## FIRST PRESBYTERIAN CHURCH

Rev. S. Conger Hathaway, Pastor

If you agree with the following statement of the President of the United States, then you will need the Church and the Church School for yourself and for your children:

"CHILDHOOD IS THE BASIS OF THE FUTURE and I believe in religious instruction for American children. The future of the nation cannot be trusted to the children unless their education includes their spiritual development. It is time, therefore, that we give our attention to the religious instruction of the children of America; not in the spirit of intolerance, nor to emphasize distinctions of controversy between creeds or beliefs, but to extend religious teaching to all in such form that conscience is developed and duty to one's neighbor and to God is understood and fulfilled."

—Warren G. Harding,  
President of the United States.

### CRUSADERS' CONFERENCE

#### A BIG SUCCESS

OVER ONE HUNDRED DELEGATES WERE PRESENT FROM THE ANN ARBOR DISTRICT.

The young peoples' conference which closed Sunday afternoon at the local Methodist church will long be remembered by those who were privileged to attend. Opening with a big banquet on Friday night, at which every available seat was taken, even to serving about 80 folks upstairs in the auditorium, the conference had most auspicious beginnings. Enthusiasm ran high among the 237 youthful banqueters, and how the ladies of the church ever took care of such a crowd as came in numbers quite unexpected, has not ceased to be a marvel, but must remain as a modern parallel of the Lord's blessing of the loaves and fishes. But not by any means the least among the "feastful" things at the banquet was the address given by Dr. J. A. Field of Detroit, on "The Challenge." It was a direct challenge to young people to put their whole life into the task of this new day by entering in service with Christ.

About 110 delegates were provided with rooms and entertainment by the local committee, while many returned to their homes in nearby towns by machine and came back on Saturday for the program, which consisted of short talks by various young people and leaders, and group conferences, and demonstrations of mission study classes, etc.

Saturday evening witnessed one of the finest dramatic presentations that the writer has ever witnessed. Staged by a group of Ann Arbor Epworth Leaguers under the direction of Miss Chapman, a play was presented revealing the need of China for the Christian gospel, and showing the power of the Christian teaching to completely transform and elevate the heart of the heathen world, and make these people and all people kind, unselfish, and Christ-like. The acting was well-nigh perfect, and carried on in full Chinese costumes. Better than any sermon, address, or picture-story, in the deep, forceful impression made upon every heart, was the verdict of those present.

Sunday was also a big day with a forceful, worth-while sermon by Dr. Leeson, Superintendent of Ann Arbor District, on making our decision, and putting life and spirit into our religion. The Conference closed Sunday afternoon with a Life Work Conference under the leadership of Dr. Stair. At the close of his address in response to an earnest, quiet appeal to every young person to dedicate their lives in service to Jesus Christ "wherever, whenever, and in whatever form of service pleases Him," 81 came forward registering their life purpose. It was an inspiring service, and a fitting close to one of the biggest and best Crusaders' Conferences yet held under the leadership of Dr. and Mrs. Stair.

Though most of the delegates left after the afternoon service, a few lingered for the evening. Mr. T. O. Hoekie, District Epworth League President, led the devotional service at 6:30 with a most helpful talk on "Personal Finances." Dr. Stair preached at the evening service a great sermon on "Being Clothed with the Power of God for Service," showing clearly that such a life cannot fail in its purpose. At the close of service, the Epworth Leaguers and young folks present with a brief ceremony, presented the Christian Service Flag of Plymouth church, and the pastor dedicated it with prayer. Each star on the flag represents some young person gone out from this church into definite Christian work, or in preparation for the same.

The following young people are represented with a star on this flag, which will be hung in the church sanctuary: Ralph Brown, pastor of the Methodist church at Dallas; Harold Burden, attending Alliance College preparing for the ministry; Nellie Huger, attending Chicago Training school preparing for Deaconess work; Lucena Terry and Mary Hill attending Kansas City Training school preparing for Medical Missionary work.

