Overcome Your Handicap

All men are handicapped in life with certain infirmities of spirit as well as of body. A close study and following of Jesus Christ, the perfect man, helps one to overcome these. Don't you want to overcome your handicaps? Why not daily grow more like the perfect man?

The Presbyterian church was organized to help men do this. Come and join us as Christians. Hear the sermons next Sunday morning and evening on,

"HOW TO MAKE GOD SEEM REAL"

—and—

"THE MAN WHO KEPT HIMSELF IN REPAIR"

HIGH SCHOOL CARNIVAL A GREAT SUCCESS

The Athletic Association Carnival, last Friday night at the schoolhouse, was a decided success, a substantial sum being realized for necessary equipment. If noise is anything to judge by, then surely the young people had a good time. Everything from gum, popcorn, ice cream cones and baked goods, to minstrel and the African dodger and moving pictures were features of the occasion. The association wishes to thank the manufacturers of air rifles for their loan of guns. Mr. Field for his generous giving of time and work with the moving pictures, and all of those who helped with donations.

AN OLD TIME SPELLING MATCH

Friday afternoon at 2:30 in the auditorium there will be an old-fashioned spelling match between teams from Northville, Wayne and Plymouth. BOYS' AND GIRLS' CLUB TO MEET HERE

GATHERING AT PLYMOUTH WILL SHOW THE GOOD DONE BY CLUB WORK.

Looking forward to the annual Spring Round-up of Achievement Day is the thought most prominent in every club member's mind these days. County Club Agent, G. O. Stewart, assisted by Miss Elda Robb, assistant state club leader for girls, has been busy the past week attending local exhibits at various schools throughout the county. At these meetings the best articles of the garment-making and handicraft clubs are chosen, and will be shown at the Plymouth High school auditorium, Saturday, April 23. There will be no forenoon meeting, but the program will start promptly at 1:30, Eastern time.

R. A. Turner, state club leader, and one of his assistants will be the judges at this meeting, and will also talk to the club members and their guests.

A splendid program has been arranged, in addition to the exhibits and the various clubs in the county will be well represented. Everyone is invited, and we hope you are planning on coming. This will be another milestone added to Wayne county club work, and we hope every community will send several carloads of people.

On the opening day and during all next week, he will have on exhibition several models of these cars and trucks, and a most cordial invitation is extended to the public to call and inspect them. CONGRESSMAN MICHENER GETS IMPORTANT PLACE

Congressman Earl C. Michener of the Second District of which Plymouth is a part, faced well in the assignment of a committee. Just made recently, Congressman Michener gets the coveted position of a place on the judiciary committee. The judiciary committee on which Congressman Michener secures membership is one of the major committees of the House. It has to do with all purely legal questions, liquor, patents and matters involving artists and co-operative associations. At the last session it sponsored the George-Hinsman bill to allow the formation of co-operative farmers marketing associations. The Farm Bureau of Michigan were much interested in this bill.

NOTICE

All organizations interested in using the High school building grounds for the summer should call the board of education at the superintendent's office, Monday evening, April 12 at 7:30. E. V. Joline, Secretary.

FORMER PLYMOUTH BOY HAS MADE GOOD

Professor Edward S. Corwin and wife of Princeton, New Jersey, visited the former's uncle and aunt, Mr. and Mrs. S. L. Bennett, and other friends here, last Friday and Saturday, before leaving for London, England, where Dr. Corwin will study during the summer. Returning in September, he will take up his duties at Princeton University, where he has taught since 1905, being professor of politics since 1912. Dr. Corwin is nationally recognized as one of the keenest on constitution and public law, his writings having won for him the reputation of a very able critic. He has also received favorable mention in that well known magazine, "Who is Who in America." Dr. Corwin was born in Canton, and attended the Plymouth High school, having been a member of the 1905 graduating class. It is indeed with a feeling of great pride that Plymouth friends point to his success.

PLYMOUTH DELPHIAN CHAPTER

Last week Tuesday, April 6th, the Delphian Chapter met in the kindergarten room of the High school building, and had a very interesting meeting. EVERYBODY'S BUSINESS

Getting wages back to where they should be, getting prices back to where they are on a par with wages, getting production around to where it will meet the demand and bringing the demand up to tally with production is not the business of any man or set of men—it's everybody's business.

If the merchant is now forced to sell some articles below cost, it's his business to see that the concern he buys from in the future gets its product down to a lower price. Everyone has to assume a part of the burden, no matter what he has to sell, produce or labor. We don't believe there is a man in Plymouth or a farm hand in all this section who expects to draw as high wages now as he did when everything he eats and wears was from three to five times as high as it is today. So he must accept a reduction to meet the gradually lowering price of necessities. Refusing to buy isn't going to help, for if you refuse to buy you can't expect to sell. One depends upon the other. If a farmer lives he must sell his produce, and if the consumer lives he must buy it. But the farmer can't pay the same wages with wheat at a dollar a bushel that he could when it was around \$2.50. The farm hand can get the same shirt now for a dollar he paid \$2.50 for a couple of seasons ago, so where has he lost anything in the reduction of wages? So long as wages go hand-in-hand with the price of commodities, and so long as commodities balance up with wages, we'll be all right, and we'll be on solid foundation pretty soon. But we've got to keep buying and selling, and selling and buying—not luxuries, but necessities—or we will strike a snag that we won't be able to get around for years, and all of us will be in worse shape than we ever were before.

