CHAMBER OF COMMERCE ORGANIZED

AT A MEETING OF MEMBERS HELD WEDNESDAY EVENING A BOARD OF DIRECTORS WERE ELECTED FOR THE NEW ORGANIZATION.

The Plymouth Chamber of Commerce was formerly organized Wednesday evening with a membership of several hundred. The Chamber of Commerce rooms over Gale's store were filled to seating capacity, when the meeting was called to order by F. D. Schrader, acting as chairman, and John S. Dayton, as secretary. The articles of incorporation and by-laws were read and adopted with but few changes. The most important business of the evening was the nomination and election of a board of directors, which resulted as follows: Directors—Edward Gayde, F. D. Schrader, John S. Dayton, William Peltz, C. A. Fisher, George A. Smith, Dr. W. G. Jennings, Paul J. Wiedman, L. B. Samsen.

The board of directors will meet next Monday evening and elect their officers for the ensuing year.

ANOTHER BIG IMPROVEMENT FOR PLYMOUTH

The Beyer Motor Sales Co. have started work on a new addition to their building, 45x120 feet in size. The new addition will be constructed of mammoth steel girders and such other material as will be necessary to complete one of the finest structures of its kind in town, and a building that Plymouth should and will be proud of. The building will be two stories in height, and will be equipped with all modern devices, such as machinery and tools, including an elevator. There will be a large show room on the second floor as well as on the first floor, also there will be an office on the first floor and a private office on the second floor.

Mr. Beyer, the president of the firm says that this addition was necessary because of the fact that the business has increased to such an extent, since he has taken on the Chevrolet line, that with the small quarters now occupied, he could not do justice to either the large volume of business he is doing or to his trade. He reports the sale of an average of three or more cars a week, and only on account of short deliveries from the factory, he could do more. The old building will be for rent or sale as soon as the new one is completed. The contract has been let to the General Machine & Iron Works, Inc., Detroit, and Walter LeVan of this place.

LOCAL BOYS AND GIRLS TO GATHER AT WAYNE

ANNUAL ROUND-UP COMPLETES SUMMER PROJECTS.

Achievement Day program, which completes the summer work for boys and girls of Wayne County, who are members of organized clubs, will be held at the Wayne High school building, Saturday afternoon, October 29, at 2:00 p. m.

One hundred and fifty boys and girls have been engaged in canning, cooking, potato, poultry and pig club work this summer. The public is invited to attend the Round-Up, and give their moral support to "Wayne County Boys and Girls—her best crop." The program is as follows: Songs—Assembly. Ball Call by Clubs. Talk—The 4H Clover—Elda Robb, Assistant State Club Leader. Experience of a Canning Club Member—Geraldine Case, Flat Rock. Pig Club Experiences—Russell Lyke, Northville. Club Work and Its Relation to the Rural School—Fred Fisher, Assistant County School Commissioner. Songs by Canton Cooking Club. A Parent's Viewpoint—Floyd Northrop, Northville. Announcement of County Champions and Awarding Achievement Certificates—R. A. Turner, State Club Leader. Song—Michigan, My Michigan—Assembly.

RED CROSS CAMPAIGN IN PLYMOUTH

The Red Cross membership roll call in Plymouth this week is progressing very well indeed. Last Sunday, the pastors of the various churches called attention to the campaign and the great work the Red Cross is doing and has done for suffering humanity. Many of our citizens have visited the booths during the past few days, and renewed their membership for another year. Those who have not already done so are urged to do so today and tomorrow, Saturday, the closing day. Don't wait for a solicitor to call on you. If you have already enrolled, you are requested to put one of the Red Cross banners in the window of your home to help the work along. Tomorrow, the pupils and teachers of the public schools will be in charge of the booths. Remember, it only costs you \$1.00 to be a member of one of the greatest organizations in the world. The Plymouth Branch of the Red Cross has made a most enviable record by the splendid work that has been accomplished. It is an organization of which Plymouth can well feel proud.

2ND COMMUNITY SERVICE AT ST. JOHN'S CHURCH

A special invitation is extended to the people of Plymouth to attend the special community service at St. John's church, Plymouth, next Sunday evening at 7:30. The service will be conducted by some of the young members of the Brotherhood of St. Andrews under Franklin L. Gibson, the missionary of St. John's, and the address will be given by the Rev. Harry Robinson, chaplain of the Brotherhood and late archdeacon of Detroit. The audience at the first community service held a few Sundays ago, filled the little mission church to the doors, and another large congregation is looked for next Sunday evening to hear Rev. Robinson speak. Everybody will be welcome next Sunday evening, at 7:30. Visitors are asked to come early.

WOMAN'S CLUB GUESTS OF WAYNE CLUB

The Women's Club of Plymouth was entertained by the Ladies' Literary club of Wayne, the occasion being the celebration of their silver anniversary, last Tuesday afternoon. The Ladies' Literary Club of Ypsilanti, were also honored guests. The program of the afternoon consisted of several numbers by a musical trio; a history of the Wayne L. C. by Mrs. Hiltz, and a talk by the president of the State Federation, Mrs. Edith Alvord of Detroit.

At the close of the program, the guests were invited to the dining room and served with light refreshments. Toasts were responded to by several of the guests, and the program closed by an original poem in honor of the silver anniversary, set to the music of "A Perfect Day."

GRAND OPENING OF P. & A. BOWLING ALLEY

After being closed for the summer season, the Penniman Allen bowling alleys will re-open to the public, Monday, October 31st. The Penniman Allen bowling alleys are among the finest in the state, being equipped with four regular tournament alleys. Last season the bowling alley was a most popular place of amusement for both ladies and gentlemen, and the coming season without doubt, will find them a still greater attraction for those desiring this most healthful exercise and pastime. Every Wednesday afternoon the alleys will be reserved for the ladies only, from 1:00 o'clock to 5:00 o'clock. Ladies will also be welcome any afternoon or evening. The alleys will be open every afternoon and evening, except Sundays, from 11:00 a. m. to 11:00 p. m.

PLYMOUTH HIGH WINS ANOTHER

NORTHVILLE HIGH WAS DEFEATED ON THE HOME GROUNDS LAST FRIDAY BY A 31 TO 6 SCORE.

