PLYMOUTH AND PLYMOUTH ROAD'S OPPORTUNITY

EFFORTS ARE BEING MADE TO SECURE SUBURBAN SERVICE BETWEEN DETROIT AND PLYMOUTH ON PERE MARQUETTE R. R.

Several meetings have been held recently in Plymouth with the purpose of securing suburban service to Detroit. The Plymouth Road Development Corporation is pushing the scheme and is endeavoring to interest the land owners along the line of the railroad in the proposition. Their proposition is something like this: The Pere Marquette wants a million dollars in cash to build a double track between Plymouth and Detroit and for motive equipment. The Grey Estate will advance the money at once on condition it be secured by agreements given by the land owners along the right of way. These agreements stipulate that land owners within a half mile of the track contribute \$100 per acre, within a mile \$66 2-3 per acre and within one and one-half miles \$33-1-3 per acre. No money to be paid until ten years after the road is built, and then in four annual installments. The Grey Estate of Detroit now owns 1300 acre along the Plymouth road, and will furnish its share of the money.

It is contended that the large increase in the value of land will more than doubly repay every land owner along the line of the road, and that quick sales will result immediately after service is established. According to the agreement train service will be established within two years, and there will be four trains each way at the beginning, number to be increased as traffic will warrant. The rate of fare is to be 35 cents. Stops will be made half way between Plymouth and Stark, at Stark, Elm and Oak, the time between Plymouth and the Union depot to be forty-five minutes. With such service it is further contended, many Detroiters would purchase suburban homes anywhere along the right of way, and Plymouth would naturally also be highly benefited.

We understand a number of farmers have already "signed up," believing the project a feasible one. Unless the amount desired is secured, of course there will be no service established.

Suburban train service with commuters' rates between Plymouth and Detroit, undoubtedly will eventually make Plymouth, Detroit's largest suburban town. The lands situated on the right-of-way of the Pere Marquette Railroad between Plymouth and Detroit will double and triple in value on account of this service.

Cities like New York, Chicago, Philadelphia, Boston, St. Louis and Pittsburg have long since had suburban train service, commuters' rates applying to many suburban towns in all directions about these cities. The results have been that the land values between the cities, increased many times and the towns that were served by this transportation always continued to grow and became in many cases, very large suburban cities.

The opportunity to secure suburban service on the railroads is very difficult to accomplish. Practically all of the roads are adverse to instituting suburban service—first, because of the interference with their freight and passenger service and moreover, it is understood that this is not profitable business to a railroad. Therefore, if the Plymouth Road Development Corporation is successful in competing their arrangements with the Pere Marquette Railroad along the lines that they are now attempting, it will probably be the only opportunity of securing suburban service in or out of Detroit for many years to come, as attempts have been repeatedly made with other roads, but without success.

The plan that the Plymouth Road Development Corporation has in raising sufficient capital to institute this service, seems equitable inasmuch that if the railroad company does not carry out the service and equipment as called for in the agreement such obligations as one may sign become null and void.

PLYMOUTH ATHLETES WIN THOPHY

The Plymouth High school track team, which competed at the State Inter-scholastic meet Saturday, June 4, made a very good showing, tying for fourth place with the team from Wayne, each of the schools having 13 points. As Plainwell won the meet with 16 7-10 points, it can be seen that Plymouth has no reason for being ashamed of the team. Stevens of Plymouth, took first place in the half mile run, and Wiseley placed third in the high hurdles and Walker fourth place in low hurdles. The most exciting event of the day was the relay, which was won by the Plymouth team, consisting of Miller, Williams, Walker and Stevens. For more than half of the race Wayne was leading, but Stevens in the last lap overcame a two-yard lead, and won out over Francisco of Wayne, who had taken third place in the hurdles and 220. Winning this event, brought a large silver cup to Plymouth, which is on display, with the cups won last year, in the case on the first floor of the High school. This promises to make close competition in the track meet today, since Wayne was defeated by Dearborn by a close margin in a practice meet held at the latter school. The following boys will partake in the numerous events today: Miller, F.; Stevens, H.; Wiseley, W.; Walker, W.; Williams, O.; Wilcox, B.; Tait, C.; Doudt, M.; Sutherland, D.; Freydl, A.; Reddeman, F.; Sayles, D.; Wright, L.; Strasen, M.; VanGilder R.; Judson, L.; McHale, S.; Pierce, F. Track meet begins at 10 a. m. and after dinner at 1:00. Plymouth is assured of the best track meet yet held in the Four-Square League. Admission, 35c.

