FIRST PRESBYTERIAN CHURCH

A Story of a Church Letter—Is It Yours?

I am a church letter. I have yellowed with age and am crumpled with handling and faded with time; but I am still a letter. Years ago the pastor handed me somewhat regretfully to Brother and Sister Blank, with the prayer that they might be as useful in their new home as they had been in their old church, and he notified the city pastor of their prospective residence. They nearly lost me in moving, but I was picked out of the debris and put for safekeeping in the old family Bible, where I have now lived for thirteen years.

Rev. S.
Conger
Hathaway,
Pastor

THE PASTOR CALLED

before we were fairly settled, and told Mrs. Blank he knew of her church affiliation, and gave her a warm welcome to the city and to the church, reminding her that among so many newcomers she must show herself friendly and the church would meet her more than half way. He asked for me, but Mrs. Blank put up a most surprising story that seemed to puzzle him and quite startled me. She said they intended to visit all the churches before deciding, and besides they could not tell how long they would remain in the city, and they felt they ought to help support the church back home; and she dreaded to take her membership out of the church where her mother always belonged; and she had heard that the city churches were aristocratic and she meant to "go slow." But they would let him know in due time. Alas, that pastor and three others who followed him have never heard the word that was promised so long ago.

"OUR CHURCH MUST GROW; OR OUR CHURCH MUST GO;
BUT IF YOU WILL GO OUR CHURCH WILL GROW"

CITIZENS WILL VOTE ON BOND ISSUE OF \$75,000

A SPECIAL ELECTION HAS BEEN CALLED FOR THURSDAY, NOVEMBER 4, TO VOTE ON BOND ISSUE FOR IMPROVEMENTS OF VILLAGE WATER SYSTEM.

An adjourned regular meeting of the village commission was held Monday evening. The most important matters taken up by the commission was the proposed improvements of the village water system as outlined in the Mail last week. Only a few citizens in response to the special invitation extended through the Mail last week, availed themselves of the opportunity of being present to hear the matter fully explained and discussed.

President W. J. Burrows and Village Manager Sidney D. Strong presented the matter of the proposed improvements in a clear and concise manner, and answered all questions asked by the citizens present, relating thereto.

The discussion brought out the fact that there was considerable sentiment among the citizens of the village favoring a new pipe line to the springs. This at the present time was declared to be prohibitive on account of the high cost of iron pipe.

It would be impossible for the village at its present tax valuation to bond in a sum large enough to build a new pipe line at this time.

The sinking of a well and the installation of electrically driven centrifugal pumps near the springs and the restoration of the old reservoir were shown to be permanent improvements that would be utilized when it becomes necessary to lay a new pipe line to the springs of a larger capacity than the present line. These two improvements are not temporary, but permanent additions to our water system, that mean a greater degree of safety for Plymouth.

The sentiment of the citizens present at the meeting was expressed in an unanimous vote of approval of the commission submitting the question of the proposed improvements to a vote of the people at a special election.

The commission passed a resolution calling for a special election to be held on Thursday, November 4, at 7 o'clock, to vote on a bond issue of \$75,000 to cover the cost of the improvements to the water system as recommended by Prof. Decker of the firm of Hoag & Decker, engineers of Ann Arbor. The date for the special election has been fixed for Thursday, November 4th. The resolution and notice calling for the election will be found elsewhere in this paper.

RISNER FOUND GUILTY IN HUGER CASE

A JURY IN CIRCUIT COURT CONVICTS IN TWO HOURS AFTER KIDNAPING CHARGE IS MODIFIED.

RISNER WAS SENTENCED TO 1 1/2 TO 3-YEAR TERM IN JACKSON PRISON BY JUDGE HESTON.

Aaron Mark Risner was found guilty of enticing 14-year-old Marguerite Huger of this village, from her home for the purpose of marrying her, by a jury in Judge Heston's court, in Detroit, last Friday evening. The verdict was returned at 6:10 o'clock, after the jury had deliberated two hours.