### REDFORD-PLYMOUTH DEBATE

The Plymouth High School debating team won a unanimous decision against Redford High school in the second scheduled debate of the season at Redford, Saturday evening on the State Debating League question, "Resolved, That the principle of the closed shop in American industry should receive the support of public opinion."

The Plymouth team, Eva Griffith, Etha Wisley and Kenneth Bartlett, upheld the negative side of the question and had little difficulty in winning the decision, from the standpoint of both argument and representation. Redford was represented by Miss Bishop, Mr. Kry and Mr. Ture.

The Plymouth debaters have now debated upon both sides of the question and have promising possibilities for very lively and interesting debates for the remainder of the season. They will meet Northville Saturday evening, January 28th, at Northville, making the negative.

### THE PASSING OF AN OLD LANDMARK

The demolishing of the WBox mill removes one of the old landmarks of Plymouth. The mill was built by Henry Holbrook in 1845 and 1846. Mr. Holbrook conducted the mill for a number of years and then disposed of the property to Samuel Hardenburg. Mr. Peters, Mr. Winemester and Henry Bennett owned and operated the mill for various periods, until in 1879 it was purchased by the late D. E. Wilcox, and was successfully conducted by him until his death in 1902. Since the death of Mr. Wilcox the mill has been operated by his sons, John and George Wilcox, until the property was sold to Henry Ford about a year ago.

The old mill was in steady operation during all the years of its existence, with the exception of the times when high water carried away the dam. In an early day the products of the mill were drawn to Detroit with wagons over the old plank road. At one time a saw mill, stove factory and a cooper shop were thriving industries near the old mill, but these have long since passed out of existence, and now the old mill has gone, too.

### VILLAGE WILL HAVE PRIMARY ELECTION

Six nominations have been filed with the village clerk for the office of village commissioners to be elected this spring. As this number is more than twice as many candidates as there are persons to be elected, it is necessary to hold a primary election for the purpose of selecting four candidates to be voted for at the regular election on March 13th, when two commissioners are to be elected. The date for the primary election has been set for Tuesday, February 14th. Those for whom petitions have been filed are: W. J. Burrows, D. F. Murray, George Wilcox, Dr. William G. Jennings, W. B. Wilkie, Karl W. Hillmer.

Since the primary election notice on another page was printed, it has been found that the 18th of February is a holiday, and therefore the primary election will be held on Tuesday, February 14th, instead of Monday, the 13th.

### CELEBRATED FIFTY-THIRD WEDDING ANNIVERSARY

We take the following from the Marysville, Washington, Globe, regarding the fifty-third wedding anniversary of Mr. and Mrs. O. D. Chapman of that place. Both Mr. and Mrs. Chapman were former residents of this vicinity. Mr. Chapman is a brother of Mrs. Louise Bennett of this village:

"On Friday, December 30, Mr. and Mrs. O. D. Chapman celebrated their fifty-third anniversary of their marriage by a banquet at the Hotel Currie. Their son, Harry and wife and family with a few invited guests were present. At the close of the banquet, Harry as toastmaster called on each for remarks concerning the event. All congratulated the aged couple on the happy event, after which Mr. O. D. Chapman speaks for some twenty minutes during which he related many pleasing incidents of their long married life, also spoke of the many changes and the progress that has been made during the last fifty-three years that means so much to the happiness of the present age."

## "PRAYER is as NATURAL as BREATHING!"

If the above statement be true, then a whole lot of us are living unnatural and subnormal lives by denying expression in our personal lives to one of the most natural instincts we possess.

### Do YOU Ever PRAY?

In this universe of facts and laws, can prayer really change things, as it is claimed?

#### TRY THIS CODE

Some Plymouth people may have been too busy a few weeks ago to make New Year's resolutions, or they might not have had time to frame a set of good resolutions to guide them through this year. For their convenience, and believing they will appreciate them, we have prepared the following, which we suggest as a code worth posting up where you can see it several times each day.