REGITAL A GREAT SUCCESS

The two-piano recital given at the Pimman Alle theatre last Monday evening by the advanced pupils of Miss Czarina Penney was of unusual interest, being the first recital given here where two pianos were used for the entire program. The various selections were exceedingly well rendered and bespoke of the hours of study and constant practice in order to present them with such accuracy.

Miss Penney should indeed be complimented on being able to present such a fine program, and each young lady who participated on the program is worthy of special mention, and by no means least of these is little Marguerite Wood, who played Farandole, first piano, with her teacher, Miss Penney, presiding at the second piano. Marguerite is only nine years of age, but played her selection without notes and with the grace and dignity of an older person. At the close of the recital nothing but praise and appreciation was heard on every hand. The stage was attractively decorated with pennies and other cut flowers for the occasion.

BASE BALL SATURDAY

The Plymouth I. O. O. F. team have scheduled a game with Salem Independents for Saturday, June 11th, at Athletic park. Salem has a strong team this year, and a close game is looked for. Admission, ladies, 20c; gents, 30c; war tax, 5c. Game called at 3:30.

PLYMOUTH DELPHIAN PICNIC

The Plymouth Delphians will hold their annual picnic, Tuesday, June 14th, on the lawn of Mrs. E. T. Cops, 1274 Penniman avenue. All Delphians, both charter and associate, are urged to attend and bring their friends. A good time is promised and an interesting program. Lunch served at one o'clock sharp.

TO THE PUBLIC

Work on the new water reservoir at Waterford, has progressed to a very interesting stage at this time, and all are invited to go and look it over.

W. J. BURROWS, Village President.

ATTENTION, EX-SERVICE MEN!

The bonus blanks are now available for all service men and can be secured at the office of E. N. B. Please bring your discharge with you, and two witnesses. Get your papers filled out on or before Saturday, June 11th.

WOMAN IS ELIGIBLE TO BE JUSTICE OF PEACE

MICHIGAN SUPREME COURT AFFIRMS WAYNE COUNTY DECISION.

The supreme court of Michigan, Monday, decided that a woman may hold the office of justice of the peace in Michigan.

It will be remembered that a test case was brought by William Lieb-nitz of Detroit, who was sued before Justice Phebe Patterson of this village. He moved to quash the proceedings on the ground that a woman cannot constitutionally hold that office. The lower court where the case was first heard, held that a woman could be justice of the peace, and refused to quash the case. The supreme court affirmed the decision of the lower court.

The many friends of Mrs. Patterson will be pleased to know that a favorable decision has been made by the higher court.

NEWBURG CLEANERS WILL OPEN NEW HALL

On this, Friday, evening, June 10, the Cleaners of Newburg will open their new hall which they have just completed there. LET'S BE FAIR

In a discussion of the reduction of wages in towns and cities, let's keep in mind that the pay of nearly half of the workers in the country has been sharply cut by the great decline in the price of farm products. The rural residents have suffered, just as the business men have suffered from losses caused by shrinkage in the market value of goods in their stores. They have felt the swift fall in the price of their crops as the cutting down of their pay for the work they do with their hands. For that reason every attempt of labor leaders to uphold the doctrine that wages must not be cut at all in great industries that affect the farmer's cost of living, is a direct challenge to the farm's sense of fair play. The Plymouth man who is buying the product of the farm at a price below what he paid for it last year knows that to be fair the thing he makes with his own hands and which the farmer must have should be down in proportion. We believe our citizens are fair-minded enough to admit this. It is only the man who argues otherwise who is preventing satisfactory wage adjustments.

IT'S UP TO US

It's up to us, every individual of us, to make conditions better around Plymouth, and to keep them so. We can still take our individual losses during the period of readjustment, and keep pushing on. It won't do any good to try to stop things as they are now moving in this country—it can't be done. We have to go on, and all of us must take a loss, keep our spirits up and be thankful things are daily growing better. There are

some places where one may "cut corners" in expenses, where money may be saved, perhaps. But when it is saved it avails little if we are not wise enough to put it where it will repay us in interest.

Maybe there are improvements needed about the house. You can't afford to let your home run down by promising yourself you'll make the improvements next year. Next year the mere fact that you left off the improvements when they were needed serves to reduce the value of the house. The better your home the better you will and your family will feel and the better price you will receive for it if you should ever want to dispose of it.

