FIRST PRESBYTERIAN CHURCH

Rev. S. Conger Hathaway, Pastor

President Harding's Latest Message

"If I were to utter a prayer for this republic tonight, it would be to reconsecrate us in religious devotion, and make us abidingly a God-fearing, God-loving people."

SUCH IS THE FUNCTION OF THE CHURCH

PLYMOUTH HAS BIBLE SCHOOLS

EIGHTY CHILDREN ENROLLED FOR DAILY RELIGIOUS INSTRUCTIONS.

Week-day schools in religious education opened last week Thursday in Plymouth. This is the latest center to open classes for the religious education of children during school hours under the direction of the Rev. Edward R. Bartlett, superintendent of religious education of the Wayne County Sunday School Association. Schools in the North Woodward avenue section of Detroit and in Royal Oak are in their second year. Schools were opened this year in Wyandotte and at the Fort Street Presbyterian church.

The Plymouth classes will be operated by the Plymouth Board of Religious Education, which represents the combined effort of Baptist, Methodist, Episcopal and Presbyterian churches of this community. The board is made up of the pastor and two representatives from each of the churches. The following are the officers: E. T. Cope, president; M. G. Hill, vice president; R. V. Allenbaugh, secretary; S. D. Strong, treasurer, and the Rev. D. D. Nagle, pastor of the Methodist church, was elected superintendent of religious instruction.

A canvass of parents who desired their children to attend the classes was made before the opening of the school and about 80 pupils were registered. The school meets from 3 to 4 p. m., Tuesday and Thursday in the Methodist and Presbyterian churches.

The present plan is to receive only pupils of the fourth and fifth grades. As the school progresses additional grades will be given the same opportunity. The curriculum includes training in worship, instruction in the Bible by means of story telling, memory texts and similar methods. Special attention will be given to Biblical geography.

The Bible will be the only textbook. Teachers will be required to have the same qualifications in the field of religious education as required of public school teachers in their special fields.

The Plymouth Board of Religious Education plans to establish training institutes for Sunday School teachers.

MILLARD-SMITH

A wedding of interest to Plymouth friends took place in Detroit last Saturday afternoon, March 25th, when Fred Millard, of this place, was united in marriage to Miss Jessie Smith of Detroit, daughter of Mr. and Mrs. William J. Smith. The marriage vows were read in Emanuel Presbyterian church at 4:30 o'clock, in the presence of only the immediate families and intimate friends of the contracting parties. After the ceremony, the bridal party went to the home of the bride's parents on Oregon avenue where a delicious wedding supper was awaiting them. Later in the evening, Mr. and Mrs. Millard left for a few days trip to Chicago and nearby places. Mr. Millard is engaged in business with his father, and is president of the F. Millard Manufacturing Co. of this place, and on their return will make Plymouth their home. For the present they will stay with the groom's parents, Mr. and Mrs. Frank Millard on the Northville road. They have the best wishes of Plymouth friends for happiness and prosperity.

SMITH-MURRAY

Announcement has been made of the marriage of Miss Lelia Murray, daughter of Mr. and Mrs. W. W. Murray of this place, to Howard L. Smith of Detroit, which took place on February 21, 1922. Mr. Smith is manager of the Detroit district office of the Kawneer Company of Niles, Mich. The bride has been an office assistant in the Detroit district office of this company for some little time past. Many Plymouth friends of the bride extend best wishes and congratulations.

Miss Margaret Bennett of Ypsilanti, is visiting friends and relatives here this week.

NEW COMMISSION ASSUMES OFFICE

J. W. HENDERSON CHOSEN AS PRESIDENT FOR THE ENSUING YEAR.

The village commission met in regular session last Monday evening, and after transacting the usual routine of business, adjourned sine die. The new commission then assumed the reigns of government, and the work for the new year was taken up. Commissioner J. W. Henderson was elected by the members of the commission as president for the ensuing year. Mr. Henderson has served the village as commissioner for the past three years most efficiently, and his selection as president is a splendid recognition of his past services.

