16 men to each farm in the county. Sixty dollars per month, with board, room and washing thrown in, is the average wage paid farm help. Married men with families get \$40 per month, a house, and garden plot. But these wages failed to attract the men who were drawing \$5 to \$12 a day in factories.

### PLYMOUTH GUN CLUB MEET

Second regular shoot of the Plymouth and Northville Gun Club was held at the Northville grounds, last Sunday. Owing to the small attendance and the extremely late arrival of the members, the second shoot was hardly up to our expectations. If the gun club wants to continue in existence, the members must take more interest than was shown at this shoot. The regular time for the shoot is 2:00 p. m. Please be on time. The regular program consists of fifty targets, to be shot in two 15 and one 20 target events. The members of three other clubs are watching our progress, and boosting all they can. Don't disappoint them. The score for the day was as follows:

REGULAR PROGRAM  
H. Hall 43  
H. Passage 43  
J. Patterson 43  
F. Hills 39  
M. Powell 38  
H. Schrader 36  
H. Balden 34  
L. Cameron 30  
T. Passage 29  
G. Johnson 25

The score for the practice events were fully as good as those made on the regular shoot:

H. Passage 66 out of 75  
J. Patterson 57 out of 75  
H. Hall 43 out of 50  
M. Powell 39 out of 50  
H. Cole 22 out of 25  
H. Balden 20 out of 25  
N. Schrader 18 out of 25  
L. Cameron 12 out of 25  
H. Thornberry 5 out of 25  
The next regular shoot will be held at the same place on June 20, 1920, at 2:00 p. m. Please be on hand. Visitors are always welcome. Bring your friends. 2:00 p. m. sharp.  
HARRY W. PASSAGE, Sec'y.

### Baptist Notes

We were highly favored with a solo by Mr. Tracey, Sunday morning. The Children's-day services will be held the third Sunday in June, instead of next Sunday. A good program is assured. There will be baptism at the close of the morning service, next Sunday.

Triple-sized, takes the place of plaster—on Walls, Ceilings, Partitions, Slaters, Abreastens and New Work

## Walls and Ceilings Quickly and Easily Erected

TURN the attic, basement, spare room and other waste places into attractive, useful quarters by finishing the walls and ceilings with strong, rigid Cornell Wood Board that takes the place of plaster and cannot freeze. The natural finish of Cornell Board takes a perfect spread of paint or calcimine. Because of its Mill-Primed surface (both sides) it saves you the cost and labor of a priming or sizing coat. The 32-inch width—called "Cornell 32"—produces the most charming panels for hallways, small rooms and bedrooms. For large work the 48-inch width—called "Cornell 48"—is recommended. Cornell's Triple-Sizing process protects against moisture expansion and contraction. Guaranteed not to crack, warp, buckle or chip, if the directions for applying are followed. Let us give you samples of this remarkable board, estimate and names of those who are delighted with the results it gives.

J. W. HENDERSON, Village Clerk Pro Tem.

Plymouth, Mich., June 7, 1920. A regular meeting of the Commission of the Village of Plymouth, called to order by the president on that date. Present—Commissioners Burrows, Daggett, Goyer, Henderson, Robinson. Absent—none. Minutes of the special meeting of the Commission held on May 17th read and approved. A verbal petition of the Entertainment Committee that they be allowed the use of Penniman avenue from Main street west to the alley on 12th street, Saturday evenings for public entertainment purposes was upon motion granted. The Manager was instructed to interview the telephone company about including street addresses in the next edition of the phone directory. Representatives of the Plymouth & Northville Gas Co. submitted to the Commission the following letter, resolution and ballot forms:

