FIRST PRESBYTERIAN CHURCH

Rev. S. Conger Hathaway, Pastor

MR. MERCHANT!

Whether you buy newspapers and sell them to passersby, or own big mills and dispose of their products, you know that honesty pays; that no sale is a good sale unless both sides profit, and that he profits most who serves best.

These axioms have grown out of the experience of hosts of merchants in every town.

The church is the institution in this town—in every town—which teaches honesty and truth and mercy. Without the church business would revert to the selfish, sharp barter of ancient days.

LET THE CHURCH BE YOUR PARTNER

DEATH OF D. D. ALLEN

A PROMINENT CITIZEN AND LIFE-LONG RESIDENT OF PLYMOUTH.

David D. Allen, son of John and Mary Cady Allen, was born August 15th, 1848, on the farm two miles west of Plymouth, where the greater part of his life was spent. On the fourth of December, 1872, he took as his wife, Miss Emma Shaw, who died December 1st, 1906, but three months after they moved to Plymouth. There was born to this union one daughter, Ethel, now Mrs. Edward A. Hauss of Century, Florida. There are two grandchildren, Anna Cynthia and Ethel Louise.

On the 26th of December, 1910, Mr. Allen was again married, taking as his wife, Mrs. Eliza Steele of Plymouth, who survives him.

Early in life he became identified with the Baptist church, later transferring to the First Presbyterian church, and until the time of his death, continuing faithfully therein, a period of some twenty years. Until his health failed him in June 1917, he served efficiently as trustee of the church. Since 1917 he has been an invalid and was more or less confined to the house and patiently endured

DAVID D. ALLEN

his affliction until Sunday morning, August 20th, when, at one o'clock, "God's finger touched him; and he slept."

Mr. Allen was a progressive farmer and his farm was looked upon as being a model and he was always interested in growing fine fruit and his horses and cattle were among the best in the township.

He was one of the organizers of Plymouth Creamery Co. and was the active manager of this corporation for many years. He was always interested in the financial affairs of the community, and at the time he was compelled to retire on account of ill health, was vice-president of the Plymouth United Savings Bank.

Mr. Allen was one of the organizers of the Plymouth Iron Windmill Company, (in 1882, which name was afterwards changed to the Daisy Manufacturing Co., and he served as a director of this company from the time of its organization until his death, a period of forty years.

Mr. Allen was progressive in all public matters, and his genial manner won him hosts of friends in all walks of life, who will deeply regret his passing.

FREE DANCE ON PAVEMENT

Don't forget the free dance on the pavement, Saturday evening, Sept. 2nd. The Millard band will first give their regular concert in Kellogg park, and the dance will commence at 9:00 o'clock. Everybody come and enjoy themselves.

Last Wednesday, August 23rd, the boys Sunday-school class of the Presbyterian church, with R. Mettetal in charge, spent the day at Walled Lake. All reported having a great time. The boys are very grateful to Mr. Pettigill and Mr. Hearn, who contributed to their refreshments, also Mr. Huxton and Mr. Conner, who gave them a ball and bat.

ODD FELLOWS WILL HOLD LABOR DAY CELEBRATION

BIG FIELD DAY AND BARBECUE AT DEARBORN WITH THREE TOWNS PARTICIPATING.

The Odd Fellow lodges of Wayne, Dearborn and Plymouth are all set for a big field day and barbecue, which is to be staged on the Ford athletic field at Dearborn, Labor Day, September 4th. In addition to the membership of the three lodges, the public is also invited and preparations are being made to entertain a monster crowd.

In the field day events, the athletic teams of the three I. O. O. F. lodges, which form the Interurban League, with their base ball teams and other entrants will participate in the program. There will be races of all kinds with a tug-of-war as a wind-up to the day's doings. As a prize a silver loving cup is offered the team scoring the highest number of points for three years. Dearborn won the cup last year, but Plymouth and Wayne are going to make the Dearbornites go some to hold the trophy on Labor Day.

The admission for the big day's program has been fixed at 25c, to help defray the expenses of the celebration. Admission also includes a round at the barbecue.

RECEPTION AT METHODIST CHURCH

A large number attended a reception given at the Methodist church, Monday evening, in honor of two young people of the church who have recently completed their special training and are soon to enter Christian work as Deaconesses. Miss Mary Hill recently graduated from the Kansas City Deaconess Training school, and has received her appointment to special work in Harrisburg, Pa. Miss Huger completed her course at the Chicago Training school and is assigned to work in Detroit.

To say, the local church is very proud of these very estimable and capable young ladies, who have been for so long intimately associated with the church, especially with the young people's activities. And there are also several others of the young people of the church who are at present in preparation for special Christian work. It is an occasion long to be remembered when a congregation is able to produce Christian workers of this kind, and it will continue to have its influence on the lives of all the young folks who knew them, and in fact, will be an inspiration to the whole church.

After the singing of a song, Mrs. Deery, formerly president of the Missionary Society of the church, spoke a few words revealing her personal interest and the interest of the Missionary Society in the life plans of these two young people. Miss Eva Griffith, representing the young folks of the church then spoke, bidding the young ladies God-speed, and telling them of the heart-felt interest that the young people will continue to have in them, with sympathy and prayer for their success. E. V. Jolliffe followed these remarks with an encouraging word, representing the church as a whole. After a solo by Mrs. Nagle, C. R. Ross with fitting words presented to the guests of honor, each a beautiful bouquet of red and white asters on behalf of the Epworth League young folks. The pastor then presented them each with a little gift of money from the church to help them in their work for the Master's Kingdom. The church Service Flag was then presented and two of the stars which were simply an outline of blue representing young folks in preparation for life service, were covered over with a solid blue star representing young people in actual Christian work. Miss Hill and Miss Huger pinned these stars on the flag themselves. After this, prayer was offered by the pastor, and "Blest Be the Tie That Binds," was sung, while all joined hands.

