THIS IS MY SYMPHONY

"To live content with small means; to seek elegance rather than luxury, and refinement rather than fashion; to be worthy, not respectable, and wealthy, not rich; to study hard, think quietly, talk gently, act frankly; to listen to stars and birds, to babes and sages, with open heart; to bear all cheerfully, do all bravely, await occasions, hurry never; in a word, to let the spiritual, unbidden and unconscious, grow up through the common—this is to be my symphony."

MRS. LINUS GALPIN

PASSES AWAY

Plymouth friends were deeply saddened, Tuesday morning, when word came of the death of Mrs. Elva Galpin, wife of Linus Galpin of this place.

Mr. and Mrs. Galpin and daughter, Naomi, went to Jackson, last Friday, for a few days' visit with their niece, Mrs. Fred Rogers, and shortly after their arrival, Mrs. Galpin, who has been in ill health for several months, became worse and was taken to the Jackson hospital for treatment, where she passed away, Tuesday morning, July 18th. She is survived by her husband, one daughter, Naomi, and four sisters, besides other more distant relatives and friends. The funeral services will be held from her late home on Main street, Friday at 2:00 p. m. Rev. D. D. Nagle, pastor of the Methodist church, will conduct the services. Burial in Riverside cemetery. An obituary will be given next week.

NEW BUSINESS BLOCK

J. H. Patterson has the contract to erect a business block for P. W. Voorhies on the lot now occupied by J. S. Dayton's law office and the vacant lot adjoining the D. U. R. depot on Main street. The new building will be constructed of brick, with stone trimmings, and will be one-story in height. The new block will contain two store rooms. Mr. Patterson expects to start work on the new building at once. This will make a fine improvement in the business district of the village.

NEW CONCRETE ROAD OPENED

Wayne county has opened another of its new concrete roads for motorists. This is the North Wayne road, which extends out to the village of Wayne at Michigan avenue to the Warren avenue paving, three miles north. There are eight miles more of concrete to be laid, which takes the road to the Oakland county line. This will give Livonia and Nankin townships a north and south paved highway, which has long been needed in this part of the county.

C. OF C. TEAM LOSES AND WINS A GAME

On Thursday evening of last week a dozen or more cars, with Chamber of Commerce base ball players and fans, drove out to the House of Correction Farm, and enjoyed a very interesting game of base ball. The House of Correction officers with their new ball suits, were a little too much for the Chamber of Commerce team, and defeated them by a score of 5 to 2. The first few innings looked like a shut-out for the Plymouth boys, but as the game neared the end they managed to coax a few runs out of the star team. The Captain's son, Ed. Denniston, Jr., pitched for the House of Correction, and Dr. Champe and Harry Lush for the C. of C. team. Moon and Todd were credited with the two scores. The House of Correction Farm officials are to be congratulated on the fine diamond they are building.

The officers base ball team from the Detroit House of Correction Prison Farm played a return game with the C. of C. team, on the local grounds, Wednesday evening, and were defeated by a score of 13 to 11. Harold Crossman pitched for Plymouth, while Ed. Denniston, Jr., was on the mound for the visitors. It was a good game and a close one. This is a game piece now, and the next one, well, its going to be some game, as both teams are out to win this one.

LIGHTNING HITS VILLAGE HALL

Lightning struck the village hall, Monday afternoon during the severe electrical storm that swept over the village. The bolt hit the flag staff and tore off a number of shingles from the tower and scattered them broadcast. Some of the electric wires in the building were torn loose, and also some of the plaster. Manager Strong, who was in the office at the time, says things jingled for a minute.

VICTIMS GIVEN NO CHANCE TO DEFEND SELVES

THEIR AUTO HALTED BY ANOTHER CAR CONTAINING 3 THUGS; 40 BULLETS ENTER BODIES.

Riddled with bullets, the bodies of two men were found in an automobile on a deserted stretch of Emmons boulevard, Lincoln Park village, early Monday morning, a few minutes after another automobile had been driven down the thoroughfare at lightning speed. The two men had been slain by gunmen, who had over taken them and fired a volley without warning. The victims are Robert D. Cochran, 1248 Marlborough avenue, Detroit, salesman in the Hamtramck branch of the Studebaker company, and Neal Doherty of Plymouth, Mich. The bodies were taken to Receiving hospital. There 22 bullet wounds were discovered in Cochran's body, and 18 in Doherty's. Both men were killed instantly.

The two men were driving at a low speed on Emmons boulevard, apparently without care or hurry. An automobile sped past them and came to a full stop in such a manner that they could not pass. Three men who were passing stopped to look on. In the shadows, they could see the vague forms of three men on the running board of the machine in front. Suddenly there were three spurts of flame and three loud reports. Then volley after volley were fired, Doherty and Cochran apparently were crippled by the first shots, for they did not return the fire. Revolvers and sawed off shotguns were used.

