THE MOST POPULAR METER OF ALL

(Adapted from a sermon excerpt on, "The Age of Measurements")

There are meters for poets, spondaic, dactylic,
There are meters for wood and for stone;
There are meters for measuring water and gas,
There are meters for pitch and for tone;
(And, like mischievous elves,
Some will run by themselves,
If you go off and leave them alone.)
There are meters for heat, and for time, and for light;
But you'll find, by the proper research,
That the neatest, completest, and sweetest of all,
Is—to MEET HER and bring her to church.

Try it next Sunday evening and hear the sermon on

NEW PRISON TO COST \$2,500,000

DETROIT CITY COUNCIL AUTHORIZES ERECTION OF NEW PRISON BUILDING AT HOUSE OF CORRECTION PRISON FARM

The Detroit City Council, Monday, authorized the commissioners of the Detroit House of Correction to proceed with the construction of the new prison building on the prison farm in Plymouth township. The new structure will cost \$2,500,000, to be raised by bond issue, the sinking fund charges on which will be raised from revenue derived from materials sold by the prison chair factory. Construction will begin at once, with 300 inmates in the institution doing the grading and rough work. The commissioners now have \$600,000 for grading and preliminary construction. The remainder will be included in next year's budget. The house of correction is a self-supporting institution. Completion of the new structure will mean the abandonment of the old structure, at Russell and Alfred streets, now accommodating twice as many prisoners as it was intended for when erected. The new building will be on a farm of 825 acres, purchased some years ago.

YOUNG PEOPLES' CRUSADERS CONFERENCE

The Young Peoples' Crusaders Conference begins Friday night of this week with a banquet at 6:30, which will be an enthusiastic affair with from 100 to 150 young folks from the Ann Arbor District in attendance. Pontiac First Church is sending 25 or 30; Denton Church 20 or 25, and so the reports come in. Dr. Howard Field of Detroit, will be the chief speaker. The following program will be given:

Welcome to Crusaders—Rev. D. D. Nagle
Response—Rev. H. Addis Leeson

Sunday will be the big day, with a sermon at 10:00 o'clock by Dr. H. A. Leeson, District Superintendent, and a Life Service Conference at 8:00 under the leadership of Dr. F. F. Stair of Detroit. T. O. Huckle of Ypsilanti, District President of the Epworth League, will lead the devotional hour at 8:30. And the evening church service at 7:30 will be a special service during which the Christian Service Flag of the local church will be presented. The public is invited to any and all sessions of this conference, especially Saturday night and Sunday.

FARMINGTON WON BY CLOSE SCORE

The Plymouth Alumni Girl's Basketball team played at Farmington, Friday, the sixth. The game was a fight from start to finish. The first half, Sarah Wilson and Lenore Wright played forward, Merle Roe and Doris Proctor at center and Mildred Gates and Edith Pierce in the guard court. The score was very close and although Farmington was always in the lead, it was very doubtful which side would take the honors. At the quarter, the score stood 1 to 0, and at the half, 3 to 2. The second half, three of the players changed position, Sarah Wilson and Doris Proctor played forward together, Mildred Gates and Lenore Wright guards and Merle Roe and Edith Pierce were in center. When the final whistle blew, the score was 12 to 10 in favor of Farmington.

William Petr went to Detroit, Wednesday evening, where he attended a dinner at the home of his brother-in-law, William Holt.

HOME BUILDING ASSO. HELD ANNUAL MEETING

The annual meeting of the Plymouth Home Building Association was held last Monday evening, at the village hall. The same board of directors were re-elected for the ensuing year. Officers will be elected at a meeting of the board of directors this, Friday, evening. The association has made a most creditable showing, indeed, during the two years of its existence. It has helped to finance the building of 26 new homes in Plymouth. The officers have reason to believe that during 1922, the demands for loans will be greater than ever, and as every new home built in Plymouth adds to our growth and prosperity, it is up to our citizens to boost for the association in every way possible. The association has just issued a little folder, entitled, "Some Thoughts for Your Think Box," that contains some valuable information, which can be had for the asking at the office of the secretary at the village hall, any Saturday evening.

THE SPECIAL ELECTION

Plymouth voters last Monday, at a special election voted down the amendments providing for the abolishment of the commission-manager form of government, in favor of the old council form of government, by a vote of more than 4 to 1. The total number of votes cast was 584; 104 voted for the amendments and 477 voted against the amendments. Three ballots were spoiled. The heavy vote against a change in the form of village government, is certainly a strong endorsement for the present commission-manager form.

THE ANNUAL BANK MEETING

The annual stockholders' meeting of the Plymouth United Savings Bank was held at the bank, Monday afternoon. The old board of directors were re-elected for the ensuing year. Following the stockholders' meeting, the board of directors met and elected the following officers:
President—C. A. Fisher
Vice President—J. W. Henderson
Vice President—F. A. Dibble
Cashier—E. K. Bennett
Assistant Cashier—R. A. Fisher
Assistant Cashier—William Wood
Branch Manager—F. J. Pierce
The business of the bank for the past year has been most satisfactory. The surplus fund and the undivided profits, as shown by the bank statement published in the Mail today are \$126,825.34. The Plymouth United Savings Bank is one of the strongest and most ably managed banks in Wayne county, and a credit to the community which it serves.