In closing, the ladies of the church served ice cream and wafers. The occasion will be remembered as one of the outstanding features of the whole year.

H. B. Steinbach of Dexter, is visiting at Jay Burr's.

SCHOOL COMMENCES TUESDAY, SEPT. 5TH

By the time you are reading this announcement, thousands of pupils and teachers will have completed their summer activities and will be school-ward bound.

After the ideal summer for study, work or play, all will return with increased energy, enthusiasm and determination to make the coming year a really worth-while year in their lives.

In Plymouth, the Board of Education has spared nothing within their power to make the building and supplies ready to care for the increased attendance, which a live growing town always finds at the opening of schools. The teachers are returning, and the ease with which they are finding really desirable rooms, speaks well for both the desirability of our teachers and the generosity of our citizens in the kind co-operation which they have given.

At this time, of course, the High school boy and girl are weighing the school problem, and if they are looking ahead ten, twenty or thirty years, there will be but one possible decision, and that is to attend some school. Our school prepares for college, agriculture, industry and business. While the Plymouth school, like all other schools, prides itself upon the achievements of the leaders among its graduates, it does not forget or neglect the interest of the large number who will become the honest everyday citizen. We believe that the school has the right to the name of "Public," when it really furnishes every boy and girl in the community the training which he must have to fill effectively his place in society. Whether our school really functions will depend upon the extent to which the pupils, teachers and community co-operate. Let's all be ready for September 5th, when the 8:30 gong sounds.

Mrs. Sylvia Dunham, Mr. and Mrs. Archie Miller and Mr. and Mrs. R. Z. Miller of Detroit, were Sunday guests at Frank Durham's on Ann Arbor street.

Harry Birch, who has been ill for several weeks, has gone to the Detroit Sanitarium, where he will receive treatment. Harry's many Plymouth friends hope for his speedy recovery to health.

Mr. and Mrs. Carl Heide entertained the following guests, Wednesday: Mr. and Mrs. Fred Wagner of New York City; Mr. and Mrs. Herbert and daughter, Bird, and Miss Vera Hengsterfer of Ann Arbor.

The ball game between the Western Bloomer Girls and the Plymouth team at the High school athletic park, Wednesday afternoon, was an easy victory for the home team, the score being 20 to 6. The girls' team was supplemented by four men players. There were about four hundred in attendance.

Conservation of Resources

In the last few years "Conservation" has become a by-word. The Government has spent thousands upon thousands to conserve "the natural resources of this country."

It is doing this because the natural resources are valuable—valuable because they will be of use in years to come.

Against the time when you will need them, you should conserve your financial resources. The best way to do this is to start a Savings account with us and then make it grow.

INDUSTRIAL PEACE

Hear What ROGER BABSON, the Great Statistician, and Himself an Employer of Labor Has to Say:

The Prosperity of a Nation is very closely Allied with its Religion. Hence Religion Bears an Intimate Relationship to Business Conditions.

The Labor Problem is Really a Question of Religion Rather than of Economics. Only Religion can bring Together both Employers and Wage-Earners.

The Solution of the Labor Problem will Come about Only as We all get MORE RELIGION and APPLY this Religion more to Every-Day Life.

The Real Increase in Wages must come thru improved Production and Distribution, reduced Taxation, an Extension of Education and Opportunity, and MOST IMPORTANT OF ALL—the Development of Religion Within the Hearts of both Wage Workers and Employers.

We must Entirely Change our Point of View and Strive for the Development of MEN Rather than the Possession of Money. We Employers Need More Religion.

ON THE ROAD

Common sense should prevail at all times on the part of the auto driver. The great danger on the road is in passing another, either when meeting one or overtaking one on the highway. It is here that special attention should be given to driving. One Plymouth auto driver whose experience covers several years said to me a few days ago, in speaking of this subject:

"It's not only a serious breach of motoring etiquette but also a violation of the laws of a majority of the states to speed up and attempt to race a car which has signalled its intention of passing on the left of you. Too many drivers appear to consider this a challenge to a test of speed; that they must uphold the honor of their machine by stepping on the gas and tearing along at ten or fifteen miles an hour faster than they had been going. This is responsible for a number of accidents, usually to the car on the outside, which is prevented from getting back on its own side of the road, and is liable to a collision with a machine coming from the opposite direction."

"The moment a horn is sounded behind you, draw as far as possible to the right without endangering your own car, and let the other fellow drive past. He may have a good reason for his haste, but even if he hasn't, he isn't issuing a challenge to race. He is merely giving one of the signals of the road that is recognized by law. And he is entitled to have his wishes complied with."

THE LIMA BEAN

Did you ever eat a Lima bean, commonly called a "batter bean," fresh-picked from the garden? And did you ever compare the flavor with the Lima bean that had been nicked and dried for weeks? Peace of mind and rest of heart are so essential to human happiness that we often wish every resident of Plymouth would raise Lima beans right out in the yard. If the energy that goes into disputes over labor trouble and politics could be diverted to Lima bean culture, this would be the happiest country under heaven. Too many are forced to eat this vegetable long after it has lost a large per cent of its taste and sustaining qualities. The few are privileged to gather them fresh in the morning and have them on the table a few hours later. And every time we happen into a mess of them, fresh from the garden, we can't understand how a man can partake of Lima beans and harbor a grudge against anybody in the world.

