## PLYMOUTH LOSES AND WINS A GAME

DETROIT CREAMERY CO. TEAM DEFEATS THE BUICKS 7 TO 3 LAST WEEK THURSDAY.

The Plymouth Buicks went down to defeat at the hands of the Detroit Creamery Co. team on the home grounds, last week Thursday. The visitors were defeated in the first game, and they came out determined to even up with the Buicks, and they did. Monty Wood was in the box for Plymouth. "Rubber" Krapp for the visitors held the locals scoreless until the sixth inning, when they scored two runs. The score by innings:

Plymouth	1	2	3	4	5	6	7	8	9	R	E	E
Detroit	0	0	0	2	1	0	3	5	3	0	0	0
Batteries—Plymouth, Wood and Lopez; Detroit, Krapp and...												

Another game with the Creamery Co. team will decide who is who. Frank Toncray gives splendid satisfaction as umpire. Frank knows the game and his decisions are always fair and impartial.

The attendance is not what it should be for the quality of base ball Manager Bentley is giving Plymouth fans.

Harry German demonstrated to the fans last Saturday that he is still able to deliver the goods with the same effectiveness that he did a quarter of a century ago. Hats off to you, Harry!

Manager Bentley offered a prize of \$10 to any player of his team who hit a three-bagger in Saturday's game. Roy Burgess was the winner.

Burgess played a great game in left garden, accepting every chance, several of them being difficult.

The locals will probably have their new uniforms for the next game.

## CHAUTAQUA OPENS NEXT THURSDAY

SIX DAYS' ENTERTAINMENT, PROFIT AND PLEASURE.

Next Thursday afternoon the big tent to be erected at the rear of the Presbyterian church, will be thrown open to Plymouth Chautauqua fans and for six days attending the afternoon and evening entertainments provided in Redpath's magnificent 1920 program will be the main diversion in this village.

An enthusiastic Chautauqua dinner was given at the Plymouth hotel, last Wednesday evening to the Chautauqua backers, who are giving their time and strength to make this splendid attraction possible in Plymouth.

Norville citizens put their Chautauqua across strong this year, and it was the sentiment at the meeting Wednesday night that Plymouth can do it if Northville can. The ticket campaign is now in full blast, and it will be demonstrated in the next few days how hostile Plymouth citizens are to anything less than the best.

It is urged that everybody buy a season ticket, instead of paying single admissions, as the contract gives the local committee only the proceeds of the season tickets for their \$3000 guarantee, and the only way to back up the local committee is to buy season tickets. You will save money, too. Single admissions are 50c and 85c, and total seven dollars for the entire twelve programs, whereas a season ticket, which admits the purchaser to all twelve programs costs but \$2.25 plus war tax for adults and half that for children. These prices are good only up to the opening day, and season tickets have to be bought in advance to be credited to the local committee. Season tickets may be purchased at various business places about town or of any member of the local committee.

An indication of the fine entertainment values afforded by the Redpath Chautauqua this year is shown by the fact that they are giving us six days of varied entertainment, whereas their contract specifies only five days. The fifth day will be an extra day thrown in without any extra charge to the local committee or to the ticket holders.

Attractive, illustrated programs are on hand, and may be secured by anyone interested at various business places where season tickets are on sale.

Now, let's all pull together, and put it over big.

**PROGRAM POINTERS**

The fourth day the Red Grenadiers band and Male Chorus will be the outstanding feature of the week. Everyone will want to hear the big Singing 'Bans. They have some clever stunts in their programs, both afternoon and evening.

The Premier Singers furnish the music the first day. Four talented, vivacious young ladies present programs of varied vocal and instrumental selections.

Earl H. Hipple, "The Wizard of the Xylophone," is the leader of the Hipple Concert Co., who furnish the music the second day.

Thomas Brooks Fletcher, one of America's greatest dramatic comedians, holds forth the third night. The American Girls come the same day, with their laugh-provoking selections.

The last night is "Joy" night, with the Rich-Werne entertainers and Noah Bullhairs, impersonator.

What is on the fifth day? This is a surprise. Something good and shown in free to every ticket holder.

## BAND CONCERT SATURDAY NIGHT

The Millard band will give another of their popular concerts in north village, Saturday evening, August 14th. Everybody cordially invited to come and hear a splendid concert.

## TEACHERS FOR NEXT SCHOOL YEAR

The teachers for the coming school year of the Plymouth Public Schools have all been engaged, and the Board of Education feel that they have been very fortunate in securing a most competent corps of instructors. The personnel of the faculty is as follows:

### LOOK TO TOMORROW

Our advice to every family in Plymouth is to look to the morrow. The railroads of this country have been given permission to increase freight and passenger rates to a point where it will mean thousands upon thousands of dollars over present revenues, and this increase must come, and will come from the pockets of the consumers. In fact, if it were proportionately equal, the increase would mean about \$150 a year from every citizen in the United States.