DEATH OF FORMER PLYMOUTH MAN

We take the following from Tuesday's Detroit Free Press relative to the death of H. R. Oliver, formerly of Plymouth, and a son of Rev. J. B. Oliver, a former pastor of the local M. E. church. Mr. Oliver was a graduate of the Plymouth High school in the class of '97. The Oliver family resided here in 1894-1898. The deceased had many friends in Plymouth, who will regret to learn of his untimely death. The funeral was held yesterday afternoon.
"Discovery of the body of H. R. Oliver, prominent Detroit real estate man, in the garage at the rear of his Royal Oak home, Monday morning, leads to the belief he was killed by gasoline fumes from his automobile."
"The motor in the automobile was running when Mr. Oliver's body was found at 11 a. m. He departed from his home at 8 a. m., intending to drive into Detroit. All the doors and the windows in the garage were closed."
"Prior to his organization of the real estate firm of Webster, Oliver & Streeter, nine years ago, Mr. Oliver was associated with the Parker Estates. He has been a prominent operator here for 15 years."
"Mr. Oliver was 43 years old. His home was at 419 Hudson avenue, Royal Oak. He is survived by his widow and two children. Besides being a member of the Detroit real estate board, Mr. Oliver belonged to the Old Colony club, the Masonic order and the Board of Commerce.

MOORE-KENNEY

We take the following from the Lansing State Journal of January 4th, regarding the marriage of Elton H. Moore, son of N. I. Moore of this village, and Miss Marjorie Kenney of Ottumwa, Iowa:
"Eaton Rapids, Jan. 4.—Supt. of Schools, E. O. H. Moore, and his bride, returned from Ottumwa, Iowa, Saturday and have taken up housekeeping in Mrs. C. M. Marshall's house on E. Hamlin street. Mr. Moore married Miss Marjorie Kenney, daughter of Mr. and Mrs. Thomas Kenney, last Wednesday, at Ottumwa, Iowa. Their courtship started while Mr. Moore was acting as chautauqua manager and Miss Kenney was a lute soloist with the Howard quintet, which was traveling with the same chautauqua. Mr. Moore has been very popular since coming to this city as superintendent of schools last September, and for some time has been teaching a class of young people, known as the Alpha Bible class, in the Methodist Sunday-school. Monday evening, these young people about 25 in number, walked in and surprised him and his bride, at their new home. Games and music furnished entertainment, and hot chocolate and wafers were served.

NEVER TOO LATE.

Just because January 14 has passed don't imagine that it is too late to make a good resolution. No time is better than the present time. So resolve in your own mind today that you'll help Plymouth along this year by helping its institutions. Go around and visit the school and show the pupils you're interested in them. Call on a sick friend or two and ask them if you can be of service. Stop in at this office and show your desire to boost the community by co-operating with the institution that is always boosting. Bring in or send in any item that strikes you as news. Write a letter to the editor that you believe would interest your neighbors and speak a word of praise for any movement you think is for the betterment of the town and community. Resolve, too, that if your subscription isn't paid up that it will be before another sun has set. And, when you have retired, it will be to find that sleep comes quickest to the man who has lightened his own burden by making lighter the burden of a friend.

THE STOCK MARKET.

For some weeks past the stock market has been advancing. While there have been recessions from time to time, the general trend has been upward. Meanwhile money rates have been going downward. That indicator which showed the way at the opening of the non-buying period has for some months taken a reverse course. These are ordinarily reliable signs of the times. The stock market has not boomed, but its steady march has been encouraging to those who watch its movements. The merchant who is content to sit drowsing and toasting his toes by the fires of used-to-be is going to find it difficult to keep

going from now on, because competition is again awakening and it takes salesmanship to sell now to the same people who were saying "wrap it up" a couple of years ago without asking the price. If the swing of the pendulum from abnormal boom times to the opposite direction catches any business man napping now, and if he doesn't wake up and start unloading his shelves he certainly can have no one to blame but himself. The warning is clear enough.

FEED THE BIRDS

Are you feeding the birds now, when food is very hard for them to get? Feed them now and they will help to feed you next summer. In our northern states, especially, birds suffer great hardships in winter from hunger and thirst. A little thought and trouble each day will save thousands of them. Throw out a few bread crumbs, or place a few pieces of stale bread in the crochets of trees, or anywhere near their accustomed feeding places where they can pick at it. A little warm water daily in a tin, too, will help them. When there is snow, they eat that for a water supply, but where snow is scarce they suffer from thirst. Citizens of Plymouth can soon learn by feeding the birds that it is not only the humane thing to do, but it is bread cast on the waters that will return a hundred-fold when they begin to get in their saving work on our crops next spring.

