A STUDY OF THE BOOK OF ACTS

Read the first chapter of Acts and bring your answers to the following questions, which will be asked each week concerning every chapter.

1. What is the principal subject of this chapter?
2. What is the leading lesson as you see it?
3. What seems to you the best verse in the chapter?
4. Who are the principal characters?
5. What teaching concerning Christ do you find here?
6. What example to follow do you find here?
7. What error to avoid?
8. What duty to perform?
9. What promise to claim?
10. What prayer to re-echo do you find here?

These ten questions give us an animated and most profitable conference every week. Come and enjoy it. Bring your own Bibles.

PLYMOUTH HIGH WILL DEBATE HAMTRAMCK

Plymouth High school won its first debate in the state series by the forfeiture of Northville High school. Our second debate will take place in Plymouth High school auditorium, Friday evening, December 17th, at 7:30 o'clock. Admission 10 cents for school students and 20 cents for adults. Our Plymouth High school team consists of Charles Chappel, Etha Wisely and Lyman Judson. The question for this year is: "Resolved, that the adjustment of disputes between employer and employees should be made a part of the administration of justice." Plymouth will have the affirmative side of the question and Hamtramck High school will have the negative.

Come to the High school auditorium, December 17th, and hear a lively discussion of compulsory arbitration as a method of settling labor disputes.

MEETING OF WOMAN'S CLUB

The fifth regular meeting of the Woman's Club was held last Friday afternoon, December 10th. The meeting was called to order by the president, Mrs. D. F. Murray, and a short business session followed. In the absence of Mrs. George Robinson, recording secretary, Mrs. Robert Jolliffe was elected secretary pro tem. Roll call was responded to by giving a time saving idea for the home. The program of the afternoon was prepared by Mrs. F. A. Campbell, leader. The opening number was two vocal selections, "He's a Thrush at Eve" by Charles Wakefield Cadman, and "My Task" by L. Ashford, sweetly sung by Mrs. William Baker, with Miss Evelyn Thomas at the piano. Two interesting papers were read: "Housekeeping from Primitive to Modern Days," by Mrs. H. S. Doerr, and "Textiles, Test of Quality of Materials," by Mrs. E. E. Champe. This concluded the program.

It was voted at this meeting to try and secure the Presbyterian church for the next outside talent meeting, which will be held this (Friday) afternoon. The speaker, J. Harold Robinson, M. A., of Ann Arbor, will present a series of papers.

Members of the Plymouth High school and the Northville and Wayne Women's Clubs are invited to attend this meeting, and each member is asked to bring three guests. Mr. Hathaway is a brother of S. Conger Hathaway of this place, and the club is certain that a pleasant and profitable afternoon is in store. The meeting will call at three o'clock.

All members of the club are urged to bear in mind the bazaar, which will be held Friday afternoon, Dec. 17th, and assist in preparing for it. The public is invited to attend. All moneys received from the bazaar will be placed in the building fund, and the members of the club are anxious to increase this fund as rapidly as possible.

DEATH OF MRS. GEORGE HILTZ

Mrs. Anna Matilda Hiltz, aged forty-five years, wife of George Hiltz of this place, passed away at her home on York street, last Sunday morning, December 6th. Mrs. Hiltz had been in failing health for the past two months, and although a great sufferer she bore her illness with Christian patience and fortitude. The deceased is survived by her husband, two daughters, Mrs. George Howell and Mrs. Ora Wilcox, both of this place, three granddaughters and other near relatives. The deceased was an active church member, and was a member of the Epworth League. She had been a member of the Methodist church of this place, conducting the services Tuesday morning, the relatives left for the remains for Selkirk, where burial services took place Sunday morning, last Sunday. Mrs. Hiltz was a native of Michigan, but during her stay here she had made many friends, who deeply sympathize with the bereaved family.

A GOOD TIME TO BUY

There is no reasonable doubt that, generally speaking, the shrewd Plymouth buyer will do well to take advantage of present prices. Newspapers everywhere are crowded with offers of real bargains, and the dollar goes farther today in purchasing necessities and many luxuries, than at any time since the world war started. How long this condition of things may continue is a problem, and therefore, it is advisable for people intending to make purchases to make them before the tide turns, and

prices take another upward swing, as it is quite possible they may do with the conditions of production as they are.

To unduly delay purchasing, to hold back in expectation of a still greater decline, tends to render more serious the present situation and to lessen production in many lines. While in some instances there may be a surplus of goods on the shelves of retailers, generally speaking production has a long way to go before it makes up for the losses we sustained in production during the war.

We are all in the same boat together, and in order to keep the wheels of industry turning and labor well employed at good wages, it is necessary that goods should move in a normal way, and the movement not be retarded by the unjustified refusal on the part of consumers to buy. We have really been through something like a panic without realizing it. The best judges of business affairs takes the view that the worst is over, and that, if the public gen-

erally will act in a normal way and satisfy their normal wants, the situation will brighten, and we will again enter a period of general prosperity.

