BOARD OF COMMERCE MEMBERSHIP CAMPAIGN

THE B. OF C. MEMBERSHIP CAMPAIGN IS ON AND MANY NAMES ARE BEING SECURED BY THE SOLICITORS FOR MEMBERSHIP IN THE NEW ORGANIZATION.

EVERYBODY IS URGED TO JOIN THE B. OF C. AND HELP BOOST PLYMOUTH.

The campaign for memberships for the new Plymouth Board of Commerce is progressing nicely, and there is every indication that when the membership papers are handed in by the solicitors on Wednesday evening, October 26th, they will contain several hundred names. Our citizens are beginning to feel the real need for an organization of this kind in Plymouth, and they are going to get their shoulder to the wheel and help boost for the new Board of Commerce.

The membership fee, including the annual dues, has been placed at \$10.00. It is to be hoped that every citizen who really wants to see Plymouth go forward, will become a member of the Board of Commerce. Organized effort is the only thing that will bring the desired results in any movement for a larger and better Plymouth. If we are to have more good roads leading into Plymouth, we must have an organization that will have the way to get them. It's up to Plymouth whether the roads lead here or to some other town. If our merchants want the big end of the trade made contributory to Plymouth, they must get after it. Thirty, forty or fifty years in the same old stand won't do it. See to it that every road leading to Plymouth is a good road. A Board of Commerce will be a mighty strong factor in securing good roads and other improvements. To make the Board of Commerce the success it should be, it needs the combined efforts of all the business interests and the people of the community. The self-satisfied citizen must revive his energies and get into the band wagon and pull for Plymouth, and a boost for the Board of Commerce is a pull for Plymouth.

A general meeting of the members of the new organization will be held in the Business Men's Club rooms on Wednesday evening, October 26th, at 7:30 o'clock, for the purpose of electing permanent officers and such other business that may come before the meeting. It is urged that every person who signed a membership roll be present, and also all other citizens who are interested in the B. of C. are cordially invited to come to this meeting. Again we say, be a booster for the Board of Commerce.

PLYMOUTH MAN SLAIN IN HOTEL

FATAL STABBING REVEALED WHEN BLOODSTAINED ROOM-MATE IS ARRESTED.

Sans. Perrone, aged 32, an Italian, was stabbed to death in his room at the Commercial Hotel, last Saturday night, by Joseph Russo, aged 25, his roommate. The crime was not discovered here until about Sunday noon, when word was received by Deputy Sheriff Millard from Toledo officers that a man had been taken into custody there, under suspicious circumstances, and that he had admitted he had killed a man in Plymouth. Officer Millard, accompanied by Deputy Sheriff Albert Gates, went to the Commercial Hotel and inquired there as to any trouble. No one knew of any, but upon investigation the body of Perrone was found on the floor of his room, indications being that a terrific struggle had taken place. Perrone had been stabbed seven times, and Oliver Loomis, sitting at the desk, immediately summoned a jury, who returned a verdict that Perrone had come to his death at the hands of a person or persons unknown to the jury.

Officer Millard went to Toledo, Tuesday, and brought back Russo, who was arraigned before Justice Philo Patterson and bound over to the circuit court. He admits killing Perrone, but says it was done in self-defense. He claims he went to bed about midnight Saturday night, and shortly afterwards Perrone came in and complained of the heat in the room. Russo says he got up and shut off the radiator, but Perrone still complained. One word brought on another until a fight ensued. Perrone ran to a dresser drawer and pulled out a butcher knife and came at Russo. In the struggle Russo got possession of the knife and stabbed his assailant. He suffered some cuts and scratches himself, and went to a doctor's office to have his wounds dressed. He then hired a man to take him to Toledo, he alleges. A watch, said to belong to Perrone, was found on him.

Both men are section hands on the Pere Marquette, and have been close friends for several years.

Perrone's funeral was held from the Our Lady of Good Counsel church, Wednesday morning. Interment in Riverside cemetery.

A PLEASANT OCCASION

The Ladies' Aid of the M. E. church met for their October meeting at the home of Mrs. Hinger on Main street. There were between fifty and sixty ladies present. During the business session, it was voted to hold the autumn bazaar, November 30th. After the business of the afternoon was over a wonderfully pleasant social hour was enjoyed.

Miss Penney and Miss Juanita Coo favored the audience with an instrumental duet, after which another two-piece duet was rendered, this time by Miss Penney and Miss Gladys Schrader.

J. D. McLaren pleasingly gave a Halloween recitation, following which papers cut in the shape of a pumpkin were passed out, and each set of two ladies made as many words out of Halloween as was possible to do in ten minutes. Mrs. Griffith and Mrs. Thomas carried on the honors, and were awarded Halloween caps.

The ladies next guessed the number of seeds in a small pumpkin. Mrs. McGraw was the fortunate guesser, receiving a Halloween favor.

