BIG CROWD SEES VAUDEVILLE SHOW

A FREE DANCE ON PENNIMAN AVENUE WILL BE THE ATTRACTION SATURDAY EVENING, JULY 3.

There was a large crowd of people in town last Saturday evening, to see the free vaudeville entertainment given in Kellogg Park. The famous Boston Trio, won applause from the crowd through their pleasing vocal ability. Allen and Allen, comedy acrobats, besides their regular act, staged a three-round boxing contest, in which Madame Allen proved her superiority over her opponent by knocking him down and out with a Jack Dempsey swing on the jaw. Another act which the committee had booked failed to appear, but this omission was more than made up by the courtesy of the management of the Penniman Allen auditorium, who kindly opened the auditorium for a free dance, and also invited the crowd into the theatre and gave them a free picture show. It is needless to say that both auditorium and theatre were packed. Another feature of the evening's entertainment, which was much appreciated by the large crowd, was an exhibition drill by Patriarch's Militant Canton, Enterprise No. 5, of Detroit.

The attraction for Saturday evening, July 3rd, will be another free dance on the Penniman avenue pavement. Stone's famous orchestra and singer of Detroit, will furnish the music. Everybody is cordially invited to come and enjoy the music and dancing.

FORMER PLYMOUTH MAN IS KILLED

WILLIAM STEWART WAS KILLED AT DANVILLE, ILL., MONDAY NIGHT.

Plymouth friends and relatives were greatly shocked, late Tuesday afternoon, when a telegram was received by George Springer of this place, stating that his brother-in-law, William Stewart, of Peru, Indiana, an engineer on a fast passenger train on the Danush railroad, had been killed at Danville, Ill., Monday night. We were unable to learn the particulars of his death as we go to press.

Both Mr. and Mrs. Stewart were former residents of this place, and were well known here. Mrs. Stewart was formerly Miss Nettie Springer, and although they have resided elsewhere for several years, they have frequently visited relatives and friends here and kept in touch with old acquaintances. Mr. Stewart has been a member of Plymouth Rock Lodge, F. & A. M., for many years. He leaves besides his wife, one son, Ray, who lives in Chicago, and one daughter, Helen, who resided with her parents, and brother, four sisters and many other distant relatives. Plymouth friends deeply sympathize with the bereaved family. The funeral services will be held at Danville, Ill., Wednesday morning.

FUNERAL SERVICES OF MRS. JANE CONNER

DECEASED WAS A RESIDENT OF PLYMOUTH FOR OVER SIXTY YEARS.

The funeral services for the late Mrs. Jane Conner were held at the residence on Penniman avenue, Saturday afternoon, June 26. Rev. S. Conger Hathaway, pastor of the First Presbyterian church of this place, conducted the services, assisted by Rev. Joseph Dutton of Birmingham, former pastor of the Methodist church here, and a friend of the family. Burial took place in the family lot in Riverside cemetery.

Jane Woodruff was born in Rose, Wayne county, New York, July 3, 1832, and departed this life, June 23, 1920, at the age of 87 years, eleven months and twenty days. She was united in marriage to Michael Conner, February 18, 1858. Four children were born to this union, two of whom, Katie and Lewis M., died in infancy, and William T. and Mary E. Conner, who survive her. The deceased was the last of a family of four children and was one of the oldest and much respected residents of this village, having resided here for more than sixty years. She had been a member of the First Presbyterian church of this place for many years, and was an active and interested worker, both in church and aid work as long as her health would permit. For the past few years she had been confined to her home the greater part of the time, due to failing health, but was always cheery and had a smile and pleasant word for friends and neighbors, who would often call to help her pass a few hours away. The many beautiful flowers at the service attested to the love and esteem in which the deceased was held. Besides her son and daughter, she is survived by two granddaughters, Mrs. Maxwell Moon and Miss Elizabeth Conner, and one great granddaughter, little Marguerite Dale Moon, all of this place. Her husband preceded her to the higher life several years ago. Plymouth friends extend sympathy to the bereaved family.

TWO BALL GAMES NEXT MONDAY

THE PLYMOUTH BUICKS AND FRIENDSHIP TEAM OF DETROIT, WILL OPEN NEW ATHLETIC PARK WITH MORNING AND AFTERNOON GAMES.