If you have not laid in your winter coal and you can possibly get it, see that it is put in at once. If you have implements to buy, or a purchase that can't be made at home, and which must come by freight or express, see that you don't wait too long to get

it unloaded at this end of the line. The business man who secures his stock in advance will also be able to undersell those who wait until after the increased freight and express rates have become effective.

It is rather annoying, we'll admit to have to think of the morrow while we are enjoying the pleasant days of summer. But in this case tomorrow means next winter, and next winter is but a short way off. Transportation facilities are badly crippled at this time, with labor troubles and run-down condition of rolling stocks. Increased freight rates will only add to the burden and make the problem more serious. So, without arguing whether or not the rate is justified, without arguing who is going to profit in the long run, take our advice and prepare for the morrow or you may have cause to regret it.

### NO PENNY PAPERS

Within the past few weeks dozens of the biggest newspapers in this country, papers which once sold at a penny but which advanced their selling price to two cents during the war, have added still another penny, and will in the future retail at three cents each to the reader. Of course

they have advanced yearly subscriptions in proportion, making an advance of one to three dollars a year more. They have good cause to do so, for paper manufacturers state that still another increase in the price of white paper is due this fall, and freight rates are to be jumped about 25 per cent within the next few weeks. So the day of the penny paper is over, and few indeed are the weeklies that still go for at one dollar a year.

Paper upon which this issue is printed has advanced 300 per cent in two years. It has increased 100 per cent of that since last January. In other words, paper that sold two years ago for five cents a pound and six months ago for twelve cents a pound is now selling at eighteen cents a pound—and another increase is coming.

People of Plymouth and vicinity must know by this time that their newspapers have been hit by increased cost of raw materials just as hard as anything else. And if they want to show their appreciation of an institution that is laboring to keep down prices to a safe level while facing extermination itself from that very thing, they will be more prompt in paying their bills. For only through an outlay of cash can the paper be secured, even at the present high figure. Right now would be a good time to insure against an increase by paying a year, or several years, in advance for your paper. For as sure as fate the price of subscriptions must go up as long as the price of white paper continues to climb. If you can save a half-dollar or a dollar now by paying your subscription ahead, why isn't it a sensible thing to do.

## SOLDIER BOYS' BODY ARRIVES FROM COBLENZ

The remains of Private Irving J. Stewart arrived here, August 4th, from Coblenz, Germany, and laid to rest in the family lot in Newbury cemetery, August 5th. He enlisted in the State Militia at Jackson, Mich., and was called to service from there. He received his training at Grayling and Waco, Texas. He was in Co. I, 28th Infantry, and fought in all the battles with the 32nd Division until the war was over, then he marched into Germany with the A. E. F. While there he contracted pneumonia, and died February 6, 1918. He was the son of Mrs. Louise Stewart of Inkster, and brother of Mrs. Charles Stoneburner of this place, and Edward Stewart of Inkster.

"We miss him, oh, we miss him, but we try to bear the pain."

For a loving one has promised, we in heaven shall meet again. Though absent, yet he's with us, in fancy's distant light.

As across the distant shadows, "We answer his 'Good Night.'" His loving Mother, Sister and Brother.

## EXCELLENT CROP PROSPECTS

From present prospects an excellent crop year for Michigan is in sight. While it is too early to predict a bumper crop, and no crop shows better than a 95 per cent condition, seldom has the general level of condition of all crops been as high. Only two crops of the 25 leading ones in the state show a condition below the ten-year average, and a number are from six to ten per cent better. The two below the normal are hay and wheat. Sixteen of the twenty-five crops show improvement over last month. Notwithstanding the decrease of about five per cent in the acreage of crops in the state this year, the present conditions and prices indicate a crop production that will exceed last year's in value by \$35,000,000 to \$40,000,000 or approximately nine per cent. These are some of the leading features of the August 1 crop report for Michigan, prepared by Verne H. Church, Agricultural Statistician, U. S. Bureau of Crop Estimates, and Coleman C. Vaughn, Secretary of State.

## HAS A NARROW ESCAPE

Last Monday evening while crossing Pearl street on Starkweather avenue during the severe storm, Mrs. N. I. Moore narrowly escaped a serious accident. She dodged an approaching car on Pearl street, and stepped directly in front of Charles Quino's car, who was turning on Pearl street from Starkweather avenue. Mrs. Moore was hit by the car and thrown several feet before the driver could stop his machine. She was badly bruised and shaken up, but fortunately no bones were broken.

Commissioner of Highways of the Township of Canton, County of Wayne.

## NEIGHBORHOOD HAPPENINGS

ITEMS GATHERED HERE AND THERE THAT WILL BE OF INTEREST TO OUR READERS.

Brighton has landed a new factory. Northville's chautauqua was a financial success this year.

