FIRST PRESBYTERIAN CHURCH

Rev. S. Conger Hathaway, Pastor

MORBUS SUNDACUS

Not a new but a dangerous and very contagious disease. Once it attacks a member of a family it quickly spreads to other members and soon to others in the community. Each victim becomes a faultfinder, a grumbler, a pessimist, and, unless the progress of the disease is arrested, a doubter.

CURE—Arise early Sunday morning, take a cold shower and accompany the rest of the family to Church. Do it every week and the disease will disappear.

Bargain Day and Free Entertainments

Tuesday, January 30th, Plymouth's Big Bargain Day Sale

The stage is all set for the biggest sale day ever held in Plymouth, on Tuesday, January 30th. The business men co-operating with the Chamber of Commerce have completed arrangements to give some real bargains on this day, as well as provide for free entertainment for all who come. Advertisements setting forth this feast of bargains have been sent broadcast, and if the weather man will only provide a good day, Plymouth will be thronged with shoppers from far and near.

Extra efforts have been put forth by the publicity and entertainment committees to provide a day of profit and entertainment for all. The list of bargains offers a wide range of articles of staple merchandise that cannot help but appeal to those who wish to save money. Look over the list and then check off the items you wish to purchase and it will save you time when shopping. The merchants have made extra efforts to have on hand a large supply of the articles advertised, that there may be no disappointments.

C. OF C. MEMBERSHIP CAMPAIGN NOW ON

The Plymouth Chamber of Commerce inaugurated its membership drive for 1923, at the Community banquet, last night. The drive for new memberships and the renewal of old memberships in the C. of C. will end Wednesday, January 31, when it is hoped that four hundred members will have been secured. Two teams have been formed of twenty-five men each, and there is keen rivalry to see which team can secure the most members during the drive. Every man in Plymouth who is interested in its future growth and prosperity is urged to join the Plymouth Chamber of Commerce. The membership fee is \$10 per year.

The C. of C. is planning much activity during the coming year, and the support of every individual is needed to make the Chamber of Commerce the important factor that it should be in this community, for the development of a bigger and better Plymouth. The committees have begun an active campaign, and a thorough canvass will be made for memberships. Everybody should wear a membership button. The teams are composed of the following members:

DEATH OF JOHN QUARTEL, SR.

John Quartel, Sr., a well known and highly respected citizen of this village, died at his home at the corner of South Main street and Maple avenue, Wednesday afternoon, January 24th. Mr. Quartel had been ill for some time. The funeral services will be held from the home, Saturday afternoon at 2:00 o'clock. A more extended notice will be given next week.

PINCKNEY-WILSON

A pretty, but quiet wedding, took place at the home of the bride's parents, Mr. and Mrs. William Wilson, 317 Ann street, Wednesday, January 24th, at four o'clock when their daughter, Miss Gladys Adelaide Wilson, became the bride of Jay Earl Pinckney of Plymouth, son of Mr. and Mrs. Fred Pinckney, also of this place. The bride was given in marriage by her father, the ceremony being performed by Rev. D. D. Nagle, pastor of the Methodist Episcopal church. The bridal party took their places under an arch of wedding bells. Miss Lillian Berg attended as maid of honor, and Harold Wilson, brother of the bride, acted as best man. The bride was attired in blue satin champagne, and carried bridal roses and lilies of the valley. The maid of honor wore blue satin with shadow lace over, and carried pink carnations. A reception followed the ceremony to both families and nearest relatives. The out of town guests were from Detroit, Highland Park, Flint, Ann Arbor and Northville.

NEW BUSINESS BLOCK

Henry J. Fisher has the plans for a new business block, which he will erect on the site of his present blacksmith shop, on Starkweather avenue. The new block will contain two stores, each 19 by 60 feet in size, and two living apartments on the second floor. It will be constructed of brick, and will contain all modern improvements. Work on the new building will start as soon as possible. This will be a fine improvement on Starkweather avenue, which is one of the finest thoroughfares in the village.

Mr. Fisher will discontinue the blacksmithing business, which he has so successfully conducted for many years, for the present at least, when work on the new building is started.

ANNIVERSARY OF THE PENNIMAN ALLEN THEATRE

It is just four years ago next week that the Penniman Allen theatre was opened to the public, and to properly celebrate the event, Manager Lush offers a great picture, "Omar, the Tentmaker," with Guy Bates Post as the star, next Wednesday and Thursday evenings, January 31 and February 1. As an added attraction a splendid vaudeville act has been booked—Alfredo and Silvia in violin and accordion selections, will give this feature of the evening's entertainment. These artists have appeared in all the leading theatres throughout the country and are musicians and entertainers of rare ability.