Risner sought to justify his elopement with a girl less than half his age, by citing passages from the scriptures. First Corinthians 7:36 was the passage which Risner pointed to for his justification.

Judge Heston granted the motion of the attorney for the defense that the count of kidnaping contained in the charge be quashed, leaving only the charge of enticing away a minor female for the purpose of marriage, against the consent of her parents. The case went to the jury on that count.

The court room was crowded with relatives of the girl and citizens of Plymouth, most of whom remained to await the verdict.

Monday Risner was sentenced by Judge Heston to serve from one and one-half to three years in Jackson prison.

Register, Saturday, October 16th, at the village hall.

William Sutherland has sold his home on Golden street to Mr. and Mrs. Charles Carmichael of Detroit. Mr. Sutherland will remove the greenhouse which stands on the property. The new owners will remodel the house into a modern home, which will make a fine improvement. The E. R. Parrott agency negotiated the sale.

WOMAN'S CLUB HEAR INTERESTING TALK

Mrs. Clara B. Arthur of Detroit, gave an interesting talk before the members of the Woman's Club and friends in the kindergarten room at the school building, last Friday afternoon. The meeting was opened by the president of the club, Mrs. D. E. Murray, who spoke of the outside talent meetings that had been planned for the coming year, and their purpose. She then invited Mrs. George Smith, chairman of the outside talent committee, to preside, who in turn, introduced the speaker.

Mrs. Arthur took for her subject, "Our Next War or the War on Tuberculosis." She stated that Theodore Roosevelt, shortly before his death said that this would be our next war. She cited how smallpox and other germ diseases, which at one time were thought impossible to overcome, had been stamped out, and explained how the same results could be accomplished with tuberculosis. Said she, "The greatest tuberculosis we have to contend with today in regard to tuberculosis is carelessness and ignorance." She spoke of the good that is being accomplished by the Modern Health Crusade, which is being carried on in many of the schools.

During the afternoon two vocal selections were pleasingly rendered by Mrs. William Bake with Miss Evelyn Thomas at the piano. Instrumental music was also furnished by Miss Gladys Schneider, Doniel Pasterson and Philip Millard.

After the lecture a social hour was enjoyed and light refreshments were served.

The next regular meeting of the club will be held this (Friday) afternoon at the regular place.

NET WITH A SERIOUS ACCIDENT

Phenicia Brown met with a serious and painful accident, last Tuesday morning, while carrying a bag for mail to her home on South Main street to the store. He stepped on a piece of netting, and, falling, he was thrown over the netting, his right arm was so seriously cut by the netting that it was thought probable to take him immediately to a hospital. The net extended through to the door, proving the netting was so stretched that it could be pressed down, and the netting was so stretched that it could be pressed down, and the netting was so stretched that it could be pressed down.

GIVE PASTOR A FORD SEDAN

REV. S. CONGER HATHAWAY, PASTOR OF THE FIRST PRESBYTERIAN CHURCH, HAPPILY SURPRISED BY MEMBERS OF THE CHURCH AND CONGREGATION, LAST SUNDAY.

A new and pleasing innovation in the way of a special service was held in the Presbyterian church, last Sunday when Automobile Day was observed. A few days previous to the service, the pastor, Rev. S. Conger Hathaway, sent written invitations to the members of the church and congregation, who were automobile owners, asking them especially to fill their cars with their families and friends on that day and drive to the service. The weather being ideal, the invitation was heartily responded to, not only by home people, but by friends from a distance.

The pastor chose "Heading the Traffic Signs" from the several subjects published in last week's Mail, as the topic for his morning sermon. He likened the traffic signs of the highway to the traffic signs of life, saying that "go" and "stop" must be observed on life's highway, as well as on the public thoroughfare, to avoid disaster.

Prayer was offered by Rev. Buck of Detroit, and special music was furnished by the choir. A beautiful duet was rendered by Mrs. R. E. Cooper and Mrs. William Bake.