Plymouth fans will have an opportunity of seeing two good ball games here, next Monday, forenoon and afternoon. Manager Clyde Bentley has booked the Friendship team of Detroit for both games. The Friendship team is one of the strongest in the city and the games next Monday, promise to be real contests. Monte Wood, a former Plymouth boy and ball player is manager of the Detroit team, and will pitch the afternoon game. In the forenoon game the visitors will have Doc Weed, an American League pitcher on the mound. Hutchins and German will do the twirling for Plymouth at the morning game, while Landry, a left hander, will occupy the box for the locals in the afternoon. The Friendship team defeated Plymouth here on Decoration day by a score of 3 to 2. The games next Monday will mark the opening of Plymouth's new athletic park in the rear of the High school building. Workmen have been busy for the past two weeks getting the grounds in condition. The morning game will be called at 10 o'clock, and the afternoon game at 3:30 o'clock. Make your plans now to see both games. Admission—adults, 50c and children, 25c.

CIVIL WAR VETERAN ANSWERS TAPS

ORSON WESTFALL, A LIFE-LONG RESIDENT OF PLYMOUTH AND VICINITY, DIED LAST WEEK THURSDAY.

Orson Westfall, a much respected resident of this place, passed away at his home on West Ann Arbor street, last week Thursday morning, June 24th, at the age of eighty-one years and seven months. Mr. Westfall suffered a stroke of paralysis early in the winter and since that time had rapidly failed. The deceased had been a life long resident of Plymouth and vicinity, having resided on a farm a few miles west of town for many years. Two and a half years ago he moved with his wife to town, where he had since made his home. Mr. Westfall was a Civil War veteran, having been one of the first to respond to his country's call, and served two years and eleven months. He fought in many of the large battles. He had always been an active member of the G. A. R. since its organization here. He was united in marriage to Rachel Everett, February 22, 1867, and to them was born one daughter, Mrs. Ada Webber, who departed this life ten years ago. The deceased was a man of sterling qualities, a good neighbor and kind friend, who will be greatly missed in this community, where he has lived so many years. He leaves to mourn their loss, an aged wife; three sisters, Mrs. Sarah Burch and Mrs. Ella King of this place, and Mrs. Isaac Everett of Fairgrove, Mich.; two brothers, Charles and Oliver Westfall, also of Plymouth.

The funeral services were held from his late residence, Saturday afternoon at four o'clock, Rev. F. M. Field, pastor of the Methodist church officiating. During the service two solos were sweetly rendered by Mrs. Sadie Shuart, a friend of the family. Six nephews of the deceased acted as pallbearers. The many beautiful floral pieces silently expressed the respect and esteem of many sympathizing friends. Burial took place in Riverside cemetery.

The following out of town friends attended the funeral services: Mr. and Mrs. Clarence Webber of Detroit; Mr. and Mrs. Charles Cramer and Mrs. James McLaney of Fairgrove; Mr. and Mrs. Fred Wheeler and daughter, Hildreth, of Ann Arbor; Mr. and Mrs. Fred Burch of Cooley Lake; Mr. and Mrs. Orion Everett and daughter of Franklin; Clarence Westfall of Dearborn; and Norton McCumpha of Pittsburg, Pa.

The first annual joint picnic of the employes of the Daisy Mfg. Co. and Markham Air Rifle Co. will be held at Bob-Lo on July 31. Committees on arrangements are hard at work to make this a banner day for all who go.

THE FOURTH

These are busy days for Plymouth citizens, but not so much so they cannot spare a few hours to celebrate in some manner, the birthday of their country, the greatest nation in the world—a nation made great by a people who put love of liberty and home above all else earthly.

The Glorious Fourth, as we shall always know it, finds us in the midst of a beautiful harvest, and happy in the knowledge that once again the fruits of our labors are abundant. We have gone about our way in peace since last we celebrated this holiday, and we have refused to lend an ear to the alien agitator who would pull down all the work achieved by America's sons and daughters throughout almost five centuries of honest, unstinted toil. We have met great problems and while their solution has not been complete, we have demonstrated our ability as a people to bear up under that which would have wrecked any other nation on the globe. We have adhered to our doctrine of equal rights to all and exclusive privileges to none, a doctrine handed down to us by our forefathers. We have seen above sections of discontent and disorder the purpose for which Old Glory has always stood, and we have clung close to the principles upon which our nation was founded.

