## The NEW EDISON

Since Thomas A. Edison perfected this instrument, Grand Opera itself has been able to offer you no more than the New Edison. If the two million people who have attended Edison tone tests have been utterly unable to distinguish the artist's living voice from the instrument's RE-CREATION, it is clear that no difference exists isn't it? And if there is no difference between the artist's rendition and the instrument's, then obviously the artist can give you no more than

## PLYMOUTH WINS AND LOSES FROM REDFORD

### BOYS' AND GIRLS' BASKET BALL TEAMS FROM REDFORD AND PLYMOUTH HIGH SCHOOLS IN THREE CONTESTS AT THE LOCAL HIGH SCHOOL AUDITORIUM LAST FRIDAY EVENING.

The most exciting game played yet by the Plymouth girls' basket ball team was played here Friday night with Redford. It was a hard game, and the teams seemed to be very well matched. At the end of the first half, the score was 2-7 in Plymouth's favor. So at the beginning of the second half both teams started fighting to win. There was some quick and good work done by our centers to keep the ball with our forwards, but despite this fact when there was only a minute left to play, the Redford team was one point ahead, making the score 12-11. Fortunately for Plymouth, a foul was made on Redford's side, and Lenore Wright made the free throw, making the score a tie 14-14. Then the girls played until a point was made, and Marion Kieley made the first basket, breaking the tie and bringing the score 16-14 in favor of Plymouth.

## PLYMOUTH WILL DEBATE WITH ECORSE

### Plymouth's High school's third debate takes place at Ecorse High school Friday evening, February 4th, at 7:30 o'clock. Thus far Ecorse has lost a debate to River Rouge, won from Monroe High school, and won one from Adrian, while Plymouth has defeated Northville by forfeiture, Hamtramck, 3 to 0, and Ypsilanti Normal High 2 to 1.

The Plymouth team, Lyman Judson, Etha Wiseley and Charles Chapell, have been improving their constructive speeches and rebuttal, profiting by what they learned at Ypsilanti, so that we are sure our team is in good condition for the Ecorse contest.

In order to state clearly the standing of the Plymouth debating team, the following explanation of the method of scoring is given: Each vote of a judge will count one, and the victory will count one. A school winning unanimously will get four points. A school winning 2-1 will get three points. A school losing 2-1 will get one point. A school losing 3-0 will get no points. In case the debate is judged by a single judge, the school winning shall receive four points. In case a school wins by forfeit, such school shall get four points.

## WOMAN'S CLUB HEARD INTERESTING LECTURE

### An interesting meeting of the Woman's Club was held in the kindergarten room at the school building, last Friday afternoon, when Mrs. Edith B. Alvord, president of the State Federation of Women's Clubs, spoke before the club. The meeting was called to order by Mrs. George A. Smith, chairman of the outside talent committee. The opening number was a piano solo by Mrs. William Wood. This was followed by a vocal solo, "Bird of Love Divine," with encore, by Miss Evangeline Foster, accompanied by Miss Zarina Penney on the piano. Mrs. Smith then introduced the speaker of the afternoon, who was given a hearty welcome by the members of the club.

Mrs. Alvord is a woman abreast of the times, and ready for anything which pertains to the betterment of womanhood. She spoke on club work and said she, "It is the day of opportunities, and many of these come through the clubs. She spoke of the importance of the school, and asked that the club might stand by the school, the most wonderful thing in the United States. In closing she stated that no club should exist without something to justify its existence. Let it be one of the purposes of the club to reach out and gather in the whole community. It was indeed an inspirational talk for all club members.

Later in the afternoon a social hour was enjoyed, and light refreshments were served by the social committee. The next regular meeting will be held this (Friday) afternoon at the usual meeting place. An interesting program has been prepared by the second division.

Redford line-up—Forwards, M. Smith, M. Arrowsmith; J. center, M. Dicks; S. center, M. Hinkle; guards, D. Farrent, D. Hinkle.

Plymouth baskets—L. Wright, 2 baskets and 4 free throws; M. Kieley, 4 baskets.

Redford baskets—M. Smith, 2 baskets and 2 free throws; M. Arrowsmith, 4 baskets.

Last Friday evening, the Redford second team met our second team. The game was a fast one, and it was a scrap from start to finish. Both teams defenses were good, Redford allowing Plymouth only one field goal, and Plymouth allowing three field goals. The line-ups were:

Plymouth—R. F. Stevens; L. F. Sayles; C. Wisely; L. G. Amrhein; R. G. T. Strawn.

Redford—R. F. Robinette; L. F. Mowers; C. Lahser; L. G. Miller; Krey; R. G. Eggleston.

Final score—8-3, Redford.

Field goals—Wisely 1, Robinette 1, Miller 2.

Goals from foul line—Wisely 1 in 3; Stevens, 0 in 3; Miller 2 in 3.

First Team Game

The same evening our first team met Redford's team. Our first team fellows played as though they had never seen each other before. They did not have any team work at all. This was partly due to the guarding of Burt and Bowles. Reid, Redford's center played a good game and got most of their scoring. Plymouth did not score until the final periods, when Doudt was substituted for Sayles. Redford won the game by a final score of 21-5. The line-ups were:

Plymouth—R. F. D. Sayles, Doudt; L. G. Tait; C. Cook; L. G. Walker; R. G. Miller, Strawn.

Redford—R. F. Sawyer; L. F. Krey; C. Reid; L. G. Bowles; R. G. Burt.

Field goals—Doudt 1, Tait 1, Sawyer 3, Krey 1, Reid 4, Burt 1.

Goals from foul line—Tait 0 in 2; Doudt 1 in 2; Sawyer 3 in 5.

## REPUBLICAN CAUCUS SATURDAY, FEB. 5TH

A Republican caucus will be held in the village hall, Saturday afternoon February 5th, at 2:00 o'clock, for the purpose of electing two delegates to the county convention to be held in Detroit, Monday, February 7.

The matinee given for the benefit of the starving children of Europe at the Penniman Allen theatre, drew out a large crowd last Saturday afternoon, and the net sum of \$62.20 was realized, as Plymouth's contribution to the fund raised by the moving picture theatres throughout Michigan, last Saturday. The management presented a splendid picture program, and another pleasing feature of the afternoon was the excellent music furnished by the ladies' orchestra, composed of Madames B. E. Giles and K. W. Hillmer and the Misses Anna Baker and Evelyn Thomas.

## HOW MUCH LAST YEAR

Take a pencil and paper and set down in one column the cash value of everything you own, and the money you have in the bank and your pocket. In another column list all the amounts you owe. Add these columns and see how the totals compare.

Save this record and twelve months from now repeat the process. Then you will know for certain whether you are getting ahead or slipping behind—and how much.

If you call for one of our savings books right now, you will be better pleased with next year's figures.