The firing ceased as suddenly as it began. One of the gunmen descended from the running board, ran to the car in which were the two bodies, and threw something inside. Then he ran back to his comrades and the automobile roared down the deserted highway.

The driver of the machine left behind was found crumpled over the wheel, with his foot still on the brakes. His companion had slumped to the floor beside him, in a pool of blood.

The Detroit officials are investigating the mystery of the shooting.

Doherty was employed on the Pere Marquette R. R., when he resided in Plymouth, but has not been here for some little time, we understand.

George H. Cochran, who lives east of Plymouth, is the father of Robert D. Cochran, the man killed by the gunmen.

MAKES IMPROVEMENTS IN HOTEL

Andrew Sanbrone has been making some changes and improvements in his hotel, formerly known as the Commercial Hotel, near the Pere Marquette depot in north village. The building has been repaired, and a new porch built on the front, which greatly improves its outside appearance. The room formerly used for a bar-room is now used for an ice cream and confectionary store. In the basement is located the pool tables, and also barber shop and bath room in charge of A. L. Dixon.

DEATH OF GEORGE A. BRADNER

On July 16th, 1922, George A. Bradner, in obedience to the Reaper's call, was released from the room in which he was born, on October 18, 1845, a room in which he had been confined for twenty years.

No mind can conceive, no tongue frame words which may lessen our grief, when friends or kindred are summoned, no eulogy is needed, for the record of his many sterling qualities of mind and heart is indelibly stamped upon the memory of all who knew him.

Though the hand of fate had lain heavily upon him, though helpless and in constant pain, he was always cheerful, patient and submissive to God's will. The story of many prosaic lives is oft illumined by romance, for the spirit is ever free, though the body may be chained. He was the last of seven children born to Amasa and Sarah Bradner, who were among the early settlers in Plymouth township. We oft built bright castles in imagination, and peopled them with the loved forms of long ago. What valuable lessons may be gleaned from such a worthy life, for George Arlington Bradner was one of nature's noblemen.

The funeral services were held from Schrader Bros. Funeral Home, Tuesday morning, Rev. D. D. Nagle officiating. Interment in Riverside cemetery.

WASHTENAW COUNTY FAIR

September 18th to 23rd, inclusive, will be the dates of the Washtenaw County Fair this year. The fair will be held on the new fair grounds at the west city limits of Ann Arbor.

A number of new buildings will be erected by fair time. The new race track is practically completed, with stalls for 45 horses.

A fine program for the five days and nights of the fair have been arranged for with a number of free attractions for the nights, and indications point to a big, valuable and successful fair for Washtenaw county.

Premium books are ready for distribution, and plans have been made to place a book in each mail box in the county. The fair office will be glad to mail a book upon request to any who do not receive one under the above plan.

AGED LADY SUSTAINS FRACTURED HIP

Twenty Cents

That's a small amount in these days, isn't it? Most anybody can dig that amount out of a purse or a vest pocket.

This is a fact, however. If every one of our hundred million people would save twenty cents every day for one year, the amount would be more than six billion dollars, an amount greater than some of our Liberty Loans.

Don't fail to save just because the amounts you can lay by are small. What you save, together with what all the rest of us saves, is going to be a sizable sum. This bank receives deposits of any amount.

THREE KINDS

It has been said that there are three kinds of people in our churches today. The "rowboat" people, who always need to be pushed, and pulled, and urged along. The "sailboat" people, who go only when there is a favorable wind. And the "steamboat" people, who go along bravely and steadily whatever the wind or weather. In which class are you?

TOWNS THAT THRIVE
In the past the towns that thrived were the ones that had good rail or water transportation facilities. That is still true to a large extent, but a new order of things is approaching, and before long the towns that thrive will be those which boast roads over which motor trucks can operate. For while the rail lines may never be replaced, the motor lines are going to come equally popular, if not more so, as common carriers of both freight and passengers. The fight waged in the future between towns the size of Plymouth will not be over getting railroads to push their tracks into their midst, but in getting roads on which motor trucks can run. Legislators will be appealed to as never before and the candidate who cannot show a pair of clean heels on the road question will be out of the running. Even now it is a pretty good idea to sound them out when they solicit your vote, and a good idea to know what they propose to do toward getting better roads.