The commission is composed of the following members: J. W. Henderson, E. R. Daggett, George Robinson, Karl W. Hillmer and George Wilcox. The new sidewalk ordinance was adopted on its third reading at the meeting, Monday evening.

HOME TALENT PLAY

Members of Plymouth Grange will present the rural comedy play, "Aaron Slick from Punkin Creek," at the High school auditorium, Tuesday evening, April 4th. This is a good clean rural comedy, which shows how the old farmer outwits the city slickers. There's plenty of fun, and you're sure to enjoy it. The High school orchestra will furnish the music, and there will be specialties between the acts. See advertisement in this issue for cast of characters and synopsis of play.

PLYMOUTH DEBATERS WIN AT HUDSON

The first debate of the elimination series for state championship in the Michigan State Debating League was held last week Friday evening. The Plymouth High school having won sufficient points during the season to merit a place upon this series, met the Hudson High school team at Hudson. The judges, Professors Mack, Herron and Ellis from Hillsdale college cast a unanimous decision for the Plymouth debaters who upheld the negative side of the question. This means that Plymouth is still in the race for state championship.

The local debaters were able to put forth a pointed and convincing argument in opposition to the closed shop, and having won the advantage in constructive argument, they maintained that position through the last rebuttal conclusion. In criticism of the teams, the judges credited Plymouth High school with having "a very strong team."

DEATH OF ROBERT HAMILTON

Robert Hamilton, aged nineteen years, youngest son of Mr. and Mrs. Thomas Hamilton of this place, passed away last Saturday evening, March 25th, after a lingering illness of several months. The deceased was of a quiet, loving disposition, and although his illness was of a mental nature he was a patient gentle sufferer, always mindful and respectful of others. He leaves his parents, three brothers, Arthur, Laurence and Frank, and one sister, Marguerite Hamilton, who resides with her parents; also an aged grandfather, who lives at Rosebush, Mich., and many more distant relatives and friends.

The deceased was a member of Our Lady of Good Counsel church of this place, where the funeral services were held Wednesday morning at nine o'clock, Father Lefevre officiating. Burial in Riverside cemetery. The bereaved family have the sympathy of many friends in their affliction.

The following out of town friends attended the service: Mrs. G. Neff of Seginaw; Mrs. Nat. Whitney of Mt. Pleasant; John Hamilton of Sault Ste. Marie; Mr. and Mrs. Harry Richmond, daughter, Miss Belle, and son, Cyrus, and granddaughter Bernadette, Mr. and Mrs. Harry Ellsworth, Mr. and Mrs. James O'Reilly and Mr. and Mrs. John McClaine of Detroit.

GILL FARM NEAR CHERRY HILL ROBBED

The farm home of George Gill, who resides near Cherry Hill, was visited by robbers, last Friday night, and his car, thirty chickens and two calves were stolen.

The farm is located about a mile north of the Warren avenue road. A neighbor stated that a car was heard to leave the road and turn north at midnight, and about an hour later a car was heard coming back. As the roads are very bad in this vicinity, Mr. Gill is of the opinion that this was the car that stopped at his place during the night and successfully made away with his property, as cars have not been using that road of late.

Tracks show that the auto, a Dodge touring car, was pushed from the garage into the road. Blood stains made it evident that the thieves killed the calves in the barns before removing them. The chickens stolen were also in the barns.

Mr. Gill notified the officers as soon as he discovered his loss, which is estimated at about \$1,000. Only a few weeks ago the farm of Will Clark, a short distance from the Gill farm, was visited by robbers.

MARSHALL EVERETT PASSES AWAY

Marshall Everett died at the home of his brother, Pitt Everett in Canton township, last week Thursday, March 23, after a three weeks' illness. The deceased was born in Livonia Township, August 4, 1842, and was the son of the late Nelson and Myra Everett. His early life was spent in Livonia, but when a young man, he went west and later was married in Idaho, where he resided for several years.

He was the father of eight children, seven of whom are now living in the west. About twenty years ago, after the death of his wife, Mr. Everett returned to Michigan where he has since resided.

One brother, Pitt Everett, several cousins and one sister-in-law, Mrs. Hulda Everett of this place, are the only surviving relatives in this state.