## BOWLING ALLEY WILL OPEN

The new bowling alley in the basement of the Penniman Allen auditorium, will be opened to the public the forepart of next week, the opening day to be announced by handbills. Four of the finest alleys that money can buy have been installed, fully equipped with automatic pin setters. Lavatories for both ladies and gentlemen have been installed, and a ventilating system has been provided. Special afternoons will be given over to the ladies, who desire to enjoy this popular form of amusement.

There is not a doubt but what the new bowling alley will be well patronized and become just as popular with the citizens of Plymouth and vicinity as has the theatre and dance hall. The Penniman Allen management are to be congratulated for their efforts to provide Plymouth with clean, wholesome amusements.

## BURROWS-WILLET

Miss Eva Willett, only daughter of Mr. and Mrs. Elmer Willett of this place, and Claude Burrows, also of Plymouth, were quietly married in Detroit, Saturday, January 29th, by Rev. Hoag, pastor of the First Baptist church, Woodward avenue. The bride is one of Plymouth's well and favorably known young ladies, and for the past two years has held a position in the Willett Toy and Novelty Works in north village. The groom is in the employ of the Pere Marquette railroad. For the present Mr. and Mrs. Burrows will reside with the bride's parents on Holbrook avenue, but as soon as their home is vacated they will move into the same at 308 Farmer street, Plymouth friends extend best wishes for a happy wedded life.

### A FINE EXAMPLE

There are children starving in Europe, women are suffering, and once strong men are breaking under the strain which the war has given them as an inheritance. We are comfortable here in our own land, and few of us have the least idea that conditions are at this moment worse in some European countries than history has ever recorded. America has heard the cry of starving children in Austria through Herbert Hoover, and it is good to know that she is answering, showing that she can forgive a recent enemy, and that her big heart will not permit little children to starve.

For the part of this answer which will strike Plymouth residents most forcibly is the answer being sent by the farmers of this nation. President Howard of the American Farm Bureau, said recently in a speech at Chicago:

### A LETTER FROM HOME

"No matter how busy I may be, when the mail comes which brings my home-town paper, I've always got a few minutes to spare for it," writes a former Plymouth citizen, now living in the city of New York. We have had many such statements as this, and we know what every man and woman in this community who was born and reared elsewhere, likes to get hold of a paper from that particular part of the country. It is human nature to want to keep in touch with old friends, and to want to know what is going on in the old home county. That is why every weekly newspaper in this land has on its subscription list the names of residents of our larger cities or residents of distant states. They may not get back home often, possibly never will again, but they always feel in their hearts a something when the old home is mentioned that can hardly be explained.

Think over your old acquaintances and we dare say you will recall away out somewhere one who would consider the weekly visit of this newspaper as good as a letter from home. He or she may never get back here but like the New York man, they'll have time every week to stop and scan the paper from the old home town for a name that is familiar to them. Think what such a gift would mean to you if you were in their place. Think how joyously you would repeat those names so dear to you if you saw them in black and white hundreds of miles away. And then think what an insignificant sum it takes to make someone just as happy fifty-times in the year as if they were receiving each week a long, newsy letter from home.

### AN OPEN WINTER

Never having posed as a "weather shark" we are unable to say just how much winter is ahead of Plymouth people. But looking back over that part of the present one now recorded we can pronounce it one of the most remarkable in local history. And we can also hope that part of it yet to come will be similar.

There has been no suffering of consequence right here in this community. In fact, it has been the good fortune of our people to know but little suffering as a result of cold weather. And while we are thankful this is true of this locality, it is not true that just at this time there is not suffering in the United States suffering has been done to a minimum as a result of the war. Many are out of work, and it is true that they are not doing well at the hands

of those who are still laboring in good positions at better salaries than they ever received. The cry for help which usually accompanies ice and snow has been absent this winter, according to the big city newspapers. All of which brings comfort to those of us who do not know the privations and hardships suffered by thousands in the congested parts of our country. It makes us happy to know that our fellowman in some distant part of the nation is getting along all right. And knowing that he is, we hope, all of us, that the remainder of the winter will be as mild and temperate as that part which has gone before.

### SEARCH AND SEIZURE

Newspapers throughout the country are devoting considerable space just now to discussing the new "search and seizure" law offered in Ohio the past week, and which, it is argued may take on a national aspect if favorably acted upon. It is generally pronounced the most rabid piece of "dry" legislation ever offered for enactment. We have no desire to discuss the wet and dry issue here, nor have we space in our columns for an argument for or against new laws constantly coming up as a result of prohibition. But we believe every sane man in Plymouth and throughout his entire community will agree with us heartily when we say that there are certain limits beyond which no set of men have a right to set foot. We speak of the great American home, and we declare that in this and "every man's home is his castle." We cannot agree that the homes of America should be at all times open to the coming and going of either a wet or dry army of sniffling "cops." It is easy enough to cause the arrest of any man who permits his home to generate into a nuisance. But there is neither sense nor justice in a law which permits another man to enter and search a house when neither the facts or evidence warrants it. There must be a line drawn somewhere—and the home is about the best place in the world for drawing it. For if there is anything sacred to us red-blooded Americans it is our homes.

## THE THEATRE

It is a curious coincidence that Douglas Fairbanks should have supported him in "The Mark of Zorro," his latest United Artists production, which will be the feature at the Penniman Allen theatre, Saturday, Feb. 13th, Claire McDowell, Noah Beery and Charles Hill Mailes with Fred Niblo as his director. Many years before their advent into the silent drama, they had appeared at different times with one another upon the legitimate stage. Incidentally it was also the film debut of Noah Beery, Jr., aged seven, but unlike his famous sire, Noah, Jr., appears to be destined for heroic roles in the future. In one scene of "The Mark of Zorro," young Beery drops from an outer wall of a building and with a miniature sword, gallantly rescues a little miss of about the same age from the cruel clutches of another youngster who appears to take great delight in inflicting punishment upon her. 'Twas a proud parent who stood near the camera viewing the performance with great gusto.

Appearing in pictures like "Excuse My Dust," in which he was an auto racer, and in "The Dancin' Fool," where he was a jazz king, was a real pleasure for breezy Wallace Reid. He likes to drive fast automobiles and dance in real, as well as reel life. But his last picture, as he expressed it, "nearly drove him nuts." He had to lie in bed and play sick for three of the six reels. And Wallie hasn't had a sick day in ten years. Don't gather from that that "Sick Abed" is a sad story. Wallie is the liveliest invalid that ever had a thermometer between his lips. According to the picture, he's just shamming illness to protect a friend, who is mixed up in marital difficulties. And his sick room is jazy as a cabaret, with pretty Babe Daniels acting as his nurse. "Sick Abed" is the feature film at the Penniman Allen theatre next Tuesday, February 8th.

In "Curtain," her latest big photoplay, charming Katherine McDonald has secured one of the most attractive vehicles of her career. A story of the stage, it tells a pretty romance of the popular actress, who gives up her career to wed a man of her choice. Later she discovers his infidelity, and returns to her profession. Now she works out her problem and eventually finds happiness furnished one of the most delightful stories the screen has produced in a long time.