LOOK 'EM OVER

The season for eating green things gathered out-of-doors is here, likewise the time for gathering the early mushrooms. A mess of greens is just as tempting now as it has been since the days of Adam, and hits the spot as well as a mess of greens ever did. But there is always a little bit of danger in both greens and mushrooms, not much, but just enough to warrant our being cautious. We don't want even one funeral in Plymouth this spring, and summer if we can help it. So if using just a little care in picking our greens and gath-

ering our mushrooms will help to cut down the danger, let's see that care is used. It is always safest to throw aside that which you are not absolutely sure of, and there'll be plenty without it, anyhow. Remember this when you gather greens or mushrooms, or any outdoor edible of which you have the slightest doubt. Just remember as you do the gathering that it's always better to be safe than it is to be sorry.

IS MARS INHABITED?

PICTURE AT M. E. CHURCH GIVES IDEA OF LIFE ON OUR NEAREST NEIGHBOR.

One of the most unusual pictures is "A Trip to Mars," which furnishes the entertainment at the Methodist church next Monday evening. It deals with the absorbing question of life on other planets and links Mars up with our earth in a manner both scientific and dramatic. The picture tells the story of a daring party of explorers who are supposed to make the trip through miles of space in the year 1930. Mars is finally reached after many exciting adventures, and the manners and customs of the people there is dramatically portrayed. Of course, there is a love story in it, and the hero has the distinction of being the first mortal to win a bride on Mars and bring her down to earth. Five thousand actors and \$100,000 of mechanical effects were used in the production of the picture.

GRANGE NOTES

About thirty members were in attendance at the regular meeting, April 7th. Some of the bills before the present legislature were ably presented by Mr. Postiff, as the main feature of the program.

Mrs. Spicers talk on "Farmer Week" at East Lansing, was also instructive and interesting.

Four new members were obligated, and will receive the third and fourth degrees, Thursday, April 21st, at 11:30 a. m. Please note the time and be there promptly. The time is now ready for you to comply with, "Every member, one new member, 1921."

The Farm Bureau meeting at Monroe, next Saturday, April 16th, to be addressed by N. P. Hull, regarding the question of the surplus milk supply, will be of interest to all members of our Grange. Plan, if possible, to attend.

5,000 people, \$100,000 of mechanical effects were used making, "A Trip to Mars." See it at the M. E. church, Monday night.

There's more to a home than dollars and cents

No one can measure the cash value of a happy home. It's the biggest thing in life.

If you are living in cramped and uncomfortable quarters, if you have been planning for a home when conditions become right—then see us today.

The delay in new building has forced building material prices downward at a tremendous clip. Manufacturers, caught with big stocks on hand, have had to turn them over almost at cost.

We have taken advantage of the situation and as a result we are able to show you substantial reductions on practically every item we carry—masons' supplies, roofing, Beaver Board—many of our prices compare favorably with those of 1914.

This is a good time to see us.

With our city short a large number of homes, people can't delay much longer in their new building. Demand will stimulate prices; manufacturers will again ask a legitimate profit; and we can again expect increased building costs.

In the meantime we offer you a home—at a prices that cannot fail to please you. If you will call or phone us, we will be glad to go into detail.

Today's Reflections

Old Job had a lot of patience, but not much more than the gang now hunting new jobs down at Washington.

We know when Plymouth is going to get back to normalcy, and that's when every fellow is willing to sweat as much as he used to.

Grandmother didn't have a shelf-load of cook books, and she didn't know what a salary was, but when it came to getting up a real meal she had the world beat.

Shooting husbands is getting to be a habit, and we suppose there'd be a lot more of it, only some women are afraid they might have to go to work for a living.

Here's a tip to the Plymouth man who wants to knock—a good dog never lets go of what he's got just for a chance to growl.

A Georgia farmer paid a four-cent income tax, and a lot of other farmers are wondering how he made enough to have to pay that much.

It has about gotten so that every time Uncle Sam gets a few dollars ahead, some foreign nation sends over a committee to ask him for a loan.

The average Plymouth man is grateful for what he receives, but it's hard for him to be thankful for the things he doesn't get.

Some people strive earnestly to get into heaven, but others to get into the moving picture game.

A Chicago woman in her will left \$8,000 for the care of a pet dog. And if the dog dies we suppose the money goes to the husband.

Every Plymouth woman knows that she talks too much, but what she doesn't know is that there's a cure for it.

In this glorious land they put lotteries out of business and let Wall Street run. In case of the lotteries you did stand to win once in a while.

There's no question but the Lord is always on the right side, but at that He doesn't seem to keep a lot of people from making foolish blunders.

Our advice to Plymouth gardeners is not to fight over which has the largest radishes or spring onions. Bring them to this office and let us decide.

NOTICE

There are several places in the village that are being made or used as public dumps, where no such purpose was intended. These places are becoming eyesores and a detriment to surrounding property. The village manager hereby directs that no more rubbish or cans or other metal be dumped at the following places: The corner of Ann Arbor street and Elizabeth street; the intersection of the Pere Marquette railroad and Farmer street; the block of Junction avenue between Ann street and Harvey street.

SIDNEY D. STRONG,
Village Manager.