FOR HOME AND BUSINESS
Most Chambers of Commerce or boards of trade are so deeply concerned with local business development they have no time left for the home side of civic progress. Not so the commercial association of Urbana, one of the best home cities in America.
The association looks after housing and rooming facilities, and sees that street lights are plentiful and in good working order in the residential part of town as well as in the business zones. Churches are given a helping hand with their activities, welfare work is boosted, and this summer a stadium is being built for civic meetings, pageants and out-of-door plays.
One reason for the dual activity of this particular organization is the fact that Illinois University is located in the town and the desire of the town people is to furnish an ideal university environment. But the combination of interests is one which could be pursued by any chamber of commerce with gain to the community concerned.
The well-balanced town, like the well-balanced life, must develop its business interests with equal enthusiasm.

CHERRY-DISEASE GETS MILLION DOLLAR TOLL

LEAF SPOT PREVALENT IN STATE ORCHARDS, MUST BE CONTROLLED BY SPRAY, SAYS M. A. C.

Damage to the Michigan cherry crop of more than a million dollars is the toll exacted by leaf spot, a fungous disease, which is prevalent everywhere in the state, according to G. H. Coons, plant pathologist at the Michigan Agricultural college.

"Loss to the fruit is but part of the damage caused by leaf spot," says Dr. Coons. "Continued loss of the leaves will so weaken the trees that winter injury looms as a serious menace."

"Prompt inauguration of spraying from now on is strongly urged as a measure to keep the new leaves from the disease and to ward off the threatened winter injury. The spraying program of the college has provided, adequate in all regions to handle the disease, but neglect or carelessness is costing dearly."

Further information on the cherry leaf spot may be had by writing to Duane H. Shaw, M. A. C., East Lansing, for Quarterly Bulletin of February, 1921, which contains a full account of the disease.

ANNUAL REPORT SCHOOL DISTRICT NO. 1, FR. PLYMOUTH, MICH.

Proceedings of the annual meeting, District No. 1, Fr., township of Plymouth, meeting held on the 10th day of July, 1922:

The annual meeting of the taxpayers of District No. 1, Fractional, Township of Plymouth, was held in the school auditorium on the evening of Monday, July 10, 1922. The meeting was called to order by President J. W. Henderson.

Following the reading of the minutes of the last annual meeting, the secretary read the financial report for the past year. On motion of G. W. Richwine, seconded by William Fahey, the report was accepted and adopted.

The budget figures for the coming year were then presented to the taxpayers. The Board asked for a total to be raised by taxation of only \$40,000.00 as against \$45,360.00 a year ago. It was explained that this was due largely to the fact that a year ago the report showed a deficit of \$3,500.00, whereas this year the Board is able to show a cash balance of over \$6,400.00 with no deficit.

Motion made by Mr. Wm. Hoyt, seconded by Mr. Geo. Richwine, that the budget figures as presented be adopted. Motion carried.

Nominations for a Board member to succeed Mr. J. W. Henderson, whose term had expired, brought forth the following: Mr. Hoyt nominated Mr. Henderson to succeed himself, and Mr. Harry Robinson nominated Dr. Jennings. The chair appointed Mr. Daniel Murray and Mr. Henry Fisher as tellers, and the taxpayers proceeded to vote by ballot.

The report of the tellers was as follows: Total votes cast, 68, of which Mr. J. W. Henderson received 39; Dr. Jennings, 27, scattering 2. Mr. Henderson was then declared re-elected.

The term of E. V. Jolliffe having expired, he was nominated to succeed himself by Mr. Karl Hillmer. Mr. Harry Robinson nominated Dr. Jennings, and Mr. Wm. Wilkie nominated Mr. Oliver Goldsmith. The nominations being declared closed, the tellers took charge of the ballots and reported as follows: Total votes cast, 73, of which E. V. Jolliffe received 39; Dr. Jennings, 27, and Oliver Goldsmith, 5, also John Dayton 1. The president declared Mr. Jolliffe elected to succeed himself.

At the request of President Henderson, Superintendent Smith made a few remarks regarding plans for the future, explaining crowded conditions we are now facing, and suggesting that the District should be thinking about the advisability of constructing a ward school building within the next few years.

The secretary then gave a report on the Nichols Trust Fund. There being no further business, the meeting adjourned on motion of Mr. Wm. Hoyt.

PRESIDENT FRIDAY TO GIVE FARM DAY TALK

M. A. C. HEAD WILL APPEAR BEFORE STATE FARMERS FOR FIRST TIME ON AUGUST 4TH.

David Friday, new president of the Michigan Agricultural College, will address a representative group of state farmers for the first time when he appears on Farmers' Day at the college on August 4th.

Interest in President Friday's talk is already keen among agriculturists of the state. He is expected to outline a broad program for the development of Michigan agriculture and to tell his plan for expanding and increasing the farm service rendered by the college.