Curtains were then lowered, and by the weird light of jack-o'-lanterns the company ate delicious popcorn and munched rosy apples, while they listened to a thrilling ghost story by Mrs. Ross.

Don't fail to join the Board of Commerce. E. R. Parrott was in Holly on business, Tuesday. Miss Mabel Hall of Stockbridge, was an over night guest of Miss Ruth Whitby, on Tuesday. A quality flour at a quantity price! "1900" Flour, \$1.00 sack, for Saturday, October 22, only at your present. See "1900" ad in this issue.—Advertisement.

NEW GARAGE OPENED

F. Reiman & Son opened their new garage at the corner of Ann Arbor and Mill streets, last Monday morning, to the public. The new building, which is 40x80 feet in size is a splendid addition to this part of the village. It is constructed of cement blocks and makes a nice appearance. The building has two entrances for autos, one on Ann Arbor street and the other on Mill street. It is well lighted and ventilated. A nicely appointed office occupies the southeast corner of the building, with a stock room above it. The building is also provided with a lavatory. A large furnace will provide the heat. The new firm will carry on a general auto repair and garage business, and as both are experienced mechanics, they will no doubt receive a liberal patronage in this line.

BOWERMAN-NEWMAN

Announcement has been made of the marriage of Miss Ruby Newman, of Detroit, daughter of Mrs. O. Newman of Plymouth, to Robert Bowerman, which occurred in that city, September 10th. For several years the bride was employed in the Mail office, but for the past three years has held a responsible position in the office of the Detroit Board of Education. The groom is an electrician in the employ of McCleary & Harmon in Detroit. The bride has many Plymouth friends who extend congratulations and best wishes. Mr. and Mrs. Bowerman are residing at 6515 Brooklyn Ave., Detroit.

COMING—Thursday evening, Nov. 3rd, Dr. M. S. Don't fail to hear Dr. Pittman.—Advertisement.

Henry Messer has just opened a new grocery and meat market on Ann Arbor street, nearly opposite the new Reiman garage. Mr. Messer has built a substantial one-story building of neat design, 18x40 feet in size, and has it well stocked with groceries and meats. The new store will prove a most convenient trading place for residents in that end of the town.

REO

A "Chunk" Can't Do the Work of a Percheron

If you used draft horses before the days of the motor truck, you know, of course, the difference between a "chunk" and a Percheron. Well, that's the difference between this big powerful Reo Speed Wagon and its flock of imitations.

This Reo has the stout muscles and the clean limbs of a Percheron. Like the latter, there must be a strain of the Arabian in this Reo—for its roving disposition and ability to survive all conditions have taken it to all parts of the world.

No motor truck that is lighter or less sturdily built can do the work of the Speed Wagon—any more than a 1,300 pound "chunk" could do the work of a ton Percheron.

THAT WEAK LINK

A New York company, before it could start on the erection of a mammoth new hotel building, had to spend \$20,000 in securing a clear title to two inches of land. A Kansas grain grower, leaving a train load of wheat on a siding, discovered when it was destroyed by fire that one little comma in his insurance policy kept him out of \$4,000. All of which goes to show that it is the "little things" that count. The blacksmith forged a mighty chain, but left one weak link. And later when the chain was used to anchor a ship, that weak link broke during a storm and the crew of the ship perished. The life of every citizen of Plymouth hinges on "little things," or things which do not appear of great importance to others. And that is why, regardless of what others may think, it pays to watch carefully after the little things.

WHEN IT RAINS

To grow the crops that feed you requires an average of 20 inches of rainfall, or 2260 tons of water to the acre. If rain stopped falling altogether and we had to haul water to the farms from rivers and lakes, the labor involved would be so enormous that people would have to stop manufacturing, abandon their cities and their civilization, and all flock to the country. The effort required to haul water and wrest a living from the soil would be so big that we would not have time for anything else. A few showers or their absence make a tremendous difference in humanity's scheme of things. No wonder we talk about the weather. No wonder we are forever speculating whether it will rain or not. That isn't prompted by concern over the effect on our clothes and intended trips. It is an inheritance from ancestors who did no work except to get food, and to whom a shower often meant a rescue from death.

DON'T SPEND UNWISELY

"Don't spend recklessly, but don't spend unwisely, but keep a part of your money in circulation." John Wanamaker, owner of the greatest dry goods stores in America. He declares that instead of tightening up just at this time and cutting advertising appropriations, his stores are advertising heavier than they usually do, in the belief that the very best thing that can happen to this country will be to keep money circulating. Citizens of Plymouth can profit by this man's advice. They can well afford to pay their bills promptly so the other fellow can do the same thing and with everybody meeting their bills, especially the smaller ones, we are sure to run along smoothly until good times.

