## PLYMOUTH HIGH WINS TWO GAMES

GIRLS' AND BOYS' BASKET BALL TEAMS EACH WON A VICTORY AT TRENTON LAST FRIDAY

The girls' basket ball team played the Trenton basket ball team, last Friday night at Trenton. The score was 39 to 5 in favor of Plymouth. Lenora Wright and Marion Kieley, forwards; Edith Pierce and Merle Roe, centers; Wanda Shultz and Bonnie Mueller, guards. These girls played throughout the entire game, as no substitutes were put in. Our next basket ball game will be played with Northville, at Plymouth, this Friday night, at 7:30.

In the boys' game at Trenton, everything looked fine and lovely during the first half. Trenton put up real opposition, but the play was nearly all under Plymouth's basket, and one lone free throw was all T. H. S. could acquire from Miller's and Cook's guarding. Doudt repeatedly lost his guard, and he and Tait ran up all points. The third quarter looked quite different. Trenton took a brace in guarding, scored up four baskets in a row, and at the beginning of the last quarter tied the score up at 14 each. But Plymouth's fighting spirit was at last aroused, and with a whirlwind finish, Tait and Doudt scored in quick succession, and the game ended 20-14 for Plymouth. The line-up was as follows:

Plymouth—R. F. C. Tait; L. F. W. Walker; C. L. Cook; R. G. M. Doudt; L. G. F. Miller.  
Trenton—R. F. Alyea; L. F. Purdy; C. Manns; R. G. Armstrong; L. G. VanHorne.  
Goals—Tait 3; Walker, Doudt 5; Alyea 3; Manns, VanHorne, Purdy.  
Free Throws—Tait 2 of 3; Alyea 1 of 5; Purdy 1 of 3.  
Referee—Henny, Wyandotte H. S.

"EVANGELINE" BOOKED FOR OPENING NUMBER OF METHODIST MOVIE PROGRAM, JANUARY 31.

A demonstration of the new safety motion picture projector to be installed in the local Methodist church, will be given at the church, next Monday evening, January 24th, by J. C. Fishman, manager of the Detroit Branch of the Standard Film exchange. An interesting program will be given at 7:30, including some thrilling pictures of wild animals, which comprise the first episode of the much advertised serial, "The Lost City," and also a comic and some high grade educational films. It has been subjected to the most rigid tests and never has failed. The official certificate of the Michigan State Fire Marshal, permitting the use of the machine in the local Methodist church, as been received, all points of the law having been complied with.

For the formal opening of the season's program of family moving pictures each week, the committee has booked the great super special classic, "Evangeline," conceded to be the greatest picture, William Fox has put out. It costs three times as much to secure this picture as any ordinary film that could have been booked, but the committee in charge desires to put on something really big for the opening number. This great masterpiece will be shown, Monday, January 31st.

#### OTHER PEOPLE'S BUSINESS

Taking exceptions to the way other people run their business is a favorite pastime of the American people, and quite a few of that kind of Americans make their home in and around Plymouth. Not that this community is different from any other, for it isn't in that respect. But just as charity should begin at home, so should the work of eliminating criticism start at home.

It seems to be human nature for a fellow to think he could run another fellow's business better than it is being run. Take for example the newspaper. You wouldn't run the paper the way we do, would you? Of course not. Possibly you would do a lot better, but this much we know—you would not run it the way you think you would. No man ever run a newspaper, or any other business, just exactly as he would like to do. There is a desire on the part of every editor to please everybody—but he soon learns it can't be done. He starts in determined to print every item of news that comes up, and pretty soon learns that he can save a lot of sorrow and unhappiness by leaving out some few items that occasionally come up. Again there are times when he must publish a story, even though it hurts some of his best friends. If a certain item does appear it makes some people mad, and if it is left out others are mad because it wasn't printed. So the newspaper is criticized either way it turns, despite the fact that the editor would like to please everybody. The same is true of the conduct of every other business. You might run it differently from the other fellow, but you wouldn't even then run it to suit yourself, and we doubt if you'd run it any better. Try to remember that before offering criticism of the other fellow's business, for it will help the business in which you happen to be engaged.

