The new watches for both men and women combine the most reliable work with the loveliest designs in cases the jewelry world has ever known.

Stability, reliability and efficiency describe the movements of our watches, and the exquisite designing of our new cases has never been equaled in our years of business.

This is a combination hard to resist. Please come in and see it. Watches are scarce, and it is wise to make your holiday selections now.

WHAT KIND OF A CHURCH WOULD OUR CHURCH BE, IF EVERY MEMBER WERE JUST LIKE ME?

THE RED CROSS ROLL CALL

ANSWER WITH A DOLLAR ON OR BEFORE SATURDAY, NOV. 20TH.

The fourth annual Red Cross membership enrollment opened in Plymouth last Sunday, when the pastors of the various churches emphasized the importance of the great work, and the need of the American Red Cross. At the Presbyterian and Methodist churches stations were set up for the work of the Red Cross were shown at the evening services. Members of the local branch of the Red Cross were present at several of the churches Sunday morning and received quite a number of memberships.

Monday morning workers were at the booths in the Beyer Pharmacy, the Conner Hardware Co.'s store and Pettingill & Campbell's store, ready to renew old memberships and receive new ones as well. Another booth was established in the Plymouth United Savings Bank; Tuesday. The booths are open from 8 a. m. until 6 p. m. each day until Saturday, when they will remain open until 10 p. m. People are urged to go to the booths and enroll, not wait to be solicited for their membership. Remember, all you need is a heart and a dollar.

The Red Cross is an accepted American institution. It did valuable service before the war in administering relief in disasters and in enrolling nurses and organizing base hospitals. During the great war it demonstrated its spirit and power of accomplishment. In the months following the war, it has taken a place in the stimulation of popular health education and social demonstration that would be hard to equal in so short a time.

The roll call is the means of expressing the faith of the people in the Red Cross. It is an annual event. All members are asked to renew their allegiance and support. Every resident of the United States is given the opportunity to be a part of this humanitarian movement.

Plymouth has always responded to the call of the Red Cross, and she will do so again.

MEETING OF WOMAN'S CLUB

The fourth regular meeting of the Woman's Club was held in the Kindergarten room at the school building, last Friday afternoon, November 12th. About thirty members were in attendance. In the absence of the president, Mrs. D. F. Murray, the first vice president, Mrs. F. M. Field, presided over the meeting and session. One new name was added to the membership roll.

According to the by-laws of the club, the subjects for next year's study, having been presented at a previous meeting by the program committee, were voted on at this time. The subject, "America, Yesterday, Today and Tomorrow," was chosen as the basis for next year's work.

The members were reminded of the Christmas bazaar, which will be held Friday, December 17th, and were asked to aid in the work in order to make it as great a success as the committee in charge had planned. The way to success in all lines of work is co-operation.

A manufactured article and place of manufacture was the response given to roll call.

The program, prepared by the fourth division, with Mrs. E. E. Foster leader, was presented as follows: Violin duet by the Misses Thelma Peck and Katherine Learned, with Miss Evelyn Thomas accompaniment on the piano; the second duet, violin duet by Miss Anna Fisher and Thelma Peck, with piano accompaniment by Miss Thomas. Two papers were given during the afternoon: "History and Causes of Child Labor," Miss Nellie Riddle; "The Latest Remedies of Child Labor," Miss John Williams.

On moving the club adjourned. The members of the club, and all others desiring to attend, are reminded of the lessons to be given this (Friday) afternoon by Lent D. Oppenheimer, District Bureau of Governmental and Social Service, at 7:30 p. m. in the Plymouth High School. The lessons will be given in the kindergarten room at 7:30 p. m. in the Plymouth High School. All come and have a good supper and help out a good cause.

it is the desire of the outside, talent committee that all members of the club attend this meeting.

A VISIT TO THE TELEPHONE EXCHANGE

MANAGER HALL OF LOCAL COMPANY SHOWS PARTY OF BUSINESS MEN THROUGH THE PLYMOUTH EXCHANGE.

A representative of the Mail and several business men were shown through the local exchange of the Michigan State Telephone Company, by Manager Hall of Northville, a few days ago. Mr. Hall explained in an interesting manner the line terminals coming in a network of wires, into the local exchange. Mrs. Rumsey of Jackson, traveling supervisor, who has been in Plymouth for the past several weeks, with a view of improving the service here, gave a talk on the traffic department of the exchange, which disclosed some interesting information regarding the large volume of business handled in the local office. There are on an average of over 4,000 local calls answered during a period of twenty-four hours. The average number of long distance calls is over 1300 daily. The average citizen has little or no idea what it means to answer all these calls, but if he could visit the exchange, and Manager Hall extends a most cordial invitation for the public to do so, he could better appreciate the efforts the company is making to give the best service possible. The local exchange has a total of 863 subscribers. There are eleven operators, besides the chief operator, Miss Katherine Kahl of South Lyon. Manager Hall is making every effort to better the service here, and under the direction of Mrs. Rumsey, there has already been an appreciable improvement in this respect. Another new switchboard is soon to be installed, which will relieve some of the work on the other boards. Other improvements will be made as soon as possible.