The Plymouth High football team rewarded the patience and loyalty of the fans last week Friday, with the first victory on the home field in four years. It was a clean-cut victory, too, with no "flukes" or breaks of luck for the winners, but the team with the best condition and the most practice won.

The first half, there was no scoring, and the slight margin of difference lay in favor of Northville, where individual superiority had given them a better gain in two or three instances. They lacked punch in the crises, however, and Plymouth managed at those times to hold.

The second half was different. Almost at the beginning, a long end run by Doudt brought the ball almost under the goal posts, and on the next play a forward pass, Doudt to Stevens, brought the first score. Doudt failed at goal, and the score was 6 to 0.

Northville came right back, and after a long end run by Freydl, a delayed forward pass, Freydl to Watts, scored for the visitors. Hall missed the try at goal, and the score was 6 to 6.

Scoring seemed to be contagious, and in the next five minutes Doudt contributed another long end run that brought Plymouth again within scoring distance, and Seger took the ball around end for another touchdown. Doudt again missed goal, and the score was 12 to 6.

Directly after the next kick-off, Freydl was ordered from the game for roughness, and Hall went with him. This seemed to take the fight out of Northville, and without a kicker or passer, their offense was spoiled. Condition told, too, now, and before the end of the game touchdowns were made by Doudt, Millard and Stevens. Millard made one goal, and the game ended 31 to 6 in Plymouth's favor. The Plymouth line was as follows:

L. E.—A. Sayles
L. T.—M. Strasen
L. G.—O. Williams
C.—T. Strasen
R. G.—N. Schoof
R. T.—H. Norgrove, Capt.
R. E.—H. Stevens
Q.—W. Seger
L. H.—P. Millard
R. H.—K. Bartlett
F. B.—M. Doudt

Mrs. Kate Harmon left last week Wednesday for Battle Creek, where she will visit her sister for a few days, before going on to Watertown, South Dakota, where she will spend the winter with her son, Prof. Theron Harmon.

A "Chunk" Can't Do the Work of a Percheron

If you used draft horses before the days of the motor truck, you know, of course, the difference between a "chunk" and a Percheron. Well, that's the difference between this big powerful Reo Speed Wagon and its flock of imitations.

This Reo has the stout muscles and the clean limbs of a Percheron. Like the latter, there must be a strain of the Arabian in this Reo—for its roving disposition and ability to survive all conditions have taken it to all parts of the world.

No motor truck that is lighter or less sturdily built can do the work of the Speed Wagon—any more than a 1,200 pound "chunk" could do the work of a ton Percheron.

OUT IN THE OPEN

Living in the city is a mild sort of insanity. In New York, for instance, girls are being taught in public schools how to keep house in small, cramped flats and apartments. And it is necessary, too, for the tendency now is for people to congest more thickly in the cities.

Somehow we feel it's going to be a red-letter day for America when the tide turns from the cities to the small towns and the farms, with fresh air, good health, pure milk for the babies, independent life, glorious nature and boundless playgrounds for the kiddies. Only those who have lived away from the cramped and crowded houses of our large cities can really know the comfort of living. Packed in the modern apartment like sardines in a box, as the modern city family is generally packed, isn't healthful, economical or a happy mode of living.

Of course, it wouldn't do for everyone to start for the farms and small cities at once. We've got to have cities. But sometimes the tide turns, and slowly but steadily each year the trend may be toward the open. When it does, we predict that those who are first to seek life where it can be more comfortably lived will be the very type of citizens needed in our rural districts. Always the foreign element will want to colonize, and the cities will always hold out the greatest inducement to them. But into the country, and into towns like Plymouth will come a sensible, hopeful class of people, the kind worth having as neighbors, and onto the farms will go enthusiastic workers who will make good from the start, and who will make America a still greater nation.

KEEP AT IT

There is no such thing as an advertising campaign—either you advertise or you don't advertise. Campaigns mean advertising by fits and starts. They do not produce a finished or final effect. You might as well speak of a breathing campaign. Start a breathing campaign now and then, and let your lungs rest. There would soon be more of you at rest than your lungs. Begin an eating campaign, and then stop eating. Business men generally are doing more advertising than they have ever done before, and they are trying to give the public more for its money than it ever before received. They are also making a serious bid for public interest and public good will. We have all been scraping our chins every morning for years. Would the effect last otherwise? Publicity is like that. It is a matter of keeping it up once you have started it. It is a matter of converting a man once and convinc-

ing him again. Say it in your home paper. Then repeat it. Then repeat it again. The human mind wobbles—keep it wobbling your way. Advertising will do that when nothing else can.

CORN AND HOG PRICES

Citizens of Plymouth may not know it, but the corn market is now lower than it has been in ten years, while hogs are bringing from \$8 to \$9 per hundred. The relation between corn and hogs is abnormal, and for that reason farmers in many states are finding it more economical to feed their corn to the hogs, and then sell the hogs, than to sell the corn direct.

It is the time of the year when we expect corn and hog prices to run together, and when they do not consumers usually feel the effect, while the farmer is pushed a little closer into a tight corner. Corn is showing a weakness and hogs are starting to climb. The result will be higher prices for pork products for those who dwell in towns and cities, and less money going into the rural districts by reason of short corn sales. It looks like a great season ahead for the packing industry.

Don't grow into the belief that corn prices won't affect you simply because you don't happen to be raising corn. Try and remember that if the farmer can't get good prices for corn they must get better prices for other products, and that means that you and the other fellow are going to be called upon to put up the extra money. Anything that hits the producer of food hits the consumer of food. So it would seem a pretty good time for everyone to refrain from too much pork for awhile, until the corn market gets a chance to catch up with it.

THE REASON WHY

One of our Plymouth readers asks why, if an editor thinks so highly of chances on the farm, he does not quit his present job and become a farmer. The answer to that is simple, namely, that he has trained himself to something else and probably could not succeed in agriculture; it is too late. Nor is it likely that a middle-aged farmer, who has been in agriculture all his working life, could go to the city and obtain permanent employment as an editor, easy and well paid as the editor's work may seem to him; it is too late in his case also. We see no way of adjusting the situation to the satisfaction of all and we suppose nearly everybody will go on to the end of the chapter thinking he is getting the worst of it, a happy frame of mind in which to be. But human nature has endowed us, or at least a lot of us, with the belief that we could do better if we were in the other fellow's place. And we suppose we'll never learn the difference.