THERE'S TWO SIDES

When you have read of the crimes and quarrels and irregularities of life until you are depressed and doubtful about the old world, remember that these things are displayed because they are news and because they are unusual. They were the exceptional things, and for that reason they are printed with a big, black head over them. And for the same reason you read them. And if it is an article about some man or woman going wrong, rest assured that the vast majority of people who read that article do not approve of it. There are always two sides to things you see and hear and read about. You can't judge properly the movement of the whole army by watching a few stragglers. So you can't tell the trend of the human race by rumors you hear flying about the streets of Plymouth, or the ugly things you read in the papers. People generally find what they are looking for, and if they only look on the surface, or only listen to rumors they are not apt to learn the right side.

Today's Reflections

There's a warmer place than this for the Plymouth man who kicks because his wife sets out a cold supper on a hot evening.

If whiskers come back in style, as threatened, we'll have another way of telling what some men had for dinner.

The Plymouth young man who wants to be certain of getting a good wife will pick one who pays more attention to stove lids than she does to eyelids.

No Plymouth man would object to moving day if his wife would consent to leaving behind all the junk they won't need.

One thing about going on a vacation now, you have that much longer until fall to wish you'd saved the money for coal.

The trouble with most Plymouth fishermen who come in to tell us about the big one that got away, is they don't leave any of the little ones to prove they've really been fishing.

Maybe the reason the snail is so slow is he doesn't have to hustle around for a place to live in.

Our idea of a forward-looking man is one who can see beyond that part of the mail order ad which reads, "Don't Send a Penny."

Ask anyone in this section what was the best thing he saw while away from home, and he'll quickly tell you it was a ticket back to Plymouth.

One thing nice about having only one necktie is you don't have to fight with your wife over which one you're going to wear to a funeral.

The danger in calling some Plymouth men live wires is they are apt to take it too seriously and go out and shock the community.

NEWBURG

Everyone enjoyed the splendid sermon by Dr. Leonard, last Sabbath morning, his text being taken from St. John 17:18. He remarked that he was particularly impressed with the fact that the most of the congregation was composed of young people.

There were fifty-four present in Sunday-school. Children's Day exercises will be held a week from Sunday, June 13th, in the morning at ten o'clock. Be sure and have your clock set right so you won't be late for the service. Mrs. Morrow leads the Epworth League next Sunday night. Topic, "Thy Kingdom Come in My Country."

The girls of the community will meet at the home of Mrs. Morrow, who lives next to the hall, this Friday afternoon, to organize a canning club.

Miss Lawton closed a very successful term of school with a picnic, the last week in May. Perrinsville can be congratulated on their choice of a teacher. Newburg's loss will be their gain, as we understand they have hired her for next year.

Another unsightly old landmark has been obliterated by tearing down the old store on the corner at Newburg, owned by Mr. Carson. The house back of it is being remodeled, and will present a much better appearance than the old store that has weathered some seventy odd winters. This is the store where the school boys, after gathering eggs from the nests, would exchange them for candy of Janet Brownie Smith, who kept store there for a number of years.

Bob Holmes house is nearing completion and will be an addition to Newburg. There is talk of more houses going up here in the near future.

Miss Beulah Ryder motored into the city last Wednesday, taking Mrs. E. Cochran and daughter, Ruth, Leah Morrow, Sadie Lomas and Jack Taylor, who visited Howard Cochran at the Ford hospital, finding him getting along nicely, but longing to go home.

Fred Kickerbocker has purchased a new Dart car of Perry Woodworth. Mrs. Vern Mackinder and two children of Grand Rapids, arrived at C. Mackinder's, Monday.

Mr. and Mrs. W. R. LeVan, Mr. and Mrs. E. Woods and daughter, Vera, spent Sunday afternoon at the home of Mr. and Mrs. Sayers of Belleville.

Grandma LeVan spent Sunday at the Ryder homestead. Clyde Smith has a new Ford touring car.

Smith & Gurnolly have an abundance of fine strawberries.

The frost Saturday night did very little damage in this vicinity.

Mr. and Mrs. Lee Hart and son and Mrs. Lockrow spent Sunday at Mr. and Mrs. C. Duryee's.

Miss Elizabeth Matheson attended a E. E. O. sisterhood picnic at the farm of R. F. Cudence of Detroit, near Pontiac, Saturday afternoon.

Mrs. Albert Stevens, who has been caring for her daughter-in-law, Mrs. Edgar Stevens, returned to her home in Plymouth, Saturday. Mrs. R. Lewis from Chelsea, came and remained over Sunday. Mrs. Stevens does not improve as fast as her friends might wish.

L. Clemens represented the Farm Bureau, Tuesday evening, at a banquet held at the Board of Commerce in Detroit.

Mrs. C. E. Ryder called on Mrs. L. Langs in Plymouth, Tuesday.

Some nice fans were donated to the church from Riggs' store, Plymouth. The church board thanks them for the gift.