Several thousand farmers and their families will gather for the conference. Inspection of the college's test plots and live stock equipment, interviews with specialists on individual farm problems, a big afternoon meeting with music and speaking, a special "restock style review," basket picnic lunch on M. A. C. campus, and other features have been planned to make the day a great farmers' roundup.

EPISCOPAL NOTES

Franklin L. Gibson has returned from his vacation, and will preach next Sunday.

Our boys were back again Monday from Camp O-AT-KA, near Port Sanilac, after spending a very fine time in two weeks' camp there. It was quite an experience for them, and one that will not easily be forgotten by them.

We hear that the Rev. W. B. Pullinger, rector of Grace church, Detroit, has been offered the rectorship of St. Paul's in the southeast part of London, England, one of the largest and oldest churches in London. At the time of writing Rev. Pullinger has not yet made his decision known, but we believe he will accept the call to London. "Captain" Pullinger, as the "boys" call him, served as chaplain with the troops in the world war; he is also known to a lot of us here in Plymouth, as he came out here some time back to attend the lodge meeting of the Plymouth Masons.

The diocese is planning on putting the new traveling "van" into this section of the diocese in the fall. Plymouth, Wayne and the surrounding territory is a most promising field for its operation and experimentation. There are many small communities (and some that are not so small) in this part of the county, where the message of the church is not heard at all—and there are many "four corners," which should provide excellent spots for its operation. We look forward to this opportunity with great anticipation as to the results.

Buick Takes Care of Buick Owners

Buick responsibility does not end with the sale of a Buick car. It follows the car throughout its entire life.

That is why Buick has organized a nation-wide authorized Buick service that extends to practically every city, town and village in the United States.

Buick owners do not need service often. But they have the comfortable feeling of knowing that they can always be supplied with genuine Buick parts and have their work done by Buick-trained mechanics wherever they may happen to be.

LAYS WORRY ASIDE

"Uncle Jim" Unaffected by Cares of the Day.

"Squatter" in New York City Has Permanent Home and All His Modest Needs Supplied.

In New York, where the high-cost-of-living specter haunts the millions and some millionaires, possession by a penniless man of health, happiness and a home on Riverside drive, with acres of front lawn, is perhaps an accomplishment without precedent. Yet, for 22 years, "Uncle Jim" Miller, Manhattan's oldest, if not only real "squatter," has enjoyed these things as a result of:

"Just believe in God," Uncle Jim is a negro who, on February 10, entered upon his seventy-third year, and is today smilingly confident that he will live beyond the century mark without the loss of his health or physical activity. His theory is that God will take care of anyone who trusts Him, although he does not quite carry this belief to the point of a life-of-the-world existence, and admits that his health has been and will be maintained by his physical efforts in gathering, cutting and sawing wood for his winter fires, doing his own washing and cooking and otherwise keeping his nose in order.

In 1890, when what is now his front lawn was marsh land almost on a level with the Hudson river, "Uncle Jim" was employed by a contractor named Conway as one of a number of laborers who were to fill in the marshes lying along the Hudson's east bank. He was provided with boards for a little "shack" which he built with his back against a large building. Then he started in filling in what is now his front yard. When the work was completed and the contractor and his men moved, "Uncle Jim" having staked his claim, as he says, decided to "squint" there indefinitely.

Conway said it was all right with him, and since then various owners of the property have given their consent to his remaining. As his lawn is filled-in land, hardly suitable for the foundations of houses, the old "squatter" feels secure in his possession. The one-room shack is now strengthened on the river side by sheets of tin which resist the winter blasts. Within is a stove, some cooking and eating utensils and a cot, but "Uncle Jim" spends most of his time outdoors. From the Hudson he obtains crabs and fish for his meals, and an odd job now and then brings sufficient change with which to buy bread, coffee and potatoes.

"When I came here," said "Uncle Jim," "this was all a wilderness. I always liked to rough it, and I never in my life worried about anything. I'm happy and never was sick a day. I got all I need, and this is the kind of life I like—so why shouldn't I be thankful?"

"I don't want any better home than this, and I don't need any more money to live as I do here. I want to be outdoors all the time. At night I read a little by lamplight. I never wore glasses, and lately I think I am getting my second sight—I can see better than I did a short while back." As he talked, "Uncle Jim" sat in front of his shack smoking a pipe that appeared to be almost as old as its owner, and quite as strong, and smiling broadly, a perfect outpouring of his peculiarly serene mental make-up.

Bologna and Sausage Alike.
When is a sausage not a sausage? When it's a bologna.
This puzzling question was decided, and then again it was not, recently by the Hoboken (N. Y.) zoning commission. Just when it looked as if there was much difference between a sausage and a bologna it was decided that, both of them wearing tight, they were the same thing.