And now, as we come again to celebrate the anniversary of our independence, we can again point with pride from a patriotic heart to a year of progress, a year of prosperity, a year in which we have been put to many tests yet not found wanting. We know that in the heart of a hundred million Americans there is still the same love of country that was handed down to us as a priceless heritage by our forefathers, and we know that with such a love the nation is as solid as a rock and will not perish from the earth.

STATE FAIR COSTS GOING UP; MINN. CHARGES MORE

Hamline, Minn.—With the cost of operating a fair having increased 50 per cent, the Minnesota State Fair has been forced to announce a new schedule of admission prices. General admission to the grounds has been advanced from 50 to 75 cents, but the management is endeavoring to keep prices down for all attractions with in the gate.

Detroit, Mich.—George W. Dickinson, Secretary-Manager of the Michigan State Fair, when told of the advance in the admittance fee of the Minnesota State Fair, said that he had no comment to make as yet. He declared he is doing his best to keep costs down, but he said it is obvious that good management dictates that a fair should pay its own way, and that he meant to increase rather than cut down the quality of the features of the Michigan Fair.

A COMMUNICATION TO THE GOSSIPS

Several times of late reports have come to me that my stock was not properly fed last winter. Through ENVY they were called to the attention of the state police, and were visited by two troopers. They examined sixteen head of cattle in the stalls, and told me they were in a number 1 condition. On visiting the horse stables they said that the horses were in fine shape; the calves they advised (not ordered) to give a little less hay, as we all thought they were too fat for the length of them.

I asked them who could have caused this injustice and humiliation to me. They said they did not know, as the message was phoned in. I then asked them if they would give me a paper stating the true condition of my stock, which they did the following day. It reads that they inspected my stock found same in good condition, well fed and feed enough to last till March. This was in the one barn, and I had feed in four other barns.

When they brought the paper I asked them if they found who had complained. They said not yet, but that it was a part of their official duty to find out, and by this time anyone wishing to know the name of this malicious complainer can no doubt find it officially recorded.

These ark barns of my forefathers have a capacity of 400 tons. We put in 46 tons last summer, which took small space in five different barns, and the complainer didn't seem to have gray matter enough to know that 46 tons was ample to take good care of the stock I had.

One of the troopers gave me to understand that they were of the same opinion as myself that my stock was reported through JEALOUSY.

I suppose that we are all subject to that monster with its hydra head. I very much dislike publicity, but I consider for my own self respect and for the sake of posterity, that I am justified in putting this plain before the mischief-makers.

MAJ. D. B. SAFFORD DIES IN 84TH YEAR

CIVIL WAR VETERAN WAS LIFE-LONG RESIDENT OF MICHIGAN.

Major D. B. Safford, for 17 years a resident of Detroit, died Sunday morning, after an illness of several months.

Born in Canton township, near Plymouth, in 1837, Major Safford lived all his life in Michigan. His parents came from Connecticut in 1829, taking up government land, the deed of which was signed by President Jackson. He was one of five brothers and two sisters.

Spending his early life on his father's farm and attending country school, he later taught near his home, subsequently going to the State normal school at Ypsilanti. It was during his junior year there that he enlisted in Company E, Seventeenth Michigan infantry, serving throughout the war. He rose to the rank of captain, and on being mustered out was breveted major for meritorious service.

Captain Safford was taken prisoner and was on his way to confinement in the south, along with a large number of officers and privates, when with several other Michigan officers, he succeeded in cutting a hole with their jackknives through the freight car in which they were being transported and jumped from the train during the night. It took several weeks for them to work their way north, as frequent hiding in the woods was necessary.

After the war Major Safford returned to his studies in Ypsilanti. He went from there to Grand Haven, Mich., where he was a teacher and later became that town's leading dry goods merchant. In 1878, he married Belle Duncan. The family moved to Lansing, where they spent 12 years, coming from there to Detroit.

Although Major Safford had lived a retired life in this city, he leaves a wide circle of friends.

Surviving him are his widow; one daughter, Mrs. Stewart Hamilton, and three sons, James H. and Robert D. Safford of Detroit; and L. A. Safford, former Detroit newspaperman, now of St. Louis Mo. Mr. and Mrs. L. A. Safford arrived from St. Louis, Mo., Saturday.

Funeral services were held from the Safford residence, 365 Seward avenue, Tuesday, at 2 o'clock p. m., with burial at Elmwood.—Detroit Free Press.

