## FRIDAY SEES RISE IN FARMER INCOME

MAY BE INCREASED BY \$50,000,000 ANNUALLY IN 5 YEARS, M. A. C. HEAD TELLS VISITORS.

Within five years President David Friday of M. A. C. hopes to increase the annual net income of the farming industry in the state by \$50,000,000, he told several thousand visitors at the annual summer farmers' day at the college last Friday. This is possible by improved production and marketing, he said.

In order to accomplish his aim, he will ask the legislature at its next meeting for an appropriation of \$2,000,000, chiefly for agricultural extension. "We must enlist the aid of every newspaper, every Grange, every Gleaner's organization, every farmers' club, every farm bureau and every chamber of commerce in the state," said President Friday. "Even the Catholic priest and the Methodist preacher and the Jewish rabbi will be glad to come along."

He referred to the egg production of the state, 50,000,000 dozen during the last year, and declared that by getting rid of the eggless hens the annual production may be raised to 100,000,000 dozen. The same can be done with dairy cattle, hogs, fruit and every other branch of Michigan agriculture, he held.

The other and more important phase of the problem is one of marketing and distribution, said President Friday. Twenty years ago there were one million people on the farms and one million people in the cities of Michigan. Now there are still one million people on the farms, but two and a quarter million people in the cities.

We haven't adjusted ourselves to the change. Our farmers haven't taken advantage of the markets at their doors. They say nothing of the possibilities of shipping goods to Chicago by cheap water transportation. My duty is to analyze the markets of Lansing, Flint, Battle Creek, Jackson, Detroit, Grand Rapids and other Michigan cities and find out what the people are eating, what they will pay for. The middleman is too busy to do it for himself. We must do it for him. We must lay out for the farmer a program of what to produce, how to pack it, how to study the market. That's what the manufacturer is doing for himself. By performing this service for the farmer, we may make it possible for him to get from 25 per cent more to double what he is getting today.

"If the people of the state will help put through this program, we'll sell alfalfa until we have 2,000,000 acres after the next five years. We'll show the people of America what can be done when we go about it. Michigan was the first state to establish an agricultural college, even though people said the idea was a farce. I propose to duplicate this experience once more by giving the United States an object lesson in what can be done in efficient agricultural production and marketing."

President Friday warned his hearers not to expect an increase in farm prices during the next two years. However, other commodities are becoming cheaper, he said. Taking up national issues, he declared the railway wages must be cut by \$600,000,000 annually if railway workers are not to receive an income proportionately greater than that of farmers. He deplored the bickering between industrial groups and predicted that when this strife is eliminated poverty will be unknown.

In concluding he said, "I dedicate this college and all its resources for building a nation such as the world has always dreamed of and has never seen before."

The afternoon program was featured by a parade of all the blooded livestock owned by the college. Preceding President Friday's address, short talks were given by C. L. Brody, secretary of the Michigan State Farm Bureau, who presided; L. Whitney Watkins of Manchester, chairman of the state board of agriculture; and H. H. Halladay, secretary of M. A. C. During the morning the visitors spent their time looking over the various departmental exhibits, the college barns and the experimental crop plots.

Marie Miller and Killian Schryer will leave Sunday for a week's outing at Elizabeth Lake, near Pontiac.

## DEATH OF MELVIN J. PALMER

Melvin J. Palmer, a respected resident of Canton township, passed away at his home on Canton Center road, late Tuesday afternoon, August 8th. The deceased had been in ill health for several months, and during that time had been a great sufferer. He was born in Canton, December 31, 1862. In 1884, he was united in marriage to Miss Mary E. Erdman of Sebawa, Michigan. During his early married life he resided in the northern part of the state, and also spent several years in the west, returning to Canton in 1907, where he has since remained. Six children were born to this union, three of whom are living: Roy Palmer of Dearborn; Mrs. Zehra Griffin of Canton, and Howard Palmer of Los Angeles, California. Besides his widow and three children, one brother, Frederick K. Palmer of Mt. Pleasant, and two sisters, Mrs. O. F. Penney and Mrs. Kate Pfeiffer of this place, survive him.

The funeral services will be held from Schrader Bros. Funeral Home, this (Friday) afternoon at three o'clock. Rev. G. H. Whitney will conduct the services. Burial in Riverside cemetery. Plymouth friends extend sympathy to the bereaved family.

