NORTHVILLE HIGH DEFEAT PLYMOUTH

Friday, October 15, the local High school met Northville High in the annual football game at Plymouth. The score was a disappointing one to local fans, but considering the battered condition of the team from Tuesday's game with Wayne, it must be conceded that our boys did well.

Stillwell was the shining light of the game. The Northville quarter skirred the Plymouth team for long end runs apparently almost at will. In fact, the whole score may be credited to this, as Northville could not make consistent gains in any other branch of the game. Chapman and Freyd were stopped repeatedly at line plunging, even though Plymouth's line was still weak from their mauling on Tuesday.

Plymouth's work was mostly defensive, and in this Freyd, relatively fresh, and Birch, playing his first game of the season, showed up well, as did also Wilcox, who played the game through at full back.

Indications throughout the game were that had the team had sufficient rest, they would have given Northville their toughest battle of the past two seasons at least. The line-up was as follows:

Left End—Walker
Tackle—James, Wisely, Doudt
Guard—Norgrove
Center—Straen
Right Guard—Schoof
Tackle—Doudt
End—Hinnau, Birch
Quarter—Freyd
Right Half—Harris, Birch
Left Half—McFalls
Full Back—Wilcox (Capt.)
Referee, Brown; Umpire, Miller; head linesman, Jolliffe.
Plymouth plays at Redford on Friday of this week.

WOMAN'S CLUB MEET

The second regular meeting of the Woman's Club was held in the kindergarten room at the school building, last Friday afternoon, October 15th. About twenty-five members were in attendance. A short business session with the president, Mrs. D. F. Murray, presiding, preceded the program of the afternoon.

Presidents of the United States and their birthplaces was the response to roll call.

The program in charge of the second division, with Mrs. Frank Millard leader, was presented as follows: Two instrumental selections by a part of the school orchestra, Miss Gladys Schrader, Daniel Peterson and Phillip Millard, and one paper, "Party Plate-forms," was read by Mrs. Howard Daggert.

This (Friday) evening the Woman's Club will entertain their husbands, the teachers, and board of education and their wives at a reception in the Presbyterian church. The next regular meeting will be held Friday afternoon, October 29th.

NEWBURG L. A. S. SUPPER AND BAZAAR

L. A. S. supper and bazaar will be held Wednesday afternoon and evening, October 27th, at Newburg hall. The supper will consist of all the good things the Newburg ladies are noted for, such as meat pie, mashed potatoes, squash, baked beans, salad, jelly, bread and butter, apple pie, pumpkin pie, chess, coffee, Adonis, etc., and children under 12 years, 25c. There will be the usual apron and fancy work, candy and vegetable booths; check room and Plymouth Mail booth, also fish-popp. Come and meet old friends, and enjoy a good time.

William P. Durfee of Geneva, New York, brother of George Durfee of this place, and nephew, Edgar N. Durfee, who is living at Ann Arbor, were callers at the Durfee home, last Friday afternoon. William Durfee is now in Geneva, N. Y., and was in Ann Arbor last week, as a representative of that college, attending the inauguration of President Durfee at the University of Geneva. George Durfee is a son of James G. Durfee of Detroit, a former member of the Plymouth church, and a teacher at Geneva, N. Y.

AUTUMN WEDDINGS

POLLEY-DIXON

Orson Polley, son of Mrs. Mary Polley of this place, and Miss Irene Dixon, daughter of Mr. and Mrs. J. M. Dixon of Northville, were quietly married in Detroit, last Saturday morning at 10:30 o'clock. The bride is one of Northville's popular young ladies, and the groom is one of Plymouth's well known young men, having lived his entire life here. During the late war, he served several months in the ordnance department, and was stationed in California. At the present time he is traveling salesman for the Strellinger Hardware Co. of Detroit. Mr. and Mrs. Polley left Saturday for a few days' visit in New York City, and on their return will be at home in Northville, where they will reside with the bride's parents. Plymouth friends extend best wishes to the happy couple.

RYDER-SMITH

A wedding of exceptional interest to Plymouth and Newburg people took place, last Wednesday evening at 7:30 o'clock at the farm home of Mr. and Mrs. William J. Smith in Nankin township, when their daughter, Gladys M., became the bride of Charles Donald Ryder. Rev. Frank M. Field, pastor of the Newburg church, performed the ceremony in the presence of about forty guests. Before the wedding ceremony Miss Marie Huff of Detroit, a student in the University of Michigan, and a former college classmate of the bride, sang impressively, "The Song is Sweet," by Sam Soud. As the strains of "Amen-grin's" wedding March began, rendered by Mrs. Harry Bassett of Jackson, a cousin of the bride, a lane of pink and white ribbons was formed by little Vivian and Clifford Smith of Plymouth, leading to the parlor, where the ceremony was performed. The wedding party stood before a bow of pink and white lattice work and roses.