METHOIST NOTES

Mrs. Cook's Sunday-school class enjoyed a very pleasant outing at Silver Lake, on Tuesday of this week. About fifteen of the girls were present, being transported by auto.

The Pageant given last Sunday night was largely attended and brought forth a great deal of comment as to its impressiveness. The young ladies who gave it are to be very highly complimented on their efforts. A more appealing and heart-stirring message could not have been given to sacrifice everything to follow the Christ. It was a real Challenge of the Cross.

Mr. and Mrs. Robert Jolliffe and Mr. and Mrs. Evered Jolliffe had little babies baptized last Sunday morning at church, Miss Charlotte Louise Jolliffe, and Master Keith Evered Jolliffe, respectively. There is nothing quite so beautiful or impressive in the ritualism of the churches as the bringing of the little children to Christ in dedication to Him.

A reception was held at the church on Monday evening in honor of Miss Mary Hill and Miss Nellie Huger, who are soon to enter Christian work as deaconesses.

Prayer meeting is held on Thursday evenings at 7:30.

Plan to attend church next Sunday. Miss Nellie Huger will sing.

The Key That Unlocks the Door to Long Living

The men of eighty-five and ninety years of age are not the rotund, well-fed, but thin, spare men, who live on a slender diet. Be as careful as he will, however, a man past middle age will occasionally eat too much or of some article of food not suited to his constitution, causing indigestion or constipation, and will need a dose of Chamberlain's Tablets to move his bowels and invigorate his stomach. When this is done, there is no reason why the average man should not live to a ripe old age.—Advertisement.

"What's in a Name?"
By MILDRED MARSHALL

Each about your name; its history; meaning; whence it was derived; significance; your lucky day and lucky hour.

CLARICE

WHILE Clarice has its origin in the same root as Clare or Clara, its evolution progressed in a far different manner. The Latin adjective clarus, meaning bright or famous, is of course responsible for both names, but where Clare followed the English and French, Clarice is the product of Italy.

The old Latin feminine of words ending in "us" to signify the deer, was "clara"; in modern Italian this becomes "clara." Clarice, therefore, was the feminine name so evolved and meant "to make famous." It proved popular throughout Italy, its famous bearer probably being the wife of Lorenzo de Medici.

Though France already had a Claire, she adopted Clarice, giving a soft "s" sound to the "c." This explains the Clarissa which sprang up in England and was given extraordinary vogue by Richardson in his novel wherein he made Clarissa his heroine. The popularity of this book in France brought forth Clarisse. It is not the first instance of one language adopting the change made upon one of its own words by another tongue.

Clarifida and Clairmond are two other fanciful interpretations of the original Clarice.

The diamond is Clarice's talismanic gem. Its potency is best expressed in the old rhyme:

The Evil Eye shall have no power to harm,
Her that shall wear the diamond as a charm,
No monarch shall attempt to thwart her will,
And e'en the gods her wishes shall fulfill.

Friday is Clarice's lucky day and 1 her lucky number.

CITY MANAGER PLAN

WILL the city manager plan solve all the problems of municipal government?

Enthusiastic supporters of placing city management in the hands of one man, chosen to direct all affairs just as the president or managing director of corporations has charge of the business of these private enterprises, contend that this comparatively new method of administering municipal affairs would be more efficient than anything tried heretofore.

But experience thus far has not provided proof that the contention is sound. Since the method of choosing the city manager is to have him elected by the council or commission and not by the public, it is found that friction often develops between the man so chosen and those naming him. Instead of eliminating the evils of political control or political influences, as supporters of the plan argue it will, we find that councils are more inclined to "play politics" or to try to do so than when the chief executive of a city is answerable to the people direct. It certainly is much easier to oust a city manager who doesn't happen to fall in line with the wishes of a few councilmen than to remove a mayor from office by the recall—which might be a point in favor of the newest system of governing cities, were it not for the fact that, as most people know from actual experience if they have had anything to do with councilmen, the legislative body doesn't incline always to follow the wishes of those who pay the bills.

If citizens of any community desire to increase the beauty of their town and efficiency of its officials so that their happiness may be increased and costs of management decreased, it's pretty poor policy for them to experiment with new methods of conducting municipal affairs. Certainly one would not be wise in objecting to experiments when there were possibilities of the experiments resulting in better government. But where voters work and vote intelligently for honest, efficient officials, including the mayor, one finds good government, and faults which may be found with the administering of municipal affairs in most cases may be directly traced to the indifference of those making up the so-called best citizenship in the choosing and electing of candidates for public office.

Far better to arouse voters to efficiently exercise their right of suffrage, than to worry about trying something new on a chance.

The New Master of the Road
Buick Seven-Passenger Touring—\$1435

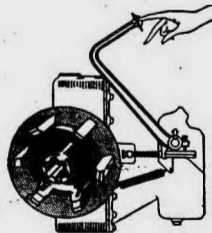

Sweeping refinements in motor, chassis, body and equipment mark the Buick seven-passenger open car for 1923.

Re-designing has brought the car's height down several inches with no sacrifice of head-room; an entirely new cantilever spring suspension provides a degree of riding comfort unequalled.

Above the windshield is a visor of distinctive design, there is a cowl ventilator, a gasoline gauge on the dash, a rear-view mirror, a transmission lock, the shifting lever has been extended. The entire car shows a completeness of equipment not to be found elsewhere within a thousand dollars of its price.