A PLEASANT SURPRISE

On Tuesday evening, November 9, Mr. and Mrs. Oliver Goldsmith were most pleasantly and enjoyably surprised at their home, "Auburn." In the early part of the evening, Rev. Charles Strass called to enjoy a social visit, but shortly after they had arrived a faint rap was heard. Enter Mr. and Mrs. William Petz, Mr. and Mrs. Chris Drews, Mr. and Mrs. Henry Fisher and son, Roy, Mr. and Mrs. William Gayde and daughter, Sarah, Miss Cordelia Strass and Mr. and Mrs. Otto Eyer. The guests very thoughtfully made provision for an enjoyable evening, not forgetting to provide a most bountiful and delicious lunch. Coffee was served and one of the most pleasant evenings of the season was enjoyed by all.

HOME TALENT PLAY

JEDEDIAH JUDKINS, J. P., DECEMBER 1ST.

The people who like home talent plays, and who doesn't, have an evening of pleasure and fun in store in the near future. "Jedediah Judkins, J. P." is the name of a country drama in four acts to be staged by Plymouth young people at the High school auditorium, Wednesday evening, December 1st. The full cast of the play, which includes some young dramatists of experience, will be published next week, together with a short synopsis of the play. The young people are hard at work at this production, under the direction of Mrs. Clifford Jones, a dramatic reader and director, who has had considerable experience in this kind of work before coming to Plymouth.

SUPPER AND BAZAAR

The Helping Hand Society of King's Corners, will hold a supper and bazaar at the home of Mr. and Mrs. Charles Parsh on Saturday, November 27th, afternoon and evening. There will be a fancy booth and a table of refreshments. The supper will be at 7:30 p. m. and the bazaar will be from 8:30 a. m. to 5:00 p. m. All come and have a good supper and help out a good cause.

OPENING LECTURE COURSE NUMBER TONIGHT

MISS GAY ZENOLA MACLAREN, READER OF MODERN PLAYS, WILL GIVE OPENING NUMBER.

Miss Gay Zenola MacLaren, reader of modern plays, will give the opening number on the Citizen's Entertainment course, this (Friday) evening, November 19th, at the Penniman Allen theatre.

Remember, there are four headliner numbers on the course this year, and season tickets for these splendid entertainments, any one of which is worth the price of a season ticket, alone, can be had for \$1.50. Single admission tickets are 50c.

MANY VISIT NEWLY REMODELED STORE

Many people took the opportunity last Saturday to visit the newly remodeled store of Schrader Bros. on Penniman avenue, and judging from the many compliments that were showered upon Mr. F. D. Schrader, of that enterprising firm, everybody was more than pleased with the improvements that have been made, and the attractive appearance of the store in every way.

The window display was worthy of special notice and attracted the attention of every visitor to the store, as well as every passerby. The west end of the window was given over to a handsomely furnished bedroom, while the east end was converted into a completely furnished living room. Everything in the two displays was most tastefully arranged. Ferns and two baskets of beautiful pink and white chrysanthemums, the gift of the business men of Plymouth, added much to the beauty and attractiveness of the window. The adjustment sale, which featured the opening day, and has continued all the week, closes Saturday, Nov. 20. See their ad on another page of this paper.

THE TAX RATE

Supervisor Moore gives the Mail the following figures on the coming tax rate in Plymouth: The school tax rate is \$9.34 on a thousand in District No. 1, Fr., which includes the village. Last year the rate was \$10.02 on a thousand valuation. The township and county tax is about the same as last year. The road repair tax in the township is 25c more per thousand than last year. The total tax budget in District No. 1, Fr., is \$15.74 per thousand. Last year it was \$16.79.

You like Home Talent Plays. See a good one at High School auditorium, December 1st.

Surely We Can Be Thankful

If the Pilgrim fathers three centuries ago, having only a precarious foothold upon the edge of a vast wilderness, with nothing but hardship and danger upon every hand, felt that they still had enough to be thankful for to set aside a day of Thanksgiving, surely we with our immediate blessings and comforts can well be thankful.

So let us give thanks upon Thanksgiving Day.

SAGE-BRINK

Harold Alfred Sage, eldest son of Mr. and Mrs. Henry Sage of this place, and Miss Angie Brink, daughter of Mr. and Mrs. I. N. Brink of St. Charles, Mich., were quietly married in the Presbyterian church in Saginaw, Thursday afternoon, Nov. 11th, at four o'clock. Only the immediate families of the contracting parties being present. After the ceremony, dinner was served to the wedding party at the Bancroft hotel. The bride is a graduate of the Ypsilanti State Normal College, and also spent one year at Castle school, New York. She is well known in Plymouth, having successfully taught two years in the kindergarten in the Plymouth school. The groom is one of Plymouth's popular young men, having attended the Plymouth High school, and during the late war served two years in the aviation department being stationed at the greater part of that time at San Antonio, Texas. He now has a position as salesman with the Franklin Motor Co., at South Bend, Indiana, where they will be at home after December 1st. They have the best wishes of Plymouth friends for happiness and prosperity.

Baptist Notes

Last Friday evening, Mr. Allenbaugh's Sunday-school class gave a social in the church basement. The object was to purchase a basket ball from the proceeds, to provide sport for the boys this winter.

The Sunday-school has closed its contact between Reds and Blues. The Reds in the lead a very short distance. Now its up to the Blues to banquet the Reds. The announcement will be made later as to time and place.

The Thanksgiving service will be held this year at the Presbyterian church. The pastor of the Baptist church has been notified that in the regular order, he is to preach the sermon on Thanksgiving morning at ten o'clock. This has been a year of temporal prosperity and peace, and everyone ought to assemble at the church in Plymouth, and return thanks to God for every blessing and favor he has given to us, for they are without number.