NOTICE

There are numbers of small boys this spring who evidently think that the Fourth of July is several months long. The number of cap pistols and caps being used now is beyond the limits of reason. After this week if boys are found firing pistols or caps in the village, the pistols and caps will be taken up by the police and kept until just before the Fourth of July.

SIDNEY D. STRONG,
Village Manager.

The Helping Hand society met this month at the home of Mrs. Fred Steinhale with a good attendance, and a number of visitors from Wayne, Plymouth and from the Perrinsville and Newburg Aid societies. After the business meeting, they adjourned to meet with Miss Mildred Jubenville, the first Wednesday in May, in the afternoon for supper. The word for roll call will begin with Q. Christabelle Kaiser, who has been sick and confined to her bed for some time, and under the care of Dr. Patterson, is much better at this writing; also Miss Lillian Kaiser, daughter of Mr. and Mrs. L. A LETTER FROM SUNNY CALIFORNIA

MRS. E. L. RIGGS WRITES ANOTHER INTERESTING LETTER FOR THE READERS OF THE MAIL.

Venice, California, March 31, 1921. Dear Readers of the Plymouth Mail: Thinking perhaps you might enjoy another letter from California, and as so many things have happened since I wrote you the other one, I will send this one which I think will be of interest to many of you. I will begin by telling you that we have driven in the last three months, thirty-five hundred miles, visiting San Diego, where we remained for four days, attending the races in Tia Juana, which is in Old Mexico. It is a most beautiful drive to San Diego, with paved road all the way, part of the way along the ocean, and through many orange and lemon groves.

We have also been to Riverside, where we called on Will Ely, and family, formerly of Northville. He is a brother of Mrs. M. E. Patterson. They were much pleased to see us, and have a pretty bungalow home, on one of the pretty streets of Riverside. We also visited the Mission Inn, which is one of the show places of the city. Then driving on we went to Redlands, where we stayed over night, and the drive between Riverside and Redlands is a most scenic one, and Redlands a very pretty city. Next morning we started out and drove to San Bernardino, where the orange show was in progress, and such a fine display of oranges I never saw. We then drove around through the foothills of Pasadena, which is a beautiful drive. In all our drives we have never driven on a dirt road, and there is no dust, and the weather is ideal. On our way down to Riverside, we stopped at Pomona and called on Dr. and Mrs. F. P. Kenyon formerly of Plymouth, where we had a very pleasant call. On our trips around the country, we saw many places where there were by the side of the roads stands with lemons for sale; a sign reading, "Lemons, 5c a dozen; help yourself, too cheap to steal."

At the dance pavilion in Venice, every Saturday afternoon is given over to the children, and one Saturday afternoon while sitting in the balcony, I counted five hundred and fifty-eight in the grand march; some are almost babies in rompers and it is certainly amusing to watch them. The Al. Barnes circus, which has been in winter quarters about a mile from here, started out a few weeks ago on a three thousand mile trip, their cars newly painted and everything in fine shape.

On March 19th, we attended the Michigan picnic, which is held twice a year, September and March. We saw a great many there whom we knew: Mr. and Mrs. Robert Yerkes, Mr. and Mrs. A. Stanley, Mr. Dolph and son, and Roy Ambler, all of Northville; also Mr. and Mrs. Hugh Clawson and little son, Mrs. C. was formerly Una Gunsolly of Northville and Plymouth. E. H. Tighe, Mrs. Ed. Quackenbush and daughters, Mr. and Mrs. Harry McDonald, Art Van-Sickle, Mrs. Iora Proctor and Mrs. McDermott, Mr. and Mrs. Ed. Miller. There were fifteen thousand former Michigan people there, a martial band which played all the old time pieces and made things lively, and everyone seemed to have a most enjoyable time. On Easter Sunday, Venice had a fashion show on the band stand in the Band Plaza, thirty of the film stars from Universal City appeared in the latest Paris creations. Miss Carmel Myers, Universal film star, presented some of the beautiful costumes, and Willard H. George of Los Angeles had ten beautiful models displaying furs valued at half a million. Last week Miss Winona Seip of Venice, secretly married Peter Mon-shower, a Venice aviator. They announced their marriage a few days later, and today they sailed via the clouds to Arizona, and thence to New York City, where they will make their home. A group of young people gathered at the aviation field, which is just across from our home to say good-by to them. Mr. Riggs and I sat on our porch and saw them leave on their aerial honeymoon. A couple of weeks ago we were driving along the beach, when near Santa Monica we looked up and on a cliff 175 feet above us we saw an automobile standing on the very edge of the cliff, and a few feet away was a platform built on the edge with a moving picture machine, and the camera man was grinding it, so of course we stopped expecting to see the automobile plunge over the embankment. Well, every automobile that came along saw us looking up, so before long there was a line of a dozen or so back of us, looking up. In a few minutes two men jumped into the automobile on the cliff and began to fight, both had shotguns, and in a few minutes the auto went forward instead of back. Well, they went through this performance, and every minute we expected to see it come over the bank. We waited there an hour, and I do not know whether they came over the edge or not, and they may be there yet for all I can tell, as we were hungry and drove on home. Mr. and Mrs. E. H. Tighe, who are spending the winter in Pasadena, were here Monday and spent the day with us, and one day last week, Mrs. N. A. Bradner and niece, Miss Irene Cable, were here and had lunch with us. Both are looking well, and Mrs. Bradner says she is feeling fine out here. Mr. and Mrs. George Wilkske and Kenneth, are all looking fine, and have gained a great many pounds this winter. Mr. Wilkske has not had a touch of rheumatism since coming out here, and which was one of his reasons for coming here. The salt air makes it very healthful here, and gives one a good appetite. My mother has gained twelve pounds and is feeling well, and is remarkably smart for a woman in her eightieth year. We are eating radishes (our third crop), lettuce, green onions, beets, green peas from our own garden. We have one hundred and eighty-seven calla lilies in bloom in our yard, besides the roses and geraniums. The place which burned a few months ago is rapidly being rebuilt, and a great many new houses are being built. Miss Edna Miller, niece of Mrs. George Wilkske, is expected here next