RED CROSS ROLL CALL

WEEK OF OCTOBER 23-29 HAS BEEN DESIGNATED FOR THIS GREAT CAMPAIGN IN PLYMOUTH.

The dates for the annual Red Cross Roll Call in Plymouth have been set for Oct. 23-29, inclusive. At a meeting of the executive board and other members of the Plymouth Branch of the Red Cross, it was decided to carry on the campaign in Plymouth again this year, as we have in former years. Plymouth citizens have always responded nobly to the call of the Red Cross, and that there will be a general renewing of memberships in this great organization again this year, there is no doubt. Mrs. C. H. Bennett to whom a great deal of credit is due for the splendid success which has been achieved by the Plymouth Branch of the Red Cross, will again act as general chairman of the coming campaign, and she will be assisted in the work by the following chairmen of the various divisions:

Mrs. Albert Gayde, Mrs. H. C. Robinson, Mrs. R. O. Mimmack, Miss Evangeline Foster, Miss Helen Van DeCar, Mrs. William Baker, Mrs. John Henderson, Mrs. Charles Draper, Miss Pauline Peck, Mrs. William Wood, Mrs. D. F. Murray, Mrs. George A. Smith, Mrs. L. B. Samsen, Mrs. W. T. Pettengill.

On Saturday, October 29th, the teachers and students of the High school will have charge of the booths. The Campfire Girls will serve under the direction of Mrs. Frederick J. Thomas, chairman.

Booths will be established at the Beyer Pharmacy, Conner Hardware Co., Plymouth United Savings Bank and Pettengill & Campbell's. One dollar renews your membership for another year in the Red Cross. Last year Plymouth had an enrollment of 744, an increase of 100 over the year before. We believe that it might be well to state here that one-half of the amount received from the Red Cross membership in Plymouth is always available for use in this village and township, and subject to the call of the local branch.

We give below a few facts concerning the Red Cross activities, which will be of interest at this time. During the last year, 2,397 American Red Cross Chapters, in as many communities, carried on organized work for the service and ex-service men of the American Army and Navy and their families.

On July 1, 1921, there were 11,690 men under medical and surgical care in Army and Navy hospitals and posts. In these establishments were 280 Red Cross workers who made an average of 83,095 service visits each month during the year. In 1892 U. S. Public Health Service, Contract and Government Hospital, and Southern Homes there were 25,500 disabled ex-service men. In these establishments 448 Red Cross workers rendered the same aid given the patients while they were in active service.

Every month during the last year the American Red Cross has been in touch with an average of 129,215 ex-service men and their families. It rendered home service every month to the families of 14,574 men of the peace-time Army and Navy. It made 32,485 loans of money to men entering Federal Vocational Training, pending the arrival of their compensation checks.

For the veterans of the World War the American Red Cross is providing service costing \$10,000,000 a year. This is more than all the money ever paid to the Red Cross during the last roll call.

The American Red Cross Nursing Service, at the request of the government, provides the reserve lot of which nurses are furnished for the Army and Navy Nursing Corps and the U. S. Public Health Service. 19,577 Nurses were furnished by the Red Cross during the World War. 37,787 nurses are now registered and subject to call.

4,794 nurses were in active service July 1, 1921. 1,154 nurses have been furnished to the U. S. Public Health Service. 1,800 nurses last year employed 1,225,000 health cases.

1,154 instructors have enrolled 66,729 students in home hygiene and care of the sick; during the last year 84,570 persons completed the course and received certificates.

During the year 500,000 children have been inspected for physical defects and means of their correction recommended.

Red Cross Nutrition Service is giving instruction to 22,000 children and 103 chapters in Food Selection have been organized.

In 1920 1,000,000 children were inspected for physical defects and means of their correction recommended.

NEAR EAST RELIEF

In the very lands where the feet of Christ once trod, people are starting to death. Tens of thousands have been driven from their farms and homes to become wanderers, and other tens of thousands have been slaughtered or have died of disease or hunger, leaving behind them a horde of little children with no one to feed and clothe them.

The Near East Relief, an organization chartered by the United States government and supported by charitable Americans, has undertaken the enormous task of housing and feeding these people. In the short time since this work was undertaken, the Near East Relief has equipped over 200 orphanages and has cared for 125,000 children. The Near East Relief follows where the "long, long trail" of persecution and exile leads through Armenia and the provinces of Asia Minor, giving aid to all who are in need, regardless of race or creed. It is to save these starving children in Armenia and the Holy Land, that the farmers of America have been asked to contribute just a mite of their 1921 harvest. The Near East Relief is collecting a mercy pool of five million bushels of grain. Will you help? A Near East Relief representative is in your community, and your local dealer is anxious to help in this needed work.