#### ABOUT IMMIGRANTS

There seems to be an idea in some quarters that immigrants now swarming into this country are to be welcomed on the ground that they will seek employment on the farms, and thus solve one of our great labor problems. But if there is a farmer around Plymouth of that opinion, we want to point out his error in such belief. For government reports show that these people are flocking to the larger cities, and that a very small per cent of them go to the rural districts. The fact is also established that in many instances farmers have found the new residents undesirable, and will not have them around. They are, to put it plain, more trouble than they are worth.

While this class of immigrants is coming in, a class of emigrants that has been of great value to the farmer is going out. These are the Swedes and Norwegians of the northwestern section of this country, thousands of whom are returning to their native land or flocking across the border into Canada. A large number of these sturdy tillers of the soil declare that America is not what it used to be, and that so many undesirable residents are now permitted to land in this country that they see ahead a curtailment of our liberties. The government will have to tighten up if it wishes to protect itself, they argue, and it sounds good.

The entire affair offers something for our law-makers to think about, and the quicker they back up the new law to stop immigration for a year with laws to govern those who are over here looking for an easy living and without work, the better it will be for all of us.

**LIVE STOCK MEN URGE NEW INSPECTION LAW**

STATE BREEDERS' ASSOCIATION AIMS AT TUBERCULOSIS. M. A. C. JANUARY 12 AND 13.

Resolutions asking a state law requiring inspection of all cattle offered for public sale in Michigan, was adopted by the Michigan Live Stock Breeders' and Feeders' Association in general session of its 30th annual meeting, at M. A. C., on January 12 and 13. The proposed law would be a blow at tuberculosis, and is an important step in the association's avowed campaign to eradicate tuberculosis from the herds of the state.

The possibility of a state wide census of all beef and dairy bulls was also suggested at the meeting, when W. L. Houser, president of the Wisconsin Live Stock Breeders' Association, outlined work already done along that line in the neighboring state. The census is taken as the initial step in campaigns to replace scrub and grade bulls with pure bred stock.

A better and closer market than exists for Michigan growers at present was urged by L. W. Watkins, of Manchester, who discussed the present market situation. Interesting statistics on tuberculosis eradication were presented by H. R. Smith, Commissioner Chicago Live Stock Exchange. General diversified farming, as safer at the present time than specialization, was urged by Dr. R. S. Shaw of M. A. C. George Dickinson, manager Michigan State Fair; R. R. Graves, dairy cattle specialist, U. S. Department of Agriculture; President F. S. Kedzie of M. A. C., and A. J. Glover, editor Hoard's Dairyman, were other prominent speakers at the general meetings.

Fifteen special breed associations held their own meetings during the two-day conference. New officers of the general association include: H. H. Halliday, Clinton, president; Jacob DeGus, Albia, vice president; George A. Brown, East Lansing, secretary, and W. E. J. Edwards, East Lansing, assistant secretary, the two being re-elected.

## THE THEATRE

Miss Norma Talmadge has a role which is admirably adapted to bring out the many talents of this popular young film star in "The Woman Gives," which will be the attraction at the Penniman Allen theatre, Saturday, January 22. She plays the role of Ing Sonderson, who risks happiness to repay in full a debt of gratitude she owes for her start to success as a magazine artist. The result of this course and the circumstances which lead to the happy conclusion make one of the most entertaining film productions which has appeared in a long time.

Dorothy Dalton is coming to the Penniman Allen theatre, next Tuesday, January 25, in "The Dark Mirror," an adaptation of Louis Joseph Vance's popular novel. The heroine is a society girl who has weird dreams, in which she sees vividly another girl, looking just like her, going through all sorts of blood-curdling adventures. Huntley Gordon is the leading man. Thomas H. Ince produced the picture, which is a Paramount Artercraft, and was directed by Chas. Giblyn.

Beautiful old colonial mansions of the south, with their spacious lawns, their old-fashioned flowers and wonderful trees, form the background for settings in "The Family Honor," King W. Vidor's first picture for First National, which will be shown at the Penniman Allen theatre on Thursday, January 27.