The deceased was a member of Northville lodge, F. & A. M., No. 186. The funeral services were held from the Schrader Bros. Funeral Home, Sunday afternoon, March 26, Rev. D. D. Nagle, pastor of the Methodist Episcopal church of this place officiating. Burial in Union cemetery, Livonia.

David, the six-year-old son of Mr. and Mrs. Charles Mather was taken suddenly ill last Sunday, and Monday was taken to Harper hospital for treatment. The little fellow was threatened with spinal meningitis, but he is much improved at this writing and hopes are entertained for a speedy recovery.

THE BEST PROTECTION

We don't know where the idea of spring cleaning originated, and we don't care much. But we are thankful that each year finds more people awakening to a realization of the fact that the house-cleaning habit is the greatest protection to life and property that the American people can cultivate.
Anything that will improve Plymouth or give it a better appearance, or make it a still healthier place in which to live, and which will also reduce danger from fire, is worth while. House-cleaning will do all of this, and more. Rubbish that accumulated during the winter months, boxes or barrels of waste stacked against alley fences, careless disposition of ashes and paper provide unsightly spots and increase the danger of disease or a serious conflagration.
Now is the ideal time for cleaning up the attic, the cellar, the yard and the alley. Now is the time to make improvements that will mean safety throughout the summer months. A little paint here, and a little coat of whitewash there, a liberal use of hammer and nails on broken fences or out-buildings will not prove expensive when we take into consideration the loss we are apt to suffer if the work is delayed or allowed to remain undone. Don't wait for your

neighbor to start house-cleaning, but set a good example yourself. Pitch right in and improve your property, brighten your own surroundings and he will have pride enough to fall into line.
But don't put it off—for the delay of even one day may mean leaving open the way to a dangerous fire or a serious epidemic of disease.

GUARD YOUR AUTO

The Chicago crime commission has been making an investigation of the theft of automobiles. It finds that the majority of cars are stolen between the hours of 7:30 p. m. and midnight, with the crest of pilfering developing around 10 o'clock each night. By far the greatest number of machines are taken, not for their value, but to be used in various forms of law-breaking. The findings of the commission also show that auto owners do not take the same degree of care of property in this form that they do in others. A man or woman with a \$1,500 of \$2,000 investment in something besides an auto usually gives it closer attention than they do a machine that costs that much. And yet no other property can disappear so quickly. The auto is here one minute, but in the hands of a clever thief it is 60 miles away in a couple of hours. And once gone, once repainted and changed around, it is hard to recover. Therefore, guard your auto carefully, for the auto thief is just as apt to turn up in Plymouth as he is anywhere else.

Is Your Insurance "Guilt Edged?"

Due to heavy losses and expenses and reduced premium income, nearly all Mutual Insurance Companies are under considerable strain at this time. Old Line Stock Companies are not seriously affected, but many light weight concerns, which have been unwisely managed have already succumbed, or have been compelled to call for 80 per cent to 100 per cent Special Assessments, and the prevailing opinion is that others of this class have trouble ahead.

There was a large gathering of the Women's Christian Temperance Union for the meeting of Thursday, March 23, at the home of Mrs. Harry Green. The program was in charge of Mrs. W. S. Thomas who read an especially interesting paper on "Immigration" which showed careful preparation and a thorough knowledge of the subject, and which was much appreciated by all present. The meeting closed with a tea, and a social hour. The annual meeting will be held Thursday, April 13th, at 2:00 p. m. in the Methodist church. Each member is privileged to invite one friend.

From the Union Signal of March 2nd.—Six direct benefits of prohibition were briefly and clearly outlined by the Secretary of Dry Maintenance League in Cleveland, Ohio, in his annual report. They are:

- (1) Deaths from Alcoholism have decreased.
- (2) Many workhouses and jails have been closed.
- (3) Drunkenness has decreased.
- (4) Condition of children has bettered and there are fewer cases of cruelty. Children are better clothed and better fed.
- (5) Annual increase in insanity has been checked, and the scale turned downward.
- (6) Increase in bank and savings deposits were largest in years.