#### GRILLING CANDIDATES

We note from exchanges that in a number of sections women voters are demanding of candidates that they publish their views on all important public questions, and we believe the fair sex has opened up something that the male voters never seemed able to accomplish. The women of America are entitled to vote—why are they not entitled to know the views of the candidates who seek their ballots? We believe women voters around Plymouth will agree with us when we say that it is far better to come right out and ask the candidate where he stands than it is to consult their husbands, who generally know too little about the men they support. So this new move to put candidates on record bears on its face the mark of a mighty good thing; a thing entitled to attention in this community the same as in any other.

#### CLEAN UP THE CAMP

Moses taught the children of Israel the art of camping out. If he hadn't they would never have reached the promised land. But apparently they didn't do it right. Too frequently shrubbery and trees have not received as careful attention as they should have had. The average camper doesn't mean to be destructive, and he doesn't mean to ruin another man's property. He is just thoughtless, that's all. And yet, it would seem that if he wanted to do the right thing and make it more pleasant for the next camper who comes along, he would treat property around him just as he would want his own treated—and he would clean up his camp before he moved on down the road.

#### READ THESE REASONS

Here are a few reasons why home folks should lend their support to a home paper—read them and see if we're right:

1. Because when you were born it was the home paper that introduced you to the world.
2. When you grew up and graduated the home paper again gave you a nice write-up.
3. When later on you found your life companion and were happily married, the home paper gave you and your bride a nice notice.
4. When sickness and misfortune invaded your home, the sad news was carried to your friends and neighbors by the home paper.
5. When you had been successful in a business venture or had been promoted, it was the home paper that heralded your ability.
6. If you sold out and moved to another location, the home paper followed you with the news of friends and neighbors.
7. When some unscrupulous per-

son tried to injure your character, it was the home paper that came to your aid.

8. Because the home paper boasts your town and its institutions, its people, its schools and church, and helps to promote good fellowship throughout the community.

9. Because the live merchants offer money-saving bargains and protect you from catch-penny mail order fakes.

10. At last, when you're finally laid away it is the home paper that prints consoling news of your demise, and that extolls your virtues to the hearts of those who mourn and made to feel thankful that the home paper stuck by you from the cradle to the grave.

#### For Married Women Only:—

And those who expect to marry this year. You men keep out of this now. I take this liberty of addressing you because my wife doesn't worry about my affairs with women. Roy's wife might. I won't take but a few minutes of your time, and you won't get a big dinner today, anyway, because tomorrow is Saturday and you'll have to have a big dinner Sunday. What I wish to say is this: The next time your man puts the matter up to you give it careful thought. Every time we talk to a married man about that home he should be buying, or the insurance he needs, he always wants to talk it over with you. That is right and proper, and I do the same, but here is the trouble: Four times out of nineteen when I return for my answer it is that "the wife thinks we can't afford it now." Don't you know that we don't try to influence a man unless it is for his own good and yours more than it is his? Think it over and if you find that he has neglected to provide for you properly let us know.

## A COMMUNICATION

Plymouth, Wis.  
 Mr. Samsen and Plymouth Friends:  
 Knowing that you were planning a tourists' camp, I thought you might be interested in the camp that Plymouth, Wisconsin, has. The population is about 3500 and it is a very pretty town, with all paved streets and a beautiful park with children's playground.  
 The camp site is at one end of this park. They have attractive signs, such as "Red arrows, reading, 'Free Tourists' Camp Stop with Us Awhile.' These arrows are placed about every block, showing you the way to camp. One big store had a clever welcome sign for tourists, which made an advertising sign also, inviting you to stop and carry home with you a brick of Wisconsin cheese.  
 The camp is situated about four blocks from town. The tourists like a camp that is out a little way much better. They have a telephone about 10x20. This is on wheels, I think for the purpose of moving it in the winter, for the wheels had been taken off. This house contained a large range, and the kindling and wood are furnished free. Benches are across one side of the room and a small table. There is also a telephone service, with classified directory. You can call any store and they will deliver anything you desire. The register is also here with a space for comments on the camp. They have two outside fireplaces, with charcoal furnished, so you can pop corn or toast marshmallows, and get acquainted with your neighbor. The park is electric lighted all night and they have a watchman. They also provide two wash tubs, boards and clothes line. Garbage cans are placed around and the camp is always kept clean. This is the most complete camp we have seen in, and tourists appreciate a camp of this sort. One hates to break camp and go on when they are treated so nicely, and some stay for a week. It doesn't take long for a camp of this kind to become known, and tourists will go several miles out of their way to hit this camp, but if they don't like a camp it is knocked as much as the other is. Tourists' nearly always know what camps to avoid.  
 So far we have found a very good class of people traveling, and they always try to leave everything as they found it. A good camp looks good to a tired tourist, and this one pleased us so much we wanted the folks back home to know about it, because Plymouth, Michigan, should be one of the best places to visit in town as pretty as Plymouth yet, but of course everyone in Plymouth, Wisconsin is proud of their town and want you to like it. I think the flats at home could be made into a lovely camp.  
 The merchants here make an opportunity to help you. They have a revised road map, which they get each week from a man hired to report, and this map shows the best road, the best detour and the roads under construction. This is a great help and sometimes saves a great deal of trouble. It seems to me that this alone makes a good impression.  
 A druggist, who talked to us said, "We have a real live Board of Commerce."  
 I hope your camp site will be a success and a real advertiser for Plymouth.