A NEW WATCHWORD

Community service, through community action, is the watchword of the day. A new feature of it, and one that promises much, is the rural church house. Ministers and church people are coming to realize that the church, as well as the school, is not a building to close up when the winter is over, but belonging to it does to all the people, to make useful to all, not one day but every day. And the community church or the church house, is the latest expression of this belief. The church house here and there over the country without denominational limitations, is being made the common center for education and recreation, as well as religious good.

Already the rural church house is a fact. It was a dream in the days of those who pioneered in better things for rural communities. Leaders equal to the task are in every community, and you can find them living on any road leading out of Plymouth. Let them, during these long evenings when hours drag slowly, organize and hold frequent gatherings in the church houses of our rural districts. It will be time both enjoyably and profitably spent.

Last Saturday night a man registered at the Plymouth Hotel, as William Hollis, Pittsburg, Pa. Sunday morning about 11:00 o'clock, one of the employees of the hotel who was upstairs, heard a pounding on the counter in the office, and upon going down, found Hollis suffering with wounds in his throat, said to have been self-inflicted with a pen knife, in the washroom just off from the hotel office. Drs. Patterson and Kimble were called and rendered the necessary surgical attention, after which the unfortunate man was rushed to Receiving hospital, Detroit, in Schrader Bros. ambulance. Although Hollis lost considerable blood, it was thought that he would recover.

Last Sunday morning, Edward Lennox, who works for Cermen Root on his farm west of town, attempted to oil the milking machine while it was in motion, and caught his left hand in the same. The injured man was immediately brought to town for medical aid, and it was found necessary to amputate his second finger on his left hand. Mr. Root, who was assisting in giving the anaesthetic, became faint, and stepping outside the doctor's office for air, fell and sustained painful bruises about his head, left arm and shoulder. He was taken to the home of his sister and husband, Mr. and Mrs. F. B. Park, on Main street, where he and Mrs. Root have since remained. However, at the present writing he is improving, and it is thought that he will be able to get around in a few days.

Skating on Thin Ice

Financially speaking, the man who drives his automobile without Full Coverage insurance is skating on thin ice.

He's just trusting to luck that he won't have an accident. Luck is fickle.

Damage awards to accident victims run high.

There's too much to lose, too little to gain by driving uninsured.

One fair sized damage award would pay the premiums on a Peninsular Full Coverage Policy for a life time.

Facts you should know when you buy a car

The question of greatest importance is not what you will be allowed for your old car but the price you pay for the new car and the value received.

You are money out if allowed \$100 more for your old car, yet have to pay a \$150 higher list price for a new car when the comparative value is not there.

A purchaser's loss is only postponed when trading allowances are made above a used car's real value. The deal that may appear most satisfactory to you in the beginning may prove to be the most expensive in the end.

No one receives anything gratuitously in this world—don't be misled by false allowances.

We believe that any sales policy which encourages the giving of fictitious values for used cars is an injustice to the public. We wish to establish definitely the fact that the Buick Motor Company has never followed this policy—rather has always based the price of its product upon actual costs and when costs came down correspondingly reduced the prices of its cars to the public without any camouflage whatsoever.

Constipation.

Constipation of the bowels is a stoppage of the sewerage system that removes the waste matter from the body. It is necessary that your bowels move regularly once each day, to carry off this waste, as it is that the waste pipes of your home be kept open and carry off the waste from the house. If you would enjoy good health, keep your bowels regular by taking Chamberlain's Tablets when needed. Advertisement.

PRESBYTERIAN PARAGRAPHS

Everyone seemed to enjoy the pot-luck supper last Monday night, and the annual meeting of the church and congregation which followed it. Some excitement was caused when the Junior Endeavorers came marching in with arm-bands, banners and flags. They sang, gave their C. E. yell, and then, asking the church officers to rise, they sang the following greeting and pledge:

"How do you do, Mr. Officer, how do you do?
Is there anything that we can do for you?
We'll stand by you to a man,
And we'll help you all we can—
How do you do, Mr. Officer, how do you do?"

They gave a good report, too of their numerous activities and announced a balance of twelve cents in their treasury. Other reports were heard and officers elected as follows: Trustees for three years—R. O. Mimmack and J. W. Henderson. Elders for three years—Calvin Whipple and R. M. Gardiner. Church Treasurer for one year—H. J. Green. Deaconesses for one year—Mrs. E. Joy and Mrs. E. J. Alexander.

Sunday-school Superintendent for one year—W. R. Shaw; assistant, C. H. Rauch.

The annual election of the Woman's Auxiliary of the Presbyterian church was held Monday afternoon, January 9th. The following officers were elected for the year: President, Mrs. F. D. Schrader; 1st vice president, Mrs. C. H. Rauch; 2nd vice president, Mrs. W. R. Shaw, who has charge of the missionary activities of the society; 2nd vice president, Mrs. F. A. WOMAN'S CLUB

Last Friday afternoon, January 6, J. Harold Hathaway of Ann Arbor, assistant instructor in the Public Speaking Department of the University of Michigan, gave a presentation of Hamlet in the First Presbyterian church of this place, under the direction of the Woman's Club. The church was filled, and as this was the second Shakespearean reading Mr. Hathaway had given before a Plymouth audience, he needed no introduction, his wonderful memory, excellent command of language and easy and pleasing manner has won for him a place in the minds of Plymouth people which would be hard to fill. Mr. Hathaway's rendition of Hamlet was fully as pleasing as that of Julius Caesar last year, and his explanations of the various scenes were given in a clear and interesting manner. Two vocal solos, "In My Garden" by Giles Higgins and the encore sung by Miss Evangeline Foster with Miss Evelyn Thomas accompanying on the piano, were greatly appreciated. Miss Thomas also gave a pipe-organ selection which was much enjoyed.