Episcopal Notes

Last week the Ladies' Guild met at the home of Mrs. Annie Henderson. There was a very good attendance. The members of the Ladies' Guild will meet at the home of Mrs. George Wilcox next Wednesday afternoon, April 5th, at two o'clock, and a good attendance is looked for at this meeting.

The men of the church and their friends will commence the alterations of the inside of the church this week, when the oak chancel furnishings given to us by the vestry of St. John's church, Detroit, will be installed, and it is hoped that everything will be ready by Easter Sunday.

We are advised that the handsome memorial cross for the altar has been shipped and is on its way to Plymouth. The names of those in whose memory the cross is given have not yet been engraved upon the base of the cross, as a suggestion has been made that the memorial engraving on a separate brass plate would be more suitable. This will be decided by the members of the church.

The memorial fund is still open for any member who wishes to donate in memory of one of their family, and they should communicate as early as possible with Franklin L. Gibson, Dr. Jennings or Arthur Torre, treasurer, before the engraving is completed.

There will be a service in the church on Good Friday evening, with a special preacher. The preacher has not yet been decided upon, but Mr. Gibson expects that it will be the Rev. J. McCurdy of Birmingham. Notice of this will, however, be given later.

MONSTER OF AGES PAST
SEEN ALIVE IN PATAGONIA

Amphibian of the Mesozoic Order
Reported From Territory of
Chubut, Near Andes.

Belief that a plesiosaurian monster,
an amphibian of the mesozoic order
generally believed to exist only in fos-
sil form, is still alive in Patagonia
was expressed by Prof. Clementi
Onelli, director of the Buenos Aires
Zoological garden. He announced he
had received credible reports that such
a monster was seen in a lake in the
territory of Chubut, near the Andes
mountains.

Prof. Onelli made public a letter
from an English friend of his named
Sheffield, saying that while hunting in
the Andes, he discovered a trail of
flattened out vegetation near a lake.
Indicating the track of an animal of
enormous weight. Later, says the let-
ter, Mr. Sheffield saw in the middle
of the lake an animal, with a colossal
neck like that of a swan, whose move-
ments in the water indicated that the
body was shaped like a crocodile. He
said harpoons would be necessary to
capture the monster.

Prof. Onelli said this evidence con-
firmed two previous reports that such
animal had been seen alive during the
last year in the same region, where
various scientific expeditions have
made rich finds of animals of geolog-
ical ages.

He said an expedition from Argen-
tina or some other country ought to be
sent to capture the animal.

"Fido, an Anjoule terrier, (shown
here with Miss Gladys Kenney) earns
his keep by hunting and bringing in
the eggs on the big hen ranch run by
his master, Dave Anderson, at Petal-
uma, Cal. He doesn't bother the nests
but looks only for the hidden eggs be-
neath the chicken houses and in the
fields. He averages about a bucketful
a day and never breaks an egg, even
when— as in the photograph—it is
a big goose egg.

GIRL SWALLOWS COINS

It is said she wanted to die and
Take Hoard With Her.
Virginia Johnson, nineteen years old,
of Pittsburgh, it is said, desiring to
end her life, decided to take along
all her available wealth, which con-
sisted of a dime, three nickels and
two pennies, so she swallowed them,
in the belief that they would cause
her death.

She was taken to the Allegheny
general hospital, where it was stated
that she probably would recover.
Miss Johnson was arrested and held
for a hearing in Meigs court. Late
at night the surgeon found her groan-
ing and apparently dying.
The girl, admitted, it is said, that
she had eaten bread in which she had
imbedded the dime, nickels and pen-
nies.

WHERE WINE COSTS NOTHING

Story of an Englishman, a Bottle
and the Rate of Exchange.
The fluctuating rates of exchange
in Europe bring about some humorous
as well as remarkable transactions.
Recently an Englishman on his way
from Germany to Switzerland pur-
chased a bottle of wine for 500 crowns
in the Austrian Tyrol. After drinking
the wine he kept the bottle, and when
he passed the Swiss frontier sold it
for 50 centimes. A Swiss 50-centime
piece is worth 700 Austrian crowns, so
that the Englishman not only had his
wine without cost but gained 200
crowns.