## AROUND ABOUT US

Wixom will have a home-coming celebration, August 25th.  
 South Lyon's home-coming dates have been set for August 23rd and 24th.  
 September 27, 28, 29, and 30 are the dates for the Northville fair this year.  
 The Livingston county fair will be held at Howell, August 29th to September 1.  
 Great preparations are being made for the Washtenaw county fair, which is to be held at Ann Arbor, Sept. 19-23.  
 The Detroit Creamery Co. has installed a new automatic can washer at its Howell plant. The machine has a capacity of 300 cans per hour.  
 Court Northville, Foresters of America, will hold their annual picnic at Silver Lake, west of South Lyon, Sunday, August 20th.  
 The new Grand River Inn, at the Meyers road on Grand River, has just opened to the public and is one of the finest eating places about Detroit.  
 Grand River from the Wayne county line to the city is having a four-inch white line painted right through its center, an invitation to drivers to keep on their own side of the way.  
 The Chelsea Common Council have adopted an ordinance granting to the Consumers' Power Co., the privilege of furnishing electricity to the village for 30 years.  
 The grand stand at the Milford fair grounds has been moved back from the track twenty feet and it is the plan of the association to enlarge it by the addition of forty feet to each end.  
 An American Legion Post has been organized at Farmington. Its official name is Groves-Walker Post No. 241, incorporating the names of the two Farmington boys who lost their lives in action overseas.  
 A score of men from the Ionia prison have been working on the new state park at Island Lake. Help has been hard to secure and we are informed that carpenters and painters there have been receiving from seven to eight dollars per day of eight hours. Compare this with the wages the farmer receives and the wonder why farm help is scarce is easily answered.—Fowlerville Review.  
 One of the best picnic spots to be found in Michigan is at Island Lake, the state park, seventeen miles west of Plymouth. The state has erected a handsome building at the park, overlooking the lake, where tables and chairs are available to visitors and throughout the park benches, chairs and tables are scattered where picnic parties may enjoy their dinners. Splendid water is furnished from driven wells, hot water for coffee can be secured free at the state building. Picnic parties may build their own fires in the grounds surrounding the building and cook their meals. A good gravel bathing beach, a concrete bath house and concrete shelter and outbuildings add much to the pleasure of a visit to the park. Motor boats and row boats, rented by the state, are available at reasonable prices as are bathing suits. There is no charge for anything at the park save boats and bathing suits.

## THE COMING CIRCUS

Spark's World Famous Shows are billed to exhibit at Ann Arbor, Tuesday, August 15th, and from the newspaper reports preceding them their exhibitions will be worth going miles to witness.  
 Of the many features carried by the show this season, some of the Animal Acts are without doubt the most wonderful and thrilling ever presented to an American audience. The big group of fighting forest-bred lions, all full grown males, give an exhibition that is full of thrills, and the audience is left with a positive feeling of awe at man's wonderful mastery over the brute creation.  
 Another extraordinary feature with the show is Capt. Tiebor's troupe of educated Seals and Sea Lions. These interesting sea animals perform the most astounding, impossible feats: Balancing chairs, umbrellas and whirling brands of fire while climbing ladders, walking tight ropes and riding the backs of galloping horses. This feature baffles description and must be seen to be appreciated.  
 Many other wonderful things are to be seen with this mammoth show and the main performance beneath the big tents will present a number of the most marvelous foreign acts of the century.  
 The menagerie of wild animals carried with the show is complete in every detail, and contains rare and curious specimens of the earth's most interesting and curious animals.  
 A mile long street parade of dazzling splendor, beautiful women, and handsome horses, interspersed with three brass bands and a steam calliope will traverse the streets shortly before noon, and this feature alone will be worth going miles to see.  
 Don't forget the date and the place of exhibition, Ann Arbor, Tuesday, Aug. 15th.