Several members of the Arche club of Wayne, were present, also other friends, and at the conclusion of the reading, the president of the club, Mrs. D. F. Murray, invited the guests and members of the club to remain for a social hour and partake of the refreshments prepared by the social committee. Through the generosity of the Detroit Cream Friedcake Co., the friedcakes served that afternoon were donated to the club. A regular meeting of the club will be held in the kindergarten room at the school building this (Friday) afternoon.

LIVONIA LUTHERAN CHURCH
 Regular services will be held at the Lutheran church at Livonia Center next Sunday afternoon, in the German language. The installation of the newly elected officers will take place after the sermon.
 On January 15th, 1872, exactly fifty years ago to the day, the first Lutheran service was conducted at Livonia Center. From that date to the present time there have been no interruptions of notes in these services. There are still a few among us who attended those services, and still are regular attendants. What a long period of uninterrupted grace and blessing of God our little church looks

back upon. Fifty years the message of life and mercy through God's son was proclaimed to sinners. Let us all be present to return thanks to the Giver of all good and perfect gifts.

Didn't Do the Expected.
 "It is hard to forecast what a person will do or say under stress," said a former army officer.
 "We were taking a troop train through a town in Kentucky during the war, when a sergeant came up to me and said that the town was the home of one of the men, who had been married just before he joined the army, and that if we were going to stop for any length of time, perhaps the man in question might be permitted to see his wife.
 "I hustled around and got word to the wife that her husband was on the troop train. She came a few minutes before the train was ready to leave. The soldier rushed out to meet her and instead of throwing his arms around her he reached into his blouse pocket and handed her a handful of cigars! Rather peculiar thing to do after leaving your wife and enlisting and being under sealed orders that probably were taking you to France!

Best Soles Fertilizer.
 Many devices have been suggested for the utilization of old army boot soles, the chief being concerned with fuel production. But a periodical, the Fertilizer, proposes to use them for stimulating the growth of beans and peas.
 The plan suggested is that of carbonizing part of the leather into lampblack and extracting sulphate of ammonia from the residue.
 It sounds rather like putting one's foot in one's mouth; but even that is a way of making both ends meet.—London Chronicle.

A Mistake.

 Mother—Hush, darling, that isn't daddy. That's a gentleman.—London Tit-Bits.

The Missionary Societies met at the home of Mrs. Dickerson Wednesday afternoon. A great deal of amusement was furnished by each lady bringing a little apron which was supposed to contain in its pocket a penny for each inch of their waist measure. (The men are wondering who did the measuring.) The mission study book was in the Home Missions study book.
The Men's Brotherhood and their wives had a most delightful social gathering at the Sutherland & Ross Greenhouse last Tuesday night. Strange sights and signs appeared along the way to direct the weary pilgrims to the place. In a cozy little room at one end of the plant, the guests were led in merry-making games by the social director, "Bob" Jolliffe, after which wieners were roasted by a few of the men, and Newell and Parrott and a few of the "other" ladies ate most of them. Buns and coffee and onion-sherbert were also served. The guests departed at a late hour, after giving hosts and hostesses, a rousing vote of thanks.

WHAT EVERY WOMAN WANTS TO KNOW

(By Home Economics Department Michigan Agricultural College).
Underweight and Overweight Children
Both overweight and underweight children offer nutritional problems. Both are abnormal, being subject to disease and to general retarded mental development. Mothers should study their children, decide upon individual condition, and then plan meals to conform to proper corrective diet.
The Christmas season with its accompaniment of holiday candies and highly seasoned foods; the New Year with its suggestion of new regimens and good resolutions,—both, our French neighbors say "give one to think."
The result of over indulgence in sweets and rich food is seldom so apparent as at this time of the year when, very likely, the child cannot get out of doors to work off the effects of over-eating. With the New Year, why not resolve to put that child, or those children upon a steady diet, combined with steady hours?
The supply of food should be generous in amount; if insufficient, the body itself is "burned" to provide energy, and loss of weight results; if too much, the body refuses to function properly, more food being retained than is "burned up." In either case the situation is serious, retarded mental development being the most noticeable result. The underweight child is, in addition, open to the ravages of tuberculosis; the overweight child, to pneumonia and infantile paralysis.
Cut out the rich food from the diet of the overweight child; add them, together with at least a quart of milk a day, to the diet of the underweight child; and for both insist upon regular meals and regular sleep. Give their bodies a chance and their brains will take the chance.
The striking differences between well-nourished and malnourished children will be shown graphically in the nutrition clinic which will be held at the Michigan Agricultural College during Farmers' Week this winter.