Mrs. I. N. Dickerson, Mrs. Phila Harrison and Miss Alice Safford, nieces of Major Safford, and Mrs. Elizabeth Safford and daughter, Miss Ada Safford, cousins of the deceased, attended the funeral.

Loss of Appetite

As a general rule there is nothing serious about a loss of appetite, and if you skip a meal or only eat two meals a day for a few days, you will soon have a relish for your meals when meal time comes. Bear in mind that at least five hours should always elapse between meals so as to give the food ample time to digest, and the stomach a period of rest before a second meal is taken. Then if you eat no more than you crave and take a reasonable amount of outdoor exercise every day, you will not need to worry about your appetite. When the loss of appetite is caused by constipation as is often the case, that should be corrected at once. A dose of Chamberlain's Tablets will do it.

Chickens--They Take Lots of Dressing

Prima donnas, it may be admitted, are somewhat careful about their toilet. Appearance means something—their livelihood is all to them. But they have nothing much on the chicken which is about to be entered in such a contest at the Michigan State Fair will put on this fall at Detroit Sept. 3-12.

The chicken has to begin about the time it is born to doll up and look its best. C. H. Burgess, professor of poultry husbandry at Michigan Agricultural college gives the following description of what has to be done to prepare a bird for competition:

"Hatch them early.

"Raise them in coops as near like as possible to the ones to be used at the contest. Pet them and get them used to crowds and strangers. They should have amiable, well-balanced and sober-minded dispositions.

"Just before the show itself, the comb, the wattles, the ear lobes, and the toes must be carefully washed with warm water and a soft, mild soap. A brush may be used on the loap and the scales of the legs. Then

a bit of olive oil is used to give the shanks and toes the best luster.

"White birds should be washed in three waters in a room not colder than 70 Fahrenheit. In bath No. 1, the bird is thoroughly submerged and the soap suds are rubbed to the very base of the feather. The water should be about 110 Fahrenheit. In the second tub, with the water just warm, all soap should be washed out. The third bath is colder, for nvlgoration—about 80 Fahrenheit, and may have bluing in it.

Tire Prices Reduced

The high cost of living reduced by the purchase of HORSE SHOE TIRES in Ford sizes at these special prices.

- 30x3, Plain - \$16.00
- 30x3, Non-skid - 17.75
- 30x3 1/2, Non-skid - 22.00

There is a good deal of talk about retail dealers taking undue advantage of conditions and charging unreasonable prices. I am going to find out how many people will take advantage of an opportunity to purchase tires below their present market value.

The Horse Shoe Tire will give you as many miles per dollar invested as any other tire made. Many of our customers tell us they are getting more mileage from Horse Shoe Tires than they have ever gotten from any other tire. I know that if you buy one you will want more. This offer is good for a short time only.

BIRDS WON HONOR

Pigeons Certainly "Did Their Bit" in the Great War.

Achievements Acknowledged to Be Worthy of Mention in Records—Thousands of Lives Saved by Messages They Carried.

Membership in the A. P. S. is a military honor no mere man may achieve.

The A. P. S. stands for the American Pigeon Service of the United States Army.

When the history of the greatest of all wars is written, these American birds will have their names in the annals.

It will be told how the Huns were organized into shotgun squads to kill the winged messengers, but how 99 per cent of them outdistanced the bullets and "homed" with messages that enabled American artillery to locate and silence the enemy guns, to destroy trains of the foe's ammunition and to save thousands of American lives by re-enforcements and timely rescues.

"Heavier-than-air" planes were not the only ones who sailed above the enemy's heads. The army signal corps had 10,000 pigeons overseas and 10,000 in America to be sent if they were needed. Birds carried 403 messages of incalculable importance, and at times when all other means of communication were unavailable.

"The Mocker," with his eye destroyed by a piece of shrapnel and his head a welter of clotted blood, homed in splendid time on the morning of September 12, a few minutes after 7 o'clock, in a thick fog and heavy rain.

Never faltering, he bore tidings of a particularly important objective reached and gave the location of several of the enemy's heavy batteries which were doing terrible execution on the advancing American troops.

With the information American artillerymen were able to silence the enemy's guns within 20 minutes. The Mocker's wounds were dressed, he recovered and is now in the loft in Potomac park.

