WOMAN'S HOME MISSIONARY SOCIETY MET HERE

THE CONVENTION WAS ATTENDED BY SEVENTY-FIVE DELEGATES FROM THE SEVERAL AUXILIARIES IN THE DISTRICT.

The first annual meeting of the Woman's Home Missionary society of Pontiac district was held in Plymouth, May 15th and 16th, with a fine representation of the auxiliaries of the district, seventy-five out of town guests being in attendance.

At 10 a. m. on Thursday, the convention was called for its first session. The president of the district, Mrs. Charles Shattuck of Pontiac, presiding.

Each department of the work of the society was represented. The reports were cheering and inspiring. The amount of money forwarded by the different auxiliaries of the district for the different branches of the missionary work, reaching well up into the thousands of dollars. When one realizes that this is but a small part of the whole Detroit conference, the results are truly gratifying.

As Mrs. Boyer was not able to be present on account of illness, Mrs. Steadman, wife of the pastor of the Fourteenth Avenue church in Detroit, took her place, and gave an inspiring talk on the "Ester Home" for working girls, which is soon to be opened in Detroit. Truly the need of this home is great. The object is to furnish a good, clean, wholesome lodging house for working girls at a nominal figure, each paying according to the salary which she receives, thereby those more fortunate helping those less fortunate sisters to have a good home, though receiving small wages. The present month of May is being observed in all the auxiliaries as "Ester Home" month, and special effort is being made to raise funds for this worthy cause.

"Our Colored Work" was very ably discussed by Mrs. T. H. Dennis of Detroit.

Toward the close of the afternoon session, Mrs. H. G. Pierce gave a very fine reading in her usual pleasing manner.

After Mrs. John Buckley's talk on "Children's Work," the afternoon session closed, and the guests were treated to an automobile ride to places of interest in our village, returning to the church, where a delicious dinner was served by the M. E. Ladies.

Thursday evening, Miss Gunsaulus of Adrian, a professional reader, gave two very fine readings, after which Mrs. D. D. Spellman of Detroit, treated the audience to a wonderfully inspiring and instructive lecture on "Home Mission Work." She took her hearers in their minds, by way of aeroplanes, from one point of interest to another over our broad land, making short stops at various mission homes, for Chinese, Mexicans, Italians. In fact, nearly every race of people on the globe. Starting at New York and going to California, New Mexico, New Orleans, Porto Rico etc., showing by means of slides thrown on the screen, the pictures of the different missionary homes, some of the workers, the children who live in them, etc. It left a lasting impression with her audience, as simple words could not have done.

After a beautiful solo by Mrs. Dicks, Dr. Castellucci, the leader of the Italian work in Detroit, gave an especially interesting talk on his work there among the Italian people. The convention then closed for the day by singing, "America."

The sessions of Friday were as full of interest as those of the day preceding. One special feature being the talk by Mrs. B. A. King, a colored worker from Detroit. She was full of enthusiasm for the work in which she is engaged among her own people who have come to Detroit from the south. Many negro people have emigrated from the southland during the past year. The change of climate and labor depression has caused untold suffering. At the close of her address she sang some of the negro melodies, responding again and again to encores.

During the afternoon, the High School Glee Club, under the direction of their instructor, Miss Hall, very pleasantly entertained the convention with their singing.

The convention closed at 4:00 p. m. and the out of town guests voted Plymouth a royal hostess.

IMPROVEMENTS AT RIVERSIDE

Riverside cemetery presents a very fine appearance at this time of the year, in fact it is the opinion of many who have visited this beautiful city of the dead, that it has never looked better. Under the supervision of F. D. Schrader, chairman of the cemetery committee, the grounds are in perfect order. A lot of shrubbery has been set out this spring, that will still further enhance the beauty of the grounds. One of the greatest improvements that has been accomplished this spring, is the extension of the water pipe lines, so that water is now available for use on every lot in the cemetery. The past year has seen some very beautiful monuments erected at Riverside, and a greater interest is manifested in the caring for lots, which is one of the biggest factors in the general appearance and beauty of the grounds.

SENIOR CLASS BENEFIT NEXT WEEK

MARY MILES MINTER PICTURE, "JENNY BE GOOD."

Next week Friday evening, May 27th, the senior class are giving a moving picture entertainment at the High school auditorium, presenting Mary Miles Minter in one of her latest Realart pictures, "Jenny Be Good." Miss Minter is the nineteen year old girl, who starred in "A Cumberland Romance" and "Anne of Green Gables," two popular pictures recently shown here.