The Buick Line for 1923 comprises fourteen models:
Four—8 Pass. Roadster, \$2865; 6 Pass. Touring, \$3385;
5 Pass. Coupe, \$1176; 5 Pass. Sedan, \$1590; 5 Pass.
Touring Sedan, \$1926; Six—2 Pass. Roadster, \$1176;

The Famous Buick Clutch

A finger's pressure disengages the Buick clutch yet the clutch is absolutely positive in its action. The clutch in all 1923 models has been still further improved by making the clutch hub a drop forging with ground bearing surfaces, instead of malleable iron.

SALEM
Mr. and Mrs. Roy Pennal are entertaining the former's mother, who has been in the hospital for a serious operation. It is thought the rest and complete change will be a benefit to her.
Mrs. Will Mosher, a former resident of Salem township, but for several years back, a resident of Northville, died at her home last week Wednesday morning at 8:00 o'clock, after an illness of nearly seven years. Although Mrs. Mosher was practically helpless, because of her paralyzed condition, she was always optimistic and seldom was known to utter a complaint. When residing in Salem, she was a conscientious christian worker in the Salem Baptist church, afterwards uniting with the Northville church, where she was a member at her death. The funeral was conducted by Rev. Grimwood of the Northville Baptist church, from the home. Mrs. Mosher leaves a husband, Will Mosher, and son, George Mosher, both of Northville, a sister, Mrs. Will Winans of Ann Arbor, and a brother, Henry Doane, of Salem, besides a host of friends who will miss her.
Mrs. Julia Foreman was in South Lyon part of last week caring for her mother, Mrs. David Duke, who has been ill.
Mrs. Laura Smith entertained her foster brother, Arthur Fitzgerald, of Cincinnati, Ohio, a part of last week.
Mrs. Foreman and daughters, Ruth and Florence, called on Mrs. Laura Smith and Mrs. Huff, Friday evening.
Miss Dorothy Foreman expects to finish her senior year at the Northville High school this year.
Mrs. Will Tousey and Mrs. Ben Shoebright called on Mrs. Buers, Mrs. Huff and Mrs. Bennett, Monday afternoon.
The Gleaners met Tuesday evening at John Smith's at Salem, to discuss important business for the Arbor.
F. C. Bryant of Detroit, spent Sunday in Salem with his wife and little daughter.
Mr. and Mrs. John Lewis and Mattie, and Leon Holman and Mr. Anderson of Detroit, motored to Ypsilanti and Whitaker, Sunday.
"Mary Joan" in last week's item in regard to the baptism at Whitmore Lake should have read, "Laura Joan." Please do not blame the editor, as it was the fault of your correspondent.
Sunday callers at G. C. Foreman's were: Gerald Woodworth, of Northville, Wilma Smith of Detroit, and Harold Foreman of River Rouge.
Dorothy Freeman spent Sunday with her parents here.

INDUSTRIAL AND AGRICULTURAL TRACTOR SHOW
FORD SHOW OCCUPIES SEVEN ACRES AT STATE FAIR GROUNDS.
In connection with the Michigan State Fair opening, September 1st, at the Fair Grounds on Woodward avenue, Detroit, Mich., the big Fordson Industrial and Agricultural Tractor Show as well as a display of Ford and Lincoln cars will occupy a special section located approximately at the center of the Fair Grounds. Elaborate preparations have been made under way for the past two months to make this Fordson showing the biggest and most complete exposition of tractor power as well as a motor car display that has never been put on anywhere in the world.
The tractor division devoted to agricultural, industrial and commercial displays of tractor ability is a combination of a series of Fordson Industrial Tractor shows that have been going on throughout the United States since May and will show between seventy-five and ninety tractors in constant operation in all kinds of industrial, agricultural and commercial work to which this power plant is adaptable.
A special arch is being built as an entrance to the Fordson section of the Fair Grounds, this arch being constructed of stucco and carrying a decorated feature, an elaborate series of oil paintings showing the evolution of farming from the earliest authentic record of early Egypt down to the most modern appliances used in agricultural work. Back of this huge arch will be a special display of antique agricultural implements. Over fifty groups will be shown in this agricultural museum section, including besides a complete pictorial display of antique and now obsolete farm operation displays of old threshers operated by horses on a treadmill, an old wooden moldboard plow and many other agricultural implements which have been collected together after a most elaborate search throughout the country, which has been directed under the personal direction of Mr. Henry Ford.
Mr. Ford himself is particularly interested in this section of antique farm implements through the showing which the development of agricultural methods, from the most primitive types to the highly efficient modern utensils will be traced step by step. Also on display as a historical exhibition will be shown each of the various types of gasoline engines built under the direction of Mr. Ford, including models of the first type of Fordson Tractor, the first type Ford Car and successive developments in these models up to the present stage.
Showing the high developments in power equipment, the newest Russian type locomotive used on the D. T. & I. railroad will be exhibited on a special spur track built into the Fair Grounds. This locomotive is one of the largest ever built and an idea of its size can be gained from the fact that it is ninety feet long. The 6,000,000th motor built in the factory of the Ford Motor Co. will occupy a prominent part among the display features of the Fordson show and each day during the progress of the Fair, the serial number of the latest motor to be built on the day previous will be placed on the pedestal holding motor No. 6,000,000. In connection with the tractor show, a day and night motion picture program will be held in a special dark tent, at which all of the newest releases of the Ford Education and Geographical and Industrial films will be shown. Special hand concerts will be given every day during the Fair by the Ford Band in the afternoon and in the evening.
Included in the exhibition, will be tractors utilized as locomotives by the installation of special flanged wheels. This tractor locomotive will be in steady operation hauling railroad cars over a specially constructed railroad track. There will be large stationary saw mills as well as portable saw mills, both operated by the Fordson Tractor. Loading machinery of the most advanced types mounted on the Fordson Tractor will

