FIRST PRESBYTERIAN CHURCH

Rev. S. Conger Hathaway, Pastor

ACTION OF THE GENERAL ASSEMBLY OF THE PRESBYTERIAN CHURCH

Resolved, That this Assembly most strongly condemns the operation of motion picture show houses on the Lord's Day and all attempts to legalize them, warns the churches of every state against the powerfully organized attempts of the motion picture industry... to secure Sunday legislation for their business, and urges our public officials to enforce the laws against this indefensible Sunday business, which is a serious menace to the true spirit of the Lord's Day, to our Sabbath-school and public worship and subversive of the higher morality of the State.

Minutes of the General Assembly, Vol. 19, page 152.

SECOND SALE DAY SET FOR WEDNESDAY, MARCH 1ST

The Next Sale Day Event Promises to Be a Hummer; Merchants Prepared to Take Care of Large Crowd of Bargain Seekers; See Ads in This Issue of the Mail.

The second sale planned and arranged by the publicity committee of the Plymouth Chamber of Commerce will take place Wednesday, March 1st. Two pages of the Mail this week announced the bargains offered by the various places of business in the village, and you are sure of finding something that will appeal to you as a real bargain. The merchants have made special efforts to have a large supply of the articles advertised on hand for this sale, so that no one will be disappointed in securing their share of the bargains offered. Remember, Wednesday, March 1st, is the day, and everybody in Plymouth and surrounding country is invited to come and share in these money saving bargain days.

PEOPLE WILL VOTE ON THEATRE ORDINANCE

At the regular meeting of the village commission held Monday evening, petitions bearing the signatures of 700 persons, were presented to the commission, protesting against the final passage of the ordinance, relative to the licensing and regulating of moving picture theatres in the village, which had been given its first and second reading. Attorney J. S. Dayton presented the petitions. The petitions were accepted and placed on file, and on motion, the commission voted to submit to a vote of the electors of the village, the passage or rejection of the ordinance, which appears on another page of this paper. The approval or disapproval of the ordinance will therefore be submitted at the regular election to be held March 13th, next.

DEATH OF MRS. GROVER PLACE

This community was greatly shocked to learn of the death of Mrs. Grover Place, of Livonia township, who passed away at the Northville hospital last week Wednesday morning, Feb. 15th, at the age of 28 years, 3 months and 3 days. She was in perfect health up until two weeks before her death when she contracted a severe cold, which later developed into an abscess.

On November 27, 1912, she was united in marriage to Grover C. Place and located on her father's farm, one mile south of Elm, where she resided during her married life. She leaves to mourn their loss, her husband, three small children, Tyrus, Edwin and Ira; her parents, Mr. and Mrs. Ira Wilson, of this place; three brothers, Charles of Detroit, Asa and Davis; and one sister, Sarah; besides a host of relatives and friends.

Her devotion to her home and loved ones was beautiful to see, her heart's best wishes were ever theirs and her joys and sorrows were alike. Her pleasing manner and winning ways endeared her to everyone.

The funeral services were held from her late home Saturday afternoon, Rev. W. J. Evans officiating. Burial took place in Newburg cemetery.

After years of life together, You were called away To the beautiful Isle of Somewhere, Forever there to stay. Some sweet day we will meet again; Till then I grieve and wait; I will know your dear kind face, When we meet at heaven's gate.

"WAY DOWN EAST" DREW LARGE CROWD

Two large audiences saw the moving picture film, "Way Down East," D. W. Griffith's great masterpiece, at the Penniman Allen theatre, last Sunday. During the evening, Supt. Edward Denniston of the Detroit House of Correction Farm, gave an interesting talk on the question of Sunday movies, which is agitating the minds of the public in Plymouth at the present time. Mr. Denniston's remarks seemed to strike a popular chord in the minds of the large audience, as was evidenced by the applause given.

For Sunday evening, February 26, J. M. Barrie's play, "The Little Minister" will be the picture shown, with Betty Compson as the star.

DEATH OF ADOLPH GEIGLER

Adolph Geigler was born in Germany, May 29, 1844, and departed from this life early Sunday morning, at the home of his daughter, Mrs. Clarence Alsbro, with whom he had made his home since last fall. In 1860, he with one sister and two brothers came to Michigan, settling near Plymouth. On February 22, 1864, he was united in marriage to Mary Ann Lauren of Canton township, who preceded him to the higher life, July 31, 1912. To this union twelve children were born, eight of whom survive him. Mr. Geigler spent most of his married life at Salem, until a few years ago he came to live in Plymouth, to be near most of his children. He was a member of the Baptist church, and was always faithful and loyal to his church as long as health would permit. He had been in failing health for two years, but did not give up until last week Thursday. He had been a patient sufferer and bore his pain without a murmur. He leaves to mourn their loss: Will Geigler, Mrs. Clarence Alsbro, Mrs. Fred Sallow of this place; Mrs. Matt. Fahrner of Detroit; Mrs. Andrew Fahrner and Frank Geigler of Ann Arbor; Asa of Ypsilanti; and Mrs. Clara Soper of Pontiac; twenty-five grandchildren and fourteen great grandchildren.

The funeral was held from the home of his daughter, Mrs. Clarence Alsbro, Wednesday afternoon, at 2:00 p. m., Rev. F. M. Field of Detroit, officiating. Six grandsons acted as pallbearers, and the remains were placed in the receiving vault at Riverside cemetery.

OFFICERS INSTALLED

The Degree of Honor Protective Association held their installation of officers, Thursday evening, February 16th. The following officers were installed:

Past President—Alma Moyer
President—Abbie Felt
First Vice Pres.—Eva Gray
Second Vice Pres.—Iva Shipley
Recorder—Hattie McLeod
Financial Sec'y—Mildred VanAtta
Treasurer—Nellie Passage
Usher—Ivan Gray
Inside Watch—Emma Ruff
Outside Watch—Titus Ruff

The meeting was attended by the members of the order and their families, and after the work a splendid banquet was served. The evening was an enjoyable one for all present.

Mr. and Mrs. William Thompson of Watford, Ontario, and Dr. T. J. Foster and family of Highland Park, were week-end guests of Dr. and Mrs. Luther Peck on Ann Arbor street.

NEW STORE TO OPEN NEXT WEDNESDAY

Calvin Whipple will open his new shoe and furnishing store in the new Patterson block on Penniman avenue, next Wednesday, March 1st. Mr. Whipple has been busy for the past week arranging the new stock and getting ready for the opening day, which he announces in an advertisement in today's Mail. Mr. Whipple has many friends in Plymouth and vicinity, who will wish him abundant success in his new business venture.

FATHER AND SON SUPPER AT ST. JOHN'S MISSION

Last week was Father and Son week, and the spirit of comradeship was fully manifested at St. John's Father and Sons supper, given Wednesday evening in the Grange hall. There was a large attendance. Sons as old as four and fathers as young as sixty and seventy. Mr. and Mrs. Martin Hausman of Detroit, were present, as was also J. Flynn of St. Paul's Cathedral, who was the principal speaker. Mr. Hausman was made toastmaster, and Mrs. Hausman took charge of the musical part of the program. Mr. Hausman made an excellent toastmaster and was the life of the party. After supper he showed the fathers and sons some stunts and games, which were joined in by all. There were also songs and speeches. Franklin Gibson and Martin Hausman also gave some side-splitting jokes.

The speeches were: "What a son expects of a father," by Daniel Murphy; "What a father expects of a son," Sidney D. Strong; general talk on boys, by Franklin L. Gibson; a recitation by James Henry, and last but not least the splendid speech by the principal speaker of the evening, J. Flynn, who spoke generally on "Companionship and Comradship between Father and Son." The evening closed with the little band of the Junior Brotherhood of St. Andrew's singing, "I Hear My Saviour Calling."

The ladies as usual distinguished themselves by the very excellent supper they provided, and which was thoroughly enjoyed by all.

The Newburg Patriotic society met Thursday, February 16th, at Mr. and Mrs. Titus Ruff's for an oyster dinner. There were fifty-eight present, twelve ladies of the Naval Circle and one Civil war comrade, Mr. Cady, from Detroit and three Civil war veterans from this vicinity being among the number. After the business meeting, a fine talk was given by Rev. D. D. Nagler, readings by Mrs. Keekler of Detroit, Mrs. Smith of Newburg, and Mr. Thomas, all of which were enjoyed. Everyone left, thanking Mr. and Mrs. Ruff for the pleasant time, and to meet at Will Farley's in May.

METHODIST EPISCOPAL CHURCH

Section of Report Adopted by the Detroit Annual Conference of the Methodist Episcopal Church in Session at Adrian, Mich., September, 1921:

"We recognize the power and influence of the motion picture upon the life and thought of the people and we earnestly protest against its use for poisoning the public mind by a fascinating display of crime and licentiousness."

"We deplore the effort of certain lawless and unchristian elements of our population to break down the sanctity of our Christian Sabbath by unnecessary work or business. We will resist with all the power at our command, the forces that would destroy a fundamental part of our birthright by turning our American Christian Sabbath into a day of business, dissipation and commercialized recreation."