In this photoplay Miss McDonald is at her best. "Curtain" will be the attraction at the Penniman Allen theatre, Thursday, February 10th. The Katherine McDonald Picture Corporation is presenting it as a First National attraction.

### LIVONIA CENTER

Mr. and Mrs. Charles Bentley were guests of Mr. and Mrs. Fred Lee Thursday.

Tuesday callers at the Palmer Children's home were: George Robinson, Floyd Bassett and Klair Chilson of Newburg; Mrs. Leora Revard, Mrs. William Wright and Mrs. William Klippie of Detroit. Mrs. Klippie remained at the Chilson home for the balance of the week.

Miss Helen Hottenstein was a Detroit visitor, Saturday.

Mrs. William Garchow, son, Thomas, and daughter, Leona, enjoyed the picture show, "Evangeline," at Plymouth, Monday evening. The eighth grade are studying that poem at the present time, and the picture was particularly interesting to members of that grade.

The girls of the fifth, sixth and eighth grades met at the home of Grace Wolfrom, Saturday afternoon, and organized a sewing club, which will meet every Saturday afternoon. The girls had their work with them, which consisted of crocheting, darning, etc., and also enjoyed a social hour with music and contests. Etta Mae Johnson was elected president, and Viola Baze, secretary and treasurer. They will meet with Viola Baze, next Saturday afternoon.

Mrs. Riley Wolfrom was hostess to the Needle Club, last week Thursday afternoon, at her pleasant home on the Seven Mile road. There was a large attendance, and the afternoon was spent with needlework, and a social time was also enjoyed. The next meeting will be held at the home of Mrs. Fred Gergee, Thursday, February 10.

The Farm Bureau of this township held a meeting at the hall, Tuesday evening. There was a large representation of the organization present, and a great deal of interest manifested. Milton Carmichael, county secretary-treasurer, was present and gave a good talk on the importance of organization and co-operation. Mr. Carmichael stated that he is not a farmer, and was not qualified to answer questions concerning farm problems, but his work was to organize and assist in the business part of the organization. Another meeting will be held in March, the date to be announced later.

Mr. and Mrs. George Hayball and son, Junior, and Mr. and Mrs. A. Hayball and family of this place, were Sunday guests at the Clarence Hayball home.

Mr. and Mrs. John VanBonn entertained the Pedro Club at their home, Saturday evening.

Marion Lee returned home, Friday, after a month's visit with Ohio friends.

### School Notes

The sixth grade geography class have drawn some very good maps of the United States. The fourth and fifth grades have been drawing maps of South America. The "potato" is the topic for the eighth grade agriculture class this week. Several different kinds were displayed, and the good and poor qualities discussed. The first and second grades are memorizing Kipling's poem, "The Camel's Hump."

### SNYDER-JOHNSON

Miss Hazel Johnson, daughter of Mr. and Mrs. Charles Johnson of Detroit, was united in marriage to Walter Snyder of Ferrisville, Tuesday, at 4:00 o'clock, by Rev. ### PICTURES AN ASSURED SUCCESS

TWO HUNDRED FIFTY SAW "EVANGELINE" IN M. E. CHURCH.

The beautiful moving picture classic, "Evangeline," which opened the season of movie programs at the Methodist church, last Monday evening, was viewed by two hundred fifty people, about all that could be accommodated.

The programs for next Monday evening includes "The Bottom of the World," a five-reel portrayal of Sir Ernest Shackleton's recent attempt to cross the South Pole. These are genuine pictures of the great expedition, on which the party was lost to civilization for two years, and had many narrow escapes, including the crushing of pieces of their ship by an ice pack. The program will also include a comedy, "Molly Millions" and a Ford Weekly.

**HONOR TO MINNESOTA WOMAN**

Dr. Helen Hughes Hiescher is Chosen State President of Women's Auxiliary of Legion.

Approximately four hundred delegates from all parts of Minnesota attended the first state convention of the women's auxiliary of the American Legion in Minneapolis. The meeting marked the beginning of the national organization of the auxiliary, which is expected ultimately to bind together about ten million women, the mothers, wives, sisters and daughters of former service men of the world war. The delegates at the Minnesota conference represented about 6,000 members of the 113 units of the auxiliary in that state.

The convention adopted a state constitution modeled after the tentative constitution previously used by auxiliary units, and voted to "dedicate themselves to the cardinal principles of the Legion."

Officers elected were: Dr. Helen Hiescher, president; Mrs. E. A. Lewis, first vice president; Mrs. Myrtle Getz, second vice president; Mrs. O. B. De Lantier, historian; Mrs. George H. Barber, representative on the national executive committee.

Miss Pauline Curlick, representing the organization division of national headquarters, addressed the convention, outlining the plans and aims of the organization.

Kansas members of the women's auxiliary will hold their state convention January 10 and 11, and other states are expected to take similar action in the near future.

**OBJECTIVES OF THE LEGION**

National Commander Galbraith Outlines What is Planned to Be Accomplished During the Year.

The objectives of the American Legion for the year 1921 were told by F. W. Galbraith, Jr., national commander, in a recent speech in Cincinnati, at a dinner attended by Legionnaires and business men.

Mr. Galbraith cited the disabled man's problems as the Legion's paramount concern and termed the finding of a satisfactory solution as "one job that is going to be done."

"Woe unto the man," he added, "or the bureau or bureau chief who will fully stand in the way of paying the honorable obligation the government owes these men. Whoever he is he will have to get out."

He warned against the activities of the I. W. W. and kindred organizations and outlined the position of the Legion as follows:

"The time has come when a line must be drawn between loyal and disloyal Americans. We do not claim to have a monopoly on patriotism but because of our service our loyalty is a little clearer to our hearts and is a little more intense. We intend to crush this thing, if it ever raises its head, that we already have fought and licked."

Mr. Galbraith also spoke of the desire of the Legion to unite with the veterans' associations of the allies, in order to promote international amity.

"People accuse us of being over-enthusiastic," he said. "They declare that we believe ourselves to be the only patriots. God knows we are not. If we were it would be a sorry day for the nation. We know we have a hundred million associates and we ask them to help us because without their good will and assistance we can accomplish nothing."

**OHIO POST IN BONUS PARADE**

Former Service Men of Zanesville Conduct Biggest Celebration in History of Buckeye City.

Two thousand men marched in the recent American Legion bonus parade in Zanesville, O. Free vaudeville on the streets was a feature of the afternoon and a Mardi Gras festival at night. Citizens said it was the biggest celebration in Zanesville's history.

**Presbyterian Notes**

Next Sunday the pastor will complete a year of preaching in Plymouth with a gospel message clear and strong. Come and hear about the "Ocean of the Christian Life," and "The True Standard of Christian Living."

David Alexander and Alice Hathaway have earned rewards for reciting psalms in Christian Endeavor. The pastor is trying to learn the eleventh psalm to recite next Sunday. See if you can beat him.

Arthur W. Church and George Gibson, both of Detroit, ate dinner at the manse, last Saturday, and enjoyed a visit with former friends.