Farmington's home coming is scheduled for Saturday, September 4th.

J. D. Taylor will soon begin the erection of an addition of sixty feet to the Walled Lake dancing pavilion. The dances being held there this season are attracting so many people more floor space is necessary and to meet the popular demand, Mr. Taylor has decided to enlarge the building. The Taylor pavilion has an enviable reputation among those who enjoy dancing and the attendance this season has exceeded that of any previous year.—Northville Record.

Howell has secured two new manufacturing enterprises—a foundry and a washing machine company. The latter will move into the old wrench factory building and commence work about August 22 employing about twenty men. The other will be called the Howell Foundry and will probably locate on C. G. Jewett tract near the P. M. R. tracks. The Board of Commerce was instrumental in securing both enterprises, special incentives being made to both companies.—Brighton Argus.

Cass R. Benton, who is chairman of the State Tax Commission, has been appointed by Governor Sleeper as chairman of the delegation chosen to represent Michigan at the annual meeting of the national association of assessing officers, to be held in Salt Lake City, Utah, the first week in September. There will be forty-two members of the Michigan delegation, and it is expected that every state will be represented at the convention.—Northville Record.

Musolf Brothers, Lyon's well-known breeders of registered Holstein cattle, and whose herd is one of the best in Michigan, are planning on exhibiting a few of their herd at the state fair this year. Two years ago they took nearly every prize in sight at the big fair, with the animals they showed there. The help problem this year makes it rather hard for them to plan with any degree of certainty, but they hope to have a few of their best ones there.—South Lyon Herald.

While a big school is primarily an educational institution it is a business proposition also. The U. of W. is an important business factor at Ann Arbor is indicated by the fact that the school's expense account for the coming year is estimated at \$7,000,000. During the past year John Christensen, purchasing agent, took care of over 12,000 orders in his office alone. The question of the salaries alone is quite another item. Last year about \$2,000,000 was paid by the University of Michigan in salaries and in June this year there were 2,100 people on the pay roll.—Michigan Investor.

## PLYMOUTH BOY TO ATTEND CONFERENCE

An innovation in the session of the Detroit Annual Methodist Conference this year will be an Older Boys' conference in connection with it for three days. The boys will have their own meetings most of the time, but will meet in joint session with the ministers, and on Friday evening there will be a "Father and Son" luncheon, at which each boy will have a minister partner.

One delegate from each charge will be permitted to attend this conference, which will convene at Bay City, September 24-26, and the representative of the boys of the Plymouth church will be chosen by the young men themselves next Sunday at the Sunday-school hour. The expenses of the delegate will be paid by the church.

## AN ECHO OF OLDEN DAYS

This is a copy of an old-time sale bill which brings back the days 'fo' th' war:

## CHURCH CLOSING PROSPEROUS YEAR

REV. F. M. FIELD INVITED TO RETURN FOR FIFTH YEAR—REPORTS MADE AND OFFICERS ELECTED.

After listening to a number of encouraging reports concerning the work of the Methodist churches at Plymouth and Newburg for the past year, the representatives of the congregations at the local church conference, last Thursday evening, unanimously reported the continuance of Rev. Frank M. Field as pastor for the fifth year, at an increase of \$400 in salary, which is now placed at \$2,200, and house. District Superintendent Rev. E. J. Warren, who presided over the conference, could not promise anything definite concerning the appointment of next year, but said he would give the request due consideration.

The pastor's annual report showed that 87 people have been received into preparatory membership during the past eleven months, and 57 into full membership, leaving about 30 yet to be advanced to full membership. In addition, 34 names have been added to the membership by transfer from other churches, nine of which were from other denominations. The pastor has preached 148 times, and officiated at 15 marriages and 43 funerals during the past eleven months. An average attendance of 158 has been maintained at the morning preaching service, 122 at the evening service and 47 at the afternoon service at Newburg.

The district superintendent made special mention of the splendid advance made by the local church in its missionary giving. Whereas three years ago, \$300 would have been counted a good offering to missions, the Plymouth church has given already \$1700 this year and the Newburg church has given \$200 more. It is expected that fully \$500 more will come in before conference, and it was voted that this amount will go to the building of the church at Meade, which ministers to a community of Polish people.

The report of the Board of Trustees of the value of the church property at \$45,000, and the Newburg church at \$7,000. Almost \$1,600 has been turned into the building fund this year, of which \$827.75 has been paid out for interest, and \$1,250 has been applied on the principal of the indebtedness.

The women's societies also presented encouraging reports. The Ladies' Aid society at Plymouth reported receipts of over \$800 and the Newburg society over \$400. The Women's Missionary societies have raised \$138 for the home field. The young people have also done splendid work in the Epworth League, sending six delegates to the recent state institute at Albion.