Constipation.

Constipation of the bowels is a stoppage of the sewerage system that removes the waste matter from the body. It is necessary that your bowels move regularly once each day, to carry off this waste, as it is that the waste pipes of your home be kept open and carry off the waste from the house. If you would enjoy good health, keep your bowels regular by taking Chamberlain's Tablets when needed.—Advertisement.

Billious Headache.

When you have severe headache, a disordered stomach and constipation, take three of Chamberlain's Tablets. They will correct the disorders of the liver and bowels, effectually curing the headache.—Advertisement.

"APRIL SHOWERS" is the fox-trot hit of the season. It was introduced to New York society on a Wednesday by the famous Club de Vingt Orchestra.

On the following Monday, a New Edison stood in the Black Cat Ball-Room of the Edgewater Beach Hotel at Chicago, and RE-CREATED the original Club de Vingt performance of "April Showers."

In five days, Edison flashed this New York hit to Chicago, where—thanks to the New Edison—Chicago society danced to the strains of New York's smartest orchestra.

GRANDMOTHER IN COLLEGE

MRS. CHURCH AND TWO SONS ATTEND JEWELL — SICKNESS IN FAMILY DELAYED EDUCATION.

We take the following article from the Liberty, Missouri, Tribune, which will be of interest to many Plymouth friends of Mrs. Mary A. Church, who was formerly Miss Mary Andrews, a graduate of the Plymouth High school with the class of 1882.

One of the most interesting William Jewell freshmen this fall is a co-ed, Mrs. Mary A. Church. On the same day that Mrs. Church entered William Jewell college, her six-year-old grandson, George W. Bilings, Jr., started to school in the first grade of the public schools in Kenosha, Wisconsin.

With Mrs. Church in college, as her fellow classmates, are her two sons, C. A. and James M. Church. All three are college freshmen on the same campus and in the same class rooms.

Last August Dr. Frank Church moved his family to Liberty from Marengo, Ill. Dr. Church is a chautauqua and lyceum lecturer. At Marengo he had been a Baptist preacher until he went overseas as a lecturer in the war. Dr. and Mrs. Church have five children and four grandchildren. He is away from home a great deal of the time lecturing in the United States.

Every member of the Church household at home is in school. Marjorie, the youngest, is in the seventh grade of the Liberty public school. Mrs. Church and her two sons are taking full work at William Jewell.

The two eldest children are married daughters. The two sons, who are William Jewell freshmen, were graduated last spring from the high school at Marengo. C. A. was a medal winner in the inter-high school debate and the ranking member in the High School league of which Marengo is a member.

Mrs. Church was graduated from the high school in Detroit, Mich., in 1885. Because of the continued illness in members of Mrs. Church's family, her ambition for a college education was continually postponed. Then she married and a family of five required all of her time until this year, feeling that her family is now practically grown and that since her husband is away from home so much, Mrs. Church entered college here.

Mrs. Church takes full work and in the term just over she made A in all four subjects she was taking. She is taking regular work, the same as any other co-ed at William Jewell.

For almost three-quarters of a century William Jewell was strictly a men's college. Last June saw the first official recognition at commencement of the feminine element in the student body. Three girls were graduated then, making four in all who had been given a degree. Now the presence of Mrs. Church gives to William Jewell the very last work in making it co-ed.

Not only does Mrs. Church take full work at college and make the highest grades, but she does all of her own housework and this includes doing her own washing and ironing. The Church family reside on North Missouri street, where they purchased a home on moving here last summer.

Episcopal Notes

Next Sunday, I. C. Johnson, editor of the "Michigan Churchman," will preach. Mr. Johnson has had considerable experience in the missionary field and during the war was stationed with the troops in India where he also was engaged in missionary work; his sermon should be very interesting and we hope there will be a large congregation next Sunday morning.

Last Thursday evening a vestry meeting was held in the office of Mr. Sidney Strong, the secretary. The financial statement for 1921 was presented by the treasurer and approved by the vestry. The treasurer also presented estimates of expenditures for 1922. These, and other plans for the year suggested by the missionary, and approved by the vestry, will be presented to the meeting of the parishoners of St. John's Mission to be held Thursday evening, January 19, at 7:30.

The Mission is very fortunate in securing some interesting speakers for January and February and they extend a welcome to the people of Plymouth to hear these speakers. Jan. 15, I. C. Johnson, as noted above; Jan. 22, Rev. C. H. McCurdy, Rector of Birmingham, will speak at the evening service. This will be a special community service. During February, J. H. Lever, who is engaged in social service work in Detroit prisons and House of Correction, will talk on criminal work which we understand will be illustrated by lantern slides; Rev. J. Piper, secretary and director of Religious Education for the Diocese of Michigan and who has worked in the Mission field in China, and C. O. Ford, secretary to Bishop Williams. The February dates and full particulars will be given later.

