### ANNUAL SCHOOL MEETING

ONLY TWENTY-NINE TAXPAYERS WERE PRESENT LAST MONDAY EVENING.

The annual school meeting of district No. 1, Fr., took place at the High school building, Monday evening, with just twenty-nine taxpayers present. In the election of members of the board of education, William Sutherland was re-elected as director, and C. H. Bennett and Mrs. D. F. Murray, who have been serving on the board by appointment to fill vacancy, were elected as directors for the ensuing two years.

The budget appropriation for the coming year calls for the sum of \$45,360 to be raised by taxation. This is \$9,060 more than was raised last year. The need for a larger sum the coming year is due to the fact that the building bonds to be retired are of larger amounts and there are additional teachers to be hired.

The state law requiring districts with a population of 3,000 or more to provide for physical training, makes it necessary to provide equipment for this purpose, which is another item of expense that has to be met. There are also several items of expense that were overlooked in making up last year's budget that are included in this year's expense program.

Another reason for the increased cost of running our schools is the greatly increased number of pupils to be taken care of each year. The financial report will appear in next week's paper.

### URGENT CALL FOR PLYMOUTH RED CROSS WORKERS

An appeal of the most urgent character has been sent out from headquarters to every Red Cross chapter in the United States, requesting the preparation of 2,000,000 garments for children and 250,000 layettes for babies. These European children and infants are being fed by the Hoover Relief Fund, but very large numbers of them are without clothes, and they must be clothed before the winter sets in.

The quota for the Detroit chapter, of which Plymouth is a branch, is 15,000 garments before September 1st. Every member of the sewing units, who gave of her services during the war, and any others who will assist in this emergency, are asked to get in touch with any one of the following chairmen: Mrs. C. H. Bennett, general chairman; Mrs. Robert Mimmack, Mrs. Albert Gayde, Mrs. William Pettingill, Mrs. Harry Robinson, Mrs. L. B. Samsen, Mrs. Chas. Draper and Mrs. R. E. Cooper.

The rooms at the school building are being placed in readiness now. It will help very materially if the above chairmen and arrange for time assignment. This is your opportunity to perform a much-needed service. We were patriotic during the war. Let us now respond to humanity's call.

### FORMER PLYMOUTH BOY MAKING GOOD

REV. ARNOLD H. KEHRL WINNING LAURELS IN FIRST BAPTIST CONGREGATION OF DOWNER'S GROVE.

The following taken from the Weekly News Digest of Downers Grove, Illinois, will be of interest to readers of the Mail, as it relates to the success of a former Plymouth boy:

"Members of the First Baptist church and their friends who attend the services are loud in their praise of the good work being accomplished by the new minister, the Rev. Arnold H. Kehrl, who came to the congregation only last month, but has already aroused quite an enthusiasm and a spirit of cooperation among his flock that is really quite remarkable. Mr. Kehrl is a young man—in fact is still a student in training in the Northern Baptist Theological Seminary. A native of Michigan, he decided after his conversion to devote himself to the ministry, and as a first step in his chosen career was graduated from Moody Bible Institute, following that with a year of evangelistic work.

"He is a young man of much talent and original ideas, an interesting and forceful speaker, with a real vocation for leadership. He realizes the fact that sermons—sometimes—are prosy things and that to get and hold the attention of his congregation is the chief problem of every minister. To solve that problem for himself, he has brought to his aid the lure of the eye, and with a crayon pencil and blackboard he sketches rapidly for his hearers the subject of his discourse, so that a Sunday evening sermon, a brief talk in prayer meeting or an address to his children in Sunday-school. And he holds the undivided attention of them all.

"Mr. Kehrl expects to spend his vacation period this summer here in Downers Grove, and one of his immediate plans is a daily 'vacation bible school,' as he terms it, which will begin July 6th. The daily sessions will be from 9 to 11 each week day morning, with a corps of volunteer instructors and the 'term' will last five weeks."

Mr. and Mrs. Reimer of Detroit, were Sunday guests at the home of Miss Ella Jackson, on West Ann Arbor street.

Mr. and Mrs. William Wood left Thursday for a two weeks' visit with the former's mother and other relatives in Beamsville, Ontario.

The members of the Plymouth Rebekah degree staff club pleasantly surprised Mrs. Eva Hansen at her home on Williams street, Friday afternoon, July 1st. After their regular monthly meeting, a delicious potluck supper was served, and all reported an enjoyable time.

### WAYNE COUNTY BOYS AND GIRLS AT LANSING

THIRD ANNUAL BOYS' AND GIRLS' CLUB ROUND-UP HELD AT M. A. C. LAST WEEK.

Wayne county was well represented at the third annual boys' and girls' club round-up at M. A. C., last week, when 125 lads and lasses, county champions in some particular line of club work, were entertained as guests of the college.

Among the visitors from Wayne county were: Edith F. Munro of Flat Rock, who excelled in sewing; Victoria Larson, Dearborn, cooking; Leota Wager, Flat Rock, sewing; Erwin Korndorfer, New Boston, handicraft; Elvris Alford, Detroit, gardening; Herbert Miller, Plymouth, rabbit raising; Russell Lyke, Northville, pig raising; Howard MacPherson, Warrenton, poetry; Louise Spicer, Canton, canning.

The boys and girls had a taste of real college atmosphere during their stay. Promising young farmers were quartered in Wells Hall, men's dormitory, while members of the feminine contingent made their home for the time being in Abbott Hall and Howard Terrace, occupied during their school year by the co-eds. All were given their meals at the Woman's building.

Business and pleasure were combined in the week's program. The girls got a peek into the mysteries of the college way of handling such essentially feminine enterprises as cooking, garment making, art work and basketry, and the boys at the same time were busy with stock judging, gardening and the growing of farm crops. Games, picnics, swimming and movies whiled away the odd hours for both groups.