FORMER CANTON TOWNSHIP CITIZEN DIES

John Frederick William Reddeman, son of Michael and Louise Reddeman, was born November 26, 1838, in Rothenburg, Province of West Prussia, Germany. He was baptized and confirmed in the Lutheran faith. In 1857, he was united in marriage to Minnie Krumbach, who departed from this life, December 19, 1886. To this union were born four sons and three daughters: William and Frank of Plymouth; Charles of Detroit; Mrs. Paul Korzuck and Mrs. Louise Schwemin of Ann Arbor; Mrs. Helene MacDonald of Grand Rapids, and Herman, who passed away December 30, 1914. In 1883, he came to Michigan, and located in Canton township. In 1887, he was united in marriage to Minnie Meyer, who departed from this life on December 20, 1916. To this union were born six children, Albert, Ernst and Henry of Plymouth; Mrs. Oscar Hoppe of Ann Arbor; Mrs. George Root of Lansing, and Edward Heintz of Salem. Since his arrival in Michigan, he lived in the vicinities of Plymouth and Wayne, until two and one-half years ago when he went to live with his daughter. He departed from life October 13, 1921, at the age of 82 years, 10 months and 17 days. Besides his children, he is survived by one step-son, August Meyer of Plymouth, forty-one grandchildren and four great grandchildren.

After a brief service in the home of Mr. and Mrs. Oscar Hoppe at Ann Arbor, Saturday afternoon, at one o'clock, the remains were brought to St. Peter's Lutheran church at Plymouth, where the regular funeral services were held at 3:00 o'clock. Mr. Reddeman was a member of this church, and his pastor, Rev. Charles Strasen, preached the funeral sermon. Interment at Riverside.

PLYMOUTH DEFEATS BELLEVILLE ELEVEN

The foot ball team journeyed to Belleville, Friday, expecting a hard battle, but after a few minutes play it was evident that the blue and white were far superior to their opponents. Belleville's new and inexperienced team was unable to stand the changes against it by the local players.

To start the game, Belleville kicked to Plymouth on the ten-yard line only to have the ball returned to the thirty-yard line. After a series of successful smashes, Seger carried the ball over for the first touchdown. Doudt kicked goal. Before the quarter ended Bartlett intercepted a forward pass on Belleville's ten-yard line and carried it over for a touchdown. Doudt kicked goal. Score, first quarter, 14-0.

In the second quarter, Doudt carried the ball around end for a touchdown and kicked goal. The score at the end of the half was 28-0.

In the second half the locals did not fare so well, being held scoreless. Coach Walker used several new men on the line in the last half that from all appearances will make the regulars fight to retain their positions.

Hickey was not in the line-up, due to injuries received in the Royal Oak game.

The improvement in the work of Sayles on left end was especially noticeable during his stay in the game.

The line-up was as follows:
L. E.—Sayles
L. T.—M. Strasen
L. G.—Williams
C.—T. Strasen
R. G.—Schoof
R. T.—Norgrove, Captain
R. E.—Stevens
Q. B.—Seger
L. H. B.—Millard
R. H. B.—Bartlett
P. B.—Doudt

Substitutions—Williams for M. Strasen; Chappel for Norgrove; Richwine for Williams; Millard for Schoof; Sutherland for Stevens, Stevens for Sayles.

Next game is with Northville here. Come out and be a booster for the boys.

Today's Reflections

We see where a Grand Rapids couple were married before an altar of corn. Oh shucks!

We overheard a Plymouth man say yesterday that he bought his car for a pleasure car but it has given him lots of pain.

A Detroit woman was divorced at 3 o'clock and married again at 4. We wonder what caused the delay.

We don't know, but we're willing to bet that the average Plymouth fat man would suffer more in solitary confinement than he would at hard labor.

Each American citizen is said to consume 200 eggs per year. The per capita has been lowered since they outlawed Tom and Jerry.

Deliver us from the Plymouth chap who imagines everyone will think he is clever if he knocks everything.

SCHOOL NOTES

The reporters for this week are Fannie Grainger and Genevieve Butler.

The seniors intend to give a play in December, for the benefit of their class.

Plymouth High school's second foot ball team played at Northville, yesterday. These notes go in too early to indicate the score.

Plans are underway for the organization of an agriculture club by students of the tenth and twelfth grade agriculture classes.

The seventh, eighth, ninth and tenth grade boys are playing inter-class foot ball games.

The Ford City foot ball team will play here next Wednesday, because school will be closed on account of the teachers' institute, which is held on Thursday and Friday in Detroit.

The eighth grade girls' physical training classes are still playing long ball. Marian Beyer's side has won four games, and Grace Miller's side has won three.

Mr. and Mrs. J. B. Hubert of Parma, visited school one day last week. Mrs. Hubert is a sister of the Misses Hall.

Mr. and Mrs. G. A. Greaser of Grand Rapids, Mich., visited school last Thursday.