It was an important question in Hoboken. It arose over the application of George E. Herold, 58-57 Jackson street, for a permit to erect a plant for the manufacture of smoked ham, general provisions and bologna. The zoning ordinance of Hoboken forbids the manufacture of sausage in the business zone. There was much discussion and it seemed for a time as if the matter might reach serious proportions when Building Inspector Joseph Cummings finally definitely decided the question.

"They both wear tight, and that makes sausage and bologna the same thing," he said. The permit was refused, but decision was deferred until the next meeting.

Rivalry in Crying.
It was Edward's first year at school and the teacher, finding one day that he had not mastered his lesson properly, had him to remain after school and she would help him. When the time for dismissal came and Edward saw the other children leaving he thought he was being punished by being kept in and he began to cry. The teacher in an effort to quiet him said: "Edward, I never heard such loud crying." Edward stopped and looked at her through his tears and said: "Well, you ought to hear my brother Donald, he's got me skinned a mile."

Something to Think About

By F. A. WALKER

ROSES OR THISTLES?

DO YOU pause sometimes while journeying through the fields and along the byways of life, to consider whether you are gathering roses or thistles? The basket which you are unconsciously carrying is being filled with one or the other, which you will find when you arrive in the gloom of the gathering night and realize that your wanderings are done.

If when you stop to rest you have velvety roses to look upon you will in your delight quite forget the purpling sky and all that it foretells. You will be happy in the thought that you have not mispent your day; glad that you chose the beautiful instead of the repulsive; grateful that you did not misdirect your energies.

There is probably scant attention bestowed by you and me to the basket upon our arm into which we are placing every hour of life something which will rise up to praise or condemn us. Our heads are silvered and our feet are tired and unsteady.

But on this occasion we cannot retrace our steps. Shadows are all about us and the half-hidden paths we once knew so well, are unfamiliar.

We are alone with the things we have garnered. We would like to recall sharp words, scowls and frowns we have hurled at our friends, our patient fathers and mothers—and sadly recall hot tempers and terrible tongues.

As the scales fall from our eyes, there is something of the nature of dismay that takes hold of us and fills our soul with tears.

Oh, that we might be permitted to live over again those wild, impetuous days of youth!

We would curb our spirit, hide our dislikes and give instead of pain, heaping measures of pleasure.

We would make sure that we would gather nothing but roses—nothing but the sweet, the fine and the lovely.

From those who have gone before, it is for the inexperienced starting afresh, to learn wisdom, to pick the choicest flowers, and to leave the thorn, the briar and the deadly nightshade untouched.

Biliousness and Constipation
"For years I was troubled with biliousness and constipation, which made life miserable for me. My appetite failed me. I lost my usual force and vitality. Pepsin preparations and cathartics only made matters worse. I do not know where I should have been today had I not tried Chamberlain's Tablets. The tablets relieve the ill feeling at once, strengthen the digestive functions, helping the system to do its work naturally," writes Mrs. Rosa Potts, Birmingham, Ala.—Advertisement.

One Dollar Saved Represents Ten Dollars Earned

The average man does not save to exceed ten per cent of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he cannot be too careful about unnecessary expenses.

Very often a few cents properly invested, like buying seeds for his garden, will save several dollars outlay later on. It is the same in buying Chamberlain's Colic and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars.—Advertisement.

FORD RETAIL SALES MAKE NEW RECORD

COMPANY REPORTS TOTAL SALES HAVE REACHED 5,709 MACHINES A DAY.

Retail sales of Ford cars, trucks and tractors established a new high record during June, when, according to a statement issued from the Ford factory at Detroit, an average of 5,709 machines were sold daily.

Ford sales have been showing a constant increase each month this year, June being the highest in the history of the company with a total of 148,439 cars, trucks and tractors. Of this number 6,054 were sold by the Ford Company of Canada and 9,432 by the various European Ford Companies and South American Branches, reaching purchasers in practically every civilized country in the world.

With the closing of business for June, Ford records disclosed the fact that total sales for the first six months of 1922 were well over the half-million mark, the exact figures being 552,261. This is also a new high record as it is considerably in advance of any previous half-year period.

July Ford sales are expected to equal, and probably eclipse June. The estimated output of cars, trucks and tractors has been placed at 151,767, also dealers have requisitioned more than 200,000.

Ford officials state that every attempt has been made to supply their dealers with sufficient cars to fill their orders, but that for the past three months, prompt deliveries have been impossible with some of the types. The demand for Ford enclosed cars has been especially hard to meet, due to the ever-increasing popularity of the coupe and sedan for all year-around use.

A reflection of general business conditions is seen in the record of Ford truck sales, which show an increase of eighty-four per cent over last year. Merchants and farmers alike have come to recognize the utility of the motor truck in cutting transportation costs and speeding up deliveries, and the fact that they are buying nearly twice as many now as a year ago clearly points to better business conditions.