A NEW FIRM IN PLYMOUTH

Stanley Chambers and Chester Burley have formed a partnership for the sale of automobiles, under the firm name of the B. & C. Auto Sales. The new firm will handle the Overland and Willys-Knight cars, for which Mr. Chambers has had the agency for some time, and they have also secured the agency for the well known and popular Studebaker line of cars. Both members of the new firm are expert mechanics, and the service feature for the cars they handle and sell will be given special attention. The headquarters of the new firm will be at the garage of the Plymouth Storage Battery Co., C. V. Chambers & Son, proprietors.

AUBLE-KILMER

Sunday afternoon, January 21st, at 4:30 o'clock, the home of Mrs. Berna Cook on Union street, was the scene of a quiet home wedding, when her mother, Mrs. Samantha Kilmer, was united in marriage to G. M. Auble of Wadsworth, Ohio. The pastor of the Methodist Episcopal church, Rev. D. D. Nagle, performed the ceremony in the presence of the immediate family. The happy couple left immediately for St. Petersburg, Florida, where they will spend the winter. They will be at home to their friends in the spring at their summer home near Wadsworth, Ohio. The bride has lived with her daughter, Mrs. Cook, ever since her residence in Plymouth, coming here from Northville a few years ago. She has many friends in Plymouth, who will be pleased to extend congratulations.

PLYMOUTH DEBATERS WILL GO TO DEARBORN

The Plymouth High school debating team will debate with the Dearborn High school team at Dearborn, on Monday afternoon, January 29th. The local team will take the negative side of the question, which is stated as follows: Resolved: That Canada and the United States jointly should construct a deep waterway to the Atlantic, by way of the St. Lawrence river as proposed in the report of the International Joint Commission, and submitted to Congress in 1922. In the two debates which they have had and won, Plymouth had the affirmative side of the question. The next debate to be held here will take place Friday, February 9th. It is not yet known what team will oppose the locals.

Russell Wingard has purchased the real estate and insurance business of E. N. Passage, also the office building on Starkweather avenue, and is now in possession of the same. Mr. Passage has successfully conducted the business for the past 22 years, succeeding the late George A. Starkweather. During this time he has built up a large patronage, and has made many friends. Mr. Wingard's friends and patrons wish him abundant success in his new location.

Is Your Money Working?

Not infrequently when you receive money from marketing your produce, or in return for your labor, you carry it around in your pocket, instead of depositing it in the bank.

Idle money tends to tie up business. Money in the bank, but in the bank, no matter how small the amount, it works.

Even though you wish to use the money within a few days, it is to your advantage and to that of the community if you put it in this bank and make all payments by check.

An Electrical Appliance Repaired Puts an Appliance at Your Service.

One of the virtues of electrical appliances is the little trouble that they give in operation. They are not, however, absolutely infallible and a burned-out heating element, a broken cord, or some other minor trouble is likely to occur occasionally. Bring such little electrical troubles to us—and big ones, too—we will be glad to make repairs whenever possible.

S. society, though small in numbers, does a great deal of charitable work, deserving the support of the community. HOW TO REMOVE SOOT

Large numbers of shingle roof and defective flue fires are being reported, due to the increasing use of soft coal. The accumulations of soot on heating surfaces reduce the value of the fuel, and frequently clog the flues and start fires. The Federal Fuel Administration Board suggests the following plan for removal of soot:
The fire is put into good condition with a substantial body of hot fuel. Common salt, thoroughly dried, is then thrown or sprinkled onto the incandescent fuel bed in a quantity depending entirely on the size of the furnace. In the case of a house heating furnace, one pound at a time is ample; in the case of a large power plant boiler, four or five scoops full may be required. The dampers are kept open so as to maintain the furnace temperature every few days is usually sufficient to keep it so.
Immediately upon charging the salt, the furnace becomes filled with dense white fumes, which may require as much as half an hour entirely to disappear. If results are not secured on the first application, it should be repeated as many times as necessary.

Buy on Oakland's "Mileage-Basis" Plan---and Know In Advance!

WHEN YOU GO TO THE SHOW judge the cars you see on the basis of the actual mileage they will deliver!