GET BOTH SIDES

We don't want to discredit boys and girls of Plymouth, but we believe their parents would do well to remember in listening to their version of what happened at school that there are two sides to every question. Very often the tender heart is susceptible to jealousy and quite often, too, the youthful mind is not capable of placing the proper construction of the statements of older people. The scholar imagines the teacher is "making a pet" of another scholar, and is quick to magnify the matter when relating school room occurrences to his or her parents.

If you know anything about children, you know it is hard to find two of the same disposition. For that reason it is a difficult thing for the teacher to please twenty or fifty or even more when no two of them are alike in temperament. Some of them are going to see things in a different light than the others, and those who have a tendency to become displeased when everything does not go their way are usually the ones who return home with a story that is apt to put the teacher in the wrong light.

If you know how difficult it is to train one child properly, then you can get a pretty good idea of what the teacher has on hand to train a flock of them. For that reason you will take any wild story brought home from the schoolroom with a grain of salt. In other words you will either fail to give it serious consideration or, if you do consider it, you'll be honest enough to recall that there are always two sides to every story.

Tonquish Lodge, No. 32, I. O. O. F., gave a farewell smoker in honor of Past Grand, W. J. Stewart, who left Tuesday, for Florida, to attend the winter at the lodge rooms last week Thursday evening. Several of the members made short talks, and F. W. Hamill gave a pleasing reading. Mr. Stewart was given a joyous send-off by all the members present, with best wishes for a pleasant winter in the southland.

The marriage of Miss Laura Widmaier to James Mulholland of Detroit, was solemnized by Rev. Rosh at the Presbyterian manse on Chalmers avenue in Detroit, Thanksgiving day. They were attended by Mr. and Mrs. Robert Moran, the groom's sister and her husband. The bride is the youngest child of Mr. and Mrs. Fred Widmaier of West Plymouth. She was one of West Plymouth's most popular young ladies. They will reside in Detroit.

Mrs. Nora Zitt, 488 1/2 St. street, celebrated her birthday, Tuesday, December 7th. Her children had a very merry dinner on her arrival home. The table was decorated in red and white, and a beautiful birthday cake graced the center of the table, which was presented by Mrs. Ernest Kincaid. Mrs. Zitt received many other gifts from friends and relatives of the family. The family were entertained at the home of Mrs. Kincaid, where an enjoyable evening was shared by all.

Mr. and Mrs. Cecil E. Smith of Cleveland, Ohio, and Miss Mary Bradley spent Thanksgiving at the parental home of Mr. and Mrs. H. A. Bradley, where with friends and relatives they were entertained. They did ample justice to the turkey, plum pudding spread at the table. Friday, the young couple, Mr. and Mrs. Smith, visited the former's home in

South Lyon, where a large reception was given in honor of their return, while cordial greetings and happy congratulations were extended, and will long be remembered by those present. After meeting many old friends and visiting other relatives, they returned to Plymouth. Mr. Smith left for Cleveland, Sunday morning. Mrs. Smith, after a flying trip to Detroit, followed her husband to their home, Thursday afternoon.

Get Well

It is indeed hard to stand on one side while the stream of life flows by. A man or woman condemned to sickness that does not permit him or her to perform the active duties of life, to do his or her share of the world's work is a pathetic figure deserving of sympathy.

Much sickness, pain and suffering result from disordered kidneys and bladder. Failure of the kidneys to do their work properly and their impurities out of the body lead to rheumatism, neuralgia, sciatica, still or swollen joints, redness under eyes, blood in urine, biliousness, bladder weakness, constipation, or other ailments.

Doyle Kidney Pills

are effective in removing the cause of the trouble for they stimulate and help to keep functioning so that the blood stream is purified and the cause of disease removed.

A page ad in the Fenton Independent printing the by-laws and object helped in the publicity campaign.—Brighton Argus.

GIFT SELECTIONS

"Shop early and avoid the rush." We hear this same quotation every year. It is just as appropriate this year as it was last year. Most of us would obey this most excellent advice if we could just make up our minds what to buy.

The purpose of this advertisement is to make just a few suggestions about Christmas gifts. Below you will find listed a few articles suitable for this purpose. You may feel assured that as usual our prices are considerably below the average. "It pays to Shop in Elm."

Our Candy Department will carry the most complete stock of Christmas candy and nuts we have ever attempted. New goods are arriving almost daily for this most important of Christmas Departments.

Be sure you have a sufficient supply of "Sweets" on hand for the Great Day.

Candy and Nuts are of course very important, but most important of all are the gifts to be selected for the little folks. If the youngsters are perfectly satisfied and happy with the articles "Santa Claus" brings them, you-folks who have long lost faith in "Santa Claus" cannot help but enjoy your Christmas.