**Today's Reflections**

There are times when it is not necessary to read the market page to know that eggs are strong.

Too many people go on the theory that a liberal church contribution covers a multitude of sins.

The way they have of reading is not the only thing that is upside down in China.

Two Texas men had a fight over a can of sardines. One of them must have been trying to force the other to eat them.

If the modern Plymouth girl must reveal some charm to win a husband, let her reveal some ability to cook.

Back in the old days, when there were no laws forbidding anything, how did people manage to have a good time?

No doubt every Plymouth boy wonders at times how Adam and Eve got along without somebody to run errands for them.

After all it isn't difficult to earn a living. The hard part is to get it.

The man who once wrote ads concerning booze that never caused a headache, is probably now writing those about soap that makes washing painless.

Our advice to Plymouth auto drivers is to never dispute with a railroad locomotive. You may reach the crossing first, but the locomotive is liable to stay longer.

The only thing worse than a poor man with a big family, is a man so rich he hasn't any family.

The preacher doesn't say much about it, but it is believed he would prefer to have members of his congregation do their sleeping at home.

Our idea of the world's champion grouch is the ice man who kicks about hot weather.

Isn't it strange how virtuous the average Plymouth man can appear when he's carrying a quart bottle of vinegar along the street?

You have also possibly observed that some people will hang a license plate on anything that will run?

**"CITY OF KINGS"**

Ancient Delhi Well Worthy of Pompous Appellation.

New Capital of India Has Long History Filled With Effort, Tragedy, and Wild Romance.

It has been said as Agra is the poet's city, so is Delhi the city of kings. And certainly there is a sense of pomp and glory that still lingers about the place, an atmosphere of vanished splendors that strikes even the winter tourist who wanders, guidebook in hand, around its mass of ruins and down its stately streets. Even so, as you should see Agra first in the soft, blurred twilight of the day, you should approach Delhi in the broad, brave light of early morning. Entering the town from the Meerut side, when the sun is mounting serenely in a pale, clear sky, making the broad Jumna sparkle freshly, throwing into clear relief the brown, vigorous dholis who bang their white washing joyously upon the stones, rousing the red, glowing walls of the great fort to cheerful welcome, this is to see Delhi in its most vital aspect, a city of life and busy, worldly activity, always at the center of the history of every age. For, whatever may be said for or against the expensive and troublesome removal of the seat of government from Calcutta, it is at least historically fitting that this ancient town—always at the core of India's history, whether as Delhi, Indraprastha or Shahjehanabad—should now again become its capital.

The seven Delhis around—scattered in ruin now—represent—each of them—a chapter of history packed with effort, tragedy and romance. Never was a city more teeming with the sense of the press of life, of history inevitably made in the shadow of its rud walls.

Like Rome, Delhi has two distinct pasta lying side by side. In Rome it is the ancient Roman civilization and the past of the Renaissance. In Delhi the old days of invading Mohammedan hordes and the period of undiluted splendor inaugurated by the early Mughals. But unlike Rome, Delhi has always a background of grimness to show to each bright picture, making the sensuous glory of it the more hecticly bright. Therefore, after a cheerful, sunny morning spent among the gold embroidered, the ivories and silks and jewels of the broad and lovely Chandni Chauk—the finest street some say, in the world—amidst the Imperial, forgotten pomp of the red-walled fort, the quiet of the evening is the time above all others for wandering amidst the fragments of the ancient Delhis. The whole of the neighborhood is strewn with these remains, for although "the seven Delhis" is a picturesque enough term. In sober fact the cities that lie crumbled around the present capital of India number twelve or thirteen. True, of the original city of Indraprastha, built by the Pandava brothers, and said to have been on the site of the present village of Indraprastha, no vestige remains. . . . Drive out a few miles and you will find Tughlakabad, built by the first sultan of the house of Tughlak. . . . Long and ponderous and grim, it lies, once so full of the life and bustle of a medieval court, now deserted by all save the wild peacocks, gorgeous as any courtier of old—who step daintily among its ruins.