The bride's gown was of white lace and georgette over satin, and she carried a shower bouquet of white bride's roses. She was accompanied by Miss Marjorie C. Wight of Jackson, who was dressed in shell pink georgette, and carried an arm bouquet of pink roses. The groom was accompanied by his brother, Leigh Ryder.

After congratulations a wedding supper was served in the dining room by Misses Beatrice Davy of Newburg, and Florence Whitney of Wayne.

Guests were present from Detroit, Ann Arbor, St. Johns, Jackson, Flint, Toledo, Wayne and Northville. Many beautiful and useful gifts were received by the young couple, bearing the good wishes of their many friends.

Mr. and Mrs. Ryder are among the best known and most popular young people at Newburg and their many friends are pleased to know that they will continue to live at Newburg, having their own home ready for them and fully furnished. Mrs. Ryder is a graduate of the Wayne High school and the State Normal College at Ypsilanti. After her graduation she taught school near home, and for one year taught in the Cleveland, Ohio, High school.

EPISCOPAL SERVICES TO BE RESUMED

After an interval of several weeks, during the erection of the new St. John's Episcopal church, the services will be resumed on Sunday afternoon next at half past two o'clock. The formal opening of the new church services will take place shortly, of which due notice will be given. In the meantime regular services will be conducted every Sunday afternoon, to which the public is cordially invited.

John Euffer of the M. A. C. and Mr. and Mrs. C. E. Euffer of this place, were Sunday guests of Mr. and Mrs. E. C. Laster in Penniman avenue.

Mrs. George A. Smith, who attended the Eastern Star Grand Chapter at Grand Rapids, last week, and also visited relatives at Northville, returned home, Monday.

WORK AT NEW PRISON FARM PROGRESSING

CITY OF DETROIT HAVE ACQUIRED OVER 900 ACRES OF LAND NEAR PLYMOUTH FOR DETROIT HOUSE OF CORRECTION PRISON FARM.

Work at the new prison farm of the Detroit House of Correction, which is located about four miles west and north of Plymouth, is progressing nicely, under the direction of Edw. Denniston, superintendent. The farm consists of over nine hundred acres of land. The house on what was known as the O'Bryan farm, has been remodeled into a modern home, and is occupied by Superintendent Denniston and family. Two temporary buildings, each 35x75 are being built, to be used as a kitchen and dining room and sleeping dormitory. With the exception of the foremen, this work is all being done by the prisoners, of whom there are about twenty-five at the farm at the present time. Another building to house a Delco lighting system, which will be used for the present, and a store room for supplies will also be erected at once.

Supt. Denniston, who has had many years of experience in prison management, and had charge of the building of the big prison farm at Kansas City, is very enthusiastic over the site of the new prison farm, which he says is a most ideal one for an institution of this kind. Mr. Denniston is a courteous and genial gentleman, whom it is a pleasure to meet.

Next spring work will be commenced upon the permanent prison buildings, which will cost in the neighborhood of a million dollars, and will take five years to complete. All of the construction work on these buildings will be done by prison labor. The prison will be modern in every way.

The Grand Rapids division of the Pere Marquette passes through the farm, and a siding will be constructed at this point. When the prison buildings are completed, the Detroit House of Correction will be moved from Detroit to the new location. The location of the new prison near Plymouth will undoubtedly bring to Plymouth many of the officers of the institution and their families, who will make their home here.

Mr. and Mrs. F. W. Samsen and Mr. and Mrs. Harrison Olmsted of Elmston, motored to Willoshby, Ohio, last Friday, and remained until Tuesday, the guests of Mr. and Mrs. R. G. Samsen, formerly of Plymouth.

After several weeks in Detroit, Mrs. H. A. Potts is at her home on Hardenberg avenue. Mrs. Potts was 20 weeks in Grace hospital, where she underwent a very serious operation. Her many friends wish her a speedy recovery.

Everybody go to C. W. Honeywell's, Friday evening, Oct. 29th, to the "ghost party."

The teachers training class of the Presbyterian church, held a meeting on Tuesday evening in the church house. After a short business session, a program with many attractions was enjoyed. Delicious refreshments were served.

Mr. and Mrs. John Renwick and son, Glen, of Salem; Mr. and Mrs. Harvey Springer, Miss Ruth Renwick and Fred Hines of Detroit, and Mr. and Mrs. Roscoe Reeves of Chicago, were Sunday guests of Mr. and Mrs. George Springer at their home on Mill street.

Mr. and Mrs. Frank Peck entertained the latter's uncle, John Coyle, and brother, P. H. Kilmartin, and three cousins, James, Ella and Sarah McCourt of Whitmore Lake, Thursday. Harry Peck and family were Sunday guests at the parental home.