On Friday night the champions were honored a complimentary banquet by the state board of agriculture. The climax of the program came Saturday with a trip to the state capitol in Lansing, and a visit to the governor's office.

### LOOMIS-SCHWAB

Miss Hazel I. Schwab, daughter of Mr. and Mrs. Lewis Schwab, and George V. Loomis were quietly married in Northville, Friday, July 8th, by Rev. E. V. Belles. The young couple will reside with the bride's parents until their new home is completed on Junction avenue. They are both well known young people, and have the best wishes of their many friends for a happy wedded life.

C. V. Chambers and wife of this place, daughter, Mrs. Harry Vossburgh of Fenton, and Mr. and Mrs. J. F. Cozart of Detroit, spent Sunday at Flint.

### REBEKAHS INSTALL NEW OFFICERS

At the regular meeting of Plymouth Rebekah Lodge, No. 182, the following officers were installed for the ensuing term:

Noble Grand—Elsie Bovee  
Vice Grand—Evelyn Wheeler  
Rec. Sec.—Ella Knapp

Outside Guardian—Florence Cline

### REUNION SIXTEENTH MICHIGAN INFANTRY

The 31st annual reunion of the Sixteenth Michigan Volunteer Infantry will take place in Plymouth on Thursday, August 11th. O. P. Showers of this village, is president of the association. A banquet will be given at the Presbyterian church to the members of the old Sixteenth and their families and invited guests. On arrival here members will register at the village hall and receive their badges. The business meeting will be held at 1:30 p. m. in the village hall. Automobiles will be provided to take the veterans and their families for an auto ride during the afternoon.

### OWNERS TO SHOW TITLES BEFORE SELLING AUTOS

Applications for titles of ownership to motor vehicles are being sent out to all automobile owners by the new state bureau of motor registration. The law providing that all owners of automobiles must have a title of ownership went into effect July 1st.

No one is now given a license to operate an automobile unless the certificate of title has been obtained. This will also hold true when holders of present licenses apply for renewals next year. Failure to secure such title of ownership will be a misdemeanor after July 1, 1922, and will be punishable by a fine of \$25 to \$1,000.

After October 1, this year, anyone caught selling an automobile to which he does not have a certificate of title, but for which a certificate has been issued, can be fined \$1,000 and sentenced to 10 years in prison. The act was passed to curb automobile thefts.

Mr. and Mrs. M. G. Blank and son, Melvin, and Mr. and Mrs. Albert Stevens and son, Calvin, spent Sunday and Monday in St. Clair, visiting Mr. and Mrs. Ed. Ritter.

#### IT'S DIFFERENT NOW

While you are reading this there is moving across the United States one of the strangest caravans that has ever figured in history. Autos sufficient in numbers to carry 130 families, or 600 people, are enroute from Brooklyn, New York, to a chosen spot in Idaho, where they will colonize, having already purchased an immense tract of farming land, which will be divided into 130 farms.

To older Plymouth citizens, this caravan is of interest because it shows the great advancement made in transportation facilities since the days of the old "prairie schooner." Then travel was slow, dangers great and hardships many. Today these pilgrims travel over paved roads in machines that easily make forty miles per hour; they sleep at night on comfortable mattresses in excellent hotels, and dine off the fat of the land. There is no need in blazing a trail through territory that has seldom if ever known the footsteps of a white man, as there was in the old days when our forefathers were planting the wilderness and so populating it as to make it possible in still later years to construct railroads.

The Brooklyn families will never

know, except by hearsay, how much more comfortably they are making the pilgrimage than those brave little bands experienced in covering the same route fifty and seventy-five years ago. And in their new homes they will never realize the perils that others had to pass through when the west was a new and unexplored land; perils overcome by brave men and women who sacrificed much for the generations that were to follow them.

#### TRUSTING IN LUCK

Do you believe in luck? When you hear a Plymouth man say of another who has had a streak of success: "Oh, he was born lucky," do you side in with him, or do you feel that something more than luck entered in? Personally, we've never yet seen a successful man who earned success by trusting wholly to luck. For it isn't one of the foundations of making good. There must be some brain work, some physical energy exerted and a lot of sweat spilled if you win out in this world, even when you have luck with you. Give the man who makes good credit for it—don't detract from his efforts by giving the credit to luck. It is true that it sometimes places men in good positions, but it is also true that something other than luck is required to hold that position, and to get it down to a point where you can do the work required as well or even better than anybody else.

#### MISTAKES IN PRINT

Let a man make a mistake in his conversation, or even in a letter he may have addressed to you, and you pay little attention to it. But let the

same mistake appear in a newspaper, and it sticks out like a sore thumb—it seems to stand right out above everything else in the paper. We'll venture to say there are not a half-dozen Plymouth citizens who have the least idea of the vast number of metal pieces contained in a single column of a newspaper. But there are hundreds of pieces to each column, and the displacement of a single one of these usually means an error. When this is considered, you get a pretty good idea of how easy it is to make a mistake in print. And yet, considering that there are more chances for making a mistake on a single page of a newspaper than there is in writing a hundred letters, the newspaper possibly contains fewer errors than any other form of written or printed communication. It might be a good idea, if you are among those who can't understand why an occasional mistake creeps into the paper, to drop around to a newspaper office some time and have this explained for your benefit.

### DEATH OF A YOUNG LAD

Clifford Nelson, only son of Mr. and Mrs. Floyd Nelson, was born in Salem township, July 18, 1915, and passed to his heavenly home, July 8, 1921, lacking ten days of being six years of age. When only a baby he moved with his parents to Plymouth, Mich., the remainder of his life being spent in this place. He was of a wonderfully loving and affectionate disposition, being a favorite with all his little playmates. He leaves to mourn their loss his parents, his grandparents, Mr. and Mrs. Charles Gottschalk and Mr. and Mrs. Harvey Nelson; several aunts, uncles and many cousins and a host of sorrowing friends.