No less valiant is the record of "President Wilson," a huge blue bird of wonderful vitality and rapidity of flight. So gallant was his work during the operations of the tanks on the St. Mihiel front that he received the commendation of the signal officer of the first corps. He was then transferred to the Meuse-Argonne sector.

On the morning of November 5, through heavy rain and fog, and with a leg shot off, the big blue arrived at his loft with an important message. This was his second flight on this front and he made over 20 kilometers (12 1/2 miles) in 21 minutes. "President Wilson" also recovered and is now in the Hall of Honor of the American Pigeon Service.

Perhaps the most heroic bird that died on the American front was "Cher Ami." He carried a tremendously important message from Gravel Point on the Argonne, over 25 miles of hills and dales, to his loft in Ramport.

He shot up from behind the American breastworks like a rocket. His pigeoneer saw him flutter and flutter in the air a moment, recover, poise in mid-air for a second and then, like a flash of light, shoot away with his head pointing homeward.

At Ramport straight out of the sky like a plummet he dropped, striking his loft breast first. Sergt. Kockler, his trainer, found the message tube was hanging from the ligaments of his leg, and he had a hole in his breast. "Cher Ami" died from his wounds and his body is mounted in the Smithsonian Institute.

Perhaps the busiest bird on the American front was "Spika." "Spika" is the color of the sky, flies like greased lightning and eluded the Boche bullets. He delivered 52 important messages, never made a mistake and didn't get a scratch. He, too, is back in Washington.

No. 67552 has no name yet. As far as is known, he was the only German bird captured alive. He was taken by the Americans in the St. Mihiel drive and is now associating with the American pigeons in Potomac park.

Last of the Barons. The last holder of the judicial title of baron in Great Britain passed with the recent death in Dublin of Christopher Pailles, who was baron of the exchequer in Ireland. The title of baron was abolished when the court of exchequer was merged with the queen's bench, and Lord Chief Baron Pailles was the last bearer of it.

He was the solicitor general for Ireland in 1872 and the same year was promoted attorney general. After holding the latter office for two years, he became lord chief baron and held that position until 1916.

He was one of the ablest lawyers on the Irish bench and one of the dignified but had a great regard for the dignity of his court. He was eighty-nine years old when he died.

Control Vanadium Production. American interests are said to be in complete control of the vanadium production which is located in the Peruvian Andes, from which locality about 95 per cent of the material is obtained. Vanadium has now become one of the vital factors of the steel industry. Four pounds of this material added to a ton of steel results in an increase of 45 per cent in the strength of the steel and at the same time produces an alloy which has satisfactory machining qualities. The economy of its use is considerable.

NEWBURG

District Superintendent Dr. Warren will preach next Sabbath at the usual hour. Everyone should avail themselves of hearing this talented preacher. There will be special music. Everyone most cordially invited.

Forty members of the W. C. T. U. spent a pleasant afternoon at Newburg hall last Thursday. After the business meeting, a good program was given, in charge of Mrs. W. R. LeVan. A pianologue and comic reading were given by Miss Gladys Smith, and reading by Vern Hoisington.

Mrs. Humphries gave a reading in dainty dialect, entitled "Temptation," which was decidedly funny. A self-serve luncheon was then partaken of. The Plymouth ladies remarked they had had such a pleasant time they would surely come again next year.

Miss Beatrice Davey spent the week-end in Detroit.

Lotha and Lydia Joy are visiting their uncle, Sylvester Ostrander in Romeo.

The old board fence has been taken down on the hall lot and replaced by a neat wire fence.

Mr. and Mrs. W. R. LeVan, Mrs. E. Ryder and Mrs. C. E. Ryder motored about Friday morning to attend the wedding of Mrs. LeVan's grandson, Francis Ross, and Miss Faith Mullet, which occurred at 7:00 o'clock a. m. at the Episcopal church. Mr. LeVan took the happy couple to the 8:00 o'clock train, where they left for a trip through northern Canada.

Mr. and Mrs. E. Youngs and family of Windsor, and Mr. and Mrs. Newton Youngs of Detroit, visited their father and sisters over Sunday.

Miss Thelma Davey spent last week-end in Belleville. Lucinda Fisher returned home with her.

C. E. Ryder has purchased a new Ford sedan.

Miss Matherson and Margaret Clemens attended a P. E. O. picnic at Twin Towers, near Ypsilanti.