At the first meeting of those who wished to try out for the debate, it was found that twenty people had enlisted. This number shows that the interest in debating is increasing each year. The question this year is: Resolved, that the principle of the closed shop in American industry should receive the support of public opinion. The try-outs will be held on Monday, Tuesday and Wednesday following the teachers' institute.

Northville's first team foot ball squad plays a return game here today, Friday. Many will remember the success of the game at Northville, so come to see this game which promises to be very exciting.

Corette Hough, who has been attending the Sacred Heart Academy at Grosse Pointe, and Gertrude Kenyon, who has been attending the Northwestern High school in Detroit, entered school here this week.

The dates of the second team foot ball games are as follows:
Oct. 25—Plymouth at Wayne.
Nov. 3—Plymouth at Northville
Nov. 10—Belleville's first team and Plymouth's second, at Plymouth.
Nov. 17—Wayne at Plymouth.

Mrs. Daly and Mrs. Thoma visited the first grade yesterday afternoon.

Mrs. Weeks visited the first grade, Wednesday morning.

The children of the first and second grade room are busy making things to decorate the room for Halloween.

Mrs. Strebbins visited the fifth grade, Thursday afternoon.

Carol Birch of the fifth grade spelled the whole room down, Friday afternoon.

Mathias Hoffman of the fifth grade has moved to Detroit.

The grades from the third to the eighth inclusive are being tested under the direction of the University of Michigan, in arithmetic, spelling, reading and general intelligence. The University expects to compile the data received from the many schools testing at this time, and it will be possible in a short time to know how the different grades of our school rank with the different grades in other schools.

MICHIGAN FARMERS TO BID FOR GRAIN PRIZES

ENTRIES BEING GATHERED FOR INTERNATIONAL SHOW—HONORS WON LAST YEAR.

A strong bid for prizes offered in the competitive grain exhibits at the International Grain and Hay Show at Chicago late in November will be made by Michigan farmers, according to Prof. J. F. Cox, head of the farm crop department at the Michigan Agricultural College. State growers won high honors at last year's show, and another strong showing is expected this fall.

"Opportunity is open for Michigan to do exceptionally well in the competitive grain exhibits this year," says Professor Cox. "The unusual corn year, particularly favorable in Michigan, should result in a fine showing. Michigan growers must also be 'up on their toes' to hold their reputation with rye and wheat. While oats and barley were hard hit by adverse seasonal conditions in the state, nearly all other states suffered. Clover seed is good in Michigan, and with proper entries, Michigan should rank high as a clover state. Another strong showing at the International will reflect credit to the whole state, and result in additional out-of-state business.

Entries from Michigan farmers are being received by A. L. Hibbins, Secretary of the Crop Improvement Association, at East Lansing, and will be shipped to the International in one shipment. Entries should be in before November 15.

An educational exhibit featuring pure bred grains and pure bred stock, showing advantages of good breeding and accomplishments achieved in Michigan, is being prepared by the college for the International, which is to be held from Nov. 26 to Dec. 3.

The Misses Minerva Egan, Ethel Francis and Nellie Roake of Detroit, spent Sunday with Mrs. Hulda Knapp.

Successfully Burns All Kinds of Fuel....

HOMER
OIL-BURNING FURNACE
THE HOMER is not at all particular about the kind of fuel fed to it. Hard coal, soft coal, coke, slack, wood—all are received with equal favor, and each is made to deliver its full quota of heat units before turning to smoke and ash. In these days of fuel shortage, the owner of a fastidious furnace is apt to have either a cold home or a smoke-laden one. The Homer owner, on the other hand, can burn his favorite fuel if he can get it; if not, he can cleanly heat the house with whatever fuel is obtainable—without any objection from the Homer.

Baptist Notes

Wednesday, October 12, the Aid society met with Mrs. S. L. Bennett. The Baptist Aid society of Salem, was invited to spend the day with us, and thirty or more motored over, and the dinner was a feast. The program for the afternoon was enjoyed by all. The people of Salem always have a standing invitation to meet with us any time they can. The ladies of the Aid society have arranged to put on a bazaar the last of November or first of December, which will be held in the church parlors. The Baptist State Convention is in session this week at Pontiac, and promises to be a very important meeting. Those who have been chosen as delegates to this convention are: Mrs. Hulda Knapp, Mr. and Mrs. George Wilske, Mr. and Mrs. Sewell Bennett, Miss Edith Scott. From the B. Y. P. U. and Sunday-school: Miss Fannie Grainger, Miss Olive Lundy, Rollin Allenbaugh. The pastor and wife are also attending the meeting of the convention. The B. Y. P. U. on Sunday evening was led by Kenneth Wilske on, "Some of the Qualifications of a Good Citizen." Many good words were spoken and helpful suggestions given. The prayer meeting is increasing in numbers and interest. Last Thursday evening a large number came together to pray for the special meetings, which are to begin November 5th, when we expect Dr. Curry of Lansing, our state superintendent of evangelism, will be here to have charge of the meetings. Watch the bulletin board in front of the church, in regard to the lecture and picture evening this week.