The funeral was held from his late home, Sunday, July 10, Rev. Hathaway officiating. Two beautiful solos were rendered by Calvin Whipple. Interment in Riverside cemetery.

#### Beautiful bud of promise

Sent but to bloom for a day, Filled with life and sunshine, And love and gladness always.

But the loving Heavenly Father Transplanted your bud so fair, To bloom in the heavenly garden Under His love and care.

Some buds when grown blossoms By the tempter are led astray; Not so, your beautiful darling, He is free from sin always.

So though your heart is breaking, And life seems to hold no joy, Look up brave heart, take courage, You may meet your darling boy.

He is singing glad hosannas, No pain mars his face so fair; He is treading the streets of jasper, Just waiting for you, over there.

### COMMUNICATIONS

Commissioners of the Village of Plymouth:

Will you please let the property owners and residents of the village know when the village limits was changed on the east side of the village to the corner of Mill and Main streets? Will this exempt the property owners living east of Mill street from paying any village taxes? Will you please also let the people of the village know under what law the commissioners gave to the county Starkweather avenue? We are still paying village taxes and are getting nothing at all for it. You have oiled every street in town except Starkweather avenue. This avenue has the heaviest traffic of any street in the town, yet you have used our money to put oil on streets that have not three rigs a day over them, and let us suffer from the dirt and dust. We are tired of this kind of a deal. We want the same treatment that other taxpayers are getting from the village. We are entitled to it and now we are demanding it. Please give us the law regarding this gift to the county. Do you have the power as commissioners to give away the people's property without a vote of the people? If so, it is about time we went back to the old form of government. You will say that this is some sore-head you bet it is, about as sore as this kind of government can make anyone. Come down on Starkweather avenue and see whether we have reason to be sore or not.

#### E. N. PASSAGE.

The Starkweather Avenue Nuisance Editor The Mail:

Dear Sir:

I notice our village management have taken particular pains in oiling all the streets in town, excepting Starkweather avenue, which unfortunately was turned over to our efficient county road commission and by them to be kept in repair. Now all that is being done is continually keeping a team and grader from Main street to the P. M. depot loosening up the roadbed, and along come the speed maniacs tearing through unmolested at the rate of sixty miles an hour, picking up the loose dirt and spreading it broadcast in our homes. Now all we want is fair play, and if the residents and taxpayers on Starkweather avenue must contribute their share towards the expense of oiling the other streets in town, and they choke with dust and dirt on a thoroughfare which I would venture to say is traveled more than any other in Wayne county outside of Detroit, without a word of protest from our village commission, it is high time some move is made to have Starkweather avenue turned back to the village of Plymouth, and the residents thereon share equal benefits with the remainder of their townpeople.

CHARLES BIRSCHLER, Starkweather Avenue.

### OBITUARY

Amanda Stoneburner was born in North Parma, Monroe county, New York, July 30, 1852, and came to Michigan when ten years of age. She was married October 29, 1871, to G. N. Dean, who survives her. To this union were born two children, Fred Dean, who departed this life January 7, 1895, and Mrs. Frank Hake, of Plymouth. She also leaves three grandchildren, Norma Hake, Georgie Hake and Gladys Hake. For many years she had been a member of the Methodist church and L. A. S. of Newburg. Mrs. Dean passed away at her home in Plymouth, July 8, 1921. Funeral services were held at the Newburg M. E. church, Monday, July 12th. Rev. R. E. Reycraft, the pastor, preached from John 19:22, assisted by Rev. J. B. Oliver, a former pastor. Interment in the Newburg cemetery.

Forty-one years ago tomorrow, July 7, 1921, Mat Stein fell from the roof of the W. H. Sweet barn he was working on and his back was broken. It was thought at the time that he could not possibly live. Today he is able to be about his store and look after the business, but for the fact of a little drag in his step, he is as well and able to take care of himself as the average man of 72 years. A man that can go for forty-one years with a broken back is entitled to live a hundred years. Here is hoping, Mat. —Ypsilanti Record.

It was fifty years ago on the 4th of July when the first railroad train which Brighton ever saw steamed into town. The Pere Marquette line had just been built that far from Detroit. The train was of flat cars with seats fastened on, and the officials of the road gave the villagers a ride to Plymouth. Many of Brighton's older residents will remember the day. They say that at that time there were no buildings between Grand River street and the old Truxton house back of the Argus office. —Brighton Argus.

On Thursday, June 30, occurred the death of Nancy Easton Horner, wife of Henry F. Horner and mother of Fred S. and Minnie C. of Ypsilanti; Ned R. of Detroit, and Milton E. of Los Angeles. Mrs. Horner was born in Rawsonville, May 10, 1843, and at the age of nine years moved to Cherry Hill, where she resided until two years ago, when the family moved to Ypsilanti. Mrs. Horner had been a semi-invalid for several years. The funeral took place Saturday, July 2, with burial in Highland cemetery. —Ypsilanti Record.

The twelve o'clock south bound train on the Pere Marquette line, struck a Federal truck at the Wilsey crossing on the Seven Mile road, Thursday noon, and carried the machine for nearly four hundred feet down the track. The truck driver did not hear the train whistle on account of the noise of his machine, and was fairly on the railroad crossing before the collision came. The driver was uninjured, but a man riding with him was bruised and cut. The truck was loaded with chairs for the Detroit House of Correction prison farm, and nearly all of them were smashed to pieces. —Northville Record.

The above appointments to date from July 1st.