For the little folks we have many interesting Toys, Sleds, Dolls, Blocks, Mechanical Toys, Children's Books, Cut-outs, etc.

For the men folks we have a complete line of such appropriate gifts, as Neckties, Suspenders, Garters, Shirts, Handkerchiefs, Gloves, Warm Coats, Flashlights, Cigars by the box and Cigarettes by the carton.

What to buy for the ladies is always a big question, at least most men find it so. We will be more than pleased to assist any man with this ticklish problem. Our stock for the ladies includes such acceptable gifts as Fancy Dishes, Aluminum Ware, Aladdin White Ware, Pyrex Glass Oven Ware, Gloves, Handkerchiefs, Perfumes, Hair Nets (six nets in a pretty box).

Christmas stocks are coming in every day. We feel perfectly safe in saying that we can supply the wants of any member of the family.

Methodist Matters

The number partaking of the Sacrament of the Lord's Supper in the Methodist communion service, last Sunday morning, was the largest in the history of the local church. One extra tray of individual communion glasses has been added to the set since the last previous communion, but still there were not enough for the large number present.

The goal of one hundred fifty for the evening preaching service was reached and passed, last Sunday evening, there being one hundred fifty-two people present. The pastor preached a stirring sermon on "The Faith of Our Pilgrim Fathers" in commemoration of the landing of the Pilgrims three hundred years ago.

Christmas plans are well in hand and promise a most impressive observance of the Savior's birthday.

With so much need of suffering and starving children confronting us, we could not think of anything but a giving White Gifts Christmas again, and preparations are being made in accordance with this beautiful idea.

An impressive Christmas cantata, entitled "The King's Birthday," will be given under the direction of Mrs. Bertha Cook, Mrs. Frank Dicks and Mrs. Frederick Thomas. This will be presented with striking oriental costumes, and will make an unusual program. The date is Wednesday evening, December 22nd. The gifts for the birthday of our great King will be of three kinds: Substance for the relief of His children, service in His name, and self in consecration to Him. The gifts of substance are to be divided between the Methodist Children's Home in Highland Park and the starving children of Europe.

Every Methodist Sunday-school in the country is asked to remember this last fund under the direction of the board of Sunday-schools. For the primary department children an additional treat will be furnished in the nature of a Christmas party, Tuesday afternoon, December 21st.

The pastor has been called upon for ministrations in the home of sorrow on two occasions this week. On

Monday afternoon, he conducted the funeral service of Mrs. George Hiltz at the home on York street. Mrs. Hiltz, although not a member of this church, was a christian believer of another denomination and was an interested worshiper here when health would permit. A large representation of the Friendly Bible class, of which she was a member, attended the service. On Tuesday, Rev. Field made an eighteen mile drive into the country to conduct a funeral service for the infant child of Mr. and Mrs. Barrett, five miles west of Northville.

Miss Roxie Jones, assisted by Miss Ada Daggett, conducted an unusual meeting of the Epworth League, last Sunday evening. The attendance was the largest in many months. It was Epworth Herald night conducted as a "Hike up Pike's Peak."

The mountain pictured on a large chart was scaled by subscribers to the young people's paper. Ten subscribers made it possible to reach the summit, and the list is still growing. The League meeting next Sunday evening will be led by W. B. Lombard, with the topic, "Progressive Living."

A. M. Johnson's class of boys, which was organized three weeks ago with five boys, jumped to nine the second Sunday, and last week to ten. The class is for boys nine and ten years old.

The Brotherhood Bible class is planning for a Christmas party next week Tuesday evening.

The annual Christmas party for all the women of the Methodist church or any of its affiliated organizations will be held at the church, next Wednesday, December 16th. There will be a "pot-luck" dinner at one o'clock, followed by brief sessions of the Ladies' Aid society and the Missionary society, after which a social hour of Christmas fun will be enjoyed. This gathering takes the place of the December meetings of the different women's organizations. Last year the plan proved to be a splendid success, with a large attendance and a good time.

A special invitation was recently extended to the members of the Daisy Employees Association to attend service together at the Methodist church, some Sunday evening. The invitation was graciously accepted, and next Sunday evening, December 12th, has been selected for their visit. The pastor, Rev. F. M. Field, will deliver an appropriate message, and Mr. Tracy, one of the Daisy men, will sing a tenor solo. The chorus choir will also render special music.

A telegram this week announcing that the set of stereopticon views on the Life of Christ, which were to have been shown this coming Sunday, would not arrive until next week, so that the first set, covering the birth of Jesus and his boyhood, will be shown December 19th, the Sunday before Christmas. This will make a delightful Christmas treat.

Thermo-Seal Inner Lining

THE Thermo-Seal Inner Lining is the very foundation of successful heating with a pipeless furnace. Consider this carefully. Economy—Warm air must keep on coming from the furnace, and cold air must keep on going in. If this circulation is retarded there will be no heat! Circulation will be retarded unless the cold air is kept cold until it reaches the bottom of the furnace. (Note the direction of travel shown by arrows.) The Thermo-Seal Inner Lining, consisting of heavy asbestos covered with heavy galvanized steel plates keeps the cold air chamber permanently cool. It maintains air circulation—insures assurance of plenty of beautiful heat.