Thursday, where she will remain until they return to Plymouth in June. Miss Miller is a former Northville girl and has been teaching school in Highland Park. We have Lester VanDeCar's address in Pasadena, and expect to go over there and call on them before we return to Plymouth in June, where we shall stay three months. Mr. Riggs had another accident last week, in Los Angeles, when a car drove into a parking place so close to our car that it caught him between the two running boards and bruised his legs quite badly, but he is around again and aside from that is feeling pretty good. I think this is quite enough for

this time, and hope the friends will enjoy this letter. Sincerely, MRS. E. L. RIGGS.

NORTHEAST FREE CHURCH

With a blustery night and bad roads, the social, which was held at the home of Mr. and Mrs. Wm. Grammel, Saturday evening, was a real success. The social was given for the benefit of the Superior Base Ball club, which has just recently been organized. Dancing was indulged in after which the ladies shadows were auctioned by Frank J. Boyle, who receives the credit for the neat sum

which was netted, about \$90. Mr. and Mrs. Frank Hesse entertained at their home on Thursday evening: Mr. and Mrs. Charles Root, Mr. and Mrs. William Grammel, Mr. and Mrs. T. Gardner, Mr. and Mrs. Glen Clark, Beatrice Douglas and Bryan Czapl. The evening was spent in games and music, after which the hostess served a dainty lunch. Clyde Brown motored through to Kalkaska, Mich., on Wednesday of last week, where he has gone to make his future home. Mrs. Frank Hesse will entertain the Ladies' Aid Society at her home on Thursday, April 28. Miss Beatrice Douglas spent the

week-end with her sister, Mrs. Wm. Grammel. For a Severe Cold "Chamberlain's Cough Remedy cured my daughter, Anna, of a severe cold and cough a few years ago, and ever since then I have never missed an opportunity to recommend this medicine to anyone suffering from throat or lung troubles. I cannot speak too highly in praise of it," writes Mrs. D. J. Shelley, Earville, N. Y. Chamberlain's Cough Remedy contains no narcotic and may be given to children with perfect confidence. It is a pleasant syrup, so they do not object to taking it. Adv.

Fordson

The Fordson Tractor was made to meet the demands and necessities of the every-day American farmer. It was made with the thought that it was the necessity of the man of forty acres as well as the man with one thousand acres. It was made not only for plowing, harrowing, discing, drilling, seeding, mowing, reaping, but for all other work on the farm where power is necessary. It was made to bring conveniences to the farmer's home as well as for the cultivation of his fields. It was made to furnish power for the cream separator, silo filling, cutting feed, sawing wood, furnishing power for milking, washing, supplying the house with running water, electric lights, and the hundred and one things on the farm. It was made to do all this economically and in a reliable way. It was made to be a big profitable servant on the farm.

And it has not failed in any of the expectations had for it. It has been tested as no other Tractor has been tested. It has been proven reliable and can furnish proofs impossible to any other Tractor. It has done these things not only in America, but in Europe, Asia, Africa, and in the Islands of the Seas. It has met successfully the demands of farmers in every part of the civilized world.

Therefore, the Fordson Tractor can meet all the conditions of your farm. When you buy a Fordson, you are not buying any experiment—you are buying a servant and a money-maker for you that you can depend upon absolutely from the first day you put it to work. It is easy to understand. It possesses all the power you want. It is simple to control. It is more flexible than you imagine. It will help you cultivate every foot of ground you have, and every day in the year you will find use for it on the farm. Its appeal to the farmer is in its dependable service and the wide variety of work it can do.

We'd like every farmer that reads this, if he hasn't a Fordson Tractor already, to come to us and let us sell him one. Let us demonstrate its powers, its values, on your own farm. Let's get into details—power, reliability, economy. While the sale of a Tractor gives us a small profit, the purchase of a Tractor to the farmer means a money-making servant every day for years. So the sale of a Fordson means more to the purchaser than it does to us. We are arguing for your good, Mr. Farmer. Come in and talk it over. Your time against ours. It is worth it.

And remember, when you buy a Fordson Tractor, we are right here to keep that Tractor in reliable running condition every day. You won't have to wait if anything should get out of order. We are right here to keep it right, because one of the conditions of the Fordson Dealer is that he must keep on hand always a complete supply of parts. This is a guarantee we don't believe you can get with any other farm Tractor. Come in. Let's talk it over.

Last Week Wednesday Night's Audience Mystified

Tries vainly to detect difference between voice of famous soprano and
RE-CREATION by Edison's new phonograph

Those present at High School Auditorium, last week Wednesday night, saw Marie Morrisey walk onto the stage. They saw her take her position next to a beautiful cabinet. They saw her lips give voice to the opening song. Then suddenly her lips were still, but the song kept flowing on.