TO THE VILLAGE COMMISSION OF THE VILLAGE OF PLYMOUTH: Gentlemen: Your attention is called to the fact that, in view of the unusual conditions prevailing everywhere and to the conditions that especially affect the production of gas, such as the cost of coal, labor, etc., it has become impossible to produce and furnish gas to the consumers of the Village of Plymouth at the maximum price fixed in the franchise of the Plymouth & Northville Gas Company. The actual cost of production and distribution of gas in this Village, independent of any return on investment, is in excess of \$1.55 per thousand cubic feet. In our franchise, the maximum price that may be charged, based upon our production, is \$1.50 per thousand cubic feet, subject to a 15 cent discount, or a net price of \$1.35 per thousand cubic feet. When we began operating in Plymouth, and for some years, we did not charge the full price permitted by the franchise. It was our understanding that the franchise price was a maximum price but that, at all times, our price should be a just and fair one in view of the existing conditions. The war and the unusual conditions that succeeded it has produced an era of inflated prices that could not have been foreseen when our franchise was originally granted. It could not have been anticipated that the actual cost of gas today is far in excess of the maximum price that may be charged under the franchise. To protect both the public and the company from future situations unfair to one or the other of the parties, we believe that there should be readjustments and revisions made at fairly short intervals of time. We would suggest that a revision of the price to be

charged under the franchise should be made during, say every three or five year periods. This will enable the Village and the company to take into account the future cost of production and the rise in prices which may then seem equitable and just. The condition of the Gas company at the present time is serious and it cannot continue to furnish gas at the price permitted under the franchise without incurring bankruptcy. Discontinuance of service is the only alternative and will necessarily be resorted to unless better prices can be obtained. The suggestion that we wish to make to your Commission at this time is that a paragraph be added to our franchise in the Village of Plymouth providing for a readjustment and revision of the price to be charged for gas, during short periods of time, say during periods of three or five years each. Enclosed herewith is a draft of a proposed paragraph or clause modifying the original franchise. It is the power to fix rates for each three year periods rests in the Mutual Agreement of the Village Commission and the Gas Company. In default of the parties coming to an agreement, that it be submitted to the Public Utilities Commission for determination. It is hereby possible that the Public Utilities Commission may some day be legislated out of office, such an emergency is provided for by submitting the matter of rates to arbitration. Of course an amendment of the franchise would have to be submitted to the voters at a special election. A resolution for such a submission is enclosed herewith, the date of such special election, it is hoped, will be fixed at the earliest time possible. Yours truly, PLYMOUTH & NORTHVILLE GAS COMPANY. F. S. Harmon, Pres.

Moved by Commissioner Henderson, supported by Commissioner Goyer, that the following resolution be adopted: WHEREAS the Village of Plymouth did heretofore on to-wit, Sept. 3, 1913, by an ordinance, grant to Clarence A. Fox and Andrew L. Moore a franchise authorizing the manufacturing, erection, distribution, operation and installation of gas works, storage distributing tanks, mains, pipes and conduits in the Village of Plymouth, Wayne County, Michigan, AND WHEREAS, certain prices were fixed in said franchise that could be charged by the grantees for gas furnished to customers, AND WHEREAS, it appears that, in view of the great fluctuation in the cost of production and distribution of gas, it was an unwise provision in said franchise to fix the rate to be charged for a long period in the future, AND WHEREAS, it is the judgment of this Commission that to properly protect the interests of the said Gas Company on the one hand and the people of the Village of Plymouth on the other in providing a price fair to the producer and consumer, thus securing steady and satisfactory service, revisions and readjustments of prices should be made during reasonably short intervals of time to meet changing conditions,