The story was written by Wilbur Finley Fauley, a New York newspaper man, and presents both ends of the New York life. Over against the sweet simplicity of Jenny's life, with its struggles in the city for recognition as a violinist, is placed the raiding of a gambling den, and the escape of a rich woman drug victim, whose car goes crashing over a cliff to the beach below.

Members of the senior class are selling tickets for the entertainment.

BARTLING-WEBER

At six o'clock last Saturday evening, at the home of James McKeever on East Ann Arbor street, occurred the wedding of his sister, Anna Weber to H. W. Bartling, both of Litchfield, Ill. After the ceremony the guests were invited into the dining room, which was prettily decorated in pink and white, where a bountiful wedding supper awaited them, and after which the bride and groom left for Detroit, Cleveland, and other points enroute home. Relatives were present from Litchfield, Detroit and Cleveland.

STAY ON THE JOB
In every community, and the community around Plymouth is no exception, there are dozens of farmers who are either getting ready to quit farming entirely or wishing they could. The reason is the extremely low price of farm products and the high cost of implements and fertilizer, as well as clothing, etc. In every period of distress there are always a lot of "summer soldiers" who give up at the first frost. And it is they who help to improve conditions for the man who sticks on the job. There are sure to be hard times in any business, and agriculture is no exception. But the real business man, the real farmer, is the one who both looks ahead and prepares ahead. He is the one we depend upon to prevent a calamity, and there are still many of his kind left. So we may safely predict that present conditions will not last long. Brighter days are just ahead. The man who sticks to the job now is the man who will cash in when the improvement comes.

is ideally situated for a resort. Good fishing abounds, as the lake has been protected for a long time under private ownership. The amount involved is in the neighborhood of \$150,000, one of the largest real estate deals pulled off in this county in some years.—Ypsilanti Record.

Win. Geiger & Sons of Salem, have just completed a seven-day official test of some of their fine registered Holsteins. The Geiger farm is interesting for many reasons. One is that it is a model dairy farm, such as the county may well take pride in, and another reason is the "human interest" element woven into its history—the story of parents who have succeeded in keeping their children with them on the farm and so binding them to the farm with ties of love and interest that nothing could tempt them away. Win. Geiger has lived in the neighborhood of Salem for forty years, and twenty years ago bought his present farm of 200 acres. A few years ago he took into partnership his three sons, Walter, Frank and Karl, on a fifty-fifty basis. The boys, well versed in modern farming methods, have built upon the good foundation their father laid until they now hold a most enviable position as successful dairy farmers.—Ypsilanti Record.

SCHOOL NOTES

This Friday afternoon our High school team plays Farmington here in Plymouth. This will probably be an exceptionally good game as both Farmington and Plymouth are playing winning games. Called at 3:45.

The fifth and sixth grade base ball teams have done very well in their games. Two teams seem to be in the lead now, but the others are following closely. As it now stands the games are:

Plymouth Sluggers—3 won; 0 lost
Red Caps—3 won; 1 lost
Red Sox—2 won; 4 lost
Tigers—2 won; 3 lost
Plymouth Giants—2 won; 1 lost
Detroit Union Leaders—2 won; 2 lost
Plymouth Stars—0 won; 3 lost

The Plymouth Stars have not had much practice in playing as their captain has been ill, but they are working up much better now.

In the fifth and sixth grade newcomb, the grade now stands:

Winifred Draper—6 won; 2 lost
Catherine Wilcox—3 won; 3 lost
Beatrice Britcher—5 won; 2 lost
Hazel Rayner—2 won; 5 lost
Alice Hathaway—1 won; 3 lost

Last Thursday afternoon Plymouth High school ball team defeated Wayne High school 12-4. Doudt pitching for Plymouth had the boys from Wayne hitting pop flies, sickly

grounders and watching them go by. Wayne scored on an error in the first, and did not score again until three half of the ninth, getting but three hits in the first of the eighth inning. Plymouth completely solved Wayne's pitcher in the fourth, scoring seven runs and necessitating the introduction of a second pitcher. Our High school scored again in the fifth, three runs in the eighth and one run in the ninth, making a total of twelve runs. With this margin to work on, Wayne was allowed a little pleasure in the ninth inning, by means of which they scored two runs. The game ending 12-4. Our boys as a team played almost faultless ball and hit well, getting ten hits.

Batteries: Wayne—Tressler, Luke, Ross. Plymouth—Doudt, Strasen. Umpire—Smith of Wayne.