The church was attractively decorated for the occasion with late autumn flowers and beautiful autumn leaves. On one side of the sanctuary was placed a triangle of automobile tires, tied with wide red crepe paper ribbons, which was indeed emblematic and in keeping with the day.

At the conclusion of the service, C. H. Roush stepped to the pulpit and requested the congregation to be seated, while he in appropriate words presented to the pastor a Ford sedan, the gift of the members of the church, congregation and other friends. He then turned Rev. Hathaway to the altar, where he presented the new sedan, with Mrs. Hathaway's family and friends, who were surprised to learn the pastor had accepted the gift, and it is the wish of the members who made the gift, that the pastor may use it for the benefit of the church and congregation.

OUR SCHOOLS

Another session of school or another term, as the pupils prefer to speak of it, is well under way. Citizens generally are going right ahead, satisfied to know that school is open and perfectly content to let the pupils and the teachers make it either a successful year or a failure.

Right here is a good time to start changing that old way of looking upon our schools. Now is a good time to learn that each man and each woman in the community owes it to themselves, the pupils, the teachers and the world into which the children are going to live to take personal interest in school affairs.

There is no reason why every man and woman in this town can't find a little time, at least once a month, to visit the school room and see the pupils at work. It lends inspiration to them, because they are encouraged when they know older people are interested in them. It proves helpful to the teachers, for it shows them they have the co-operation of the people they serve. It will help you, too, if it does nothing more than show you how great are the improvements along educational lines over the days when you were in school.

You are a stockholder in this, one of the greatest of all our institutions. You are responsible in a large way

for the success or failure of our schools. They are going to prosper and the children are going to succeed just in proportion to the interest and co-operation you display. Remember that, take an hour off this week, visit the school and let the pupils and teachers both see that your heart is in the right place, and that you've a sensible head on your shoulders.

WHEN THINGS SEEM WRONG

It is one of the misfortunes of the times that the great forces for good in the world are not as noisy as the forces for evil. The average Plymouth man, if he does not dig below the surface of the current news a little is apt to get an imperfect impression of facts. Those who stir up class hatred and array nation against nation are making a lot of noise these days, but the large number who meet to promote better relations among all people get little attention.

Underneath the wickedness and woe in this country there is the great smooth current of goodness and gladness. This includes a great majority of our people, too, and probably of most other countries at the present time. Those who rage and would destroy humanity and brotherhood are as powerless as the waves to control the ocean's depths. There are a few traffic accidents, but the great stream of travel goes on daily and nightly, most of it without harm to anybody. A few persons violate the law and are punished, but what comfort there is in the thought that the greatest majority of our people are law-abiding without violating any of the rights of others.

These are the things to think of when you read or hear news that is dark or depressing. Just remember that the vast majority of people liv-

ing in this country are one hundred per cent Americana.

RELICS OF COLONIAL TIMES

Ancient Platter Might Well Be the Envy of Any Collector—Gerry's Mahogany Table.

Among the most cherished possessions of the late Samuel G. Harris, Marblehead's oldest citizen, who recently dropped dead, is a large platter that was once the personal property of Gov. Winthrop, the first governor of Massachusetts. It is of unusually large size, as befitting the time in which it was used, when roasts of beef were of mammoth sizes as contrasted with the present day. This platter contains a picture of the state house, represented as standing in the midst of green pasture with fat, contented-looking cows feeding on what is now Park street, or chewing their cud contentedly under trees on what is now Beacon street. The platter also embraces a standard of similar design, this sitting on top of the platter and supporting the meat so as not to have it lie on the platter itself. Another antique of great value possessed by him was a mahogany table over 150 years old that belonged to Elbridge Gerry, vice-president of the United States. This table has an oval top that swings over in line with the supporting column.

Today's Reflections It would probably be interesting to you to know what your wife's relatives say behind your back—and it would also be painful.

Many a Plymouth man injures his eyesight by always looking out for Number One.

About the only thing to be said in favor of death, is that it enables us to dodge the tax assessor.

Love is blind. That is why the Plymouth man who is in love can't distinguish between an angel and a goose.