## WAYNE COUNTY FARM BUREAU NEWS

A concerted campaign is to be carried on in Wayne county to completely eradicate tuberculosis from local dairy herds, the bureau of animal industry of the U. S. department of agriculture furnishing the veterinary and other aid to do this very important work in cooperation with the Wayne County Farm Bureau. The board of supervisors after looking into this matter carefully, made the necessary appropriation to meet up with the local expense, and it is expected that the work will be started not later than August 1st. The executive board of the Wayne County Farm Bureau, at its meeting Saturday evening, instructed County Agent Gregg to arrange at once with the local dairy operators so that the federal agents could work rapidly once upon the ground.

It is the intention to visit every farm in the county where cows are milked in this campaign, and by making a thorough sweep to entirely eradicate tuberculosis in the dairy herds of Wayne county. To date the average has been 2 1/2 per cent loss in animals, a very low tubercular percentage it is calculated. The federal and state governments pay for all affected animals that are destroyed, \$50 for grades and \$100 for registered, as a maximum figure upon appraisal.

Health authorities calculate that with the dairy herds free of tuberculosis that dread disease will be reduced more than fifty percent in the human family in less than three years. In many sections of the country at least milk cannot be sold from cows that are not tubercular tested, and in a short time that will be true in Michigan, so Wayne county aims to be ahead of the procession by doing this important work now.

The agreements the farmers sign under which this work is carried on, were prepared by the federal authorities and the executives of the leading live stock associations of the country, so are absolutely fair to the owners. In cities like Detroit, where all milk is pasteurized, there is really very little danger of tuberculosis according to the health authorities, so the benefit will be in the villages and rural communities, where the modern methods of handling milk are not in vogue. It has long been calculated that ninety per cent of the tuberculosis in farming sections comes from bad milk, so it is easy to calculate who will be the greatest beneficiaries. County Agent O. I. Gregg, from the Farm Bureau office at Dearborn, can furnish dairy herd owners with the necessary blanks to have this work done which is absolutely without any expense to the farmers.

## Today's Reflections

If we could have our choice of jobs in summer, we'd like to be a bathing beach policeman.

We are still hoping that every Plymouth citizen who drives an automobile remembers that at a railroad crossing it is always polite to give the railroad engine the right-of-way.

Now that sugar is so cheap, let's try putting an extra spoonful in the temper.

Why is it that with so many people the face is the first thing to show wear and tear?

Some Plymouth citizens borrow trouble, and others find a trouble to borrow.

You'd have to handcuff some women to ever get them into a home for the aged.

Why not organize an association of those fellows who have had their wrists broken cranking Fords.

The Plymouth man who has cabbage growing in his garden is sure of one thing—he can always get ahead.

Here is one thing that all of us should remember—a chicken doesn't quit scratching if it fails to find a worm.

Many a man who can hardly be induced to write to his mother, will take chances on getting shot by writing to another man's wife.

Wouldn't it be fine if the hens around Plymouth laid as many eggs as the flies.

Possibly if they'd name some of the airships "Rent," they'd go up a good deal faster.

Uncle Sam has again started coining silver dollars, showing that any kind of a dollar looks good now.

What has become of the old-fashioned Plymouth girl, who could make coffee and her own dresses?

The skirts keep getting shorter, leading us to believe that the girls have finally decided that they are more attractive than clothes.

If you want to know how the earth feels when there is a comet shimmying around it, ask a Plymouth man who has tried to milk a cow in fly time.

Wonder what the women folks who used to picket the White House are now doing to put in their time.

Cash down is still the best thing with which to feather your nest.

## See Us NOW about your Battery

Suppose some queer trick of fate made you the owner of this service station and me the customer.

And I came in some day red hot because my battery had gone wrong—

And I had missed my train—

And I lost out on an important engagement—

And disappointed a good customer—

And stood to lose a lot of money—

You bet your life I'd be good and sore, but I'm mighty sure I couldn't ask for any more courtesy and consideration and square dealing and SERVICE than we are giving right now day after day.

The time to have us look at your battery is before anything happens.

## FORD PLANT BUILDS 108,962 IN JUNE

DEMAND EXCEEDS OUTPUT AS FORD BREAKS ALL PREVIOUS RECORDS.

During the month of June, the Ford Motor company, through its Detroit factories and twenty-two assembly plants throughout the country, reached the production of 108,962 Ford cars and trucks, setting up a new high record for one month.

Production of Ford cars and trucks has been steadily increasing since early spring, and shows substantial gains over the same period last year. The second quarter of 1921, viz., April, May and June, shows an output of 301,796 Ford cars and trucks against 220,378 for the same three months of last year, or a net increase of 80,918.

Despite the fact, however, that the Ford plants have been running at maximum capacity, the demand for Ford cars and trucks is not being met, and at the present time, many thousand unfilled orders have been piled up ahead so that Ford sales are still limited by manufacturing facilities rather than marketing possibilities. Particularly is this true with respect to enclosed cars, for which the demand has been unusually heavy.

One reason cited by Ford officials for the unprecedented demand for Ford cars is the present tendency toward economy. Many of those long list of buyers might well afford larger and more costly cars than the Ford, but it is the belief that most whose names have been added to the prospective motor car buyers are investigating all of the costs incident to motoring much more carefully than at any period during the past five years.

The estimated output of the Ford factories for July calls for 109,000 cars and trucks, or a production of 4360 a day for 25 days. Since the assembling of cars is being handled during an eight hour work day only, the hourly output will be 546 cars. In other words, one Ford car or truck leaves the assembly line every 6 1/2 seconds.

## LEGION OFFICER KNOWS NAVY

Edward Spafford, Chairman of Committee on Naval Affairs, Has Climbed the Ladder.

Edward Howell Spafford, newly appointed chairman

Born in Springfield, Vt., Mr. Spafford was educated in the public schools. He received an appointment to the United States Naval Academy in 1901. Assigned to the ship Washington, he became gunnery officer; at that time he was the youngest officer in the navy to hold this position.