Miss Lina Durfee reports the registration of about 1300 voters in Plymouth township thus far. This is the largest registration ever recorded in this township. Any person not yet registered, may do so up until and including Saturday, October 23rd, by calling on the township clerk or the special registrars, E. N. Passage or O. H. Loomis.

THE FRESHMAN RECEPTION

The annual freshman reception was given to the freshman class by the seniors, Friday evening, October 15, in the High school auditorium. Between ninety and one hundred people attended. The program began with a welcoming address by David Hinna, the senior president, which was followed by a reply by Helen Fish, the freshman president. Lyman Judson then amused the party by his story about Peter Coddles. Rev. Field gave an amusing talk about sticking to one's subject, during which he decided not to stick to his subject.

The kindergarten band, composed of seniors, then executed two pieces, after which a marshmallow eating contest took place. Mr. Field carried away the prize, an Eversharp pencil. After a few more games, light refreshments consisting of ice cream, cake and wafers were served. Then the clock struck ten, which was a signal to go home. Everyone seemed to have a good time, the seniors as well as the freshmen. The auditorium was decorated in blue and white crepe paper and autumn leaves, and the tables with autumn leaves and favors of blue and white baskets filled with peanuts, on a table cloth of blue and white crepe paper.

Grip

Grip usually starts just the same as a cold with a watery discharge from the nose. You are much more likely to contract the grip when you have a cold. For that reason, when grip is prevalent, you should go to bed as soon as you feel that you are taking cold and stay in bed until fully recovered, which should not be long if you take Chamberlain's Cough Remedy. Three days in bed now is better than three weeks later on.—Advt.

OUTLAY BY P. M. NEAR 6 MILLION

ROAD RUSHES RECONSTRUCTION WORK AT MAIN POINTS; NEW EQUIPMENT.

The Pere Marquette Railway is in the midst of its after-the-war reconstruction work, and expenditures for this work will amount to \$5,782,000. All of the strategic operating points are being improved, as New Buffalo, Saginaw and Plymouth. New rail has been laid, tracks have been rehabilitated and delivery of new passenger locomotives, coaches and baggage cars is expected soon.

Authority for the purchase and laying of 275 track miles of new 90-pound rail was given some months ago, and already more than 100 track miles have been laid on the principal operating divisions. Owing to the tardiness of the mills, delivery has not been as regular or as early as expected.

Similarly, authority for the rebuilding of 75 miles of the Toledo-Ludington at a total cost of \$1,520,000 was granted. Of this work, more than 50 miles have already been completed and work will be resumed April 1.

Twelve new Pacific type of passenger locomotives representing a total outlay of \$735,000 have been ordered from the American Locomotive Works. Delivery of these is expected for December. Twelve all steel passenger coaches and 12 all steel baggage and express cars at a total cost of \$650,000 are being built and delivery of these is expected early in 1921.

A new bridge to span the Thornapple River at the Detroit division east of Grand Rapids is under construction. The outlay on this work involves an expenditure of \$138,000. When completed it will permit of the use of the heaviest type of locomotives.

Chief interest attaches to the work that has been carried on at New Buffalo, Saginaw and Plymouth, as these points are really the strategic centers for the principal gateway, New Buffalo for Chicago; Saginaw for Bay City and Ludington, and Plymouth for Toledo and Detroit.

The work at New Buffalo involves an aggregate expenditure of \$750,000. It is really a new division terminal and train classification yard. The primary purpose is to effect an economy in the time of handling traffic to and from Chicago. All trains for interchange at Chicago will be made up at this point. While the yard is being used already, it will be in full operation by November 1. The new yard is one of the best in the country and occupies about 100 acres of land.

The Saginaw betterments include a 30 stall engine house, a machine shop and power house of 1,000 horsepower capacity to supply the heating and power for the engine house and machine shop. The total cost will be \$600,000. Work to be completed by January 1.

Plymouth improvements consist of a 16 stall modern engine house. Additional space is provided for repairing freight cars. The total cost will amount to \$325,000.

The Grand Rapids storage house, which replaces one recently burned down, costs \$125,000; and a passenger station at Bekind is nearing completion at an outlay of \$25,000.—Detroit News.

AUCTION SALE

Seventy-five head of Holstein cattle, 45 head registered. A fine lot of heifers ready to breed. Some of the best in the land; all to be sold for the cash bid. Remember the two great bulls to be sold are grandsons of King of the Pontiac. 90 days rest on all cattle. Sale takes place one mile east of Wayne, Mich., on Michigan avenue at Elm road, under the big tent, Thursday, November 4, 1920.

Financial Loss Due to Colds
It is estimated that the average man loses \$100 a year in time and money from inability to work on account of having a cold. Much of this loss can be avoided by treating every cold as soon as the first symptoms of the disease appear. Chamberlain's Cough Remedy was a wise combination of ingredients, and its use is the best way to prevent a cold from becoming a serious illness. It is a pleasant, safe, and effective remedy for all colds, coughs, and sore throats. It is sold in all drug stores and by mail.