I will smile at least once a day—and twice on Sunday.

I will attend and support church—for my own and the other fellow's good.

I will make my family happy, because a happy family will add to my happiness.

I will love myself less and my neighbors more.

I will plant a tree, a few shrubs—and a lot of good deeds.

I will not kick unless I know what I am kicking about.

I will vote my own vote and run my own business.

I will subscribe for my home-town paper—read it—and see that it is always paid for at least one year ahead.

#### GETTING OUT THE CROP

To the resident of a big city, crop reports gotten out by the government mean little. But to residents of rural communities and towns like Plymouth there is no more important document. Without the crop report, agriculture and the thousands of industries dependent upon it would be in a bad way. The city man feels that the information does not concern him. His knowledge of agriculture, as a rule, is established largely through the products of the farm he sees on the dining table. He looks upon them merely as things that can be bought with money, giving little thought to the countless things their production and distribution involves.

#### AS THE WOMEN SEE IT.

Two Plymouth women were discussing newspaper advertisements. "I read the advertising," said Mrs. A., "as carefully as I would a description of some place where, by diligent searching, I might find a sum of money. I am guided by what I read at the moment. If I see something advertised at a price I know means money-saving, I go to that store with a view to buying it and putting it away until my present stock is worn out or exhausted. A good bargain is a good bargain any time. I buy ahead when the saving warrants it."

Mrs. B. confessed that she was not so forward-looking. "When I read the ads," she said, "it is with a feeling that a merchant is trying to sell me something whether I want it or not. I read and shop for the day only."

In effect Mrs. B. regards advertisements only as temptations. Mrs. A. looks upon them as opportunities. Of the two, Mrs. A. is the most efficient housekeeper. Her use of the ads is the same that the manager of any business makes of his knowledge and information concerning conditions that may affect his undertakings in the future. She makes her money go farther than Mrs. B. possibly can. Mrs. A. continued her conversation long enough to make this observation: "The merchant who appeals off most to my desire to buy for the future is the man who runs the best store and offers the best goods. He is availing himself of two markets—today's and the future's. If he has sense enough to do that he has ability to run his store on the best lines. I favor the merchant who advertises oftenest, with the greatest regularity and in the greatest detail."

The Woman's Christian Temperance Union met Thursday, Jan. 12, at the home of Mrs. John Rattenbury. There was an unusually large attendance and the address on "The Moving Picture—pro and con," by Rev. Hathaway, was of great interest, showing as it did, how great and far-reaching is the influence of "The Moving Picture," how it is used not only to entertain the public but is also used in various branches of school and industrial work, and in the demonstration of surgical work, and how it gives to those unable to afford the expense of travel, many glimpses of foreign lands. While admitting that much harm is sometimes done by the exhibition of impure films, still the speaker maintained that there is far more to be said for, than against, the moving picture.

A tea meeting will be held next Thursday at 2:00 p. m. at the home of Mrs. Albert Stevens, Ann Arbor street. It is expected that Mrs. McNabb, with another speaker from Detroit, will be present to address the meeting which is in charge of the Newburg members. Plans let the name "Tea Meeting," suggest to members that they are to bring plate, cup, fork and spoon, as this will make work easier for hostess and committee. Guests will be welcome at this meeting. It has been decided that, after the annual meeting, which occurs in April, the W. C. T. U. will hold monthly instead of semi-monthly meetings.

**MORE WATER WORK**  
On Sunday last, while most of Plymouth was at church or skating on Phoenix pond, the village workmen under Mr. Reddeman were busy at the first bridge north of Phoenix, making the connections to shift our water main around the new county bridge being built at that point. From early in the morning until seven in the evening, the village was getting its water from the big steel tank. The new work was done successfully and 220 feet of new pipe is now delivering water to the town. The opportunity was taken to insert a new ten-inch gate in the main at this place for better control of the line.  
From this bridge, the village men have moved to the next bridge to the north, just this side of the Waterford Road, where the operation will be repeated.  
The new electric pump at the well comes in handy at times such as Sunday. A short period of pumping after the water is turned on again makes it certain that no air pockets are holding out on us. They just naturally move along and disappear.