GARDEN NOTES

(By M. A. C. Horticultural Dept.)

Tomato plants may be set as soon as all danger of frost is over. The usual planting distance is four feet each way for the earlier varieties, such as Earliana, and 4x5 or 5x5 feet for the later, more vigorous growing sorts. If the plants are to be trained to stakes, set them about two feet apart in rows 2 feet apart. It is some trouble to tie and train the plants to stakes, but they bear a little earlier and the fruit is more easily picked and sprayed.

If there is danger of cut worms attacking plants after they are set in the garden, the plants may be protected by placing a collar of heavy paper around the stem, allowing it to extend about an inch below the soil and covering the stem two or three inches above the soil. In large gardens, where it is impracticable to use paper collars, poison bran mash may be used with good effect.

It is not too late to sow seeds of late cabbage and cauliflower, but don't wait too long. Early, well-grown plants are essential for good crops.

Don't be satisfied with a few masses of sweet corn. Make successive plantings of Golden Bantam at intervals of ten days or two weeks until July 1, and be sure of a continuous supply throughout the season. Plant enough now to furnish a supply for canning and drying.

Plant cucumbers, melons and squashes in rich warm soil. It is a good plan to put a shovelful of well rotted stable manure in the bottom of each hill.

If you are fond of cut flowers, there is nothing more suitable for the purpose than the gladioli. Plant a few now and some later to furnish a good supply.

CARRIED MAIL TO PLYMOUTH BEFORE THE CIVIL WAR

At 88, John D. Parkhurst of Charlotte, is said to be the oldest practicing lawyer in Michigan. He has practiced his profession for 65 years, with the exception of the time he spent in the army during the Civil war.

Mr. Parkhurst is the only living member of the class with which he was graduated from the University of Michigan. He was born in Superior, near Ypsilanti, when his father was postmaster of that village, and carried Mail between Ypsilanti and Plymouth three times a week to earn money for an education.

In the Civil war, Parkhurst, enlisting as a private in the Union army, rose to the brevet rank of major. His regiment had charge of the execution of some of the Lincoln conspirators.

When he was discharged he was paid \$583 by the government for faithful services. He took \$83 to pay his expenses home and bought a draft on the Ocean National bank of New York for the balance. When he arrived in Ypsilanti, he was told that the Ocean bank had failed while he was on his way and his draft was worthless.

Parkhurst is the father of Mrs. J. M. C. Smith, wife of the former representative from the Third Michigan District.—Ex.

There are probably very few people in Plymouth today, who will remember Mr. Parkhurst, but there may be some of the older residents who will recall their then youthful mail carrier.

A great many of the market gardeners had their early tomatoes killed by the late frost. It is also feared it

did great damage to the strawberries and other small fruit.

Fordson

Power Farming with the Fordson

The Fordson Tractor is taking care of every power job; it is taking the drudgery out of farm work and solving the labor problem. Power farming with the Fordson reduces the cost of preparing land to almost one-half what it would be with horses, and saves a third to a half of the farmer's time. What machinery does for the factory, the Fordson Tractor is accomplishing on the farm—it is increasing production at lower costs and making farm life attractive.

Apply this power farming idea in your threshing. More and more farmers are making themselves independent of unfavorable conditions by using the Fordson Tractor linked up with a light thresher. By seizing the right moment and being able to do the job without waiting and in quick time, crop losses are avoided and profits increased.

The Fordson operates with kerosene. When used on belt work, running at full power at 1,000 R. P. M., the fuel consumption does not exceed 2 1/2 gallons per hour. It will run the electric light plant, operate the milking machines and straw baler—will take care of every kind of belt work.

The Fordson plows 6 to 8 acres in a 10-hour day, handling two plows with ease in the average soil. It requires an average of only 1 1/2 to 2 gallons of kerosene to the acre.

It is the ideal year-round tractor. It will pay for its fall and winter keep in many ways, such as road work, hauling grain to the elevator, pumping water and moving granaries.

VARIED SHOW AT 72ND STATE FAIR

PROGRAM TO BE HAPPY MINGLING OF FARM AND CITY FEATURES

FUN AND ENTERTAINMENT ALONG WITH INSTRUCTION

Since Gov. Epaphroditus Ransom established in Michigan 72 years ago the first state fair held west of the Allegheny mountains, the citizens of this commonwealth have witnessed annually an exhibition designed to mirror the industries and activities of the two peninsulas.
In founding the Michigan State Fair, Gov. Ransom and the farmer-students associated with him demonstrated a progressiveness and enterprise which has been characteristic of the state's whole scheme of public education.
It is well to recall at this time that the fair was founded by them with earnest educational ideals; that it was the first attempt at agricultural education in the west; and that from its beginnings sprang also the first agricultural college in the world—the Michigan Agricultural College at East Lansing.