Methodist Matters

Easter meetings begin next Sunday
evening and continue each night at
7:30.
A number of the ladies from this
church attended a group meeting of
the Ann Arbor District W. F. M. S.,
at Denton, Wednesday afternoon.
An interesting program was present-
ed.

The committee regrets that it was
necessary to postpone the father and
son banquet, which was to have been
held last Tuesday night.

this week at the church. The com-
mittee hopes to make this a most

PRESBYTERIAN PARAGRAPHS

The Juniors are getting ready for
an entertainment that will command
wide interest.
F. L. Becker will lead the C. E.
meeting next Sunday night. Topic,
"Better Bible Reading."
The pastor is recovering from a
recent attack of grippe. As he did
not feel able to preach more than
once last Sunday, the C. E. meeting,
led by Truman Trumble, was sub-
stituted for the evening service.
The Presbyterian Paragraphs were
handed in as usual last week, but in
some way they were overlooked, and
did not appear in the paper. Among
the items of interest which they con-
tained, were the following:
Miss Lucile Lincoln of Detroit,
sang a beautiful solo at the service,
last Sunday morning.
The Juniors had charge of the
Senior C. E. meeting, last Sunday
night. William Rambo led and other
members shared in special numbers.
The Ready Service Class held its
monthly meeting at the church, last
Monday night. After the business
session, Miss Winn Hubble sang two
solos. The social committee served
refreshments.
E. R. Bartlett of Detroit, was in
Plymouth, Wednesday, to meet the
teachers in the Week Day Bible
school. Mrs. Zaida Chappel and Mrs.
Laura Alexander are among the lat-
ter.

Baptist Notes

A number of teachers were absent
from Sunday-school, last Sunday, as
well as scholars. Miss May Smith,
for so many years the faithful sec-
retary of the school was absent on
account of sickness. For nearly five
years she had not missed a session
of the school until last Sunday. The
assistant, Miss Fanny Grainger, was
also sick, but Miss Ruby Williams
took the place and did the work in
fine shape.

The NEW EDISON
from actual photograph
I could not tell when Pridoda
or when your phonograph was playing
says John C. Freund
DO you want to hear the phonograph which earned this remark-
able tribute from the dean of American music?
Come into our store. Ask to hear the Official Laboratory Model.
John C. Freund has devoted his life to the betterment of American
music. He is Editor of Musical America and President of the Musical
Alliance of America.
On October 16th, Mr. Freund attended Pridoda's New York recital.
After the recital, the comparison test shown above was made. Mr.
Freund (seated right) was one of the listeners. His colleagues were
Victor S. Flechter, violin expert, and Arnold Volpe, well known
violinist conductor. This letter to Mr. Edison is the result. Read it.
Let the full import of Mr. Freund's words sink in. This miracle—
which people refuse to believe until their ears convince them—is now
attested by John C. Freund:—There is no difference between living music
and its Re-Creation by the New Edison.
And this means: The New Edison brings the greatest vocal and in-
strumental performances,—because, no other phonograph sustains
the test of direct comparison with living artists.
Comparison proves it. Compare!
WHY not have, in your home, a phonograph as perfect as that used in the Pridoda test?
We have its exact counterpart. We guarantee it to be capable of the same perfect
realism.
Despite the fact that this phonograph cost Mr. Edison three million dollars to develop,
you can put it in your home for \$. . . (fill in your own first payment.)
Yes, just take a spare bill or two, come in, and make your initial deposit. All we ask is
that the amount be sufficient to indicate good faith. The balance you may budget any
way you wish.
Why not come in this week!