How came this? They were hearing Marie Morrisey's voice, yet Marie Morrisey was not singing. The entire audience gasped as it slowly realized that it had been unable to distinguish between Marie Morrisey's voice and the RE-CREATION of that voice by the New Edison.

This was the daring test undertaken last week Wednesday night at the High School Auditorium by Thomas A. Edison. He sought to prove that no difference exists between the voice of the living artist and its RE-CREATION by the New Edison. The musically cultured of Plymouth were invited to pass judgment. No test could have been more exacting.

Marie Morrisey made comparison after comparison. Harold Lyman also made tests with his flute. The mystified audience tried vainly to catch a difference between the original rendition and its RE-CREATION by the New Edison. No one could tell one from the other.

It was a triumph whole and complete for the New Edison.

The NEW EDISON

"The Phonograph With A Soul"

The instrument used in last week Wednesday night's Tone-test is the regular model which sells for \$295. It is an exact duplicate of the Laboratory Model which Mr. Edison perfected after spending Three Million Dollars in experiments.

The New Edison alone of all phonographs is capable of sustaining this test. Until Mr. Edison knew it would do so, he regarded his work as unfinished.

Ask someone who was present last week Wednesday night. Learn the amazing truth. Then come in and let us prove it personally to you.

FAMINE FUND WORK AT HALF-WAY MARK

Thomas W. Lamont, Chairman, Tells of Relief Administered and Task to Be Completed.

The American Committee for China Famine Fund, according to a statement issued by Thomas W. Lamont, chairman, has reached the second stage of its mission of mercy of sending funds from America to feed the millions of starving famine victims in the far eastern republic. At the low estimate, the statement says, just as much more is needed to carry "the last 5,000,000" through to the June harvest as has already been sent.

Mr. Lamont points out that quick response by America to appeals made by President Harding and his predecessor, President Wilson, has resulted in such prompt distribution of relief that the threatened magnitude of the famine has been checked to a marked extent. A continuation of the efforts so far made, it is declared, will place the famine relief for China among America's most effective, philanthropic.

The Waiting Millions

There remain, however, the statement shows, a "last 5,000,000" to be saved, and these people can be saved only by continuous and voluminous relief resulting from American subscriptions.

The statement, in part, follows: "Quick response to the appeal of the American Committee for China Famine Fund gives us at the half-way point in our work the cheering assurance that the subscriptions from generous America already have served a great humanitarian purpose, inasmuch as relief already administered has held the famine in bounds and made it possible for America to save a multitude of human beings.

"Whereas early estimates made it seem that millions must perish, we now are advised that instead of the 15,000,000 who, it was originally feared, were doomed to death from hunger, relief at present in sight from all sources, American, Chinese and foreign, is sufficient to provide scanty rations until the June harvest for all except 5,000,000 people. These 'last 5,000,000' are destitute, according to our latest reports from the American Advisory Committee in Peking and are dependent for existence upon new help coming from outside sources, and this means America.

From All the People

"It is the earnest hope of the Committee that the number of contributions made as well as the aggregate will be such as to make our humanitarian gift, in a real sense, a gift of the American people as a whole.

"One way to make individual effort and generosity contribute toward saving China's starving population is for every one responsive to China's need, to pick a pal in China for a day. The thought behind this special appeal in connection with the latter part of our effort will be for American men, women and children to choose, figuratively, a Chinese famine victim as a friend for a day and to send what they spend, one day on themselves or an American friend to the China Famine Fund of their church, local committee, banks or churches or direct to Vernon Munroe, treasurer, Bible House, New York City.

"No American is so poor that he cannot save a life at the lowest rate ever quoted, one dollar a month. Life's quotations fluctuate, sometimes in one nation, sometimes in another, but the lower the quotation the greater the opportunity of humanity, the opportunity of human beings to save human life. China is far away—8,000 miles—but hunger is hunger, whether around the corner or beyond the Pacific.

"We appeal to America to make effective the work already done in checking the China famine disaster by saving until harvest those already saved from death."

"CHINA WEEK" IS SUPREME EFFORT OF FUND WORKERS

As a practical and popular demonstration of the sympathy of the nation for a sister republic, a "China Famine Week," to be observed throughout the United States, has been set for the eight days from Sunday, May 1, to Sunday, May 8, inclusive.

In this week it is hoped that the churches and civic, commercial and professional bodies will take an active part. The success of this week will determine largely the amount of relief which can be sent through personal sacrifice to 5,000,000 starving people still dependent on outside aid.

SEND What You SPEND ONE-DAY To China

5,000,000 Chinese Famine Victims Still Need American Help Before June.

\$1 will save one life one month. PICK A PAL IN CHINA FOR A DAY

To hasten the work of relief, this campaign will forward contributions of the local Treasurer, or to the National Treasurer, China Famine Fund, Bible House, New York City.

TRAGEDY IN STARK'S WARE

Brooklyn Man's Surtis on Roller Skates Came to End in Sudden and Dire Disaster.

This is another of those stories in which the hero has to go by a "nom de modesty." So he will be known as John K. Bling—J. K. for short. He is one of the several people, aside from Mayor Hylan, who live in Brooklyn, and one of those, including Hizoner, who do not ride on the B. R. T.