These exteriors add beauty and interest to this thrilling story of a beautiful southern girl, who is left alone with her two younger brothers, with their family fortunes dissipated. She struggles along and manages to put the older boy through college before the last cent is exhausted. Instead of the brother taking the reins and financing the family after he has finished school, he becomes an additional burden, believing that it is no part of a gentleman's duty to work. Finally comes the crisis when he is arrested for murder. But a surprising event happens which turns the tide, and the young southern girl finds that her trials are ended.

**PERRINSVILLE**

There was a large crowd at the mill pond Sunday afternoon. They came from far and near to skate and play shinny. But the Perrinsville bunch was sure the liveliest of all, especially Raymond. Frank and Jessie were melting ice to wash with Monday. Charlie took some fine toboggan slides across the pond. At dark the crowd left, voting the pond a fine place for enjoyment, and Frank suggested coming up some moonlight night and having another fine skate.

Miss Hildred Baehr spent the week-end with her sister, Mrs. E. T. Bridge, in Plymouth.

Mrs. L. M. Decker is some better at this writing.

There was a good crowd at church Sunday. Rev. Rycraft preached a fine sermon. Communion was well attended. Church at 10:00, and Sunday-school at 11:00. Everyone welcome.

Charlotte Baehr spent Sunday with Jessie Love.

Mrs. E. T. Bridge and children visited Mrs. George Baehr, Saturday and Sunday.

About one hundred friends, neighbors and relatives gathered at the home of Alice Ott, Saturday evening, the occasion being a shower for Miss Ott and Edward Holmes, who were married the 19th of January. They received many useful presents. After lunch was served the guests left, wishing Alice and Edward many happy wedded years.

Mr. and Mrs. John Kubik and son spent Sunday in Detroit.

Visitors at James Cousins' Sunday were: Mr. and Mrs. Frank Outhwaite, Mrs. Ed. Erwin and daughter, Hazel, Mr. and Mrs. Howard Cousins and children and Mr. and Mrs. Mark Smith. The parents had their children baptized by Rev. Rycraft.

**Methodist Matters**

Miss Bertha Creek, who has spent a number of years in missionary work in China, and is also well acquainted with conditions in Japan and China, having visited both of these countries recently, is to be the guest of honor at a supper to be given at the Methodist church this (Friday) evening. Supper will be served about six o'clock, after which Miss Creek will speak about her experiences and her work. A charge of about twenty-five cents will be made to cover the expense of the supper.

The men who attended church last Sunday found a convenient addition to the equipment in the form of a separate coat hanger for every man and a place to hang it. A very neat and attractive bronzed rail has been provided as a coat rack at the north end of the foyer, so that no longer will coats be thrown around on pews and chairs, but neatly hung up in a convenient place. This is a convenience much appreciated by the men.

A pleasant time was enjoyed by the men of the Brotherhood Bible Class and their wives, last Tuesday evening, in connection with the monthly business meeting at the church. It was in the nature of an advertising social and games were provided, with Mr. and Mrs. Newell as captains of the two teams. Refreshments were served, and the men washed the dishes.

Roxie Jones' class of about twenty boys and girls had a supper and party at the church, last week, and it was a happy occasion.

Phillip Roach and Miss Maudie Bell Frantz of Walled Lake, were married at the parsonage, last Wednesday noon. After a visit in the central part of the state, they will make their home at Walled Lake.

**Today's Reflections**

There is at least one time when a Plymouth man agrees with his wife, and that's when she tells him he's the best fellow on earth.

A man usually starts out paying a girl a little attention—and the next thing he knows he is paying her bills.

There are a lot of good things in this old world, but nothing has yet been found to beat the Plymouth wife who is both a companion and a cook.

It is probably a good thing for the fellow who can "drink or let it alone" that dynamite doesn't come in liquid form.

They are having many riots in Kentucky because tobacco prices are too low, but we haven't heard of any around the cigar stores for the same reason.