Miss Beulah Ryder and Margaret Clemens are elected delegates to the Epworth League Institute at Albion, from June 27 to July.

An Epworth League social will be held at Newburg hall, Friday evening, June 17. Ice cream and cake, home-made candy, popcorn and other things for sale. Further notice next week.

CANTON

Mr. and Mrs. E. Waggoner were Sunday guests of Mr. and Mrs. Oliver Goldsmith. They attended the prison farm chapel services held for the inmates, Sunday, when Rev. Kranks of Detroit, addressed 217 prisoners. Prof. Schnute of Northville presided at the piano, and his son played the violin, and young people from Northville, rendered several quartet numbers. The following people also attended the services: Mr. and Mrs. Miller of Detroit; Mrs. Schnute and daughter, Thelma, and Mr. and Mrs. Goldsmith.

Mr. and Mrs. E. Waggoner were called to Milan on account of the death of Mr. and Mrs. Will Palmer's youngest daughter, who was stricken with influenza last year, which was followed by lung trouble. Mrs. Palmer is a cousin of Mrs. Waggoner. Mr. and Mrs. Frank Palmer of Plymouth, also attended the funeral.

Mrs. Harry Campbell chaperoned the Bartlett school pupils for an outing at Walled Lake, last Friday, with perfect success.

Baptist Notes

A goodly number attended the association at Wayne, last week. On Wednesday evening, twenty from Plymouth were present.

The fall rally will be held at the Baptist church at Novi, Aug. 11. B. Y. P. U. societies are planning a big crowd to attend in September.

Mr. Allenbaugh, president of the B. Y. P. U., led the young people's meeting, and he gave a fine outline of the growth of the christian church through trials and persecution. The young people sang well, last Sunday evening, the choir was filled, all seats occupied.

Next Sunday morning after the sermon, the pastor expects to baptize several young people.

In the evening the pastor will preach a sermon to the I. O. O. F. and Rebekah lodge. Special music will be provided for the occasion. Everyone is invited to attend this meeting.

Sunday, June 6th, when Mr. and Mrs. John Oldenburg returned to their home from church, they discovered that their home was occupied and upon entering the dining room found tables spread with good things to eat. When asked what it all meant, they were told that they had come to celebrate Mrs. Oldenburg's seventy-sixth birthday. The following were present: Mr. and Mrs. Charles Oldenburg, Alvin and Howard, Mr. and Mrs. Clarence Oldenburg, Mr. and Mrs. Lawrence Smith and Donald, all of Dearborn; Mrs. Minnie Tullman of Detroit; Mr. and Mrs. Frank Oldenburg, John and Lillian, Mr. and Mrs. George Oldenburg and Mr. and Mrs. Fred Beyer of this place. They all left wishing Mrs. Oldenburg many more happy birthdays.

THE THEATRE

The branding iron has long offered foundations for stories of the great west. Now it returns to the screen, but this time not as the weapon of the cattle rustler. In the hands of a jealous husband it becomes the brand of ownership, searing its cruel design into the fair white flesh of his young wife. Such, in a paragraph, is the underlying theme of the powerful Goldwyn film, "The Branding Iron." Around it revolves a story in which brawny men of the great west reveal the hates and their loves for poor little Joan Carver, while intrigue has its champion in the person of a wealthy New York playboy. Smashing snow scenes beautifully portrayed action of the sort that holds, and romance of the good old-fashioned kind offer effective settings for the splendid art of fascinating Barbara Castleton as Joan. "The Branding Iron" will brand itself on your memory long after other pictures are forgotten, at the Pennington Allen theatre, Saturday evening, June 11th.

Mabel Normand, that bewitching youngster of the films, who comes to the Pennington Allen theatre, Tuesday evening, June 14th, in "What Happened to Rosa," has lost none of her swimming ability since her old days. She was at one time a champion swimmer, and it is hardly to be doubted that she could come out winner if she had to race today. In this Goldwyn Picture, the petite young comedienne has to dive from a ship, swim ashore, and climb onto the pier—all for love! This is rather an exciting way in which to assure oneself of a lover, but as Mayme Ladd, the poor department store girl, she has to do something strenuous in order to win the young doctor she loves. That was her only alternative, so she did it, and you will see just how well Mabel Normand does it in this story. Imagine diving from the bridge of a vessel! That alone is exciting, but when she makes the swim to shore, and then lifts herself up, hand over hand, to the top of the wharf—well, you marvel at this slip of a girl, that's all.