J. K.'s boss was one of those unreasonable people who did not consider the strike a good and sufficient reason for being absent or even unusually late for work. So it was up to him to get to the office in some manner. The first and second days of the tieup he managed to get jammed on a truck. It would have been all right if he hadn't seen on the third day that three girls had roller skated across the bridge.

J. K. remembered his youth distinctly and he was pretty sure that roller skating was easy. Certainly he should be able to manipulate the simple straight-forward steps after the complex patterns of his youth. And so it was that he borrowed his small daughter's skates, pulled them out to the limit of extension and set forth across the bridge of many sighs.

J. K. found that he managed pretty well until he got to the bridge. When the pavement was level it was quite easy and despite his modesty he found that the surprised and appreciative glances of the less fortunate Brooklynites were very pleasant. It gave him a fine feeling of returned youth to be roller skating along with the best of the youngsters.

But he had reckoned without the slope at the New York end of the bridge. Here the structure begins to descend slightly to meet the roadway. And J. K. lost control of his pedal traction arrangements. He grew pale as he saw a great mass of people ahead of him. Yelling did no good, for the traffic was too great. So he hit the mass of humanity with a thud, which jolted the chewing gum clear down the throats of two stenographers. J. K. found himself seated on the pavement. His straw hat was gone and there was a bad rip in his coat. Slowly he got up, apologized profusely and looked for his hat. He found it where he had been sitting. But it was quite useless.—New York Sun.

Refused to "Slide."

She was one of those fussy little old women, all primed and with her hair in a curl.

When she got aboard the street car several men—yes, there are some who still respect gray hairs on a street car—got up and offered a seat. She accepted one gentlemanly proffer, but didn't keep the seat long. When she had finally found repose, a woman next to her said:

"Would you mind sliding over just a bit, please? Then another lady can have a seat."

Her gray-haired majesty rose to lofty heights.

"Slide? Slide?" she sputtered. "I will not slide. I will arise and take my body elsewhere."

And, suiting her actions to her words, she arose and took her body up to the front of the car, where her dignity would not be assailed by a request to slide.—Indianapolis Star.

Boom in Spanish Capital.

An effort to solve the housing problem of the Spanish capital caused by the influx of thousands of country folk to Madrid, is in progress in the northern section adjacent to the suburb of Cuatro Caminos. A private concern has acquired an enormous tract of land, and has begun building what for Madrid are skyscrapers of ten stories. Each of these buildings is to contain 400 flats and 40 stores. The new model suburb is to be in all respects modern. Engineers are now engaged in laying out a boulevard running through its center, more than half a mile long and 130 feet in width, with two carriage ways and a central promenade lined with trees.

THE THEATRE

The theme of "The North Wind's Make" is distinctly unusual. Mr. Beach tells of the dread winter of upper Alaska, which descends upon the country like an avenging spirit, shrouding the land in its freezing pall. The furious cold shuts men and women up tight in their cabins and grinds into their minds a terrible despair—the grim spectre of monotony. In this atmosphere, trivial incidents are exaggerated beyond their importance, and rage flames up on the slightest pretext. This is the thrilling background for the wonderful story told in "The North Wind's Make"—a story of love, adventure, furious revenge and golden romance. Don't miss this remarkable picture. It will be shown here Saturday evening, April 16th.

Mack Sennett's latest big picture, "Love, Honor and Behave," is said to have qualities that will appeal to every type of picture patron. A quality not usually associated with Sennett comedies is that of sentiment, which abounds in this new plot. It is not held up for smiles or hearty laughs, but is injected with sincerity and emotional effectiveness. It will be seen at the Penniman Allen theatre, next Tuesday evening, April 19th.

As an extra attraction, there will be an Annette Kellerman picture, entitled, "The Art of Diving." Also a Chester Outing, "Frozen Thunder."

Michael John O'Flaherty, six months old, is the best baby motion picture actor who ever performed before a motion picture camera, according to Constance Talmadge. Michael appears in a scene in "Dangerous Business," Constance's latest starring vehicle, which will be shown at the Penniman Allen theatre, Thursday evening, April 21.

What means the Lord's statement that He has come into His garden and gathered His myrrh and spices? The statement that He has eaten His honeycomb with His honey and drunk His wine with His milk? Have we noted the biblical meaning of the words myrrh, spices, honeycomb, honey, wine and milk? This study is proving even more interesting than at first supposed. BUICK

THESE two telegrams, one from the far East, the other from the far West, are typical of the many telegrams which are being received from every section of the country asking for immediate shipment of Buick cars and for an increase in dealers allotments.

They prove in a most conclusive manner the demand for Buick cars—a demand which is particularly gratifying now when motor car values are being scrutinized as never before and when final sales are consummated upon the basis of greater relative values and actual demonstrated worth.

Active buying, too, is stimulated by a realization of the periodical shortage of Buick cars and the desire to insure Spring deliveries by the immediate placing of orders.

A good indication of the demand for Buick on the Atlantic Coast.

This telegram demonstrates Buick popularity on the Pacific Coast.

A LETTER FROM ARIZONA

MRS. H. C. HAGER WRITES INTERESTING LETTER FROM HER WESTERN HOME.