Eugene Riggs has purchased the Andrew Taylor, Jr., residence on Maple avenue. Harry Brown and family are moving into the house vacated by Mr. Riggs on North Harvey street.

OBITUARY

Anna Bertha Emma Wroblowsky, daughter of Henry Wroblowsky and Minnie, nee Genco, was born in Detroit, February 5, 1900, and was christened, instructed and confirmed in the Lutheran church. Her mother died May 26th, 1913, and she was left to provide for herself. Never very strong, she collapsed June 17th of this year, and was at the hospital in Detroit for nine weeks. Being brought out here, she and we all hoped that fresh air, good nourishment and kind nursing would soon help her up, but the Lord had decreed differently. She never gave up hopes to live and never complained. Finally, Sunday afternoon, overcome by weakness, she became drowsy and at three o'clock in the morning went to her last rest. She attained an age of twenty-one years, eight months, nineteen days. She leaves to mourn her death, a brother, a half sister, a half brother, the grandmother, four aunts, five uncles and many distant relatives. Funeral services were held at the home of her half sister, Mrs. Ed. Schumann, near Wayne, Wednesday afternoon, Rev. Charles Strasen preaching the sermon. Interment in Wayne cemetery.

IN MEMORIAM

In loving memory of Sireta Alice McLeod, who died three years ago, October 26th.

When the evening shades are falling, And we are sitting all alone; To our hearts there comes a longing, If she only could come home.

Oh, and oft our thoughts do wander, To a grave not far away, Where we laid our darling, Just three years ago today.

Her Loving Parents and Sisters.

GRANGE NOTES

All things considered, a special meeting held October 26th was fairly well attended, four applications for membership were favorably balloted on to receive the degrees and one former member reinstated. For the lecturer's hour, members were asked to state some problem they were facing as topics for general discussion, which served to bring to light different phases of the question even though no definite solution was reached. The Lily club of Plymouth Grange will give a Halloween party at the hall, Saturday evening, Oct. 29th. Every effort will be made to insure a pleasant and profitable time. Come one, come all. The next regular was voted deferred from Thursday evening, November 3rd, to Friday evening, November 4th. Thirteen members represented our Grange at Pomona, with Belleville Grange, Saturday, October 22nd; a very enjoyable time. Every member, one new member, so the story goes, ere the year 1921 draws to a close.

Mr. and Mrs. Ed. Everett have kindly consented to entertain at a box social Saturday, November 5th, for the benefit of the Grange. A good time is assured.

BURN RUBBISH NOW TO DESTROY CROP PESTS

FALLEN LEAVES SAID TO HAR-
BOR ENORMOUS QUANTITIES
OF HARMFUL INSECTS.

Great saving for crop growers of the state, especially for orchardists, will follow burning of rubbish heaps at this season of the year, according to Prof. R. H. Pettit, head of the entomology department at the Michigan Agricultural college. Enormous quantities of harmful insects are said to find protection under fallen leaves and other rubbish during the winter, and destruction during the fall will save heavy losses in the following season.

These insects spend the winter as adults and emerge early in the spring to begin serious destruction at once. While they can be controlled comparatively easy now by destruction of the rubbish under which they have been found to find protection, control measures at other seasons are difficult and expensive. Indian summer is given as a good time for the work, while spraying oil over the rubbish to aid burning is recommended in many cases.

Results of careful removal in the past have been astonishing in the amount of expensive prevention saved at other seasons, says Prof. Pettit. "One insect killed now will mean thousands less next summer. Leaves, especially from broad leaf trees such as oaks and maples, are the worst rubbish for harboring the pests. Winter examination has shown shavings and straw to be of less importance."

Among the important insects which can be controlled in this way are: "Chinch-bugs, troublesome in southern part of the state last year, (they hibernate in tussocks of grass, under leaves and along fence rows, especially where brush has caught the leaves); grape leaf-hoppers; potato leaf hoppers (which cause tip burn of potatoes) strawberry weevils; black stink bugs of squash; plum curculio, and the tarnished plant bug. Grape leaf-hoppers are mentioned as among the most important insects to control in the fall, because last year's damage was the greatest ever known from the pests. Wherever grapes are grown and where chinch-bugs are working precautions are particularly important.

DELPHIAN CHAPTER

The Plymouth Delphians held their regular meeting at the Plymouth High school, Tuesday afternoon, Oct. 25th. Mrs. F. Millard gave a very interesting report about the Art Convention which she attended in Detroit. After a social hour, it was decided to make the regular day of meeting for the coming year to be the first and third Tuesdays of each month. All Delphians are urged to be present November 1st, at 2:45.

How Better Than Pills?

The question has been asked—In what way are Chamberlain's Tablets superior to the ordinary cathartic and liver pills? Our answer is, they are easier and more pleasant to take and their effect is so gentle that one hardly realizes that it is produced by a medicine. Then, they not only move the bowels, but improve the appetite and strengthen the digestion. —Advertisement.

WOMAN'S CLUB

A regular meeting of the Woman's Club was held in the kindergarten room of the school building, October 21. Mrs. D. F. Murray, president, presided over the business session. Roll call was responded to by giving the names of American flowers.

The club voted to co-operate with the school in the promotion of "Better Speech Week" Nov. 1-8. The Woman's Club of Plymouth was officially commended at W. S. F., recently held in Grand Rapids, for the support it has given woman in her recent fight for political rights in Michigan.

Michigan Music Week was observed by the carrying out of the following program in charge of Miss Nellie M. Ridd:

Piano Duet—Beethoven's Symphony in G Major—Miss Gladys Schrader and Miss Czarina Penney.

Paper—A Symphony—Mrs. William Wood.

Paper—Symphony Orchestras of America—Mrs. W. S. Thomas.