Mrs. Frank Freeman of Flint, Miss May Ferrin of Montgomery, Ala.; Mrs. J. A. Kimmel of Findlay, Ohio; H. B. Bennett of Walkerville, Ont.; Mrs. Louis A. Thomas and Edgar Peck of Detroit, were guests of Mr. and Mrs. C. L. Wilcox at their home on Penniman avenue, last Sunday.

Early last Sunday morning, Mrs. Amalia Will, aged eighty-six years, mother of Mrs. Oliver Goldsmith of this place, accidentally fell down the open stairway at the Goldsmith home, where she resides, dislocating her left shoulder and thumb. However at present writing, she is fast convalescing, and is able to sit up a part of each day.

The Village of Plymouth, Michigan, will receive sealed bids up to 3 p. m. on Monday, Nov. 22, 1920, for the purchase of all or any part of an issue of \$75,000 of Plymouth Water Works bonds.

These bonds are to bear 5 1/2 per cent interest and are to mature as follows:

From 1922 to 1945, inclusive, \$2,000 per year.

In 1945, \$3,000.

In 1947, \$4,000.

In 1948, \$6,000.

In 1949, \$6,000.

In 1950, \$6,000.

Denominations will be made to suit the purchaser, in so far as there is no conflict with the above schedule of maturities. Bidders should count on furnishing the work and expense of printing the bonds.

The bids should be placed in a plain sealed envelope marked, "Proposals for Water Works Bonds," and then in another envelope addressed to the Village Manager, Plymouth, Mich.

It is the intention of the Village Commission to open the bids publicly at 3 p. m., and then consider them in session, as a committee of the whole, reconvening in public session as a commission at 7 p. m. with the expectation of being able to come to a decision as to the sale of the bonds.

The village reserves the right to reject any or all bids and to waive any informalities.

Friday, the negative team which consisted of Russell VanGilder, Ira Kingsley and Irene Rattenbury defeated the affirmative team, composed of Donald Sutherland, Olivia Williams and Etha Wisely. The English 12 class are studying

the life of James Fennimore Cooper, and giving reports from "The Deerslayer," "The Spy," "The Pioneers" and "The Last of the Mohicans." Saturday, forty-one pupils from the ninth grade saw Robert Mantell in "The Merchant of Venice," a play which they study in ninth English. Armistice Day was observed in the eighth and ninth English classes by a debate. The question was, "Resolved, That November 11, Armistice Day, should be a legal holiday."

Monday afternoon Professor Barbour of the Michigan State Normal College, gave a talk in the auditorium. His theme was that language, and its precise use was a means of mental growth, that what ever gain was made in its use opened new vistas of thought. He gave Helen Keller as an example of one to whom the loss of language was mental darkness, and its use, the means of growth.

Friday—Speak the language of your flag. On Wednesday each class gave a class program concerned with some phase of the week's subject. One day was devoted to a study of the particular pet expressions each of us used and we signed a pledge to do without one of these for the week. An attempt to learn a word so that its use would become habitual was inaugurated on another day. Thursday, the seniors were given green tags with the permission to tag anyone from janitor to superintendent who used any of the previously published list of expressions. Friday noon at the assembly hour, a short play dealing with the murder of beautiful Miss English Language by Almost Everyman, was given in the auditorium. The chief characters were:

In the third grade the following pupils have not been absent nor tardy for ten weeks: Vaughn Campbell, Dorothy Freheit, Alvina Lorenz, Hazel Rathburn, Madelon Shingleton, Dale Tillotson, Gilbert Williams. The following have not been absent nor tardy for five weeks: LeVerne Birch, Kenneth Gust, Gerald Hondrop, Clarice Hamilton, Francis Learman.

The public speaking class spent the week debating the following questions: Resolved: That the adjustment of disputes between employers and employees should be made a part of the administration of justice. Wednesday the negative team consisting of Maynard Doubt, Eva Griffith and Lyman Judson defeated the affirmative team which consisted of Marion Bennett, Kenneth Bartlett and Charles Chappell.

Better Speech Week started off Monday with everyone a self constituted watch dog. Posters indicative of widely used errors appeared on all of the walls during the week; Webster using his big stick to chase the puny little school boy "ain't," the big cheese "better speech" rapidly de-voured by those gnawing imps "ain't," "git," "hian," "going," pictured as mice; commands to "Mind your P's and Q's," the American eagle screaming his patriotic "American speech for all"—these were some of the reminders. A different slogan was chosen for each day.

Monday—Beware! Bad English is about and will get you if you don't watch out.

Tuesday—Europe keeps good speech for the aristocrats: America wants good speech for the people.

Wednesday—Ring the "ing," mean the "ment." (Going, Government.)

Thursday—Our public schools! May their influence spread.

AN INTERESTING CALIFORNIA LETTER

THE MAIL HAS RECEIVED AN INTERESTING LETTER FROM MRS. E. L. RIGGS AT VENICE, CALIFORNIA.

1666 St. Marks Boulevard, Venice, California, October 26, 1920.

Dear Plymouth Mail: Having received the paper this morning, and reading of our accident, I think it is about time I was writing a letter, as I have been intending for several days to do.

First, I will say our car was not completely demolished, but will be in good shape and all O. K. in a few days. The accident occurred in Hollywood while driving across the track. Mr. Riggs had a couple of ribs broken, and the back of the seat on which I was sitting broke completely off when we were thrown against a telephone post. Several witnesses who saw the accident, said the street car was going forty miles an hour, and the shaking up it gave us made me think they were running one hundred and forty, but that is all I shall say about it now, as our attorney tells us not to talk about it. Will tell you more later on.