RESOLVED, that a special election in said Village be and it is hereby appointed to be held on Wednesday, the 30th day of June, A. D. 1920, for the purpose of voting upon a proposed amendment, in the form of a Section, to be added to the said franchise as granted to Clarence A. Fox and Andrew L. Moore, the proposed added Section to be as follows: Sec 3 A. "The price that may be charged for gas furnished under the terms of this ordinance shall be revised and readjusted at the expiration of each three year period during the life of this franchise, the first revision and readjustment to be made for the three year period beginning July 1, 1920. Such revision may be made by mutual consent between the Plymouth & Northville Gas Company, its successors or assigns, and the said Commission of the Village of Plymouth. In case said parties are unable to arrive at an agreement as to such price, the matter of adjusting the same shall be submitted by the said parties to the Public Utilities Commission or any other State Board having like jurisdiction at the time such submission is made. If at any time in the future there be no State Board or Commission having the functions of the present Public Utilities Commission, then, in case of disagreement between the said Village Commission and the said Gas Company as to price, the matter shall be left to arbitration, one arbitrator to be selected by the said Village Commission, one by the said Gas Company, and the third to be chosen by such two arbitrators. The price fixed by mutual consent of the parties, by the Public Utilities Commission, or by arbitration, as the case may be, shall be binding upon the parties hereto."

RESOLVED FURTHER, that the form of ballot to be used at said election shall be substantially as follows: "Do you approve an amendment to the franchise granted by the Village of Plymouth to Clarence A. Fox and Andrew L. Moore, dated Sept. 3, 1913, authorizing the grantees to manufacture and sell gas within said Village, by adding to said franchise the following Section: Sec 3 A. The price that may be charged for gas furnished under the terms of this ordinance shall be revised and readjusted at the expiration of each three year period during the life of this franchise, the first revision and readjustment to be made for the three year period beginning July 1, 1920. Such revision may be made by mutual consent between the Plymouth & Northville Gas Company, its successors or assigns, and the said Commission of the Village of Plymouth. In case said parties are unable to arrive at an agreement as to such price, the matter of adjusting the same shall be submitted by the said parties to the Public Utilities Commission or any other State Board having like jurisdiction at the time such submission is made. If at any time in the future there be no State Board or Commission having the functions of the present Public Utilities Commission, then, in case of disagreement between the said Village Commission and the said Gas Company as to price, the matter shall be left to arbitration, one arbitrator to be selected by the said Village Commission, one by the said Gas Company, and the third to be chosen by such two arbitrators. The price fixed by mutual consent of the parties, by the Public Utilities Commission, or by arbitration, as the case may be, shall be binding upon the parties hereto."

RESOLVED FURTHER, that the form of ballot to be used at said election shall be substantially as follows: "Do you approve an amendment to the franchise granted by the Village of Plymouth to Clarence A. ### A COMMUNICATION

Editor, Plymouth Mail. Dear Sir: Plymouth, Mich., June 7, 1920. I think that the attention of the parents of school children should be called to the practice of the school children crossing the tracks at the Farmer street crossing of the Pere Marquette. The writer appreciates the benefit of a short cut to and from school, and has made use of this himself and does so even now. The harm lies in the fact that some of the children are loitering on the tracks, and as there is a passenger train passing this point at noon about the time the children are returning to school there is considerable danger attached to this practice. Only recently the writer witnessed a scene that for a few seconds made his blood run cold. A group of children crossed the track directly in front of the passenger train, one of them stopping to put something on the rail, and from a short distance I thought the child had caught her foot in the crossing. The engineer of the train sounded his whistle and started to make an emergency stop. I had a talk with this same engineer a day or so later, and he advised me that he thought that the child had become caught in the crossing. Anything of this nature is a great strain on an engineer's nerves, and I believe that not only children, but older people as well, should know that the men who sit at the throttle of our locomotives have enough on their minds without being subjected to additional nerve strain through the thoughtlessness of the rest of us. I think that if we would all remember to get as far as convenient from the track of an approaching train so that the engineer would know exactly what we were going to do, it would be appreciated by them and possibly save a life now and then. Yours truly, R. A. WINGARD.