At the present time, Ford is employing 75,000 men in Detroit.

NEWBURG

There were only a few out to church Sunday. However, those who did attend listened to a good sermon. Don't forget the services, 11:00 a. m.; Sunday-school immediately after.

A very pleasant afternoon was spent by the members of the L. A. S., at the home of Mrs. Clemens, last Wednesday. Owing to the shower, the refreshments were served in the dining room instead of on the lawn. The ladies will tie off comforts at their August meeting.

Mr. and Mrs. Mark Joy entertained at dinner, Sunday, Rev. William Wise, Mr. and Mrs. James Joy and family of New Hudson, and Mr. and Mrs. Liscomb of Detroit. Mrs. Liscomb was formerly Miss Dorothy Joy.

Kenneth, little son of Mr. and Mrs. Bert Kahrl, had the misfortune to fall from a tree, breaking the bones in his wrist, last Friday. Dr. Patterson reduced the fracture. The child was taken to Ann Arbor, where an x-ray was taken. They pronounced it a bad break.

The Epworth League cleared \$7.00 on the sale of ice cream, last Thursday evening, held on the church lawn. Mrs. Edgar Stevens and children are spending a few weeks with her parents, Mr. and Mrs. R. Lewis, near Ann Arbor.

Mrs. Clark Mackinder spent the latter part of the week with her daughter, Mrs. James Norris, in Detroit. They also went to Chatham, spending a pleasant day on the water.

McKinney & Schaffer have sold their store at Rough and Ready Corners, to McKinney Brothers, who have taken possession.

Mr. and Mrs. Charles Duryee and son, Charles, accompanied by Mr. and

Mrs. Atkins of Detroit, motored to Stoney Point on the shores of Lake Erie, last Sunday.

Fred Schmidt has purchased ten acres of what was formerly known as the Mining woods on Plymouth road. This is the only piece of woods on the road between Detroit and Plymouth, and has been used a great deal for picnics.

The Misses Anna and Ada Youngs entertained their uncle, Dr. A. S. Vogler of Scotland, Ontario, over the week-end. Their cousins, Mr. and Mrs. Claude Overbaugh and children, also Mr. and Mrs. Newton V. Youngs, all of Detroit; Mr. and Mrs. Edward S. Youngs and children of Redford, Sunday afternoon.

METHODIST NOTES

The official board met at the parsonage on Tuesday night to transact some important business.

All members of the church and congregation are invited.

The Epworth League cabinet meets at the parsonage on Friday night of this week.

The service next Sunday night will be on the lawn, if the weather is hot inside. Topic, "The Best Brand of Bread."

New Michigan State Fair Coliseum

In this new \$300,000 building, now under construction on the Michigan State Fair grounds at the northern outskirts of Detroit, the horse show and historical pageant at the exposition, September 1 to 10, will be staged. The building is of reinforced concrete and steel construction and is rapidly nearing completion as this picture indicates.

STATE FAIR TRIP INTERESTS BOYS

YOUNGSTERS EAGERLY AWAIT JOURNEY TO DETROIT FOR 10-DAY DEMONSTRATION.

HUNDREDS OF CHILDREN WILL ATTEND SCHOOLS

Everywhere in Michigan boys who won in the county competitions for free trips to the Michigan State Fair, Detroit, September 1 to 10, are preparing for their participation in the Boys' State Fair school of the seventy-third annual exposition.

Back of the boys' state fair school is the hope of building permanently in the minds of Michigan's future soil tillers what the Michigan State Fair is and, hopes to accomplish.

The county eighth grade examinations for the trip to the fair this year included questions concerning state trunk line railroads, facts about Michigan which cannot be found in books, knowledge of crop rotations, warfare against weeds, insects and various other questions. Twenty questions made up the examinations.

Boys who win scholarships at the state fair all are from the rural districts. They come to the state fair at the expense of the exposition which includes transportation and living costs during the visit here.

Upon entering the school, each boy is subjected to a physical examination to determine whether or not he is strong enough to withstand the severe 10-day course.

The 10-day course includes lectures by stock judges, inspection tours through all departments and visits about Detroit. Entertainment is provided to relieve the monotony of strenuous schooling. The school superintendent is E. T. Cameron, of Lansing.

Besides the school, the Michigan State Fair also sponsors a course in conjunction with the Michigan Agricultural college, in which 150 boys and 150 girls participate. The youngsters are brought to the fair in relays of 30 every two days. When facilities permit, the entire group will be allowed to remain throughout the fair. All expenses of these children are defrayed by the fair.

Forrest A. Lord, of Mt. Clemens, a member of the board of managers, heads this department of which R. A. Turner, of Lansing, state club leader, is superintendent.