Cactus Ranch, Casa Grande, Ariz. L. B. Samsen, Plymouth, Mich. Editor Mail:

I note my subscription is due, so enclose it, as we cannot get along without the home town news. After we read it through, we pass it along to Mr. and Mrs. Frank Kubit, who are staying at the San Carlos hotel here in Casa Grande. They are from Perrinsville, and we have had many talks together about Plymouth, to our mutual pleasure. We often hear from Emil Schilling and family, formerly of Plymouth. They were intending to come here, but got off the trail, and headed for California, and are now living in Menlo Park, California. We often meet with Michigan folks here, as Arizona seems to be a regular melting pot. People from every state in the union come here either for health's sake, or to escape the rigorous winters of the east.

This part of the state might truthfully be called the land of perpetual sunshine, for we have had no rain since last August, with the exception of three short showers. Feed for horses and cattle is very scarce on that account, and the wild desert horses are dying in considerable numbers. The cattle seem to stand it better, and will probably keep up until rain comes, which the Indians are prophesying will be soon.

There is quite a lot of excitement in Casa Grande at the present time, owing to prospects of oil being found southwest of town. Several ranches have been leased, and as fast as homesteaders prove up their claims, they are asked to lease their holdings. Whether it will amount to anything, or turn out to be a wild-cat scheme remains to be seen.

The Casa Grande Valley has got to come to the front before long, as there is too much valuable land for agricultural purposes going to waste. We look for great things to be accomplished within the next eighteen months. The diversion dam is already under construction, and that is the preliminary step toward the building of the big San Carlos reservoir; at least, such is the prevailing opinion. The reclamation of the western states would add vastly to the agricultural resources and wealth of the country. This can only be done by irrigation, which means building dams and reservoirs to store up the overflow of waters from the Gila and other rivers. The soil here is of the best, and given water it would grow all manner of crops, and not only one crop, but two and sometimes three crops a year. Where ranch owners pump water on their lands, they raise two crops a year. Alfalfa is cut five times, sometimes six. One rancher shipped 200 carloads of lettuce last season, which realized a substantial sum for him.

The town has grown amazingly the past year, but things are very quiet at present, as they are everywhere else, but we are looking for a big boom this fall.

I conclude, with a few verses for your paper, if you have space to spare. Kind regards to Plymouth friends.

Sincerely yours,
Mrs. H. C. HAGER.
April 5th, 1921.

THE LITTLE OLD HOME TOWN

There's something I should remember.
Said I, with a puckering frown;
And it seems to be something about
The little old home town.
Now what is the date? By heck!
I have it here set down,
And it pricks my memory again
About the old home town.
Ah! the mystery is solved,
And I smile instead of frown,
As I renew my order for
The paper from my home town.
I would not miss a single one,
Not for a golden crown;
For it's the one and only link
With the little old home town.
It is with eager interest,
I scan each item down;
To know what happens way back
There.
In the little old home town.
It reminds me to see the many
Well known lives laid down;
But it gladdens me that the gaps
are filled.
In the little old home town.
By those who seek a pleasant spot,
In which to settle down;
They could not find a better one
Than the little old home town.
And though I dwell so far away,
'Mid mountains gray and brown;
Yet ever dear my thoughts turn back
To the little old home town.
May she increase abundantly,
Success her efforts crown;
May all her citizens unite
To boost the old home town.

Baptist Notes

The ladies' bazaar, last Wednesday afternoon and the supper following was a great success. Every article was sold except two small aprons. The supper was pronounced fine by everyone, as well as the table of home-made candy, which was very tempting and was well patronized.

The Sunday-school has arranged with Miss Ellen Gardner to hold an afternoon at the church, May 4. This is a fine occasion and those who assist will be selected from her large class. Make your plans to be there.

The church has sent out some cards bearing the picture of the church, also the schedule for the summer, giving time of each service.

Next Sunday is Denominational Day for Baptists in the United States, and the pastors are requested to preach on that day. So if you want to hear something about what the bible has to say for the coming Sunday morning, and the pastor will have that for his subject.

The young people's choir will meet after prayer meeting of Thursday evening.

The Ladies Aid society will meet on Wednesday afternoon, corner of Adams and Main streets, for the purpose of raising money for the church. The ladies are arranged for the same.

Miss Alice Small led the E. Y. P. M. last Sunday. Many guests.

things were brought out about keeping the Lord's day.

A meeting of the Wayne association of Baptist churches is to be held at Wayne the first Wednesday in June. The program committee met in Wayne, last Friday, and arranged the program for the meeting, Rev. Grimwood of Northville; Rev. Chas. Slack of Litchfield; Rev. Sayles, Plymouth, Moderator.

THE UNITED GUN CLUB

The United Gun Club held their first registered club shoot, Sunday, April 10th. Owing to the disagreeable brand of weather, only ten contestants were on the firing line. Harry Passage set a fast pace from the start, and finished in first place, scoring 71 out of 75.

S. A. Bone of Pontiac, let five glide back to the green without a shot mark. J. A. Feeler drew more than his share of the tough ones, but managed to smash 69. Howard Hall (professional) tied with Harry Passage, scoring 71 out of 75.

The next regular club shoot will be held April 24th. The following contestants shot through the 75-target program:

F. Hills	68 out of 75
C. Merritt	66 out of 75
H. Hall	71 out of 75
J. Feeler	69 out of 75
H. Passage	71 out of 75
M. Powell	64 out of 75
S. Bone	70 out of 75

Which Battery?

You won't be satisfied with a car unless you are satisfied with the battery.