Rev. S. Conger Hathaway and family, Miss Genevieve McClumpha and Maurice Williams motored to Detroit, last Friday night, to attend the young people's conference at the First Presbyterian church. Dr. John McDowell of New York City, was the principal speaker. The conference was in session four days. The pastor will have to get a trailer for his Ford, so that more young people can take advantage of such meetings.

The monthly meeting of the Ladies' Auxiliary was held in the church house, Wednesday afternoon. A pot-luck supper was served at 6:30.

The trustees of the church met Monday at the church.

The second meeting of the community banquet committee was held, Tuesday night, at the pastor's study.

The Christian Endeavor contest ends a week from Sunday, and the lid is still on the thermometer. See if you can boil it off.

**WILL RUN SPECIAL TRAIN TO INAUGURATION**

Arrangements have been completed by the Detroit Republican club to run a special train excursion via the Baltimore and Ohio railroad to Washington for the Harding-Coolidge inauguration ceremonies on March 4th. The train will leave Detroit shortly after noon on Wednesday, March 2nd, composed entirely of Pullmans, excepting the special diner, arriving at the national capital on Thursday morning. The Pullmans will be parked at the old B. & O. station on Florida avenue, and used for sleeping accommodations during the stay in Washington. The party will remain until Saturday afternoon, to give time for sight-seeing, arriving home on Sunday morning, March 6th. The fare including transportation, meals on diner going and coming, also use of sleeper while in Washington, and all war taxes, will be \$75 for upper berth and \$76 for lower. Anyone interested should send word to Milton Carmichael, secretary, 401 Buhl block. This will be the official train of the Republicans of Michigan to the inauguration of a Republican president.

**NO TIME FOR "BLUE LAWS"**

Indications Are That Legion National Officers Will Not Take "Positive Stand."

"Blue law" agitation is apparently obnoxious to a large number of members of the American Legion, according to expressions of opinion received in letters at national headquarters. National officers have been called upon to take a "positive stand," particularly against those who would do away with the cigarette.

"As individual citizens and voters our membership can support or oppose what it sees fit," said one national officer of the Legion, "so long as they conform to our national constitution. I think the veteran, however, is against intolerance. The national organization of the Legion has no time for this controversy, however. We have our hands full in our effort to make life what it should be for the disabled."

**Keep Fit**

To be in perfect physical condition, to be well and strong, to have energy and vigor—to keep fit—is the joy as well as the duty of every person.

If you want to keep fit, don't neglect the first symptom of kidney trouble. Act promptly at the first sign of puffiness under eyes, floating specks, headache, pain in sides, redness of stiff joints, rheumatic pains. Damaged kidneys fail to do their work properly, and as a result waste and poisonous matter is permitted to pollute the blood stream instead of being expelled from the system.

**Foley Kidney Pills**

help overworked, weak or damaged kidneys and bladder by their tonic, invigorating, cooling action. They are made of the purest and best medicines procurable and are unaccompanied in their constitution by any harmful or dangerous drug. They have helped thousands of men and women.

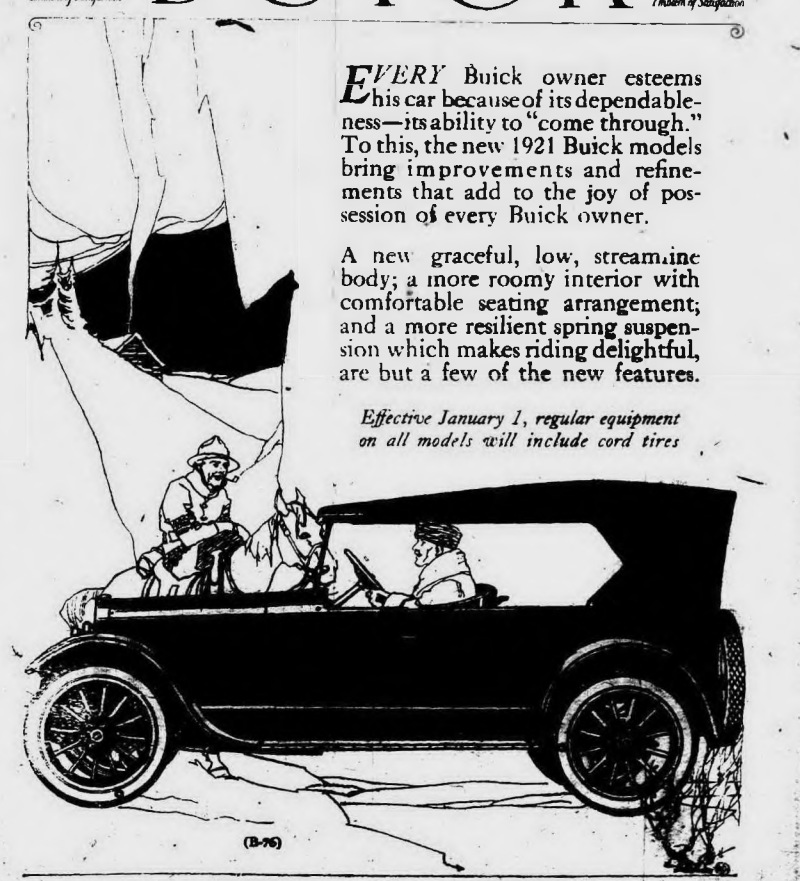

"Col. F. P. Coburn, Erie, Pa., writes: 'I have been suffering from kidney trouble for some time. I have been forced to yield to the temptation of a cheap remedy, but I am glad to say that I am now completely cured. I am sure that I should have been cured long ago if I had used your pills. I thank you for the result achieved.' Sold everywhere in Plymouth."

**BUICK**

EVERY Buick owner esteems this car because of its dependability—its ability to "come through." To this, the new 1921 Buick models bring improvements and refinements that add to the joy of possession of every Buick owner.

A new graceful, low, streamline body; a more roomy interior with comfortable seating arrangement; and a more resilient spring suspension which makes riding delightful, are but a few of the new features.

Effective January 1, regular equipment on all models will include cord tires

## FARM BUREAU MEMBERSHIP 1338 IN COUNTY

Since February 23, 1920, when the farm bureau membership was begun in Wayne County, the total membership of the state has increased from 21,000 to 97,000. This county's membership is, at present, 1338.

Membership campaigns have been discontinued for the rest of the winter by the state farm bureau, on account of bad roads and the higher cost of solicitation. The annual report of the organization work made before the state board of delegates at East Lansing, shows that 74,250 joined the county and state farm bureaus during the last year, which, added to the 22,750 who joined a year ago, makes the grand total 97,000. Records show, according to the state farm bureau, that 83 per cent of all farmers visited became members. There are seven counties yet to be canvassed, Ontonagon, Mackinac and Keweenaw in the upper peninsula, and Osceola, Iosco, Bay and Roscommon in the lower, and this work is expected to be done in the spring.