YOU HAVE PROBABLY OWNED one car, perhaps more—you're motor-wise! Look for power, beauty, economy—look for a body that pleases the eye and a price that fits your purse—but look beyond these things!

MAKE SURE—IN ADVANCE—OF the quality built into the car, and of the satisfying mileage it will deliver!

FOR THE FIRST TIME IN MOTOR car history, you can do this!

UNDER OAKLAND'S "MILEAGE-BASIS" plan you can know, before you buy, those things you have hitherto, perhaps, learned only by experience. OAKLAND WILL TELL YOU, FOR instance, that its valves will function properly for 15,000 miles or more before requiring grinding!

OAKLAND WILL TELL YOU THAT its main crank shaft bearings and connecting rod bearings will require no attention or adjustment under 40,000 miles or more!

AN OAKLAND SIX WILL DELIVER 20 to 25 miles per gallon of gasoline—15,000 to 25,000 miles per set of tires!

AND THE MAJOR PARTS OF AN Oakland Six (axles, frames, bodies, etc.), will endure throughout the life of the car.

WHEN YOU WEIGH THESE FIGURES in the light of your own personal experience as a motorist with cars of various makes—you will appreciate how remarkable they are.

AND WHEN YOU REMEMBER that Oakland last year guaranteed the performance of its engine for 15,000 miles, and that it cost Oakland only a fraction of a cent per car to make good this guarantee—then you will appreciate how certain Oakland is of its ground and how accurate these figures are!

SEE ALL THE CARS AT THE show!—judge them all on Oakland's "mileage-basis" plan—and only a car with Oakland quality (which will be way above Oakland in price) will satisfy you!

John S. Dayton, Secretary, C. A. Fisher, Treasurer, Audited and found correct Dec. 30, 1922.

E. K. Bennett, R. A. Fisher, F. A. Dibble, Auditing Committee.

A Review of Plymouth Chamber of Commerce from time of incorporation to end of year, expiring December 31, 1922:

The House Committee, whose duty consists of looking after the general welfare, heating and upkeep of the Chamber of Commerce Rooms, began the work of the year by having said rooms properly renovated, cleaned and redecorated. They engaged a janitor for the year and made arrangements with the Business Men's Club for the purchase of the furniture formerly owned by said Club. The pending repairing of billiard and pool tables, together with obtaining proper cues and balls for the same has been referred to the new Board of Directors for attention.

Through the efforts of the Publicity Committee appropriate signs, for the benefit of tourists and strangers, have been placed on all the main roads leading into Plymouth for a radius of seven to eight miles. Signs have been prepared to be placed in conspicuous places directing tourists to the tourist camp. The Village Commission has given its assurance that said signs will be properly placed within the Village.

A special committee arranged for the Plymouth Day celebration at the Northville Fair, a feature of which was the most elaborate parade ever given by Plymouth citizens and many favorable comments have been received regarding the same.

Four banquets have been made possible through the efforts and hard work of the Entertainment Committee. These were given January 31, March 7, June 13 and October 24. At these banquets the members were privileged to hear the following speakers who entertained and instructed the participants: James Schermerhorn of the Detroit Times; Captain Edward Denniston, Superintendent of the Detroit House of Correction Farm; George A. Walters, our present sheriff of Wayne county, and R. Clyde Ford of the Michigan State Normal College. Members present at these banquets have expressed their appreciation to the members of the committee. It is hoped that at future dinners, members will remain longer and talk over the matters pertaining to the good of Plymouth. On May 11, 1922, this committee made special arrangements for the reception and entertainment of the delegates of the Toledo Chamber of Commerce in their stop here by special train touring various important cities of Michigan. Many complimentary letters have been received from members of this delegation and from Toledo business places complimenting the Plymouth Chamber of Commerce upon its entertainment of these delegates. From these communications it appears that the delegates feel the hospitality as it did in Plymouth. In many of the letters the writers expressed their desire for future co-operation with Plymouth business men and concerns, and as a whole, referred to the thoughtfulness of the Plymouth Chamber of Commerce in placing on the special train a refreshing and wholesome lunch.