We were all glad to see such a large congregation and meeting of members at last Sunday's services. The service was bright and the singing hearty, and Franklin L. Gibson gave one of his usual very interesting and instructive sermons. Last Sunday our young chorister, Wilbur Murphy, sang a solo during the offertory; this was Wilbur's first solo and we are looking forward to hearing more of them. There are several other boys and girls who have good voices too and we are considering the formation of a vested choir.

The Ladies Guild will meet next Wednesday at 2:00 o'clock, at the home of Mrs. D. Murphy. Every member is requested to be present.

If you have anything to sell, try a liber in the Mail.

Baptist Notes

Sunday morning the pastor preached the sermon from Romans 8:6; the contrast between a spiritual minded person and one who is carnally minded. One produces life and peace; the other the opposite, death.

Many of the officers and teachers were away on Sunday. The pastor acted as superintendent of the Sunday-school. We are in hopes the teachers will all return by next Sunday.

The prayer meeting at the parsonage was well attended, and a splendid meeting. This week Thursday it was held at the home of Mr. and Mrs. Joseph Stanley on North Mill street. Lewis Schaal had charge of the meeting. The prayer meeting has been invited to the home of Mr. and Mrs. John Williams, next week Thursday, and if transportation can be arranged it will be held there. Joseph Stanley will lead the meeting. It will be announced next Sunday.

Miss Lillian Lundy led the young people's meeting, last Sunday night, about twenty-five being present at the service.

Next Sunday morning and evening one of the state pastors from Lansing will speak. Let everyone try and come.

One week from next Sunday, the Evangelistic Band from the Highland Park Baptist church will have charge of the services all day, and a good and glorious time is expected. These six young men have been blessed in their work very much. Do not miss a service that day.

The annual meeting of the Ladies' Aid society met with Sarah Bartlett on Spring street, Wednesday.

The pastor will be away a few weeks assisting Rev. R. G. Brown of Fowlerville in revival meetings at the Antrim Baptist church, north of Fowlerville several miles.

If you have anything to buy or sell, advertise it in the Mail. It will cost but a small sum. Try it.

Wealth Considering.

The question is not so much how you contract a cold, but how to get rid of it with the least loss of time and inconvenience. If you will consider the experience of others under similar circumstances, who have been most successful in checking their colds, in their beginning, you will secure a bottle of Chamberlain's Cough Remedy without delay, and use it faithfully. There are many families who have used this preparation successfully for years and held it in high esteem. It is excellent. Advertisement.

Today's Reflections

A whole lot of Plymouth men who haven't a head for figures have a pretty good eye for them.

The question now appears to be whether the farmer is the backbone of the country or merely the spare-ribs.

A Georgia judge has ruled that hanging doesn't invalidate life insurance. But it fixes things so the man who is hung can't do much celebrating on the proceeds.

Every Plymouth man is wise enough to know that the chicken on the table is worth two on the theatrical stage.

A Detroit doctor claims to have discovered the secret of happy marriages. If that doesn't win him all the business he can wait on, nothing will.

It has been our observation that nothing knocks the Christmas spirit out of a Plymouth man more than to have to shovel snow.

What a lot of us idle rich would like to have explained to us is how we are going to pay our income tax after we've spent the income.

We are forced to agree with the southern editor who says that before prohibition came baseball was our national game. Now it is hide-and-seek.

Many a Plymouth woman mistakes audacity in a man for bravery. And many a time she is right.

Lots of people are too conscientious to lie, and yet in some way or other they manage to suppress the truth.

A Paris woman predicts the end of the world is coming on April 1. We print this information for the benefit of the man who usually puts off paying his subscription until along in July.

After all, the meanest man in Plymouth is the one who withholds from his wife the praise he knows is due her.

A Chicago man was shot in the chest ten days after he was married. That's usually about the time they get hit on the pocketbook.

Many a Plymouth man has found out that when they called it the "easy" payment plan they used the wrong adjective.

Chamberlain's Cough Remedy.

This is a pleasant, safe and reliable medicine for coughs and colds. It has been in use for many years and is held in high esteem in those households where its good qualities are best known. It is a favorite with mothers of young children, as it contains no opium or other harmful drug. Try it when you have such a cold. Advertisement.

LAPHAM'S CORNERS

There will be a social and dance at Lloyd Jarvis', Friday night, Jan. 27th, for the benefit of the Jarvis school. The girls are requested to bring a pie. Everyone most cordially invited.

Mr. and Mrs. Harold Davey were Ann Arbor shoppers, Tuesday.

William Mager and family visited Mrs. Mager at the University hospital, last Saturday, and found her greatly improved.

Several from here attended the play in Plymouth, Monday evening, given by part of the senior class. Miss Velma Nelson, a local girl, played a leading part.

While riding his horse to school one day last week, Burton Rich had the misfortune to break his leg and injure his hip. The horse slipped and fell on him. Dr. Gates of Ann Arbor, is the attending physician.

Mrs. Walter Rorabacher and Bruce and Mrs. Fred Lewis and Miss Grace Geiger attended a meeting at Mrs. Lutz's in Saline, last Thursday.