#### Baptist Notes

The pastor was away last Sunday, and Rev. W. T. Roberts, secretary of the Michigan Baptist association, supplied the pulpit.

Next Sunday the Evangelistic Band of the Highland Park Baptist church, will be in charge of both morning and evening services, and will assist in any way they can in the Sunday-school and B. Y. P. U. These six young men you will enjoy, for they are at this kind of work somewhere every Sunday.

The cottage prayer meeting last week at the home of Mr. and Mrs. Joseph Stanley was well attended. This week it was held at the home of Mr. and Mrs. Charles Grainger on Mill street, and next week will be at the home of Mrs. Estep on Liberty street. The leader will be announced next Sunday.

The annual meeting of the Ladies' Aid society was held at Mrs. Sarah Bartlett's. A splendid meeting was enjoyed.

The pastor will be in meetings all this week at the Antrim Baptist church, north of Fowlerville.

#### PRESBYTERIAN PARAGRAPHS

Mrs. E. J. Alexander has been elected teacher of the Ready Service Class for the ensuing year. At the monthly meeting Monday night, an interesting program was given consisting of a duet by Mrs. Wm. Baker and Mrs. Maxwell Moon, a solo by Miss Evangeline Foster, and a pantomime entitled, "The Old Maid's Tea Party." Mrs. Bertha Brown acted as accompanist for the vocalists and Mrs. L. B. Samsen for the pantomime players. The latter, it was afterwards discovered, were Mrs. Clyde Alexander, Mrs. C. G. Draper, Mrs. Kari Hulmer, Mrs. W. Freyman, Mrs. B. Gues and Miss Anna Baker. The costumes and the make-up were side-splitting and the acting indescribably funny—ask anyone who was there.

The Busy Woman's Bible Class met at the home of Mrs. E. C. Leach. A fine pot-luck dinner was served after which a business session was held and Mrs. F. L. Becker was elected teacher for the balance of the year. Stephen Conger Hathaway, Jr., was a guest of honor, this being his first outing and his first ride in the Ready Service Class cab.

A Christian Endeavor meeting of unusual interest was held last Sunday night by Sterling Freyman. Tuesday the Endeavorers held a business meeting at the church; and Thursday, a pot-luck supper.

Mr. I. W. Hummel, Paul Hummel, Miss Gebevie McClumpha, Mrs. Wm. Kaiser and Miss Aita Fisher attended the Sunday-school at the Caritas Home last Sunday.

#### BASKET BALL GAMES

The first league game of the Plymouth Girls' basket ball team was played Friday night, January 13th, with Northville, on their floor. The girls playing on the Plymouth team were:

Forwards—Marion Kiely, Margaret Amrhein.  
Jumping Center—Dorothy Freydl.  
Side Center—Dorothy Hinnau.  
Guards—Bonnie Mueller, Wanda Shultz, Gladys Hake.

The game started out with both teams fighting hard and holding their opponents evenly. The first basket was made by Marion Kiely, and at the end of the first quarter the score stood 6 to 10 in favor of Plymouth. The next quarter Northville ran up their score to 10 and Plymouth's score was 12. During this quarter Bonnie Mueller was taken off by mistake Zoff's foul. It was later found out, and she went into the third quarter until another foul was called on her, which made the required number. One of Northville's guards, M. Murdock, was put off for personal fouls at this time also. Gladys Hake was then put in as guard. The last half Plymouth made one free throw for basket and Northville made three, hence the score when time was called was a tie, 18 to 18. The teams then played until the required extra two points were made to break the tie. Both of the teams made a point for foul throws, but finally the ball got to the Northville forwards and a field throw was made, leaving the final score 16 to 14 in favor of Northville. The game was very exciting, and both sides deserve much credit for the way they played. The referees were Miss Warner from Ypsilanti, and Mr. Holcomb of Plymouth.