—Barbara Wingfield Stratford in "India and the English."

**Chance for Grandpa.**

On Memorial day an assorted pair watched the parade, an elderly business man and his little grandson. The latter amused everyone by his comments on things and his imitation of his grandfather. When his grandfather lifted his hat, the youngster did the same. And then looking at his grandfather said, "We're polite, aren't we, grandpa?"

Grandpa smiled and nodded. Then the little fellow saw the former service men in uniform and the Civil war veterans. He looked at his grandfather, sighed and asked, "Ain't it too bad, grandpa, we aren't soldiers?"

Grandpa sighed a genuine sigh. A long study and then the little fellow offered consolation. "I can be a boy scout pretty soon, grandpa," he said, "and when you get a little older, you'll be an 'Onward Christian Soldier!'"

This time grandpa didn't smile. His future didn't seem to suit him.—Indianapolis News.

**Radio Station on Church Tower.**

A radio broadcasting station with a coast-to-coast radius and a ten-story tower are novel features of the First Baptist church, of Shreveport, La., erected at a cost of \$500,000, and used for the first time Sunday, August 9.

The structure, uniting a main building of four floors, and the ten-story tower is large enough to accommodate 7,000 persons. Situated in the heart of Shreveport's business district, its tower dominates the city's skyline. Many small churches throughout the neighboring section have installed receiving outfits to take advantage of the offering of the Shreveport church. Several of them have no pastor, and are able to have sermons only one or two Sundays a month, but radio has now made possible for them the same opportunities offered members of city churches.

When the bowels are constipated, the lower bowels or large intestines become packed with refuse matter, that is made up largely of germs. **Station C-O-W at Michigan State Fair**

G. W. Dickinson, secretary and manager of the Michigan State Fair, recently spoke from Station WCX at Detroit. So interested did Mr. Dickinson become in radio telephony that one of his artist friends drew this cartoon for him.

Radio will be one of the featured exhibitions at the State Fair, September 1-10.

**G. W. Dickinson Acts to Prevent Disease Infecting Livestock**

Farmers planning to exhibit horses, cattle, sheep, swine or livestock of any nature at the Michigan State Fair, Detroit, September 1-10, need not worry about danger of contagious diseases.

George W. Dickinson, secretary and manager, has arranged for every possible prevention of disease infecting any of the livestock on exhibition. Arrangements have been made with the state veterinarian for thorough disinfection of every building prior to and during the fair.

Many fly-traps will be placed in each building where livestock is on exhibition. Millions of flies were caught last year, which prevented their interfering with the comfort of any of the horses or cattle.

No livestock will be allowed to be exhibited until thoroughly examined for disease. Every precaution will be taken to prevent horses or cattle coming into contact with disease, once they have been admitted to exhibition.

The health department of the City of Detroit will maintain careful supervision of the food supply at the State Fair. Not only will careful inspection of the food given livestock for disease or poisonous traces be made, but preparation of foods for fair visitors also will be supervised. Sanitary drinking fountains will be erected everywhere on the grounds.

**RUNNERS TO HOLD 6-DAY MEETING AT STATE FAIR**

An announcement that harness horse racing had been dropped from the program of the Seventy-third annual Michigan State Fair, Detroit, September 1 to 10, and the running horses substituted, has been made by George W. Dickinson, secretary and manager of the fair.

The runners will come to the State Fair from Quebec, Woodbine, Toronto, Windsor, Havre de Grace, Plimlico, and other southern tracks for a six-day meeting, opening Labor day, September 4, and continuing through the following Saturday.

It is expected more than 150 horses will be quartered at the fair grounds and preparations now are under way to house the runners. A paddock will be constructed just south of the grandstand.

W. J. Dowling, who has successfully conducted running races at Owosso, Bay City, Grand Rapids, Jackson and Adrian fairs, will direct the six-day meeting at the State Fair, Mr. Dickinson said.

**VINTON BREESE NAMED DOG JUDGE AT FAIR**

Vinton P. Brees, writer, artist and dog fancier, of Caldwell, N. J., has been named as one of the judges at the three-day show to be held at the Michigan State Fair, Detroit, September 1-10.