Many of the scenes for Sidney A. Franklin's independent production, "Not Guilty," which will be seen at the Pennington Allen theatre on Thursday evening, June 16th, were filmed at California's famous winter resort, Del Monte. The popular Harold MacGrath story has this year wintering place for a part of its locale, and Sylvia Breamer, Richard Dix and other leading players in the cast prevailed upon Director Franklin to actually film the scenes where the story was laid. The excuse was that they were great believers in realism; that when they returned to their Hollywood studio, Franklin remarked that every time he had occasion to need Miss Breamer for a scene, it was necessary to dispatch a messenger to the Del Monte golf course. Whereupon Miss Breamer reminded the youthful director that she was playing the role of a wealthy young Miss, and that it was necessary for her to acquire the proper atmosphere; so she took her golf clubs along.

Methodist Matters

Children's Day exercises which have been carefully planned and practiced for the past three weeks, will be presented at the time of the morning service next Sunday under the direction of Mrs. F. M. Field and Mrs. Fitzgerald, assisted by several of the Sunday-school teachers. The children of the Beginners and Primary departments will be the center of attraction in the program, but the Junior and Intermediate departments will also be represented with several very attractive drills and exercises. Among these is the "American Beauty Drill" by the Sunshine class and the "Rose and Hoop Drill" by the Four Blue class. The Children's Day offering will go to the Students Loan Fund, which helps deserving young people to get a higher education.

The usual custom of having babies baptized in connection with the Children's Day exercises will be changed this year by giving over an entire service to the little children of the Cradle Roll and their parents the following Sunday, June 13th, at which time little children will be baptized and the pastor will preach an appropriate message. The parents of the one hundred twenty babies of the Cradle Roll department will be especially invited for this service.

The sacramental service last Sunday morning was made very impressive by the reception of seventeen people into full membership, three into preparatory membership and the baptism of five young people.

The Sunshine class, Mrs. R. W. Mollison, teacher, has raised \$14 recently for humanitarian causes. Five dollars was given to the China Famine Fund and this week nine dollars more has been applied to the Methodist Girls Orphanage at Ecully, France. Mrs. Cook's class of girls also sent \$11.55 to this cause, showing that our Sunday-school scholars are thinking of others.

The annual Ladies Aid Society picnic will be held next Wednesday at the home of Mr. and Mrs. Fred H. Lee in Livonia township, as it has been for the past five years. At this picnic, which closes the work of the society for the year, reports of the year's work will be given and officers elected for next year. Conveyances will be provided for all who wish to go and will be at the church about ten o'clock Wednesday morning. This is a treat which none of the women of the congregation should miss.

Two more moving picture programs are to be given at the church this season, both of which are to be Real-art pictures, featuring Mary Miles Minter. "Sweet Lavender" next Monday afternoon and evening and "Judy of Rogue's Harbor" June 20th, will complete the season's programs. It is probable that no pictures will be shown during July, although it is thought they may be resumed about August 1st. It may be of interest to some that Rev. Field has not only made personal selection of the pictures which have been shown here, but has also selected the pictures shown this season to the students at Park College, Missouri.

The Mary Miles Minter picture, "Sweet Lavender," which is to be shown at the M. E. church, next Monday evening, has the distinction of having received the highest rating accorded any film viewed by the Methodist church authorities located in Chicago. Hundreds of pictures are viewed by this committee, and "white lists" of approved films are sent out periodically. The last that reports on "Sweet Lavender" a Real-art release, as follows: "With Mary Miles Minter. A love story of college days. A perfect entertainment. No clearer, more wholesome feature film has ever been made. Deserves hearty commendation and a wide circulation. Proves what pictures can be. Church people should disprove the statement that an absolutely clean picture will not pay."

This picture will be shown at the Methodist church, next Monday, both afternoon and evening, at 3:45 for the special benefit of the boys and girls and again at 7:30. A cartoon comedy and magazine reel will also be included in the program.

LIVONIA CENTER

Arrangements have been made to hold a "bee" at the Union church for the purpose of reshingling it, and making other needed repairs, Wednesday, June 22. Volunteers are asked to be present that day to render service with labor or money. The money on hand will not be sufficient to do all that is needed, on account of the high price of material, and it will be necessary to raise more money in some way. The shingles and other material will be on the ground that day, and it is hoped there will be a large representation of the township present. Everyone should be interested in keeping up the church, no matter what their denomination might be. The ladies are also requested to be present with eatables to serve dinner for those who are working.

Fred Lee and sons have just completed a seven-day official test of a part of their herd of pure bred Holstein cows, under the supervision of R. Crandall and W. E. Northrup of the M. A. C., and have eight cows eligible to the advanced registry. A three-year-old, Lady DeKol Calamity Korndyke, gave 541.8 pounds of milk in seven days, and her butter record for that length of time was 20.47 lbs. Uiltje Butter Girl's milk record was 497.5 pounds and 21.096 pounds butter in seven days. These cows had no special care nor fitting for this test, and it is a fair sample of their ability.