While the Washington was lying off Cape Hatteras a sailor was washed overboard in a heavy sea. Risking his life in the waves, Mr. Spafford plunged overboard and succeeded in rescuing the seaman. His bravery was recognized in a letter of commendation from the secretary of the navy. He rose to the rank of lieutenant commander.

In 1914 Mr. Spafford resigned from the navy to study law at Columbia University.

With the start of the war Mr. Spafford offered his services to his country and he was made a lieutenant commander in the navy reserve corps. He served for a time as a member of the board of inspection and survey, which was in charge of the selection of ships to be purchased by the government. He directed the fitting out of the first 25 110-foot submarine-chasers built for distance service and established a submarine chaser base at New London, Conn.

When the American navy became active in the Straits of Otranto, Mr. Spafford was sent to establish a submarine chaser base at Corfu, Greece, and later became chief of staff of that station. He was in charge of all operations and was on the first American submarine chaser which destroyed an enemy ship after locating it by the process of sound contact.

When the Austrians surrendered two battleships and two destroyers to the United States, Lieutenant Commander Spafford took them over. Later, he investigated the situation along the Dalmatian coast and made a special report on Fiume to the American peace delegation at Paris. He received the Distinguished Service Medal. Mr. Spafford is a member of Manhattan naval post of the American Legion in New York city.

## SAYS NO MAN HER SUPERIOR

Bright-Eyed Sergeant and Vice Commander of Post Bluffed Mr. Silver-Eagles.

Who else but a bright-eyed, smiling American girl could have gotten away with it?

Sergeant Minnie Arthur of the United States marine corps was on duty in a recruiting office in Indianapolis, Ind., during the war. The major in charge was nervous; a colonel from Washington was coming to inspect; everyone brushed up on rules of military courtesy. Sergeant Arthur remained working at her desk. Silver-eagles walked over to her desk and frowned.

"Um—ever get up when an officer comes in the room, sergeant?" he growled.

"Yes, sir, sometimes," Miss Three Stripes replied.

"Um—and I suppose you salute your superiors, too, eh?"

Sergeant Arthur smiled sweetly—and then her eyes snapped.

"Sir, I've never seen a man yet who was my superior!"

And the colonel passed it off without a reprimand.

Miss Arthur, now vice-commander of Robert E. Keenling post of the American Legion in Indianapolis, enlisted for four years and served 18 months. She is still in the reserve, drawing \$1 a month with which she buys hair nets. She is authority on Librarian golf and plays a good hand at "blackjack."

"On the Square."

"We had quite a game up to the boarding house last night."

"Poker?"

"No. The landlady was going to lick one of the boys for not paying his board. I tried to check her, she jumped me, crowned him and told us both to move."

"Did you do it?"

"Och—American Legion Weekly."

## GARDEN NOTES

By R. E. Loree

M. A. C. Horticultural Dept.

Quality in vegetables depends largely upon their being used while strictly fresh. Chemists tell us that sweet corn loses 50 per cent of its sugar content within four hours after it has been removed from the stalk.

Corn, beans, peas and all other vegetables used for canning, drying or table use should be prepared as soon as possible after they are gathered, if vegetables of high quality are desired.

Make your garden work all summer by sowing a succession of crops. Succession crops are valuable because they furnish a supply of fresh vegetables for fall and winter use.

Try these for planting now in the spaces where the early short season crops have been grown: Bush beans, turnip beets, lettuce, summer radishes, kohlrabi, rutabagas, turnips and Chinese or celery cabbage.

There is still time to sow seeds of perennial flowering plants. Make the soil in which they are sown very fine and keep it cool and moist by shading and frequent watering.

## NEWBURG

Rev. Raycraft's sermon on St. Paul, was listened to by a goodly number, Sunday morning. About 30 were in attendance at the Epworth League in the evening. Beulah Ryder and Iva Bassett gave splendid reports from the institute at Albion. They had the privilege of listening to some of the best speakers of the Methodist denomination, especially returned missionaries from India and China, who gave such wonderful talks on their work in those countries. The Epworth League have decided to close their meetings until the first of September.

### HAVE EASY DIVORCE CODE

No Need for Samoans to Take Trip to Native Rno to Have the Knot Untied.

Divorce cases, which came up often in Tutuila, especially put to the test the powers of reconciling old and new; for, though desertion for one year is sufficient reason for divorce under the Samoan code, actual divorce without legal divorce is a custom of the country. Samoan men again and again sent their legal wives home and took younger women into their huts. Under such conditions the man and his new mate were brought into court. Occasionally the court persuaded the man to send for his old wife, and the girl in the case returned to her family. She was usually soon well married to some one else, and suffered no disgrace. Often, perhaps, the summoned couple refused to be separated, paid their fine, went back to their old ways and were summoned again and paid another fine.

I remember a case that amusingly illustrates the importance of the economic factor when divorce is the issue. The man was a strapping chief with skin like a polished kava bowl—a handsome fellow, distinguished in the islands for one of his special treasures, an American house somewhat pretentiously built and well furnished. He did not sleep in it or use it in any way, but he cherished it as a sign of nobility, very useful to him in impressing both his neighbors and visitors to Illili. His wife had deserted him, he complained, and he would like his divorce before another week was out. From this I gathered that he had "run his wife home," after the custom of a native with his eye on a younger spouse. "Left you," said I, "so she has left you after many years? This is sad, but if it be the case, then truly a divorce is in order. However, since I recall that it was your wife's family's gifts of money and cattle and fine mats that made it possible for you to own the American house, these things will the law give your wife on the day she is no longer your wife." The eager chief became meditative. He thought of the young girl with black hair flowing to her knees that he had chosen to share his thatched hut, where they both might gaze at the American house. He hesitated. He did not want the divorce that morning. He went away. And in a few weeks he sent word that—was it not fortunate?—his old wife had come back from her father.—From the White Judge in Tutuila, by Alexander Stronach, in Asia Magazine.