A Group of Songs—(a) A Slave Song; (b) Flow Gently, Sweet Afton; (c) The Boat Song—Mrs. R. E. Cooper.

Paper—The Words of Popular Songs—Mrs. William Bake.

MICHIGAN METH- ODISTS TO RALLY

The 155,000 Michigan members of the Methodist Episcopal church are enthusiastically rallying to the support of the greatest gathering of Methodist church leaders ever held in this state. The nine-day sessions will begin in the Central Methodist Episcopal church, Detroit, on Monday November 14th, and last through Tuesday of the following week.

The conference will be under the auspices of the church's council of boards of benevolence—a body representing the ten benevolent societies of Methodism. These are the societies that are receiving and disbursing the money raised in the "Centenary Campaign" of 1919. This meeting in Detroit to this year will have the distribution of about \$15,000,000 to make among the ten boards. But the main emphasis of the conference will be upon the spiritual value of the greatly enlarged program which the Centenary is enabling Methodism to carry on in needy fields not only in America, but in Asia, Africa and in Europe. Twenty-five bishops of the Methodist Episcopal church and more than 400 district superintendents will attend.

On Tuesday and Wednesday, November 15th and 16th, and for two sessions on Thursday the program will be the same at both conferences. Men of national and international repute, among them Secretary Herbert Hoover, will be the speakers. On Wednesday evening, in addition to the session at Central church, mass meetings with prominent speakers will be held in six other Detroit churches. The Thursday evening meeting will be held in the North Woodward Tabernacle.

On Sunday, November 20th the bishops and other church leaders will occupy Methodist pulpits in Detroit and in towns and cities within a considerable radius of Detroit.

LAPHAM'S CORNERS

The Worden school will give a hand social at the Worden church tonight (Friday). A program will be given. Everyone welcome.

Mr. and Mrs. Coda Savery and children motored to Howell, Sunday.

Mr. and Mrs. Bert Nelson and family were Ann Arbor shoppers, Saturday.

Mr. and Mrs. R. Newton of Ann Arbor, spent the week-end at William Mager's.

Several from this vicinity attended the Salem Congregational church, Sunday evening.

Mr. and Mrs. Frank Hollis and children of Saline, and Mr. and Mrs. Olin Tate and children of the town line, were callers at Glen Whittaker's, Sunday.

Mr. and Mrs. Wesley Wilson and family were Northville callers, Sunday afternoon.

The Lapham's Ladies' Aid met with Mrs. James Davey, last week Thursday. The following officers were elected: President, Mrs. Harmon Gale; secretary, Mrs. Will Cole; treasurer, Mrs. Lloyd Jarvis. All report an enjoyable afternoon.

Mr. and Mrs. Fred Braun and family were in Ann Arbor, Friday.

Helen and Louise Rorabacher spent the week-end at their home here.

Mr. and Mrs. Charles Fisher were callers at William Mager's, Sunday afternoon.

NORTHEAST FREE CHURCH

Mr. and Mrs. Glen Clark have gone on a motor trip to New York, where they will spend about two weeks visiting their parents.

Mr. and Mrs. William Grammel and Mr. and Mrs. Thomas Gardner visited their parents, Mr. and Mrs. Joseph Grammel, Sunday.

Dinner guests of Mr. and Mrs. Frank Hesse on Sunday were: Mr. and Mrs. Eugene Villerot and son, Marshall; Mrs. C. Hesse and daughter, Irma; Mr. and Mrs. E. Postiff and Florence Postiff of Detroit.

The Blue Bird Cooking Club gave a pleasant surprise on Mrs. S. W. Spicer on Tuesday evening of last week. A large number of friends and neighbors joined the girls of the club, bringing plenty of good things to eat, so with music and cards the hours speeded away. The girls of the cooking club presented Mrs. Spicer with a beautiful gold brooch, in appreciation for the help she has given them during the summer months.

Mr. and Mrs. Thomas Gardner and Frank Hesse and family were callers at George Wright's, Monday evening.

To Gain a Good Reputation

The way to gain a good reputation is to endeavor to be what you appear. That is precisely the manner in which Chamberlain's Cough Remedy has gained its reputation as a cure for coughs, colds, croup and whooping cough. Every bottle there has ever been put out by the manufacturer has been fully up to the high standard of excellence claimed for it. People have found that it can be depended upon for the relief and cure of these ailments, and that it is pleasant and safe to take.—Advertisement.

it appears to be a foregone conclusion that lumber prices will not decline any further this year. Then, too, you can obtain the services of first class carpenters and builders at this time and at a fair cost. You can engage these men at your convenience this Fall, whereas, if you wait until next Spring the demand for labor will most likely exceed the available supply and you will be obliged to await your turn.

Baptist Notes

The pastor and wife returned from the Baptist State Convention at Pontiac, last Friday afternoon, the pastor suffering from the grippe, which has stayed by until this date. He left his bed long enough Sunday morning and evening to supply the pulpit, in the morning giving a brief account of the convention and some of the results of the year's work. The greatest amount ever given for Christian extension in the Baptist denomination in Michigan, was given this year. Both home and foreign gave a good report. Reports of over four thousand baptisms this year, and a large number of new churches built, with large extensions planned for Kalamazoo and Hillsdale colleges in buildings and equipment.

The Wayne association is to hold its young people's rally at Novi, this week Friday night. A load of young people are planning to go.

Miss Marion Beyer led the B. Y. P. U. Sunday night, Topic, "Our Thought About God," the missionary lecture was read by Miss Scott, and the lantern was operated by Mr. Grainger, with pictures from Alaska.

Next Tuesday evening, the cottage prayer meeting is at the parsonage.

Why hens go on a strike!

When hens do not receive both the **white** and **yolk**-forming elements in their feed, they **cannot lay**.

Missouri Experiment Station tests with 100 lbs. of an average mixed grain feed produced about 224 yolks to 154 whites. Based on data from these experiments, Purina formulas make (above bodily maintenance), as follows:

Purina Hen Chow	247.49 yolks	142.11 whites
Purina Chicken Chowder	182.05 yolks	282.55 whites
Combined Ration	429.54 yolks	424.66 whites

These Purina Chows not only make a practically equal number of whites and yolks but make **more** of both than ordinary feeds.

