THIS IS THE CODE MESSAGE: "H. J. G."

ANNUAL SCHOOL MEETING WAS LARGELY ATTENDED

The annual meeting of District No. 1, Fr., was held at the High school auditorium, last Monday evening, with the largest attendance that has been out to a school meeting in several years. J. W. Henderson, president of the board, called the meeting to order and presided as chairman. E. V. Joffe, secretary of the board, read a statement in detail of the receipts and disbursements for the past year. The report was accepted and adopted.

The budget of expenditures as estimated by the board was read by the secretary. The board has estimated an expenditure of approximately \$27,000 for the next year to run the school. After deducting \$26,000 from this amount, as estimated receipts from the primary school fund, Smith-Hughes fund, tuition, and cash on hand, the board recommended that the sum of \$41,000 be raised by taxation. The budget as recommended by the board, was adopted by the meeting. Two years ago the sum of \$45,360 was raised by taxation, while last year \$40,000 was spread upon the tax roll.

C. H. Bennett, who has served on the Board of Education most efficiently for the past three years, was re-elected to succeed himself without opposition.

The matter of securing a site for a ward school was next presented for the consideration of the meeting. Supt. George A. Smith was called upon and explained the already congested condition of the schools, and pointed out the necessity of securing suitable sites for ward schools in the north part of the village and on the south side of the town while it is possible to get property that would be suitable for school purposes, and be ready for the future growth of Plymouth. It was his suggestion that the school in north village be built first, and that when the time came that it was deemed necessary, a second ward school could be built on the south side of the village. He suggested that the first six grades be taught in the ward school. He also called attention to the fact that the school census of Plymouth had nearly doubled in five years.

The matter was discussed pro and con, and it seemed to be the general opinion of those who expressed themselves that a ward school was needed in north village, and the people of that end of town were entitled to it. The matter was finally disposed of by a motion that the board secure options upon suitable sites, and that a special meeting of the taxpayers be called to consider the proposition further.

The annual financial statement of the school district will be published next week.

LOCAL NEWS

Beginning next Saturday, July 14, the Mail office will be closed on Saturday afternoons during July and August. Please bear this in mind.

Miss Marguerite Kopp, who arrived at the home of Mr. and Mrs. O. F. Beyer from Darmstadt, Germany, last week, has been very ill and underwent an operation at Harper hospital, July 3rd. She is getting along nicely now. She will make her home with Mr. and Mrs. O. F. Beyer and family.

The Plymouth Chamber of Commerce have accepted an invitation to attend the coming Northville Wayne County Fair on Thursday of fair week. Last year hundreds of Plymouthites attended the fair on Plymouth day, and a monster parade was one of the big features of the day.

The officers of the Detroit House of Correction Farm base ball team defeated the strong Windsor Beavers team in a closely contested game at the farm base ball park, last Sunday afternoon. The visitors had the lead up to the last half of the eighth, when the officers staged a batting rally and cinched the game. The score was 5 to 4. Denniston and Long were the battery for the officers' team.

L. O. T. M. WILL HOLD PICNIC

The L. O. T. M. will hold a picnic at Walld Lake, Wednesday, July 18th, ladies to meet at Kellogg Park Wednesday morning at 8:30. Pot-luck dinner.

WORK ON NEW CONVENIENCE STATION STARTED

Fred Rhead, who has the contract for the erection of the new convenience station in the alley-way between Woodworth's Bazaar and Blunk Bros. store, commenced excavating for the same, Monday. The new building is to be 12x40 feet in size. The front will be constructed of buff brick, with two stone supporting columns. A stone frieze across the front bears the words, "Public Comfort." That part of the roof showing from the front is of Spanish tile. A porch ten feet deep is at the front of the building, and is provided with a public drinking fountain.

A door at the right of the building leads to the women's rest room, back of which is the women's lavatory. At the left side of the building is a door opening into a stairway that leads down to the men's lavatory. The heating plant is also in the basement. The main floor is to be of reinforced concrete. The whole building will be substantial as well as ornamental, and will provide a long needed convenience in Plymouth, and one that the general public will appreciate.