Mrs. C. E. Ryder, Miss Hattie Hoisington and Miss Beulah Ryder attended the funeral of Orson Westfall, last Saturday afternoon. Mrs. Westfall has the sympathy of the Patriotic Society in her sad bereavement.

Jack and Robert Taylor are visiting relatives in Canada.

IN MEMORY OF COMRADE WESTFALL.

Taps have again sounded and our beloved comrade, Orson Westfall, has been summoned from earth's boudoir to that great and eternal beyond, whose commander is the Lord God of Hosts.

Resolved, That this heartfelt testimonial of our sympathy and sorrow be sent to the wife of our departed comrade, be printed in the Plymouth Mail and our charter be draped for a period of thirty days.

O. P. SHOWERS, W. J. STEWART, E. W. MAYNARD, Committee.

Brunswick Principles In Fine Tire Making

The reason you are interested in the name on your tire is that it identifies the maker. By knowing the maker you can judge his ideals of manufacture.

The only secret of a super-tire lies in the principles of the maker. His standards decide the quality. For there are no secrets in the tire industry.

What you get depends on what is behind the name on your tire. Brunswick, as you know, means a very old concern, jealous of its good name. Since 1845 the House of Brunswick has been famous the world over for the quality of its products.

The Brunswick Tire is all that you expect—and more. Your first one will be a revelation. You'll agree that you've never known a better. And you'll tell your friends. So spreads the news among motorists. The Brunswick is the most welcome tire that ever came to market.

Try one Brunswick Tire. Learn how good a tire can be built. And remember, it costs no more than like-type tires.

**MILLET WILL MEET
MAY CROP SHORTAGE**

**CAN BE PLANTED EARLY IN
JULY. SWEET CLOVER SHOULD
BE CUT EARLY AND HIGH.**

In response to questions from many farmers of the state as to crops that may be sown at this late date, in order to offset the shortage of the hay crop, C. R. Megee of the U. S. C. Farm Crops Department, is sending out word that millet may be safely sown as late as the first week of July. Sorghum is also mentioned as a possibility for a late crop to meet the hay shortage.

"One of the most dependable late crops is millet," says Professor Megee. "Common millet will mature in 60 to 65 days. The golden is later in maturing, requiring from 85 to 90 days. Yields of from one and one-half to two tons per acre were secured the past season on the college experiment field, when millet was sown the latter part of June. Millets are usually sown with the ordinary grain drill at the rate of from 25 to 30 pounds per acre.

"Sorghums may also be used for this purpose, the Early Amber variety being best adapted to Michigan conditions. Good yields are usually secured by drilling solid with the grain drill, at the rate of from 35 to 40 pounds of seed per acre.

That sweet clover for hay should be cut early—just before the blossom buds appear, is also pointed out by Megee.

"Sweet clover becomes woody after blooming, and is not nearly so palatable, and does not make as good a hay as when cut at the earlier stage. This fact is overlooked by many farmers, since the aliske and red clover are usually cut after the blossoms have appeared.

"Sweet clover does not propagate from a crown as does alfalfa, and consequently the stubble should be cut high enough so that a number of branches will develop the second crop which may be used for either hay or seed. If the crop is cut very

close to the ground these branches will be removed and the second crop will not develop."

Today's Reflections

Everything is divided equally in this country. The poor man has the appetite and the rich man has the money.

The trouble with this country is not so much a labor unrest as it is the high cost of loafing.

We heard one Plymouth man worrying yesterday for fear that by the day of resurrection there won't be anything to come up.

You can't convince the fellow who is looking for a house, that this is an empty world.

A "Red" is a fellow who can say enough in five minutes to keep the politicians talking all during the campaign.

It used to be said when we saw a long-haired man in Plymouth, that he was a violin player, a poet or a tramp. Now we take it that he hasn't the price of a hair cut.

Wouldn't it be fine if we could all do the Rip VanWinkle stunt, and wake up about the time they got the peace treaty settled to the satisfaction of everybody.

It's awful hard for a man to hear the call of duty above the jingle of coin or the murmur of love.

We've noticed that a thing is all right with a whole lot of Plymouth people when they do it, but all wrong when somebody else does it.

Limiting the supply of gasoline for pleasure cars may serve to cut down this summer's receipts for the undertaker.

We've noticed that married couples whose views coincide are the couples where the wife thinks first.

A lot of Plymouth people feel that peace with Mexico would become permanent if we could get at that Mexican oil to pour on the troubled waters.