### Reasonable Ambition.

When Governor Stephens of California was mayor of Los Angeles there was one man who, even more than others, harassed the life out of him in regard to getting some kind of a job. Finally Stephens got the fellow placed doing some outdoor work in the public service department. The man was highly appreciative, and always tipped his hat to the mayor thereafter.

It wasn't more than two months until the fellow again showed up at the mayor's office. This time he said he wanted to be promoted.

"Promoted?" said Stephens. "Why, man, you want to get ahead too rapidly. Think what a short time you've been at your present job. Such vaulting ambitions as yours will make you unhappy and discontented as you go through life. What sort of job have you got your eye on, anyhow?"

"Well," said the culler seriously, "you know I've been driving a mule. And I thought if it could be arranged I'd like to be promoted to driving a horse."

Mrs. H. E. Sayles and sons, Harry, Duane, Gaylor, also Edgar Howard of Farmington, left for Gladwin county, last week Thursday for a vacation of several weeks.

### LIVONIA CENTER

Mrs. John VanBonn was hostess to the Needle Club at her home on the Waterford road, Thursday. On account of the extremely hot day, the attendance was not as large as usual, but an enjoyable afternoon was spent in a social manner, and the guessing contest was no small part of the afternoon's entertainment. Prizes were won by Mrs. William Garchow and Mrs. Walter Liverance. The club is contemplating a boat trip to Chatham in the near future. The next meeting will be held at the home of Mrs. Albert Schroder, Thursday, July 21.

Mr. and Mrs. Revard Chilson and family of Detroit, and Mrs. Ed. Halstead of Novi, were guests at the Palmer Chilson home, Saturday.

The school meeting was well attended Monday evening, and Charles Wolfson was re-elected as moderator for a term of three years.

The thrashing season has opened, and the yield of wheat is not as large as the standing crop indicated, on account of the hot weather at the time the grain was filling.

Mr. and Mrs. Fred Lee and son, Marion, and daughter Grace, accompanied Mrs. Jennie Cary to Ann Arbor, Sunday, where she will be the guest of friends for a few days, before returning to her home in Toledo, Ohio.

Two car loads of slag were unloaded on the half mile east of the Center this week. This will improve this strip of road, which has been impassable a part of the year.

Mr. and Mrs. Alex. Camelle entertained the latter's brother and family of Detroit, last week.

### PRESBYTERIAN PARAGRAPHS

"Cozy, cool and comfortable" was the common comment after the service, last Sunday, and you ought to see where the primary department has settled for the summer.

The pastor's classes in Ann Arbor range from eight o'clock on Monday to eleven o'clock on Friday, and its warm work right now.

### Baptist Notes

Sunday morning, Rev. Palmer Hartsough of Ontario, Wis., gave to the congregation a report of the Northern Baptist convention, held in Des Moines, Iowa. He told especially about the discussions on some fundamentals and the decisions arrived at. Because in all the years the Baptists have believed: 1. The inspiration and authority of the scripture. 2. The virgin birth of Jesus Christ. 3. The sacrifice of Christ in relation to the salvation of men. 4. The resurrection of Christ from the dead. 5. The second coming of Christ and the resurrection of the saints. He also had attended the national convention of the B. Y. P. U. at Cincinnati, Ohio, and reviewed the proceedings of those days when everything was pushed with young life and vigor. A great chorus filled the building with music and joy was on every face.

The Ladies' Aid society meets with Mrs. Beals, Wednesday afternoon of this week, on Plymouth road. It is a tea meeting and each one is requested to bring a friend with them.

### A CARD—We desire to thank the

neighbors and friends for their many acts of kindness during the illness and after the death of our son, also to those who sent the beautiful floral offerings, Rev. Hathaway for his consoling words, and Calvin Whipple for his beautiful singing.

Mr. and Mrs. Floyd Nelson.

### WAYNE COUNTY VALUATION

IS INCREASED 9 PER CENT

The total taxable property in Wayne county was set at \$2,307,080,886 by the equalization committee of the board of supervisors in a report accepted by that body at a special meeting, July 8th. Of this amount, the total for Detroit is fixed at \$1,854,063,560, including real estate valued at \$1,353,588,770 and personal property at \$500,464,790.

This total is \$172,142,119 or about 9 per cent greater than the equalization committee's total valuation for 1920.

Highland Park's equalized valuation is \$125,731,300, while that of Wyandotte is \$19,981,270. Springwells valuation was increased from \$25,230,850 and \$53,345,420, more than 100 per cent.

LEGION MEN LIKE HIS TYPE

State Adjutant of Minnesota Made Numerous Efforts Before Accepted for War Service.

Horace G. Whitmore began serving under Pershing early. He was holding down a pivot in the cadet battalion at the University of Nebraska in 1885 when the future general was a commander there. Incidentally Mr. Whitmore and General Pershing formed a friendship on the campus which endures to the present day and which found expression after the armistice, when the C-in-C, inspecting the One Hundred and Fifty-first field artillery in Germany, left a crowd of generals, walked over to a stubby little first sergeant, thrust out his hand and said:

"Whitmore, I am glad to see you." Whitmore was born in Dayton, O., in 1873; was brought up on a farm in Nebraska, and graduated from the state university there in 1896.

He was a contractor in Minneapolis in 1917, when he presented himself for admission to the first series of officers' training camps. He was rejected as being overweight. Back to the farm went Whitmore. In four weeks he took off 20 pounds and asked to be admitted to the second series of training camps, but the surgeon said: "Too fat to fight." Another examiner said: "Too old." Whitmore went from recruiting office to recruiting office until he became a private in Battery B, One Hundred and Fifty-first field artillery, Forty-second division. He went overseas with the outfit and served with it through the war, participating in every engagement in which the Rainbows took part.