Plymouth High school opened its basket ball season, last Friday night, with Northville at the Northville gym. The game started out with a bang, when Stevens made Plymouth's first score of the season with a free throw. It then looked as though the game would be close and fast, but Northville then added three field goals in that session, and then it was a matter of by how large a score

they would defeat the Plymouth hopes. The "Rocks," Plymouth High's new nickname, seemed unable to handle the ball, and time after time they lost the ball before they had reached the middle of the floor. They were slow and did not seem to know what to do with the ball when they got it. Then with a score of 8 to 1 against them, Sayles relighted the light of hope for Plymouth by making a field goal, but Northville soon made up for that by adding four more field goals. Plymouth guards seemed unable to follow Northville's forwards, and so were unable to stop the fast mounting score. It seemed then as though Northville would get a score a minute, but suddenly they quit trying for short baskets and started shooting every time they had the ball in their possession, which made them look exceedingly cheap. The Rocks showed a well coached five and a good captain in Stevens, and should win the majority of games this season. Their main fault seemed to be inexperience, that being the first official game many of the members of the team had played in, while Northville had played four games before the Plymouth game.

#### PLYMOUTH STREET LIGHTS

Since the new street lights were first lighted last November, there have been a number of times that the village has been in darkness during the night because of defects in some parts of the electric circuit. The voltage on the street light wires was raised to over 7000 volts, and this naturally showed up all the weak points in the old overhead wiring. The Detroit Edison Company has had men on the job almost immediately each time trouble was reported. They are now separating the underground circuits from the overhead so that the voltage on the overhead wires can be dropped to what it was

before our new lights were installed. This will eliminate the source of our troubles, and we may now expect more constant service.

The Detroit Edison representative has recently gone over all the street lighting system with the Manager, with a view to improving the service obtained from our overhead lights. There are many places where the lights are hidden back in the trees, where now long brackets will bring the lights out to the center of the street. It is expected that the effect will be improved immensely. Six new lights have been ordered by the Commission to be placed on dark corners.

The Detroit Edison Company is doing everything in its power to give Plymouth first-class service in its lighting. Its men are unfailingly courteous and obliging, and its officials are always ready to co-operate with the village in any way they can.

#### LOCAL NEWS

Mrs. Naomi Galpin spent a few days last week in Ann Arbor, with her cousins, Dr. Freeman Galpin and family.

Mrs. Arnold Leach and little son of Oskaloosa, Kansas, are visiting her parents, Mr. and Mrs. Frank Durham, on Ann Arbor street.

In renewing his subscription to the Mail, M. H. Ladd, a former well known Plymouth citizen, now residing at Torrance, California, says they are enjoying everything in the vegetable line from their garden and that strawberries and raspberries are ripening, and they have just finished the last of their melons. Mr. Ladd also stated that taxes were \$32.00 per \$1000 valuation in the country districts there and much higher in the cities. Mark says the Mail is one of their most welcome visitors, bringing the news from the "old home town."

WOMAN'S CLUB

About thirty-five members attended the regular meeting of the Woman's Club held at the school building, last Friday afternoon, January 13th. The business session, with the president presiding, preceded the program of the afternoon, which was in charge of the sixth division with Mrs. Dwight T. Randall, leader. One new member was added to the club membership.

Mrs. C. H. Bennett paid a beautiful tribute to the memory of Miss Ella Shattuck, who had been for many years an active member of the Woman's Club. Miss Shattuck held the office of treasurer for five years and that of custodian for seventeen years. She was always present at the meetings as long as her health would permit and interested in anything for the betterment of women and their work. At the conclusion of Mrs. Bennett's remarks, the members were requested to stand and sing one verse of one of Miss Shattuck's favorite hymns, "God be With You 'Till We Meet Again."