One of the things you can gain by buying on credit is the experience that it always pays to trade for cash.

Girls of Plymouth will be interested in knowing that in Paris they're making dresses of paper. And right now paper is just about short enough to make a modern skirt.

**GIRL SCOUTS ENJOY
CAMPING TRIP**

The Girl Scouts returned Friday afternoon, after spending a very enjoyable week at Silver Lake. The Scouts who were able to go were: Alita Hearn, Catherine Learned, Mary Parrott, Marion Bennett, Jeanette Whipple, Dorothy Hinman, Alice Ballen and Ila Roe. Miss Conkey, Scout captain; Miss Gill and Miss Leach shared the responsibility of chaperoning the group. The Plymouth visitors entertained during the week were: Merle Roe, Margaret Bennett, Adelaide Gothica, Clara Dingledey, Dorothy Dibble, Elton Roe, Mr. Holcomb, Mr. and Mrs. Ballen and guests, Mr. and Mrs. Parrott, Mr. and Mrs. Ross, Helen Fish, Carol Fierce, Doris Burnett, Ward Walker and David Hinman. The Scouts are now in need of a leader, since their captain has left. It is to be hoped that the Women's clubs in Plymouth will recognize the value of the Girl Scout movement in filling the lives of their girls with wholesome interests, and will see to it that the Scouts secure a competent leader for the next year. As an evidence of the coming importance of the Girl Scout movement, the first academic course in Girl Scout leadership offered by a Michigan college will open with the summer school at the Western State Normal School, June 28.

INSTALLATION OF NEW PASTOR

The installation service held at the the Presbyterian church, last Wednesday evening, was a very successful and happy occasion. It was estimated that nearly two hundred people sat down to the beautiful supper given by the ladies of the church, in honor of their new pastor, his family and his guests of Detroit Presbyterian. The tables were prettily decorated with baskets of red roses, and with the several overflow tables arranged on the platform filled the dining room to its capacity. When all had been served, the company gathered in the auditorium, where the following program was carried out:

Organ Voluntary
Doxology
Invocation—Rev. F. M. Field
Constitution of Installation Committee.
Prayer
Announcements
Hymn 155
Sermon—Rev. Leonard A. Barrett, Pastor of the First Presbyterian Church of Ann Arbor.
Sole—Calvin Whipple
Propounding of Constitutional Questions—Rev. L. A. Barrett
Charge to the Pastor—Rev. E. I. Bradfield, Pastor of Forest Ave. Presbyterian Church of Detroit
Charge to the People—Rev. Edward V. Belles, Pastor of First Presbyterian Church of Northville
Hymn 363
Benediction—Rev. S. Conger Hathaway, Pastor of Plymouth Presbyterian Church

Now that the Presbyterian church has a resident pastor, it will resume its activity in every department. Mr. Hathaway has already received seventeen members into the church, and a long period of prosperity and growth is anticipated.

LOCAL ITEMS

Evangelist Arnold H. Kehrl is here for a short vacation. He preaches next Sunday morning at Salem.

Rev. Ralph M. Pierce of Flint, was in town, Monday, calling on Rev. F. M. Field, being on his way to Albion, where he is to be one of the instructors at the undergraduate ministers' summer school.

Rev. S. Conger Hathaway, pastor of the First Presbyterian church, has moved his family here from Ann Arbor, and are now nicely settled in the manse on Main street. The Mail is glad to welcome the new pastor and his family to Plymouth.

The Northville chapter, No. 7746, of the Epworth League, will entertain the Plymouth young people at a lawn social to be given in Northville, next Wednesday evening, July 7th. It is expected that a good delegation of Plymouth young people will accept the invitation.

R. R. Parrott has moved his real estate and insurance office from the second floor of the gas office building to the room in the Gayde block, facing on Main street. The room has been redecorated and presents a very nice appearance. Mr. Parrott will be glad to see his patrons and friends in his new location.

Mrs. Raymond Hills and the Misses Maude Gracen and Anna Gill left last Friday for a boat trip to Mackinaw Island. Hills will visit her parents at Sault Ste. Marie for two weeks, and Miss Gill will spend the summer vacation with her parents at Leavenworth. Miss Gracen will return home this week.

An exciting game of ball was played between teams representing the second floor and the first and third floors of the Marham Air Rigg Co., on Starkweather field, Wednesday. The score stood 13 to 12 in favor of the latter. A wild time was had by all. No casualties occurred, the umpire saving their lives by brilliant throwback at the end of the game.