Trustees for the coming year were chosen as follows: Plymouth—G. W. Richards, I. N. Dickerson, E. V. Tolliffe, John Stewart, E. J. Patton, William Sutherland, W. S. Thompson, Newburg—Wm. Farley, Clark Mackinder, Edwin T. Taylor, W. J. Smith and L. Clemens. The following are made stewards: Plymouth—G. W. Richards, I. N. Dickerson, E. V. Tolliffe, Warren Lombard, E. J. Patton, William Sutherland, Wellington Newell, F. L. Barrows, C. H. Hammond, W. H. Tait, E. T. Cope, Frederick Thomas, G. Oldenburg, Blake Fisher, Newburg—Mrs. M. Eva Smith, Mrs. E. Ryder, Mrs. C. Mackinder, Miss Ada Young, Mrs. Thos. Davey, Mrs. L. Clemens, Mrs. I. Gonsolly.

## CHURCH NEWS

First Church of Christ, Scientist.  
First Church of Christ, Scientist, corner Main and Dodge streets, Sunday morning service, 10:30 o'clock. Subject, "Soul."  
Wednesday evening testimony service, 7:30. Reading room in rear of church open daily from 2 to 4 p. m., except Sundays and holidays. Everyone welcome. A lending library of Christian Science literature is maintained.

Lutheran  
Rev. Charles Strasen, Pastor  
Sunday morning and afternoon the Lutheran St. Peter's church of Plymouth, will celebrate its annual mission festival. The morning sermon will be in German, and the Rev. John Gauss of Geneva, Ohio, will preach the sermon. The services in the afternoon will begin at 2:30 and will be in English. The Rev. C. F. Ruten from Bay City, Mich., preaches the English sermon. All are welcome to attend these services. Collections will be lifted at both services to be used for mission work.  
Dinner will be served as in other years in the school basement.

Bible Students  
Rev. 17 next in order. What the picture here? Ah, how plainly does verses 1 to 5 tell us. Is it not that same mysterious system so carefully mapped throughout the Revelation? Should we longer doubt why the persecutors of the saints? Verse 14 indicates a seven camped on 7. From this verse is there any doubt as to the outcome? "And the Lamb shall overcome them." Which way is your banner waving? This chapter will be freely discussed Sunday, August 15, at 2:30 p. m., at David Black's residence. Welcome.

## OBITUARY

### NORMAN DREWS

Norman Carl Albert Drews, son of Christ and Caroline Drews, was born in Detroit, Mich., February 2, 1892. Soon after his birth he was baptized and became a member of the Lutheran church to which the parents belonged. With his parents he came to reside in Plymouth, and here he received his education in the local schools, and his religious instruction by the Rev. G. Elms. When fourteen years of age he was confirmed in the Lutheran church of Plymouth, and became a member of this church. April 24, 1912, he married Miss Agnes Fitzg, which union was blessed by God with three little girls. The deceased was employed by the P. M. R. R. as a night laborer at the round house. The night from Wednesday to Thursday, he went with his foreman to a job to get some gasoline. Norman Drews stepped into the open door on one side and the foreman entered the car through the other open door, carrying a R. R. lantern. Immediately an explosion took place, throwing Drews out of the car and setting his clothes on fire. He had presence of mind to think of some means to extinguish the flames, and ran for a pile of sand, tearing the burning clothes from his body while running. On reaching the sand, he jumped into it and rolled in it, thus extinguishing the flames. His fellow workmen took him home at once and called Dr. Patterson, by whom everything was done to relieve him of his sufferings. One hour after the occurrence the patient was on his way to Providence hospital in Detroit, where it was found that he was fatally burned and his life could not be saved. He suffered no pain and was conscious until a short time before the end came. He went to sleep and sleeping passed over into eternity. The Master came and called for him, Thursday noon, at 1:15 o'clock. He had attained the age of 28 years, six months and three days, and leaves to mourn their loss his widow, three little girls, the parents, brothers and sisters of both sides and many friends.  
Funeral services were held at Schmidt Bros. Funeral Home and at the Lutheran church. Rev. Charles Strasen preaching an impressive sermon on the text, "The Master is come and Callet for Thee." The sympathy of all is with the bereaved.

CARD OF THANKS—The undersigned desire to return their sincere gratitude and thanks to all who so generously and materially assisted us at the time of our recent bereavement, especially to the Rev. Charles Strasen for his kindness and words of sympathy. Also all who so kindly volunteered auto service.  
Mrs. Norman Drews,  
Mr. and Mrs. Christ Drews  
and Family.

## AMERICAN LEGION AND OTHER EX-SERVICE MEN

It has been some time since the Scout D. Corliffe Post has held a meeting. So many of us have been away from town during the summer, that it has been impractical to hold meetings.