The Plymouth man who told about catching the big fish last summer will soon be around telling about the first robin.

An eastern scientist says Americans are becoming round-shouldered. Probably from carrying such a heavy tax burden.

Nowadays a wedding couple welcomes the old shoes that are thrown at them—if they are of the right size.

When a widow tells a Plymouth man that she has never been kissed—well, you know about what he calls her.

We see where a butcher has gone into bankruptcy. He must have given away a piece of liver with a purchase.

Forty-five new coal companies have been organized in West Virginia in three months—and yet some fellows are content to go right ahead in the banking business.

Where is the Plymouth man who says he never got in a hurry but what a shoestring broke or his coat got caught in the door?

Our idea of a highbrow is the fellow who pronounces pumpkin and hiccoughs the way they are spelled.

There is one auto to every sixteen people in the United States. That means six riders to every ten dodgers.

Everybody criticizes the Plymouth citizen who spends his money freely, but everybody is willing to get busy and help him spend it.

**HE LIKES ALABAMA**

A. H. VanVoorhies, who has just purchased a farm near Citronelle, Alabama, arrived in Plymouth from the south last Saturday afternoon. Mr. VanVoorhies is loading a car of goods to ship to his new home, and expects to return south again in a few days. He is very enthusiastic over his new location, which is about two miles from the village of Citronelle. The farm consists of 42 acres, level and of sandy loam with a clay foundation. He says it will produce 75 to 100 bushels of corn to the acre. The place has a good nine-room house, good water and has a beautiful pine grove, which he will convert into a camp ground for the Boy Scouts and Camp Fire Girls. Just across the road from Mr. VanVoorhies' farm is a twenty-acre orange grove. He has promised to write a letter to the Mail, telling all about his new home in the southland. Mr. VanVoorhies has lived near Plymouth for many years, and has a host of friends who wish him success and happiness in his new home.

**Bad Cold and Cough Cured by Chamberlain's Cough Remedy**

Several years ago C. D. Glass, Gardiner, Me., contracted a severe cold and cough. He tried various medicines, but instead of getting well he kept adding to it by contracting fresh colds. Nothing he had taken for it was of any permanent benefit until a druggist advised him to try Chamberlain's Cough Remedy. He says, "I was completely cured by this remedy, and have since always turned to it when I had a cold and soon find relief."—Advt.

An addition to the county hospital at Eloise, to cost \$400,000, is to be erected soon.

Edwin H. Smith, former county clerk of Washtenaw county, has been elected a member of the board of Washtenaw county auditors.

Farmington schools have been conducting a contest to get the best essay written on the subject, "Why life is worth living in Farmington."

W. Scott Lovejoy has been elected president and Cass Gittins, vice president, of Milford's Board of Commerce. Mr. Gittins is a former Plymouth resident.

The Oakland county board of supervisors rejected all bids for the erection of the new county jail, and will re-advertise for bids to be submitted February 15.

Representative M. H. Johnson of Northville, has been appointed chairman of the committee on village corporations and a member of the committee on roads and bridges.

Clarence R. Williams, a former prominent merchant of Ypsilanti, is dead. Mr. Williams conducted a shoe store in that city for a number of years, and had many friends in Plymouth and vicinity.

An all-day rally was held at the town hall in Salem, Wednesday. A chicken-pie dinner was served. Rev. Halliday of Detroit, gave a lecture. Rev. Halliday, who is a talented speaker, has preached several times in the Plymouth Presbyterian church. Citizens of Handy township, Livingston county, have collected from the county \$727 for bounties on noxious animals and birds killed. They killed 1973 rats, 489 woodchucks, 200 crows, 136 weasels, 63 hawks, 38 owls, gophers and moles, 778.

John R. Wood, publisher of the widely known Michigan Railroad Guide, has purchased 320 acres and buildings of the Grant farm east of town. He plans to repair the place, and use it as a summer home. This adds one more prominent Detroit man to the list of wealthy farm owners around Brighton. W. L. Bidwell transacted the deal.—Brighton Argus.