Mr. and Mrs. Coda Savery and family and Miss Alta Fisher were Ann Arbor shoppers, Saturday.

WHEN THE FAIR ONE SMILES

Not infrequently there are reservations of which mere man is entirely unconscious.

A man smiles because he feels that way but a woman, with instinctive cunning, smiles for various reasons, and many of them are deceptive though she claims that she deceives only to be kind.

The smile with which she greets another woman is rather different from the smile that she bestows upon a movie actor, a soldier, a traffic officer, or a prospective husband.

She can smile the smile that you think is worth while. She can make her smile perfectly "nice," and yet, my boy, there may be certain reservations to that smile which, if you or any mere man could only know, would surprise you indeed!

When she is young and falls in love for the first time her smile is a song and a sonnet. When she is a widow and smiles the smile that she looks in the background, as the disillusion of life has taught her the protective art of reservation. Sometimes a very clever woman sits very still and reviews life, especially her life, and smiles sadly. There is a pathos to that smile "too deep for tears," as the poet said.

The smile that she bestows upon the helpless wife of a man, when her first-born is a glorious poem. She may smile to deceive her rival, she may smile to encourage herself, her smile may be false to her lover, but when she smiles at her first-born all the love of her heart and all the spiritual beauty of her soul goes into it, and the angels in heaven rejoice.

A woman with pretty teeth does not smile, she laughs; a woman with ugly teeth smiles carefully. There are women with dainty roselined mouths, and when they smile at a man he forgets the high cost of living and extends an invitation to a movie.

How interesting it is to watch the smiling woman! How it flatters a man to have a woman smile at him—but if he knew she laughed at him after-ward!—Philadelphia Ledger.

Treasures of Lhasa for Sale

Some of the treasures which were saved when General Younghusband's expedition had to evacuate Lhasa and the Chinese looted the famous four Ling or monastic palaces, are to be sold at auction in London, an exchange states. These plaques are centuries old, studded with precious and semi-precious stones in elaborate design and of fine workmanship. The stones include opal, garnet, crystal, agate, amethyst, sardonyx, turquoise, jade, corneal, sapphire and topaz. One plaque on a rough estimate shows more than 18,000 such pieces. The items include a marvelous brass four-foot model of a temple with terraces, domed towers and many miniature figures of kings and deities, inlaid with precious stones and overlaid with a strange pattern composed of pair after pair of human eyes supposed to be connected with some form of sun worship. There is a chapel containing three gems and an offering box studded with bosses of seven jewels supposed to be more than 1,000 years old.

Dog Gaves Master's Life.

An Irish terrier saved his master's life at Belmont Park, N. Y., a few days ago, says an exchange. Jock Scott, a fair sprinter but a savage at heart, was in ugly humor and viciously attacked his trainer when he went into the stall. He threw his trainer down, planted one foot on his body and tearing the clothes off his back sank his teeth in his shoulder. Three or four stable hands rushed for clubs or pitchforks to beat off the horse, but the Irish terrier waited for nothing. He flew at Jock Scott, grabbed him by the nose and shook it as he would shake a rat. The infuriated horse turned his attention to the dog long enough for the trainer to crawl painfully to safety. The trainer once owned a horse named Chief to which he was devoted. The Irish terrier was named in memory of the horse. The dog is now the trainer's dearest possession.

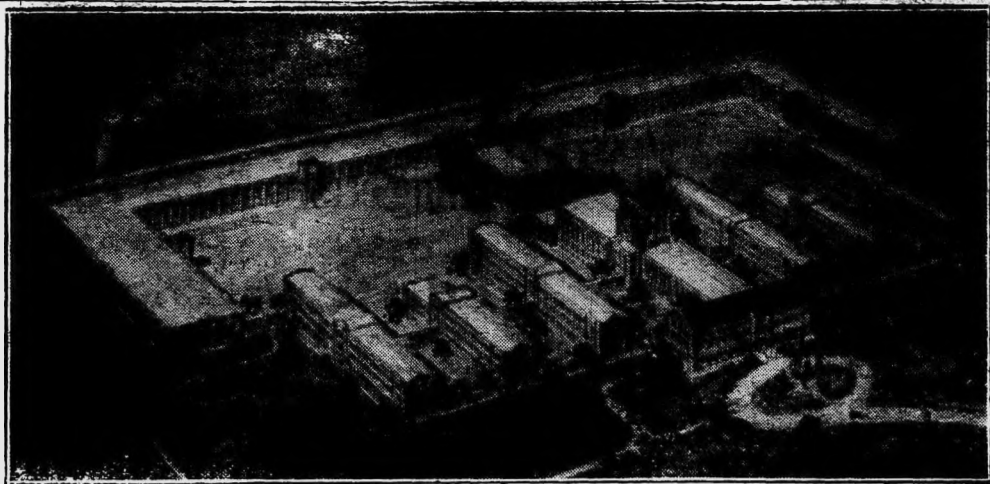

Got First Prize.