SENSIBLE SLANG

Slang often jams a world of meaning into one word. Every salesman, every advertiser could adopt "I'll tell the world" for his motto. And if he obeyed it, he would find it wonderfully significant. Once a man advertises his goods in a reputable paper, he begins to "tell the world." For a time, the world may appear hard of hearing, or blind to his message, because the world has many things to distract its attention. But if he is persistent, he'll get the world to listen. This "telling the world" about goods to be sold is an unending business. Every month a number of new babies are born—which means that every month that number of people become old enough to be told what you have to tell them. Every day some people forget what they were told yesterday. And your business can be carried to the people of Plymouth and this part of the world through no better medium than you now hold in your hand.

Register, Saturday, March 4th.
Russell VanGilder is confined to his home by illness.

Mrs. Charles Millard went to Grand Blanc, Monday, to attend the funeral of a relative.

Mrs. Fred Melow and daughter, Abbie, of Livonia, called on Mrs. John Higgins, Friday afternoon.

LOCAL NEWS

Mr. and Mrs. Matt Everett and baby spent Monday in Detroit on business.

Mrs. John Higgins called on her niece, Mrs. Irwin Hobbins, on Waterford road, Tuesday.

Rev. F. M. Field of Detroit, was calling on former Plymouth friends Wednesday afternoon.

Mr. and Mrs. R. W. Spike of Port Huron, were Sunday guests of Mr. and Mrs. R. O. Mimmack.

Mrs. J. C. Vollmer has returned to Escorse after a two-weeks' stay with her daughter, Mrs. B. E. Champe.

Caas Sheffield Hough, who is attending college at Ann Arbor, has been quite ill there for the past week with tonsillitis.

Mr. and Mrs. Charles Merritt are occupying the late Mrs. Hulda Knapp's house on Penniman avenue for the present.

Mrs. Nettie Stewart returned Sunday to her home at Peru, Indiana, after a few days' visit with relatives and friends here.

Mr. and Mrs. Wm. Tait and Mr. and Mrs. Frank Murray went to the home of Mr. and Mrs. Ed Lyke at Dixboro, last Wednesday where they attended a meeting of the Dixboro Ladies Aid.

Mr. and Mrs. Charles Johnson of Detroit, and Mrs. Lewis McDonald of Davisburg, spent the week-end with the latter's father, C. E. Maynard, and other relatives. Mrs. McDonald returned to her home, Tuesday.

The Men's Bible class of the Methodist church entertained their wives at a Valentine party at the home of Mr. and Mrs. Wm. Tait on Harvey street last Tuesday evening. About thirty guests were present and after a social evening, dainty refreshments were served.

M. E. LADIES' AID MEET

The M. E. Ladies' Aid society held their monthly meeting with Mrs. H. A. Spicer on Ann Arbor street, Wednesday afternoon, February 22. Between fifty and sixty ladies were present, and all enjoyed a very pleasant afternoon. The society decided to set aside March and April and do no work, as a society, to make money, but to devote their time and energy to the social and spiritual welfare of the church. Mrs. Kenter's division had charge of the social hour. Each lady was given half of a quotation. After she had found the lady who had the other half, the quotations, which were all from famous men whose birthdays occurred in February, namely Washington, Lincoln, Lowell and Longfellow, were read. The crowd later guessing from whom the quotation was taken. Later each person made as many words as possible from the word, patriotism. Just at the close of the social hour, Rev. F. M. Field of Marthas Holmes church in Detroit, who was in town attending a funeral, dropped in for a few minutes' chat. Needless to say he was a welcome guest.

NEWBURG

Last Sunday Newburg was favored by a visit from district superintendent, Rev. H. A. Leeson, from Ann Arbor. His good "heart to heart" sermon certainly created the right spirit in the minds of his hearers. The Epworth League social, last Saturday night, was well attended by the young people.

Thomas and Thelma Davey celebrated their fifteenth birthday, last Monday, by having a number of their young friends spend a very pleasant evening with them at their home.

Beatrice Davey has returned to work in Detroit, after spending a number of weeks at home to recuperate her strength. The Aggie Club banquet in the Plymouth High school on Tuesday evening was attended by quite a number from this vicinity. The heavy rain and subsequent freezing put Plymouth road in a very slippery condition, Tuesday night and Wednesday.

Mr. Schumaker had the misfortune to fall on the ice, Wednesday morning and dislocate his shoulder.

LIVONIA CENTER

A goodly number of friends and neighbors gathered at the home of Charles Bentley, Saturday evening of last week, and surely enjoyed a fine time. Cards were played, and a fine lunch was served.

Mr. and Mrs. VanBonn and family were Sunday guests of Mr. and Mrs. George Elliott of Birmingham. Mr. VanBonn remained there for an indefinite time.

Heon Ziegler, Miss Etta Mae Johnson, Howard Johnson and Hazel Rutenbar attended the theatre in Detroit, Saturday evening.

The hearts of the people of this place were greatly saddened, when they heard of the death of Mrs. Grover Fizec of Elm. We all wish to extend our heartfelt sympathy to the bereaved husband and little children, also to the rest of the relatives and friends.

Mr. and Mrs. Herman Johnson called at William Garchow's, Saturday evening.

Visitors at Fred Garchow's, Sunday evening, were: Mr. and Mrs. Barney Tuck, Mr. and Mrs. Riley Wolfson and family, Mr. and Mrs. William Garchow and children, Joe Hewell and Russell Therman.

Mr. and Mrs. William Hawley, Jr., were in Plymouth on business, Tuesday.

Lenten services will be held at the Livonia Lutheran church, beginning Friday evening, March 3rd; then every Wednesday thereafter. It will be mostly in the German language.

The little girls sewing club met with Grace Lee, Saturday afternoon.

GRANGE NOTES

At the last meeting of the Grange, a large audience listened to a fine program put on by the leaders of the contest. These leaders are certainly working to make this contest a success. Among the good things heard were reports from the agricultural class, what they were doing, and also what they wanted to do. Also a solo from Mr. Ross, leader of the boys' clubs. Miss Rogers was also there and made some pleasing remarks.

The next regular meeting is March 2nd. Let everyone try and be there, to help the leaders, as well as to get the benefit of the good times.

A CARD—We wish to express our heartfelt thanks to our relatives, friends and neighbors for their kind expressions of sympathy and flowers, also Rev. Evans for his comforting words, in our late bereavement.

Grover Place and Family, Mr. and Mrs. Ira Wilson and Family.

Is Your Insurance "Guilt Edged?"

Due to heavy losses and expenses and reduced premium income, nearly all Mutual Insurance Companies are under considerable strain at this time. Old Line Stock Companies are not seriously affected, but many light weight concerns, which have been unwisely managed have already succumbed, or have been compelled to call for 80 per cent to 100 per cent Special Assessments, and the prevailing opinion is that others of this class have trouble ahead.

TAKING THE WORK OUT OF WASHING

WITH A

"1900 Cataract" Electric Washer

HERE ARE SOME OF THE THINGS THE "CATARACT" WILL DO FOR YOU

You Hire a Laundress—It will enable her to do your work in less than half the usual time. Time enough left to do the ironing the same day. Or work that usually requires two days can be done in one. A net saving of one day—\$2.50 per week—\$130.00 per year.

Besides this Saving—You can have an abundance of clean linen—always fresh—always ready for instant use—preserving its good looks indefinitely.

If You Do It Yourself—Again saves half the time—all the rubbing—all the wringing—hence all the hard work. Surely things that are worth while.

The "Cataract" is Guaranteed Against Defects in Material or Workmanship

PROBATE NOTICE
 STATE OF MICHIGAN, County of Wayne, ss.
 At a session of the Probate Court for said County of Wayne, held at the Probate Court Room in the City of Detroit, on the twenty-sixth day of January in the year one thousand nine hundred and twenty-two.
 Present, Edward Command, Judge of Probate.
 In the matter of the estate of Josephine Smith, deceased.
 John Harlan, executor of the last will and testament of said deceased, having rendered to this court his final administration account and filed therewith his petition praying that the residue of said estate be assigned to the persons entitled thereto.
 It is ordered that the twenty-eighth day of February next, at ten o'clock in the forenoon at said Court Room be appointed for examining and allowing said account and hearing said petition.
 And it is further ordered, That a copy of this order be published three successive weeks previous to said time of hearing in the Plymouth Mail, a newspaper printed and circulating in said County of Wayne.
 EDWARD COMMAND,
 (A true copy) Judge of Probate.
 Edmund R. Dowdney,
 Deputy Probate Register.

Water— When and How Much

Hundreds of batteries die of thirst every year.

Not because their owners didn't know water was necessary.

Not because they didn't know the neglect was shortening battery life and costing them money.

But simply because they overlooked it—hadn't the distilled water handy or didn't know just how much to put in.

We can't do your remembering, but we can take all the rest of the job off your hands. Drive around anytime and ask us to see if your battery needs water.

Price F. O. B. Detroit

\$395

Price F. O. B. Plymouth

With Plow

\$490

Think of The Tractor for \$395.00

There isn't a product on the market that can come anywhere near the Fordson quality at even double the price, so there is not an excuse in the world why any farmer should not have a Fordson Tractor.

A price of approximately 15 cents a pound. Just stop and consider what this means! Rough castings cost about 6 cents per pound; steel and forgings, 8 cents per pound; brass and bronze, roller and ball bearings, etc., average from 25 cents to \$1.00 per pound, bringing the total material cost of the tractor up to approximately 10 cents per pound, leaving only the extremely small margin of 5 cents per pound over the bare cost of material to cover all manufacturing operations, labor and overhead as well as our own commercial expense.