The Community Committee looks after the general good and welfare of Plymouth and surrounding community. In December, 1921, under the auspices of this committee a concert was given in the Penniman Allen theatre for charity, the proceeds of which was used for families that were actually in need. The sum of \$175.00 was received and all but \$17.00 has been used for charitable purposes. This amount still remains with the treasurer of this committee. Food, milk, coal and clothing have been furnished to the needy. This committee also worked on other projects, some of which, up to the present time have not materialized, but which are still in progress, such as the convenience station, tourist camp, skating rink and swimming pool; and it is to be hoped that the committee for the ensuing year will be able to secure the completion of these projects by co-operation with the officials in charge thereof. This committee, with the co-operation of the Village Commission, was instrumental in the installation of a much needed street light at the foot of the Wilcox Hill. The matter of a booster station for Plymouth was taken up with the Detroit officials of the Detroit Edison Company, but the Edison Company deemed it impractical, so the same was not granted.

Through the Industrial Committee several projects have been brought before the Board and investigated.

Members of this committee made several trips into Detroit investigating the various propositions laid before the Board. Many stock selling propositions were discouraged, it being the belief of the Board of Directors that able, legitimate industries should be encouraged but that institutions requiring special aid should be held in an unfavorable light for the good of Plymouth.

The Good Roads Committee made a number of trips to Detroit to interview the Wayne County Road Commissioners and were assured that all roads as staked and mapped will be completed as soon as possible. Meetings with the Plymouth Township Board and Highway Commissioner resulted in several roads leading into Plymouth being repaired as well as could be done with the limited funds on hand. Notwithstanding these difficulties certain important cross roads were much improved by and with the co-operation of various persons interested, among them of special mention being Capt. Denniston.

The Representatives of the Detroit, Jackson and Chicago Railway met the Board of Directors at the meeting of May 9th, asking greater co-operation from the people of Plymouth and vicinity and as a result of said conference better hours and better service were obtained at the D. U. R. waiting room and freight office. It is to be hoped that further improvements may be obtained relative to these conditions.

The grade separation on the Plymouth and Northville road at and near Phoenix asks matters of consideration before a special committee at the present time.

A special committee has been procuring data on the advantages and disadvantages of the municipal ownership of gas plants to determine whether or not it would be advantageous for Plymouth to own its own plant.

On Sept. 13th, J. Stuart Lathers of Ypsilanti, gave an informal address in the Chamber of Commerce rooms to the members, and all others that would attend, regarding the operation of such plant in Ypsilanti. This matter is still under investigation.

The matter of a landing field for aeroplanes is also being considered by and with the United States government.

The Detroit House of Correction Farm entertained the members of the Chamber of Commerce and all other residents of Plymouth that were able to attend at a barbecue at the said farm on October 17th, the occasion being the visit of the delegates of the National Prison Association.

While the members of the retiring Board feel that in some ways they have not accomplished as much as they had hoped to accomplish, they wish to thank those who have so loyally co-operated with them in transacting the business for the Chamber of Commerce and trust that during the coming year co-operation will be unanimous.

Dated at Plymouth, Michigan, December 30, 1922.

Plymouth Chamber of Commerce, By George A. Smith, President, And John S. Dayton, Secretary.

WHY FARMERS ARE TURNING TO

For Economical Transportation

\$525

F. O. B. FLINT

They find that Chevrolet fully equipped as sold is the best value per dollar in the low-priced field, and neighbors tell them it costs least per mile to operate.
 They find it is roomy, easy and reliable.
 They like its finish and its long stream lines.
 That is why the farmer demand for Chevrolets is daily increasing its lead among modern quality automobiles.
 In 1922 Chevrolet jumped from seventh to

second place in sales of all cars, and to first place in sales of fully equipped modern cars.
 Purchases by farmers were the chief factor in this remarkable development.
 Farmers are shrewd buyers and study costs and values carefully.
 They want automobiles not only of low first price, but also of low later cost for operation and maintenance.
 They want room, comfort and the ability to stand up under hard conditions.

BASKET BALL

GIRLS' GAME

The second game of the Four Square League was played Friday, January 19th, with Wayne. Heretofore the girls' basket ball game with Wayne has been one of the easy games of the season, but this year, the team has developed very much, and gave the Plymouth girls a much faster game than usual. In fact, at the end of the first half our score was only five points ahead of theirs, the score being 17 to 12. During the second half, the girls made 12 points to Wayne's 5, making the final score 29 to 17 for Plymouth. The Plymouth girls fouled a great deal on the Wayne floor, making Wayne's score nearly twice what it should have been, since the Wayne team made 9 of their points from our fouls. The next game to be played at Dearborn will be interesting, as Dearborn won from Wayne by only one point two weeks ago, and lost to Redford by 6 points last week.