It is planned to have Mr. Brees judge about 20 different breeds. He is considered one of the leading canine officials in America.

It is expected Irene Castle, the famous actress, of Ithaca, N. Y., will be another of the judges at the dog show. Miss Castle has expressed a willingness to come to Detroit and it is believed arrangements will be completed soon. She will judge Shepherd dogs in the event she agrees to come to Detroit.

Other judges will be appointed prior to opening of the fair and, this all breed dog show promises much for visitors to this year's exposition.

### LOST BY GREAT MISSIONARY?

"Lorraine" Crosses Recently Found in Michigan Believed to Have Belonged to Father Marquette.

Not long ago, writes a contributor to the Youth's Companion, some schoolboys of Delta county, Michigan, who were gathering acorns at recess from a large tree on a hill near the Escanaba river, found some valuable relics that date from the time of Father Marquette.

The boys had climbed the tree and shaken the acorns off. While they were picking them up a large one rolled under a sod. One of the boys pulled up the sod and disclosed four crosses, tarnished with age. Each was standing upright, and the top, which have rings in them, were hung together as if they had once hung from a string. The peculiar shape of the crosses roused the boys' curiosity, and they took them to their teacher, who scoured them and found that they were of solid silver.

They are of different sizes. The largest is six inches long and four inches wide; the smallest is four inches by two inches. All four crosses are elaborately engraved; except for the initials "R. C." the engraving on each is different from any on the rest. The workmanship shows the crosses to be handmade. But, unlike the ordinary cross, they have two horizontal bars. The upper bar, which is shorter than the other, represents the "title" that Pilate ordered to be placed above the head of the Saviour. The double-barred cross has several names. It is called the Lorraine, or Jerusalem, cross, because Godfrey de Bouillon, duke of Lorraine, whom the crusaders chose as the first Christian ruler of Jerusalem, adopted it as his symbol. It is called also the archbishop, or patriarchal, cross, because in the Roman Catholic church it marked the rank of cardinals, archbishops and patriarchs. Cardinal Richelieu, an archbishop of Lucon, always wore it.

How did these four double-barred crosses ever come into this country? Cardinal Richelieu's niece, the duchess d'Aligillon, was much interested in the missions in New France. She made many gifts to the missionaries, among which were some crosses that were to be given to the Indian chiefs as rewards for good conduct and zeal for the faith and for other meritorious things. In honor of her uncle, the cardinal, the duchess had the crosses made with two bars.

There were several missionaries who received the crosses, but Father Marquette was the only one who traversed the region in which the boys made their discovery. It is likely, therefore, that he himself lost them; since the four were together. It is not probable that Indians lost them.

### First Message by Wireless.

Sending messages by telegraph and telephone without wires thousands of miles over the oceans is a far cry from sending a wireless impulse the length of a kitchen table. But before Marconi did that others had discovered certain principles which made it possible. Not, however, until Hertz discovered the progressive propagation of electromagnetic action through space was the period of speculation and experiment near its end.

Marconi, then a young man just out of his teens, read of the experiments of Hertz, and conceived the first apparatus for demonstrating the idea. At the end of several months he had his idea of such an apparatus complete and a message in the Morse code was sent the length of an ordinary kitchen table on which the apparatus was set up. Out of this initial success the wonderful system of wireless telegraph and telephone communication of today has developed, remarks the Detroit News.

### "Resurrection Plant."

During the autumn and early winter several years ago men might have been seen in the streets selling an odd little plant which they called the "resurrection plant." Many and wonderful were the tales told of the plant by these itinerant salesmen to persuade their prospective customers to buy. Most of them either stated directly or else led their hearers to infer that the plants came only from the Holy land, where they were emblematical of the Resurrection. Most of them, however, were Polygallium leucarium, the commonest of all the ferns of Florida.

During the dry season the plant curls up into a small ball and has the appearance of being dead. In this condition it will bear transportation well. When placed in a bowl containing a little water its leaves will unfold and assume a bright green color, making a pretty and ornamental plant.

### British Race Increasing.

The population of the United Kingdom, a little less than 40,000,000 when the century opened, had doubled by the time the American Civil war broke out. In 1901 it was 41,458,721; in 1911 it was 45,221,613. The after-war census for Great Britain showed a population of 42,767,530, excluding Ireland, so that the total for the British Isles must now be well over 40,000,000. This steady growth has gone on side by side with a huge emigration. From 1853 to 1920 14,000,000 Britishers left home for places outside of Europe, for the most part British North America, the United States, Australia, British South Africa and India.