Note that Purina Chicken Chowder contains the necessary white-forming elements to balance up the yolk-making grain ration. That's why it makes hens lay so heavily. Purina Chicken Chowder supplies plenty of white for all the yolks in the hen's body, thus insuring a maximum egg yield. That's why we can absolutely guarantee

more eggs or money back on Purina Poultry Chows if fed as directed. You take no risk.

MILK PRODUCERS UNITE WITH FARM BUREAU

Affiliation of the Michigan Milk Producers' Association with the Michigan State Farm Bureau was voted unanimously by the delegates to the fifth annual meeting of the Milk Producers' Association, held at the Michigan Agricultural College, October 18.

The Milk Producers' Association is said to have a membership of 19,000. The milk producers join hands with the State farm bureau under the latter organization's plan of commodity control, which provides that the Milk Producers' Association shall retain its name and shall handle its own affairs but shall be affiliated with the State farm bureau for the general promotion of Michigan Agriculture and of agricultural commodity marketing organizations in the state.

The Michigan Elevator, said to be the largest co-operative elevator exchange in Michigan, an organization of 97 farmers' elevators, is also affiliated with the State farm bureau under the commodity control plan.

The Milk Producers' Association re-elected its officers as follows: N. P. Hull, of Lansing, President; J. C. Near, Flat Rock, vice-president; R. C. Reed, Howell, secretary; H. W. Norton, Howell, treasurer.

Ray Potts, of Washington, and A. M. Eckles, of Plymouth, were re-elected to the executive committee and F. W. Myers, of St. Clair, was named to succeed as executive committee member, Congressman John C. Ketchum, of Hastings, who resigned.

Methodist Matters

The official board will hold its November meeting, next Tuesday night, at the parsonage, 7:30.

Beginning next Monday night, the 31st, the moving picture program in the church will begin for the season. This opening presentation will be William Taylor's production of "The Soul of Youth," which is said to be the greatest "kid" picture ever filmed. Judge Ben Lindsey is one of the chief actors, also the boy who made Huckleberry Finn famous. If anyone wants to have a better understanding of children, and enjoy an absorbing story, this picture will answer the purpose.

The committee in charge of the moving pictures wishes to state that it is decidedly not a money-making scheme, but simply an endeavor to be of the largest possible service to the community, and to present only the cleanest, most wholesome and most worth-while pictures to be obtained. The church stands for clean morals and clean living, and if the presentation of the right kind of picture films will help to give our boys and girls the right kind of ideals in life, our purpose will to that extent be fulfilled. No charges will be made for this opening number on the program. The public is invited. 7:15 p. m.

The Epworth League cabinet will have charge of the devotional hour on Sunday night at 6:30. It promises to be an unusual and inspiring meeting.

Mrs. Arthur White's division of the Ladies' Aid society met at the home of Mrs. Arthur Blunk, last Tuesday afternoon.

The Epworth League held a Hall-lodge social at the barn of W. S. Thomas on Main street, last Wednesday night. Ask someone who was there if they had a good time, and how many ghosts there were present.

A National Conference of the Methodist church is to be held in the Central church, Detroit, Nov. 15, 16, 17, to consider some very vital matters. This meeting will do much to determine our Methodist policy for the next quarter of a century.

Some of the ladies of the church spent the day, Wednesday, cleaning up the church. The dust surely did fly. All honor to the faithful "wimmen."

The prayer meeting is the spiritual dynamo of the church. Get the connection.

Successfully Burns All Kinds of Fuel....

HOMER
LOCAL PATENT
PIPELESS FURNACE

THE HOMER is not at all particular about the kind of fuel fed to it. Hard coal, soft coal, coke, slack-wood—all are received with equal favor, and each is made to deliver its full quota of heat unite before turning to smoke and ash.

In these days of fuel shortage, the owner of a fastidious furnace is apt to have either a cold home or a smoke-laden one. The Homer owner, on the other hand, can burn his favorite fuel if he can get it; if not, he can cleanly heat the house with whatever fuel is obtainable,—without any objection from the Homer.

SCHOOL NOTES

Reporters for this week are Mae Garchow and Clinton Goyer. The third grade held a writing and spelling contest on Friday. Ralph Lorenz was first and Lucy Cope second in writing test, in the spelling test, Winona Kenter, first, and Melvin Holtz, second.

The fourth graders have been studying about commerce and the different shipping points; also the buying and selling of goods.

The children of the fifth grade have been interested in the waxing of leaves for room decoration. At a Halloween party in the afternoon after recess, they enjoyed refreshments, which consisted of popcorn, candy, apples, cake and peanuts.

The ancient and modern history class are having a parliamentary system of government in their current events, which comes once a week. That is, they elect a chairman, secretary and a critic to take charge of the class. The chairman assigns the topics to each one. The secretary takes the minutes of the meeting, and the critic criticizes both the good and bad points of the talks.

The senior girls have had their voices tested for glee club work.

The juniors are reading, "The Tale of Two Cities," by Charles Dickens, for English novel study.

Helen Meow returned to school, last Monday, after an illness of nearly two weeks.

Ladore Newman entered school Tuesday. He came to school here when he was in the sixth grade; then his folks went to Terre Haute, Ind., but they have moved back and he has entered the seventh grade.

The board of control of athletics has voted to meet during the last period every Wednesday.

The presidents and their appointees from the four upper classes in High school had a meeting the fifth hour Friday, for the nomination of the Plymphean staff.

Arlean Newell was taken to the hospital, Saturday night, where she underwent an operation for appendicitis.

The orchestra has been forced to refuse several chances to play because of lack of practice.

The seniors have received their class rings and pins.

Esther Anderson of Detroit, was a visitor here, Friday. She attended school here when she was in the tenth grade; then her parents moved to Detroit. She is now working for the J. L. Hudson Co.