Another way of looking at the price of the tractor is in the terms of the farmer. This reduction means a net saving to him of 175 bushels of wheat, 500 bushels of corn, or nearly 600 bushels of oats, etc, each representing days and weeks of hard work in preparing the soil, in planting, cultivating, harvesting and storing the crops over and above the actual cost of production, including the cost of seed, depreciation on equipment, etc.

REMEMBER, THERE ARE 170,000 FORDSON TRACTORS NOW IN USE, AND SINCE THE PRICE CHANGED, 1200 ORDERS HAVE BEEN TURNED IN TO THE FORD MOTOR CO. FROM THE STATE OF MICHIGAN ALONE.

The Fordson is built with over strength in every part; built to withstand the constant strain of heavy duty; tested out under every condition of farm and belt work, and put to actual test by 170,000 owners during the past three years—The Fordson Tractor has lived up to every claim made for it.

No matter what the farm task—whether plowing, disking, harrowing, threshing, baling hay, grinding feed, pumping water, sawing wood, pulling stumps, filling silos, or any of the many other jobs around the farm, the Fordson will not only do and do well, but quicker, easier and at less expense.

There are so many different time and money saving ways in which the Fordson can be used that you owe it to yourself to get the facts. Come in and see the Fordson, or write or phone for the information.

Prospective purchasers should remember that Fordson dealers are limited to a certain number of tractors each month, and a delay in placing your order early may result in a disappointment for you later, when perhaps you will want the tractor badly.

If you expect to own a Fordson Tractor this season, place your order AT ONCE

SCHOOL NOTES

Reporters for this week were: Martin Straesen and William Staman. The following are preparing for the Oratorical and Declamation Contest to be held the first week in March: Ira Kingsley, Charles Chappe, Muriel Bovee, Elizabeth Beyer, Louva Rowland, Alta Hamill, Floy Huston.

The pupils of the seventh grade are reading, "The Courtship of Miles Standish."

The sophomore class party, which was held at the home of Helen Fish, last week Tuesday evening, was largely attended. Games were the entertainment. Ice cream and cake formed the refreshments.

Miss McClumpha's pupils are making February booklets for their language work.

Mr. and Mrs. Wedow, Mrs. Charles Humphries, Mrs. Henry Doerr, Mrs. Pettie, Mrs. Kincaid and Mrs. Louis Bradenburg visited Mrs. Root's room, last week.

The children in the first and second grades are making patriotic books.

Wilhelmina Rocker and Ardath Baker of the first grade were ill last week.

Margaret Stoneburner, Ruth Hadley, Dorothy Wnuk, Gladys Zietsch, Ralph Minehart, Leon Parks and Viola Bloxom have not been absent nor tardy this month.

Professor Cleary of Cleary Business College of Ypsilanti, spoke at the Senior High assembly, last Friday.

The Plymouth Aggie Club had a banquet, Tuesday night, at the auditorium, with the parents present. About ninety sat down to a very enjoyable supper, followed by an interesting talk by Professor French, head of the agricultural department of M. A. C.

Wayne plays basket ball here, Friday night.

Episcopal Notes

Last Sunday was Father and Son's Sunday at St. John's, and Franklin L. Gibson preached in the morning to quite a large congregation, taking his text from, "A certain man had two sons." In the evening there was a community service, and Rev. J. H. Lever, social secretary for Detroit, gave a most interesting illustrated address on prisons and criminal life. The illustrations were from lantern slides, especially prepared for that subject.

St. John's observed Father and Son week with a supper in the Grange hall. There was a large gathering. Mr. and Mrs. Hausman came out from Detroit, and J. Flynn, treasurer of St. Paul's Cathedral, was the principal speaker and he certainly gave an excellent speech. The fathers and sons appreciated the efforts of the ladies in providing such an excellent supper, to which they fully did justice.

PRESBYTERIAN PARAGRAPHS

The pastors of the Presbyterian and Methodist churches exchanged pulpits, last Sunday morning, in the interest of Sabbath observance. This

is in accordance with the following action of the General Assembly of our church taken in 1920:

"Resolved, That inasmuch as the American Christian Sabbath is greatly imperiled, the General Assembly re-affirms its action of 1919, in regard to the desecration of the Sabbath by Sunday motion picture shows, and calls upon all our pastors and churches to exert every possible influence to prevent this outrageous desecration of the Sabbath day, and to lend a support to the permanent committee of the General Assembly on Sabbath Observance, and also to co-operate with other denominations, the Lord's Day Alliance, church federations and organizations which seek to preserve our Sabbath for worship and rest."

OFFICIAL PROCEEDINGS OF THE VILLAGE COMMISSION

Plymouth, Mich., Jan. 16, 1922.
 Regular meeting of the Commission of the Village of Plymouth, called to order by the president on the above date.

Present—Commissioners Burrows, Daggett, Henderson, Robinson, Murray. Absent—None.

Minutes of the meeting of January 10th were read and approved.

A petition received from the residents of Roe street east of Hamilton for a street light near the east end of Roe, was referred to the Manager for examination and approval.

A petition for a sewer on Mill street from the Toledo division of the Pere Marquette north for about 2,000 feet was upon motion laid on the table until the first regular commission meeting in April.

Since there have been six petitions received for the nomination for village commissioner, the village clerk therefore in accordance with the charter having called a primary election for Tuesday, February 14th, the appointment by the president of the following registration and election board for both the primary and regular spring election was upon motion confirmed:

Registration Board—E. R. Daggett, G. H. Robinson.
 Election Board—G. H. Robinson, E. R. Daggett, Fred Wagenschutz, Mrs. Robinson, Mrs. C. Hamilton.

Upon recommendation of the Manager, the installation of the following six street lights were ordered: Corner of Amelia and Roe; corner of Harvey and Gravel; corner of Farmer between Pere Marquette railroad and Adams; corner of Farmer and Ann; corner of Junction and Ann.

Upon request of the chief of the fire department, it was moved and supported that the purchase of six pairs of rubber boots and one electric hand lantern be approved. Carried.

Moved and supported that the following bills be allowed. Carried.

Ernest Brown	\$0.85
Alfred White, Sr.	\$0.85
William A. Reddeman	\$4.00

Manna G. Blunk	9.80
The Plymouth Mail	30.25
Mrs. Maude Pettingill	4.00
Mrs. Ada S. Murray	4.00
E. R. Daggett	4.00
George W. Robinson	4.00
O. H. Loomis	4.00
Chauncey Bunya	105.51
Irving Blunk	35.11
Russell Wheel & Fry Co.	35.11

Moved and supported that the commission adjourn. Carried.

W. J. Burrows, President.
 Sidney D. Strong, Clerk.

Plymouth, Mich., Jan. 24, 1922.
 Special meeting of the commission of the village of Plymouth, called to consider resolutions concerning the death of Mr. Louis Hillmer, former president of the village.

Present—Commissioners Burrows, Daggett, Henderson, Robinson. Absent—Murray.

Moved and supported that the commission adjourn.

To Mrs. Louis Hillmer and Family: With sincere regret the commission of the Village of Plymouth has learned of the death of Mr. Louis Hillmer. In special session assembled this evening they desire to acknowledge his past service to the village and the deep interest he has always taken in its welfare, and they therefore authorize the following resolutions:

BE IT RESOLVED, that in the death of Mr. Louis Hillmer, former president of the village, the family has lost a devoted husband and father, and the community one of its most loyal citizens and most public spirited servants.

BE IT FURTHER RESOLVED, that these resolutions be spread upon the minutes of this meeting, and that a copy be sent to Mr. Hillmer's family, and further that the commission attend the funeral services in a body.

Signed by the Commission.
 W. J. Burrows, President.
 Sidney D. Strong, Clerk.

Plymouth, Mich., Feb. 2, 1922.
 Special meeting of the village commission called to order by the president on the above date.

Present—Commissioners Burrows, Daggett, Henderson, Robinson, Murray. Absent—None.

Petitions signed by 388 names were received, requesting the Manager and Commissioners to do all in their power to prevent Sunday evening moving picture shows in Plymouth.

Moved and supported that these petitions be received and filed. Carried.

Moved and supported that the Manager request the village attorney to prepare an ordinance prohibiting moving picture exhibitions on Sunday, and to have this ordinance for presentation to the commission at the regular meeting on February 6th. Carried.

Moved and supported that the Manager notify the prosecuting attorney that it is the wish of the village commission that he enforce the state law with reference to the Sunday showing of moving pictures in Plymouth on Sunday, February 5th, and succeeding Sundays. Carried.

Moved and supported that the commission adjourn. Carried.
 W. J. Burrows, President.
 Sidney D. Strong, Clerk.

Today's Reflections

Taken all in all, those Arbutle juries, frosts and snowstorms are giving California more advertising than she cares for.

We heard a Plymouth married man say yesterday that a wife makes a man forget a lot of troubles a bachelor never has.

The editor of a Ft. Scott, Kansas, paper is also a milkman. He served his apprenticeship in the milking business, maybe, pulling a Washington hand-press.

There are two ways to eat fried chicken—the society way and the right way.

Every Plymouth girl should refuse at least one lover before accepting another. Then she can spend the rest of her life telling her husband how happy she might have been with the other fellow.

In the old-fashioned novel, they married on the last page and lived happily ever after; in the new-fashioned novel, they live unhappy 'till they get a divorce in the last chapter.