DANCE AT PENNIMAN ALLEN AUDITORIUM TONIGHT

Another of those popular dancing parties will be given at the Penniman Allen Auditorium, this Friday evening, October 22. Finzel's orchestra of Detroit, will furnish the music. Finzel's orchestra is one of the best in the city, and those attending the party are assured of excellent music. The management is endeavoring to secure the best music that it is possible to get, and they are deserving of a large patronage. The bill for the dance is \$1.10, including war tax. Ladies free.

On Friday evening, October 29th, a Halloween party will be given at the auditorium. Stone's orchestra of Detroit, six pieces and a singer, will furnish the music. There will be special decorations. Favors will be given to all dancers. The party promises to be one of the best of the season.

BUY WIVES ON EASY TERMS

Installation Plan of Purchasing Partner of Man's Joys and Sorrows is Favored in Albania.

Albania, so far as I am aware, is the only country where you can buy a wife on the installment plan.

It is quite true that there are plenty of countries where women can be purchased—in Circassia, for example, and in China, and in the Solomon group—but in those places the prospective bridegroom is compelled to pay down the purchase price in cash, not being afforded the convenience of opening an account.

In Albania, however, such things are better done, a partial payment on the purchase price of the girl being paid to her parents when the engagement takes place, after which she is no longer offered for sale, but set aside, like an article on which a deposit has been made, until the final installment has been paid, when she is delivered to her future husband.—E. Alexander Puwell, in Scribner's Magazine.

BILL YELLED.

Bill Freeman of Broadway is six or seven years old. His parents, leaving home for a short time, notified friendly neighbors that Bill would be their guest for an hour or so. Then they sent him off with instructions to push the button on the neighbor's door. Bill pushed the button several times and got no response. Then he noticed the letters Y-A-L-L-E on the door lock. He began to yell and the folks came and let him in. Asked why he was making so much noise, he said he saw the sign on the door to yell.—Indianapolis News.

REWRITING HISTORY.

The term "underground railway" means just what it says, according to one Indiana teacher. This teacher recently gave the following answer on an examination:

"The underground railway was a road built under the ground from the South into Canada. The poor slaves would follow this road and it would take them into Canada, and here they were free and the southern owners could not get hold of them any more. There were places made along to get their food on their way to keep them from starving to death on the way."

MACHINE FOR RIPPLING FLAX.

Rippling flax is different from threshing grain for the reason that the straw is the valuable part and it must not be damaged by any treatment. That is the reason why the work has always been done by hand, but the Canadian government is experimenting with a machine which is said to perform this task as well as when done by hand.

OBITUARY

LaVerne Richard, the twenty months old son of Mrs. Eva Moore and grandson of Mr. and Mrs. John Mastic, died at University hospital, Ann Arbor, last Tuesday evening, October 19th at six o'clock. The child was taken ill two weeks ago last Sunday with infantile paralysis, and the following Tuesday was taken to the hospital, where everything possible was done for the little fellow, but to no avail, as he grew rapidly worse until death relieved his suffering. Little LaVerne was a much beloved baby, and his short life was like a ray of sunshine in the home of his grandparents, where he and his mother resided. A singular coincidence in his life was that he was born on Tuesday, taken to the hospital on Tuesday, and died on Tuesday. The funeral services were held from Schrader Bros. Funeral Home, Thursday morning at eight o'clock. Rev. F. M. Field conducting the service. Later the remains were taken to Fowlerville for burial.

We loved him, yes, we loved him, But angels loved him more; And they have sweetly called him To yonder shining shore.

The golden gates were opened, A gentle voice said, "Come," And with farewell unspoken, He calmly entered home.

I guess you all have heard that "The Opal" is very unlucky to all who wear it, except for those born in October.

But to those who claim it their birthstone it promises happiness.

To wear anything as lovely as the opal would be happiness in itself. Its unusual colorings and fire make it the most distinctive stone one can wear.

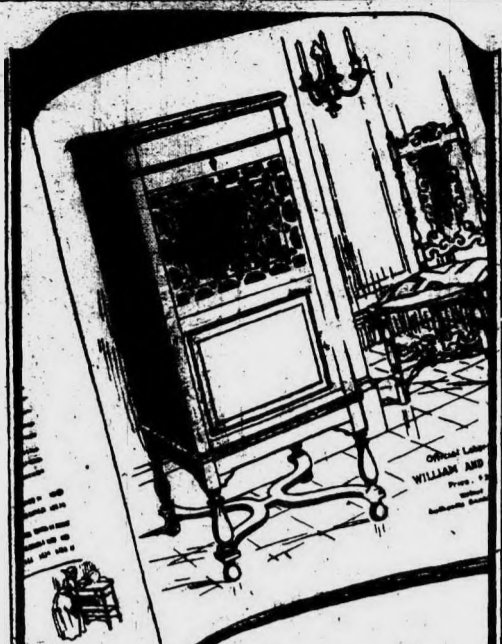

Attractive with street clothes and lovely with evening clothes.