We've noticed that a man no sooner gets up in the world until some woman calls him down.

The beauty about getting back to the season of vests is that we can again find a place to carry a lead pencil.

What has become of the old-fashioned Plymouth girl who used to wear her furs in the winter instead of the summer time.

You can say one thing for a hunger strike. It's the only kind of a strike the public doesn't have to pay for.

This has just about gotten to be a land where everybody lives in luxury or in hope.

During the heated political times, we would remind all Plymouth citizens that flying into a rage is a poor way to travel.

They used to say, "Go west and grow up with the country." Now they say "Go south and save coal."

About the only reason some Plymouth men read the bible, is so they can argue with the preacher.

They call this the year of "bumper" crops, meaning, we suppose, that the public will be bumped as usual.

Now that Plymouth women can vote, let us not forget this: "What God hath joined together let not politics put asunder."

Those old friends of John Barleycorn who used to brag that they could drink anything once, have about given up trying wood alcohol.

"SEA WOLF" THRILLING

SPECTACULAR SCENES FEATURE MELFORD PRODUCTION.
The screen version of Jack London's famous novel, "The Sea Wolf," which will be on view Saturday, Oct. 16th, next, at the Penniman Allen theatre, is said to be replete with spectacular scenes. A ferryboat and a fishing schooner actually crash at sea; a ship founders in a fog; "Wolf Larsen's vessel, 'The Ghost,' is beached on a desolate island. All these episodes are thrillingly recorded by the camera. However, the emphasis in the picture has been laid upon the striking story, which is at bottom a study in contrasts—the brutal sea captain who believes that "might makes right" and the aesthetic, peace-loving young fellow who he rescues after a catastrophe at sea.
Noah Berry, a man of great physical prowess, as well as a talented actor, is said to do the best work of his career as "Wolf." Tom Forman, Mabel Julianne Scott and Raymond Hutton are also in the cast. The picture, which is a Paramount production, was produced by George Melford.

GRIP

Grip usually starts just the same as a cold with a watery discharge from the nose. You are much more likely to contract the grip when you have a cold. The best remedy for grip is prevention, you should go to bed as soon as you feel that you are taking cold and sleep in bed until fully recovered, which should be in long if you take Chamberlain's Cough Remedy. These days in bed you've better than those wacky pills—A. W.

185 times - no difference!

Miss Betsy Lane Shepherd, famous concert soprano, has made this test 185 times. 185 public audiences, in 185 cities, have heard her compare her voice with its RE-CREATION by the New Edison. No one, out of a total of more than 100,000 listeners, has been able to tell when Miss Shepherd was singing, and when the New

Edison—except by watching her lips. 4,000 similar tests of direct comparison, made by over fifty other celebrated vocalists and instrumentalists, have given this same result.
The New Edison is perfect realism achieved!

What kind of music "gets" you?

Tell us—and we'll show you how all its emotional power is RE-CREATED by the New Edison

Is it the soulful violin?—a mellow contralto?—the scintillating flute?—a sweet, soothing tenor?—that draws the quickest emotional response from you.

Let us play your favorite voice or instrument in a new kind of Realism Test. See whether you are touched by the RE-

CREATED music in the same way that you are touched by the living music.

We want to show you that the New Edison RE-CREATES all the vital power in all music.

Remember what to ask for—"personal favorites" Realism Test!

The NEW EDISON

"The Phonograph with a Soul"

Perfect realism is your one vehicle to the inner joy of music which you crave.
Mr. Edison spent three million dollars in the research work which gave the New Edison perfect realism. He did this in order that the phonograph might transcend its former limitations and (here we quote Mr. Edison's own words), "bring into every American home, music so realistic and so perfect in its rendition as to be an unending source of benefit and pleasure."
The instruments which proved this perfect real-

ism in Miss Shepherd's 185 tests were all exact duplicates of the original Official Laboratory Model on which Mr. Edison spent his three million dollars. You can also have an exact duplicate of this three million dollar original. We have it in our store, and guarantee it to be capable of sustaining the same test of direct comparison.
Our highest plan being to give you the greatest enjoyment without asking for unreasonable payment. Ask about it when you come in to see the "Personal Favorites" Realism Test.