We are nicely located in our home at the above address. The weather is fine every day, only a little fire in the morning and here and there a burn grass, which is clean and no trouble. Mr. and Mrs. Will Blunk, who came out here with us, left Sunday night for Michigan, on account of the illness of the latter's mother, and we were very sorry to think they had to go back and face a Michigan winter after coming on here.

We have lots of beautiful roses and red geraniums in bloom all the time. We attended the Michigan picnic a few weeks ago in Sycamore Grove, Los Angeles, and while there met Mr. and Mrs. Mark Ladd, Camilla and Donald; also W. F. Markham, Mrs. Markham, Leigh Markham, wife and Mr. and Mrs. Ben Sprague; also Mr. and Mrs. Harry McDonald, the latter is a sister of Ella Jackson.

Last Sunday Charles Shattuck of Glendale, called here, and two weeks ago Sunday, Mr. and Mrs. Charles Armstrong, daughter, Irma and husband and baby were here and spent the day with us. Their home is in Alhambra. The Plymouth friends will know they were all former people from Plymouth.

The Los Angeles daily papers state that there are an average of two thousand a day coming to Los Angeles from the east. A Venice man who works in the Santa Fe office in Los Angeles, says there are one hundred and ninety-five thousand reservations from the east over the Santa Fe already, and over the other eastern roads over a million. Now we wonder what they will do with them when they get here. Anyone having friends here are very fortunate in having a place to stay.

We have fitted up a very nice apartment upstairs in our home here, and Mr. and Mrs. W. Bennett and the latter's mother are occupying it until the latter part of next month, when Detroit friends who rented it before we came out here will take it. We have bought several places here and all are rented to good advantage.

Every day about one o'clock five or six large sight-seeing cars pass here on their daily trip. Everyone is added to full capacity with tourists. One of the cars is a large Broadway bus with a deck on the roof, like the ones which run on Jefferson avenue in Detroit. Everyone seems to be having a good time.

I shall be very glad when we get our automobile, as life is not worth living in California without one. Ty Cobb, the great ball player, is here with his family, and says he intends staying here until the season opens in the spring. He is playing a series of games in the Pacific coast cities, and the family live about seven blocks from us.

Every day the airplanes are doing stunts just across from us on the aviation field, and a couple of weeks ago took a horse up, as they were making moving pictures.

Mr. and Mrs. George Wiske have bought a place a few blocks from us on Victoria avenue, and Kenneth is attending school here. Mr. Wiske's sister, Emma, Mrs. J. Bulmer, drove through from Detroit with her husband, and they have bought a beautiful home at Ocean Park Heights about two miles from here.

Several weeks ago we drove down to Santa Ana, and spent Sunday with Ed. Quackenbush and family, who drove through from Plymouth. We also called on Frank Galpin and family, who formerly lived near Plymouth. The drive down to Santa Ana is a most beautiful one past orange and walnut groves, and is about fifty-one miles from Venice.

Yesterday, Dr. and Mrs. F. P. Kenyon of Pomona, drove down and spent the afternoon with us. Pomona is a fine town 50 miles from here, and in the orange belt. The Plymouth friends will remember Dr. and Mrs. Kenyon, as they were formerly of that town.

Rich Benton, formerly of Northville, has been here to see us. His home is in Los Angeles. It is now eight o'clock in the evening and no fire in the house and perfectly comfortable, although a great many evenings a little fire is all right. Every day people are in the ocean bathing, and sitting on the sand enjoying themselves.

On November 4th a drive was made for recruits for the United States flagship California, which will soon be in commission. Governor Stephens and his staff, accompanied by a number of higher ups of the naval department arrived about noon. With them came the crack naval band of the Flagship New York. The new ship California is to be manned entirely by California boys, and they will be recruited from every part of the state. She will not only be the crack ship of the Pacific fleet, but will be one of the crack ships of the United States navy. There were a number who took advantage of the privilege to board the ships laying at anchor off the city and visited them. We boarded the Sea Gull, which is a mine sweeper and the destroyer Baltimore. At night there was a naval ball in the Venice Dance pavilion in honor of the visiting governor and the officers of the naval force.

Last night the boats were brilliantly illuminated, and the scene from the shore and the piers was a beautiful one. During the afternoon one of the naval balloons was soaring over the aviation field, while dot-

ting the water and the clouds were a number of naval seaplanes, one minute they would be skimming through the water and then they would soar up in the sky. It was very interesting to watch them. I had frequently seen them in the movies, but never saw real ones until yesterday.

So far we have had only two rains since we arrived here, and every evening the sunsets are most beautiful.

Every day I have a fine bouquet of large pink roses on my dining table from our own bushes, and to be without flowers in California would seem very strange. One thinks no more of picking a geranium here than a dandelion in Michigan.

Our latest string will always be out for any of the Michigan friends who come this way, and we shall be very glad to see them.

MRS. E. L. RIGGS.

Serious Results from Colds
Colds not only cause a tremendous financial loss, but are also a serious injury to everyone who contracts them as they lower the vitality and prepare the system for the more serious diseases. It is not at all unusual for people who have serious lung trouble to say, "I had a hard cold last winter. Why not take Chamberlain's Cough Remedy and cure your cold while you can."—Adv't.

COMMISSIONERS' NOTICE

In the matter of the estate of Irene Patterson, deceased.