LITTLE CHILD DIES

Mildred Marguerite Blake, aged one year and six days, daughter of Mr. and Mrs. Andrew Blake, died at the home of Mrs. Blake's sister, Mrs. Peter Weasling, on South Main street, Monday afternoon, July 9th, of spinal meningitis. The funeral was held Wednesday afternoon at two o'clock from Schrader Bros. Funeral Home, Rev. H. E. Sayles officiating. The interment took place in Riverside cemetery. The bereaved parents have the sympathy of the community in their sorrow.

A MODEL DAIRY BARN

V. H. Bennett is erecting a new barn, 103x40 feet in size, at Buena Vista Farm. The new barn, which is being built adjoining the large barn on the east side, facing the highway, will be used for housing the splendid dairy herd, which Mr. Bennett has at the farm, and which number will be considerably increased when the new barn is completed. White glazed brick will be used in the new barn, the same as used in the present dairy barn, and the latest and best sanitary equipment will be installed. A new milk house will also be erected in front of the new barn, which will be equipped with a steam boiler for washing milk cans, bottles, etc. When everything is completed, Mr. Bennett will have a model dairy plant.

NEW POSTAL REGULATIONS

An amendment to the postal laws and regulations has been made whereby advertisers may send advertising matter to rural customers in bound packages bearing the route number and name of the town where it is to be delivered by local carriers. Postmaster M. G. Hill has been notified. The rule formerly in effect stipulated that such matter should bear the box number of the addressee. Free physical examinations are now available in 64 principal cities of the United States to any postal employee who presents himself for such examination, it has been announced from the office of the Postmaster General at Washington, D. C. These examinations are not compulsory, and are given to the employee to aid him in keeping his health up to standard. The results of the examinations are confidential. More than 2,000 postal employees have taken advantage of them to date. They are given by the local health boards through the auspices of the United States Health Service.

ICE CREAM AND CAKE

Wednesday evening, July 18th, on the site of the future home of the I. O. O. F., the property recently purchased of Mrs. John Quartel, Sr., opposite the Ford garage, ice cream and cake will be served by the I. O. O. F. and Rebekahs. If you want to see Plymouth grow, show your interest by attending this social. Every dime spent means another brick towards the erection of our new home. Lend a helping hand. Also ball game at 8:45, Northville Independents vs. Plymouth I. O. O. F., at school park.—Advertisement.

\$217,642,914 ADDED TO COUNTY TAX ROLL

VALUATION INCREASES LARGE- LY ON DETROIT REAL ESTATE.

Wayne county's assessed valuation for 1923 is \$217,642,914 more than it was last year, it was announced recently by Arthur C. Whitcomb, county tax commissioner, at the final session of the annual equalization meeting of the board of supervisors.

The 1923 valuation is \$2,665,650,966, of which \$2,013,813,141 is real estate. The remainder is personal property.

Increase in Detroit property valuation of \$155,805,410 is largely responsible for the general increase, Whitcomb pointed out. The Detroit increase is nearly three-quarters of the total rise.

The supervisors fixed Monday, August 20th, as a day on which to vote on the proposed incorporation of Flat Rock, a community in Brownstown township, as a village.

A BIT OF HISTORY

John F. Root recently brought to the Mail office a piece of board siding taken from the barn on the farm now owned by L. C. Root, west of Plymouth on the Ann Arbor road. This piece of board, which is of whitewood, has an extraordinary fine grain. The whitewood tree from which it was cut, once stood where Kellogg Park now is. The barn on the Root farm has been built for over ninety years. The board was originally one inch in thickness, but time and weather have reduced it to a thickness of one-half inch. The barn was built by Roswell Root, grandfather of John and Lewis Root. Roswell Root came to Plymouth in 1825, when there were only two houses here, and Detroit had a population of only 2,000. He was the second supervisor of the township, and held the office for a number of terms. He was a member of the legislature in 1840.

BRAND-FIELD

The wedding of Ward Brand of San Francisco, California, and Miss Anne Field of Emmett, Idaho, took place June 27th, at the home of the bride's father, J. R. Field, who is known as the "Cherry King of Idaho." From accounts received from Emmett, the out-of-door ceremony was a scene of unusual beauty. Attending the wedding from Plymouth, were Fred W. Brand, father of the groom, Farwell and Shirley Brand and Mary Louise Gregory, also members of the bridal party. After a brief stay in San Francisco and Berkeley, they will return to Walnut Ridge Farm, via the Canadian Rockies. Mr. and Mrs. H. F. White of Minneapolis, Minn., grandparents of the groom, accompanied the party to Idaho.