Today's Reflections

Some Plymouth girls actually smile, and others merely peel their lips back to show they have pretty teeth.
Funny how fast things change in this country. Before the war a fellow referred to it as a "position," and now he calls it a "job."
Many a Plymouth man who doesn't believe in advertising feels like the whole world sees it when his name is misspelled in the paper.
No Plymouth man ever gets so busy but he has time to listen to the fellow who wants to tell him that he is a fine citizen.
Solomon didn't pay income tax, neither would you if you had to buy dresses for six hundred wives.
Every now and then we run across some fellow on the streets of Plymouth who seems to think the bible doesn't contain enough "Thou shalt not's."
Considering wages paid, there's a lot more money now in making white paper than in printing on it after it's made.
The lessons your mother learned at her mother's knee had nothing to do with the price of silk stockings and automobile coats.
Deliver us from the Plymouth citizen who thinks that culture consists in reading books they don't know anything about after they read them.
Many a man has saved himself a good licking by springing that "respect for old age" stuff.
A California man says he recently saw a snake as long as a wagon tongue. Considering that the state is dry, we don't know whether to take that as a knock or a boost for California.
We've noticed one queer thing about Plymouth men. They find it easier to be good when they don't feel good.
If there is one type of citizen we enjoy dodging, it is the one who has the kind of religion that makes him gloomy.
As a matter of fact the average Plymouth woman is only cross when pay-day comes and her husband doesn't come across.
Another thing we are going to quit trying to understand, is why the sugar market is at its lowest level when there is going to be a shortage of fruit.

In addition, the fair's financial success has assured still further growth from its present dimensions.

FACTS ABOUT 1921 STATE FAIR

Treatment of Common Colds
"If all who catch cold could be persuaded to remain in bed for the first twenty-four hours of such an attack," says a well known physician, "there would be fewer cases dragging on with distressing symptoms for weeks and often ending in some more serious disease." To make sure of a prompt recovery you should also take Chamberlain's Cough Remedy. Whether sick or well the bowels should move each day.—Adv't.

THE UNITED GUN CLUB

The small attendance at the club shoot Sunday, May 8th, was due to the fact that the first registered tournament of the season of 1921 was staged at Jackson on that date, when upward of one hundred shooters faced the traps.
Only six entries were made at the local club, but the weather was ideal, and a bang up time was reported. The presence of Mr. and Mrs. Vogel of Detroit, added pleasure to the occasion. Mrs. Vogel shot through the program. F. E. Hills made a long run of 56, and finished high with 98 out of 100.
In the club program of 75 targets, the following scores were made:

Baptist Notes

Last week was full of good things. The one thing the young people of the church and Sunday-school will not soon forget was the banquet. About fifty young people sat down and enjoyed the splendid supper. Miss Esther Estep was chairman of the decorating committee. She was assisted by her mother and Mrs. Ward. The tables looked very inviting with flowers and other attractions. The pastor was called to offer a brief prayer. Then Mr. Allenbaugh, president of the B. Y. P. U., spoke of the object of the gathering, and introduced the toastmistress of the evening, Miss Lillian Lundy, who introduced each speaker and those who took part. She gave spice and good humor to the hour, and caused many a good laugh and cheer. Mrs. Sayles and Mr. Hamill sang a fine duet. Miss Virginia Giles gave one of her splendid readings, and after a hearty encore she gave a second.
Miss Alta Hamill also gave us another reading, which all enjoyed. Alton Sayles sang a solo. The pastor then made a few remarks, after which the toastmistress introduced the chief speaker of the evening, Rev. C. H. Berry, superintendent of religious education of Lansing, who spoke to the young people for nearly an hour. His address was full of good advice and sound wisdom and bits of pep. Everyone gave Mr. Berry hearty thanks, and said, "Come back again." The Ladies' orchestra of Plymouth, gave some splendid music during the evening. After singing, "Blest be the Tie," we repeated the nizzpah, and everyone returned to their home, saying we had a good time.
Last week's notes were omitted but Mothers' and Fathers' day was enjoyed by all. Olivia Williams sang a solo at the morning service, which we all enjoyed. The choir gave some splendid selections also. The officers elected and continued in office:

CIVIL WAR PICTURE DECORATION DAY

OLD SOLDIERS SPECIAL GUESTS AT JOHN FOX, JR. STORY OF CIVIL WAR DAYS FILMED AT M. E. CHURCH.