Cold weather is not far distant, and now is the time for us to get together and plan and prepare for the good times that are in store for us this coming fall and winter. Men, if we are to be successful as a Post, we must co-operate, which means that every member should attend every meeting of the Post, not only attend, but take an active part in the meetings, to be active is to be interested.  
The next meeting will be held at the club rooms over Pettingill & Campbell's store, Monday evening, August 16th, at 7:30 o'clock. Come prepared to name your delegate to the state convention, which is to be held at Saginaw next month. Bring a buddy with you.  
H. B. Daggett, Post Adjutant.

## FAREWELL PARTY

The members of the Epworth League and of the Missionary society are having a farewell party and handkerchief shower at the M. E. church, this (Friday) evening in honor of the Methodist young people who are preparing for christian life service. The Misses Mary Hill and Lorena Terry are going to Kansas City, Mo., to attend the training school for deaconesses. Miss Nellie Huger, a training school in Chicago, and Howard Burden will continue his studies at Albion. Everyone interested in these splendid young people is cordially invited to attend.

## PERRINSVILLE MAN SHOT

Walter Snyder of Perrinsville, was held up and shot twice by a bandit in front of 1150 Cabot street, Detroit, Saturday night. One shot went through his left side and lodged in a box of candy on his girl companion's lap, and the second shot through the left arm and lodged in the back of the seat. Mr. Snyder was taken into the home of Charles Johnson, where a doctor was quickly summoned. A police squadron searched the neighborhood, but no trace of the bandit could be found. Mr. Snyder was taken to the Receiving hospital, and is on the road to recovery. His many friends hope to see him back soon. The bandit got no money.

A FREE POCKET DICTIONARY  
A leather bound pocket dictionary with thumb index (retailing ordinarily at 75c) will be sent to you without charge, postage prepaid, by The Business Institute, if you will send them the names and addresses of ten people between the ages of 17 and 30, who would be interested in training for business employment.

They are making this proposition, in order to get names for their mailing list, but they ask you as a matter of principle, not to include the name of anyone who could not really be considered a prospective student.  
Write the names and addresses clearly and distinctly, stating also in your letter whether you would like to receive the Institute catalog.  
The Business Institute specializes in training young people for high grade office positions. Schools are conducted in both Pontiac and Detroit. The Institute Conservatory is operated in connection with the Pontiac school.

In sending in your list, address THE BUSINESS INSTITUTE, 163-169 Cass Avenue, Detroit, Mich.

**What we are doing to make Telephone Service Better**  
Hardly a week passes that does not see some plan or device in operation, or a prospect, that will make the telephone service more as we both would have it.  
During the past three and one half years, for instance, more than 10,000 miles of additional telephone wires have been strung in Michigan. These additional lines have added greatly to the scope and quality of long distance and toll services.  
A new cable connecting the upper and lower peninsulas of Michigan has also been placed. This cable has added greatly to the long distance service which we are giving Michigan.  
More than 6,000 private switchboards have been installed in Michigan to date and as many more as can be procured will be placed at the disposal of subscribers desiring them this year.  
All of these improvements and additions have been put through in the face of the most difficult material delivery conditions Michigan has ever experienced.  
Great attention is being given the work in our operator training schools in cities throughout Michigan, that these young women may come to their tasks proficient, and with a full understanding of their responsibilities.  
And so it is throughout every department of the business. Difficulties are being experienced. The results are not always all that we wish. But we will keep at work until we have overcome every obstacle to good service.

Today's Reflections

Our idea of good neighbors consists of families who are not rich, but who have sense enough to pretend to be. The Plymouth girl who is the most pensive before marriage is usually the most expensive afterwards. When you see a crowd on the street these days, it is hard to tell whether it's an accident or someone has offered a house for rent. A gardener is a man who raises a few things; a farmer a man who raises many things, and a middleman one who raises everything. We've often noticed that the madder some Plymouth men get the less good it does them. Just two kinds of letters cause married men trouble—the ones they forget to mail and the ones they forget to burn. Why is it most of us insist that the argument we use is "logical and sound," when the other fellow disagrees with us? As a Plymouth woman said yesterday, there are two kinds of visitors—those who are welcome and those who bring a trunk. We could not get along very well without automobiles, but they certainly have brought a lot of crime and scandal into the world. Maybe one-half of the world would know what the other half is doing if there were more party-line telephones. The Plymouth man who works only when the boss is watching, is the same fellow who would tap the cash drawer if the boss was not watching. They're going to forbid cranks going over Niagara Falls in barrels, but they still permit some people in autos trying to beat the train at a railroad crossing. The reason most people need an increase in pay is to help them pay the increased pay of everybody else. After all, there's one platform Mr. Bryan has no trouble in standing on, and that's the Chautauqua platform. Here's a hint to the Plymouth woman who would make her husband more fond of her—take a trip out of town for a few weeks.