The names of aliens, who have become American citizens, was the response to roll call.

The program opened with two pleasing vocal solos sung by Mr. Tracy, "In the Garden of My Heart" and "Under the Rose." Miss Anna Youngs accompanied him on the piano.

An interesting paper, "Real Problems of Our New Citizens—Women," was given by Mrs. Henry S. Doer, after which Miss Margaret Goyer favored the company with a piano solo, "Barcarolle, Tales from Hoffman."

The program concluded with a talk on, "Our Cabinet," by Mrs. Robert O. Chappel. Mrs. Chappel was deeply interested in her subject, and first of all refreshed the minds of those present by having them repeat in unison the names of the President's Cabinet. Then briefly, but interestingly, Mrs. Chappel told of the important work of each of the ten departments.

The next regular meeting of the club will be held Friday afternoon, January 27th, at the regular meeting place. "Michigan" will be the subject for the program, and there will be an exhibition of relics. Anyone having relics of interest is requested to bring them for that day.

WAYNE COUNTY FARM BUREAU NOTES

We are very pleased to announce that notification has been received from Chicago that all railroads in Michigan will sell tickets for Farmers' Week for one and one-half fare. This will also apply to half fare tickets sold to children.

Tickets will be sold from January 23rd, and including February 1st, and will be good for return up to Monday, February 6th. These are open rates and do not require an identification certificate as was the case last year. The interurban officials have stated that they would do the same.

The Farmers' Week program will be the biggest one of its kind ever staged at the Michigan Agricultural College. It is earnestly hoped that a large delegation from Wayne county can attend these most instructive meetings.

Worth Considering.

The question is not so much how you contract a cold, but how to get rid of it with the least loss of time and inconvenience. If you will consider the experience of others under similar circumstances, who have been most successful in checking their colds, in their beginning, you will secure a bottle of Chamberlain's Cough Remedy without delay, and use it faithfully. There are many families who have used this preparation successfully for years and hold it in high esteem. It is excellent. Advertisement.

### OBITUARY

The funeral of James Briggs, who passed away last Monday at his home on the Plymouth road, was held from his late residence, Wednesday afternoon at two o'clock, Rev. D. D. Nagle officiating. Interment in Riverside cemetery, the Masons having charge of the service at the grave.

James C. Briggs was born, October 6, 1869, near Pennville, Indiana, where he spent almost all his life. He was an active and faithful member of the M. E. church at this place for thirty-four years. He was especially interested in Sunday-school work. He was likewise a member of the Masonic lodge for over fifteen years at Pennville, and of the Knights of Pythias for nearly thirty years. He did not transfer his membership of the church, because he wished to fulfill his pledge in the support of a new church. He had ever been a good husband and kind father, as well as a true friend to his many friends. He met his death January 16, 1922, at the age of fifty-two years, three months and ten days. He is survived by his wife, Mrs. Lillian E. Briggs and by his daughters, Mrs. E. M. Mole of Jackson, Mich.; Mrs. Ralph West of Pennville, Indiana; Mrs. Roy Strong and Wilma Jess of Plymouth, and by his sister, Mrs. Fremont Graves of Pennville's brothers, S. J. Briggs of Bluffton, Iliana, and M. A. Briggs of Milford, Mich. His mother has been dead five years and his father was buried Christmas day of last year, at the age of 76. He leaves a host of life-long friends in Pennville, as well as his many friends in Plymouth.

Be sure to attend this meeting—very important dope to hand out.

The best team work in one game was made by No. 7. Bob bobbed in with 98 for hi score of the game, which was 286. Here's a problem: His team-mates tied their count for low score. What was their score? The answer will be in the next issue.

A "Bo" tried to imitate Longy, too much reach, he says. Longy does not let go of ball until it hits the pins. Why should he not get a lot of pins? Frank says he gets 7 to a frame.

No matter how good the subs are, Fred, you can't win more than three games a week.