THE UNITED GUN CLUB

The December 5th shoot of the United Gun Club, held in spite of the cold and high wind, was a binger. The ability to shoot well is not a gift, but an accomplishment, and the fact that ladies, as well as gentlemen, may acquire this ability, was proven conclusively at this shoot. In spite of weather conditions, Mrs. L. G. Vogel led the entire field in the fifty target program, by bursting forty-eight of the string.

Nine contestants shot through the fifty target program, with very creditable scores. Seemed like old times to see Green, Balden and Schrader on the firing line again. Late arrivals boosted the entries in the practice events to ten. 500 targets were thrown in this event, 389 being broken.

The date for the poultry shoot is December 22nd, instead of December 5th, as previously announced. This will bring the shoot on Wednesday, just ahead of Christmas. Shooting will start at 10:30 a. m., eastern time, early arrivals being allowed to shoot a practice event. Thirteen turkeys, thirteen ducks, thirteen chickens, all dressed, and twelve chances to try for each. Twelve events, ten targets each, with prizes to the three high guns on the entire program. Entrance fee will be six dollars, including targets. A good assortment of shells will be on sale at grounds at this shoot. Don't miss this.

The 50-target scores were:

Mrs. L. G. Vogel	48
H. Passage	46
F. Hills	44
M. Powell	44

WAYNE COUNTY FARM BUREAU NEWS

With the object of forming a closer affiliation between the women folks of the farm and the Farm Bureau organization, a meeting of community representatives was held at Dearborn on the third instant, with Mrs. John C. Ketchum of Hastings, member of the executive board of the State Farm Bureau, and Mrs. Louise Campbell of the M. A. C., new state leader in women's work, in attendance. Representatives were present from Plymouth, North Canton, Sheldon, Perrinville, East Nanton and New Boston; also Mrs. Maud M. Bennett, member of the executive board of the Wayne County Farm Bureau, and Miss Marian H. Rogers, County Home Demonstration agent. Mrs. Ketchum talked on "The Farm Woman and the Farm Bureau." She explained that the organization leaders of this great agricultural movement were formulating plans to include the women not only in membership, but in the general beneficial good aimed at through the organization, particularly as to the farm home. Mrs. Campbell explained that community groups were needed to secure results among the women as well as the men; that she would work along this line in Michigan, as it had been successful in Iowa and North Dakota, where she had been state leader for the past ten years. Mrs. Bennett will name a committee to plan the work in the county on home economics; also it was decided to hold a general meeting with all communities represented, in March, at the same time as the annual meeting of the Wayne County Farm Bureau is held.

Farm Bureau members particularly interested, met at the Plymouth High school, Thursday evening, Dec. 9th, to plan methods of fighting tuberculosis, a disease that is spreading to such an alarming extent that

the general public health of the state is threatened. Dr. H. H. Halliday of the state board of health, made the principal address. The Wayne County Farm Bureau will co-operate in the state wide campaign.

Under the auspices of the home demonstration agent, Miss Rogers, three meetings will be held in this county to instruct the women in the matter of making dress forms. Miss Helen Arms will be present and have charge of the demonstrations. The meeting on the 15th will be held at the home of Mrs. Frank Palmer, Plymouth, on the 16th, at the residence of Miss Genevieve Clark, Belleville; on the 17th, at the Grange hall on the Eureka road. Women from various communities will receive the instructions so that they can give the demonstrations to their neighbors and in this way spread the good all over the county.

Boys' and girls' hot lunch clubs are being formed in all sections of the county by Glen O. Stewart, leader in that line of work for the Farm Bureau. Wayne county is now leading the entire state in this work, which means one hot dish for each child member at school.

Manual training or handicraft work in the rural schools is being undertaken for the first time in this county. Rev. F. A. Blake of Romulus, is local leader of the Romulus club. All rural school teachers have been sent questionnaires by Mr. Stewart, and clubs of the kind that may be desired by the pupils will be formed by the Farm Bureau.

A new cement bridge is to take the place of the iron structure at the foot of the hill at the village limits on the Northville-Plymouth road. Work has already commenced on the same.

HOW TO BE HEALTHY
If you would enjoy good health keep your bowels regular and your stomach and liver in good working order. This is easily done by taking Chamberlain's Tablets. These tablets strengthen the stomach and regulate the liver and bowels. They are easy to take and mild and gentle in effect. They only cost a quarter.

PLIGHT OF EUROPE'S CHILDREN STAGGERS

3,500,000 Facing Starvation Can Only Be Saved by America's Response to Joint Appeal.