We notice in an advertisement in a city exchange where another nickel cigar has dropped from 8c to 6c.

We've never yet met a Plymouth man who didn't love to brag about how bad he was when he was a boy.

We note in the press reports where a girl is going to cross Niagara Falls on a tight-rope. All we can say for her is that she wants to get to Canada worse than we do.

Beauty is only skin deep, and a lot of 'em get skinned trying to get it.

Most Plymouth people declare spitting is impolite. Not if you are spitting on your hands so you can do more work.

Last year, 15,000 people were killed in auto accidents, and the speeders hope this will warn pedestrians to keep off the highways.

More people are looking for positions than jobs, and more are after jobs than work.

The thing that worries the boss most is the number of unemployed still on the payroll.

Many Plymouth parents are getting so blamed independent that they pick right up and go to church without asking their children about it.

There probably was a house shortage when the song writer dashed off "Rock-a-Bye Baby in a Tree-Top."

BOVINE GALACTAGOGUE

For increasing the milk flow in cattle recovering from diseases of the system, which suppress the milk supply or from abnormal conditions of the udder, which have caused temporary suppression.

Directions—Dose, a tablespoonful either on the feed or dissolved in water, and given as a drench two or three times a day.

BASKET BALL GAMES

Girls' Basket Ball Game

The girls' team played at Farmington, Friday night. The game looked promising for Plymouth, as about three minutes before time was called the score was 8 to 10 in Plymouth's favor. But a basket was made for Farmington just before time was called, making the final score a tie, 10 to 10. The game was then continued for a five-minute overtime period. During this period one point was made by M. Amrhein in making a foul throw, but it did not count, for in throwing she stepped over the foul line. Finally, Farmington made a basket and a foul throw, giving them the game, the score being 12 to 10 in their favor. B. Mueller, right guard of Plymouth, and Catherman, right forward of Farmington, were put off for fouls. Gladys Hake took B. Mueller's place as guard.

The line-up of the two teams was:
Farmington—
Hamilton, R. F., 3 baskets, 1 foul throw, 1 technical foul, 3 personal fouls.

Catherman, L. F., 2 baskets, 1 one-point throw, 3 technical fouls, 3 personal fouls.

Reynolds, S. C.
Goers, J. C.
Kraeger, R. G.
Pauline, L. G.

Plymouth—
Kiely, R. F., 2 baskets, 1 one-point basket, 1 foul throw.

Amrhein, L. F., 1 one-point basket, 1 foul throw, 3 personal fouls.

Freydl, J. C.
Kidder, S. C.
Mueller, R. G., 4 personal fouls, 1 technical foul.

Shuts, L. G., 2 technical fouls.
Hake, G.
Referee, C. Crane from Ypsilanti.

Farmington Defeats Rocks 29 to 5

The Plymouth High school basket ball team journeyed to Farmington, last Friday night, hoping to continue the good work of the previous week, when they defeated Northville in a close game. During the first five minutes of the game, each team was battling on even terms. After that Farmington seemed to hit their stride, and from then on it was a case of how large the score would be. The "Rocks" apparently developed a case of sleeping sickness, showing the worst basket ball they have played this season. Several changes are expected in the line-up this week, in preparation for the Wayne game, to-night on the local floor.

The line-up was as follows:
Farmington—
Staman, R. F.
Harger, L. F.
Sallow, C.
Catherman, R. G.
Treadway, L. G.

Plymouth—
Hickey, R. F.
Sutherland, L. F.
Sayles, C.
Holmes, R. G.
Miller, L. G.

Substitutions—Wixom for Harger; L. Doudt for Hickey; Stevens for Miller.

Second Team Game

The second team game with Farmington, last week, showed again that it takes basket-shooting to win a game. Plymouth team had the tip-off, they had height to keep the ball over the heads of their opponents, but when it came to scoring, the ball simply would not drop in the basket. Farmington's team was smaller, but quicker. The first quarter ended 2 to 2, a field basket by Sayles being equalized by two shots from the foul line by Quinn. The Plymouth defense slipped in the second quarter long enough for Farmington to get four baskets in quick succession, and the half ended 10 to 4, but Plymouth steamed up in the third quarter, tied the score at 11, only to lose the lead at once. The quarter ended 15 to 13, which was the score also, as neither side could get a point during the fourth quarter. Sayles was the high scorer for Plymouth, with 6 points, and T. Strasen next with 5. Wixom showed up best for Farmington.

The line-up was as follows:
Plymouth—
P. Kenyon, R. F.
M. Strasen, L. F.
D. Sayles, L. G.
C. Chappel, R. G.
H. Wilson, Sub.

Farmington—
Quinn, R. F.
Bryan, L. F.
Wixom, C.
Grace, L. G.
Clark, R. G.
Steele, R. G.

Wayne Victorious Over Young Men's Club

Wayne played their return game at Plymouth, last Friday, February 17th. The Young Men's Club played the best game of basket ball that they have played this season. Plymouth went into the game with their minds set on winning, which they showed at the start of the game. The signals worked good, which was proved by the first few baskets made by our team, starting the score in our favor. The luck from then on seemed to fall to Wayne. If it counted a basket when the ball would roll around the edge or stand on the edge and then fall any place except in the basket, we think Plymouth would have won the game by an enormous score. The score at the end of the half was 14 to 26 in Wayne's favor. Cook and Burch were put out of the game in the last quarter, after using the amount of fouls entitled them. The final score was 28 to 46 in Wayne's favor.

The line-up was as follows:
Wayne—
Ziegler, R. F.
Morton, L. F.
Smith, C.
Hoops, R. G.
Eraser, L. G.

Substitutes, Nichols and Gerbstead.
Plymouth—
Schrader, R. F.
Burch, L. F.
Cook, C.
Kuhn, R. G.
Hanchett, L. G.

Substitutes, Wollgast, Roe, Kirk.
Goals and fouls for Wayne were:
Ziegler, 7 field goals, 6 free throws,
Morton, 3 field goals, Smith, 7 field goals, 2 personal fouls. Brown, 5 field goals.

Goals and fouls for Plymouth were:
Schrader, 4 field goals, 1 personal foul. Burch, 5 field goals, 4 per-

sonal fouls. Cook, 1 field goal, 4 personal fouls. Kuhn, 2 personal fouls. Hanchett, 3 field goals, 1 personal foul. Roe, 1 field goal.

Methodist Matters

The Epworth League mission study contest is increasing in interest and enthusiasm. Better plan to be present next Sunday evening.

The Men's Bible class had an unusually enjoyable evening at the home of William Tait on North Harvey street, last Tuesday evening. A large number of men and their wives and friends were present. The games and stunts of the evening were in keeping with the valentine season. Aside from the fellow who was announced as the "garlic man," and another as the man with "strong" feet, everyone had a huge time, even the ladies whose pictures had been drawn by a special artist and hung around the walls. These monthly occasions of the class are growing more popular.

Mrs. Howell's division served a very pleasing banquet, last Tuesday evening, to the friends who so kindly gave their assistance to the entertainment that this division put on some few weeks ago. Chicken, jelly, pickles, "worms," ice cream, etc.—it was surely fine. We were glad to be invited to the affair.

The entertainment given last Wednesday night by Mrs. Kenter's division, with a trip to Palm Beach, was surely a fine occasion. One was fairly transported to the sunny clime where the colored folk live.

The folks who attend the mid-week service on Thursday night are enjoying Excursions in Stewardship now. Everyone is cordially invited to join with us in these delightful trips. Come and bring a friend.

The Teacher Training class, Thursday night, at 8:00.

An umbrella with a blue knob on the end of it was exchanged for one with a white knob, Sunday before last, at the church. Whoever has such an umbrella will please investigate and report to the parsonage. The white-knobbed one is at the parsonage. The blue one was a gift to one of the members of the church, who is very anxious to get it back.

If you are not registered at the village hall, and you are a qualified elector, you are requested to get busy at once, and get your name recorded as a citizen.

The feature film for next Monday night will be, "Educating Susan," also a scenic and a comedy.

How many folks, we wonder, would care to live in a community where there were no churches? Yet how many are there, too, who pay no attention to the church until dire calamity, or misfortune, or sorrow overtake them, and then they look for help from the one source that can bring them the greatest comfort.

Stand by the church, it is one's best ally and protector. And stand by Christ, it's Founder. He is one's best Friend and Counsellor. "Love not the world, neither the things of the world."

Our moral conscience these days need re-awakening in this country to help us to discern clearly between right and wrong. Sunday picture shows for business profit or personal, selfish pleasure are without question entirely contrary to the spirit of Christ.

The story going the rounds that the Methodist church as had picture shows on Sunday, and made a charge for it, is entirely erroneous, and either an intentional falsehood or a gross misunderstanding. It has not been contemplated, let alone tolerated.

They Appeal to Our Sympathies.

The bilious and dyspeptic are constant sufferers and appeal to our sympathies. Many such, however, have been completely restored to health by the use of Chamberlain's Tablets. These tablets strengthen the stomach, invigorate the liver and improve the digestion. They also cause a gentle movement of the bowels. When you have any trouble with your stomach, give them a trial.—Advertisement.

ADVERTISE in the MAIL.

WARNED BY PHONE

Telephone Transmitters Give Alarm of Breaking Dam.

Disaster May Be Averted by Spoken Word That Travels Faster Than the Flood.