Bangor—The 19-months-old son of Arthur Haney is dead after drinking arsenic, which he had mistaken for water. Harbor Springs—Submarine Chaser 419 stopped at this port on its way north from Chicago, looking up locations for radio stations. Standish—At the Mahoney fishery, in Saginaw Bay, a haul of fish weighing over 4,500 pounds, and worth about \$600, was made. Holly—Three persons were overcome by acetic acid fumes while cleaning a vat at a pickle factory and were saved by other workmen. Reed City—L. J. Pöhran, chief engineer of the Northwestern railroad, was drowned here trying to save his son from a similar fate. Detroit—Completion of the razing of the Hotel Pontchartrain will be made on contract time and every vestige of the famous hotel will be removed from the site by June 20. Hillsdale—The Hillsdale W. C. T. U. has appointed a committee to see if arrangements can be made for Bible instruction for the pupils of the city schools, under the Lansing plan. Pontiac—To solve the sugar shortage, the community market has purchased 100,000 pounds, for distribution at 31 cents a pound. The market is a co-operative one recently organized. Rochester—Joseph Cane and three Detroit friends suffered many bruises when their car upset on a road near Rochester. The driver attempted to make a turn while going at high speed. Iron Mountain—Jack, 9-year-old son of Mr. and Mrs. John Tineat, of Loretta, was standing on a dam watching men drive logs. In a moment of excitement he stepped off and was drowned. Adrian—French poppy seeds brought from the plains of Hungary, where American soldiers fell during the World war, were planted in the highway cemetery in observance of Memorial day. Iron Mountain—The 1-year-old child of Mr. and Mrs. Benjamin Paternoste, Loretta, wriggled its body through between the spindles of its crib, but caught its head. It struggled without making an outcry. Owosso—An increase of nearly \$2,000,000 is shown in the total assessed valuation of Owosso, just announced. It is now over \$10,000,000. The tax rate will be \$10.15 per \$1,000 valuation, an increase of \$3.53 over last year. Pontiac—B. F. Beach, of the County Farm Bureau, says the scarcity of seed potatoes, coupled with present shortage of help on the Oakland County farms, indicates a decrease of acreage to be planted within the next 20 days. St. Johns—Fire practically destroyed the Industrial Foundry company buildings. The loss was extensive. The buildings were badly damaged several weeks ago when the cyclone struck the city, the company not yet having completed extensive repairs. Canton—Raymond Lacey was wearing a stickpin in his tie. A companion pushed him, causing the pin to pierce his chest. The pin affected a nerve center, physicians say, and Lacey found it impossible to walk. He was taken home and is recovering the use of his legs. Ludington—The wrecker Favorites has arrived here and started work repairing Pere Marquette line steamer No. 3. The steamer sank early this spring off a mile west of Ludington harbor, when ice crushed in her side. The steamer and cargo were valued at \$250,000.

### STATE NEWS

Owosso—Houses for rent have become so scarce that renters are offering rewards for them.

Aubion—The Aubion City Federation of Women's Clubs is paying school children five cents a dozen for flies.

Bozette City—A chapel, to be known as the "Church of God," is being erected. The sect has nearly 50 members here.

Saginaw—Led by 13 massed bands of 500 musicians, the annual parade of the Michigan plumed knights was held in Saginaw.

Petoskey—George Fineout, 90 years old, war veteran, who was with Gen. Sherman during his march to the sea, is dead at his home in Harbor Springs.

Detroit—Charged with attempting to hold up and rob a squad of headquarters detectives, Daniel J. Alters and Walter Ryan, are held at Central station.

Rochester—By a vote of 160 to 20 Rochester refused to grant the Detroit United Railway a 30-year franchise. Their present franchise has nine years to run.

Scottville—Fourteen hundred of the 1,500 farmers in Mason county have been enrolled as members of Mason county farm bureau as the result of a six-day drive.

Petoskey—Petoskey observed Memorial day with a monster parade in which a thin column of blue appeared with a column of service men of World war.

Owosso—Manager form of government, with either five or seven commissioners or directors, has been decided on by the commission which is drafting a new charter for Owosso.

Sand Lake—The Sand Lake farm bureau members, who last fall organized a livestock shipping association and purchased a potato warehouse, have acquired a grain elevator and coal yards.

Lansing—The Michigan securities commission will investigate activities of real estate operators selling Marysville land, at a public hearing. The hearing is the result of charges of misrepresentations.