The October man or woman should always wear one.

TO THE QUALIFIED VOTERS OF THE VILLAGE OF PLYMOUTH, WAYNE COUNTY, MICHIGAN:

Notice is hereby given that at an adjourned regular meeting of the Commission of the Village of Plymouth held in the Village Hall in said Village on the 11th day of October, 1920, the following resolutions were submitted and unanimously adopted by said Commission:

WHEREAS, this Commission has heretofore determined upon improvements in the present water works system of the said Village an expedient and necessary public improvement; and

WHEREAS, this Commission has caused to be made an estimate of the cost of such necessary improvements, which estimate is in the sum of Seventy-Five Thousand (\$75,000.00) Dollars;

NOW, THEREFORE, BE IT RESOLVED, that a special election of the qualified voters of the Village of Plymouth be, and the same is hereby called for Thursday, the 4th day of November, 1920, for the purpose of submitting to said voters the proposition of borrowing the sum of Seventy-Five Thousand (\$75,000.00) Dollars and issuing the bonds of said Village therefor, for the purpose of making said improvements to the present water works system of the said Village.

BE IT FURTHER RESOLVED, that said election shall be held at the voting place in said Village of Plymouth, to-wit, in the Village Hall in said Village, on Thursday, the 4th day of November, 1920, and that the polls of said election shall be open from seven o'clock in the forenoon until eight o'clock in the afternoon of said day. Central Standard time.

BE IT FURTHER RESOLVED, that the form of ballot shall be as follows: "Shall the Village of Plymouth borrow the sum of Seventy-Five Thousand (\$75,000.00) Dollars and issue its bonds therefor, for the purpose of making necessary improvements to the present water works system of said Village?"

YES

"Shall the Village of Plymouth borrow the sum of Seventy-Five Thousand (\$75,000.00) Dollars and issue its bonds therefor, for the purpose of making necessary improvements to the present water works system of said Village?"

NO

BE IT FURTHER RESOLVED, that any elector desiring to authorize the Commission to borrow such sum and issue said bonds therefor, shall place a cross (X) within the bracket following the word "Yes" on said ballot, and any elector desiring to vote against the borrowing of said sum and the issuing of said bonds shall place a cross (X) within the bracket following the word "No" on said ballot.

BE IT FURTHER RESOLVED, that the Clerk of the said Village of Plymouth be, and he hereby is authorized and directed to give notice of the special election to the qualified voters of said Village of Plymouth called for the 4th day of November, 1920, by causing copies of these resolutions to be posted at the polling place for said election, and in ten (10) other of the most public places in said Village, at least fifteen (15) full days before the date set for said election, and by causing a copy of said notice to be published in the Plymouth Mail, a newspaper printed and published in the said Village of Plymouth, at least twice, the first publication to be at least fifteen (15) full days prior to the date of such election.

SIDNEY D. STRONG, Village Clerk.

Dated, October 12th, 1920.

THE GREATEST MOTHER IN THE WORLD

You who live in the country. What if you had a child who was sick and who in school seemed dull and unable to learn?

You know a great many times a child is not really stupid; it may be its eyes need attention and glasses would correct the trouble so the child could see. Or perhaps it has trouble in hearing. Maybe, the child is a cripple.

That's why the American Red Cross is doing such a splendid work in rural communities through its Public Health program. It is because it feels that if America is to grow strong in all good things, it must be through the strength of its citizens.

The children are the material from which this citizenship is to be made, and it is a sacred trust to be handed down, that these children be given the fullest chance to develop both mentally and physically.

Wouldn't you like to know what the Public Health program of the American Red Cross does?

It is divided into four main parts: (a) Public Health. This work is carried on by 12 trained nurses in every township in Wayne county, outside Detroit. Not only do these nurses go into the homes and the schools, but there are permanent clinics established now, in Wyandotte, Wayne, Eastland and Grosse Pointe, and it is definitely decided to have a "traveling clinic," which will go to places not now served. At any of these clinics parents can learn how to take care of their children; and they are urged to come, bringing their families with them. You know the old saying, "An ounce of prevention is worth a pound of cure." Well, that's the very purpose of these clinics. Treatment of eyes and teeth and many other ills is given.

Then there's a clinic to take care of and make strong, crippled children. Can you imagine a finer thing than seeing a child with a limp, or a child with a badly defective body?

(b) Home-nursing program. An educational program. Classes are formed in home-nursing and care of the sick, and the aim is to reach every woman in the county through the clinics.

(c) What is often a big and very important question to parents and especially to children. They must have good food and properly cooked, if they are to grow strong. The American Red Cross provides a nutrition specialist for this. She teaches all about the different foods, and their comparative values in building up body waste.