be kept busy transferring loads of dirt and gravel in huge trailing bodies drawn by a Fordson Tractor. Lime pulverizers and rock crushers, tractor operated, will be demonstrated every day from the opening of the Fair grounds until the closing out night. There will be tractors shown in connection with all types of road-building and road maintaining equipment, scrapers, ditchers, planers and graders representing the latest and most efficient development of many of the largest manufacturing concerns in the country in this type of industrial equipment. Tractors will be shown operating electric lighting plants and a special display is being arranged to show the ability of the Fordson Tractor in plant operation where the coal shortage has forced the abandonment of steam power plants. This special exhibition has been developed because of the demand for tractor power by many manufacturing plants throughout the country, who are meeting the coal shortage by utilizing the Fordson power plant. There will be a tractor driven planing mill. Tractors will operate derrick hoists and bucket hoists in the same manner which this type of work is now being done by Fordson equipment by contracting concerns throughout the country. Every type of commercial trailer which can be utilized with the tractor for the moving of heavy loads will be shown.
In the commercial car section, fifteen manufacturing concerns of commercial car bodies will be represented among the exhibitions and the types of bodies will represent a model for every commercial requirement. These exhibitions will be housed in tents and in a large central amphitheatre which will also be used as a demonstration ground in which the large portable equipment which derives its power from the Fordson will be kept in constant operation.
Wherever this Fordson Industrial Tractor Exposition has been shown in all the major cities of the country, it has elicited keenest interest among contractors, builders, engineers, town city and state officials and has attracted the close attention of the largest engineering institutions who have sent special groups of men to study the workings of the tractor as a factor in modern engineering achievement. The historical display alone showing as it does practically a model for every commercial requirement, the tractor, is a display which is worthy the closest attention of everyone who visits the State Fair. It is the only collection of its kind in existence and demands are already being received by the manufacturers of this Ford Exhibition for a display of this historical section in the largest State Fairs throughout the country.

PRESBYTERIAN NOTES
The trustees are meeting often these days—three times last week and again on Monday night. But, of course, they have a building proposition on.
Mr. Mettetal's class had an outing last Wednesday at Walled Lake. Miss Fulton's class also had a social gathering.
A very radical change in organization of the program of the 1922 meeting of the Synod of Michigan is to be made this year. In the first place, it is proposed to have the sessions of Synod continue for nearly a week, instead of as at the present, practically only two full days. In the next place it is proposed to condense the details of business as much as possible, thus giving more time to the devotional features, the bible study, and the group meetings for special consideration of the live topics before the christian church today. All of the eight Presbyteries will meet on Tuesday, September 12, in the evening, to listen to a vital message by some man from outside of the Synod. Then, on Wednesday, all of the eight Presbyteries are to transact their necessary business, convening at night at a Synod for the annual sermon and organization. On the Sabbath the various churches are to be supplied by the ministers from outside of Detroit. In the afternoon a communion service will be held. All of the meetings are to be held in the First Presbyterian church. Synod will adjourn at noon on the following Tuesday. This plan has been in successful operation for some time in California, but this will be Michigan's first experience in a week of session.

W. C. T. U.
The meeting and picnic lunch, August 24, at the home of Mrs. L. L. Clemens of Newburg, was much enjoyed by all present. The Clemens lawn is an ideal spot for a picnic, and the guests were delighted with the beauty of the scene, as well as with the many good things to eat. Those who missed this meeting, missed one of the most enjoyable occasions of the year.
The next meeting, "Frances Willard Day," will be held September 28th, at the home of Mrs. W. G. Jennings, with Mrs. C. F. Smith as leader.
The following clipping should be of interest to our women voters:
With the fierce assaults which are being made upon nation-wide prohibition by seeking a modification of the Volstead Act, to legalize beer and wine, it is important that "our folks" be alert, to the end that the candidates named in the primaries on Sept. 12th, are men who can be depended upon to stand staunchly for the Eighteenth Amendment and the enforcement act. The primaries are vital. One vote there may be worth ten at the polls. With the right men in nomination on the ticket of the dominant party, the elections will take care of themselves. With the wrong men in nomination, there is little hope of retrieving the situation. Make a note of the date and see that your vote is registered. More than that, talk up the candidates who are all right, and use your influence to put them in nomination. This is good advice, and we hope our women voters will heed it, and will not fail to attend the primaries.
The Ideal Purgative
As a purgative, Chamberlain's Tablets are the exact thing required. Strong enough for the most robust, mild enough for children. They cause an agreeable movement of the bowels without any of that terrible griping. They are easy and pleasant to take and agreeable in effect.—Advertisement.

MORTGAGE SALE
Whereas, default has been made in the conditions of a certain mortgage made and executed by John H. Gould, an unmarried man, of the City of Detroit, County of Wayne and State of Michigan, as mortgagor, to Charles V. Duryee and Ida D. Duryee, husband and wife, or the survivor of either of them, of the Township of Livonia, said County and State, as mortgagees, dated the twelfth day of May, 1919, and recorded in the office of the Register of Deeds in and for the County of Wayne and State of Michigan, in Liber 938 of Mortgages, on page 220, on which said mortgage there is claimed to be due and unpaid at the date of this notice, for principal interest and taxes, the sum of Five Thousand One Hundred Ten and 45-100 Dollars (\$5110.45) and no suit or proceeding at law or in equity has been instituted to recover said money or any part thereof.