OFFICE OF THE PRESIDENT
AND EDITOR
October 21, 1921.
Mr. Thomas A. Edison,
Orange, N. J.
Dear Mr. Edison:
I came away from the Pridoda recital with
that feeling that I had been taken out of the real
and left of life into the spiritual - which only
the words of the masters rendered by a genius can
produce.
When the recital was over, I was present at
a tone-test in which Pridoda's actual playing was
compared with its Re-Creation by the Edison Phonograph.
I was astounded to find that I could not tell when
Pridoda was playing or when your phonograph was playing.
As one who has watched the gradual evolution
of the reproduction of music, vocal and instrumental,
let me compliment you on the progress you have made,
and add the hope that you may be inspired to still
greater accomplishment in a work which means so much
for the happiness of mankind.
Very truly yours,
John C. Freund

TELLS CAVALRY FEATS IN WAR IN PALESTINE

Yankee Officer Declares Horsemen Carried Day for Allenby in Holy Land Drive.

Cavalry won the war, at least so much of the world conflict as was fought out in Palestine, according to Lieut. Col. Edward Davis, United States army, who has just returned to Washington to present to the general staff his observations on more than six years' service with the armies of other nations.

Before the entry of the United States in the World war, and afterward, Colonel Davis served with the forces of Great Britain, France, Russia, Italy, Serbia and Greece. According to Colonel Davis, his most valuable experience was with the British cavalry during the Jerusalem campaign.

In both the Jerusalem and Damascus campaigns, Colonel Davis said, the master stroke was delivered by the cavalry. He described several of the mounted charges made by General Allenby's forces, and explained that the most striking results were attained by those swift and unexpected blows at enemy infantry and artillery groups.

"After the British had reached what looked like a stalemate on the Gaza-Beersheba line," Colonel Davis said, "it was decided to employ cavalry in a final effort to pierce the Turkish defenses. The British strategists decided cavalry could operate best against one end of the line, and a mounted squadron was sent to 'bite off' an end of the intrenchments that had resisted every effort at capture.

"Within an hour the cavalry had effected contact with the Turks, and then began a process that might best be described as 'rolling up' that thin line that so long had resisted every effort at assault. The operation was a complete success, and the entire line was in British control within ten hours."

AROUND THE WORLD ON FOOT IS AIM OF THESE TWO BOYS

Edgar Arthur DeHays and William J. Conroy left Hollywood, Cal., last September for a hiking trip around the world. They plan to visit first the 48 states, securing the signatures of the mayors and postmasters of every city in which they stop. After the American tour they will sail for Europe and continue their long hike which they estimate will take seven years.

ATTACKED BY WILD WOMAN

Kentucky Oil Man Will Probably Carry Scars for Life. F. P. Mitchell, field man for a petroleum company, has arrived at Booneville, Ky., from the Owsley county mountain territory bearing wounds which will keep him disabled for some time. He will probably be scarred for life.

Mitchell says he was attacked by a wild woman. She was armed with a knife, or razor, and rushed at Mitchell, slashing him several times on the hands.

Mitchell notified the officers and a posse was sent after the woman, but no trace of her could be discovered. Mitchell says she was half clad and presented the appearance of having wandered a long time in the mountains. Many persons have seen the woman but so far as is known, Mitchell is the only person she has attacked.

FIND MANY SKELETONS

Supposed Indian Burying Place is Discovered in Virginia. The finding of approximately 800 human skeletons in a cave in the mountains near Bristol, Va., has been reported by Prof. Henry Woodman of that city.

The bones were in a cone-shaped heap about 30 feet high and 80 feet in diameter at the base. Professor Woodman stated, and are thought to be those of Indians.

Tombstones and beads also were found in the cave, which Professor Woodman thinks was the burial ground of Indians several centuries ago. Archaeologists from the several colleges in this section are planning to make a thorough investigation of the cave.

RATS MENACE BUDAPEST

Rodents From Russia Overrun City—Encouraged by Cat Shortage.

Rats and mice are migrating in swarms from the Russian famine areas and Budapest is now overrun with them. All efforts to rid the city of this scourge have failed and the devastation caused by them goes on apace.

The market halls, food stores and warehouses are swarming with the rodents, which run about even in the daytime. So dangerous have they become that when disturbed they will turn and show fight.

The situation is aggravated by the dearth of cats. During the war, when food was scarce, thousands of families ate their cats. Since then the increasing demand for cat fur has taken a further toll. As a consequence, the comparatively exorbitant price of 3,000 to 4,000 kronen is being offered for a kitten by shopkeepers.