The following is the line-up, including fouls and baskets:

Wayne—
 Taylor, R. F., 2 2-point baskets, 7 foul throws, 3 technical fouls.
 Biggs, L. F., 2 2-point baskets, 2 foul throws, 2 technical fouls.
 Reiser, J. C.
 Dittmar, R. C., 2 personal and 3 technical fouls.
 Nichols, R. G., 2 technical and 2 personal fouls.
 Hermann, R. G., 2 personal fouls.
 Carmichael, L. G., 1 personal foul.

Plymouth—
 Kieley, L. F., 8 2-point baskets, 1 foul throw, 1 technical and 1 personal foul.
 Amrhein, R. F., 2 2-point baskets, 4 foul throws, 2 personal fouls.
 Hinnau, R. F., 2 2-point baskets, 1 technical foul.
 Freydl, J. C., 2 technical fouls.
 Whipple, R. C.
 Hake, L. G., 3 personal fouls.
 Bolton, L. G., 1 personal foul.
 Mueller, R. G., 2 technical and 2 personal fouls.
 E. White, R. G., 1 technical foul.
 Final score—29-17 Plymouth.
 Referee—Grace Ryan of Ypsilanti.

BOYS' GAME

The P. H. S. basket ball team lost their second consecutive game of the season, last Friday night, at Wayne. They have won one and lost two games thus far in the season. The game with Wayne was a good game to watch, in that both teams played good basket ball. The "Rocks" showed a great deal of improvement over the last game they played, but there is a room for more improvement yet. If field baskets were the only thing that counted in the last game, then Plymouth would have emerged the winner by a count of 6 to 4. In this department Sutherland caged 2 and Palmer 1. But field baskets are not the only things that count. Fouls, when sufficient, are enough to win the game alone. The "Rocks" made 14 fouls of these Wayne made 9 into baskets. Wayne committed 10 fouls and only two were made to count in the Plymouth score. This in itself was sufficient to win the game for Wayne. Sutherland played good for the "Rocks," while Smith was best man for Wayne.

Line-up—
 R. F. Birch
 L. F. Palmer, Sayles
 C. Sutherland (Capt.)
 R. G. Richwine

At the close of the lecture, it was voted to have such an organization in Plymouth, to be known as the "Plymouth Parent-Teachers Association." This association will meet once every month, with dues at 25c a year. The following officers were then elected:

OBITUARY

August Lipstraw, an old and respected pioneer of Livonia township, aged 84 years, passed peacefully away at the home of his daughter, Mrs. William Gow, who resides on the Center road, January 6, 1923, after an illness of short duration, of pneumonia.

Mr. Lipstraw was born at Wolkow, near Greptow, Pommern, Germany, February 26, 1838. In the year 1864 he was united in the Holy bond of matrimony, to Miss Mary A. Eick. This union was blessed with three children, Herman, who resides in Redford, Mrs. Chas. Maas of Plymouth, who preceded him to the home beyond, September 1, 1922, and Mrs. William Gow, with whom he has made his home for the past 26 years; also eight grandchildren and one great grandchild. His wife preceded him to the home beyond in the year 1914.

Mr. Lipstraw was a weaver by trade, and will be missed in this capacity by his many patrons, who came to him from far and near to have their carpets, etc., woven, and which he carried on till the end. During his life he was a devout and faithful follower of the Lutheran church, in which he was baptized and confirmed. Funeral services were held from the home of his daughter, Mrs. Wm. Gow, the Rev. J. Bolin of Farmington, officiating. Interment was made at Livonia Center cemetery. The bereaved family have the sympathy of the entire community in their sorrow.

VAULT AND CEAS POOL CLEANING

BAPTIST NOTES

Last Sunday was Temperance Sunday. The pastor spoke on the importance of continuing prohibition and enforcing the eighteenth amendment. The benefits of prohibition were brought before the audience. The anthem was much enjoyed by all, and hope for more in the same class. An offering was taken for the Near East Relief, and was sent to the headquarters to help support the sufferers of Europe.

The Sunday-school has finished the missionary readings for the year, but another book will be provided at once. They are very instructive. The two older classes have separated, and now they are formed into two classes, one for women and the other for the men of the church and congregation. Joseph Stanley is the teacher of the women's class. The men's class was organized as follows: C. V. Duryee, president; S. L. Bennett, vice president; Lewis Schaal, secretary and treasurer; Fletcher Campbell, chorister; Chalmer Trimball, assistant chorister. We want fifty men to join with us in this class of bible study. Come next Sunday at 11:30.