Terrible disasters have been caused by the irresistible swirl of rushing floods, in which unsuspecting persons were caught without warning. In one instance, years ago, a gay party on a four-horse trolley was enthusiastically exploring the wonders and beauties of Turkey Creek canon, near Golden, Colo. Gathering rainclouds failed to cast a shadow upon their high spirits, and no serious thought was given to danger from the rapidly approaching storm, because the tourists were not familiar with the characteristics of the local tempests, nor with the topography of the surrounding country.

The storm suddenly burst with great fury upon the unprepared pleasure seekers and the deluge of water caused them quickly to abandon the trolley and hunt for shelter. Closely huddled against the towering sides of the canon, they soon realized with anxiety, that they had not reckoned with the forces of nature. The terrific rush of water down the canon sides swept them from their feet, and down to the bed of the canon, where a torrent of water now raged. Despite their struggles, many of the party lost their lives, and those surviving were seriously injured.

Another instance was the great flood at Johnstown, Pa., and the more recent was the disastrous flood at Pueblo, Colo., where the toll of lives, and property damage, reached enormous proportions.

As a protection against such terrible events as these, a system of huge telephone transmitters and amplifiers has been produced which will throw the human voice a distance of four miles. Extensive tests have been made with this apparatus, which have proved the practicability and success of the endeavor. These tests were conducted in the Catskill mountains by a specially trained group of operators. A tower, thirty feet high, was erected to hold the gigantic amplifiers and the immense projectors which measured fifteen feet in length and four feet in height.

To determine just how far the human voice could be heard with these aids, was accomplished in rather a weird manner, because the time selected was at night. Four men took up previously agreed-upon stations, at distances of one, two, three, and four miles from the tower. As the time drew near for the experiments, the four men applied matches to specially prepared torches, which gave large flaring flames.

Meanwhile at the tower were gathered a party of men chosen to observe the tests, and who interestingly watched the tiny flickering torches in the distance. When the "zero hour," or time set for tests, arrived, the operator at the tower took his place before the transmitter of the apparatus, and in a natural tone of voice, ordered the far-off men to wave their torches.

Breathlessly the watchers at the tower peered through the inky blackness at the nearest torch was seen to describe vigorous circles in the air. Exclamations of satisfaction came from the watchers, which rose to a shout, as the second, then the third, and finally the fourth torch was seen to dip and wave wildly in the darkness, thus showing plainly that all the men had heard the command. The operator at the transmitter then spoke to the men again, in reply to their ready signals, and bade them wait for further instructions.—H. A. Lane in Popular Mechanics Magazine.

\$100,000,000 for Toys.

The people of the United States spent more than \$100,000,000 for toys and games during 1921. The National City bank announces that the factory value of toys manufactured here more than trebled when the war cut us off from Germany, formerly the chief source of our toy imports. In 1919, the value of toys made here was \$40,000,000 as against \$14,000,000 in 1914. Toy imports fell from \$8,000,000 in the year before the war to \$1,000,000 in 1918. In 1920 imports rose to \$6,000,000 and this year to \$10,000,000. Capital engaged in the industry here advanced from \$10,000,000 in 1914 to \$25,000,000 in 1919. Exports of American toys advanced from less than \$1,000,000 in the year before the war to \$4,000,000 in 1920.—New York Sun.

Wifely Solitude.

"Jack, dear," said Mrs. Youngbride, "I fear you are worrying about the household details."
"What do you mean, Helen?"
"You were talking in your sleep again last night and every little while you'd say, 'Give me some more chips.' You really must get your mind off the woodpile, dear."—Boston Transcript.

In Days Beyond Recall.

"Talking about expensive drinks," said Boozem, "what about the one in which Cleopatra dissolved the pearl?"
"That's nothing!" returned Joakley. "I have put a whole mint in a julep myself."—Boston Transcript.

Houses Built to Last.

Except those that have been built in a hurry since the war, the houses and office buildings of Belgium are constructed of stone and brick and intended to serve at least 100 years.

A Judicious Inquiry.

A well known traveling man who visits the drug trade, says he has often heard druggists ask a customer, who wished to buy a cough medicine, whether it was for a child or an adult and if for a child, they almost invariably recommended Chamberlain's Cough Remedy. The reason for this is that they know it always cures. There is not the least danger in giving it and for colds, croup and whooping cough it is unsurpassed.—Advertisement.

RAPID ADVANCE MADE IN FLYING

New Record Marks End of 18 Years' Aviation Work.

MANY LIVES ARE SACRIFICED

Wilbur Wright in December, 1903, Flew 59 Seconds; Recently Edward Stinson Flew More Than 26 Hours—Wonderful Achievements of American Aviators Mark the Year 1921—Navy Racer Makes an Average Speed of 176.7 Miles an Hour.

Man's first feeble flutter in his conquest of the air lifted him aloft for the fleeting period of fifty-nine seconds. Eighteen years later he soared eagle-like through space for twenty-six and one-third hours.

When Wilbur Wright, in a heavier-than-air machine, flew 852 feet at Kitty Hawk on December 17, 1903, the feat was pronounced one of the marvels of the century. The whole world rang with the accomplishment.

Recently a monoplane, piloted by Edward Stinson, accompanied by Lloyd Bertaud, a mechanic, finished a continuous flight of 26 hours 19 minutes 35 seconds. In eighteen years a span of less than a minute had been stretched to more than a day and a night. Yet the marvelous performance at Mineola is heralded as simply the breaking of a world's endurance flight in aviation.

Many Lives Sacrificed.

While the advance in the science of flying has been both rapid and startling, when the period involved is considered, a careful analysis shows that the progress came not by leaps and bounds, but rather through hundreds of experiments, sacrificed lives and determination seldom devoted to similar projects.

Eight years after Wright's initial flight he still held the world's record with seventy-seven miles, made in 2 hours 20 minutes and 28 seconds at Anvers, France. Two years before that, A. Santos Dumont covered 720 feet in the first flight ever made in Europe. In 1909 Henry Farman had gained the flying honors for France with a flight of 187 miles in 4 hours 8 minutes and 25 seconds.

Just a decade after Wright had made his first "hop off" national and international flying races for famous trophies were the vogue in both Europe and America. Then came the war, and the sporting side of aviation gave way to the more serious combat of the air, with hundreds of aviators killing and being killed in a realm foreign to mankind but a few years before.

Before the transition, however, the feats of the Wrights, Farman, Santos Dumont and the other pioneers of the plane had passed to be impressive flying had passed to the competitive plane, with records for speed, endurance, altitude and passenger carrying being pushed upward annually. Seven years after Wright's 59-second flight, G. Fourney held the endurance record with fourteen hours of continuous flying.

At the close of 1914 this record had been almost doubled, for W. Landmann maintained a continuous flight of 21 hours 48 minutes and 45 seconds in Germany, between June 28 and 29 of that year. The records also show that L. Noel of England flew for more than 19 minutes with nine passengers and fifteen passengers had been carried to a height of nearly a thousand feet by the Russian aviator Sykorsky.

Stinson added 2 hours and 28 seconds to the world's best previous endurance record previously held by Broussoutrot and Bernard as the result of a flight made in France a year ago last June. A span of four and a half hours was thus added by Stinson to the record made by Landmann some seven years ago.

Flying at a speed of ninety-five miles an hour, they had battled with a snowstorm while skimming over the earth at a height of less than 100 feet, with cold below zero, with a seventy-mile gale, and with hot stinging oil that splashed in their faces and almost blinded them.

Fly 2,500 Miles.

While no official record was kept of the distance flown by the Americans, competent observers estimated that their plane had covered approximately 2,500 miles. In distance covered Stinson and Bertaud undoubtedly surpassed all former records, and more than equaled the transatlantic flight of 1,960 miles made by late Capt. Sir John Alcock and Lieut. Arthur W. Brown from St. Johns, Newfoundland, to Clifden, Ireland.

The endurance flight came as a fitting climax to the achievement of American aviation in 1921, when four world's records were made by Yankee aviators. The other three were:

An altitude and efficiency record for flying boats made when a Leoning monoplane reached 19,500 feet with four passengers on August 18.

An altitude record made by Lieut. J. A. McCreedy of the army air service, who piloted an airplane to the height of 37,800 feet at Dayton, Ohio, on September 28, breaking the previous mark of 33,114 feet set by Maj. Rudolph Schroeder.

A speed record for a closed course in the Pulitzer trophy race was made by Bert Acosta, who drove a Curtiss navy racer at an average speed of 178.7 miles an hour for 150 miles at Omaha, November 8.

Chamberlain's Cough Remedy Aids Nature.

Medicines that aid nature are always most effectual. Chamberlain's Cough Remedy acts on this plan. It allays the cough, relieves the lungs, aids expectoration, opens the secretions and aids nature in restoring the system to a healthy condition. Thousands have testified to its good qualities. Try it when you have a cough or cold.—Advertisement.

TROLLEY BOWLING LEAGUE

One of the closest races in the Trolley League has developed. The Reds head the procession, with three teams tied for second place. Only sixty-seven per cent separate the first seven teams. Only four more weeks of bowling, and the race is so close it is hard to pick the winner. The dope looks best for the Rocks and Reds, on account of the best schedule for the remainder of the season. Turn out and root for your home team. Let's pull for Plymouth every Thursday night at the bowling alley. Everybody welcome.