Mary Ellen had been in kindergarten one week and was very much impressed by her teacher's ability. "My teacher," she boasted to the family, "can twist ribbons into a rope."

High school Thomas grinned. "My teacher," he mimicked his sister's proud tone, "can twist up her words into an enigma of English."

Twelve-year-old Mark was plainly stumped for his pretty young teacher was just a beginner with lots of curls and dimples, but suddenly a smile came on his face. "My teacher," he checked, "can twist our principal (by the way a single man) around her finger into doing anything she wants him to."

And even father said that Mark deserved the first prize.

The C. of C. bowling league opened its season with a bang, when President Smith rolled the first ball. He set a very good example by striking on his first time up.

There were only eight games below the 100 mark. They all promised to do better next time, so we promised not to mention any names.

Pins will stand up at times, won't they, George A? You have the weight behind the ball. All you need is a little more aim in your trusty right when you let fly.

Smiling Billy said he could not bowl, but he surprised himself with all the Wood he got.

Another George said he'll bowl better next time, if the "sore spot heels." He means the soreness is in his hand.

Bob To—said it's all a mistake when a man bowls under 100. We sympathize with you, Bob.

Sure, Sam, as soon as you become city broke, you're bound to stay in the 3 figures.

Wheel-Barrows will squeak most all the time; this particular one squeaked in one game only. Oil 'er up.

Did you see Moon-shine Monday eve? The lid was off for 1 1/2 hours. It made us all dizzy, pushed everything over for high average, until the

"How come," Jimmie, when you bowl in the honorable mention list, in one game, and then in your last game, walk your alibi no doubt is the foul they called on you.

"Ain't we got fun," boys—Everybody welcome. Root for your favorites, it all helps, even to the unlucky, to cheer them on. Join the C. of C. and be a booster for Plymouth.

PERRINSVILLE

Twins, a boy and a girl, were born to Mr. and Mrs. Fred Voss, Sunday, January 8th.

White Thomas Bridge of this place, accompanied by his son, Erland, was returning home from Plymouth, his team became frightened at a passing automobile and ran away, throwing Mr. Bridge out. His right leg was broken.

Mrs. William Love spent last week visiting her parents at Carleton. The L. A. S. will hold their annual taxpayers dinner at the hall. Everybody welcome. Dinner at 12:00.

The Clauson brothers are busy grading across the flats east of this place. Mrs. L. M. Decker is under the care of Dr. Tupper.

A card party at the hall was well attended, Saturday night. Mrs. Aina Tait spent Thursday at Mrs. Belle Baehr's.

H. Holmes has been visiting his brothers, Oral and Edward Holmes, the past week.

All Ford men in this vicinity expect to go to work, Monday.

Miss Lawton will open the brick school, Monday, after a two weeks' vacation.

SENIOR PLAY

On Monday evening, January 9, the senior class of Plymouth High school ably presented to a capacity house, "The New Co-ed." If you were one of those who made the auditorium echo with laughter, you will agree that Margaret Clemens, as May, Wanda Shotts, as Grace, and Marion Butler, as Rose, were three most life-like college girls, whose ways were tempered by Margaret Strong, as the soothing Mrs. Rice. You will agree that Fay Herrick, as Estelle Doghittle, was truly a spoiled beauty and a haughty villainess in the bargain. How could she have had a brother such as Punch? He was the punch of the college, wasn't he? You could laugh at him before he even began his antics.

Who was Punch? None other than Duane Styles. Lawrence Miller, as George Washington Watts, surely did hurry. As for the protectress of our heroine, Madge Stevens, alias Ruth Shattuck, she was as motherly as Letty Willis, the new co-ed, could wish. Who will not say that Charles Chappel, as Dick Bradley, nobly won the affection of retiring Letty? Letty, in common life is Velma Nelson.

Much of the success of the evening is due to the pleasing selections which the High School orchestra rendered between acts. Those who took part in the play deserve commendation as do Miss LeVan and Mr. Holcomb for their well directed coaching.

Mrs. Clara Tousey of Detroit, is spending a few days in Plymouth.

About fourteen from here went to Detroit, last week Thursday evening, to attend a concert given at the Arcadia by the Saint Olaf choir of Greenfield, Wisconsin. The choir was composed of sixty-eight persons, mostly Scandinavians, and the entire

program was given without piano or organ accompaniment. This company is rated as third best in the United States.

A WORD OF APPRECIATION

The responsibility for the sale of Christmas seals for the relief of tuberculosis was turned over to a small committee in the Plymouth District, and the general response was so generous that the committee cannot refrain from expressing their sincere appreciation for the splendid cooperation given, not only by many individuals in the District, but also by Plymouth's leading organizations and industries. The following organizations deserve particular commendation: the Ladies Aid of the Methodist Church, the Woman's Club, the Lutheran Aid society and the W. C. T. U. The Plymouth United Savings Bank and the factories of Plymouth also contributed generous checks. Much credit is due the teachers and pupils of the Plymouth schools. A total of \$210.83 was raised in Plymouth and vicinity by the sale of the Christmas Seals.

Cars Washed!