It is utterly impossible for one who has not actually seen the misery of the early Autumn in Europe to visualize what the children of the Eastern and Central portions of the continent face this winter. To say that 3,500,000 children have no alternative to starvation or death from disease except American aid, is startling, but independent observers by the score and careful scientific surveys of the economic and crop conditions overseas brand the figure as conservative.

In Poland, for instance, where 1,800,000 youngsters last year subsisted almost entirely on the one free American meal a day that they received, conditions as winter closes down, are worse than ever before. The Bolshevik invasion stripped large portions of the country of all grain. Professor E. D. Durand, Food Advisor to the Polish government, after an exhaustive survey, has reported that only forty per cent is available of the food necessary to carry the population through the winter.

In the city of Vienna tests conducted in the American Relief Administration food kitchens showed that 52 per cent of the children between the ages of 8 and 14 were "seriously under-nourished." Thirty-three per cent were markedly under-nourished, 11 per cent were slightly abnormal and only 4 per cent approached the state of a normal American child. The American Relief Administration is feeding 300,000 Austrian children every day now, and there is no chance of diminution of need before next harvest.

The spectacle of the medical needs of Europe's children is equally appalling. Estimates reaching the American Red Cross - a needs for medical service in the destitute areas this winter include: Old Austria-Hungary, 750,000; new Poland, 1,500,000; Czechoslovakia, 200,000; Serbia, 150,000, and Roumania, 100,000. In the fiscal year of 1919-20 the Red Cross has reached with the veritable gift of life 1,500,000 children in the affected areas. Tuberculosis is prevalent to a terrific degree. Five children out of seven in the city of Warsaw, for instance, have been found to be tubercular. Typhus is widespread; rickets, the right hand of under-nourishment is almost universal, and cholera lifts its grim head constantly in one place and another.

The European Relief Council, comprising the American Relief Administration, the American Red Cross, the American Friends' Service Committee (Quakers), the Jewish Joint Distribution Committee, the Federal Council of the Churches of Christ in America, the Knights of Columbus, the Y. M. C. A. and the Y. W. C. A., seeks \$88,000,000 with which to meet the situation. It has estimated that at least \$28,000,000 must be had for food and \$10,000,000 for medical services to avert absolute disaster among the threatened children. Checks may be sent to your local committee or to Franklin K. Lane, treasurer European Relief Council, 42 Broadway, New York, or to the Child Feeding Fund, Literary Digest, New York City.

WILL OPEN NEW GARAGE

Frank Hake and William Westfall will soon open a garage in the barn at the rear of the Mail office and the Penniman Allen theatre, formerly used by H. C. Robinson as a livery barn. A new cement floor is being laid in a part of the building. They will do all kinds of auto repairing, and also tractor repair work.

Worth Saving.

The features of this girl portray the finest type of Polish childhood that now lies engulfed in hunger and disease and all their attendant miseries. Relief already administered by America has preserved her beauty and freshness, albeit her eyes betray the suffering she has seen, but, literally millions in her own and adjacent countries still have no one to look to but America as another winter of horror closes in upon them. To the end that their prayer may not go unanswered eight leading American relief organizations have handed together in a joint appeal in behalf of Europe's suffering children. They are the American Relief Administration, the American Red Cross, the American Friends' Relief Committee (Quakers), the Jewish Joint Distribution Committee, the Federal Churches of Christ in America, the Knights of Columbus, the Y. M. C. A. and the Y. W. C. A.

CONTRARIES

By MILDRED WHITE.

(© 1920, Western Newspaper Union)

"Tain't no use," said Leslie. "I'm too homely."
Mrs. Cy Cummings looked her over speculatively.

"Homely is a lot as folks make themselves," she replied. "Now look at Hanner West. Take her sweepin' in the morning, her hair in pins, homely as kin be. Then take her at a social in her plain talk with her hair fussed up, an' she's a good-lookin' girl; happy, too, an' always comin' to see her home."

Leslie smiled. It was a good-bumored smile which betrayed no regret in her loss of Cy Cummings.

"However," her sister went on, "let's get back to the subject. A well-to-do, sensible single man has bought the Wilby place. His stylish sister kept house for him over to Webster's Corners till she died six months ago. Now Nate Dixon is in search of a wife. Every one knows that, cause he told Mary when he engaged her to housekeep, that she needn't consider her position permanent. They's four women in our society this minute willin' to be Mrs. Dixon. Ain't one of em's nice. But, there's no reason why you shouldn't cut 'em all out if you had a little of your sister's ambition."

"Maybe," said Leslie, with a flush, "I wanted to lose out Ellen, where I wasn't interested."

"Well, you look interested enough now, whenever Nate Dixon comes our way. Noticed it yesterday when he stopped over to ask a question. And you'd better know that a good house and bank account is worth takin' the trouble to smile for."

"I bought this pink muslin for you at Barnie's today," she said. "We can start makin' it up this afternoon. An' I'd trim my black hat over if I was you—black looks real well with pink. Then we'll get busy with your hair."