Allegan—A bronze memorial tablet unveiled of the county men who lost their lives in the World war was the memorial gift of Hannah McIntosh Cady chapter, D. A. R., and contains the names of the dead.

Wyandotte—The population of Wyandotte, according to revised figures of the Federal census, is given as 13,851. This shows an increase of 5,564 since the census of 1910. The percentage of increase is 67.1.

Ypsilanti—Ernest J. Wilson, 80 years old, a former slave, died at the Washtenaw County Home. A year ago his wife, whom he says his master picked out for him, visited him. He had not seen her for 50 years.

Gladstone—Fred Holmberg caught a sturgeon weighing 100 pounds, and it took two men almost an hour to get the monster out of the net without injuring it. The fish measured five feet eight and one-half inches in length.

Big Rapids—A survey by V. H. Church, Lansing, farm field agent, shows 533 of Mecosta county's farms will be idle this season. Only 2,300 men are engaged in tilling the soil this year, as against 3,171 a year ago, the report shows.

# Perfection's Price In Tire Building

A tire-maker's first problem is to decide how much he can give for the money. This, and every other question in tire building, depends upon policies.

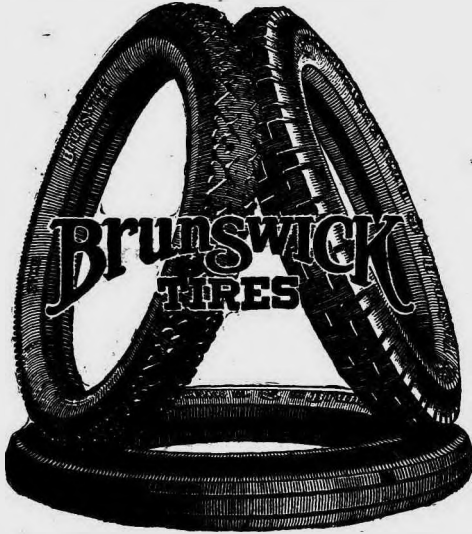

A super-tire, such as The Brunswick, can be made only by a concern which knows well and appreciates that there is nothing exclusive in the tire industry except high standards.

Since 1845 the House of Brunswick has held first place in every line it entered. Brunswick Tires, as more and more motorists come to know them, will certainly be awarded that coveted place held only by the superline.

Motorists who buy one Brunswick usually adopt it for complete equipment. Yet this is not strange, since the first one so completely proves its superiority.

If the name of Brunswick certifies to you, as to most men, an extraordinary tire, at no higher price, would it not be good business to test one or two Brunswick Tires?

## MICHIGAN BEEF MEN PLAN ORGANIZATION

MEETING CALLED AT LANSING  
JUNE 15 TO CONSIDER MARKETING PROBLEMS.

Michigan stockmen will gather at East Lansing on Tuesday, June 15, for the purpose of considering ways and means of providing better marketing facilities for the meat producers of the state. The organization of a strictly Michigan beef growers' association is a possibility at the meeting, which is being called by George B. Smith, of Addison, secretary of the Tri-State Beef Growers' association.

The need for better and more direct marketing facilities has long been felt by Michigan stockmen, many of whom are tired of paying freights to Chicago and other distant markets on their animals. In many cases stock thus shipped out of the state to market is returned to Michigan cities as dressed meat, thus adding a big freight tax to the consumer and lowering the price to the producer. An effort to develop adequate markets within the state, in order to stop these "cross freights" will be made at the East Lansing meeting, which is to be held in the agricultural building at the M. A. C. Stockmen from all over the state are expected to attend the conference many of them planning to double up the business of the meeting with some of the entertainment of commencement week at the college. A great historical pageant in which more than 500 college men and women will take part, will be given on the campus, Monday night, June 14, and other features will follow on Tuesday and Wednesday.