LIVONIA CENTER
The dancing party given at the town hall, October 14, was well attended. All who could dance enjoyed themselves and all who could not enjoyed themselves as much, listening to the fine music. We are all looking forward to the next one, which will be held November 4th. Mrs. E. Stringer and Mrs. Ida Stringer took a motor trip Sunday, through Northville, Farmington, Clarencville and Redford. Mr. and Mrs. Frank Peck visited Mrs. William Radford, who lives near Detroit, Sunday. Tuesday morning, when Herman Johnson went out to his barn, he found he was the proud owner of a little donkey, which was presented to him by his son, Howard Johnson, and his son-in-law, Belbert Leg. We think now he can ride over rough roads without ill effects. Mr. and Mrs. John Baze spent Sunday at William Smith's of Waterford. Mr. and Mrs. Moody of Redford, were guests of Mr. and Mrs. John VanBonn, Sunday. Frank Peck's folks entertained the following guests for the week-end: Mrs. Peck's sister and husband, Mr. and Mrs. Cahill, also Mrs. Peck's niece and husband, Mr. and Mrs. Rardan, all of Lansing. During the severe electrical storm, Sunday night, a tree on the Linton Proctor farm was struck by lightning, killing five head of cattle which were standing under the tree. We surely feel sorry, for we farmers all realize what it means to lose our herd of cattle. Mr. and Mrs. William Curt were callers at the John Baze home, Sunday evening. Sunday guests at the John Dethloff home were: Mr. and Mrs. Walter Gray, Mr. and Mrs. Charles Bondie, Mr. and Mrs. Charles Wall, Miss Edna Gray and Richard Krumm, all of Detroit. Guests at William Garchow's, Sunday, were: Mr. and Mrs. Perry Losey and family, Carl Petach, Miss Katie Bundt and Mr. and Mrs. Nelson of Detroit. Mrs. Nelson is Mrs. Garchow's niece. Miss Lizzie Hewitt spent the week-end at her farm home in Livonia. The cattle buyer, August Vandevonne, is sure hustling. Last week he shipped three carloads of cattle to Buffalo, and also disposed of fifty calves and eighty-five hogs in Detroit. The ball game, which was played Sunday between the married men and single men was won by the latter, of course, as we all might know it would. You old men are behind the times. Mrs. Herman Johnson spent a few days this week in Detroit, visiting friends, and while there she attended the play, "Over the Hills," which was played at the Washington theatre.

How Better Than Pills?
The question has been asked—In what way are Chamberlain's Tablets superior to the ordinary cathartic and liver pills? One answer is, they are easier and more pleasant to take and their effect is so gentle that one hardly realizes that it is produced by a medicine. Then, they not only move the bowels, but improve the appetite and strengthen the digestion.—Advertisement.

Manufactured by a mill that was established before Michigan became a state. An institution that has grown steadily because its flour was just a trifle better than the other fellow's.

NEVER BEFORE HAS ANY FLOUR SO TAKEN A TOWN BY STORM AS "1900" HAS TAKEN PLYMOUTH. SOME ARE BUYING BY THE BARREL. GROCERS ARE PHONING IN FOR MORE FLOUR. It's because the flour is Right!

GIVE THIS FLOUR A TRIAL

If after giving "1900" a good fair trial, you are not convinced that it produces a whiter, sweeter and more nutritious loaf of bread than any flour you've ever used, we will mail you a check for \$5.00.

When is a Battery Old?

Some men are young at eighty—others are old at forty.

It's about the same way with batteries.

Their usefulness depends on the care they have had, the amount of work they have had to do, how they have been used, and most important of all—on the original quality of the battery.

There are many good reasons back of the decisions of the manufacturers of 173 cars and trucks to use Willard Threaded Rubber Batteries.

Come in and we'll tell you more about them.

Bible Students

Considerable stress of argument is brought against a certain wicked "city, even Jerusalem" in our Ezekiel study, chapter 4. Now the question arises is this argument against the ancient literal city of Jerusalem (the capital of God's typical kingdom on earth in the past) or some wicked iniquitous antitypical system of our day? Thousands of bible students all over the land think the latter. "Lay siege against it, build a fort against it, cast a mount against it, set the camp against it, and battering rams against it round about" "even (antitypical) Jerusalem." Who is she? Come and see. RESOLUTIONS

To Mrs. E. E. Honey and family from Tonquish Lodge, No. 32, I. O. O. F., Plymouth, Mich.:

WHEREAS, It has pleased Almighty God to remove from our midst our worthy brother and friend, E. E. Honey, be it

RESOLVED, That we as a Lodge of Odd Fellows tender our heartfelt sympathy to the bereaved wife and family in their hour of affliction. We feel that in the loss of our brother, we have lost a friend indeed. During our associations with him we have found him an energetic and faithful member, as well as a useful brother, and while you mourn the loss of a husband and father, we, too, have lost an honored member, and his memory will live long in the hearts of his brethren, and we hope and trust that you as an unbroken family and we as an entire Lodge may meet in that temple not made by hands, whose light is the Lord. Be it further

RESOLVED, that a copy of these resolutions be placed in the records of the Lodge, and one be sent to the family, and also be published in the Plymouth Mail.