About three months ago, "The Little Shepherd of Kingdom Come," John Fox, Jr.'s thrilling story of Civil War days was selected as the picture most appropriate for Decoration Day, and this six reel feature with Jack Pickford as Chad Buford in the story, will fit into Plymouth's observance of Decoration Day. Civil War veterans and their wives will be special guests for this picture at the Methodist church, it being complimentary to them. A moderate charge will be made to all others.

Next Monday evening the recreation program at the church presents Shirley Mason in "The Little Wanderer." The story is of a poor girl who, to escape from intolerable conditions with a wandering medicine show, runs away, disguised in boy's clothing, and boards a coal train bound for the city. Her experiences in the crowded town are many and varied, and the clouds which hover over her are first pierced by the sunlight of unselfish friendship and finally dispelled by the gentle breezes of love. It is a story abounding in many good comedy situations. A Mutt and Jeff comedy, "Down on the Farm" will begin the program at 7:30.

EDISON REQUISITION BLANK

Winter Chores Made Easy

James carriers do away with the old style, back breaking job of pushing the wheel barrow loaded with heavy, wet litter, perhaps ankle deep in the barnyard slush, up over a treacherous, slippery plank, onto the manure pile.

Cuts Barn Work In Half

A James carrier can easily be lowered to the floor, making it an easy task to load. The loaded carrier runs smoothly along the James special I-beam track out on the swinging crane or arch support. Either the swinging crane or arch support carry the manure away from the barn.

James litter carriers make it easy for the boy, keeps the boy happy and cuts your barn work in half.

THE THEATRE
Douglas Fairbanks will be seen as a dyed-in-the-wool Greenwich villager, in his new production, "The Nut," at the Penniman Allen theatre, Saturday evening, May 21st. As a wealthy young fellow whose hobby is invention, he adopts all the eccentricities and Bohemianism attributed to the people of this famous quarter. The incorporation of a number of clever novelty features makes this vehicle different from anything Fairbanks has ever before appeared in. The outstanding element in the picture is the remarkable love story that runs through it. As a wealthy young fellow with a hobby for invention, he falls so desperately in love with a girl that he really touches your heart with the mishaps he encounters in his efforts to win favor in her eyes. Everything happens to him from losing his clothes to being suspected of murder. How he at last works out his problem furnishes one of the most remarkable endings ever presented, and for that reason the theatre management believes the public will be nutty about "The Nut."
William Christy Cabanne's powerful story, "The Stealers," the Robert-Cole super-special, which will be seen at the Penniman Allen theatre, Tuesday evening, May 24th, is a noteworthy event in the modern picture world, not only because of the driving force of its theme, but because it bids fair to revolutionize the artistry of the screen. Mr. Cabanne, the writer and director of the famous story, is also an expert in the technique of the camera. He has always believed in the expression of emotional shadings through the use of colors in pictures, and this he has achieved in "The Stealers." The play, therefore, is the first in the history of the motion picture to display this engaging and novel feature. As an extra attraction there will be Harold Lloyd in "Number Please."

The attraction at the Penniman Allen theatre for Thursday evening, May 26th, is Jack Pickford in "The Man Who Had Everything." Having everything one wants doesn't insure mental happiness. Ofttimes a surfeit of good things in life brings longing and discontent. Mark Bullway, millionaire, stacked his son, Harry, up against just this sort of proposition. But Mark had an object. The muttered curse of a blind man struck by the touring car in which Mark and his son rode inspired him. "I hope the young man will get everything he wants," said the blind man. And Mark Bullway, seeing the light, decided to sicken his son of worldly pleasure by giving him everything. How well the scheme worked is portrayed admirably in the Goldwyn picture.

She leaves to mourn their loss, her husband and two sons; her father and mother, John and Mary Dalton of Windsor, Canada; two brothers, William Dalton of Brooklyn, N. Y., Roy Dalton of Leamington, Ontario; two sisters, Mrs. Hillman of Staples, Ont., and Mrs. Carr of Cincinnati, Ohio, and a large number of relatives and friends. The funeral was held from the home on Holbrook avenue, Tuesday afternoon, conducted by Rev. H. P. Sayles. Interment took place in Riverside cemetery.