When discharged he was induced to become state adjutant of the American Legion for Minnesota. He has done much for the development of the Legion in the Northwest. Mr. Whitmore recently resigned from that position to accept the directorship of a company formed for the manufacture of an automobile accessory device which he invented.

WAS BORN UNDER LUCKY STAR

Indianapolis Legion Man Sustained Twenty-Nine Wounds During His Service in War.

Wounded 28 times and glad it wasn't 27, William N. Evans, Indianapolis, Ind., still believes he was born under a lucky star.

He walked into national headquarters of the American Legion the other day seeking "just any kind of work that will keep my mind occupied." He said he was an overseas veteran. "I'm still a bit weak," explained. "I was wounded."

When pressed for details he owned up to 28 wounds in four major offensives. A job was made for him, clerical work that would "keep his mind occupied" but which would be consistent with 28 wounds.

Evans was a private in the Twenty-eighth infantry, First division. A machine gun got him at Cantigny, a bayonet came next at Soissons; he was struck by shrapnel in the St. Mihiel push and in the Argonne a one-pounder shell hit him a glancing blow on the chin before it exploded. When it went off almost under him 22 pieces of shrapnel peppered his body. He remained on the battlefield 36 hours before he was picked up.

"But I'm happy just the same," Evans says. "This job keeps me from being a loafer and pays just enough with my government compensation for me to get married. I guess I was born lucky."

**Benefit Performance.** For some time the benign old gentleman sat watching the novice in his vain attempts to land a fish. Finally the angler was reduced to his last worm and still no catch.

"Cheer up, son," said the old gentleman. "They're biting well for you at any rate."

"No, they ain't," retorted the other aggrievedly. "They're bitin' for their own personal benefit, that's what they are."—American Legion Weekly.

**The Latest Alibi.** The Boss—Well, what excuse this time? Grandmother dead again. I suppose?

The O. R.—No sir! Grandmother wants me to take her to the game and point out all the best-known players.—American Legion Weekly.

**Suffered Intense Pain** Mrs. Linda Harrod Endorses Chamberlain's Tablets "I suffered for years with stomach trouble and tried everything I heard of, but the only relief I got was temporary, until last spring I saw Chamberlain's Tablets advertised and purchased a bottle of them from our druggist. I got immediate relief from that dreadful heaviness and pain in my stomach after eating. Since taking two bottles I can eat anything I want without distress." writes Mrs. Linda Harrod, Ft. Wayne, Ind.—Advertisement.

IS BUSY LEGION ORGANIZER

Vice Commander of Body in New York Perfects One of the Most Powerful Units.

Believing that the county organization is a vital part of the American Legion, William F. Deegan, first vice commander of the Legion in New York, has perfected in Bronx county one of the most powerful Legion units in the country.

Among the accomplishments of the Bronx county organization is the placing of bronze plaques on 850 trees as a memorial to the World war dead; employment provided for hundreds of ex-service men by the employment committee, and relief to sick and wounded veterans in New York city hospitals from the Legion's welfare committee.

Mr. Deegan, when asked to give some of his working principles, said: "I insist upon every post being represented at a county meeting held once a month. I visit every post at least once or twice a month and for the benefit of Legionnaires have arranged for a legal committee to take up the principal troubles of the boys, without cost. I find that Legion men have absolute confidence in their officers, provided they know that they do not seek political office at their expense. To that end I make every effort to keep the organization free from men holding appointive offices.

"Personal contact with your post is absolutely necessary—telling them what is going on, listening to complaints and abolishing wherever possible parliamentary procedure, because delegates oftentimes will come to meetings and fear to speak on a subject which is vital to the interests of the organization, because they do not know whether they are in order."

During the war Mr. Deegan was attached to the staff of Gen. George W. Goethals and was assigned to inspect the army bases along the Atlantic coast and inland army depots. He was discharged a major in 1919.

LEGION MAN ON LONG HIKE

Sergeant Sylvester of Indiana Is Scheduled to Walk 737 Miles to Boost Training Camps.

Former doughboys will reflect long upon the sad case of Sergt. Harley C. Sylvester, who likes the walking branch of the service so well that he voluntarily agreed to hike an average of 18 1/2 miles a day for 40 days to tell the peaceful citizenry why they should learn to fight.

When officials of Fort Benjamin Harrison, Ind., looked about for the representative type of American soldier to advertise the citizens' military training camps to be held during the summer, they found Sergeant Sylvester, overseas veteran and member of the American Legion at the military post, still in the service.

Sergeant Sylvester is scheduled to cover 737 miles during the 40 days. He is visiting towns and cities in Indiana, Ohio and Kentucky. He carries light marching equipment and is the guest of his buddies in the Legion posts along the dusty route.

The American Legion will assist in obtaining recruits for the citizens' military training camps, according to a resolution adopted by the military policy committee of the ex-service men's organization.

TRANSFERS PAY TO LEGION

Permanently Disabled Yank, Propped Up in Bed, Signs Over Bonus Check to Post.

A striking example of the gratitude of the nation's disabled veterans for those who have aided them in their hours of suffering has come to the attention of Lee C. Prentice, post of the American Legion in Fairmount, Minn.

Cletus Lappin, a young soldier severely wounded on the battlefields of France and now in hospital, rated totally and permanently disabled, received a check in payment for the state bonus while taking treatment in a sanitarium at Fairmount.

Asking to be propped up in bed, Lappin endorsed the slip, good for several hundred dollars, to the Prentice post of the Legion. "When I needed help," said the boy who had given the best of his life to his country, "the Legion boys stood by me. Now I'm going to do my little bit to help them get those clubrooms they are after."

Where ignorance is bliss. "If you read more you would know more."

"Yes, and miss all the sensational cases by getting rejected for jury duty."—American Legion Weekly.