Just to show you how important good food is, last year in the country communities in Wayne county 50 per cent of the children were underweight because of malnutrition. In one rural school of thirty children the total underweight was 300 pounds or 6 2/3 pounds per child.

This is entirely unnecessary, and it is to correct just such conditions that the work of the nutrition specialist is being done.

(d) Last but not least, children must play. This develops their bodies, and these in turn build up their minds. This need is being filled by a trained recreation leader, who is now devising a day a week in each of the following places: Wyandotte, Eastland and Grosse Pointe.

So you see, the American Red Cross is doing such a splendid work in rural communities through its Public Health program. It is because it feels that if America is to grow strong in all good things, it must be through the strength of its citizens.

The children are the material from which this citizenship is to be made, and it is a sacred trust to be handed down, that these children be given the fullest chance to develop both mentally and physically.

carried on by the organization leader. In all, the work the American Red Cross is doing, in the rural communities, the hearty co-operation of these communities is of the greatest help. Public Health program is but a part of the great work of the American Red Cross, not only in America but in foreign countries, as well. During the war, the Red Cross was called "The Greatest Mother in the World," and are not its works proving its full claim?—Advt.

SCHOOL NOTES

The Wayne teachers invited the Plymouth teachers to a supper, Monday night, and to a lecture by Dr. Hoyt of the State Normal college at Ypsilanti. Practically the whole force boarded the 5:35 car. We wish to thank the Wayne force for a most enjoyable evening. They have taken the lead in a movement that many of us have considered worth while, but have never initiated.

Miss Ferns Hall, sister of the physical training teacher, has been secured to teach music and drawing in the place of Miss Durfee, who resigned on account of the serious illness of her father. Miss Hall has been in government work in Washington, D. C.

Compulsory physical training began this week for the ninth grade. The tenth, eleventh and twelfth grades will start classes on Wednesday. Club swinging, Swedish gymnastics and folk dancing will be taught in these advanced classes.

Got Her Good Health Out of a Bottle. Mrs. Edward Raifmader, Wabash, Ind., says she owes her good health to Chamberlain's Tablets. She suffered from distress after eating and constipation, and was completely cured by the use of these tablets.—Advt.

WILLIAM DUNCAN

A thrilling spectacle in land of ice and snow where dogs avenge wrong and brave men fight for woman's honor.

"God's Country and the Woman" is a thrilling story of the timberlands. Indian guides and wolf-dogs play important roles in James Oliver Curwood's tale. The fight at "Devil's Nest," and the burning of the cabin are spectacular scenes that will long be remembered. William Duncan displays his powerful physical strength and athletic training to advantage and strives for realism as Philip Weyman.

THIN PEOPLE SHOULD TAKE PHOSPHATE

Says nothing like plain Argo-Phosphate to put firm, solid, stay there flesh and muscle and increase strength, vim, vigor and nerve force.

Physicians claim there is nothing that will increase weight, strength and endurance like organic phosphata commonly known by druggists as argo-phosphate; it is inexpensive and sold by all leading druggists everywhere under a guarantee to give satisfaction or money refunded.

Weakness and thinness are usually due to starved nervous conditions. Our bodies need more phosphates than are contained in the foods we eat.

If you wish a more rounded figure and plump well-developed arms, neck and bust in place of hollows, you should simply take plain argo-phosphate as it builds up and restores run-down nervous conditions by phosphatizing the system. It transforms the appearance and an increase in weight is often times quickly produced.

The increase in weight also aids in improving the general health. Sleeplessness, nervousness, lack of energy and emotion quickly disappear.

Pale cheeks are changed to rosy ones and dull eyes become bright.

Miss Lena Brown of Atlanta, Ga., who only weighed 50 pounds reports that she gained 10 pounds in two weeks' time, and says argo-phosphate has made a different person of her, and she has never felt better in her life.

SPECIAL NOTICE—Owing to the fact that so many physicians and druggists are recommending argo-phosphate for relieving all nervous, run-down conditions and that the unusually large sale of argo-phosphate will be found in the present month, we are offering the first 1000 bottles at a special price and will have a limited supply of this special price.

Presbyterian Notes
Automobile Day is having a lessening effect. Last Sunday, Mr. and Mrs. Charles Hubble of Pontiac, drove over to spend the day at the Presbyterian church. Mrs. Hubble was at one time the pastor's teacher in the public schools of Jackson, Mich.
Mrs. Frank H. Mansfield and children of Caro motored through Plymouth Sunday, and stopped at the manse long enough to say "hello" to the former caretaker who live there.
The new Ford sedan, presented recently by the Presbyterian people to their pastor, is evidently unversed in the wisdom of the scripture, for it is trying hard to "serve two masters." Mr. and Mrs. Hathaway are both learning to drive, and are vying with each other to see which can gain the most perfect control of their new servant. So far the favors are without partiality, and the race is a tie. Monday they drove to Ypsilanti and return.
The Woman's Home and Foreign Missionary society of the First Presbyterian church held their October meeting at the church, last Wednesday.
D. W. Hathaway of Battle Creek, is visiting his son and family at the manse. Incidentally he is serving as "handy man" around the new car, and goes along as "super-cargo" on every trip. The minister says, "Dad is as delighted as the rest of us."
The social committee of the Presbyterian Y. P. S. C. E. is planning a Halloween social for the near future. Miss Sarah Wilson is chairman.