Dorr Buell, market manager for the State Farm Bureau; Hale Tennant, marketing expert at the Agricultural College; H. R. Smith, commissioner Chicago Live Stock Exchange, and others are expected to address the stockmen's meeting. College steers which are being talked of as possibilities for the next international live stock show at Chicago, will also be looked over by the beef growers.

The need for better and more direct marketing facilities has long been felt by Michigan stockmen, many of whom are tired of paying freights to Chicago and other distant markets on their animals.

An effort to develop adequate markets within the state, in order to stop these "cross freights" will be made at the East Lansing meeting, which is to be held in the agricultural building at the M. A. C. Stockmen from all over the state are expected to attend the conference many of them planning to double up the business of the meeting with some of the entertainment of commencement week at the college.

A great historical pageant in which more than 500 college men and women will take part, will be given on the campus, Monday night, June 14, and other features will follow on Tuesday and Wednesday.

Dorr Buell, market manager for the State Farm Bureau; Hale Tennant, marketing expert at the Agricultural College; H. R. Smith, commissioner Chicago Live Stock Exchange, and others are expected to address the stockmen's meeting.

College steers which are being talked of as possibilities for the next international live stock show at Chicago, will also be looked over by the beef growers.

Michigan stockmen will gather at East Lansing on Tuesday, June 15, for the purpose of considering ways and means of providing better marketing facilities for the meat producers of the state.

## SCHOOL NOTES

William Bake and Ruth Hamilton of the third and fourth overflow room have had 165 perfect spelling lessons.

The third and fourth overflow room are planning on a picnic to Waterford, Wednesday.

The High school goes to Wayne, Friday, June 11th, to compete in the Four Square League track meet.

Plymouth will enter the following contestants: Floyd Miller, Stanley McHale, Elton Roe, Donald Waller, Willoughby Wisely, Harold Stens, Bennett Wilcox, Lyman Judson, Clarence Clemens, Arnold Freydl, Clifford Tait, Howard Walker, Vernon Weed, Olivia Williams, Dan Wright, Charles Chappel. Everybody boost for Plymouth. Take the 8:50 car or drive as you please. Remember the good time you had at Ann Arbor? It's boost again for Plymouth and here's hoping.

The kindergarten, first and second grades will hold their annual picnic, Wednesday, June 16th, in Central Park.

The eighth grade cooking class gave a dinner to the school board, Thursday morning.

## ELECTION NOTICE

Notice is hereby given to the qualified electors of the village of Plymouth, County of Wayne, State of Michigan, that a special election will be held in the Plymouth village hall, within said village, on Wednesday, June 30th, 1920, for the purpose of submitting a proposed amendment to the franchise of the Plymouth and Northville Gas Company, according to the following resolution adopted by the Commission of the Village of Plymouth, at their regular meeting of June 7th, 1920:

"Do you approve an amendment to the franchise granted by the Village of Plymouth to Clarence A. Fox and Andrew L. Moore, dated Sept. 3, 1913, authorizing the grantees to manufacture and sell gas within said Village by adding to said franchise the following Section:

Sec. 3 A. The price that may be charged for gas furnished under the terms of this ordinance shall be revised and readjusted at the expiration of each three year period during the life of this franchise, the first revision and readjustment to be made for the three year period beginning July 1, 1920. Such revision may be made by mutual consent between the Plymouth and Northville Gas Company, its successors or assigns, and the said Commission of the Village of Plymouth. In case said parties are unable to arrive at an agreement as to the price to be charged, the matter shall be submitted by the said parties to the Public Utilities Commission or any other State Board having like jurisdiction at the time such submission is made. If at any time in the future there be no State Board or Commission having the functions of the present Public Utilities Commission, then, in case of disagreement between the said Village Commission and the said Gas Company as to price, the matter shall be left to arbitration, one arbitrator to be selected by the said Village Commission, one by the said Gas Company, and the third to be chosen by such two arbitrators. The price fixed by mutual consent of the parties, by the Public Utilities Commission, or by arbitration, as the case may be, shall be binding upon the parties hereto?"

Esther Vickery was a week-end guest at William Eckles.