We, the undersigned, having been appointed by the Probate Court for the County of Wayne, State of Michigan, Commissioners to receive, examine and adjust all claims and demands of all persons against said deceased, do hereby give notice that we will meet at the Plymouth United Savings Bank, Plymouth, Mich., in said county, on Monday, the 10th day of January, A. The NEW EDISON
as a Xmas Gift

WOULDN'T you like to know why the family will get more enjoyment out of the New Edison than out of any other phonograph? Come in and ask for the "Personal Favorites" Realism Test. We've said that listening to the New Edison is the same as listening to the living artist. We've said you get the same emotional thrill when you hear your favorite music RE-CREATED by the New Edison, as when you hear it by the living artist.

The Realism Test will help you test these claims for yourself. If you find what we've said is true, you will know the New Edison is the phonograph your family wants for Christmas. You know they'll get more enjoyment out of the New Edison than out of any other musical instrument.

PLENTY OF AMERICAN MADE TOYS

THERE WILL BE AN ENDLESS VARIETY OF MADE IN AMERICAN TOYS THIS CHRISTMAS.

New York, November 7th.—"There will be plenty of American made toys of endless variety for American children this Christmas," said Harry C. Ives, president of the Toy Manufacturers of the U. S. A., at the offices of the association today, when asked to explain the systematically circulated reports that Santa Claus would be forced to fly a foreign flag because of a shortage of toys of domestic make.

"All talk of that sort," he continued, "is both—it is worse—it is a deliberate and interested misrepresentation."

"Our own compilation of figures based upon monthly reports from our members and the statistics of the United States Department of Commerce, prove conclusively that the American production of toys of all kinds from the simplest dolls to the most elaborate mechanical playthings, is not only sufficient to supply the needs of our children, but also that we have been able to export this year more than \$3,000,000 worth of dolls, toys and playthings."

"The American production of toys for 1920 is, conservatively, \$80,000,000. Of that total \$15,000,000 represents the production of dolls, ranging from the stuffed variety to the finest quality throughout, and surpassing anything in dolls ever produced anywhere in the world. I do not mean

facture dolls, but I have had the fact absolutely proved to me.

"Included in the balance of \$65,000,000 worth of American toys are playthings of all kinds and all made of honest materials, finest workmanship and durable construction. It is the originality of ideas and design and of truly educational value that place them in a class by themselves."

"I have been astonished to see in the daily press articles in regard to imported toys, which would tend to make the American mothers believe that at the coming holidays there will not be enough American toys for their children. Toys are national to the country of origin, as they have been since the days of the early Egyptians. If there is any good reason why American children should have foreign toys forced upon them when the supply of their own national playthings is abundant, I have never heard of it."

"We must all recognize that there has been a glamor cast around the toys of other lands by people who have visited the concentrated toy centers in Europe. The American toy industry has no such centralized character, but if we could take all of the toy factories of the United States and group them around the 'Toy Town' of America, Winchendon, Mass., it would make a collection of factories that would overshadow the toy districts of any other country."

Just as an example of the diversified character of the factories, which would be brought together in such an ideal toy center, we would have dolls, balloons, tops, doll furniture, musical toys, sleds, coaster wagons and a diversity of products impossible to enumerate. The variety of toy shipments which leave these factories is probably almost beyond comprehension of the reader. For example one top factory has a record of shipping five carloads of tops to a single dealer on one day, which represents, of course, only a small part of the total annual production. Balloons, bubble pipes, marbles and other items which are so small that we would pass them by without thought are being shipped by the millions every week. One balloon factory alone produces a million dollars worth of balloons annually."

"When a shipment of a few cases of foreign toys arrives at one of our ports it is a matter of news to the reporter who meets the ship, but if he would go to the freight terminals in his home city on the coast or to any of the large toy distributing centers throughout the country, he would find carloads of American toys pouring into these terminals week by week in a volume that would exceed the imported toys many times over. Just as carloads of tops are leaving Vermont, carloads of sleds are leaving Maine and Michigan, carloads of coaster wagons are leaving New York, carloads of wheeled wagons are leaving the State of Ohio, and enormous shipments of dolls are leaving New York City."

"What figures," Mr. Ives was asked, "are there to indicate the growth of the American industry?"

"Government figures compiled by the Department of Commerce show that the exports of American toys in 1914—the last normal pre-war year—were \$909,120, while the same compilation shows that for the ten months ending September 1, 1920, the exports of American toys to forty-seven countries was \$3,102,530. The American export is very ready, as indicated by the fact that for the ten months in question the highest monthly figures were \$496,275, and the lowest \$229,576 with a monthly average of \$310,253."

"Our own association figures show that the approximate output of American toys in 1914 was \$35,000,000, while a conservative estimate of production for 1920 is \$80,000,000."

"Imports from all countries in 1914 were approximately \$9,000,000 or more than eleven times the amount of our exports, while for 1920 the government figures for ten months show imports of toys from all countries at \$3,149,935 or about two and two-thirds times the amount of our exports which figure constitutes a remarkable record of growth in an industry which was supposed by many to be very largely dependant upon foreign help. For seven months out of the ten months included in the 1920 figures, as so far issued, American toy manufacturers exported to all countries more toys than were imported from Germany, and our total exports to all countries for the full ten months were within \$226,235 of imports from Germany for the same period."

"During the years that foreign toys were not available, the demand here for toys of American manufacture naturally increased. American toy makers met the increased demand not only in quantity and quality, but also by greatly augmenting the 'lines' manufactured until they included virtually all the best 'numbers' or novelties for which retailers here had usually sent abroad, so that today the line of toys of American manufacture is almost as completed as the combined lines of American and foreign toys before the war, and the person who cannot find an American toy to suit the needs of any American child between the ages of one and fifteen is indeed hard to please."