W. C. T. U.
Members, attention! The next meeting of the W. C. T. U. is a tea meeting, and is to be at the home of Mrs. I. N. Dickerson on Fairground avenue. Each member is privileged to bring a guest. Let us have a good crowd and discuss plans for the District Convention, held here November 10-11. A few members have not yet paid their dues. Please bring or send the money to this meeting, so we may be all straight in our books before the convention.

Safe Remedy for Children's Colds
If you want a pure, wholesome and absolutely safe remedy for the relief of coughs, colds, croup and whooping cough, get **Foley's Honey and Tar**. It contains no opiate or habit forming drugs.
Always recommend it
"For many years past I have used Foley's Honey and Tar Compound in my family and have found it superior to any other cough medicine. It is especially efficient in cases of bad colds and croup. I have recommended it to my friends as a safe remedy for the children, and it contains no opiate."
Foley's Honey and Tar Compound
LOOSENS THE PHLEGM AND MUCUS, cleans the passages, coats inflamed and irritated membranes with a healing and soothing demulcent, causes a dryness, stops tickling in the throat and makes refreshing, restful sleep possible.
"There is no better remedy for Coughs and Colds than Foley's Honey and Tar."

IN MEMORIAM
In loving memory of Sireta Alice McLeod, who passed away two years ago, October 26, 1918.
Just when her life was brightest,
Just when her hopes were best,
She was taken from this world of pain,
To a home of eternal rest.
Although your hand we cannot clasp,
Sireta,
Your face we cannot see;
Yet let this little token tell,
We still love and remember thee,
Sadly missed by her parents and sisters.

IN MEMORIAM
In loving memory of my dearest chum, Sireta Alice McLeod, who died two years ago, October 26, 1918.
Just two years ago today,
Sad and sudden was the call,
Of her so dearly loved by all.
She is remembered as well today,
As the day she passed away.
Days of sadness still come o'er us;
Tears in silence often flow;
For memory keeps her ever near us,
Though she died two years ago.
Her loving chum,
Bernice Irene Crumble.

Revelation 19 next in order. Passing through to verse 17, who or what messenger (angel) in our day has had such a clear unclouded vision of the true gospel as to be said to be "standing in the sun" (flooded with light)? What was his message ("cry") that was to be delivered with so "loud a voice" (V. 17)? And to whom? Does not verse 19 of this chapter again plainly state in whom the picture centers? And verse 20 very plainly tells the outcome. Can we not have more faith in God and his written word. Welcome. 2 p. m.

Today's Reflections The reason some Plymouth men make up their minds quickly, is because they have a wife to help them. One thing about bootleg whiskey—it's just as hard on the pocketbook as it is on the stomach. Some Plymouth people would have more poise, if they didn't have so much avoidipolis. You can trust any Plymouth man except the one who is always bragging about how good he is. We've always observed that misery loves the kind of company that will listen to a hard-luck story.

HEROIC DEEDS ARE PART OF DAILY LIFE

"GOD'S COUNTRY AND THE WOMAN" SHOWS ACTS OF COURAGE

Winter in the vast timber lands of the north is at once terrible and sublime. The lives of men and women reared in the region are in keeping with the harshness and the rugged splendor of the land itself.

Visitors to the wild Northland, with its appalling wilderness of ice and snow, usually are bewildered and carry away more or less confused impressions. James Oliver Curwood above all others has learned the land and its people, and acquired the faculty of making them real to readers of his forceful and dramatic stories.

"In God's Country and the Woman," he develops extraordinary situations and reveals the powerful play of human emotions under strange circumstances. The story, featuring William Duncan, will be shown at the Penniman Allen theatre on Saturday evening, October 23.

Philip Weyman on meeting Josephine Adare recognized her at once as the one woman in the world for him. In spite of her reluctance in regard to all things concerning herself and her manifest distress when he told her of his love, he was sure that she cared for him. He realized that she lived in grief and dread, though she would not tell him the nature of her sorrows and her fears.

In order to accompany her upon a journey for a purpose she would not explain Weyman persuaded her to go through a marriage ceremony, though she declared she could be his wife in name only. With supreme faith in the woman, Weyman accepted the strange conditions, and the pair set forth upon an amazing an adventure as ever was recorded of the Northland.