STATE FAIR RADIO SHOW PROMISES WIDE INTEREST

Considerable attention will be directed this year at the Michigan State Fair, Detroit, September 1 to 10, to the new marvel of man—radio, says George W. Dickinson, secretary-manager of the exposition.

"We believe radio has a great future on the farms and we intend to present to the farmer visitors at the Michigan State Fair, this year, an extensive exhibition of this invention," says Mr. Dickinson. "Big receiving sets will be placed in actual operation and practical demonstrations given for guests showing how the farmer in the upper peninsula can keep in constant communication with the cities by means of radio telephony."

Much space in the main building will be given over to radio exhibitions, believes Mr. Dickinson. A definite program of the radio division of the State Fair will be announced by the secretary-manager later.

Horseshoe Pitchers Title Will Be Decided at Fair; County Contests Started

"There wasn't no horseshoe pitchers in Michigan that could hold a candle to the barnyard champions of Macomb county."

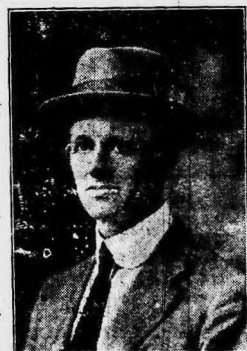

This innocent little boast, falling unconsciously from the lips of "Spud" Murphy of Macomb county recently, started a fine argument and the finals of the Michigan State championship horseshoe pitching tournament, now being organized under the auspices of The Michigan Business Farmer, will be put on at the State Fair this year.

George W. Dickinson, secretary-manager of the Michigan State Fair, has sanctioned the plan to stage the title rounds of the tournament during the exposition in Detroit, September 1 to 10. Several prizes will be awarded by the State Fair in addition to the beautiful loving cup, the grand prize, presented by the courtesy of the Union Malleable Iron company of Moline, Ill.

The plan of the preliminaries, according to Forrest Lord, editor of the Michigan Business Farmer, is to hold them in conjunction with farmers' picnics in every county. The winners of these county tournaments will play in district contests and these victors will meet in the grand state tournament at the Michigan State Fair.

Everyone is eligible to participate. Entries for the preliminaries should be made to county agents. No time in entering should be lost. All county contests must be played off before the opening of the Michigan State Fair, September 1.

Named to Supervise Fair Running Races

W. J. DOWLING

Interest in racing followers throughout Michigan is the announcement by G. W. Dickinson, secretary-manager of the Michigan State Fair, that W. J. "Bill" Dowling, of Owosso, will have charge of the six-day running race meet scheduled for this year's exposition, Detroit, September 1 to 10.

Mr. Dowling has had wide experience in the running horse world and has supervised the races at Bay City, Jackson, Adrian and Grand Rapids fairs in recent years. He is making elaborate preparations for the State Fair meet which will open September 4 and run through the ninth.

The important event of the meeting will be the State Fair Derby, slated for Labor Day. A purse of \$1,000 will go to the winner. Purses for the entire meeting will exceed \$15,000.

RURAL SCHOOLS MAKE NUTRITION STUDIES

MORE THAN 40,000 MICHIGAN CHILDREN LEARN CORRECT DIET RULES DURING PAST YEAR.

Forty-four thousand Michigan school children, principally in the rural districts of the state, made a study of foods and diets during the past year, learning the importance of certain dishes and applying the knowledge to their own daily menus. A series of nutrition "stories," each covering some important nutrition habit of children, was sent out during the year to schools of the state by the Home Economics staff of the Michigan Agricultural College extension division. Check of daily record cards furnished each child with the lessons shows that a very high percentage not only studied the work, but actually developed the nutrition habit covered.

Nearly 2,000 public schools, in 44 different counties of the state, were included in the campaign for better food practices.

The list of essential "habits" explained in the different lessons included: Drinking milk daily, eating fruit daily, eating vegetables other than potatoes daily, avoiding "knickknacks" between meals, eating big breakfasts, sleeping at least ten hours each night, and brushing the teeth before going to bed.

The big breakfast idea appealed to the children most strongly, returns showing that 81 per cent of the thousands reached with the lessons practiced eating a big breakfast every morning for a month. The other habits took well, however, very high percentages applying the rules as directed.

"Teachers report that the results of the series have exceeded expectations," says Miss Mariel Hopkins, director of nutrition work under the college extension staff. "Marked gains in physical condition, resistance to disease and scholarship standards have followed the development of correct nutrition habits among the children."

Today's Reflections

We see where an Ohio man cut off his wife's thumb. Maybe she kept him under it.

The trouble with divorce cases nowadays is you can't tell whether she wants a divorce or a slice of gingham.