"The fact that we are able to supply the home market and still export \$3,000,000 in toys is, to my mind at least, pretty clear evidence of the fact that, as I said at the beginning of this interview, there will be plenty of American toys this Christmas for American children."

"Will the price of American toys be higher this Christmas than during the 1919 holidays?" Mr. Ives was asked.

"The price of toys of American manufacture will be lower this Christmas than they were in 1914, when the purchasing power of the dollar is considered, although in dollars and cents they will cost more. Despite an increase in materials, labor and general overhead ranging from 50c to 300 per cent in the toy industry, the price of toys has advanced less in proportion than the staple product of other American industries."

A Reliable Remedy for Colds and Croup

It would surprise you to know the number of people who use and recommend Chamberlain's Cough Remedy. Mrs. J. N. Ross, Verona, Pa., writes: "Chamberlain's Cough Remedy has been used by myself and husband for a number of years for coughs and colds. I gave it to my little granddaughter, three and a half years of age, when she had croup last winter. It broke up the croup at once. I have recommended this remedy to many of my friends and neighbors, who have also used it with good results."—Advt.

Our Budget Plan will bring the New Edison this Xmas!

THIS is the time of the year when our Budget Plan is most helpful. You ought to come in right away and find out what it can do for you.

In the first place, it will put a New Edison beside your Christmas tree, (how the family will rejoice!)

In the second place, it will stretch your Christmas dollar so that you'll hardly feel the purchase.

The Budget Plan treats the New Edison as an essential of life, such as a home, and arranges payments on the sound "time" principle. It combines modern business practice with thrift.

This way of treating a dollar actually makes it go farther. Let us explain how the Budget Plan brings the longed-for New Edison for what an extremely ordinary gift would cost,—and makes 1921 thrift pay for the balance.

Where Discipline and Recreation Combine to Better Service

Work is more than just a living to the girl at central. There is always an abundance of fun and recreation, too, during regular rest periods and whenever she is off duty.

Lots of people who have visited our larger exchanges marvel at their simple, homelike atmosphere—the delightful lounging and reading rooms—the immaculate kitchens and pleasant dining rooms—and, most important of all, their watchful, helpful sensible matrons.

Long ago, your telephone company learned that in order to have efficient operators, their girls must also be happy and healthful. So these comforts, which mean so much to our girls, are, after all only instruments to improve your telephone service.

Our girls' health is always carefully guarded. Frequent physical examinations are given and healthful athletics encouraged. In rainy weather dry footwear and stockings are loaned. In the dining room meals are very, very good and are provided at very low prices.

To insure the best service possible, strict discipline, it is true, must be maintained in the operating rooms but after hours and during rest periods complete relaxation is encouraged.

We believe that the life of the telephone girl has all the pleasant, clean joys that should surround the life of a normal girl. We believe, too, that you will find that the careful supervision which we maintain over them is being reflected daily in the improved telephone service which they give.

ATTENTION! ALUMNI OF P. H. S.

Have you a diploma from the Plymouth High school? If so, are you still proud of it, and do "faded memories" remind it? Why not? You accepted it when you were young for life on which you are required to pay a certain interest. To whom? You ask. Why, to the interests of education, and to the society you enter by your own merits.

The time you gave the P. H. S. was well spent, but it should still remain an old chum in the form of the Alumni Association, and once a year you should visit it and leave it a quarter. Not so much, when you consider. It made you a better citizen, teacher, parent and friend; gave you success commercially, and a broader outlook on life. With privileges come responsibilities always, and many alumni have made this association their "hobby." No member has a right to forget it. Now that the war is over, let's all return to it and work for a real home-coming next June. The finances are low, but if every member would send in his back dues as "Xmas gift in advance" to Secretary Sarah Wilson, the officers and fans would be much encouraged.

Appoint yourself a committee of one to boost the A. A. by (1) promptly sending in dues; (2) locating your old classmates and reporting their correct addresses; (3) attending reunion and making sure that all past teachers are there to greet as formerly; (4) urging younger members to be more tender and friendly to older ones; (5) helping to make the Alumni part of the Plymouth interesting in reporting "good news," and mailing this copy of the Mail to some member to appeal to as many as possible.

P. H. S. boasts of 464 graduates, 27 being lost by death, leaving our family 437 members, each of whom was willing to receive its important trust. We are proud of the P. H. S., and so fine a school ought to have the support of a strong Alumni Association. Let's boost! Let's advertise! Let's begin now, to reunion, home-coming, big six o'clock dinner, toastmaster, program, bell ringer, etc. Let's visit school, attend basket ball games and debates, etc., to acquire enthusiasm, then pass it on and have our grand affair next June.

LUELLA M. CHAPPEL,
Vice President.

STATE POLICE HAVE BEEN BUSY

A FEW HAPPENINGS OF THE STATE POLICE FOR THE PAST TWO WEEKS.

On November 1st, Troopers H. H. Price and H. Hughes arrested W. J. Denis of Detroit, for transporting liquor in an Oldsmobile car. When arrested he was found to have six quarts of Canadian whiskey in his possession. Arraigned before Justice Patterson, he pleaded guilty, and was bound over to the circuit court in \$2,000 bond.

On November 6, Corporal Schrader and Trooper Anderson arrested Stanley Gadzchi, a deputy sheriff, Martin fruit stealer, and Stanley Jazodziak for fruit stealing. The pleaded guilty before Justice Patterson and were fined \$5.00 and costs amounting to \$8.00 each.