Signed in behalf of the Lodge,

THE THEATRE

"The Sign on the Door," with Norma Talmadge in the stellar role, supported by an admirable cast, will be the screen offering at the Penniman Allen theatre, Saturday evening, October 22. The production is a faithful adaptation of Channing Pollock's popular stage play of the same name, in which Marjorie Rambeau delighted Broadway audiences. The continuity for "The Sign on the Door" was written by Mary Murillo and Miss Talmadge was directed in the film version by Herbert Brenson. Among those in the supporting cast are Charles Richmond, Lew Cody, David Procter, Augustus Bell, Mack Barnes, Helen Weir, Robert Agnew, Martinie Burnley, Paul McAllister, Lew Hendricks and Walter Bussell. The production is released by Associated First National Pictures, Inc. In it the star is said to have been given a wide range of opportunity for her histrionic ability. Miss Talmadge is seen in the role of Ann Hunnival, a pretty stenographer, who becomes the wife of "Lafe" Regan, a man of high social and business standing. As the result of an innocent escapade before her marriage, she becomes involved in a tragic situation when the son of her former employer is killed in a struggle with her husband. To shield her husband, who does not know that she has witnessed the tragedy, she calls the police and assumes the blame for the incident. The situation takes an extraordinary turn when the district attorney steps in, clears the mystery and restores the happiness of the Regans.

Bryant Washburn, popular star in "A Full House," his latest Paramount picture coming to the Penniman Allen theatre, Tuesday evening, October 26th, has another one of those delightful roles which have so greatly contributed to his reputation as a comedian of unusual ability. As George Howell, a newly-wed, he gets into a comical mix-up in which figure stolen jewels, love letters, a vampire, a couple of thieves and three policemen, thrown in for good measure. Lois Wilson appears as his blushing bride. "A Full House" was scenarized by Alice Eytton from the famous Fred Jackson farce. It was filmed under the direction of James Cruze who has been responsible for some of the biggest successes of Wallace Reid and Bryant Washburn.

"Trust Your Wife," Katherine MacDonald's latest starring vehicle, released by Associated First National will be the piece de resistance at the Penniman Allen theatre, Thursday evening, October 27th. This production was directed by J. A. Barry, being a screen adaptation of Harry S. Sheldon's play, "Conscience." David Winter, wealthy Los Angeles clubman, who looks like a twin brother of Douglas Fairbanks, and who is described as a screen "find," makes his debut in motion pictures in "Trust Your Wife." He will be seen at the American Beauty's leading man. Charles Richman, a favorite of the silent drama, has an important role, while others in the cast are Miriam MacDonald, the star's sister, and Mary Alden.

Very mild, Judge Durand Cigars.—Advertisement.

Orient Chapter, O. E. S. of Northville, will observe the 30th anniversary of the organization, this Friday evening.

The Lovewell Farms Co. have in their office two very interesting maps. One is a map of Wayne county made in 1860 and the other is a map of Oakland county, published about 80 years ago as near as its dates can be ascertained. Very few highways or farms were shown.—Northville Record.

The Rev. G. C. Edwards, recently appointed pastor of the Methodist church in Milan, moved his household goods from Dixboro, his former charge to Milan Wednesday. He and his family are busy settling things in the parsonage.—Milan Leader.

A traffic census taken in Oakland county for three weeks under the direction of the County Roads Commission reveals Woodward Ave. at Farmington to be the busiest thoroughfare of that width in the world, with an average of 14,062 vehicles passing every 24 hours. The daily average at Highland was 1160, at Commerce 528, and on the Orchard Lake road 1408.

Teachers of the Wayne schools have organized a Faculty Concert club that promises to furnish excellent talent for entertainment during the winter season. The organization includes a ladies' quartet, a mixed quartet, pianist, violinist and reader. Instructions will be given by Prof. Alexander of the Ypsilanti Normal.—Wayne Weekly.

Mrs. D. K. Schafer, of Dearborn, was pleasantly entertained Sunday at the home of her daughter, Mrs. Charles Nise, in honor of her birthday. Covers were laid for 20. Mrs. Chaplin has been engaged as the star in the taking of scenes at the residence of R. E. Olds at Grosse Ile near Detroit and came up to the Labadie place to appear in some special scenes which the picturesque cabin home and surroundings of the place afforded. The Labadie home has been visited by other movie actresses and actors of less prominence from time to time for the purpose of securing pictures of a particular type and is becoming quite noted in the realm of filmdom.—State Journal.