STATE NEWS

The first edition of the "News" appearing. A. L. Kingsley of Highland Park, is publisher. Albion—At a meeting of Albion women, a League of Women Voters was formed. Mrs. Helen S. Stetler, of Kalamazoo, candidate for congress, spoke. Grand Rapids—Ralph Tucker is the fifth employe of the Grand Rapids Railway Co. to be arrested in the last two weeks on a charge of "knocking down" fares. Monroe—Lawrence Wilhelm, 21, and W. Schook, 20, of Fremont, each paid \$20 here on conviction of stealing a lantern from the north end of the Dixie highway. Bessemer—Three masked men dressed in khaki entered the boarding house of Fred Bres at the Anvil location, Gogebic county, and raided a card party, stealing \$1,800. Big Rapids—Mrs. Effie Simons, who was jailed with a babe at the breast, says that the high cost of living forced her to live with Fred Schultze, both held on a serious charge. Muskegon—The Home Finance Co., a local civic organization, announces that 700 homes are under construction here now. It says 2,000 homes are needed to relieve the shortage. Pontiac—John Prohowski is alleged to have sold liquor to two sheriff's officers and his arrest resulted. He is held for trial. He gave his address as 1650 Dubois street, Detroit. Hartford—Harry G. Britton, 23 years old, of Grand Rapids, a Pere Marquette freight brakeman, was instantly killed when he was struck by the northbound flyer from Chicago. Kalamazoo—A 15-year-old boy in juvenile court on a charge of stealing \$100 worth of articles from his employer, said his grandmother taught him to steal things for her to sell. Grand Haven—Fred Warber, 31, is dead. He was a former platoonman associated with Buffalo Bill and Gen. Custer, and drove trains for the government through to Kansas City and St. Louis. Jackson—The hay barn, with 26 horses and mules, grain and machinery, of the Jerome Seed Co., of Detroit, near Grass Lake, was burned. The loss is estimated at \$20,000, covered by insurance. Flint—The murder theory over the finding of the body of John Reisinger, Buick Motor Co. employe, in the Flint river, was destroyed by the decision of Coroner Cook that death was due to accidental drowning. Grand Rapids—Milk Dealers association issued an appeal to consumers to turn in all empty bottles they can find as a means of relieving the bottle shortage. The dealers say they cannot obtain new bottles. Escanaba—Miss Marion Dahl, Wisconsin, formerly of the state normal school at River Falls, Wis., is new librarian at the Carnegie public library in this city, succeeding Miss Day, who resigned recently. Kalamazoo—Kalamazoo will escape a fuel famine next winter if shipments of coal continue to come in as in the last two weeks, according to retail dealers. Receipts since the middle of July have been far above normal. Bay City—Two women are running for Bay County offices this fall. Minnie Gardner is the Democratic candidate for state senator, from the First District and Helen M. Hennessey is the Democratic candidate for register of deeds. Grand Rapids—Mrs. Robert Haag, 68 years old, living west of the city, was seriously hurt, and two others less severely, when an automobile owned by Dr. Louis Chappell, of Marne, capsized in a collision with a car driven by G. VanAlstburg of Muskegon. Cheboygan—Benjamin Sparty, 23, and Roy Hutchinson, 31, Wolverine, were instantly killed when their automobile was struck by a Michigan Central train here. With their wives they were returning from a party. The women escaped serious injury by jumping. Grand Rapids—Property of the Grand Rapids Oil Co. was taken over by the Standard Oil Co. of Indiana. Eastern capitalists are said to have found that the Grand Rapids company was too far from their headquarters and source of supply for economical operation. Hillsdale—The second mass meeting on the plan to open a hospital here instructed the present hospital committee to ask council to submit to the people the proposition of bonding the city for \$25,000 for a hospital. The committee obtained an option on the Waldron property as a hospital site. Jackson—Walter Wilson, one of the wounded in the fight following the Grass Lake bank robbery, made a statement to the officers, although he said he did not say, "What is the use, since I am not going to die?" Wilson declared he was the man who forced the cashier of the bank to open the inner compartments of the safe. Detroit—Contracts for \$500,000 worth of new rails for the Detroit, Toledo & Ironton railroad, recently taken over by Henry Ford and Edward Ford, have been let, according to an announcement. Other improvements, including new rolling stock and better roadbeds are being planned. Advising from Lansing, however, indicates that the Ford plan for constructing a connecting line between the D. T. & I. and the Detroit Terminal railroad, at a point 1-1/2 miles southwest of Treenon, is being held up by the Michigan Public Utilities commission.

Built on the same extra-length chassis as that of the large Buick Sedan, this seven-passenger model represents, in open car design, an exact duplication in size and quality of the more costly closed body type. In every respect, its manufacture is just as scrupulous to fulfill in serviceability the promises made by its fine appearance. And the full measure of the Model K-Six-49 makes it generous in comfort—in roominess—in looks—in all other qualities that are best appreciated in combination with the powerful Buick Valve-in-Head Motor. Many Royal Personages Have Been "Decorated"—Amusing Experiences of Swedish Monarch.