Joe Swartz of Redford, was arrested on November 8, by Troopers Anderson and Case for using blasphemous language. He pleaded guilty before Justice Patterson and was fined \$5.00 and costs amounting to \$8.00.

Corporal Schrader, Troopers Anderson and Price raided the home of Joe Birechi, near Perrinville, a few days ago. They found one complete still, a few quarts of moonshine whiskey and all apparatus belonging to a still. Arraigned before Justice Patterson, he pleaded guilty and was bound over to the circuit court for trial in \$500 bonds.

Trooper H. H. Price arrested Clifford Leadley at the P. M. depot for vagrancy. Justice Patterson sentenced him to thirty days in the Detroit House of Correction.

A few days ago, Troopers Swickard and Anderson searched the home of Jack McDonald, near Farmington, finding a still and some moonshine in a dugout back of the house. He was bound over to the circuit court for trial in \$500 bonds.

Last Saturday night, Corporal Schrader and Trooper Anderson went to Mt. Clemens to meet Lieutenant McGuire and three other troopers. Lieutenant McGuire and his party raided the Blossom and Heath Inn, while Corporal Schrader and Trooper Anderson searched the Sheridan roadhouse, both situated a few miles outside of Mt. Clemens. Lieutenant McGuire's party found nothing at the Blossom and Heath Inn, but Corporal Schrader and Trooper Anderson found one roulette table and wheel, one-half bushel of chips, a Field crap table, three nickel slot machines, one quarter slot machine, 500 bottles of high test beer and all other apparatus belonging to a gambling house at the Sheridan. The proprietor, Jack Sheridan was away at time of the search, but a warrant had been issued for his arrest.

We are here for the purpose of helping the local officers enforce all laws, and to give the public any police assistance necessary. We are glad to accept any information given and a telephone call or letter to this station will receive prompt attention. We thank the citizens of Plymouth and vicinity for all past favors shown us.

W. C. T. U.

The forty-third annual convention of the W. C. T. U. First District was held in Plymouth Presbyterian church on November 10-11. It was a splendid success. A goodly number of Detroit delegates were present, the only lamentable fact of the entire convention was that so few of our local members came out. One of the "highest lights" of the convention was the presence of Mrs. Dora B. Whitney of Benton Harbor, who gave an address on Wednesday evening to a large and appreciative audience. Mrs. Whitney also gave a little talk Thursday morning before she left for Holly.

On Wednesday, Mrs. Jones, who was a state delegate to the "dry congress" held in Washington, D. C., told us some of the things she saw and heard there. We were also favored on that day by the High school orchestra, which rendered several selections in a most enjoyable manner.

Recitations by Mrs. Lila Humphrey and Mrs. Arthur White of Plymouth, and Mrs. M. E. Butler of Highland Park, added to the enjoyment of the guests.

The pastor of the church showed his good-will in a royal manner by constant attendance and general helpfulness.

A. C. Graham of Detroit, was present, and spoke Thursday afternoon on "Law Enforcement." Mrs. Fulcher gave a splendid talk on "Christian Citizenship."

The Glee Club came over from the school house, and sang two charming songs for us.

An invitation from the State Constabulary had been received on Thursday, so immediately after lunch the ladies made a short call at the barracks, and found everything in apple pie order, or perhaps I should say in ship-shape condition.

Mr. Field came over to the convention and gave us a short talk Thursday afternoon.

The district officers were all re-elected for the coming year.

Much comment was heard from the Detroit women on the excellence of the meals served by the M. E. Missionary society in the M. E. church dining room. The quality and quantity of the food received much praise.

The weather was most kind to us too, and remained fine until after the convention closed.

On account of Thanksgiving coming the last of this month, there will be no meeting until December 9th, on which date Mrs. Floyd Hillman will be our hostess at her new home in Elm Heights. Remember the date.

EVERY BLEMISH REMOVED IN A FEW DAYS

BY A NEW METHOD, AND THIN, PALE PEOPLE INCREASE WEIGHT QUICKLY BY SIMPLY USING A FEW GRAINS OF ARGO-PHOSPHATE TABLETS. THEY ACT LIKE MAGIC.

Even in many stubborn cases that have baffled physicians and beauty specialists for years. You have never in your life heard of anything like it. They make muddy complexions, pimples, eruptions, red spots, blackheads vanish quickly. Your complexion can be clear and you can have a beautiful rounded figure. Your face, hands, arms and shoulders can be made beautiful beyond your fondest dreams in a few days by this wonderful new discovery, which phosphatizes the system. Its effect many claim is marvelous, this treatment is absolutely harmless to the most delicate person and pleasant to use.

SPECIAL NOTICE—Ladies wishing to increase bust development should secure one or two ounces of Rosetone from their druggist and apply once or twice daily. This is a most effective remedy and perfectly harmless when used in connection with argo-phosphate. It will round out your form and increase your weight like magic; unless you desire to increase your weight, do not use argo-phosphate.—Adv't.

DIXBORO BOYS WIN TROPHY CUP

The trophy cup, which was awarded by the Michigan State Fair to the members of the Dixboro Pig club, has arrived from the engravers and is a handsome price. The cup was given in recognition of the championship won by the stock judging team at the recent fair. It is a large cup with graceful lines, brown with silver ornamentation. On a silver shield is the following inscription: "State Championship Dixboro Pig Club, Boys' and Girls' Club Work Livestock Judging Contest." Beneath in gold letters are the names of the boys on the championship team: Ivan Galpin, Lloyd Lyke, Glen Freeman and Coach E. F. Lyons.