NOTICE

Considerable complaint has been made to the village authorities concerning the use of coaster wagons and coasters made of boxes and roller skates on our streets. Hereafter, boys must not use their wagons as coasters on the sidewalks of the business blocks in this village, nor are they allowed to run the home-made coasters on the sidewalks on these same blocks. The sidewalks are primarily for the use of pedestrians and their rights thereon must be respected.

The height of the bonfire season is upon us. The people disposing of leaves and rubbish by burning should use all care to see that the fires have no chance to spread and do damage to property. In this connection it should be remembered that no bonfires are allowed on any of the pavements in the village.

The people should also remember that no ashes or rubbish of any kind are to be piled in any public alley or street.

SIDNEY D. STRONG, Village Manager.

FARMERS TO HOLD BUSINESS SCHOOLS

AGRICULTURAL ACCOUNTING METHODS WILL BE TAUGHT OVER MICHIGAN BY M. A. C.

A series of farm accounting schools taking up the principles of business management in agricultural work, will be held in various counties over the state during the coming winter, according to announcement made this week from the office of farm management at the Michigan Agricultural College.

Proper methods of keeping farm records and account books, including inventories of the farm business plant, will be taught at these schools, 50 of which have been planned in about 25 different Michigan counties between the first of December and April.

Putting the farm on a business basis is the fundamental aim of the accounting work. Hit-or-miss, uncertain farming has been all too prevalent in the past, and it is the belief of experts that properly kept account books, such as those distributed by the M. A. C. will bring system into the agricultural business.

Ability to pick out the paying ends of farming and to locate the weak spots which bring losses, follows a good set of farm accounts. They make it possible to determine the relative proportion of each farm enterprise on a profitably managed farm.

"About 2,500 farm account books have been sent out by the college this year," says H. M. Elliott, farm management demonstrator at the M. A. C. "Over a thousand of these have been distributed through the State Grange, while many have gone out through the Farm Bureau."

"The purpose of our accounting schools will be to start farmers off properly in keeping the account books. Twenty-five men will be lined up for each school, the county agricultural agent making arrangements for the local school."

State Democrats Fight Amendment

Organize to Down Proposed Law Abolishing All Private Schools. Appeal to Fair-Mindedness. Conduct Campaign of Education to Show Citizens the Injustice of Its Passage.

The 110,000 confirmed members of the Lutheran Church of Michigan have been organized in opposition to the School Amendment.

The broad underlying principles, on which the campaign was to be carried on by the Lutheran Churches of the State were made clear. These principles will obtain without change until the close of the campaign, and will be the guiding factor in every part of the work decided upon by the Lutheran Church.

The underlying thought of the Lutheran Church Campaign is to carry on a campaign of education in order to present to every voter of the State of Michigan the principles held by the Lutheran Church in regard to Christian Day Schools.

It was the decision of the Conference to bring these principles held by the Lutheran Church to the attention of the voters of the State of Michigan, and to appeal to their spirit of fair play and to their good judgment, to uphold the justice of these principles and the free exercise of religious conviction by voting against the proposed School Amendment.

Vote "NO" on the School Amendment

Because Michigan's Educators Denounce It

University Regent James O. Murfin, says: I am against the proposed amendment for a number of reasons—first and foremost—it appears to me it is dishonest.

University Regent Frank B. Leland, says: I think it is Un-American and in my opinion its incorporation into the basic laws of the commonwealth would be unwise.

Former Regent Chase S. Osborne, says: The movement against the Parochial Schools is unwarranted, unwise, misdirected effort and, in so far as it destroys something of good and supplants it with nothing, is unjust.

Prof. H. C. Vaughn, Dean of the School of Medicine, University of Michigan, says: I do not believe the amendment is wise, —I do not believe that the State should interfere with parents in selecting the school to which their children shall go.

President Strangham of the Detroit Board of Education, says: The enactment of such a law would be a mistake and a calamity.

President Frank Kodzie, of the Michigan Agricultural College, says: I am not favorable to the Anti-Parochial Amendment.

University Regent Benjamin S. Hanchett, says: I am earnestly opposed to any proposition that would result in the closing of Parochial or any private schools that maintain a proper standard of instruction.

President Charles McKinney, of the Michigan State Normal School, says: This amendment, if carried, would shut out thousands of children because of no public schools to accommodate them.

Superintendent of Public Instruction, Thomas E. Johnson, says: There is a very grave question whether the proposed amendment would not put up a legal barrier to prevent the use of the State Institution for the Epileptic, the State School for the Deaf and State Schools for the Blind.

Superintendent Frank Coffy, of the Detroit Public Schools, says: The public school men of Michigan are unanimous against the proposition. The influx of the parochial and private school children into the public schools would swamp our schools.

Dr. Duke, of the Michigan College of Podiatry, says: The State Department of Education should not attempt to legislate its way into the hearts of the people.