But Mrs. Cy Cummings dominated every situation of her household, and Leslie, dressed in pretty frocks and becoming headgear, went obediently—yet rebelliously, upon her chosen way. The new object of village interest was most perplexing in his attentions. For though he noticed not at all the four women who never failed to be present at each entertainment, his attention to Miss Leslie began at first encouragingly, then managing sister much anxiety and heart burning. For after a long and romantic drive through the country to Leslie's company, Mr. Dixon would absent himself from her presence for weeks at a time, reappearing unexpectedly at meeting some evening to walk home by her side, and thereupon disappearing again from any chance encounter.

"Mr. Dixon," Leslie remarked one day, "showed me some pictures of his sister last night. My! she must have been fine; looks like a fashion cover in all of 'em an' every one different. Used to play an' sing an' take part in public entertainments, he told me, an' gave teas an' parties herself besides."

"Probably," Mrs. Cummings answered crossly, "that's why some dull stay-at-home folks ain't up to the mark with him. Anyone can see, Less Saunders, that you ain't enjoyin' yourself out in company even when you're dressed up an' pretendin' to be."

It was then that Leslie revolted.

"Well," she answered calmly, "there isn't going to be any more pretendin' in 'm through."

When Leslie appeared at breakfast next morning she was garbed in her neat print dress with sleeves rolled up at the elbows. And when she went out later to the apple trees with her sewing she returned her sister's disapproving frown with a smile. Leslie beneath the apple trees was just a wholesome, rosy-cheeked woman who sang as she rocked comfortably to and fro. Her sister's parting slam of the door as she left the house failed to disturb Leslie's satisfied calm. And presently upon one of his unexpected visits came Nate Dixon. Leslie motioned him indifferently to the bench at her side, but the color left her cheeks as she laid aside her sewing. The village prize stared wonderingly at the woman before him.

"Why—" he stammered, "you look real different some way, Miss Saunders."

"It's the dress," Leslie answered frankly, "and the plain way I've done my hair. This is it's natural way," she laughed shakily. "Reckon this is jest my natural self you're seeing today, Mr. Dixon."

A light came to the man's eyes as he leaned eagerly toward her.

"You mean," he asked, "that you aren't altogether a pleasure woman after all? Forgive me," he quickly added, "you see, my sister was never contented to stay in her own home—always running after excitement, never finding much happiness, either. So I never had much of a home, shifting most of the time for myself. So I hoped when I did come to like a woman—to love a woman—that she'd be the kind who could make a real home for me. Didn't want to let her down, either, unless I was sure she'd be happy there. Leslie," he ended solemnly, "you look now like the woman who might be content in that home. Are you that woman, Leslie?"

And when she had wiped the tears from her eyes Leslie beamed upon him.

"Beats all," she said, "how my whole life has gone by contraries, right up to this minute, when I thought you'd never care, for the real me—that I am."

Mr. Bullock Recommends Chamberlain's Cough Remedy.

"Last winter when my children were sick with colds and were coughing a good deal, I gave them Chamberlain's Cough Remedy," writes Mrs. C. M. Bullock, Gorham, N. Y. "It relieved them at once, and under this treatment all symptoms of the cold gradually disappeared. My experience with this medicine warrants my recommending it to others."—Advt.

Have You Your "Edison and Music"?

Get this fascinating book at once. It's free. The complete, romantic story of Edison's seven-year struggle to produce perfect realism in the phonograph. Beautiful illustrations of the 17 period cabinets. A truly worth-while book.

YOU never saw more exquisite cabinets.

The world has never produced any more exquisite cabinets.

These cabinets are descended out of the Golden Age of Furniture.

This was the age when Europe built its most luxurious palaces, created its greatest works of art, developed its finest types of craftsmanship.

Mr. Edison's designers went back to the furniture masterpieces

of this period. They adapted 17 of them for the modern American home. They made even Edison Cabinet a period cabinet,—even the least expensive.

You must see these cabinets. Only then will you appreciate what wonderful richness and atmosphere one will add to your home.

Ask about our Xmas Budget Plan. It manages your money economically. It makes 1921 help pay; and that's good business.

A Word About Prices

In 1914, as you can ascertain through practically any investment banker, the Edison Laboratories were selling phonographs on a narrow margin of profit from the other manufacturers. Since 1914, the price of the New Edison has advanced less than 15%—and a portion of this is war tax. "Edison saved the gift" to keep his favorite invention within the reach of everyone.

TIMELY HINTS FOR SENDING XMAS PARCELS

The local postoffice is getting ready for the Christmas rush, and Postmaster Hill has supplied us with the following timely suggestions, which will help the local office force in handling the many Christmas parcels, and at the same time supply valuable information to the sender of gifts and parcels at this time. Here are the suggestions:

Address should be placed in lower right hand corner.
Name of sender should be placed in upper left hand corner.
Both of the above should be as clear and plain as possible.