Presbyterian Notes

Mr. and Mrs. A. D. Gallery of Caro, and their son, James Gallery, of Ann Arbor, were callers at the manse, Sunday. They drove over from Northville to attend the Automobile service at the Presbyterian church. Mr. Gallery is the editor of the Tuscola County Advertiser.

There is a happy family at the Presbyterian manse, because of the fine new Ford sedan, which was presented to them at the morning service, last Sunday. The pastor does not know which of his many benefactors to thank first, and it will keep the car busy going around the list—when he learns to run it.

Rev. and Mrs. W. S. Hnek of Detroit, visited at the Frank Hank home, Sunday. Rev. Hnek assisted in the services at the Presbyterian church.

The executive committee of the Christian Endeavor society met at the home of Miss Anna Brinkerhoff, Thursday night. The following committee chairmen were appointed: Prayer meeting, Genevieve McClumpha; social, Sarah Wilson; music, Gladys Schrader; lookouts, La Roi; missionary boxes, A. Hathaway; pastors, Albert Harrison; publicity, Lucile Dickerson; flower, Catherine Learned; calling, Mrs. William Wood; information, William Kaiser; welcoming, Anna Brinkerhoff. Calvin Whipple was appointed chairman of a special committee on constitution and by-laws. Seventy-five were present at the Sunday evening meeting, led by Miss McClumpha.

Methodist Matters

The new superintendent of the new Pontiac district of the Methodist Episcopal church, Rev. A. B. Leonard, D. D., will preach his first sermon on the district from the pulpit of the local Methodist church next Sunday morning, October 17th. A strange coincidence lies in the fact that when Dr. Leonard first became a district superintendent seven years ago, he was appointed to the Flint district, he made his first pulpit appearance at Oak Park church, Flint, of which Rev. Frank M. Field was then pastor. The church was then only a large black tent and it was the Sunday following the marriage of Rev. and Mrs. Field. Mr. and Mrs. Field are looking forward to Dr. Leonard's visit this coming Sunday, as they were delightfully associated with him for four years in the Flint church. Dr. Leonard is a splendid preacher and a man whom it is a delight to know and his coming to Plymouth this week will afford a real privilege to the worshippers at the Methodist church Sunday morning.

The members of the Official Board and their wives were delightfully entertained at a six o'clock dinner last Tuesday evening at the home of Mr. and Mrs. I. N. Dickerson, Mrs. Dickerson being assisted by Mrs. Wm. Sutherland and Mrs. Wm. Tait as hostesses. The dinner was auspicious and for once at least the men were glad to be burdened with the responsibilities of church office. The dinner was followed by the Official Board meeting of the year at which general plans for the year's work were discussed and some important business was transacted. The board meetings are usually held the first Tuesday of each month.

A Question Box has been placed in the vestibule of the church in which may be placed any communication to the pastor. It is especially designed for questions which anyone wish to have discussed in the mid-week devotional service or possibly from the pulpit. The pastor will be pleased to receive suggestions concerning subjects or texts which anyone wish to have him preach upon or discuss in a public way. Communications need not be signed, but if the name is given it will not be used by the pastor in any discussion, without permission. Now, come on with your questions!

W. J. Stewart, one of the oldest members of the local Methodist church, who has served the church faithfully for many years in an official capacity, being a member of the Board of Trustees, has been elected by the Official Board as an honorary life member of that body without any active duties or responsibilities. This is but just recognition of faithful service rendered through many years. His successor on the board of trustees will be elected at the next quarterly conference.

R. E. Parrott and Robert Jolliffe have been reappointed to their positions as head usher and first assistant which they have filled with efficiency and grace for the past two years. The pastor thinks a better set of ushers can be found nowhere than in the Plymouth Methodist church.