People living on Starkweather avenue feel somewhat aggrieved, and not without cause, over the fact that that thoroughfare has not been oiled as have other streets in the village. Starkweather avenue was turned over to the county road commission for maintenance some two years ago by the village commission, and it is for this reason that no oil was placed upon it by the village. About every day a grader goes over the road, stirring it up, and with the heavy traffic passing over it daily, there is a cloud of dust and dirt in the air almost continuously. It would seem that some action might be taken whereby the county road commission could be induced to pave this street, the same as in other villages, where they have taken over streets as county roads. We understand the people living on Starkweather avenue would be only too glad to pay their proportion of the expense of the pavement. Village President W. J. Burrows was in Detroit, Tuesday, and was promised by the county road commission that steps would be taken by the commission as soon as possible to abate the dust nuisance on Starkweather avenue.

### THE THEATRE

A vivid story with a theme standing out in striking contrast to "Why Change Your Wife," "Male and Female," "Don't Change Your Husband" and any of his previous successes marks "Something to Think About," Cecil B. De Mille's big Paramount picture, which will be shown at the Penniman Allen theatre, Saturday evening, July 16th. The idea of right thinking furnishes the basic idea of the story. In the early scenes the quaint rural characteristics of Luke Anderson, a blacksmith, and his daughter, Ruth, have a rollicking humor that is captivatingly presented. When the daughter, already engaged to a rich young man of the neighborhood, elopes with Jim Dirk, a handsome newcomer, the clouds of tragedy gather quickly. Then a series of swift climaxes develop in rapid succession until power brings with it the restoration of the heroine's happiness through the instrumentality of her little boy.

As a country boy, with aspirations to become a detective, Charles Ray is said to afford considerable laughter and a few thrills in "A Village Sleuth," in which he will be seen at the Penniman Allen theatre, Wednesday evening, July 20. After his attempts to round up some melon thieves in his dad's apple orchard, have gotten him into hot water, Charlie goes out and gets a real job in a private sanitarium. There he encounters a real mystery, and, his detective instincts aroused, starts to unravel it. The results are surprising in the extreme. Charlie is revealed not only as the logical successor to Sherlock Holmes, but wins a pretty girl in the bargain. "A Village Sleuth" was written by Agnes Christine Johnston, scenarist of "Twenty-three and a Half Hours' Leave," and produced for Paramount release by Thomas H. Ince. Winifred Westover is the leading woman. Jerome Storm directed.

### PERRINSVILLE

Mrs. Lounsbury is on the sick list. Asa Baker of Wayne, gave a very interesting report of the Sunday-school convention at Albion, Mich., at church, last Sunday evening. Mr. Baker's talk was greatly appreciated

by all those who heard it. Don't forget Sunday school at 10:00 a. m. and church service at 7:30 p. m. Sunday.

Mr. and Mrs. George Baehr and sons, Clinton and Howard, spent Sunday evening at Erland Bridge's in Plymouth.

Mr. and Mrs. George Baehr and family spent Thursday evening at George Edwards of Eloise.

Miss Alma Steinhauer of Detroit, spent the week-end with her parents.

### FRAIN'S LAKE

Mrs. Robert Chappel has been the guest of Mrs. George Tyre in Detroit, this week.

Dancing at the New Island Lake Dancing Pavilion, near Brighton, every Sunday, Wednesday, Thursday, Friday and Saturday evenings at nine o'clock. Music by Ike Fischer and his five best.—Advertisement 3353

The members of the Rebekah lodge and their families were delightfully entertained Wednesday evening by the "Rebekah degree staff club," on Mrs. Arthur Rodman's lawn on Church street. Ice cream and cake were served. Patterson's orchestra furnished the music.

LIVONIA CENTER DEFEATS ROUGH & READY

The Livonia Center ball team defeated the Rough & Ready team for the second time this season, last Sunday, by a score of 10 to 7. It was a much harder fought game than the first one, as the R. & R. team were very anxious to even up with the hard-hitting Livonia boys. The same teams will meet again next Sunday, July 17th, at Livonia Center. Ice cream and soft drinks will be sold on the grounds.

NEWBURG SHUTS OUT NEWBURG

The Newburg Kings shut out the Newburg Challengers, last Sunday, by a score of 17 to 0. Next Sunday, July 17th, the Newburg Kings will cross bats with the Northville Independents at Newburg field, at 3:00 p. m. Everybody welcome. Come one, come all.

Prison Forum an Innovation.

Inmates of Great Meadow prison at Comstock, N. Y., are not allowing their temporary withdrawal from society to interfere with their knowledge of the progress of world events. They have established a prison forum and, encouraged by Warden William Hunt, have lectures on political and economic topics and conduct parliamentary discussions on subjects selected by members of the forum.

The members of the forum believe that their organization is the first society of its kind ever formed in any prison in this country. It is conducted entirely by inmates and has a complete staff of officials and committees. Parliamentary rules prevail at all meetings and there is an election of officers and committeemen every three months. Applicants for membership are investigated and then acted upon at a business meeting by secret ballot.

Coins as Metric Weights.

In the Galve World, Howard Richards, Jr., notes a little known fact as to our coinage and the metric system. It was shown at the recent annual meeting of the American Metric association, he says, that the United States subsidiary currency and the nickel are legally defined in terms of grams. A new 5-cent piece weighs exactly five grams, and the 10, 25 and 50-cent silver pieces weigh one gram for each four cents. Two 10-cent pieces will balance one nickel, and all of these coins may be conveniently used as weights or to check metric scales.

Tactical Solution.

"Look at the fine clothes she wears, and the car she rides in! Her husband must be making a lot more money than you."

"That doesn't prove anything. She may merely be more extravagant than you, my dear."

Poated on Foods.

"I guess the doctor is getting back at me for saying he didn't know beans."

"Why so?"

"He has put me on a diet."—Louisville Courier-Journal.

WEED NOTICE