One of his subs started like a real cross-man, it wasn't for long, though, before he showed the right spirit, after ditching a couple, like the rest of us good bowlers. The ditches are built too close to the alleys, ain't they? Harry build new alleys.

E. G. are the initials on the doors of a cozy little coupe. How about it girls? The owner of the initials says it's almost as hard to bowl 100 steady, as it is to have a steady girl. You owe that to yourself, E. G. We believe it's hi time that you settled down to a steadier game.

Geo Streets, the above just about suits you, if the shoes fit, wear them. Get initials on your car, your setting pretty.

Cheer up, girls, bowling is sure to give our hankful boys more courage. When the season is over, beware, the balls do ring.

Team No. 8 is going fine. They walked thru one game, one game was presented to them by Aby. Lillian boys, they're in the habit of receiving as well as paying. So have a care next week, No. 1.

### DEATH OF FORMER RESIDENT

Mrs. G. O. Wight, aged 63 years, died at her home in Lansing, Wednesday, January 11, 1922. Mrs. Wight, who was formerly Miss Nettie D. Hedden, a former resident of Plymouth, was born in 1859, and was raised in Wayne county. On August 28, 1879, she was married to G. O. Wight, and they lived on a farm near Fowlerville, and went to Lansing 28 years ago. She is survived by her husband and a son, Chand E. Wight, of Lansing, and a daughter, Mrs. Fanny Robbins of Chicago, besides several grandchildren. The interment took place in Lansing.

### Today's Reflections

The little boy who declared an armistice and stopped fighting a few weeks ago can start again. Christmas is over.

Some Plymouth men wish their wives were as good cooks as the company always say they are.

Our idea of an optimist is the fellow who goes into a big city restaurant with a quarter and expects to get something to eat.

It has been our observation that after a Plymouth man has been married 20 years his wife doesn't growl every time he eats onions.

From the looks of things America is most popular with foreign nations about the time their stomachs begin to get empty.

It has gotten so that bandits are causing almost as many headaches as bootleggers.

The insanity plea in most murder cases is all right, for in most cases a fellow is crazy to do it.

### IMPORTANT NOTICE!

To Fathers, Mothers, and All Legal Electors:  
There will be a meeting of District No. 3 of Nankin Township and District No. 7 and 8 of Livonia Township for the discussion of the Consolidated School Question, Monday evening, January 23, 1922, at the Ladies' Aid hall, Newburg, at 8:00 p. m.

Miss Isabelle Becker, assistant superintendent of public instruction, of Lansing, who has wide experience, is thoroughly conversant with all phases of School Law, and the educational needs of the times, will be the main speaker of the evening, answering all questions relative to the Consolidated School Question.

Don't fail to come and bring with you all electors in these districts.

### HAVE BIG HIGHWAY PROGRAM PLANNED

The Wayne County Highway Commissioners have announced an extensive highway construction plan for 1922 and they are planning to expend about three million dollars this season. The year's program contemplates the construction of fifty miles of concrete surface highway and the replacement of a number of bridges and the improvement of other highways.

A nine-mile stretch will be constructed on the town line between Bearborn and Greenfield, connecting with the Seven Mile road.

For many years the board has considered a middle belt route running north and south and bisecting the county almost in equal halves as absolutely essential to greater flexibility for the county's east and west roads. A start will be made this year with a five-mile stretch of 20-foot concrete from the Plymouth road south to Michigan avenue.

Phoenix road is to be paved with concrete, making accessible the penal farm of the house of correction. The road will be built by prisoners under the direction of the board of county road commissioners.

A concrete road 20 feet wide and 11 miles long is to be started as soon as cement weather arrives, at the Oakland county line. It will connect Farmington with Wayne.

The Wayne commissioners expect to receive upwards of a million dollars from the federal government this year and among the projects upon which this aid has been granted is the construction of the road from Plymouth to Northville and then on through Plymouth to Ann Arbor making cement all the way to the university city.