About fifty young people attended the monthly business meeting of the Epworth League last Friday evening and after the business session enjoyed a play hour and marshmallow roast on the school playground. In the business session plans were begun for presenting a home talent play early this winter. A number of members have applied for membership and will be received next Sunday evening.

The last Sunday in this month, October 31st, is to be observed as Rally Day in the Sunday-school, when it is expected the attendance will reach the highest in the history of the school. In connection with the Sunday rally, a Fall Festival supper is being planned for all members of the Sunday-school some evening of the week previous. At this supper the scholars are to sit by classes, each class decorating its own table and furnishing at least one number for the program to be given after the supper. A good deal of rivalry among the classes is looked for.

Financial Loss Due to Colds

It is estimated that the average man loses three days' time each year from inability to work on account of having a cold. Much of this loss can be avoided by treating every cold as soon as the first symptoms of the disease appear. Chamberlain's Cough Remedy has won a wide reputation and immense sale by its cures of this disease. Try it. You are certain to be pleased with its pleasant taste and the prompt relief which it affords.—Advt.

Vote "NO" on the School Amendment Because

Governor Sleeper says: I am opposed to the proposed constitutional amendment abolishing Parochial Schools.

Our commonwealth is broad enough to accommodate all shades of religious belief. It is big enough to give abundant room for the operations of all the religious denominations we have. The adoption of this amendment would engender bitterness and suspicion and distrust where now, mutual trust and good feeling to a large extent prevail.

I urge all good citizens to oppose this radical change.

Lieutenant Governor Dickinson says: I am impressed that the present proposition is not one that will conduce to better moral, friendly and charitable relations between citizens of the state that is so much to be desired.

As an official in the War, I was proud of the patriotism and efficiency shown by those with whom I associated of both the Lutheran and Catholic faith.

As chairman of the Near East Relief of the State, I have also associated with these people and admire their spirit of loyalty and sympathy.

Attorney General Grosbeck, Republican Candidate for Governor says: The proposed amendment is in conflict with the Federal Constitution and should not be placed upon the ballot.

The proposed amendment tends most strongly to foment ill feeling and acrimonious discussion among the people.

I hold that the right of the parent to exercise a reasonable control over the education of his off-spring during the formative period of his character, is one of the most sacred rights preserved for the individual under the Federal Constitution.

Ex-Governor Ferris, Democratic Candidate for Governor says: The amendment should be overwhelmingly defeated. The recent war taught us that Catholics, Lutherans, Methodists, Congregationalists, Presbyterians, Chris-

tian Scientists and other denominations can all work together. Our Democracy should guarantee this privilege. I feel that this is a cowardly attack upon thousands of our best citizens.

Regent Frank B. Leland, of the University of Michigan says: I do not favor this amendment for many reasons. I think it is un-American and in my opinion, its incorporation into the basic law of the commonwealth would be most unwise at any time.

As a lawyer it is my view that the proposed amendment would not be constitutional even if it were passed, therefore it has no place on the ballot.

Regent James O. Moffin, of the University of Michigan says: I am against this proposed amendment for a number of reasons. First and foremost it appears to me it is dishonest; it is contrary to sound principles and sound ideas, and is the most decided step backward. I have yet to learn a good sound argument for it.

President Frank S. Kadin, of the Michigan Agricultural College says: I am not favorable to the anti-parochial amendment for three main reasons: First: Interferes with religious liberty. Second: Introduces one more element tending to unrest. Third: Would lessen education facilities for the younger generation.

President McKenny, of the Michigan State Normal School says: This amendment if carried would shut out thousands of children from our public school buildings to the detriment of them. Another reason is that it would drive away loyal groups of men in our State who come from parochial or private schools. One-fourth of our present students world war who fought for our country from parochial and private schools. The amendment is an injustice and we cannot afford to have it passed.

TALENT SELECTED FOR FINE ENTERTAINMENT COURSE

ATTRACTIONS FOR SEASON OF 1920-21 ANNOUNCED.

COURSE SURE TO PLEASE

NUMBERS WILL BE BOTH INSPIRING AND ENJOYABLE—SEASON TICKET SALE SHOULD BE LARGE.