Mrs. Libbie Smith of Detroit, visited her sister, Mrs. L. Vickery, last Sunday.

Miss Louise Lyon of Detroit, has been the guest of Mrs. I. N. Dickerson, the past week.

Mrs. Lloyd Lewis of Ann Arbor, has been the guest of her sister, Mrs. Myra Tomlinson, this week.

Mrs. Frank S. Losee of Saginaw, spent Sunday in town, the guest of Mr. and Mrs. Charles Millard.

Mr. and Mrs. A. J. E. Torrey left last Monday for a two weeks' vacation at Somerville Beach, near Port Huron.

Mr. and Mrs. E. L. Riggs and Mr. and Mrs. T. P. Sherman and Harold Riggs were Mt. Clemens visitors last Sunday.

Mrs. Guy Warner, daughter, Ruy, and son, Otis, of St. Petersburg, Florida, were guests of Mr. and Mrs. L. B. Warner, last week.

James Kincade, wife and family of Stark, made an auto trip to Port Sanilac county, last week Wednesday, returning Monday.

Mrs. Paul Haigh of Dearborn, visited Mrs. Robert Chappel, Tuesday and Wednesday, and attended the meeting of the O. E. S., Tuesday evening.

### NOTICE TO WATER TAKERS

Plymouth, Mich., June 9, 1920.  
To the People of the Village of Plymouth.

The Village Commission at their meeting, Monday evening, June 7, decided that, in view of the condition of the village water supply, some restrictions were necessary to conserve the water for domestic use and for essential uses in manufacturing plants. Therefore, beginning with Monday, June 14, sprinkling lawns or gardens by hose or watering cans will be restricted to one-half hour per day. The choice of the half hour is left to the convenience of the user.

It is hoped that no further restrictions will be necessary, but if the beneficial results are not reached in a week or so, sprinkling privileges are liable to be cut out entirely. The co-operation of every villager is counted on to help out in this matter.

SIDNEY D. STRONG,  
Village Manager.

Miss Hannah Doan of Detroit, and Mrs. Clarence Stowe of Fowlerville, have been guests this week of the latter's daughter, Mrs. George A. Smith, on Union street.

Mrs. Robert Baird pleasantly entertained the members of the bridge club, last week Thursday afternoon, at the home of her sister, Mrs. F. A. Dibble, on Penniman avenue.

The Misses Helen and Mildred Safford of the U. of M., accompanied by Miss Barbara Baker of Washington, D. C., were guests at the home of Mrs. Elizabeth M. Safford, Sunday.

Beautiful lots in Sunset Addition, size 50 to 70 feet in width and 130 to 140 feet in depth. Price \$300 to \$400, ten per cent cash and balance on terms to suit purchaser. See E. N. Passage.

A change in time went into effect on the Pere Marquette, last Sunday. The only material change in the time schedule at this station is that train No. 1, known as the "owl," to Saginaw, now arrives at 1:00 a. m. instead of 2:00 a. m.

E. C. Hough and C. H. Rauch motored to Culver, Indiana, this week, where the former's son, Cass, is attending military school. Cass returned home with a letter for a few days' visit, before taking up his work at summer school.

Mrs. R. E. Cooper left Tuesday on a several weeks' western trip. En route to California, she will visit Grand Canyon and after a few weeks' visit with relatives at Pasadena and Oakland, California, she will return home by way of Yellowstone Park.

Frank S. Losee, formerly assistant yard master of the Pere Marquette yards at Saginaw, has been transferred to this place, where he will have charge of the local yards.

Mr. Losee is a railroad man of considerable experience, and will endeavor to give the business people of Plymouth efficient service.

The Women's Home and Foreign Missionary society of the Presbyterian church will hold its regular meeting in the church parlors, Wednesday, June 16th, at 2:30 o'clock.

As this is the last meeting before the summer vacation, a large attendance is desired. A ten-cent tea will be served at the close of the meeting. Mrs. George Cramer, Sec.