Mr. and Mrs. George Bentley of Elm, are entertaining a number of friends, today (Friday) in honor of the birthday anniversary of the former's father, John Bentley. Those present are: Mr. and Mrs. Volney Gunning, Mr. and Mrs. Palmer Chilson and Mr. and Mrs. Charles Bentley.

Brass Tacks about Threaded Rubber Insulation

The Willard Threaded Rubber Battery is the only battery with Threaded Rubber Insulation between the plates.

The Thread-Rubber Trade-Mark on the battery case is your insurance against all the bothersome, expensive wood-separator troubles.

Threaded Rubber Insulation outlasts the battery plates. It will not check, warp, crack or carbonize. It permits "bone-dry" shipment and stocking of batteries so that the battery reaches you in brand new condition.

MISSIONARY SOCIETIES ELECT NEW OFFICERS

The annual meeting of the Missionary societies of the M. E. church, was held on Tuesday, May 31, at which time the following officers were elected for the ensuing year:

President—Mrs. H. Doerr
First Vice Pres.—Mrs. Griffith
Second Vice Pres.—Mrs. Thomas
Treas. of Home Society—Mrs. Har- chett
Treas. of Foreign Society—Mrs. Jenks
Recording Secretary—Mrs. C. H. Bovee
Corresponding Secretary Home So- ciety—Mrs. Sayles
Corresponding Secretary Foreign Society—Mrs. Tait
Home Mite Box Secretary—Mrs. Terry
Foreign Mite Box Secretary—Mrs. Spicer

Following the election a six o'clock dinner was served in honor of Miss Haenig, returned missionary from Korea, who gave a delightful talk to the audience. She had many pic- tures, souvenirs and costumes from this far away land, and made her talk seem very real and inspiring. Miss Haenig is supported by the Pontiac District, and is soon to leave for her field of labor in Seoul-Korea.

At this annual meeting the follow- ing report was submitted by the re- cording secretary, which shows some of the work done by the missionary societies:

The Foreign and Home Missionary societies of the M. E. church of Plym- outh, held their first meeting of the conference year on September 9th, in the parlors of the church. The meet- ing was an inspiring one—a fore-run- ner of the year which followed it.

During the year we have held nine meetings with an average attendance of twenty-four. Last year's average attendance being twenty.

The social and financial activities of the auxiliaries have been closely linked.

On November 11-12 two luncheons and one dinner were served to visit- ing guests of the W. C. T. U. conven- tion held in the Presbyterian church.

In November a Hallowe'en social was held at Mr. Honeywell's.

In December the auxiliary met in connection with the Ladies Aid so- ciety at the church for a Christmas party, at which time members and guests spent a very enjoyable day.

January 31, a six o'clock dinner was served in honor of Miss Bertha Creek, a returned missionary from China. Miss Creek gave a very in- teresting talk following the dinner.

March 9th, a dinner was served at the church, at which our district of- ficers for the Foreign society were our guests.

On May 12-13, the annual conven- tion of the Home Society of the Pon- tiac District was entertained, at which two noon-tide meals and one six o'clock dinner were served.

A money-making scheme has been talked over and voted on, but as yet has not developed very far—that of sending tiny aprons to friends; they to return said aprons with as many pennies in the pockets as they are inches around. Doubtless this scheme will be worked out more fully dur- ing the summer.

Both societies have a goodly num- ber of mite boxes given out, from which a considerable amount of money has been taken in.

The auxiliary has been honored by having two district officers chosen from among our number. Mrs. Field, as Superintendent of Children's Work for Foreign society, and Mrs. Wilson, Superintendent of Literature, for Home society.

The treasurer of the Foreign so- ciety reported the receipts for the year as \$215.06, \$42.20 of this being mite box money. After all disburse- ments, there still remains \$77.80 in the treasury.

The treasurer of the Home society reported \$384.10 raised during the year with \$61.82 in the treasury to date; \$37.39 was raised by mite box.

Presbyterian Notes

The manse is in chaos this week caused by an invasion of paper- hangers working under the direction of the Ladies Auxiliary. Meals in the kitchen and comfort bowlers, but it will be fine when finished.

An increase in attendance at all services is noticeable since the Ann Arbor team was here. College boys are boosters.

At a recent meeting of the Session, Superintendent George A. Smith was appointed to the new office of Direc- tor of Religious Education in the church. New plans are already drafted for this department and will be in operation soon.