### Baptist Notes

All kinds of music at the church these days. Sunday-school orchestra every Sunday before the school opens. Next Sunday a special song by Mrs. Sayles class—you will want to hear it. The chorus choir in the evening are giving some good music.

The Ladies' Aid had a special meeting at Mrs. Beal's, Wednesday afternoon, planning some work for the next regular meeting.

The District Missionary Conference to be held in the Woodward Avenue Baptist church, Feb. 14 and 15, will be full of interest. Many hope to go from this church.

Something is going to happen. Watch out.

The Young People's class, under Harry Sayles' leadership, is growing fast. Three new members last Sunday.

Mr. Allenbaugh's work on the graded Sunday-school system is rapidly nearing completion.

Graduation exercises are planned for February 18.

Our special committees on music, missions and flowers are doing some fine work helping to arouse enthusiasm in the school.

We were very sorry to have two teachers absent on account of sickness.

Mrs. Sayles' class and Mr. Allenbaugh's class report a fine time at their party.

Mrs. J. D. McLaren has invited the missionary societies to meet with her at her home on Union street for their monthly meeting, Wednesday, Feb. 9th, at 2:30. The lesson for the day will be the home study book, "The Church and the Community," and will be in charge of Mrs. Charles Bowes. All the ladies of the church are invited.

The Sunday-school board will hold its monthly business and social meeting at the church Tuesday evening, February 8. Supper will be served at 6 o'clock, with Mrs. H. S. Doerr, Mrs. W. J. Griffith and Mrs. C. H. Hammond, hostesses.

### OBITUARY

Maud Agnes Holmes was born in the village of Salem, June 21, 1875, living there until grown to womanhood. Then after spending a short time in Ann Arbor and Ypsilanti, she moved with her family to Howell, Mich. While there she was converted and united with the First Baptist church of Denton, later remaining with the family to Salem. She soon found office work in Detroit, where on the 11th day of March, 1908, she was united in marriage to Deliph R. Harper, who died about seven months later. About this time her health failed, and since she has been an invalid, although able to continue her office work with the Ford Motor Co. of Detroit, for six years. For the past three years she was unable to do even the lightest of work. She leaves to mourn their loss her father, W. P. Holmes of Plymouth; two brothers, Edwin A. Holmes of Ortonville, Mich., and C. D. Holmes of Grand Rapids, Mich.; two sisters, Alice Williams and Mrs. C. N. Tait of Plymouth; two nieces, two nephews and a host of friends.

Her life with sorrow oft o'ercast,  
 Yet faith undimmed could pierce  
 the gloom;  
 Well knowing that her blessed Lord  
 was standing just beyond the tomb.

The employees of Henry Ford & Son's Northville, plant received their bonus last week. A total of about \$14,000 was distributed among the employees as a result of the bonus plan. Several Plymouth citizens, who are employed at the Northville plant shared in the distribution of the above sum.

Bert Hartman and Valentine Welnes killed the biggest hog they ever tackled last week at Hartman's slaughter house. Clyde Bottsford of Oceola, brought it to town. It weighed 690 pounds after it was dressed, and they estimate that it must have weighed 750 pounds when alive. It was so large that it would not go in the big tub for scalding. Some hog!—Brighton Argus.

Isaac Henry LaFurge, a life-long resident of Superior township, died early Friday morning, after an illness of about ten days. It is thought that his death was caused by a fall from a hay loader, which occurred last summer. Mr. LaFurge was born on the farm where he died, 69 years ago last June. He is survived by his wife, two sons, William of Superior township, and Charles, a teacher in the Lansing public schools. There are seven grandchildren. The funeral was held Monday afternoon at two o'clock.—Ypsilanti Record.

Conductor Starkey of the D. U. R. made a fortunate purchase in this village, last Sunday night. He went to W. H. Elliott's store to purchase some ice cream, but the supply of cream having been exhausted during the day, he decided to take a pint of oysters. As his good wife was preparing the oysters for their Sunday night lunch, she discovered two "stones," which she took to a jeweler on Monday morning, and received an offer of \$150 for them, being assured her discovery were pearls. Mr. Elliott does not sell pearls in every pint of oysters, but he does contend that he is giving his customers more than their money's worth with every purchase made at his store.—Northville Record.

Moslem Temple Shrine members of Northville Commandery district met Monday evening at Masonic Temple, and enjoyed a 6:30 o'clock dinner, followed by a smoker and business session. Members from Northville, Milford, Plymouth, Farmington, Redford and other affiliated Nobles were

present and the evening was profitably spent and greatly enjoyed by all. The following officers were selected: President, L. A. Rabbitt; secretary, James A. Huff; treasurer, Charles A. Dolph; entertainment committee, T. E. Murdock. M. A. Porter was given charge of transportation and co-operation work for the big Moslem circus, which is to be held in Detroit Light Guard Armory two weeks, February 7-19.—Northville Record.

### SCHOOL NOTES

The following third grade children have not been absent nor tardy for the whole semester this year: Vann Campbell, Dorothy Freheit, Madelon Shingleton, Hazel Rathburn. Alvina Lorenz has not been absent, and only tardy once this semester.

Our Junior chorus of mixed voices is made up of fifty-six voices from the Freshman and Sophomore classes. The work during the first semester has been very good, but we're expecting something still better during the second semester.

The seventh grade chorus consists entirely of seventh grade people, and they number sixty in all. At the present time they are preparing a program for an assembly sometime in February.

WAYNE COUNTY FARM BUREAU NEWS

INTERESTING ITEMS OF NEWS OF THE FARM ORGANIZATIONS OF WAYNE COUNTY.

Co-operative community organizations among the farmers of Wayne county will soon be sufficient to accommodate every member of the Farm Bureau, which will greatly increase the efficiency of that organization. At the annual meeting of the Plymouth Agricultural Association, held on last Saturday, it was voted to amend the by-laws of the organization to become affiliated with the Farm Bureau as a local, which will enable this association in the future to make purchases direct through the State Farm Bureau, and in many ways be of greater service to its memberships. William Farley was re-elected president for the coming year; Walter Postiff, vice president; Frank Toncray, secretary-manager. The newly elected directors were J. W. Gates and L. A. Wisley. County Agent Gregg, in a brief talk, urged the members to take more interest in their organization, particularly in the matter of co-operative buying, as the success in the future was largely a matter of individual efforts, which was the real foundation of co-operative organizations.

Aid in securing a protective tariff for agriculture, particularly for garden products, the price of which was often paralyzed locally by Canadian growers, was urged by Milton Carmichael, secretary of the Detroit Market Growers' association, which is taking a leading part in this movement, now of such vital importance. The Plymouth Agricultural Association will hold an adjourned meeting on Saturday, February 19, to vote upon amendments to its by-laws, that will make Farm Bureau affiliation possible.

Making Milk Tests The latest work taken over by the Wayne County Farm Bureau is that of supervising milk tests at the receiving stations, arrangements having been made whereby Detroit distributors would accept these reports in making monthly settlements. Don Coburn in charge of the testing at Denton, Sheldon, Cherry Hill and Belleville receiving stations and it is expected that he will be given the work at Plymouth at an early date. This arrangement is said to be far more satisfactory to the producers than the old system, and is carried on through a tentative arrangement with the Michigan Milk Producers' association.