Team	Standing	W	L	Pct
Redford Reds	1	27	18	.600
Plymouth Rocks	2	25	20	.554
Lupham's Five	3	25	20	.544
Trolley Liners	4	25	20	.544
Jim's Bears	5	24	21	.533
Huck Finns	6	24	21	.533
Plymouth Indians	7	24	21	.533
Redford Blues	8	6	39	.133

If you have anything to sell, a liner in the Mail will bring you a buyer. Try it and see.

PROBATE NOTICE

STATE OF MICHIGAN, County of Wayne, ss.
At a session of the Probate Court for said County of Wayne, held at the Probate Court Room in the City of Detroit, on the first day of February in the year one thousand nine hundred and twenty-two.

Present, Henry S. Hulbert, Judge of Probate.
In the matter of the estate of Edward C. Bassett, deceased.
Floyd Bassett, executor of the last will and testament of said deceased, having rendered to this court his final administration account and filed therewith his petition praying that the residue of said estate be assigned in accordance with the provisions of said last will.

It is ordered, that the seventh day of March next, at ten o'clock in the forenoon at said Court Room be appointed for examining and allowing said account and hearing said petition. And it is further ordered, that a copy of this order be published three successive weeks previous to said time of hearing, in the Plymouth Mail, a newspaper printed and circulating in said County of Wayne.

HENRY S. HULBERT,
Judge of Probate.

REGISTRATION NOTICE

Notice is hereby given that the Board of Registration for the Village of Plymouth, Wayne County, State of Michigan, will meet at the Village Hall in the Village of Plymouth, on Saturday, March 4, 1922, from 10:00 o'clock a. m. to 9:30 o'clock p. m. eastern standard time, for the purpose of completing the registration of the electors of said village.

ELECTION NOTICE

Notice is hereby given to the qualified electors of the Village of Plymouth, Wayne County, State of Michigan, that the regular spring election will be held in Plymouth Village Hall, in said village, on Monday, March 13, 1922, for the purpose of electing two Commissioners to hold office for two years, beginning March 27, 1922.

Resolved by the Commission of the Village of Plymouth, State of Michigan, in the opinion of this Commission, the subject of regulating theatres and moving picture shows in this village should be decided by the people.

Therefore, be it resolved that the Village Commission submit to the electors of said village for approval or disapproval the following "Ordinance providing for the licensing and regulating of theatres and moving picture shows in the Village of Plymouth, State of Michigan," at the regular election to be held on March 13, 1922.

AN ORDINANCE providing for the licensing and regulating of theatres and moving picture shows in the Village of Plymouth, State of Michigan.

The Village of Plymouth Ordains: Section 1. From and after the taking effect of this ordinance, it shall be unlawful for any person or persons, firm or corporation, to establish, maintain or operate, within the limits of the Village of Plymouth, any theatre or moving picture show until a license therefor shall have been given by the Village Commission.

Section 2. Application for licenses shall be made to the Village Commission and shall be filed with the Village Clerk for presentation to the Village Commission. Application shall set forth the full name of applicant or applicants and of every person interested in the issuance of the license applied for, together with the business and residence addresses of such persons, PROVIDED that if the applicant be a corporation, this provision shall apply to the officers and directors of said corporation only.

Each application shall set forth the place or places where it is proposed to establish, maintain or operate the said theatre or moving picture show, for which such license is asked.

Section 3. The Village Clerk shall keep a record of all applications for licenses hereunder and shall present such applications at the next meeting of the Village Commission after they shall have been filed by him. If the commission, upon examination of the matter, shall deem the issuing of a license consistent with the safety and good government of the village and the welfare of its inhabitants, the clerk may be directed to issue the license upon the payment of the fee hereinafter provided for.

Section 4. Before any license shall issue under the terms of this ordinance the applicant or applicants shall pay to the Village Clerk, as a license fee for establishing, maintaining or operating such theatre or moving picture show, the sum of one dollar per annum. The payment of the aforesaid sum shall entitle the licensee or licensees to establish, maintain and operate such theatre or moving picture show for the period of one year, subject to the provisions of this ordinance. PROVIDED, that licenses under the provisions of this ordinance shall begin to run and date from the first day of May in each year and no license shall be issued for less than the full annual fee, except when the application is filed more than six months after the first day of May and in such case the applicant shall pay one half the annual fee for the remainder of the year up to the first day of the following May.

Section 5. The commission shall have the power to appoint a committee to censure and examine all films for all moving picture shows and no films depicting the commission of crimes of any kind shall be exhibited and the commission shall have the power to suppress any questionable exhibition.

Licenses issued hereunder may be revoked at any time by the Village Commission for violation of the terms of this ordinance, violation of any state or federal law or violation of any reasonable police regulations of the Village Commission generally imposed upon licensees under this ordinance.

Section 6. All theatres and moving picture shows licensed under the provisions of this ordinance shall be closed to the public from midnight until eight o'clock the following forenoon. PROVIDED, that no such theatre or moving picture show shall be open to the public from midnight Saturday night until eight o'clock Monday forenoon. Quiet and good order shall be maintained upon the premises and adjacent streets and no person or persons shall be permitted to loiter or stand in or about the doorway or in front of said premises.

Section 7. Any person or persons violating this ordinance or interested in the license, permitting or being in any way responsible for the violation of its provision may, upon conviction before a court of competent jurisdiction, be sentenced to pay a fine not exceeding One Hundred Dollars and the costs of prosecution and in default of payment thereof may be sentenced to the Detroit House of Correction or such other place of confinement as may be lawfully determined, for a period not

exceeding ninety days or the court, in its discretion, may sentence the offender to suffer both fine and imprisonment within the limits prescribed by law.

Section 8. This ordinance shall take effect on the 31st day of March, A. D. 1922.

Resolved further, that the form in which the said ordinance shall be on the ballot at said election is as follows: An ordinance providing for the licensing and regulating of theatres and moving picture shows in the Village of Plymouth, State of Michigan.

Resolved that the Village Clerk be, and he is hereby instructed to cause the proper notices of the submission of the above proposed ordinance to be published in connection with the notices of the regular election, in accordance with the provisions of the charter of the Village of Plymouth. Dated, Plymouth, Feb. 21, 1922. Sidney D. Strong, Village Clerk.

To All Whom It May Concern

Notice is hereby given that it is the intention of the Commission of the Village of Plymouth to construct a public sanitary sewer together with the necessary laterals along the following route in the Village of Plymouth, to-wit: Beginning at the intersection of Starkweather avenue and Main street and running thence northerly along said Starkweather avenue to Division street, and also from the north side of the P. M. R. R. tracks, North to a point 450 feet North of Pearl Street.

That two-thirds of the expense of said improvement will be assessed on the lots or lands particularly benefited by said improvement in proportion as near as may be to the benefit which each of the said pieces or said parcels of land so particularly benefited will receive by reason of said public improvement, the property to be so assessed being as follows, to-wit: All lots and parts of lots fronting on Starkweather avenue beginning at the intersection of Starkweather avenue with Main street and extending thence northerly along Starkweather avenue to 450 feet North of Pearl street.

That maps, plans, specifications, drawings, diagrams and estimates of the cost of said sewer are now on file in the Office of the Village Clerk subject to public inspection and that the Commission of said Village of Plymouth will meet at the Village Hall in said Village on Monday, the 6th day of March, A. D. 1922, at 7:00 o'clock p. m. for the purpose of hearing objections and suggestions in regard to the construction of said improvement.

Sidney D. Strong, Village Clerk. Dated, February 20th, 1922.

To All Whom It May Concern

Notice is hereby given that it is the intention of the Commission of the Village of Plymouth to pave Starkweather avenue from its intersection with Main street and extending thence northerly to the northerly line of said Village.

That a portion of the expense of said improvement will be assessed on the lots or lands particularly benefited by said improvement in proportion as near as may be to the benefit which each of said pieces or parcels of land will receive by reason of said improvement of the property to be so assessed being all those lots or parcels of land fronting on Starkweather avenue from its intersection with Main street to the said northerly limits of said Village of Plymouth.

That maps, plans, specifications, drawings, diagrams and estimates of the cost of said pavement are now on file in the Office of the Village Clerk subject to public inspection and that the Commissioners of said Village of Plymouth will meet in the Village Hall in said Village of Plymouth on Monday, the 6th day of March, A. D. 1922, at 7:00 o'clock p. m. for the purpose of hearing objections and suggestions in regard to the construction of said improvement.

Sidney D. Strong, Village Clerk. Dated, February 20th, 1922.

Baptist Notes

The pastor spoke last Sunday morning on "Citizenship," using Phil. 3:20 as the text. The comparison between earthly and heavenly citizenship are very near in the fundamentals. But to be a good citizen one must obey the commandments, for says the scripture, "To obey is better than sacrifice," 1 Saul 15:22. The Sunday before the sermon was on "Stewardship." Next Sunday on "Fellowship," and one week from Sunday on "Partnership."

Mrs. Best's class held a delightful party, last week, at the church. About fifteen girls enjoyed the good time. Wednesday evening of this week, the ladies served a community supper, after which the pictures of the Baptist colleges and schools in America were shown: 275 colleges reported as 15,324 Baptist students in 1921. The Northern Baptist convention maintains 63 schools, colleges and seminaries, besides 17 schools for negro and other races. Their value a \$33,000.00; endowment, \$57,000.00; teachers, 1618; students, 31,391. All to make America better in every way. Why not every young person go to school somewhere, and continue their education.