J. J. Neary of Bellevue, Ohio, and J. H. Hathaway of Ann Arbor, were week-end visitors at the manse. Mr. Hathaway has been engaged to con- tinue his teaching next year in the Literary department of the university at a two-hundred dollar increase in salary. He has also been offered a position in the U. of M. library for the summer.

A number of ladies from the local church will attend the meeting of De- troit Presbyterian Society this week.

Rev. H. C. Colburn, pastor of the First Congregational church of Ypsilanti, has been secured as the next speaker for the Ready Service class. The meeting will be held June 20.

Rev. S. Conger Hathaway was in Ann Arbor last Friday to secure a room and garage for his use while at- tending the Summer Session of the University Graduate school, where he will continue his work for the mas- ter's degree. He will return to Ply- mouth each week-end during July to conduct the morning service. There will be no evening service during that month. His Ann Arbor address will be, 543 Church street. There will be a phone in his room so that he can keep in constant touch with the church field.

LAPHAM'S CORNERS

Mrs. Ed. Smith and Mrs. Clyde Smith entertained the L. A. S. at their home last week Thursday. There was a good attendance, and the fine program was enjoyed by all. Mrs. Clifford Casterline will enter- tain the next meeting in three weeks, Thursday, June 26th, for supper. Everybody welcome.

Mrs. Ellen Cole is spending some time with her son, Will Cole and family.

Theodore Sieloff and son, Theo., Jr., were in Detroit, Saturday. Mr. and Mrs. C. J. Savery were Ann Arbor shoppers, Saturday. Walter Rorabacher spent the week- end at home.

Mr. and Mrs. Guy Cline-Smith and family of Royal Oak, and Miss Edith Brinkman spent Sunday at Stanley Cline-Smith's.

Mr. and Mrs. Sieloff entertained friends and relatives from Northville, Detroit and West Plymouth, Sunday. The Misses Helen and Louise Rora- bacher and Velma Nelson spent the week-end at home.

Mrs. LeClear took her daughter to the hospital in Detroit, Wednesday, where she underwent a serious opera- tion.

Mr. and Mrs. John Renwick spent Sunday with the latter's brother, Coda Savery and family.

Mr. and Mrs. Harry LeClear and three children of Detroit, are spend- ing some time at William LeClear's.

Mr. and Mrs. George Gent enter- tained Mr. and Mrs. George Cochell and Mr. and Mrs. C. Rock and son, Courtland, over Sunday.

Mrs. R. Gent was an Ann Arbor shopper, Tuesday.

KING'S CORNERS

Mr. and Mrs. Coopersmith and lit- tle daughter, Evelyn, of Detroit, were Sunday guests at the parental home, Mr. and Mrs. Pisarek.

Sunday visitors at the home of Charles Parrish were: Mr. and Mrs. Charles Kaiser and family, Mr. and Mrs. O. R. Kaiser and son, Wesley, and Mr. and Mrs. J. Frank Parrish and two little sons, Francis and Carl.

Oliver Hix is quite sick at this writing with whooping cough.

Mr. and Mrs. W. R. Parrish and granddaughter of Holly, were din- ner guests of the former's brother, Charles and family, last Wednesday, at King's Corners.

C. F. Jubenville has quit the lakes, and returned home, where he will do some farming this season.

Mrs. Carey and sister, Miss Helen Gersch of Detroit, were visitors at the home of their cousin, Mrs. Samuel Urbanyeck and family, last Sunday.

Mrs. Walter Schiffe and two chil- dren are spending a few days with her parents, Mr. and Mrs. George Hix.

Mrs. Jubenville and daughters, Mi- dred and Mrs. Lockhart, were Detroit shoppers, last Friday.

Strawberry picking is the order of the day around this vicinity.

U. S. TUBES
The same standard of quality built into U. S. Tires is put into U. S. Tubes.

Why some men seem to have all the tire luck —

YOU probably know a man whose car is a hobby with him. He knows just *why* it's the best little old car there is of its class.

And he'll stand up for that car against the world in any kind of an argument.

Year by year an increasing number of men feel the *same way about U. S. Tires.*

For a while they may try "job lot" stuff, "bargains," "big discounts" and "rebates."

But usually it doesn't take long for a man to sense the *economy of the standard quality tire.*

For years U. S. Tire makers have been building quality tires for sane tire users—for the car of medium or light weight no less than for the heavy car.

The tire buyers of the land have responded with a mighty *U. S. Tire following.*

The U. S. Tire makers meet the responsibility for supplying this nation-wide following with characteristic energy.