On next Tuesday evening, Feb. 8th, the Sumpter Farm Bureau association will meet at the home of Irving Atyeo, near Martinsville. On Wednesday evening, Feb. 9th, the East Nankin Farmers club will hold its monthly meeting at the home of R. J. Lathers, south of Inkster. The farmers residing in the Denton community will meet at that place on the afternoon and evening of Thursday, Feb. 10th. The Ladies' Aid society will serve supper at the town hall.

The first regular meeting of the Livonia Farm Bureau was held this Tuesday evening at the township hall. This new co-operative organization is doing well, having just distributed its first car of cotton seed meal, and is placing orders for other supplies for the farm through the state organization. Milton Carmichael, secretary of the Wayne County Farm Bureau, explained to this new organization the importance of each member of a co-operative organization doing his individual part to make the work a success, otherwise the organization was bound to have tough times during the first year or two. It was urged that each member do his part to boost and support the co-operative work of the association, and give it full moral support as well as that of a business character. Secretary Manager Garchow is now receiving fertilizer orders and other farm products for the Farm Bureau members in Livonia township. Milton Carmichael, Secretary.

AN INTERESTING LETTER FROM J. E. WILCOX

We have received the following interesting letter from John E. Wilcox, formerly of Plymouth, which will be of interest to his many friends here:

Twin Falls, Idaho, Jan. 19, 1921. Editor Samsen, Dear Sir:

Enclosed find check for \$150, if you can, in payment for the Plymouth Mail another year. Could not get along without it. It is the first paper read. With that and the Detroit Daily Free Press, I find out just what Michigan is doing. Well, Mr. Samsen; that was some election we had last fall. I don't think the world will ever see another like it.

Well, the mountains are white with snow but very little here. We came out here last spring, the 9th day of May, and for five months we never had any rain, and still Idaho had the biggest crop she ever raised, and I had the best garden you ever saw, unless it was Dr. Patterson's down in Plymouth. Wheat yields here all the way from 35 to 70 bushels to the acre. One man here had two acres and had a production of 78 1/2 bushels. One farmer here threshed ten acres of red clover, which produced ninety-one bushels, for which he received \$1,365. Sugar beets were a great crop here last year, and they brought a good price, \$12.00 per ton. Two men had 120 acres. They sold their beets for something over \$18,000. The cost of production was between six and seven thousand dollars. A nice sum of money. Real estate, live stock and produce of all kinds have slumped here. Men are paying all kinds of rates of interest, 8 per cent to 25 per cent in some cases.

Produce has slumped one-half here. Farmers are certainly up against it. Lots of farmers out here did a lot of "wild catting" last year, sold their ranches, bought again; bought more land and paid about the same price as what they sold for; got in debt, and they stand a chance to lose all. One man here invested \$10,000 in a ranch, and has given up the whole thing.

All through the latter part of October and November, we had lots of rain. Not so much at any one time, but just enough to keep the third cutting of hay and the beans and clover seed from drying out, and I believe that one-half of the hay, beans and clover seed were never harvested. Hay that sold last winter for \$30.00 per ton, this winter is bringing \$7.50. There are acres and acres of potatoes here that were never dug. They are selling here now for 70c per hundred. Farmers who have lived on the tract for a long time, say they never saw anything like it before.

Our goods that we crated in Michigan last April, never reached us until the fourth day of December. They certainly looked mighty good to us when they did come. As the Irishman said, "We are well on to live, besides keeping a pig or two." Never have been homesick a minute. Very little snow and mild weather all this winter.

Twin Falls expended \$800,000 on streets this last summer—some town that is only fourteen years old, and has 10,000 population.

Mrs. Wilcox joins with me in wishing the people of Plymouth the best of everything for 1921.

JOHN E. WILCOX.

CHURCH NEWS

Bible lecture every Thursday evening. Religious instruction, Saturday, at 9 o'clock.

Bible Students Rev. 22 in order next. Again a most beautiful picture of the church triumphant is brought to our attention in the opening verses of this last chapter. Pictured as the "life giving river," and as the "tree of life" bearing her life giving fruit ("life, liberty and happiness") at first, for other gracious purpose than for the "healing of the nations." "And the leaves (teachings) of the trees (church triumphant) were for the healing of the nations" (peoples). This same beautiful "river" with its ever increasing influence, is brought to our attention in Ezek. 47. "A river, deep, "knee" deep, "loin" deep, as a mighty river (of grace and truth) carrying all before it." "Son of man, hast thou seen this?" David Birch's, Feb. 6, 2:00 p. m. Welcome.

Today's Reflections

Sometimes we wonder, if tobacco is voted out next, what near-tobacco would taste like.

We agree with the well-known Plymouth citizen who yesterday declared that most of the "unrest" in this country is caused by dollar itch.

The only "shimmy dance" that is really worth anything is the one the washwoman does over the tub.

One of the greatest benefits to be derived from being decent is you don't have to give your money to a lawyer.

The reason dad's pants are no longer cut down for Willie is that when he gets through wearing them there's no room amid the holes for scissors to get a footing.

No Plymouth man ever got so powerful but some weak little woman can set her foot on his neck any time she wants to.

While the price of autos has declined considerably, about the only vehicle everybody can afford to ride in is the water wagon.

Walking on a cold morning has this advantage over autoing—the man who walks doesn't have to stop and pour cold water in a radiator.

Most Plymouth men we meet who would like to reform something, usually want to begin on the other fellow.

We earn our bread by the sweat of our brow. It's only the soft job that provides cake.

A Fargo man went bankrupt and married the next day. No telling what a fellow will do when he gets desperate.

The easiest way to flatter a Plymouth man is to ask his advice concerning something he doesn't know anything about.

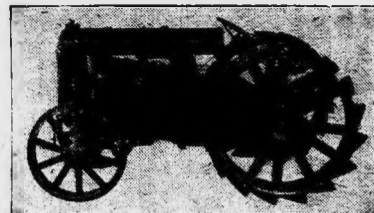

We've always noticed that as soon as some fellows find themselves in "hot water," they commence getting "cold feet."

Women can keep right on discarding garments, but they'll always feel half-dressed if they haven't got a hat.

## MAKE RIGHT USE OF RABBIT SKIN

Value Depends Greatly on Their Condition and Are Always in Good Demand.

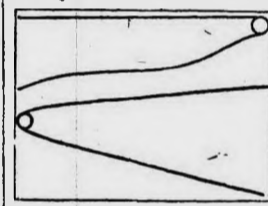

### DIRECTIONS FOR PREPARING

Department of Agriculture Bulletin Tells How to Skin, Stretch and Tan—Preferable to Sell to Local Fur Buyer.