W. Streng, D. Hinnau, C. Pierce, W. Engert, E. Beyer, M. Petrov, M. Johnson, H. Fish and E. Griffith have charge of the Red Cross booth at Beyer's store, Saturday, October 29. A. Newell, M. Hamilton, G. Kenyon, B. Mueller, G. Schrader and M. Kiely have charge at the bank; J. Mining, R. Mecklenburg, E. Mueller, G. Kenyon, L. Rowland, M. Amrhein, D. Burnett and D. Hinnau at Conner's store; J. Coe, T. Peck, M. Streng, D. Hinnau, C. Leonard, I. Bird, A. Blackmore, M. Butler, C. Hauk, R. Mecklenburg, D. McClumpha and F. Grainger at Pettingill & Campbell's store.

Professor Harvey of Ypsilanti, has organized a class of eighteen teachers from Northville and Plymouth school for the study of mental tests and measurements and of individual differences—both courses coming under the department of education at the State Normal College. Credit is given for these courses the same as if these students were pursuing them at Ypsilanti. Dr. Harvey meets his class every week, Thursday, from six until nine-thirty.

A piano has been placed on the third floor, due to the necessity of using the auditorium for physical training work.

Eighty-eight freshmen attended the reception, Friday night, given by the seniors. Margaret Streng, senior president, gave the welcome and the following definitions:

Freshmen—F—frightened; r—restless; e—egotistical; s—slow; h—humble; m—meek; e—essential; n—neglectful.

Senior—S—sincerity; e—enthusiasm in all uplifting pursuits; n—nobility of character; i—initiative; o—optimism; s—supremacy.

Faculty—F—faithfulness under all conditions; a—acute sense of hearing; c—cherished forms of punishment; u—usefulness during the course of our social careers; l—longing for ideal students; t—tiresomeness; y—yearning for the students to become fit social characters and bring honor to their people, their school and themselves.

Alice Leslie, ninth grade president, gave the response. Charles Chappel, a senior, announced the rules that were to govern the freshmen through the following year. Various games were played and later the seniors served popcorn balls and apples for refreshments.

PRESBYTERIAN PARAGRAPHS

Rejoice with us, for the piano is paid for. Last Sunday a collection taken in the bible school provided the last dollar—nearly eight dollars in all; or, as the school boy said: "Seven dollars—and some sense." Quick work.

Parents are always welcome and are invited to visit the primary department, and see for themselves how the boys and girls enjoy the sand-table work.

The Christian Endeavor society surprised the pastor this week by renewing his subscription to the Christian Endeavor World. Their thoughtfulness is appreciated—and may it bring more power to their purse.

Men of the community are invited to hear the address next Sunday afternoon at 3:00 on, "The Man Who Can Fill a Gap." Come.

The pastor was in Ann Arbor, Monday, trying to find a man to lead the community singing school. The hunt goes on. Who'll be the first to say, "I spy?"

A Remarkable Record Chamberlain's Cough Remedy has a remarkable record. It has been in use for colds, croup and whooping cough for almost half a century, and has constantly grown in favor and popularity as its good qualities became better known. It is the standard and main reliance for these diseases in thousands of homes. The fact that it can always be depended upon and is safe and pleasant to take are greatly in its favor when it is wanted for children.—Advertisement.

Mrs. Polley (Irene Dixon), who has been suffering with trouble in her hip for a number of months, was taken to Detroit, Tuesday evening for treatment.—Northville Record.

Beginning Friday morning of last week the annual inspection trip of the officials of the Pere Marquette railroad started out from Detroit. All lines of the railroad will be inspected and prizes awarded for the best records of those in charge of the various railroad duties.

The Ford Motor Company has broken ground at Flat Rock for a power plant and work is under way on a dam across Huron river that is expected to develop 1,000 horsepower. It is reported that the Ford Motor Company has plans for a glass factory at Flat Rock.—Michigan Investor.

Washtenaw county will pay \$43,380 toward the soldier bonus fund when it collects its state taxes this year. Washtenaw's total portion of the state tax will be \$331,022. Wayne county pays the largest bonus in the state, a sum totaling \$1,001,436. Oscoda county will pay the smallest amount of any county in the state, \$827.

Ten thousand dollars is the price James Oliver Curwood, Owosso author, naturalist and animal lover, is willing to pay to protect dogs and cats from indiscriminate poisoners. This amount divided into twenty awards of \$500 each, he has hung up for evidence that will convict the poisoners and send them to prison.—Holly Advertiser.

E. D. Cullen, a former resident of Wayne, but of late years of Toledo, has set some record during the year he has been a member of the Toledo city council. During that time he has never missed a council meeting and missed but one committee meeting giving him a record of attendance of 1,227 meetings out of 1,228. Mr. Cullen is running for vice-mayor of the Ohio city at the coming election.

With all the traditions of the southland, Jim and John Wilson, twin brothers of Detroit, started out to clean up on the hen roosts of the county and succeeded to the extent of removing 1,000 chickens before their game was called to a halt. The heaviest loser from their misdirected energies was Henry J. Lathers, who lost 280 chickens, 75 ducks and 40 pigeons. The boys took their poultry to Dearborn where they were dressed and sold on the Detroit market.—Daily Ypsilanti Press.

The John Malcolm farm in Commerce township is reported as having been sold by Frank Malcolm to Detroit parties at a price that would have been considered fabulous not so many years since. The farm has 185 acres with three-quarters of a mile or so frontage on Lower Straits Lake, thru which it qualifies as valuable "lake stuff" in the parlance of the real estate man, and doubtless it will be utilized for the rapidly-developing summer colonies in which Oakland's lake region abounds.—Milford Times.

District Manager A. D. Hall, of the Michigan Telephone Co., says that when completed within the next few weeks Northville will have one of the most modern and completely equipped telephone exchanges in Michigan. The complete reorganizing is now nearing its last twist and "cut-over." The new board made to take care of 1,000 subscribers is of the latest design of the scientific department of the Western Electric company, and instead of the flash light call system, it has the latest white disk drop. The cords are all insets of a red, green and white order, so there is no chance for the hello girl to make a wrong connection with one end of the plug. The total expense of remodeling this exchange will reach \$12,000. The new board will accommodate three girls constantly on duty, with one long distance operative.—Detroit Free Press.