MICHIGAN BOYS THIRD AT BIG DAIRY SHOW

STUDENT JUDGING TEAM FROM M. A. C. WINS HIGH HONORS AT NATIONAL MEET—SIXTEEN STATES ENTERED.

Placing third among teams entered from sixteen leading agricultural colleges of the middle west, a student dairy cattle judging team from M. A. C. won high honors for the state last week at the National Dairy Show in Minneapolis.

In addition to third rank in the "all breeds" judging, the boys from Michigan Agricultural College won second in Jersey, and third in the special breed work. Frank Thomas of Lansing, stood second in individual standing for all judging, while L. E. Harper, of Middleville, another member of the Michigan team, won third honors in the Jersey class.

The team was coached by Prof. H. E. Dennison, of the dairy department at the college, in connection with class work in dairy judging. It is the first year that competitive teams of the kind have been sent out from M. A. C.

Frank Thomas, of Lansing; L. E. Harper, of Middleville; Wm. J. Sweetman, of East Lansing; and L. J. Karter, of Elsie (alternate), made up the Michigan team. They are all students in the agricultural division at the college. This is the second big dairy show at which the boys have done well, the same team placing third at Waterloo, Iowa, national show two weeks ago.

The meeting of the Woman's Christian Temperance Union held at the home of Mrs. Charles Riggs, Thursday, October 13th, was well attended. G. A. A tea meeting will be held, Thursday, October 27th, at 2:30 p. m., at the home of the Misses Fellam. The leader for the day will be Mrs. Phoebe Patterson, and the topic, "Does Prohibition Prohibit?" Everyone will be made welcome. Please bring your plate, cup, fork and spoon.

If Your Buildings Need Repairs

you cannot go wrong if you proceed immediately, for

it appears to be a foregone conclusion that lumber prices will not decline any further this year. Then, too, you can obtain the services of first class carpenters and builders at this time and at a fair cost. You can engage these men at your convenience this Fall, whereas, if you wait until next Spring the demand for labor will most likely exceed the available supply and you will be obliged to await your turn.

BUT HE BACKSLID

Aunt Nancy's "Gorilla" Forgot His Religion.

Which Explained the Necessity for Taking Up a Collection in the Camp Meeting.

The camp at East Fork has not only developed some marvelous features...

"Towards midnight they were all worked up, some singing, some shouting and going on like they does when the Dimmykrista hold a county convention...

"A what," asked one of the auditors. "A gorilla. They said he'd been with Colonel Bill Anderson and Frank and Jesse James and Mr. Quantrell...

"The preacher held out his hand, but just about that time three men in uniform got up and started for the gorilla, with pistols in their hands."

Doubted if She Could Make It. At a recent gathering of musicians Lieut. John Philip Sousa told the following story:

Can Curve Torpedoes. A new system of torpedo fire control by which the firing of torpedoes in a curved course is automatically controlled has been perfected by John Hays Hammond, Jr., he announced.

French Law Wants to Know at What Age a Man is Compulsory to Choose a Wife?

At what age does a man possess sufficient ability to be able to choose a wife?

According to the present French law, remarks the New York Tribune, he is not considered capable until he reaches thirty years, and should be married before that time...

The Marchioness Townsend gives as her opinion that "by the time he is twenty-five if a man has had tendencies they will have developed, or if he has good tendencies they will also have developed."

ARTIST'S MISSION IN LIFE

By Interpretation, He Must Unfold Beauty to Those Persons Not So Gifted as Himself.

Art work has some element of the creative, but the artist must realize that it is art that brings everything to him, and that the best he can bring to art is sympathy, intelligence and skill in presenting it.

Pleasantly "Ruff." Recently, known the world over as a famous thoroughbred of London, received its name from a tavern several centuries ago.

The name, ruff, was originally the name of a shirt collar of silk, or other stiff material that was gathered along the edge of the neck, bodice or jacket, and brought together under the chin forming an ornamental collar or ruff.

Versatile Vegetable. It is a pleasing novelty to discover an article of food that will serve several purposes. The cassava plant, referred to in the United States "Cassava Report," certainly comes under the category.

Independence Hall. Independence hall, Philadelphia, the central in what is known as the state house group, was begun in 1733, and was opened and first put to use in September, 1739.

GRANGE NOTES. Members please take notice and bring plain, hard work, sweat and tears to the Grange...

THEY WASH. Do you realize what that statement means—about a Warner's Rust-Proof Corset? It doubles—triples—its value.

BLANKETS. "Sleepy Hollow," the nice warm fleecy kind, single and double bed size. UNDERWEAR. Men's Two-Piece and Union Suits; Ladies' Union Suits with long and short sleeves or no sleeves.