NORTHVILLE COMMANDERY MAKES FINE GAIN

Northville Commandery, Knights Templar, closed the year a few weeks ago with a membership of 170, an increase of 45, members over the preceding twelve months, or an increase representing 36 1/2 per cent. This splendid record placed the local commandery second in the list of the 53 commanderies of the state, with 63 members leading by just one-half of one per cent, an increase of 37 per cent for the past year. Manistee started the year with a membership of 120 and added 45 new members, and won the distinction of having secured first place by a very small margin. Just one more member would have placed Northville in the lead—Northville Record.

A number of Plymouth citizens are members of the Northville Commandery.

DECORATION DAY

Afternoon and Evening

W. C. T. U.

The Woman's Christian Temperance Union had an unusually large attendance at the meeting of May 12, held with Mrs. Mabel Stewart of Church street.

Mrs. E. C. Vesley was present with copies of the new year book for distribution among the members. It is a decidedly attractive little book, complete in every detail, and abounding in charmingly apt quotations. It certainly reflects great credit upon Mrs. Vesley, whose painstaking care omitted nothing that could make it attractive and interesting. The program for the day was in charge of Mrs. Draper and Mrs. Alexander. It being a mother's meeting, the readings were along that line. Two very interesting stories were read by Mrs. Draper and Mrs. Alexander; and Mrs. Humphries and Mrs. C. F. Smith gave pleasing recitations. A discussion upon the influence of environment upon the character of the child, was led by Mrs. Alexander, and several bright clippings were read by the members. Taken all in all, the meeting was very enjoyable.

The following members have been appointed delegates to the State W. C. T. U. convention at Pontiac, June 3-5: Mesdames Draper, Bartlett, Riggs, Humphries, White.

It is hoped that members who have not yet paid their annual dues will kindly do so as soon as possible, since the state dues have to be paid before the convention, and any arrearage makes the work of the treasurer somewhat difficult.

The next meeting occurs May 26, at 2:30 p. m., at the kindergarten room, with Mrs. Luther Peck as leader, and Mr. George A. Smith as speaker.

EPWORTH LEAGUE NOTES

Those Plymouth young people who find Sunday a dull day would quickly change their minds if they would attend Epworth League at the Methodist church, Sunday evenings at 6:30 o'clock. This gives you something to look forward to and to read up on. Last Sunday evening was anniversary night for the League. Under the leadership of L. Judson, the birth and growth of the organization was outlined, and a plea for greater growth was given to a large group of young folks, whose response was given in the singing of a special hymn. Next Sunday is Institute Sunday. Time, 6:30 o'clock. Leader, Charles Sedley, with the assistance of last year's institute delegates.

GRANGE NOTES

The May 6th meeting at the Grange hall was well attended, considering the busy time, and the concert scheduled for the same date. MAKES DRIVE FOR AUXILIARY
President of Texas Organization Shows That She Comes From Fighting Stock.

A record for service in America that dates from Revolutionary days and includes the deeds of Nathaniel Green and Daniel Boone, is perpetuated in Mrs. E. Clinton Murray of Houston, Tex., president of the Women's Auxiliary of the American Legion of that state. The first unit of the Auxiliary of the Legion was founded there.

When her husband, who was past the age limit, was accepted by the Medical Corps during the World War, Mrs. Murray likewise volunteered. She made a record of thirty addresses in one week during a Red Cross drive. She sold Liberty bonds, organized Red Cross units and did active canteen work.

The Women's Auxiliary was organized nationally in Austin, Tex., July 29, 1919. Mrs. Murray was one of the first women to organize a unit in Houston in March 1920. When she became state president, there were twenty-three units in the department. Under her direction, thirty additional units have been formed and fifty others are now organizing. Mrs. Murray plans to obtain a unit for each of the 291 posts of the Legion in Texas.

Mrs. Murray was born in Concordia Parish, La. Both her father and mother came of old Revolutionary stock. Her mother's paternal ancestor was a near kinsman of Daniel Boone; her father's paternal ancestor was a descendant of Nathaniel Greene. During the Civil War her father served as a captain of cavalry in Forrest's Brigade.

What About Your Corset Needs?

Perhaps they are difficult to fulfill! You may have hips which are too large, shoulder flesh to be controlled, fullness in the region of the diaphragm—or you may need support over the abdomen. Perhaps you are a very active person and your corsets wear out quickly or else lose those good contours which control your figure.

If you give a corset hard wear, you want a Warner's, because it is made to stand unusual strain and still keep its good lines.

We have in stock models in Warner's Rust-Proof Corsets which will take care of all your figure needs, and we shall be happy to advise you about the style which is most suitable for your type.