In some villages peasants have turned to the now lucrative business of cat breeding.

Today's Reflections

Crookedness never pays in the long run. Look at the corkscrew—now it's out of a job.

The Plymouth man who takes no interest in town improvement is stealing a ride on the chariot of progress.

Another reason why some people never seem to do much good is because they are never willing to do a little at a time.

The Plymouth man who spends his time sitting on a nail keg at the grocery ranks as a producer along with the hen that sits on a door-knob except that the hen is honest in her intentions.

It is also a fact hard to dispute that the fewer suits you have in your wardrobe the more you will have in your pocket.

The average Plymouth man is a great admirer of short skirts—on everybody except his wife.

They're learning so fast we would not be surprised anytime to hear of a Plymouth woman suing for separation and absolute custody of the pocketbook.

We've made considerable progress in Plymouth with the past few years, but there's still a foolish law against killing the man who wants to take up your time with a long-winded story.

Love at first sight may be all right, but the wise man always takes a second look.

We know a lot of hard things to do, and one of them is to convince a Plymouth woman that she can't win every argument she gets into.

NEWBURG

A good interest is being kept up in all departments of the church work. The Epworth League have started a fund to purchase a radio for the church.

Clyde Smith's Sunday-school class have organized a base ball club, and are preparing to beat any team in the town.

Rev. William Wise and brother took Sunday dinner with Mr. and Mrs. Clark Mackinder.

The Aggie Club of the Plymouth High school held a box social at the home of Miss Margaret Clemens, Saturday evening. About thirty were present, spending a very pleasant evening.

Miss E. Matheson and brother, also George Clemens spent the weekend at the home of Mr. and Mrs. L. Clemens.

Mrs. Edith Lapham of Detroit; William Farley, Mrs. Ed. Hoisington and son, Ed. of Plymouth; Mrs. Mary Paddock and daughter, Florence, E. A. Paddock and two sons of Detroit, were callers at the Ryder homestead last Saturday afternoon.

C. E. Ryder is still unable to sit up, but is slowly gaining in strength.

Mrs. Gilbert Brown, a former member, was elected to active membership, and Mrs. Frank Park was transferred from associate to active membership. Also two new names were presented by the membership committee.

Plans were discussed for the outside talent lectures next year.

Mrs. Carmen Root, Mrs. Harriet Wilcox and Mrs. Fred Dibble were elected a nominating committee, to submit names of nominees for office at the meeting of April 7th, preceding the annual meeting.

Note: Response to roll call—Artists of Note.

Owing to illness in the family of Mrs. Cooper, the chairman, divisions XI and XII, exchanged meetings, and the program of the afternoon was given by division XII, under the leadership of Mrs. Alvin D. Pierce.

Mrs. Carmen Root gave a splendid report of the S. E. district meeting at Ypsilanti, March 10th.

A paper, "Giants of Architecture—Skyscrapers and Bridges," was ably handled by Mrs. Sidney D. Strong.

Little Doris Hamli recited in a delightful manner, a poem by Edgar Guest, and responded to two encores.

The paper, "The Washington Monument," by Mrs. Harry Shattuck, was most interesting. Mrs. Shattuck also gave a report on "Cartoons," telling of the work of the cartoonists, Bud Fisher and Rube Goldberg. Mrs. Hamilton added to the interest of this paper by relating an amusing incident of the cartoonist who drew "The Newyeds."

The next club meeting will be April 7th.

Paint Creates Prosperity

SAVE THE SURFACE AND YOU SAVE ALL

The "run down" home (there is one near you) is fast going to ruin merely because the owner, unwisely neglects to keep it protected with paint.

It costs more not to paint than to paint. Paint saves the surface and protects the building from rain, frost and varying weather conditions that bring destruction.

Prosperity demands the protection of all exposed surfaces with good paint.

ACME QUALITY HOUSE PAINT

gives lasting protection and beauty.

It costs less because it takes less and lasts longer.

Call at our store and let us show you color samples and assist you in selecting the proper color combinations that will make your home appear to the best advantage.

HANG THE LUCK!