Prayer meeting at the home of Mr. and Mrs. Wilke on Thursday evening. Get in line for some of the real things of life.

The pastor was confined to his home several days last week—a touch of the gripe—but was in his pulpit on Sunday.

Chamberlain's Tablets

For Indigestion and Constipation. "The nicest and pleasantest medicine I have used for indigestion and constipation is Chamberlain's Tablets," writes Melara F. Gray, Middle Grove, N. Y. They work like a charm and do not gripe or leave any unpleasant effect.—Advertisement.

More Facts You Should Know!

- 1 For the calendar year, January 1, 1921, to January 1, 1922, Buick built and actually sold over 80,000 automobiles.
- 2 These sales for the calendar year 1921 exceeded by over 12,000 cars the sales of any automobile manufacturer having a six-cylinder automobile in its line.
- 3 These sales for this period likewise represent a volume of business greater by over \$9,000,000 than the sales of any other automobile manufacturer excluding Ford.
- 4 These figures are taken from official reports and are absolutely reliable.

Fresh and Salt Meats

There's going to be a SALE in town, of which I wish to speak, Presbyterian Bake, the name; time, two o'clock Saturday this week. Gas office is the spot in which you'll find the goods, The fifth division does the work, under Chairman, Mrs. Woods.

On sale you'll find the choicest kind of good things baked at home, The lightest, whitest kinds of bread, and biscuits light as foam; And don't forget the pork and beans, baked to a golden brown, With cottage cheese from standard milk—the finest Dutch in town.

And cakes for which the children cry and older folks go wild, If you go home without two cakes, you surely are "hard-billed," And pies—the kind that Henry likes, and John, and also Bill, They'll never leave off eating these until they get their fill.

Just read this doggerel carefully to fix the place and date, Then grab your hat and coat and purse—please come and don't be late. The division wishes all to know that prices are not high, They kneaded dough to make these things—you'll need less dough to buy.

Mrs. A. G. Burnett returned home, Friday, from a few days' visit with friends and relatives at Waterloo, Jackson, Leslie and Chelsea. She was accompanied home by her sister-in-law, Mrs. Walter Vicary of Waterloo, who remained over Sunday with her.
About fifty ladies attended the meeting of the Ladies' Aid of the Methodist church, held at the home of Mrs. H. A. Spicer on Ann Arbor street Wednesday afternoon, Feb. 22. After the regular order of business a program appropriate to the day was rendered.
Word has been received from Mrs. Harry Laible, son of Mrs. Iva Bentley, saying that they are nicely settled at St. Petersburg, Florida, and have an apartment in the same house with Mr. and Mrs. Hadley Underwood. Milton is rapidly gaining his health, and the weather is fine, it being 85 degrees in the shade the day the letter was written.

The Ladies of the Macabees had a very pleasant time at their regular meeting, last week Thursday evening. Candidates were initiated and a social time and light refreshments were very much enjoyed, after which the guards practiced until a late hour. At the meeting, March 2nd, there will be candidates and members are urged to attend. Mrs. Carrie Gilbert, district deputy is expected to be present.
Early last Sunday afternoon, during the electrical storm, lightning struck an electric light pole on Williams street, which supplied electricity to the following residents: Arthur Blunk, Manna G. Blunk, Mrs. Eva Hansen and Charles Rathburn. The shades on the chandeliers in these houses were broken and dense smoke prevailed. At the home of Charles Rathburn on Penniman avenue, fire broke out in the attic, but the blaze was quickly extinguished before serious damage was done.

Mrs. George Howell and Mrs. Frank Dick's division of the Ladies' Aid of the Methodist church, pleasantly entertained at a 6:30 o'clock dinner in the dining room of the church, last Tuesday evening, the cast of characters who took part in the play, "The Face at the Window," recently presented at the Penniman Allen theatre. Mrs. William Felt acted as matron of the kitchen, and Mrs. William Sutherland as matron of the dining room. The tables were prettily decorated in Washington birthday colors and emblems, and a delicious four-course dinner was served. After the dinner a short program consisting of music and readings was enjoyed.

Give Your Car a Square Deal

You wouldn't think of leaving your piano or your dining room furniture set out in all kinds of weather—rain, snow or blazing sun.
Your car should be as well taken care of as these. It cost many times more, is even a greater convenience and is entitled to at least equal treatment.

A neat, substantial garage is a good investment. It will increase the value of your property more than the amount necessary to build a garage. A garage will keep your car bright and new, lengthen its life and lower the cost of upkeep. Give your car a square deal.

RECREATION NOW FOREST RESOURCE

Nation's Playgrounds Attract Many Thousands of Visitors.

NEW PROBLEMS TO BE MET

Counties, Municipalities and Individuals Doing Much by Donations and Constructive Planning to Solve Problems of Sanitation, Public Health and Protection of Property—Forests Forest Supervisor Faces—Headquarters Now in Cities.

Outdoor recreation ranks today as one of the major resources or utilities of the national forests, according to the annual report of the forest service, United States Department of Agriculture.

"The presence of large numbers of people on favored recreation areas," the forester says, "creates problems of sanitation, of public health and of protection of public property which cannot safely be ignored. Counties, municipalities, and in some cases individual citizens, are doing much by generous donations and constructive planning to relieve the situation. Several municipal camps are examples of the high public service which campground improvements promote. After the fullest possible co-operation has been secured, however, there will remain many important recreation areas where action by the government will be necessary to preserve public health and property.

"Much of the recreational resources," says the report, "may be made available for commercial development under conditions safeguarding the public against poor service, discrimination, or extortionate charges. Rentals derived from occupancy under permit of national forest lands constitute a permanent and rapidly growing source of income. Even under present conditions this activity is more than self-supporting.

Wild Game Habitat.
"The use of the national forests as the habitat of wild game is of considerable public importance. The presence of game adds to their attractiveness not only to hunters but to occupants generally. Game presents a combination of problems—biological, legal, and range. The most important range problem is in the immediate vicinity of the Yellowstone National park, where about 1,850,000 acres are devoted primarily to the protection of elk herds."

After pointing out that lack of winter range during unfavorable years has played havoc with these herds, but that an open winter and good spring last year has largely replenished both the Jackson Hole and the northern herd, and that inroads on the latter herd by poachers and that hunters have been almost completely stopped by the forest service, the report continues:

"But the stopping of poaching and one good season do not solve the problem, which is essentially one of winter range. Some provision was made years ago by the federal government for the Jackson Hole herd through purchases of hay and through additions to the forest under authority of congress; but the northern herd is left with a most unsatisfactory winter refuge. To meet this situation the remaining public lands lying along the Yellowstone river and between the Absaroka and Gallatin national forests should be added to these forests."

Refuges for Game.
The national forests, says the forester, contain many acres which might advantageously be used for the perpetuation of wild life by setting them aside as game refuges. "The dedication of such areas to the protection of game would be purely a function of land management, the state's control over the game being unaffected."

Supplementary to these game refuges which would serve as breeding places there should be, declares Colonel Greeley, "definitely formulated plans for wild-life administration." The native bear, bird, and fish population of the forests should be regarded and handled just as are their trout and fur-bearing mammals. "Under skillful

management the quantity produced can be increased, its kind regulated, and its most desirable utilization secured.

"The wild life of the forests has various kinds of values—material, aesthetic, scientific, educational. All should be recognized. Unregulated use means its impairment; intensive use, often its eventual destruction as a resource. Expert knowledge of all the factors that determine its amount and character on a given area, combined with a just appraisal of all the human services and values realizable from it, are fundamental requisites for its proper administration."

Supervisors' Problems.
In many cities west of the Great Plains you will find national forest headquarters in the business sections of these places. There are such offices in Seattle, Portland and Los Angeles; in Denver and Salt Lake City; in Missoula, Mont., and in Phoenix, Ariz. You will also find these headquarters in dozens of little places that you never heard of. Fifteen years ago almost all the forest headquarters were in little settlements or out-of-the-way towns close to the forests themselves. But for the better service of the public it has been necessary to move them, where possible, to more accessible points.

"The forest supervisor," says Herbert A. Smith, assistant forester in charge of public relations, forest service, in a bulletin, "is first and foremost a business man, the local manager of an important enterprise, of some million acres of land permanently devoted to the advancement of the general welfare. His duties as a manager are partly those of an executive in charge of a property which must be protected, developed and improved. But they are also very largely those of a sales manager. What he is engaged in selling, however, is something more than the things that bring in money to the government. It is service to the individual, the community and the nation.

All Technical Men.
"The supervisor may or may not be a college graduate who has prepared for his profession as would an engineer or a student of agriculture at a state university; but he is always a graduate of the school of the woods. Over one-third of the 132 supervisors have been through a professional school of forestry. But all should be counted technical men, for to be qualified for their jobs they have had to learn, through years of service, the practice of forestry as it is applied on the national forests.

"Before finding out just what this means, we may profitably note what sort of business goes on in the supervisor's office. On his desk is his morning mail—perhaps 50 or 60 letters. If it does not happen to be a busy time. Some are from people whose homes are within or near the forests and who have written for a permit to cut some 'freecuse' timber for fuel, fencing or lumber, or who want summer employment as fire guards, or who are not satisfied with the way the local ranger is dealing with them. For we must remember that our general sales manager for the forest, in the person of the supervisor, is not the man who does most of the actual selling.