The B. Y. P. U. was led by Gaylord Sayles and Mac Estep, Sunday evening. Next Sunday Edith Holcomb will be the leader. Subject, "What are the rightful claims of our church upon us?"

The Prayer meeting was held at Mrs. S. L. Bennett's, last Thursday evening. Next meeting is at the home of Mrs. George Peterhans, 744 North Starkweather avenue, at 7:30. Be sure and come.

GRANGE NOTES

The January 18th meeting was fairly well attended, it being the first meeting over which the newly elected officers presided. After a sumptuous pot-luck dinner, the usual routine of business was considered, at the close of which the lecturer took charge of the program prepared by Mr. Postiff. The delegates to the State Grange, Mr. and Mrs. Rogers of Belleville, were present and gave a very complete report in a clear and concise manner. Mr. Postiff's humorous recitation touched the difficulties sometimes encountered when doing business over the phone, much to the amusement of all those present. He would have responded to an encore had he been able to get central. Mr. Campbell's reading was also appreciated.

The program for the February 1st meeting will be in charge of Mr. Wiseley. Ladies bring plate, cup, knife, fork and spoon for a pot-luck dinner.
 Those wishing information regarding the Grange hall will confer with Frank Loomis, 391 Harvey street, who now has charge, phone, 356J.
 The Lily Club will meet with Mr. and Mrs. Frank Loomis on Tuesday evening, January 30th. Pot-luck supper. Ladies please bring dishes. All Grangers welcome.

Constipation

Constipation of the bowels is a stoppage of the sewerage system that removes waste matter from the body. It is as necessary that your bowels move regularly each day, to carry off this waste, as it is that the waste pipes of your home be kept open and carry off the waste from the house. If you would enjoy good health, keep your bowels regular by taking Chamberlain's Tablets when needed.—Advertisement.

LONG DISTANCE helps one large wholesale house serve its
4,500 customers in Southern Michigan and builds business for the

The General Sales Manager of that Company, comparing the work
of a modern telephone salesman with that of one of the old school, writes:

"In 124 days the telephone salesman called on
4,628 merchants, 4,522 of them by telephone,
averaging 37 calls per day.

"The old school salesman made 3,750 calls in
216 days, less than half of them by telephone,
and averaged only 18 calls per day.

"The average daily sales of the man who sold by
telephone were two and one-half times those of the
member of the old school."

The telephone is quick, handy and a sure card of admittance.
It builds business and good-will and lowers selling costs.

their final examinations. They gave
a play last Tuesday.

Miss Katherine Hallahan visited
the sixth A class, last week.

The sixth A class is studying from
the book, "Modern Americans."

Miss Porter, who has been very ill
for some weeks, returned the first of
this week.

Mr. Holcomb is training his judg-
ing team which are to go to Lan-
sing, next week. There is plenty of
good material to choose the teams
from, and there is also much competi-
tion. They will compete in the
grain, fruit, stock and poultry con-
tests. The poultry contest will be
the most difficult, and those on this
team will have to work to keep the
cup in Plymouth. The cups offered
for the first fruit and grain contests
are similar to the one we have for
stock judging. We have the Trophy
Case—let's fill it up.

The eighth grade reading classes
are having their book reports on,
"Treasure Island."

The Junior play given last Thurs-
day evening was exceptionally well
attended. Two one-act plays were
given. Cast of "Two of a Kind" was:
Aunt Keturah Mellon—Ione Bird.
Mrs. Rhubarb—Alta Hamill
Armintha Rhubarb—Marian Bennett

Between the plays Alta Hamill gave
some interesting readings.

METHODIST NOTES

That old-fashioned box social is to
be held tonight at the church, under
the auspices of Mrs. Thoma's division
of the L. A. S. Also that one-act
play given by the ladies last week at
their meeting, will be given at this
social for the benefit of all. A good
time is promised.

The Mission Study and Bible Study
classes will be resumed next Thursday
night at 8:00, following the prayer
service.

Pledges for the new pipe organ
continue to come in. Every one who
will share in its benefits and inspi-
ration, will of course want to have a
part in its installation. All that is
raised over and above the cost of in-
stalling, will be applied on our mort-
gage, so no one need feel backward
about making their pledge as large
as convenient.