The attractions which are to appear on the Citizens' Entertainment Course this season have been announced. The various numbers have been especially well selected, and everything points to a large sale of season tickets for the course.

The attractions, which number four this year, and everyone a headliner, were secured from the well known Redpath Lyceum Bureau, and this in itself is a guarantee of satisfaction. The numbers on the course are as follows:

Gay Zenola MacLaren, Friday, Nov. 19th.

The Montague Light Opera Singers, Monday, Jan. 17th.

Charles R. Taggart, Musical Humorist, Monday, Feb. 28.

The Climax Co., Dramatic Masterpiece, Wednesday, March 30.

The entertainments will be held in the Penniman Allen theatre again this year. There will be no reserve seats. The price of the season tickets is \$1.50. The committee who selected the course this season, feel that they have chosen the best course that has ever been presented in Plymouth. Any one of the four numbers would be worth the price of the season ticket alone.

This year the ticket sale will be conducted by Division No. 1 of the Ladies' Auxiliary of the Presbyterian church. Buy your ticket early. We give below a brief synopsis of each number on the program.

CHARLES R. TAGGART.

Charles R. Taggart has been entertaining audiences since the year 1885, but prior to ten years ago his work was largely confined to New England. He is often styled "The Man From Vermont." Vermont is the state in which he lives, and his rendition of "The Little Folks" is in part descriptive of the real Yankees near the town where he grew up.

Mr. Taggart's programs are made up of piano selections and songs, recita-

"THE CLIMAX."

"The Climax"—musical, dramatic, humorous—is unique in Lyceum entertainment. For two seasons the play thrilled New York. Subsequently five road companies played to capacity audiences. Revival of the production by the Redpath Bureau was made possible by the personal co-operation of the author, Edward Locke, who organized and coached the present cast.

In "The Climax" the ever-popular theme of Love versus Ambition is presented most entertainingly. Luigi Golfanti lives with his young son, Pietro, and an adopted daughter, Adellina, in a flat on the East Side of New York. He teaches music; the boy Pietro composes, the girl sings. Her voice has already won her some small success and she is on the eve of going to South America with a grand opera company, when a young doctor from Azalia, O., the village where Adellina was born, comes to New York with the intention of marrying the girl and taking her away from the stage and its influence. Adellina loves the doctor but refuses to sacrifice her career. He grows fanatically jealous of her voice. He persuades her to undergo

an operation to strengthen her vocal cords, and afterward he gives her a spray solution which she is to use daily. This solution paralyzes the vocal cords.

Pietro, the lad, has composed a new melody, "The Song of the Soul," especially for Adellina to sing. After the doctor has approved her throat she tries to sing, but the voice is gone. The girl, after a splendidly rendered scene of despair, tries to kill herself but is saved by the old music teacher. With her career apparently at an end she turns to the man responsible.

The third act shows Adellina dressing for her wedding. For several days she has been so busy that she has forgotten to spray her throat. Without thinking, she turns to the piano and begins strumming out Pietro's melody. Suddenly she finds that she can sing again. The old man and the boy, beside themselves with joy, listen delightedly. While she is singing the doctor enters. Suddenly he confesses everything, tells the girl that he could not marry her until she knew the truth and then begs her to forgive him. Luckily for Pietro, who is hopelessly in love with her, Adellina does not forgive.

THE MONTAGUE LIGHT OPERA SINGERS.

Light opera, always popular, is featured in costume by the Montague Singers. In the repertoire of this veteran organization are scenes from "The Seaside" by Victor Herbert, "Robin Hood" by Reginald DeKoven, and the "Pied Piper," selections from "The Mikado," "The Red Mill" and "Madam Butterfly," and a complete opera, "A Japanese Romance," all of which are given in costume.

Incidental solos, duets and quartets

from the best song literature give pleasing variety to the program. One or more readings such as a sketch from "The Blue Bird" by Maeterlinck, give further diversion without departing from the superior quality of the Montague program.