Ninety-two U. S. Factory Branches are established, covering the entire country.

Find the U. S. Tire dealer who has the intention of *servicing you.* You will know him by his full, completely sized line of *fresh, live U. S. Tires—quality first,* and the same choice of size, tread and type as in the big- gest cities of the land.

"Find the U. S. Tire dealer with the full, completely sized line of fresh, live U. S. Tires."

HANFORD SCHOOL HOME-COMING

The home-coming, Saturday, May 22th, of the teachers and pupils, and all those interested in the Hanford school was a decided success, there being nearly two hundred in attendance. Besides many guests from in and near Plymouth and Ypsilanti, there were the following: Mr. and Mrs. William Cross and two daughters, Mr. and Mrs. J. H. Hanford and son, Mrs. Emma Bradford and daughter, Mr. and Mrs. John Bird and family, Mrs. Mabel Patterson-Towne and children, Mr. and Mrs. Sam Ahleson, the Misses Lizzie, May, Maggie and Carrie Ahleson, and Mrs. Allen Bordinie all of Detroit; Clarence Stevens of Ann Arbor; Mrs. Dora Cole of Kalamazoo; Milton Moore from Joliet, Illinois; Miss Alice Cole of Oxford, Mich.; Miss Labell Hanford of Marine City; Mrs. Matilda Becker of Ann Arbor.

A picnic dinner was served at noon, after which Miss Esther Wiseloff, the present teacher of the school, presided over the program, and welcomed the guests. William Cross responded to the welcome. Mrs. Sarah Bartlett of Plymouth, gave the early history of the school. Mrs. Edith Mayer gave the later history. The school-house was built in 1855, and the first teacher was Mariette Bradford Murray. Milton Moore gave some interesting reminiscences of his school days in this district. Mrs. Warner of Ypsilanti, one of the teachers in the early days, gave a splendid talk. Clarence Stevens, Mrs. Towne, Gladys Schrader and Marion Kiely furnished the music. The general sentiment among the guests was that the home-coming of this school be made an annual event.

CALL THESE BRAIN TWISTERS

Try Them If You Imagine You Have a Really Efficient Thinking Machine.

Most people imagine they think quickly and can act quickly. But in many lines of work it is necessary for a person to know whether he thinks and acts quickly, and as proof of his speed demonstrations are required.

No class is required to think more swiftly than men who run trains, street cars or automobiles.

If you want to test your ability to think quickly, submit yourself to the following, which is a test employees of one American street railway are required to take.

With your pencil made a dot over any one of these letters, F G H I J, and a cross after the longest of these three words: Boy, mother girl. Then, if Christmas comes in March, make a cross right here...but if not, pass along to the next question and tell where the sun rises. If you believe Edison discovered America, cross out what you just wrote, but if it was some one else, put in a number to complete this sentence: "A horse has...feet." Write yes, no matter whether China is in Africa or not... and then give a wrong answer to this question: "How many days are there in a week?"... Write any letter except G in this space...and then write No if 2 times 5 are 10.... Now, if Tuesday comes after Monday, make two crosses here.... Be sure to make three crosses between these two names of boys: George... Henry. Notice these two numbers, 3, 5. If iron is heavier than water, write the larger number here.... But if iron is lighter, write the smaller here.... Show by a cross when the nights are longer? In summer?... In winter?... Give the correct answer to this question: "Does water run up hill?"... and repeat your answer here.... Do nothing here, 5 plus 7 equals.... unless you skipped the last question; but write the first letter of your first name and the last letter of your last name at the end of this line.

An unusually alert person can fill in the above correctly in a minute or less. The average person requires about a minute and a half.—Baltimore Trolley Topics.

Ancient Perfumes. Perfume plays a large part in the affairs of the world—a much larger part than the average person casually thinks. Pleasing scents have had their influence in the affairs of mankind for so many centuries that reference to them may be found in the oldest chronicles.

According to Homer, Circe augmented her charms by anointing herself with various perfumes, and it was by the harmony of these perfumes that she bewitched Ulysses. Violet was the favorite perfume with the Athenians at feasts, funerals and other ceremonies. There were fountains of fragrant waters at the feasts of Nero. The perfumery-makers of the old time combined the scents of roses from Cyrene, violets from Athens, balsams from the orient and henna flowers from Egypt. Incense was burned at pagan rites and in Hebrew temples centuries before the birth of our Lord, and "ardent ver-vain" was offered up by the Gauls in their ancient rites. Great value was given to the use of perfumery in Europe by the returned Crusaders, who learned its value in their travels and brought it to the east.

The table on your paper tells how to use this perfume.