After searching for some time the Washtenaw county farm bureau has found a leader to take the place of the late Ernest Lyons as director of the bureau boys' and girls' club work. B. O. Hageman, a graduate of the M. A. C., and a man who has had much experience in practical farming, has been chosen for the position. He will assume his new duties immediately.—Ypsilanti Record.

Early Wednesday morning the big farm barn of J. T. P. Smith at Clarkston was discovered in flames and the first neighbor to arrive at the scene found lying in the barnyard the dead body of the owner, with throat cut and wrist slashed. The barn was beyond saving, and with it 614 sheep, three horses and a cow were consumed. The family are inclined to the theory that Mr. Smith, discovering the barn on fire, became temporarily deranged and then took his life, the theory being strengthened by the fact that severe burns were found on his body, indicating that he had attempted to quench the flames at the outset. He was a half-brother of ex-Congressman S. W. Smith.—Milford Times.

**PARADE OF AGRICULTURE TO FEATURE FARM WEEK**

ALL MOVABLE EQUIPMENT OF M. A. C. WILL PASS IN REVIEW FOR FARMERS' WEEK CROWDS.

A big parade of agriculture, including all movable equipment of the agricultural division at M. A. C., and special delegations representing the college military organization, the student body, and the visitors, will pass in review before the crowds at Farmers' Week at East Lansing, January 31 to February 4. The parade will pass the college gymnasium at 1:30 in the afternoon on Thursday, February 3.

The parade will be one of the features of the special exhibits, which will be on display during the week. The M. A. C. state crops exhibit, which won nation-wide recognition at the Chicago International Hay and Grain Show in early December, will be reproduced in entirety for Farmers' Week. An elaborate horticultural show will be staged in the college armory, while special exhibits of poultry, animal and dairy husbandry subjects will be on display. Various scientific departments at M. A. C. will present illustrations of phases of their work, practically every branch of agriculture being covered.

Marketing will be the keynote of all the exhibits, with some emphasis placed on economical production. Plans call for all exhibits to be interesting, as well as instructive, a practical turn being given all the displays.

Several of the biggest speakers in the agricultural world are scheduled to address the general meetings of the conference, while a dozen of the state's leading agricultural associations will hold their annual meetings during Farmers' Week. Plans to entertain a crowd of 5,000 visitors are being made by the committees in charge of arrangements at East Lansing.

**REPUBLICANS MEET IN DETROIT FEBRUARY 17**

The Republicans will hold their spring convention in Detroit on February 17. The purpose of the convention will be to place in nomination two candidates for the supreme court bench, two members on the board of regents of the University of Michigan, two on the state board of agriculture and for superintendent of public instruction.

The county conventions will be held on Monday, February 7. Owing to the overwhelming number of Republican votes cast in Michigan at the November election, the state central committee found it necessary to reapportion the county representation to keep the membership of the convention down to a figure that will not make it unwieldy.

One delegate will be allowed for each 500 party members, instead of for each 200, as at present. This will increase the total number of persons entitled to seats in the convention from 1,347 to 1,604. Wayne county's representation will be increased from 265 to 438.

**Getting Together**

One of the biggest problems facing farmers and bankers today is that of providing ample farm credits on reasonable terms. They can solve it only by working together, says

**The COUNTRY GENTLEMAN**

Our credit system is based on a 60-day paper intended to serve commercial interests with a quick turn-over. It doesn't serve the farmer, whose turn-over comes once a year. How can he be supplied with the capital he needs to run his farm business?

Because the problem of furnishing the farmer with simple credit facilities is one of such vital importance to the whole farm industry and to our national welfare, THE COUNTRY GENTLEMAN has many trained investigators working on the plans offered for solving the difficulties. Their articles will keep you informed on developments toward easier farm credits. For an example, next week's issue carries a story by E. V. Wilcox on financing the marketing of a major farm crop. Other competent articles are coming soon. To make sure of getting them all, you'd better send me \$1.00 today for the next 52 big issues of this dominant weekly.

**The AMERICAN LEGION**

ALONG THE LINE OF MARCH WITH THE NATIONAL SERVICE MEN

(Copy for This Department Supplied by the American Legion News Service.)