(Prepared by the United States Department of Agriculture.)  
Rabbit skins should always be saved, as they have a value, depending on their condition and are regularly in demand by scientists of the biological survey, United States Department of Agriculture. A skin may be prepared for market with less trouble than is required to bury it. It has only to be drawn flesh side out, over a piece of thin board or No. 9 gauge galvanized wire, shaped to give it a uniform tension, and hung in a shady well-ventilated place, such as an open shed, until it becomes bone dry. Artificial heat should not be used to dry skins if it is possible to dry them otherwise before there is danger of their becoming sour or moldy. Usually after hanging a week or 10 days skins may be removed from stretchers.

**Skinnering the Rabbit.**  
An experienced hand can skin a rabbit in less than one minute. With a sharp-pointed knife slit the under side of the ear to the other ear. Then twist each hind foot until the knee sticks out through the slit in the skin. Pass the fingers between the muscle and the skin to separate them and break the skin at the base of the tail so that the bone may be pulled through them, thus stripping off the skin. It is then convenient to hang the carcass by the hamstrings as high as the operator's head, from iron pins driven eight inches apart into a horizontal scantling. By using the knife a little around the flanks, shoulders, eyes, and lips and by severing the ears from the skull, the skin may be stripped from the body, inside out, as a glove is turned from a hand. If care is taken the skin may be removed whole, thus preserving the pelt and at the same time leaving no hairs on the meat.

Unless one is killing a great many rabbits, it is usually preferable to sell the dried skins to a local fur buyer, who will bale and ship for several producers. When there are a large number of skins they may be piled

Upper—Wire stretcher for stretching skin from side to side. Not suitable for skins cut or torn more or less along the under side. Lower—This wire form stretches skins from back to belly instead of side to side.

between upright scantlings as stove wood is piled and kept thus until enough have accumulated to make a bale. They should then be baled under lever or screw pressure, securely bound, and covered with hurlin for shipment.

If rabbit skins are intended for home use and not for sale, they may be tanned.

A good tanning liquor is composed of one quart of salt and one-half ounce of sulphuric acid to each gallon of water. As the acid corrodes metal, this liquid should be kept in a glass or wooden container. Rabbit skins will be tanned in this mixture in from three to four days, but they may be kept in it for a longer time without injury.

**Drying the Skins.**  
When removed from the tanning liquor skins should be washed several times in soapy water, wrung as dry as possible, thoroughly rubbed on the flesh side with a cake of hard soap, folded in the middle lengthwise over a line, hair side out, and left to dry. When both outer surfaces are barely dry and the interior is still moist, the skins should be laid over a smooth, rounded board or plank and scraped on the flesh side with the edge of a worn flat file or other blunt-edged tool. In this way an inner layer of tissue is removed and the skins become nearly white in color. They should then be stretched, rubbed, and twisted until quite dry. If parts of a skin are still hard or stiff, it should be returned to the tanning solution and the process repeated until the entire skin is soft. Fresh butter or other animal fat worked into skins while they are warm and then worked out again in dry hardwood sawdust, or extracted by hasty bath in gasoline, increases their softness. Home-dressed skins should be matched for color before being made up into garments.

**Make Use of Fanning Mill.**  
Get out your fanning mill and clean your seed grain. Clean seed pays.

**Effects of Constipation**  
Constipation causes a stoppage of the sewerage system of the body. The poisonous refuse matter that should be carried away is retained in the system and often poisons the blood and causes numerous disorders. No one can afford to neglect his bowels. A dose of Chamberlain's Tablets will afford relief. Avoid drastic cathartics as they take too much water out of the system, and their use is likely to be followed by constipation.—Advt.

## TOAD BECAME PET

Lived for Thirty-Six Years With French Family.

Little Creature Seen Last All Fear of Mankind and Furnished Amusement to Its Protectors.

There was a wise old toad that lived for more than thirty-six years in a hole beneath the doorstep of a French farmhouse. How old it was when first noticed no one could say, but it had probably lived for a long time before familiarity with the sight of man emboldened it to rest tranquilly on the doorstep over which persons were constantly passing.

The step became the batrachian's hunting ground, where, with little trouble, it might capture the ants which persisted in crossing and recrossing it. The toad, hunting for its supper, came to be regarded as one of the sights of the neighborhood, and certainly the skillful manner in which it used its wonderfully formed tongue entitled it to be ranked as an expert among hunters.

For one thing, it showed wonderful skill in judging distance; the tongue was never darted out until the insect came within a certain range. The accuracy of the creature's aim was another matter for surprise. The insects were generally in motion when the tongue was darted against them, but the arrow never failed to hit its mark.

The rapidity with which the tongue was shot forth excited much wonder. The operation is a complex one. The tongue is doubled or rolled up when in the mouth; therefore, a twofold action is required, an uncoupling of the weapon, and then the darting of it forth.

The withdrawing of the tongue, with the captured insect on the top, was not less remarkable. Notwithstanding the rapid motion, the fineness of the tongue tip and the struggles of the prey the victim was never dropped.

The toad was so tame that it might rightly be called domesticated. It would remain quietly in one hand and take its food from the other, provided a leaf was placed on the hand which held it. Without this precaution the warmth of the human hand was evidently annoying and uncomfortable to the chilly little fellow.

Few things seemed to please it more than to be placed on a table in the evening when the lamp was lighted. It would look around with the greatest confidence in its gleaming eye and when insects were placed on the table it snatched them up with even greater rapidity than in its day huntings.

In this way the toad lived for thirty-six years, the pet of the neighborhood. It might have lived many years more had not a tame but spiteful raven pocketed one of its eyes.

**Thumb Prints for Brides.**  
The newest slogan of English social life is to fight bigamy with Bertillon methods. There the war has brought on an unprecedented wave of bigamy. Soldiers with two and sometimes three wives are still being daily charged in the courts. Australians with wives at the other end of the earth and brides in England were said to be the worst offenders, their special plural marriage system becoming one of the jokes of the music halls.

It has been suggested that couples seeking marriage licenses should furnish their photographs, which shall be affixed to their marriage "lines." The certificate bearing the thumb prints of both bride and bridegroom shall then be photographed and the proof filed with the statistical records at Somerset house. By adopting this system it is believed that no question can ever remain unsettled as to the actual identity of the contracting parties in case any such question should ever arise.

**Corn Products Widely Used.**

The products of corn go around the world to a degree beyond all guessing. Two products widely diffused are glucose corn sirup and grape sugar. In 1919 corn sirup was distributed to nearly seventy-five different countries, in weight amounting to 220,580,761 pounds and of the value of \$13,160,051. To more than twenty countries corn sugar was sent to the amount of 35,236,948 pounds and of the value of \$1,970,833. Corn sirup is a distinctively American product. Its greatest purchaser was the United Kingdom, and France was next. The same distinction is true in the foreign purchases of corn sugar. Glucose was discovered about 1800.

**Synthetic Camphor.**

Camphor is now being manufactured synthetically from turpentine. This step has been made in order to supply the American market with the aromatic substance. The majority of camphor is imported from Japan. It is used in medicine, in the making of celluloid, which is a combination of camphor and gun cotton. The Department of Agriculture had established a camphor farm in Florida and is producing a very good grade of the substance.