"The men in first-hand contact with the local public are the forest rangers—a goodly body, all in the classified civil service and, therefore, selected on the basis of proved qualifications. The forest ranger has almost become famous, collectively speaking, in the West and even in the East. That is partly because he is a somewhat picturesque and romantic figure as well as a highly useful citizen and public officer. He is indeed in a sense the keystone of the forest service arch; all the rest of the administrative organization leads up to him and he is the final unit that completes the system.

"Since the rangers are the actual salesmen of service to the local public, if they don't mind their p's and q's the supervisor quickly hears of it—and very likely also if they do.

Grazing Problem.
"When the forest service took charge of the forests in 1905 the most pressing administrative problem was what to do about grazing. Unregulated grazing was proving seriously injurious both to the growth of timber and to water supplies, and the range itself was fast losing productive capacity. Many persons advocated entirely closing the forests to the grazing of sheep. No one would think of suggesting such a policy now.

"The timber is still too far distant

from local markets and means of transportation to the general markets of the country to have come into full demand. The West has not grown up to it. But the pasturage is fully utilized, under methods which safeguard the tree growth, hold in check erosion, prevent interference with the purity and regularity of streams, and are bringing back the depleted ranges to their full productive power.

"Within the national forests, reaching as they do from Mexico to Canada, from almost sea level to the summer snow banks, and from the desert to the well-watered mountain meadows where the finest cattle graze keep in luxuriant verdure, the widest diversity of conditions exists. There is natural sheep range, natural cattle range and natural goat range; there is range on which it takes 50 acres of land to support a cow, and range which at its best might carry 80 head of cattle to the quarter section through the summer season; there is winter range, summer range and year-long range; there is range on land where the tree growth is no more than scattered brush, valuable only for water protection, range on denuded foothills and mountain slopes, in dense brush, in open parks, in timber that grows wide-spread and high-crowned so that one may see through it for a mile, and in timber so dense that sheep can scarcely penetrate it."

LOCAL NEWS

Special sale day, Wednesday, March 1st.

The village has placed an order for a car of road oil.

A thunder storm passed over the village, last Sunday afternoon.

The Howell Board of Commerce are putting on a sales day campaign similar to that put on by the Plymouth Chamber of Commerce.

TOWN MOURNS PET CAT

Under Training of Mistress It Became Extremely Intelligent.

Doylestown, Pa., has been in mourning because of the death of Buster Brown, a pet cat, said to have been the oldest cat in the world. Buster, who lived at the Victory Farms the other night and was buried in a beautiful basket amid a garden of roses on the farm.

He was born in Philadelphia, May 3, 1900, and under the care of his mistress, Mrs. Clement H. Congdon, acquired almost uncanny intelligence. He was essentially a gentleman. He would not eat unless his food was served upon a plate and the plate was upon a table. He had his own bed and table furnishings, and none of the other cats on Victory Farms ever had the temerity to touch either twice.

Buster was enormous in size until age snuffed his vitality. His sleek multi-colored coat had a silver sheen, and experts pronounced him the most beautiful specimen of the breed. Age, however, tinged his coat with a reddish hue in his later years. Humane societies all over the world have photographs of him hung in their headquarters, where they serve as an object lesson, teaching kindness and care to dumb animals. His portrait has been published in every pet journal and illustrated magazine featuring animal life—always to exemplify what humane treatment will do for animals.

Like Modern "Put and Take."

Almost identical in principle with the present-day game known popularly as "Put and Take," is the game of "Trendel," particularly popular with the Jewish people during the Chanukkah holidays. It is a very ancient game and is said to have been known to the Greeks and Romans.

"Trendel" is from the German word "dreihen," or turn, hence the name for the toplike instrument with which it is played, explains the Detroit News. The trendel has inscribed on its four sides the Hebrew letters "nun," "ghimel," "heh" and "shin," which are the initial letters of the words "Nes godel hoyo shon," meaning "a great miracle was performed then." In playing the game the consecutive meanings given these letters are "nights," "gaze," "faith" and "still." Thus when the top falls, with the "nun" upward the player turning the top gets nothing. "ghimel" takes the whole pot, "heh" takes half, a "shin" calls for "putting" or "adding" to the pot.

Astronomers Were Wrong.

A sixty-inch reflecting telescope purchased for the Harvard college observatory nearly 20 years ago and later abandoned as unsatisfactory has been proved by recent successful tests to be of decided value. It is one of the four largest reflectors in the world. Made 30 years ago in England by V. A. Common, a famous telescope maker, it was bought by Harvard in 1902, for a special type of visual work, but when set up and tested was called unsatisfactory. Since that time astronomers have learned much about the characteristics and special uses of big reflectors, and the recent tests promise good results with this telescope in radiometric work.

Modern Youth.

Marjory (aged seven)—That little boy next door is always trying to kiss me.
Her Brother (aged eight)—Never mind, Marjory; you know we were young ourselves once.—Boston Transcript.

C. OF C. BOWLING LEAGUE

Standing	W	L	Pct
Fisher's Fish	13	8	.619
Burley's Bums	13	8	.619
Champe's Chumps	11	10	.524
Dibble's Dubs	11	10	.524
Rambo's Ramblers	11	10	.524
Rathburn's Rattlers	10	11	.476
Pettingill's Prunes	8	13	.381
Moon's Moonshiners	7	14	.333

High Scores—Fr. LeFevre, 204; G. Strasen, 189; Chambers, 190; Crossman, 180; Thornberry, 191.

Very little high scoring, but the games were close and interesting, the men were bowling to their natural speed all down the line of battle.

Fisher's Fish have company this week in first place. Yep, the Bums felt the Fish might be lonesome, so came to a tie for first.

The Moonshiners are too particular. They had a chance to move their wares out of the basement this week, but after mixing the Prunes in the mesh three times, they found only one mixture worth keeping. So in the cellar you stay until you can turn out a better quality.

Half of the season is over, the first six teams are bunched; the first and sixth places are only separated by three full games of 143 points. In other words the Rattlers can be in first place next week if those above fall.

LOCAL NEWS

Harrison Peck, a former well known Plymouth citizen, died suddenly from heart trouble while at work at the Ford plant, Detroit, Monday noon. The funeral will be held from the home of his son, Dexter Peck, at 1255 Drexel avenue, Detroit, at two o'clock Saturday afternoon.

The H. S. Lee Foundry & Machine Co. of this village, is a busy place these days, the company having plenty of orders for their products. They are desirous of securing a number of additional molders at once. According to the financial statement of the company they are enjoying a most profitable business indeed. They are turning out a high quality of castings, which are receiving the highest commendations by some of the largest users in the country.

Although having received the highest vote in the recent primary, Dr. W. C. Jennings' name will not appear on the regular election ticket, March 13th. The village charter provides that persons must have been residents of the village for two years before being eligible for the office of commissioner. This fact was not discovered until after the primary had been held. The doctor's friends are much disappointed over this state of things, as they would have been pleased to have seen him a member of the commission. As W. J. Burrows was next in line of those running on the primary ticket, his name will be placed on the election ballot.

D. B. Grant of Portland, Oregon, was the guest of honor at the week of B. R. Gilbert. Mr. Grant is interested in a new patent tire carrier and garage machine for tire work, and came to Fenton for consultation with the Fenton Machine Tool & Die Company, which we understand was satisfactory, and these two devices will be manufactured here. One of the new devices is known as the Clark Tire Carrier and changer, and is fastened on the rear of any car for carrying tires. It is a very simple device and will enable even a child to change tires on a car within a few minutes of time. The other machine is equally simple in design and is made expressly for garage use. Both devices can be manufactured at a nominal sum, and should become rapid sellers. Mr. Grant came to Fenton on the advice of Mr. Gilbert, as Fenton is practically in the center of the automobile industry. Mr. Grant expects to move to Fenton later and reside here. Bringing his company to Fenton is a big boom for the Tool and Die plant. We understand this is a \$200,000.00 corporation. Mr. Gilbert, who purchased his home through the Nelson agency in Fenton, is responsible for bringing to the big concern to Fenton. The machinery, patterns and dies will be shipped from Oakland, California, to Fenton.—Fenton Courier. Mr. Gilbert is a former resident of Plymouth.

LAPHAM'S CORNERS

Don't forget the foot social and dance to be given at Harold Davey's for the benefit of the Jarvis school, this (Friday) night. Ladies, please bring cake. All are cordially invited.

Evan Essery visited the Stone school, Tuesday.
Miss Alta Fisher and Miss Anna Packman were Ann Arbor visitors, last Saturday.
Mr. and Mrs. Peter Fallot were Plymouth callers, Monday.
There will be a St. Patrick social at the Salem town hall, Friday night, March 17th, given by group three of the Federated church of Salem. Watch for particulars next week.
Owen Hanchett and Mona Adams spent Sunday at Mr. and Mrs. Earl Adams.

Mr. and Mrs. William Clay and son, Will, of Detroit, spent Saturday and Sunday with W. T. Smith and family.
The infant son of Mr. and Mrs. Harold Davey is ill with pneumonia.
The Wilson young people entertained a few friends at a skating party, Friday night.

Miss Marie McCarthy of Detroit, called on Miss Ruth Smith, Saturday afternoon.

Mr. Ray Newton of Ann Arbor, spent Saturday and Sunday at William Mager's.