### Something Off Her Salary.

"I didn't really mean that you are a beast," said the prima donna when the row was over. "You make allowances for my artistic temperament." "I do," said her manager, bitterly, "but if there were any justice in this world I'd make deductions for it."

### BAPTIST NOTES

The service next Sunday morning at the Baptist church will be at ten o'clock, and the Sunday-school following. The pastor will be in his pulpit to preach. Let each member of the congregation make an effort to come. No other service during the week at the church.

Everyone enjoyed the picnic at Walled Lake, last Saturday, and a great spread for the dinner.

### NEWBURG

There was a very good attendance at church, Sunday last, when Rev. Wise preached a fine sermon, the theme being, "Put on the Whole Armor."

The fourth quarterly conference of Newburg, Perrinsville and Beech will be held this week Saturday afternoon, August 12th, in Newburg church at three o'clock. Dr. Leeson, district superintendent, will preside at this meeting.

Mrs. M. Eva Smith's bible class and Miss Ada Youngs and Beatrice Davey's Sunday-school class spent last Thursday at Bob-Lo. Needless to say, they all had a fine time.

The Newburg Patriotic society will give their quarterly dinner and meeting at the home of Mr. and Mrs. Charles Ryder on Plymouth road, Thursday, August 17th. Picnic dinner at the noon hour. Everyone cordially invited to attend.

As far as the week has been done in the cemetery, it surely looks quite different than the neglected appearance it presented before work was commenced. It will require a good deal of money to finish it.

Miss Elizabeth Matherson of Detroit, and Andrew Komorah of Ann Arbor, were over Sunday guests, and Miss Davison of Washington, D. C., spent Sunday, at the Clemens home.

Rev. George Davey, wife and two daughters of Marlette, motored to the home of Thomas Davey, Jr., last Wednesday, and attended the Sunday-school picnic at Bob-Lo, and visited other relatives here and in Detroit. Mr. Davey is very much pleased with the Marlette M. E. church, there being between four and five hundred members.

Mrs. Evelyn Bassett is slowly convalescing. Mr. and Mrs. McDowell and other friends from Detroit, visited Mrs. George Chilson and son, Clare, last Sunday.

Mr. and Mrs. C. E. Ryder and Mr. and Mrs. Donald Ryder called on James King, Sunday afternoon, finding him somewhat better.

William Lomas has been laid up with erysipelas, but is better at this writing.

Mr. and Mrs. Edgar Cochran, Mrs. F. Davey and uncle motored to Alma, last Saturday.

### FRAIN'S LAKE

C. H. Freeman, wife and daughters, Eleanor and Leola, spent Sunday with Lewis Kelley and family of Cherry Hill.

Ivan Galpin returned to East Lansing, last Monday, where he will spend the month, instead of at Chicago, which was misreported last week. He is testing T. B. cattle under the direction of M. A. C.

Mrs. Fred Haak and daughter, Helen, spent last Wednesday with Mrs. Burton Galpin.

Ed. Lyke and wife and Thresa Nanny spent Thursday in Ann Arbor. The G. R. O. W. class will hold their picnic this week Wednesday at Portage Lake.

John Harwood and wife attended a family reunion at his father's home on the Saline road, Sunday. There were fifty present.

Everett Whipple, Jr., had the misfortune to fall from a horse and break his arm, Friday. It was a serious injury as a blood vessel was also burst.

Mrs. Minnie Judson is ill.

Mrs. Fishbeck's guests, Sunday, were Lee Fishbeck and family from Brighton, and Mrs. Hatch and daughter, Jennie, from Ann Arbor.

Mrs. George Gill was a caller at Mrs. Ed. Lyke's, Friday evening. Gus Lidke and family spent Sunday with friends in Ypsilanti.

Miss Helen Smith of Ypsilanti, spent the week-end with the Misses Fishbeck.

Ed. Lyke and sons, Ralph and Lloyd, spent Saturday in Detroit.

Mrs. Lloyd Lyke and father, Thomas Lee, attended a picnic at Belle Isle, Sunday, with Oscoda friends.

Mrs. Mabelle Sherwood was taken to the doctor's, Sunday, with a badly sprained ankle.