It was no secret to his intimates that King Edward VII of England subjected his arms to the art of a tattooer when he was prince of Wales...

The late czar of Russia wore an indelible India-ink dragon on his left forearm, and quite a number of other European royalties past and present, have received these indestructible "decorations."

But the experience of Charles XIV of Sweden and Norway was an interesting little story. It was always a puzzle to those who were intimately associated with him that he would never show himself anywhere with bare arms...

SHEEP KILLED THEIR ENEMY

Ordinarily Timid Animals Worked in Concert to Stamp Life Out of Big Rattlesnake.

One summer morning a farmer in Virginia started out to salt a small flock of sheep that he had recently put into a hilly, overgrown pasture...

Presently, while the sheep were standing still, a big wether made a spring, landed with his feet in the very center of the ring and bounced away like a rubber ball...

THE Last Dollar

By EVELYN BEE

"Twenty dollars," spoke Signorini, the pawnbroker.

"I will take it," answered Roslyn Dare, and placed his watch and chain upon the counter.

"He had been better days. They were dark ones, indeed. Looking back a single year, when he had come to the city with a comfortable patrimony, he had invested it gradually in an automobile accessory which on the surface seemed to be a safe investment..."

"Not at all," declared Dare. "We all make mistakes. I'm young, not afraid of work and I shan't allow myself to starve."

He stowed safely away the \$20 now, and stood for a moment calculating where he would go to get a cheap room and board.

The door of the pawnshop opened as he was about to leave and a young girl carrying a long package entered. She was dripping with the outside rain, her apparel was poor and threadbare...

"See, sir," she spoke plaintively. "I could not borrow money, but I have brought my coat and hat and some little trinkets. Won't they make up the amount of the loan?"

"Oh, don't say no!" she pleaded in broken, despairing accents. It means life or death for my dear sick father who has his favorite violin."

"Oh, I would not dare sell it!" "Two hundred. You are poor; that will mean more to your sick father than sentiment."

"Give the young lady her property," spoke Dare, moved by a mighty impulse, and he placed the \$20 bill upon the counter. The pawnbroker gazed at him distastefully, for he fully comprehended the value of the violin.

The young lady stared in amazement at Dare, but she took up the violin case the pawnbroker reluctantly tendered, and hugged it lovingly, her grateful eyes swimming with tears...

"Young lady, the gentleman has just pawned all he has of value to give him food and shelter. Five hundred dollars for the violin," said the pawnbroker, but Dare hurried the girl out under the awning.

"Oh, sir," she spoke, "is it true that your great-grandfather had sacrificed—"

Snake-Eaters in Con-ention

Gathering Which is Held Annually in North Africa Must Be a Repulsive Sight.

After a lapse of five years, the annual convention of the snake-eaters of northern Africa has lately been held. Seventeen of the most renowned reptile consumers from various parts of Tunis and Algeria took part.

An extraordinary feature of the convention was that most of the snake-eaters served in the French army during the war, many of them wearing the medals they won in France.

More than four hundred small snakes of various sizes were carefully measured and distributed to the competitors. A score-keeper watched each man, and the spectators cheered the "eaters" at the top of their voices.

The "eating" consisted of forcing a snake into the mouth as quickly as possible, but no bunching or rolling up of the reptiles was allowed. The snake had to be forced in head first, and as soon as the tail had disappeared, which it usually did with extraordinary rapidity, the competitor quickly snatched it out of his mouth and inserted another.

The man who finished his 24 snakes first was adjudged the winner, and was presented with a prize consisting of a round ball studded with brass nails and hung with brass chains, to which were attached silver and gold coins.

MIGHT BE CARRIED TOO FAR!

Physician Could Hardly Be Expected to Rejoice in Patient's Exposition of Imagination.

Perkins was feeling decidedly queer; he couldn't get on with his work; he couldn't do anything. So he decided to pay a visit to the doctor.

"I don't feel up to the mark," he said to the man of medicine. "Can you give me a good tonic?"

With pursed lips the doctor surveyed him for a moment or two, and, rising from his chair, remarked:

"Has it ever occurred to you that there's a great deal in imagination, Mr. Perkins?"

"Certainly, doctor," answered Perkins. "Then go out of this surgery and imagine that there's nothing the matter with you. Come back in a week and let me know how you feel!"

The patient went, doctored himself and returned to the physician at the appointed time.

"Ah, ah," said the doctor. "You are feeling better now, I can see. Didn't I tell you there was a great deal in imagination?"

"That's true," said Perkins. "What is your charge?"

"Five dollars," said the doctor. "Well, imagine you've got it!" said Perkins.—London Tit-Bits.

Says Mosquitoes Punctured Tire.