NOW THEREFORE, by virtue of the power of sale contained in said mortgage, and the statute in such case made and provided, notice is hereby given that on Saturday, the twenty-third day of September, 1922, at eleven o'clock in the forenoon, Eastern Standard Time, the undersigned, or the sheriff, under sheriff or a deputy sheriff of said Wayne County, will sell, at public auction, to the highest bidder, at the southerly or Congress Street entrance to the Wayne County Building, in the City of Detroit, County of Wayne and State of Michigan, (that being the building where the Circuit Court for the said County of Wayne is held) the premises described in said mortgage, or so much thereof as may be necessary to realize the amount due, together with any additional sum, or sums, mortgagees may pay under the terms of said mortgage, with six per cent interest and all legal costs allowed by law and provided for in said mortgage, including an attorney's fee, which said premises to be sold as aforesaid are situated in the Township of Livonia, County of Wayne and State of Michigan, and described as follows, to-wit:
Beginning at a point in the East line of Section Thirty-two (32) said Township, nine hundred eighty-three and three tenths (983.3) feet south of the northeast corner of said Section Thirty-two (32), thence running south along the east line of said Section Thirty-two (32), one thousand six hundred sixty and three tenths (1660.3) feet to the east and west center line of said Section thirty-two (32); thence west along the said east and west center line of said Section Thirty-two (32), one thousand three hundred eighteen (1318) feet; thence north 1 degree east one thousand six hundred sixty and five tenths (1660.5) feet; thence east parallel with the north boundary line of said Section Thirty-two (32), one thousand three hundred twenty-one and twenty-five one hundredths (1321.25) feet to the place of beginning, containing 50.328 acres, more or less.

"ROBIN HOOD"
Miss May Valentine's press agent makes it plain that his claims for his "Robin Hood" that comes to the Wuerth Theatre, Ypsilanti, Saturday, September 9th, are based on a production that is absolutely balanced, adequate and in harmony with the work interpreted. His company, he states, contains more than a dozen young ladies who are absolutely equal to prima donna roles, and several young men whose voices and personalities have already won them unusual recognition. These are all what might be called reserves, for they furnish a tone body for Mr. DeKoven's glorious choruses, which generally double or triple the time allotted to them, so insistent are the demands upon them, and are quite apart from the notable list of principals, which are heard in this production.

Today's Reflections
Sometimes all that the early bird gets is hungry.
We heard a Plymouth man say yesterday that managing a wife would be all right if such a thing were possible.
If you live right you won't have to worry about what the newspapers say about you.
Wouldn't this be a wonderful world if they probed the railroad wrecks before they occurred.
"Is your money working hard enough?" reads a headline in a daily paper. Yes—hard enough but not long enough.

The loafer has some advantages, but he misses the fun of going out on strike every now and then.
They used to say of some of the girls that "they put everything on their backs," but we can't say it if they dress now.
Only the Plymouth man who has gone without a smoke for a whole day, can appreciate the suffering of

the girl who gets down town and finds she has forgotten her powder bag.
If long skirts should come back into style, there'll be more darned stockings worn than there have been for two years.
Plymouth citizens will do well to remember that there is a patent medicine for every failing, except the failing of making a fool of yourself.
They may be able to work out radio sermons for country churches, but they can't have basket picnics and ice cream socials that way.

Thanksgiving day is coming, so you'd better start now trying to think of something to be thankful for.
Plymouth people who do not own their own homes will tell you that the worse thing about paying rent is it won't stay paid.
If all of us got what we think we are worth, the mints would have to double production to pay for us.

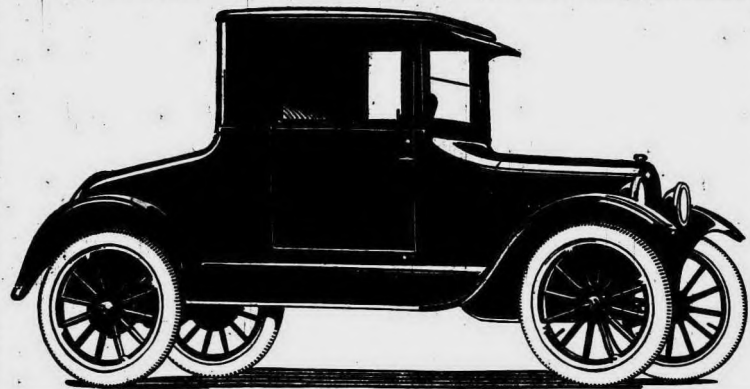

God made this world in seven days—and some men have been trying to wreck his masterpiece ever since.
About the hardest thing to find in Plymouth is a man who doesn't think his beard is tougher than the other fellow's.
This government is going to be more successful when it quits making more laws and starts enforcing a few of the ten commandments.

The label on the paper tells when your subscription expires.
No Substitute Offered
Say what you will about druggists offering something "just as good" because it pays better profit, the fact still stands that ninety-nine out of a hundred druggists recommend Chamberlain's Colic and Diarrhoea Remedy, when the best medicine for diarrhoea is asked for, and do so because they know from what their customers say of it, that it can be depended upon.—Advertisement.