Parcels should be wrapped with heavy wrapping paper and tied with stout twine.
Christmas seals and stickers should be placed on the back of letters and parcels, and not on the face with the address.

Parcels may in addition to the name of the sender and address have endorsed such words as, "Do not open until Christmas" or "Open on Christmas."

Parcels sent to Germany shall not weigh to exceed eleven (11) pounds, better make them 10½ pounds for safety, and should be marked, "Gift Packages," and in view of the fact there is so much suffering in the country, that persons sending parcels which for some reason cannot be delivered, that they mark on the parcels, "Wenn unbestellbar, für die Armen" (when undelivered, for the poor). This is a suggestion from the Berlin Postal authorities.

Send your parcels as soon as possible, so they will be sure to reach the parties by Christmas.

U. S. soldiers, sailors or marines, or the wives of U. S. soldiers, sailors or marines who are physically disqualified for examination by reason of injuries received in the line of military duty. Form No. 1977 and application blanks may be obtained from the offices mentioned above or from the United States Civil Service Commission at Washington, D. C. Applications should be forwarded to the Commission at Washington at the earliest practicable date.

Baptist Notes

The Lord's Supper was observed last Sunday. A large number partaking. The right hand of fellowship was given by the pastor to a young lady at the close of the service. Rollin Allenbaugh sang the solo in the morning, and Miss Fanny Grainger and Miss Dorothy Hinnau, the duet at the evening service. These young people are helping what they can to make a good and profitable service on Sunday.

The banquet last Friday night in the church parlors was well attended, about 100 were present. Old-fashioned spelling schools and guessing contests and games were the order of the evening. The Red Cross vote of thanks to the Blues for the good time and splendid supper.

We were pleased to receive into the membership of the church, Rev. Horace E. Sayles, wife and five sons. The Young People's class are making a fine growth under the leadership of Harry Sayles.

We wish that more teachers would advertise for scholars to fill up the number sought for. Mr. Allenbaugh advertised for five last week, and got three new ones this week. Good work, boys, keep it up.

We were delighted last Sunday with our special—Miss Fannie Grainger at the piano, Marion Beyer and Gertrude Grainger with violins.

Last Sunday, we missed very much our superintendent and organist. Glad to see our superintendent of missions is working in her subject in our Sunday-school.

New scholars are welcome at all times, and some classes are working as hard as ever.

SCHOOL NOTES

Boys' basket ball practice has started with a great deal of enthusiasm. More than 20 fellows are trying out, and there is to be real competition for every position. Fred Millard is to assist Mr. Holcomb with the coaching, and if coaching, enthusiasm, and quantity of the material can make a winning team, Plymouth will have one. New suits have been obtained, and hopes are high that the Blues and White will be the winners for the basket ball season. Five of last year's letter men are back: Wilcox, Miller, Randall, Doud, Wisley and Walker, who played last year in one or more games, are out. Cook, of last year's team at Northville, is another contender.

The Four Square League schedule will open with Northville here, Jan. 21st, but other games are expected on January 7 and 14. One of these will, no doubt, be at Trenton, the other at home.

Louis Strab and Marjorie Wolf have entered the fifth grade. Elizabeth Murray re-entered school Monday.

There are fourteen girls of the high school trying for the girls' basket ball team this year. With the amount of enthusiasm displayed, the future of the team should compare very favorably with that of last year. Of course, the team this year will be practically a new one, as only two of the regular players of last year are with us. But with these two, Edith Pierce and Merle Roe as centers, we should surely be able to "put it across," all right, as they did last year. The girls out for forwards are Lenore Wright, Marion Kieley and Ione Bird, for guards, Hanna Strasen, Ila Roe, Bonnie Mueller, Wanda Schutz, Fay Herrick, Dorothy Freydl, Catherine Darby, Margaret Clemens and Marion Bennett. The forwards are doing very good work, and are quick, which is one of the most important requisites of a good forward. The guards are fighters and some of them are doing very good work getting the ball and guarding their opponents. In picking the team, the competition will be close, as all of the girls are showing true basket ball spirit.

Today's Reflections

Maybe the reason the price of shirts remains so high is they use so many pins in doing up the new ones.

No wonder the average Plymouth woman's mind is clearer than a man's. She changes it oftener.

The best way to get rid of an agent is to out-talk him on the merits of his wares, even though you know you are lying.

What has become of the old-fashioned Plymouth woman, who used to help the children say their prayers at night?

The only drawback to buying something on the installment plan is the installments.

The girl who wants to be loyal will say, when her beau hands her the Christmas present, "Thanks, did you buy it in Plymouth?"

One of the big problems with the suffragettes now is what to tackle, since they've got the ballot.

Some crops fail every year, but the crop of people who think they can run other people's business successfully never fails.

Some Plymouth men seem to go on the theory that it doesn't matter how they dress away from home, nobody knows them; and that it makes no difference how they dress at home, everybody knows them.