Sometimes when opportunity knocks on a Plymouth man's door, it is so light that he'd need an ear trumpet to hear it.

If a single man gets fired that's all there is to it, but if a married man gets fired that's when his troubles really begin.

The department of agriculture records show that married men make better workers. That's because they have an additional boss.

We can also recall those happy moments long gone by, when we

could spend a day in the woods without having to worry about the chigger.

The Plymouth man who doesn't owe a dollar in the world can look any other man in the eye and tell him to go to—work.

And yet a lot of people who long for the good old days would hate to hitch up just to ride around the corner.

It has been our observation that it takes a tremendous lot of religion to convert a man's pocketbook.

About the only man around Plymouth whom you can safely call a liar, is the one who tells fish stories.

And just think of all the money you can save by following the doctor's advice, and not eating so much during the hot months.

The average Plymouth man never feels he is getting old, until the kids commence to get up and offer him a seat.

We see where a woman 103 years old lived in New York. No telling how old she might have grown had she lived anywhere else.

A Plymouth girl doesn't worry about a hole in her stocking as long as it's in the toe.

The best luck some fellows ever had in their lives was when the boot-legger didn't show up.

It is only when his wife bakes bread that the average Plymouth man has a chance to enjoy a good loaf.

LIVONIA LUTHERAN CHURCH
There will be no services at the Livonia Lutheran church on Sunday, July 23rd. The pastor preaches at a mission festival at Pigeon, Mich., on that day.

On Sunday, July 30, 1922, there will be special services at Livonia Center in the English language, beginning at 2:30 p. m. The following children will be confirmed on that day, and two weeks later be admitted to the sacrament of the altar: Ima, Freida and Anna Beyer; Leona Garchow, Viola Bayes, Helen Smith; Ralph Wagenschutz, Carl and Walter Ash. Everybody welcome to attend these services.

BAPTIST NOTES

Four men made up the choir on Sunday morning, and led the singing in splendid form.

The pastor spoke on "The Ministry of the Spirit," in the morning service, and each christian may be led to his or her work by the spirit of God.

Splendid attendance at the Sunday-school. The orchestra did extra fine work, and gave cheer and push to the music, and everyone felt the thrill as they sang. Next Sunday morning is promotion Sunday and every scholar is requested to be at his or her class. Also the superintendent announced arrangements would be made for a picnic very soon, so get your lunch ready and bathing suit in order and be ready.

At the close of the Sunday-school, a motion was made and carried that the pastor might take his annual vacation any time it suited him best. He thanked the church for their kindness.

Gertrude Grainger and Edith Holcomb led the B. Y. P. U., last Sunday evening, and the young ladies prepared a good program. Next Sunday evening, Gaylord Sayles and Harold Holcomb have charge of the meeting. Let all the members be there on time.

The flowers on Sunday were a great attraction, and the amount of work the committee has done every week in order to make the church attractive is worth-while.

Rev. and Mrs. H. E. Sayles, Gaylord and Alton drove to Ortonville, Tuesday morning, where Rev. Sayles officiated at the funeral of Francis Musser, youngest son of Rev. and Mrs. N. E. Musser, who was accidentally shot on Saturday, when he and his chum were playing together with a 22 rifle. Mr. and Mrs. Musser have for many years been close friends to the Sayles family, and when they lost their baby eight years ago by auto accident, Rev. and Mrs. Musser came to their assistance and spoke words of comfort, so they went on the same mission to them.

A pretty and enjoyable affair held last Saturday evening was the celebration of the thirteenth birthday of ValDee Caughey. The guests were entertained at the Penniman Allen theatre, after which they visited the Hovey confectionery store, where dainty refreshments were served. Small tables were grouped as one and were prettily decorated with flowers and silver candlesticks with lighted candles, the centerpiece was a birthday cake with thirteen candles. Pretty little baskets filled with candy were the favors. Music was furnished for the entertainment. Those present were Winifred Draper, Barbara Bake, Hazel Herrick, Buelah Coe, Mildred Thumme, Ruth Waterman, Bernice Kline and Lillian Burch.

C. OF C. TWILIGHT BASE BALL

Two weeks ago it was rumored that Captains Rambo and Rathburn had their heads together, and that in the near future things would be occurring that would surprise Chamber of Commerce base ball fans. Well, one of them came to pass Monday evening, when the Braves, much to the surprise of the Indians, met and defeated them by a score of 9 to 7. This by the way is the only team having the honor of defeating them.

The All Stars, in accordance with all rumors, tried their best to bring Shattuck's Farmers down a notch, and it looked at the end of the fourth inning, with a score of seven, and that they would, but owing to hard luck the end of the fifth gave the Farmers the game by 14 to 7.