As auto travel becomes more and more general, it won't be long until chorus girls will be the only ones in need of legs.

Foley's Honey and Tar is the best known and most successful family cough medicine on the market and the following letter is positively true and genuine:

Says "It Acts Like Magic!"
Gibson Fleming, 2112 Broadway, Los Angeles, Cal., writes: "I have a young son in the city who has a cough that has been with him for several months. I have tried every remedy I could find, but nothing has done any good. I have seen your advertisement for Foley's Honey and Tar, and I bought a bottle. I gave him a few doses and he was cured. I am sure that your medicine is the best I have ever used. I will be glad to give you any information you may need."—Advertisement.

Presbyterian Notes

The executive committee of Christian Endeavor met Tuesday night at the home of Mr. and Mrs. William Kaiser on Blunk avenue. Plans were made for the adoption of a constitution and by-laws, and provisions were made for better ushering at the meetings. Since the attendance has reached the hundred mark some change in seating will be necessary.

The church was tastefully decorated with Red Cross posters, last Sunday.

The new bulletin board has made its debut this week with this legend: Get thy tools ready. God will find thee work.

It is already busy announcing stereopticon lectures and chicken-pie suppers. Its present support is temporary, and when the weather permits a permanent foundation of cement is to be placed beneath. It is lighted in such a way that the announcements can easily be read at night.

There was applause when the young people numbered last Sunday night and found that the attendance was exactly one hundred. Even the average is creeping up now towards the hundred mark. Francis Hathaway and Thurber Becker led the meeting.

The Christian Endeavor meeting next Sunday evening will be a Thanksgiving meeting. Those attending are asked to bring articles of clothing, which have been outgrown or laid aside. These will be packed in a box during the following week and sent to a Presbyterian school in the south.

Members of the pastor's class in teacher training met at the church, last Monday night, for their monthly business and social session. The name adopted for the organization is, "Ready Service Class." After the business was over a social hour was enjoyed and light refreshments served.

A union Thanksgiving service will be held next Thursday morning at ten o'clock in the First Presbyterian church. Rev. Horace E. Seyles of the First Baptist church, will preach the sermon.

A new Era School and Conference for the churches of Detroit Presbyterians is to be held in the First Presbyterian church of Detroit, Monday and Tuesday, November 22 and 23.

On the evening of December 10th, there will be a Masonic school of instruction held at Farmington, to which the officers of the Plymouth, Northville and Farmington lodges have been summoned. Farmington lodge will confer the M. M. degree in the evening.—Northville Record.
At a meeting of the Salem Farmers' club held last week Wednesday, the following officers were elected for the ensuing year: President, Bruce Gombach; vice president, DeForest Thompson; second vice president, Karl Geiger; secretary, Mrs. Nelson Bender; treasurer, Frank Geiger.
Mrs. Morris Galpin recently came into possession of a bible bearing the date of 1765, printed in Belfast, Ireland, and brought to America by her maternal ancestor, Robert Huston, in 1772. There are some sixteen records in old style writing (and spelling) and an entry stating, "June 23, 1772, I sailed from Londonderry to Philadelphia in America, and arrived there the 25th of August, 1772. Nine weeks and two days passage."—Dixboro Cor. Washtenaw Post.

This editing a paper is some job. For real excitement it has got everything backed off the map. One of our esteemed contemporaries sizes up the situation as follows: "When a girl with a face like a cream puff marries a youth who never earned a dollar outside of a shooting gallery, the editor has to print the bride as a radiant vision of blushing beauty and the groom as one of our rising young business men, or else disappoint an expectant circle of delinquent subscribers. If the editor fails to spread a two-column obituary over a prominent citizen who never paid a grocery bill outside a justice court, he is liable to be waited on by some two-faced relatives of the deceased with an injured air and a punch in either hand."—Ypsilanti Record.
In an article relating to four new houses just completed in Northville, the Record makes the following complimentary mention of Plymouth's well known contractor, G. E. Crumbie: "These four new homes were erected through the enterprise and efforts of some of Northville's public-spirited citizens, who desired to do their share in helping to solve the housing conditions here, and the contract for their erection was awarded to Contractor G. E. Crumbie of Plymouth, one of the best known contractors and builders in this section. The new houses are modern in every sense and they are very conveniently arranged, all having bath and furnace, and a number of little extra 'touches' found only in homes of latest designs. They are finished in natural wood, with floor borders of handsome oak, and they are not only a credit to Northville and to the men whose money paid for their erection, but they are a great credit to the contractor and the crew of competent men he has employed in Northville this past summer. The owners of the new homes are greatly pleased with the manner in which Mr. Crumbie has carried out his part of the contract."

NOTICE

Now that winter is here, and snow shoveling is in order, the people of Plymouth should remember that they are expected to co-operate in keeping the walks clean. For the benefit of any who may not be aware of our regulations on the subject, the following is the substance of the village ordinance: Each owner or occupant of any lot is expected to clear his walk of snow as it has fallen. Failing this, the village may clean the walk and charge the cost to the owner or occupant of such lot, collecting this cost on the first general tax roll if it is not paid before. Owners of vacant lots are especially asked to have such vacant lots cleaned. If you do not want to bother with clearing snow walks this winter, call on the village engineer, who will show you how to do it. If any complaints are received at the village hall, let everyone help in keeping our walks clear and safe this winter. EDWARD J. RIGGS, Village Engineer.