A large company of interested friends and relatives gathered in the high school auditorium, last Friday evening for the social given by the pupils of Miss Anna L. Younger. The program was rendered in a pleasing manner. A pretty innovation was added by the presentation of a handsome book to each pupil as the valedictory notes were completed, this book being assigned to four little girls. Readings of several verses were given by Mr. Tracy added greatly to the pleasure of the evening. The stage was attractively decorated for the occasion with poppies, roses and field daisies.

The Plymouth Epworth League had five representatives at the State Epworth League meeting at Albion, last week, all of whom report a pleasant time and a most inspirational session. The Plymouth young folks helped to make up the institution of over five hundred were: Misses Grace Hawkins, Helen Rogers and Louise Perry, and Charles Sedgwick and Walter Hill. They are planning on some interesting stunts in connection with local leagues, the inauguration being at the League house, 420 S. Washington, Friday evening. The Epworth League has also been very successful in their support at Wayne's

WILL BE CANDIDATE FOR PROSECUTOR

PAUL W. VOORHIES, A FORMER PLYMOUTH ATTORNEY, ANNOUNCES HIS CANDIDACY FOR THE REPUBLICAN NOMINATION.

Paul W. Voorhies, a former prominent Plymouth citizen and attorney, and a former chief assistant prosecuting attorney, has announced his candidacy in the Republican primaries for the office of prosecuting attorney for Wayne county. Last Saturday's Detroit News says of his candidacy:

"He made no formal statement of policy, but said he stands for law enforcement and added: 'Detroit must be made a city from which criminals flee instead of one in which they take refuge.' Mr. Voorhies also is known as one of the originators of the present municipal court, having helped to draft the law which created it. Mr. Voorhies' experience in the prosecutor's office lasted six and a half years under the administrations of Hugh Shepherd, Allan H. Frazer and the late Charles H. Janowski. His last three and a half years were spent as chief assistant prosecutor, in which he handled many important cases, including two grand jury sessions, the campaign which drove bucket-shops from the city, and the prosecution and conviction of the first reckless automobile driver found guilty of manslaughter in Wayne County."

Mr. Voorhies was born in Plymouth, and lived here all his life until his removal to Detroit several years ago. He has countless friends in Plymouth and vicinity, and will be pleased to know that he is to become a candidate for the important office of county prosecutor, and he will have their most hearty support. Mr. Voorhies is the right man for the place.

CLOSE A MOST SUCCESSFUL YEAR

The annual meeting and picnic of the Methodist Ladies' Aid, held at the home of Mr. and Mrs. Fred H. Lee in Livonia, Wednesday afternoon of this week, was not only a delightful social occasion, but marked the close of a most successful year of work. About seventy were taken out in automobiles, and enjoyed the beautiful picnic dinner which was provided.

The annual reports, which were given at this meeting, were the occasion of much gratification, showing real accomplishment in many lines. The membership has been divided for this last year's work into three divisions, each division aiming to raise at least \$200. Division No. 1, with Mrs. Robert Jolliffe as leader, carried off the honors with a showing of \$253, fifty dollars of which was placed in the pipe organ fund. The other two divisions also succeeded in reaching the goal set with surplus beside, making the total receipts for the year, \$671.

The officers chosen for the coming year's work, which will open next September are: Mrs. L. N. Dickinson, president; Mrs. Wm. Tait and Mrs. Wm. Felt, vice presidents; Mrs. Arthur Hanchett, secretary; Mrs. W. J. Griffith, treasurer. Two plans for next year were submitted to vote, and the one which was chosen almost unanimously provides for raising all the money by direct contribution rather than by supper, bake sales, etc., and making the social life the dominating feature. For the direction of this work, the society will be divided into three divisions as formerly with wholesome rivalry between the groups.

CLEAN-UP DAY, JULY 7TH

Since the present Manager has been on the job, there has been considerable agitation in favor of a village "Clean-up" day, such as has been held in past years. This and the recommendations of the health officer, lead the manager to announce that on Wednesday, July 7th, the village teams will make the circuit of the town to pick up whatever rubbish the villagers will place on the curb line in boxes or barrels commencing at 8 a. m.

It is urged to make a thorough clean-up of all one's property, and to get rid of any rubbish that will be a nuisance to the community.