The funeral of Miss Elinor Clay, who passed away at the home of her mother, Mrs. Mary Clay, in Canton township, Wednesday, June 2, took place from the family home, last Saturday afternoon at two o'clock.

Interment at Inkster. The deceased was fifty years of age, and leaves besides her mother, one sister, Mrs. John Fulton, and one brother, Frank Clay.

A very appreciative audience listened to the recital given by Miss Ellen Gardner's class in expression last Friday evening at the High school auditorium. All of the pupils displayed their talent remarkably well, and a decided improvement was shown in their work.

Miss Gardner will continue to give private lessons during the summer and prepare a more elaborate entertainment to be given in the early fall.

### A Losing Proposition

The materials that go into the telephone instruments and switchboards, including steel, platinum, tin and other metals, have increased more than 100 per cent; copper wire 55 per cent; outside wire 45 to 55 per cent, and so on.

Telephone poles that cost us \$5.43 in 1915 are now \$13.05 each, while lead cable has risen from \$1.10 to \$1.55 a foot, brick from \$7.00 to \$22.00 per 1,000, cement from 45c to \$1.00 per sack, crossarms from 54c to \$1.37 each, clay conduit from 2.9 cents to 7.5 cents per foot, and teaming from \$4.00 to \$12.00 per day.

WE MUST HAVE YOUR SUPPORT IF YOU ARE THE TELEPHONE

Staples used and dealt in every day have risen enormously, of course. Corn in 1915 was 75c a bushel and now is \$1.60; wheat was \$1.25 a bushel and is now selling for \$2.52, while beef prices to meet increased costs. The Telephone Company, on the other hand, has been unable to follow this plan. Costs have risen rapidly but rates are regulated by law and have not kept pace, so we have come to a point where we cannot meet the bill. Our income is not sufficient.

**LIVONIA CENTER**

Viola Beaz is slowly recovering from a very severe attack of scarlet fever and is able to sit up.

Mrs. C. F. Smith was the guest of Detroit friends, Sunday.

Mrs. John Dethloff is suffering from a severe cold.

Mrs. Palmer Chilson and her guest, Mrs. William Kipple of Detroit, and Mrs. Ed. Halstead of Novi, were entertained by Mrs. Fred Lee, Friday.

Mrs. Jess Ziegler has returned home from the hospital, and is improving.

Mrs. Carrie Myers of Detroit, has purchased the Hudson store and garage on the Seven Mile road, and took possession last week.

Sunday visitors at the Charles Bentley home were: Mr. and Mrs. James Ford of Dearborn; Mr. and Mrs. Walter Johns of Walled Lake; Mr. and Mrs. Oliver Millard of Redford, and Hartwell Davison of Detroit.

Mrs. Ed. Criger from the west, is visiting her parents, Mr. and Mrs. George Green.

Little Ralph, son of Mr. and Mrs. Harvey Naylor, is quite ill, and his condition is not encouraging.

Mrs. Palmer Chilson entertained the Neighborhood Club at her home, Thursday afternoon. There were ten members of the club present, and Mrs. William Kipple of Detroit, Mrs. Ed. Halstead of Novi and Mrs. Denbick were guests. The ladies were entertained with an interesting reading by Mrs. Kipple, which resulted in an animal mimicking contest, and prizes were awarded to Mrs. C. F. Smith and Mrs. John Van Bonn. Fourteen of the Standard Bearer girls met in the dining room of the M. E. church, Wednesday, for the last meeting before the summer vacation. A fine pot-luck supper was served at six o'clock, after which Rev. Field, who with Mrs. Field were guests of the society, gave the girls a fine talk on the need of missions, not only for those of the Orient, but for ourselves, that we might develop into the best of all around christians. He brought out the fact that not many generations ago we were just beginning to be taught by missionaries from the far east, and now it is our duty to tell the story to others less fortunate than ourselves. There was a short business session led by the president, Miss Eva Griffith, and adjournment for the summer.