Doubtless much of the success of this company year after year is due to the fact that there is no let-up in their musical study. New program features are constantly being developed and in this way return engagements are welcomed without the necessity of duplication.

GAY ZENOLA MACLAREN

A Genius of Imitative Recitals of Famous Plays.

Gay Zenola MacLaren attends the production of a modern play five times, and then, without ever having read the original book or dramatization, or, in fact, any of the lines in any way, can go upon the Lyceum or Chautauqua platform and give an imitative recital of the entire production, impersonating every character. This, at once, places Miss MacLaren as an entertainer in a class entirely by herself. It is needless to try to compare her type of work with that of any other.

In preparing for her recitals she attends only great productions, sees the interpretation only by the best actors, and in the leading playhouses of her home city, New York. Miss MacLaren frankly admits that her power is not the result of years of study and work, although it has taken close application and pains to develop and perfect it, but of a natural born gift of mimicry. She does not claim to originate the many characters she assumes, but to give a faithful reproduction of them as portrayed by the great artists and their supporting companies in the original production.

WAYNE HIGH DEFEATS PLYMOUTH HIGH

THE FOOT BALL GAME TUESDAY WAS THE HARDEST FOUGHT GAME OF THE SEASON FOR THE LOCALS AND ENDED WITH THE SCORE 20 TO 7.

The Plymouth-Wayne game at the High school field on Tuesday was the hardest fought game of the season, and one of the hardest in many years. The final score, 20-7, in Wayne's favor, represents the difference in weight between the teams, but not the difference in their playing.

Plymouth started with a rush, McHale scoring a touchdown on the second play—a forward pass by Walker. Walker kicked the goal and the score was 7-0 in Plymouth's favor.

Wayne at once started in to win the score by line plunging, playing Smith, their heavy full back, through right guard and tackle for small but consistent gains.

Plymouth's line, outweighed nearly twenty pounds to the man, fought pluckily and held time and again, but superior weight told and in the second quarter, Wayne forced the ball through the line for a touchdown. Wayne missed the goal and the score was 7-6 in favor of Plymouth. The half ended without further scoring.

In the third quarter, Wayne received the kick off and again started their line-plunging tactics, but the Plymouth team held gamely and it was not until the end of the third quarter that Wayne could pierce the line for the second touchdown. The goal kicked made the score 7-13 in Wayne's favor.

Two plays in the fourth quarter showed that the breaks of luck might have enabled Plymouth to win. A forward pass by Freydl, intercepted by Wayne, gave them their final points, and following this another long pass was made to McHale, who carried the ball through for a touchdown, only to be called back for having stepped over the side line.

The line-up was as follows:
Left End—Walker
Left Tackle—Doudt, Wisely, Jones
Left Guard—Norgrove
Center—Strasen
Right Guard—James, Schoof
Right Tackle—Harris, Doudt
Right End—Hinnau
Right Half—Wilcox, Capt.
Quarter—Freydl
Full Back—Miller
Left Half—McHale
Referee—Louka; umpire, Smith; head linesman, Jolliffe.

On Friday, Northville plays here at 3:45. Admission, 15c and 25c.

CORNS LIFT RIGHT OUT

MINTOL, the World's Greatest Remedy Ends All Foot Troubles.

Boston, Mass.—Says that recent tests have proven without doubt that corns can be removed without the use of acids and poisonous green liquids by a new treatment recently discovered by a Boston Chemist. Just ask your druggist for one ounce of Mintol; it is inexpensive and can be applied in a jiffy; people who have used it are amazed at its wonderful effect. Rid yourself of those painful corns or tired, burning, swollen, aching feet in a few minutes; it is wonderful how it draws out the inflammation. It takes the soreness out and the corn or callous shrivels up and lifts right off without a bit of pain and so easy, no cutting, no irritation of the surrounding skin; it imparts a delightful, cooling, soothing feeling to the feet, and if applied at night your feet will feel ten years younger, in the morning, it prevents a sweaty feet, foot odor, and keeps them sweet and comfortable.