NOTICE OF MEETING

TO WHOM IT MAY CONCERN: WHEREAS, on the 10th day of October, A. D. 1921, an application was filed with Geo. A. Dingman, County Drain Commissioner of the county of Wayne, for the cleaning out of a certain drain, which said drain was described in said application as follows, to-wit:

Commencing at its outlet in the south branch of River Rouge in the S. E. 1/4 of the N. W. 1/4 Section 27, Canton Twp., Wayne County, Michigan, thence following the center line of said drain up stream to its terminus in the E. 1/2 of the S. E. 1/4 of Section 18, Canton township, Wayne County, Michigan, as per record in the Wayne County Drain Office in Liber G, Page 273 of Drains; that said drain will traverse the township of Canton, in said County.

Therefore notice is hereby given that in accordance with the statute in such case made and provided, a board meeting of the Township Board of the Township of Canton, will be held on the 31st day of October, A. D. 1921, at the Farm of Ira Wilson on S. E. 1/4 of Section 21 in the township of Canton in said county of Wayne at 2 o'clock in the afternoon of said day for the purpose of determining the necessity of said drain and whether the said proposed drain is necessary and conducive to the public health, convenience and welfare. At said meeting any and all persons owning lands liable to assessment for benefits or whose lands shall be crossed by said drain may appear for or against said proceedings, and may be heard in relation thereto. Dated this 19th day of October, 1921.

OPEN SPECIAL FARM COURSES AT M. A. C.

SIXTEEN WEEKS' WORK IN GENERAL AGRICULTURE STARTS OCTOBER 31—OTHER COURSES LATER

A special winter short course in general agriculture will open at the Michigan Agricultural College on October 31st, and run for sixteen weeks, according to announcement made this week by E. B. Hill, director of Short Course at M. A. C. Practical training for the man who contemplates taking up farming and also for those who are already managing or working on a farm is given in the course, which makes use of all the agricultural equipment at the college.

There are no entrance requirements for admission to the short courses, but a good common school education is advised for those who would get the most from the instruction given. All courses in the winter school are open to both men and women of sixteen years of age or over.

More than a dozen different special short courses in agriculture will be held at the college during the winter. In addition to the Sixteen Weeks' General course, which opens October 31, these are scheduled: Four weeks' truck and tractor course, Nov. 28-Dec. 23; cow testing and dairy barn management, two weeks, Dec. 5-Dec. 16; general agriculture, dairy manufactures, dairy production, horticulture, farm engineering and farm business courses (all eight weeks) Jan. 2-March 2; poultry husbandry, Nov. 28-Dec. 23; advanced poultry, Jan. 2-Jan. 27; ice cream makers' course, March 16-17; and three more four weeks' truck and tractor courses opening on Jan. 9, Feb. 6 and March 6, respectively.

Catalogs and full information regarding the short course work may be had from E. B. Hill, director short courses, M. A. C., East Lansing, Mich.

BASE BALL LEAGUE IS PROPOSED FOR NEARBY TOWNS

"The Base Ball season having just closed, now is the time for making preparations for next season," says a base ball enthusiast, "teams from Northville, Farmington, Redford, Wayne, Ypsilanti, Plymouth, Dearborn and Springwells are all located within easy traveling distance from one another and the teams are of practically the same class, therefore, could form a league of eight teams playing class A ball, the league to be governed by representatives from all the above named towns.

SCHOOL ATTENDANCE IN MICHIGAN

According to the census of 1920 there are 477,975 children 7 to 13 years of age in the state of Michigan, and of this number 453,652 or 94.9 per cent were reported as attending school. In 1910 the percentage attending school was 94.1. Of the children 14 and 15 years of age in 1920, 86.6 per cent were attending school and of those 16 and 17 years age 94.4 per cent.

Today's Reflections

Wouldn't Plymouth be a lot better place to live in if everybody meant it when they said: "Pleased to meetcha."

A Chicago butcher was held up and robbed of \$80. The bandit must have known that said butcher had just sold an order of pork chops.

If we believed all we hear we'd consider it a pleasure instead of a misfortune to be stone deaf.

For the benefit of our army of speed friends why not have a little

conspiracy opposite each railroad crossing?

We see where Kansas City is going to have an enameling plant—but it's to be for autos, instead of faces.

Now and then we bump into a Plymouth man who seems to think that a friend in need is a friend you can bleed.

Now comes a doctor with the statement that a doughnut contains more nutrition than a loaf of bread. We all know it lays heavier on the stomach.

Since they are making them out of aluminum, how is the pot going to call kettle black.

The Plymouth man who attends to his own business never has to worry about the danger of free speech being eliminated.

People who save ten seconds by hurrying in their autos, usually have about ten weeks to spare in a hospital.

It seems that no Plymouth man ever gets so stingy that he wants to keep all his troubles to himself.

The NEW EDISON

is positively the only phonograph that can sustain the acid test of direct comparison with the living artist. It has given this amazing performance of direct comparison over 5,000 times before over four million people.

This Picture Means Something To You!

THIS picture is sketched from an actual photograph made of Bamboschek, principal conductor of the Metropolitan Opera, listening to the great Muzio sing in comparison with the New Edison's RE-CREATION of her voice. After the comparison, Bamboschek in amazement said: "I have heard a comparison between Miss Claudia Muzio's voice and its RE-CREATION by the New Edison. I consider that the quality of Miss Muzio's living voice and the quality of her RE-CREATED voice are identical."

Is Bamboschek's Judgment Good Enough For You?

BAMBOSCHEK knows every note of Muzio's voice as you know the voice of the one nearest and dearest to you—and he pronounced Muzio's voice and its RE-CREATION on the New Edison IDENTICAL. Can you ask for any more—or could there be any more, positive proof that the New Edison gives you the performance of great artists with perfect, life-like realism? And it is significant, that only the New Edison dares to make direct comparison with the living artist or artists.

Three Days of Mood Music Free! Mood Music will help you control your mental and physical well-being. Soothes you when nervous. Refreshes you when tired. Cheers you when sad. It's Mr. Edison's latest music discovery. If you do not own a New Edison, we will gladly loan you one for three days, so that you can see what Mood Music and the New Edison will do for you. PUBLIC NOTICE

Extraordinary circumstances of a pronounced public character, which occurred late, coupled with others less tragic successfully suppressed in part at least and more noised about as liable to break upon a receptive and disgusted public at any time, make it necessary for the exhibitors to declare plainly their position in the premises.