**Many Hiccough "Cures."**  
After hiccoughing for 15 days, John P. Wallace, thirty-three years old, of Camden, N. J., was relieved by physicians at Cooper hospital, that city. Wallace, who is a shipyard worker, was taken ill with stomach trouble. Physicians treating him received numerous letters suggesting "sure cures," which ranged from the use of ice cream without sugar to the smoking of a "big black cigar."

**MAKING PLANS FOR  
COMMUNITY BANQUET**

A meeting of the community banquet committee was held Tuesday evening, for the purpose of making definite plans for the coming event, which promises to be the largest affair of its kind ever held in Plymouth.

The date for the banquet has been set for Tuesday, February 22nd, Washington's Birthday. It will be held in the High school auditorium at 8:30 p. m. Tickets will be on sale from February 7th to 19th, inclusive, or until the seating capacity of the auditorium has been sold. No tickets will be sold after the seating capacity has been filled, so it is hoped that all those who expect to attend will secure their tickets as early as possible. The price of the tickets will be \$1.00 each. M. G. Hill was chosen chairman of the general arrangements committee, and will be assisted by Robert Jolliffe, S. D. Strong, Mr. Allenbaugh, Mrs. Sewell-Bennett, Mrs. S. E. Campbell, Mrs. I. N. Dickerson, Mrs. Ethel Rice, Mrs. Dan Murray, Mrs. Harry Shattuck, Mrs. George Wilcox and Mrs. Mary Henry. Tickets and advertising committee S. D. Strong and R. R. Parrott. Watch the Mail for further particulars.

**LEADER-BEYER**

Announcements have been received here of the marriage of Miss Alice Beyer, daughter of Mr. and Mrs. Charles Beyer of Perrinsville, and Walter Leader of Detroit, which took place in St. John's Lutheran church Maybury avenue, Detroit, Wednesday evening, January 28th. The ceremony was performed by Rev. G. Claus, pastor of the church, in the presence of about fifty guests. The bride was attended by her sister, Miss Margaret Beyer, who acted as maid of honor, and cousin, Miss Ellora Gentser of Buffalo, New

York, as bridesmaid. Little Ruth Gumbler was ring bearer, and Messrs. Albert and Otto Miltz of Detroit, acted as ushers. The bride is not a stranger in Plymouth, having resided here with her grandparents, Mr. and Mrs. Fred Beyer, and attended the Plymouth High school. She was a member of the 1917 graduating class. Mr. and Mrs. Leader will reside in Detroit, and Plymouth friends extend best wishes to the happy couple.

**DEATH OF MRS. PETER CORKINS**

Mrs. Ida Corkins, aged 54 years, wife of Peter Corkins of this place, passed away suddenly at her home on South Main street, last week Thursday evening. Mrs. Corkins had been suffering from heart trouble for some time, but her death came very unexpectedly to relatives and friends, as she was only ill a short time. The deceased is survived by her husband and two daughters, Mrs. Fred Wilbur of Whitaker, and Mrs. Francis Wilkinson of this place, and one son, Will, who resided with his parents, besides other more distant relatives. The funeral services were held from Schrader Bros. Funeral Home, Sunday afternoon, at one o'clock. Burial in Riverside cemetery. Plymouth friends extend sympathy to the bereaved family.

**LAPHAM'S CORNERS**

Vernon Weed, Fred Sockow, Dorothy Gelash and Francis Berele visited friends in Northville, Sunday. Mrs. G. Weed and little granddaughter and Misses Frances Berele, Dorothy Gelash and Ethel Ingale visited at H. Brinkman's, Saturday. Week-end visitors at George Weed's were: Mrs. William Mager and daughter, May, Ray Bird, Frank Landall, Dorothy Gelash Frances Berele, Fred Yockow and family. Mrs. George Weed visited friends in Ann Arbor, Thursday. Vern Weed visited at W. Richter's, Monday.

**COLLEGES TAKE UP PROBLEMS  
INCIDENT TO POWER FARMING**

AGRICULTURAL schools, state universities and other educational institutions, long accustomed to interest themselves in the progress of farming, soil conservation, plant propagation, better methods of improving live stock, preservation of fruit trees, plants, and, in general, the betterment of the living and growing things on American farms, have turned their attention to the problems of education that arise from the use of power farming machinery. On the daily educational program of the sixth National Tractor Show, to be held at Columbus, O., Feb. 7 to 12, which includes at least four speakers daily on different phases of power farming, there will also be discussions by practical farmers. It is the largest exposition of its kind in the history of power farming machinery, and is arousing interest everywhere because of the big educational program offered. Four of the speakers are shown in the above group. H. H. Musselman, College of Agriculture, Michigan; J. B. Davidson, State College, Iowa; Oscar W. Sjogren, Lincoln, Nebraska, and William Altkenhead, Purdue University. Practically every state in the Union will be represented either by a speaker or a farm expert.

Ingenious "Hatroom Pirates." Two hatroom pirates in a Broadway dunsuit had a battle over a spoon of thread the other night. When they were pulled apart it was learned that they use white thread to loosen change from tightwads. They cut the thread in little strips. When a person refuses to tip for being brushed off, the boys wait until he reaches the front door, then rush after him and begin apparently to pull a number of white ravelings off his back. Then they show them to the tightwad. It is always good for a dime.—New York Times.

America's Gift to Europe. As a gift from the American people, the American Forestry association the other day started a shipment of 12,000,000 tree seeds to Europe to reforest the war-devastated areas. The seeds were shipped through the embassies of Great Britain, France and Belgium. For this shipment the association collected Douglas fir from the west coast, a species which grows rapidly in those three countries, and is in much demand by foresters there.

For this shipment the association collected Douglas fir from the west coast, a species which grows rapidly in those three countries, and is in much demand by foresters there.

Mr. and Mrs. Edward Egloff and two sons, Mr. Matt. Everett and Mrs. John Higgins visited relatives in Detroit, Tuesday.

Mrs. W. M. Lawrence and Mrs. Ward Walker of Detroit, were Sunday visitors at the home of R. G. Lawrence on Depot street.

Ingenious "Hatroom Pirates." Two hatroom pirates in a Broadway dunsuit had a battle over a spoon of thread the other night. When they were pulled apart it was learned that they use white thread to loosen change from tightwads. They cut the thread in little strips. When a person refuses to tip for being brushed off, the boys wait until he reaches the front door, then rush after him and begin apparently to pull a number of white ravelings off his back. Then they show them to the tightwad. It is always good for a dime.—New York Times.

America's Gift to Europe. As a gift from the American people, the American Forestry association the other day started a shipment of 12,000,000 tree seeds to Europe to reforest the war-devastated areas. The seeds were shipped through the embassies of Great Britain, France and Belgium. For this shipment the association collected Douglas fir from the west coast, a species which grows rapidly in those three countries, and is in much demand by foresters there.