Ann Arbor District meeting at Ann
Arbor, next Friday, the second of
February, from 10:00 a. m. to 4:00
p. m. Bishop Henderson and others

been organized, composed of young
men of the ages between the high
school group and the men's Bible

ficient teacher. All young men of
the mentioned ages, who are not at-
tending some other class, in some
Sunday-school, are invited cordially,
to join this class, meeting at the
Sunday-school hour, 11:30.

Mission study classes a week from
Sunday night. A unique method of
study is being devised that will create
a new interest. The details of the
plan will be presented Sunday
night. Glenn Orr, Pierre Kenyon,
Lloyd Lundy will lead the League
meeting next Sunday night.

The Missionary society will hold a
bake sale at the gas office, next Sat-

KING'S CORNERS

automobile school in Detroit, spent

EPISCOPAL NOTES

Notwithstanding the bad state of
the weather and icy roads, there was
a big crowd, last Saturday night, at
the home of Mrs. William Bakewell
on the Plymouth road, where some of
the members of the church, with
friends and neighbors, met together
to hold a box social. The first part
of the evening was devoted to music,
singing and games, after which an
auction was held for aprons, etc.,
made by the Ladies' Guild. Then fol-
lowed the auction of lunch boxes.
The bidding was high and so was the
fun and excitement, and a nice little
sum was added to the Guild treasury.
Mrs. William Bakewell is the newly
elected president of the Ladies' Guild.
This is the first time she has held the
office, and the vestry and members of
the church very much appreciate her
efforts, and they congratulate her on
the great success in making this a
most enjoyable, happy evening.

The annual meeting of the par-
ishioners has been changed from
January 25 to Thursday evening,
February 1st, on account of the
Chamber of Commerce activities on
that evening. The children of the
church-school will put on a supper
that evening, under the supervision
of Mrs. D. Murphy, superintendent.

Next Sunday morning, the Ven.
Charles J. Ramsey, archdeacon of the
northern peninsula, will be with us
to administer the holy communion,
and he will also preach the sermon.
Mr. Ramsey is quite well known in
Plymouth. He was one of those in-
strumental in the founding of the
present mission in 1912, with the late
George Swift, and he had charge of
the late mission some years pre-
viously when he was a layman. We
want all the members of the church
to make a special effort to be present,
and Mr. Gibson extends a special in-
vitation to our friends to come and
welcome Archdeacon Ramsey back to
Plymouth Sunday morning, at 9:45.

House Sold By Wall Paper

One of our customers had an old house that he had placed on the
market for sale, but was unable to secure the price he wanted. We
suggested he permit us to redecorate the interior, thus making it a
more attractive proposition to a purchaser.

One week later he called us up to state that the Wall Paper had
accomplished what the Real Estate man could not, for he had sold it
for \$300 more than his original price, and on a paltry investment of
\$78 for paper and hanging.

Moral: Let us help you sell your property. The money will be
well invested.

DEATH OF MRS. RICHARD SMITH, SR.

After a short illness, Mrs. Richard Smith, Sr., of Elm, quietly passed away at Samaritan hospital, Detroit, Sunday, January 21, 1923.

Mary Sherwood was born, March 31, 1843, at Mitchell, Canada. She was the daughter of John and Ann Sherwood. June 21, 1861, she was united in marriage to Richard Smith. In the year 1866, they came to Michigan to live, finally settling in Livonia township. To this union nine children were born, eight of whom are still living: Mrs. Anna Schrader of Detroit; Mrs. Ira Wilson of Plymouth; Mrs. Dan McKinney of Livonia; John Smith of Redford; E. C. Smith of Dearborn; Isaac Smith of Belleville; Marshall T. Smith of Detroit; and Richard Smith of Elm.

Mrs. Smith was a kind and devoted mother, and a earnest christian worker. She will be greatly missed by her children and all who knew her.

Funeral services were held Wednesday, January 24th, from the home of her son, Richard Smith, Rev. Fitch of Dearborn, officiating. The remains were interred in Livonia Center cemetery, beside her husband, who preceded her a year and a half ago.

Today's Reflections

Cheer up—only a few weeks more until somebody will be telling us the fruit crop is killed.

Very few Plymouth men can work while in love—until they get married and have to.

If the world's problems are not settled soon there will be another shortage of print paper.

When the average man picks up the newspapers he scattered over the floor, he thinks he's a great help about the house.

Another thing needed in this country is less perfumery from the scent bottle and more from farm fertilizer.