The biggest big mosquito story of the season is credited to Fred Zavatsky, employed by the New York and New Haven Railroad company at Winsted, Conn. With a party of friends he motored in his car to Riverton, three or four miles distant, on a fishing trip.

He left his car near the village and upon returning from the brook, he noticed that a spare tire fastened to the rear of the car was literally covered with giant "skeeters." They all seemed to be in working order, too, because when Zavatsky had to use the new tire to replace a flat one on the way home he declared he found it had been punctured by the huge mosquitoes.

Humming Bird Awaits Woodchuck.

The attentions of an intruder were not considered at all by Sir Kirby," says R. I. Brainerd, writing of a hummingbird. "A fat lazy woodchuck, sitting upright on his hind legs, calmly observing a sprig of leaves and surrounded by an admiring circle of Leghorns, was informed in no uncertain manner that he was outside of his domain. He returned to his proper territory with an abruptness which scattered the hens in a wild flurry of cackling. Perhaps the sudden change from lethargy to action aroused the suspicion that he was a fox in growndhog's fut!"—Boy's Life.

Rabbit Drives in Washington.

Jack rabbits to the number of 35,000 have sacrificed their lives in the drives recently undertaken in eastern Washington under the supervision of the biological survey. The demand for the meat in the larger cities of the Northwest proved to be good. White-tailed rabbits brought \$2.50 a dozen, and the black-tailed variety sold for about \$2.

Preference was shown for those which had been shot rather than hunted and skinned. The carcasses, to be salable, should be drawn as soon as possible after they are cooled. It is pointed out. An extension of the campaign is planned.

Medical Notice.

"I heard tell," said Gap Johnson of Bannock Ridge upon his return from the county seat, "that they are figuring on putting a pipe organ into the church in town."

"Well, it may be all right for them that like it that way," severely remarked Mrs. Johnson, "but as for me I'm glad to see 'em smokin' in church!"—Kansas City Star.

Sure Sign.

"This started housecleaning yet?" "Yes, so. She's begun coiling the cushions that I'm not a bit of an animal the house."—Detroit Free Press.

206 ACRES—Two complete sets of buildings, situated in the Holstein cattle district at Howell; buildings so arranged to raise and keep separate hogs, sheep and cattle, along with modern dairy power miller, etc. Over three miles of woven wire fencing. Buildings alone could not be replaced for \$29,000. I use many outside papers throughout the U. S. and Canada, advertising Michigan farms, but such a farm should be sold at home. \$90 per acre takes if sold before I start my large series of ads, which will be about August 25th. Above has about two acres frontage on large lake, which contains over 300 acres of water, 25 acres hard wood grove, 50 acres pine water, with many fine building spots for summer cottages. A wonderful proposition, especially for two families who desire to farm together. Will sell several of buildings or call on anyone and see them all about the farm and see how two acres takes. Also check some of the papers of fruit, sprouting water, both detent and well water. In fact, a very pleasant place that should appeal to anyone. Immediate terms if desired. Address, Mr. J. H. Jones, care West Street, Detroit. Home every Friday, 243-244 from Grand Street. 3712

Henry Ford is going to set up and operate a model farm during the 10 days of the Michigan State Fair, Sept. 3-12, it has been announced by G. W. Dickinson, secretary-manager of the fair association. Mr. Ford will endeavor to show how practically all of the work of a farm can be done by machinery. His farm tractors will supply the power.

The "farm" will be set up on a section of the big fair grounds at Detroit facing Woodward avenue, where crops grown during the summer will be ready for harvesting at the time of the fair. Model farm buildings, all lighted and heated by electricity developed by tractor power, will be erected as a part of the complete farm equipment.

Ford tractors will show farmers visiting the fair how ground can be prepared for planting with the least amount of human effort. Planting equipment will show how the actual planting can be done. Harvesting machinery will be set to work. A field of wheat will be harvested and threshed. The grain will be hauled to a small mill on the farm and turned into flour which in turn will be made into bread in a model bakery. Slices of fresh warm bread, spread with butter churned in the farm dairy by tractor power, will be passed out to visitors. In the meantime on another section of the "farm" tractors will be busy cultivating corn and other crops.

"We want to make our model farm an educational exhibit to show just what can be done on a farm with a tractor," said one of the Ford tractor experts at the Ford plant in Dearborn where the big exhibit is being prepared. "It is our idea to carry to the farm the idea that a tractor is a mobile power unit which can be moved about where it is needed and to offer to him just a few suggestions for the wide variety of uses to which a tractor can be put. By using his ingenuity he can find scores of other ways of using the power which he has at hand in his tractor."

More than a dozen tractors will be used in the exhibit. These to furnish power for stationary farm units will simply be backed up to the machinery to which power is to be delivered, their rear wheels lifted from the ground and power belts run over the wheels. The ease with which a tractor can be adapted to nearly any purpose on the farm is one of the big points to be brought out on the model farm.