WATERFORD

Olin Perkins fell and bruised his knee very seriously, last week. Ernest Layaz returned home, Sunday, from a trip to Missouri and other midwestern states. Mr. and Mrs. Arthur Gotts entertained company from Detroit and Pennsylvania, Sunday. Mrs. Walter Kleinschmidt spent Wednesday with Mrs. Edmund Watson.

The picnic given by the Waterford Community Club, August 17th in Benton's Grove, was enjoyed by those who attended. A pot-luck dinner and ice cream were served at noon. The club met with Mrs. Delor, Thursday, August 31.

The Misses Edith and Louise Peck returned to their home near Goodrich, Monday, after a week's visit with their sister, Mrs. Edmond Watson, at Waterford.

The Waterford school is being re-decorated inside, and new blackboards put in.

Little Johnny and Evelyn Joslin spent last week with their grandparents, Mr. and Mrs. John Watson.

NEWBURG

Next Sunday, Dr. Leeson will conduct the services at the usual hour.

The following Sunday-school officers were elected last Sabbath: Superintendent, Donald Ryder; assistant, Jack Taylor; secretary, Harold Cochran; treasurer, Iva Bassett; Organist, Leone Joy. The average attendance for the past year was 47. Mrs. Clemens was given a rising vote of thanks for the efficient manner in which she has conducted the Sunday-school in the past two years.

Mr. and Mrs. C. E. Ryder visited Mr. and Mrs. H. V. Jessee, near Stockbridge, last Friday and Saturday, and spent Sunday night with Mr. and Mrs. E. L. Otis, near Mason, returning home Monday.

After a two weeks' visit with Miss Beulah Ryder, Miss Harriett Casteline returned to her home in Flint, Monday.

Rev. Wise has been putting in his time making pastoral calls the past week.

Mr. and Mrs. Donald Ryder entertained the teachers and officers of the Sunday-school, Monday night.

Raymond Grimm is spending the week at Union Lake with friends.

Burt Paddock and two children of Detroit, are spending the week with his uncle, C. E. Ryder.

Mr. and Mrs. Secord and family spent Tuesday at Belle Isle.

Everyone is busy threshing these days.

A Pronounced Success

The uniform success that has attended the use of Chamberlain's Colic and Diarrhoea Remedy in the relief and cure of bowel complaints, both for children and adults, has brought it into almost universal use, so that it is practically without a rival and as everyone who has used it knows, it is without an equal.—Advertisement.

KING'S CORNERS

Mr. and Mrs. Floyd Parrish and Miss DeVoe Singer, and Mr. and Mrs. Victor Sheine, all of Baroda, Berrien county, who were on their way by auto to Sandusky, Mich., spent Friday night with their cousins, Mr. and Mrs. Charles Parrish. Floyd Parrish's parents were former residents near Plymouth, and it had been about forty years since they left for their present home, Floyd being only ten years old at that time. He is now the only one of the family that is left. He visited the scenes of his boyhood days and saw a great many changes since then. He reports lots of fruit of all kinds in their vicinity.

Miss Grace Lockhart of AuSable, Mich., is spending a few days with her uncle and aunt.

THOMAS F. FARRELL

Detroit Evening News, Aug. 26, 1918.

Voters of Wayne County can make no mistake considering favorably the candidacy of Thomas F. Farrell for County Clerk.

Mr. Farrell is well known to the citizens of Detroit, and has had opportunity in various capacities of demonstrating his worth and ability. He has held the office he now seeks. He was a good County Clerk. The experience he has gained in his former term in office is his best recommendation.

The importance of the office demands the election of a man of reliability, capacity and familiarity with public affairs.

Industrial :: Agricultural :: Commercial

Feature Demonstration Daily in 7-Acre Show Space in the Heart of the Fair Grounds

Band Concert Daily by Ford Band

Radio Program Daily in Radio Tent

Historical Educational Entertaining

At the Michigan State Fair—visit the Fordson Exposition—entrance under the Arch "Evolution of Agriculture"—in the heart of the Fair Grounds. Learn what the Fordson will do in industry and commerce as well as in agriculture—daily demonstrations will be made showing how the Fordson is being utilized in all kinds of industrial activities as well as in farming—special programs have been arranged for your entertainment—see the complete display of all Ford Products.

See the Evolution of Agriculture

At the entrance to the Fordson Exposition—just after you pass under the Arch of Progress—see the historical collection of agricultural implements—collected from all parts of the country—the most complete showing of the progress in farm implements ever collected together. See the old wooden moldboard plow—the horsepower thresher—the antique tools once used to turn the soil—then see the developments which have led to the highly efficient modern tools.

There is a complete showing of authentic pictures from the earliest days to now—how the Egyptians worked the soil—how you can work it today. Fifty complete displays.

See 90 Tractors in Daily Demonstration

Learn how the Fordson is helping construct huge buildings—operating as railroad equipment in lumber camps and at mines—sawing logs into planks on stationary saw mills—operating derricks and bucket hoists—moving trailer trains—driving planer mills—running electric lighting plants—building roads—maintaining city parks and golf courses—acting as loading equipment—doing the general work of commerce as well as of farming.

Visit the Ford Motion Picture Tent

There will be provisions for your entertainment as well as instruction. In the Ford Motion Picture Tent there will be a daily program of Educational, Geographical and Agricultural films.

These will be the latest releases of the Ford Film service—new—entertaining—pleasing. Hear the Radio program and the daily concerts by the Ford Band. After you have seen and heard these amusement programs—visit the demonstration field and see the Fordson at work.