We don't believe the Creator ever made a failure. But if he did it was in trying to make a Plymouth man who could please all of his neighbors.

Some autos don't cost five dollars a year for repairs, and some are owned by men with better memories.

Opticians say that green quiets the nerves. We know an editor in Plymouth whose nerves are easily quieted by the sight of the long green.

Bootleggers have an easier time in winter, because in summer it's too hot to wear an overcoat.

The nice thing about being a man is you don't have to stay home after washing your hair.

Some fellows around Plymouth never seem to be in a hurry unless they are driving an auto.

If there's a kick in it, some fellows don't seem to care what else is in it.

It goes without saying that the woman who has to wear the same hat three years is not in style, but she can get a divorce and then she is.

Some Plymouth wives never will believe they have equal suffrage until they are allowed to mark their husband's ballots for them.

The nice thing about belonging to our sex is we don't have to kiss somebody who needs a shave.

If you have anything to sell, a liner in the Mail will bring you a buyer.

Chamberlain's Cough Remedy.

This is a pleasant, safe and reliable medicine for coughs and colds. It has been in use for many years and is held in high esteem in those households where its good qualities are best known. It is a favorite with mothers of young children, as it contains no opium or other harmful drug. Try it when you have need of such a remedy.—Advertisement.

WHERE DEATH LOSES TERROR

In Mongolia, Murder, Either Wholesale or Retail, Seems to Be a Matter of Course.

Mongolia, as described by Dr. Ferdinand Ossendowski in "Beasts, Men and Gods," that veracious tale of adventures which fortunately would be impossible anywhere else, is a land where violent death has become so nearly the common lot that it causes there strangely little emotion of any kind. It really seems as if the people minded being killed as little as they mind killing. Murder, either of the wholesale or the retail kind, excites no particular horror. Those who commit it are so numerous that they are wholly unashamed, and while they become feared if their activities along this line seem excessive even in Mongolia, they are not particularly hated and their lives are no more in danger than those whose homicidal exploits are less numerous.

All this would be incredible if the histories did not record similar conditions existing at many times in many other parts of the world. The Romans knew something like them in both the western and the eastern empires, and a state of affairs not materially different is recorded in the two great works of our own history. The Spaniards and the Dutch fought and slaughtered each other with as little compunction as do the Manchus, Chinese and natives to-day in Mongolia, and in what now are Holland and Belgium the hungman and the man with the ax and the rack were as busy as like functionaries were seen to be in Uren by Dr. Ossendowski.

Appreciably less of torture is inflicted in Mongolia than by both sides in the Netherlands, but it is not missing altogether. Offenders apparently are never tried, even by the most summary of drumhead courts-martial. Whoever has or assumes a little authority, civil or military, imposes an instant sentence, and not infrequently executes it on the spot with his own always ready revolver.

The natives are not quite so sanguinary as the aliens, but the difference is slight, and were a new Genghis Kahn to arise among them he could recruit almost exactly such a horde of savage nomads as more than once invaded and terrorized Europe from the same grim land.

PLANS COMPLETED FOR M. A. C. FARMERS WEEK

THOUSANDS OF STATE AGRICULTURISTS WILL GATHER FOR ANNUAL CONFERENCE, JANUARY 29 TO FEBRUARY 2.

With programs completed for the various meetings, and exhibit material groomed for the display booths, plans for the annual Farmers' Week at M. A. C., from January 29 to February 2, were finished here this week.

Preparations have been made to receive the largest crowd of farmers and their families, which ever gathered for the annual conference. More than 5,000 registered in 1922, and an even larger attendance is expected next week. Farmers Week has grown steadily for the last half dozen years, each crowd exceeding the previous one by a large margin, until the occasion has come to be by far the largest gathering of its kind held in the state.

Thirty farm associations and groups will hold their annual meetings during Farmers Week this year. Addition of fourteen special associations numbered under the Michigan Improved Livestock Breeders and Feeders association to the lists of convening groups, has doubled the number for the coming conference.

New and interesting exhibits on all phases of agriculture and rural life will be on display in the college building, championship livestock being featured especially. Speakers of wide reputation will address the meetings of the general program—business and politics, as well as agriculture, being represented from the platform.

Special emphasis is being placed on women's exhibits and meetings, a complete program of home economics material being prepared for those who are interested. The college slogan has been, "Bring the Whole Family," and no effort is being spared to provide plenty of entertainment for the wives and mothers, as well as for the men themselves.