About twice a year Mrs. Mann says to Mr. Mann—"John! that old toilet is leaking AGAIN."

80 per cent of all big water bills are due to leaking toilets.

Unless the tank flushing valve is leak-proof, thousands of gallons of water will be absolutely wasted.

Buick First Again In Yellowstone Park!

Each year since Yellowstone Park was opened to automobile travel by the U. S. Government, more Buicks have made this difficult trip than any other car excepting Ford.

The figures for 1921, just announced, show 1871 Buicks passed through the Park during that season, 412 more than any other make.

The Yellowstone Park tour calls for every ounce of car performance—miles away from service for days at a time—the car must never fail. And that is why each year an increasing number of Park tourists depend on Buick.

Buick cars measure up to Buick reputation.

Two more weeks, fellows, and then the spread. We all worked hard for this feed. A suggestion—to have the tail-enders wait on table, not so bad is it? Listen, boys, when you attend this banquet, just bear in mind: Are you living to eat or are you eating to live?

"When a feller needs a spare," E. G. says, no luck so rare; When he above the century gets. The Rattlers stung the Chumps three times in the same place in the same evening, which means third position for this week, anyway. Next week the Burns will take care of them.

The Moonshiners, Fish and Burns each won two games this week, which keeps them in the same position.

Five teams still have a chance for the cup, come down next week and pull for your favorite. It sure would be awful to have "Burns" as leaders in this town.

Miracles have happened before, which reminds me of school days, when Johnny, who was always late to school, happened to be there first one morning. When the teacher said, "Why, Johnnie, how does it happen you are first this morning?" "Well, teacher," he said, "once before I was at last, I always was behind before." Plymouth, you know, is dead no more. With a C. of C. at your door; We hope to keep it going right. If you'll do all within your might.

WAR ON RUM RUNNERS IN PERILS U. S. AGENTS

Machine Guns Wanted to Stop Whisky Smuggling Along the Coast of Georgia.

Federal prohibition agents in Georgia are waging an unequal war on rum runners operating along the coast, according to a report to Commissioner Haynes from General Agent Overpeck and Federal Prohibition Agent Flinchum at Savannah.

The report describes the dangers encountered by prohibition agents in combating the rum smugglers, who are declared to be heavily armed and quick to fire.

"It is reported here, through what we consider reliable information," the report says, "that at least once or twice a week boats coming from Bimini Island or elsewhere, carrying from 200 to 2,500 cases of liquor, are unloaded on an island in some one of the numerous rivers leading from the Atlantic in toward Savannah. The apprehension of those cargoes of liquor is made extremely difficult from the fact that any one of the many islands may be used as a base from which to unload and distribute the cargoes.

"It is an acknowledged understanding that the crews of these boats will make a stubborn resistance against apprehension. Proof of this was shown in one instance not long ago, when Capt. Charles H. Neale on board the Champ was shot three times when at the wheel.

"A favorite method of the runners in distributing their liquor direct from the large boats is to unload at the mouth of the harbor, or rivers, to some of the numerous landings and load the liquor on automobiles which carry the goods to their destination in Savannah under cover of night.

"It may be remarked at this time that Savannah is more of a distributing point than a consumer, and by stopping the distribution from there it will have a marked effect upon prohibition at other places.

"Agents' boats, equipped with machine guns or riot guns in the hands of a crew of four or five men, will have the desired effect on the runners. Then, in most cases, the runners will stay outside the harbors or rivers."

DIZZY HEIGHTS HOLD NO TERRORS FOR STEEPJACK

This is Ed Franz, professional steeplejack and aerial worker. One of Ed's specialties is decorating the bold faces of skyscrapers with electric signs, and he is here shown doing a little "foot work" to warm up while hanging a sign to the face of the fifteenth floor of the Morrison hotel, Chicago, with the street level temperature at 15 above. Needless to say the temperature is lower to Ed, who is much higher.

A CARD—I wish to thank my friends for all the cards, letters and flowers while in the Henry Ford hospital; also those who helped to keep my home while I was away and all the things they have done since I returned home. Would like to mention each one, but they are too numerous to mention.

Mrs. Henry Tanger.