There is something going on for your instruction all day long. Every provision has been made for your comfort and convenience.

72 Exhibitors—Complete Display All Ford Products

Ford cars—all models—with a showing of every type of Ford Motor ever built; Lincoln cars—all models—will be included in the general display. Seventy-two manufacturers of industrial, commercial and agricultural equipment will be represented among the exhibitors. Competent men will be in charge of each exhibit to explain and demonstrate any feature in which you are interested.

EPISCOPAL NOTES

The summer vacation is now nearly over and the different organizations of our church are planning out their coming year's activities and endeavors in the Master's service.

The morning services which have been somewhat shortened during the last two months, will be full and our very active missionary in charge, Franklin Gibson, who has the work of the church at heart, has planned out the subjects of his sermon for September. The church-school will resume sessions under Mrs. D. Murphy's superintendency, a week from next Sunday. Mr. Gibson will continue his class of the Junior Brotherhood of St. Andrew. Miss Schmidt has a new subject for discussion in her Bible class and the Ladies' Guild will hold their first Guild meeting next Wednesday, the sixth, at the home of Mrs. Wm. Bakewell, on the Plymouth road. Mrs. Ware, the president of the Guild, wants every member to be present. Suggestions have been made to provide choir space in the church for a vested choir, and the vestry will have under consideration the advisability of holding 4:00 o'clock Vesper services, Sunday afternoons during the winter months, in addition, of course, to the usual morning service. In all these renewed activities we know that every member of our congregation will cooperate and support Mr. Gibson in the fine work he is doing here, by giving as much as possible of their personal service and their regular attendance at our church services.

An eight-months balance sheet has been drawn up by the treasurer and it shows an excellent state of affairs. The Vestry have voted a payment to the Diocese of the Building account and also a part payment of a local debt.

DEATH OF WELL KNOWN CANTON TOWNSHIP CITIZEN

Theodore Harmon, aged 79 years, a resident of Canton township for many years, passed away at his home last Monday afternoon, August 28th. Mr. Harmon suffered a stroke of paralysis several weeks ago, and since that time had failed rapidly. Mr. Harmon was born in Wayne, Mich. July 25, 1843, and came to Canton when nine years of age. October 13, 1865, he was married to Elizabeth Huston of Cherry Hill, who died in January, 1900. Two children were born to this union, Inez, who died in infancy, and Ethel, now Mrs. Julius Travis of Long Beach, Calif. On September 9th, 1907, he was married to Elizabeth Ballen, who survives him. Deceased also leaves one brother, Julius, and one sister, Miss Elzora Harmon, both of whom reside in Canton.

The funeral services were held from his late residence, Wednesday afternoon, at two o'clock, Rev. D. D. Nagle, pastor of the Methodist Episcopal church officiating. Burial in Cherry Hill cemetery. Friends extend sympathy to the bereaved family.

LOCAL NEWS

Mrs. Nellie Bowen of Adrian, is visiting Mrs. Florence Webber, this week.

Mrs. D. A. Hornbeck and children of Royal Oak, were guests of Mrs. Florence Webber and daughter, Louise, Wednesday.

Miss Vera Hengsterfer has been spending this week with her mother, Mrs. Carl Heide. She expects to leave Sunday for Benton Harbor, where she will teach the coming year.

About sixty friends and neighbors gave Mrs. Charles Themm a pleasant surprise at her home east of Newburg, last Wednesday evening. The guests carried with them lunch baskets filled to the brim with good things to eat, and a delicious lunch was served on the lawn. The evening was enjoyed in a social way, and all report a fine time.

GRANGE NOTES

The next regular meeting of the Grange will be held on Friday evening, August 8th. We hope for a goodly attendance as Prof. McKinney, president of the Michigan State Normal will be with us to give us a lecture, and we hope all members and their families will avail themselves of the opportunity to hear him. The lecturer has secured several other interesting things for the program, and we feel that the evening will be well spent. We wish for the meeting to start on time, at 8:00 o'clock sharp. Ice cream and cake will be served after the program. Ladies please bring cake.

Mr. and Mrs. Albert Groth entertained the Lily Club at their pleasant home on Harvey street, last Tuesday evening. Progressive Pedro furnished the entertainment, Walter Smith and Mrs. Paul Groth winning first prizes, and Mrs. William Grammel and Mr. Soth were consoled. A short business meeting was held, after which a put-luck supper was served. About forty were in attendance, and all report a most enjoyable time. The next meeting will be held at the home of Mr. and Mrs. Arthur Blunk, September 26th.

AN OPEN LETTER

A story is being circulated in Plymouth by a person or persons, that I or someone connected with our store have said: "That we wished that the striking shopmen would starve or freeze to death." I nor any other person connected with our store have ever made such a statement, or any other statement derogatory to the striking shop men, and the persons circulating this story are making a false statement.

Tunnel vs. Airplane.
The channel tunnel is a popular subject to debate in England, and it is again being discussed. This time a new phase has entered into the discussion, for the belief is being expressed that the projected construction of a channel tunnel may never be carried out because of the very strenuous competition which air transport would be in a position to offer by the time such a tunnel could be completed and got into operation.

Counterfeit Postage Stamps.

A feature of the present prevalence of crime is the counterfeiting of contemporary postage stamps on an extensive scale. Not long ago the Argentine Republic was compelled to change the design of its 5 centavo stamps through this cause. Now the news comes from Peking that the discovery of dangerous imitations of the current 7, 10 and 15-cent stamps of China has necessitated their withdrawal from circulation.