We've noticed that there's more notice taken of one typographical error in the paper than there is in a whole column that is correct.

The Plymouth man who insists that he knows all about repairing his own car soon finds that "a little learning is a dangerous thing."

We'll serve notice on the women right now, that if they try to put through an amendment prohibiting tobacco, we're going to come right out in the open for an anti-kissing law.

With eggs threatening to sell at 10c each, the Plymouth man who invents a way to eat half an egg at a time will have his fortune made.

Plenty of wheat, no cars; no cars, plenty of wheat. So wags the world.

MICHIGAN FARMERS WIN SHOW HONORS

MAJORITY OF PRIZES IN SMALL GRAIN CLASSES CLAIMED BY STATE GROWERS—MICHIGAN EXHIBIT WINS PRAISE.

Falling down far more than their share of awards in all small grain classes, and scoring practically a clean sweep in certain fields, Michigan farmers exhibiting at the Chicago International Hay and Grain Show, last week, brought home the lion's share of honors. This show, which is held annually in connection with the famous International Live-stock Exposition, is the biggest crop exhibit of its kind in the country, competitors from all over the United States and Canada competing for the \$10,000 prize money.

The first twenty-two awards for exhibits of rye were pulled down by Michigan growers, George Hutzler, of South Manitou, ranking first. Rosen rye, a Michigan variety developed by the Michigan Agricultural college some years ago and now grown all over the country, took 29 of the 30 prizes awarded for rye.

Another triumph for Michigan came in the wheat judging. Red Rock wheat, state product, originated by the plant breeders at the M. A. C., took 9 of the 14 awards in its class.

Fine showings were made by state growers in other small grain classes, but the biggest victories were recorded in the rye and wheat fields. Charles Laughlin of Three Oaks, took first corn honors for the northern district at the show, while A. W. Jewett, Jr., of Mason, won the second place in clover hay.

An educational exhibit of Michigan crops was one of the outstanding features of the entire show. This exhibit, which was prepared by the Agricultural college, showed the co-operation of the college, the Michigan Crop Improvement association, and the Seed Department of the State Farm Bureau in developing, producing and marketing fine quality seeds. An idea of the diversity and scope of Michigan crops was given by the exhibit, which attracted the attention of thousands of visitors at the big show.

J. F. Cox, head of the Crops Department at M. A. C.; A. L. Bihbins, secretary of the Michigan Crop Improvement association, and H. C. Rather, college extension specialist in farm crops, were in Chicago all the week in charge of the Michigan exhibits.

ONE WOMAN TOLD US

"Five minutes in the morning with an electric iron makes wash day so much lighter."

This woman realized how often blouses, frocks and even lingerie found their way into the laundry bag ahead of time, just slightly mused.

Even a hint of untidiness made dainty things unwearable and added to the weekly washing.

Now she uses an electric iron: With just a twitch of the switch and a few moments of gentle ironing, crumpled garments become smooth and lovely—together wearable.

LEGALITY OF WOMEN IN OFFICE IS TESTED

DETROITER SEEKS TO OUST PLYMOUTH PEACE JUSTICE

Whether women can legally hold office in the United States is to be tested in the Wayne circuit court through the filing of a petition, Friday, to oust Mrs. Zhebe L. Patterson, justice of the peace at Plymouth, by William Liebnitz, Detroit baker.
 The petition was filed by James H. Pound, attorney, who contends that citizenship does not mean eligibility to office. Under old English law, no woman can hold public office unless she appoints a deputy to discharge its duties. Women have been sheriffs in England, says Mr. Pound, under this arrangement.
 Mr. Liebnitz is said to have acted because of trouble between himself and Mrs. Patterson, before whom he appeared lately on a minor charge. Mrs. Patterson has held office about two years, it is said.—Detroit News, Dec. 4th.

The case came on for trial in the circuit court yesterday, but up to the time of going to press the result has not been learned.

TROOPER INJURED BY SPEEDING AUTO

Trooper William Heid is being treated in a Detroit hospital as a result of an accident which occurred while he was on duty on the patrol for the Lake Highway. The accident occurred when Heid, trooper Heid was chasing a speeding automobile, and as he pulled up beside it the car swerved directly into Trooper Heid's path, and the latter, when attempting to turn out to avoid a collision, slipped into the car and his motorcycle left the road. The Monroe City automobile was damaged and later Trooper Heid was removed to the Harper Hospital, accompanied by Trooper Whimlow. He suffered severe internal injuries and his condition was necessary. Trooper Heid stayed the night last January and has been stationed at both the Plymouth and the South Rockwood detachment headquarters on mounted duty. He was assigned to the motorcycle patrol last spring.

STIMULATING FIRES MAKE STATE VAST SUM

Although a complete report has not been made, it is estimated that the work of the State Police in fighting forest fires during the past season will be something like \$1,000,000.