Chris Schuholtz, wife and son of Detroit, called at Albert Staebler's, Sunday.

The girls of the Poultry-Sewing Club will spend this week at Camp Birkett, Silver Lake.

Arthur Wheeler and wife of South Lyon, were recent guests of Mr. and Mrs. Burton Galpin.

SMILE

WHEN you think life's not worth a smile  
Smile and shake your head at fate—  
Hit the line; don't hesitate.  
Smile and say "World, how'd'ya do;  
Here's a-looking straight at you!"  
Shake yourself and force a smile—  
You'll see clear sky after while.

When you meet a brother smile;  
Grasp his hand, walk double file.  
Smile and say "Hello, old chum!"  
Cheer up; don't be sad and glum!"  
Smile and every time you do  
It pays interest to you.  
Waste of time salt tears to shed—  
Smile and keep on straight ahead.

In the crowded market place—  
Keep a glad smile on your face.  
Frown, and you give birth to doubt—  
Next thing you'll be down and out.  
Smile and say, "Things coming fine—  
Only carload lots in mine!"  
Waste of time to sigh and sob—  
Smile, and stick tight to the job.

**NORTHVILLE-PLYMOUTH GUN CLUB MEET**

The trap-shooting tournament, held by the Northville-Plymouth club, August 7, developed some unexpected results. Some of the new shooters gave the old timers a surprise by fopping their scores with a margin of several targets. Clyde Merritt, a native son, had his opponents in the game bag in the 50 target race for the club trophy. In this event, Merritt was high with 48 out of 50. His nearest competitor was F. E. Hills who broke 47 out of 50. H. B. Hall finished with three down.

In the 50 target, Matt Powell, C. T. Trimmer, Harry Passage and F. E. Hills scored 48 out of 50. Harry Passage proved his ability on the 10 yard targets and repeated the proof by breaking 48 out of 50 in the handicap, shooting from the 20 yard line.

The hand liners in the handicap were C. Trites, of Wyandotte and Charles Thompson of Detroit. In the first event, they each made perfect scores; in the second, each dropped one bird, thus trying for the trophy. In the shoot-off which followed, they weakened, each man dropping three targets. In the second round, Trites let three get away while Thompson made a perfect score, and won the Baker Trap Gun.

William Cavers, William Remick and C. H. Per finished in third place, with three down in fifty.

**PLYMOUTH WINS AT PRISON FARM**

One of the most exciting ball games of the season took place at the Detroit House of Correction Prison Farm base ball park, Tuesday evening, when two strong teams, captained by Frank Rambo of the C. of C. team, and Capt. Denniston of the prison farm officers team. Although Capt. Denniston's team put up a game fight to win the game, they were no match for Rambo's hard hitting "veterans" and when the smoke of the battle had cleared away the score was 20 to 13 in favor of the C. of C. team.

**Foul Tips**

The attendance was in the neighborhood of 500.

The perfect ease with which Capt. Denniston held down the initial sack, would have done credit to a leaguer, and the Capt. had a bum finger at that.

Capt. Rambo did the pitching for Plymouth, and kept the hits well scattered.

Harry Robinson played the first sack, just the same as he did thirty years ago—without an error.

Capt. Denniston says he certainly had it on the Plymouth bunch, when it came to computing ages.

Harry Lush did some sensational work in center field for the home team.

Petz and Robinson made a fast double play in the second inning that won the plaudits of the crowd.

A. P. Davis pitched a good game for the farm team.

Ed Denniston, Jr., was the official scorer, and his stentorian voice could be plainly heard above the din and shouts of the crowd.

We understand Capts. Rambo and Denniston are making negotiations for a return game, and we've got a hunch that it will be a close one.

Will Conner did splendid work on the coaching lines.

Ty Cobb never did any faster work on bases than Walt LeVan did Tuesday evening. Outside of a badly skinned knee, Walt came out of the game in fine shape.

The umpires were absolutely fair.

Charley Fleischmann, for the farm team, pulled down several long flies in left field in fine shape.

**ICE CREAM SOCIAL**

**SCHOOL REUNION**

The second reunion of the Perrinsville school will be held on the school grounds, August 15th. A basket lunch at noon. A short program will be given at two o'clock, under the direction of Miss Lawton. If you have ever taught or gone to school at Perrinsville school, come, bring your families and your friends, and renew memories of by-gone days on August 15th.