The Willard Threaded Rubber Battery not only gives the right service to begin with, but keeps on giving it, and actually outlasts the battery plates.

The plates are insulated—not merely separated. And the Threaded Rubber Insulation neither warps, cracks, nor punctures, because unlike wood separators, it is not affected by battery acid.

THREE PRESIDENTS ASK AID FOR CHINA

Harding, Wilson and Taft Appeal
 to Americans to Help Stricken
 Millions of Sister Republic.

The President and two ex-Presidents
 of the United States have joined, for
 the first time in the history of the
 country, in an appeal for a philan-
 thropic enterprise. President Harding,
 ex-President Wilson and ex-President
 Taft are all in the forefront of the
 movement to send aid from America
 to the famine victims of China.

One of President Harding's first offi-
 cial acts after his inauguration, taken
 when he had been in the White House
 less than two weeks, was to renew the
 appeal made by his predecessor in be-
 half of America's sister republic in the
 East. President Harding said in part:
 "At this, the earliest practicable mo-
 ment in my administration, I desire to
 add my own to the many appeals
 which have been issued heretofore in
 behalf of the starving people of a large
 section of China."

"The picture of China's distress is
 so tragic that I am moved, therefore,
 to renew the appeal heretofore made
 and to express the hope that the Amer-
 ican people will continue to contribute
 to this humanitarian cause as gener-
 ously as they possibly can."

In appointing the American commit-
 tee for China Famine Fund, with his
 own immediate predecessor in the
 White House, ex-President Taft, as
 one of the members, and Thomas W.
 Lamont of New York, as chairman,
 President Wilson said in his procla-
 mation:

"Not only in the name of humanity,
 but in that of the friendliness which
 we feel for a great people in distress,
 I venture to ask that our citizens shall,
 even though the task of giving is not
 today a light one, respond as they can
 to this distant but appealing cry for
 help."

LIFE SAVING STAMPS HELP FAMINE VICTIMS

Each "Mercy" Sticker Purchased
 for Three Cents Provides Food
 for One Day for a Chinese.

Sales of "Life Saving Stamps" by
 the American Committee for China
 Famine Fund for the benefit of China
 famine victims have reached a total
 of thousands of dollars at the end of the
 first month, and already the money is
 actually saving lives in China. Or-
 ders during the first month aggregated
 more than 10,000,000 stamps, which
 will mean—at the rate of 3 cents for
 each stamp—\$300,000 for the Chinese,
 when the complete return has been
 made. The stamps are intended to se-
 cure a multitude of small contribu-
 tions from persons who will not have
 an opportunity to contribute in other
 ways. The campaign for China is the
 greatest single philanthropic effort
 now before the American people.

Every state in the Union is now co-
 operating in the life saving stamp
 sales, and special committees are at
 work in more than 2,000 cities through-
 out the country. The circulation of the
 stamps is being effected by sales
 organizations composed of officers of
 the Woman's Foreign Missionary So-
 cieties, assisted by commercial organi-
 zations, schools, churches, Boy and
 Girl Scout Camps, Y. M. and Y. W.
 Christian Associations, fraternal
 lodges, hotel associations, boards of
 education and other volunteers inter-
 ested in the movement to extend a
 helping hand to a sister republic in dis-
 tress.

House to house canvassing for the
 sale of the stamps—which are intended
 to be placed on the backs of letters and
 packages—has proved the most effec-
 tive method in the smaller communi-
 ties. In the big cities the stamps have
 been sold to business houses, which
 are using them on their outgoing mail
 and packages. A nominal quota of ten
 stamps for every adult has been set by
 the committee, but in many centers
 this already has been passed. If un-
 able to obtain stamps through a local
 committee write China Famine Fund
 Committee, Bible House, New York.

BUY CHINA LIFE SAVING STAMPS

If each person buys ten stamps at
 a cost of 30 cents, this community
 will go over its stamp quota.
 Stamps can be secured from the
 local China Famine Fund Committee
 or directly from China Famine Fund,
 Bible House, New York City.

 to the happy couple for many years
 of happy wedded life.

The following Plymouth gentlemen
 have been drawn to serve as circuit
 court jurors during the May and
 June terms: Charles Roberts, James
 McKeever, John A. Blair and Plato
 Hough. Two women, Mrs. John J.
 McDonald and Mrs. Lena Golden of
 Detroit, will also serve. It is the first
 time in the history of Wayne county
 that women have been drawn as cir-
 cuit court jurors.

About fifteen relatives and friends
 gave Mr. and Mrs. Elmer Willett a
 pleasant surprise, last Wednesday
 evening, in remembrance of their
 thirty-fifth wedding anniversary. A
 social evening was enjoyed and re-
 freshments were served. Before de-
 parting the guests presented the
 host and hostess with a handsome
 oak rocker. It is hoped that they
 may enjoy many more such pleasant
 occasions.

Harry H. Stearns of Pontiac, was
 before Justice Phebe Patterson, last
 Tuesday, charged with driving an
 automobile while intoxicated. He
 was found guilty by the justice, and
 was given a fine of \$75 and costs,
 which he paid. George Bolser, also
 of Pontiac, was before Justice Pat-
 terson, the same day, on a charge of
 driving an automobile without an
 operator's license. He paid a fine of
 \$25 and costs. Members of the Mich-
 igan state police and local officers
 made the arrests.