The Motion Picture Theatre Owners are the only people in the motion picture industry who come in daily contact with the public. Their theatres constitute the only specific outlet for the filmed productions of the different companies. We feel that, because of the momentous reference to the tragic death of an actress amid conditions of the most revolting kind, through no fault of the theatre owners whatever, we have been made the principal sufferers. We cannot under such circumstances permit conditions of this kind. These bring to us public condemnation and reproach, and so affect our affairs as to actually threaten the existence of our business we labored so hard to bring to its present commanding position. We have natural hazards enough without creating artificial ones.

We, therefore, take the position, firmly and unqualified that we will refuse to exhibit or permit to be exhibited in our theatres, if attempted, any film containing elements of indecency or objectionable matter of any kind whatever, or the exploiting of any individual enveloped in scandal. No sooner has a great and grave offense against the peace of the people been committed than the one so involved seeks to exploit himself or herself in the movies, thus cashing in on his or her crime and be rewarded liberally therefor.

This Positively Shall Not Be Done. This industry is no haven of refuge or asylum to harbor wrongdoers, nor will it countenance or condone misdeeds or offenses against society and common decency. We propose to carry this purpose into effect, irrespective of any contract we may have with any producing or distributing company to exhibit their films. We are contracting and paying for pictures about which there are no indecent elements and these only do we want. In this connection, we will submit our case to the court of public opinion—our patrons—who, after all, constitute the only power of review and approval that we recognize. Exhibitors have nothing to do with

the production of pictures. Under contract provisions, unknown in any other avenue of trade, we contract for and pay in part for pictures before any direct move is made for the production of same. We are not consulted in what may be injected into the picture, or the character or kind of participants in the cast. Yet, when anything happens involving any of these people, the exhibitor suffers most.

As exhibitors, we declare that in future we will abide by no such unbusinesslike conditions; will stand up squarely as independent theatre owners, and will tolerate no imposition of picture or people out of keeping with proper community ethics and decent modes of life. Those who make pictures must be as decent as those who come to our theatres to see pictures. Upon this we will insist. We will not accept the product of any studio under any other conditions.

That the public may fully understand and appreciate our determination to carry these purposes into effect, we have decided to place the seal of the Motion Picture Theatre Owners of America on all the box-offices of all members of this organization in the United States. This will be the guarantee to our patrons that only picture plays of proper kind will be exhibited.

We submit this as exhibitors and theatre owners as our declaration of independence from sordid elements of all kinds and such unbusinesslike practices as may have in the past been forced upon us.

MOTION PICTURE THEATRE OWNERS OF AMERICA

Sidney S. Cohen, President.
Francis Holley, Director-General Department of Public Service.
I. O. Ritter, Detroit, Mich., Treasurer.
M. Van Praag, Kansas City, Kan., Recording Secretary.
Sam Bullock, Cleveland, O., Executive Secretary.

The Penniman Allen Theatre of Plymouth is a member of the Motion Picture Theatre Owners of America Association.

Mrs. E. M. Safford returned Thursday from a ten days' visit with her son, Dr. Homer Safford, in Detroit. She attended many of the meetings of the Universalist General Convention, and on Wednesday drove to Pontiac to attend the golden wedding of her niece, Mrs. James VanAtta. Mrs. Safford completed her eighty-third year the day she arrived home.

PLYMOUTH AND MUSIC

Plymouth, Mich., Oct. 25, 1921. Plymouth Mail:

A couple of weeks ago there was a timely article in the Mail from Mr. Burrows, regarding starting an old-fashioned singing school. To all of which we say Amen. But what has actually been done so far has not broken through the crust of indifference and frivolity, which seems to have gripped our little city. I agree with Mr. Burrows that the old-time singing school with its Do, Mi, Sol, Do, is more conducive to efficient singing by note than all the slip-shod, sight reading—singing by position—methods of today.

Last week was Good Music week. A week to cultivate a liking for real music and forever banish to oblivion the immoral and abominable trash which our giddy youngsters have allowed to replace so much real music.

It was celebrated all over Detroit, and even Northville and Wayne took hold. Why not Plymouth? What's the use as long as we have a foot ball team that can beat Northville?

There is one musical organization in Plymouth, which is moving along in a quiet, but ever progressing fashion. It has a membership of twenty-five to thirty who attend, again to shine. They buy their own music, buy their own instruments, etc. Just stop and compare this with the drive in Detroit to raise \$100,000 for the symphony orchestra? The people of Plymouth are not alive to the fact that they have an organization in our midst which can not be duplicated in any town the size of Plymouth in the state. Did you attend the Northville fair or the musicals at Wayne last week, or in fact any neighboring doings and compare their music and instrumentation with our local organization?

We understand the band has added some \$650.00 worth of new instruments within the last month. Two French horns, which are a curiosity to most country bands, a flute, piccolo, baritone, oboe and one set of clarinets, and are on a fair way to having a bassoon.

Why didn't we have a few good concerts during good music week? This movement originated in other localities in the schools. The band says they would like to give a concert. They are through playing to empty houses except in band hall. When the people of Plymouth wake up to the value of the good music possibilities in their midst and meet the band half way with their support, not financial, they will find a ready response.

Even if good music week is past and gone, let us all be workers for more good music, whether it is a singing school, a band or whatnot.

AN OBSERVER.

LIVONIA CENTER

A number of ladies from this place met at the home of Mrs. Perry Losey, Tuesday of this week, and made dress forms. Three were completed, one being finished in fifty-five minutes. They are getting quite speedy of late.

It's easy to beat time, but when you come to get ahead of the wind, ask C. Sherwood. While erecting a silo for Olin Strang, Clarence had it about completed when a gust of wind came and commenced blowing it down. Sherwood thought it about time to be on the outside looking in, instead of vice versa. He immediately set sail and soon found himself several rods ahead of the silo. He thinks he will wait to finish it when everything is quiet.

If you have anything to sell, a liner in the Mail will bring you a buyer. Try it and see.