**OHIO CHAMP FOOTBALL TEAM IS COMPOSED OF LEGION MEN**

OHIO STATE'S 1920 ELEVEN IN ACTION. Left to Right—Slyker (E), Spiers (T), Trott (G), Namecak (G), Welche (G), Huffman (T and captain), Taylor (E). Backfield—Workman, quarterback, has just passed the ball to Dolg, with Stinchcomb and Cott forming interference.

When the Ohio State university football team, champions of the Western conference, hit the line, it had much of the Chateau-Thierry and Argonne punch with it, for ten of the eleven regulars composing the first team are war veterans and members of the American Legion. Moreover, the team, which defeated Illinois university for the conference title, was coached by a Legionnaire.

Legionnaires on the team say that the only reason why the team is not all Legion is because Harry Workman, sophomore quarterback, was too young to enter the service. Seventeen members of the first squad are Legionnaires.

Ohio State won from Chicago, Michigan, Wisconsin, Purdue, Oberlin and Ohio Wesleyan and scored 58 points in conference games against 20 for its opponents. American Legion members carried the ball over the goal lines for 14 touchdowns out of a total of 20 made by the team during the 1920 season and also scored five of its touchdowns out of seven made against conference teams.

**WOULD STEER SHY OF CAMERA**

Colonel Whittlesey, Leader of "Lost Battalion," Backs Off From Motion Picture Machine.

Although Colonel Whittlesey, an active member of the American Legion, led the famous "lost battalion" through the Argonne and was one of the 54 Americans who won the blue rosette of the congressional medal of honor, he told "Fatty" Arbuckle that he would be "scared to death" if placed before a motion picture camera.

"You can starve a man; you can wound him with bullets," said Colonel Whittlesey during a recent visit to a Hollywood movie studio with the portly comedian, "but you can't dim his love for the movies. Just a few hours after my boys of the Three Hundred and Eighth infantry had hauled in a safe billeting area on being relieved from their perilous position, the whole bunch were in a 'Y' but watching a five-reel comedy."

In These Days. "Who's the boss here?" asked a traveling salesman as he stopped at a farm with a set of the World's Best Literature in 12 volumes. "He is," replied the man at the door wearily, pointing to the hired man leading hard in a field. "I'm only his employer."—American Legion Weekly.

**The NEW EDISON**  
"The Phonograph with a Soul."

**What Edison did during the War**

The official announcement is out. Ask us for your copy of "What Edison Did During the War." Write for it, if you can't call.

It tells how Edison left his home and business and went to sea, how Edison's "Yankee magic" foiled the German submarines.

The bulletin tells many other things Edison did while Chairman of the Naval Consulting Board. It explains how Edison kept the price of his phonograph at bed rock during an era of high costs and soaring prices. Since 1914 the New Edison has advanced in price less than 15%—and part of this is war tax.

This bulletin also describes the Budget Plan, which makes it possible for every home to enjoy the benefits of good music without feeling the financial outlay.

**HELP WANTED**

Big opportunity of advancement for any trapper or collector of furs who has been selling or shipping their furs anywhere else. This is not as much money as I paid for furs last season, but why should a good capable trapper be idle? Isn't a little money as good as a lot of credit when it comes to paying bills? We certainly will die with old age if we live to ever see the prices paid again for furs that were paid last season. Come on, get busy, and help me fill an order for 5,000 rats, 1,000 skunk, 100 mink, 100 coon, while I have a good price to offer; my profit is nothing compared to what it was last season, although I am glad to have the following prices to offer you:

RATS—\$1.00, 75c, 50c, 25c.  
SKUNK—\$2.00, \$2.00, \$1.00, 50c.  
MINK—\$3.00, \$4.00, \$2.00, \$2.00.  
COON—\$3.00, \$3.50, \$2.50, \$1.50.  
HIDES—6c per lb. Horse Hides, \$2.50.

Forget the past and start the New Year with a little more, you will live just as long and be just as happy. Help get the world's backlog of furs sold.