Don't let your child "blow in" its first nickel. To do so is to give it its first lesson in extravagance. Give it five pennies. Let it spend one or two for candy, and save the rest. That will be its first lesson in economy. From cradle to the grave is no great tax upon the memory of a normal human mind.

TAKING A VACATION
Now and then the average Plym-
outh man's nerves get all out of
alignment, appetite becomes poor, a
tired, wornout feeling creeps over
him, and he tells his troubles to the
family doctor. Nine times out of
ten, in addition to the medicine he
receives, he hears the doctor say:
"What you need is a change."

And the doctor is right, for after
all the human body is only a machi-
ne. We have to oil up an auto
every few hundred miles and freshen
up the batteries with a new supply
of water. So with the human body,
we have to rest it up every now and
then, put in a new kind of atmos-
phere, and give the eyes and nerves
a change of scenery, if we hope to
make it wear and function as it
should. The resident of the farm
or the smaller town can secure that
needed change by a little visit to a
nearby city. The city man can get
it by going to the farm. The treat-
ment acts the same in both cases.
One rests while enjoying sights that
are strange to the eye, or even by
halting awhile to watch some other
fellow work.

Vacations are expensive only when
we figure them from a dollar and cent
standpoint. If we had any means of
knowing how a rest or even a week
each year would reduce doctor bills
and add a few days to our lives, we
would count that vacation the cheap-
est thing in the world. So, no mat-
ter how important you may feel
your work to be, just remember that
the old world would get along some-
how if you were called away from
it altogether. Just realize that a
week away from it won't throw
everything out of gear, and that that
one week of rest may be the means
of keeping you fit for business
longer than you can hope to be if
you keep right on without a little
rest—without the "change" that the
doctor says is better than medicine.

THIS FOR THE BOYS

Here are a few words for the boys
around Plymouth. If yours doesn't
read them, then do him the kindness
to read them to him:

You boys are going to get a lot of
hard bumps in the next few years.
They'll seem harder to you than they
really are, and the reason that they
will seem harder is that your par-
ents up to now have been taking
these bumps for you—sheltering
you against them. This has happen-
ed in all past generations, is hap-
pening now, and in the next genera-
tion, when you are a parent, you'll
be taking the bumps for your chil-
dren.

As time rolls on you'll become
hardened to knocks. It is just like
going barefoot—at first the gravel
and twigs hurt the tender feet, but
you soon get used to it, and by the
time summer is over, you can walk
on the roughest road without feeling
any pain. So don't get discouraged.
Keep in mind the fact that as it
takes hard work to develop your
muscle, it also takes quite a lot of
rough treatment to "bring you out,"
to develop your courage and your
resources, to enable you to handle
power wisely and to know what re-
sponsibility really means.

Many of the greatest heart-aches
in life come in the tender years
when we first strike out for our-
selves. Later on you'll realize that
the heart-aches were mountains
made out of mole-hills. So keep
your courage; don't allow anything
to dishearten you; take the advice
of your parents when it is given to
you—and you'll come out all right.

A CARD—We desire to extend our
sincere thanks and appreciation to
the neighbors and friends for their
many acts of kindness during our
recent bereavement. Especially do
we wish to thank those who furnis-
hed automobiles, Rev. Sayles for his
consoling words, and the singer for
the beautiful songs.

DETROIT MARKET GARDENERS TO TOUR WAYNE COUNTY.

FIRST ANNUAL TRIP TO STUDY METHODS OF VARIOUS GROWERS TO BE MADE JULY 19TH.

The start will be made at 9:00 a. m., at Tom Brown's Greenhouse on Grand River; basket dinner at State Park near Plymouth, at noon, and more visits in afternoon. All are invited to make the whole trip or as much of it as is convenient. Many of the growers attended a similar trip to Toledo last year, which was very interesting and instructive. This is the schedule, Thursday, July 19th: 9:00 a. m., Tom Brown; 9:45 a. m., Grandy Bros.; 10:30 a. m., Henry Maas; 11:15 a. m., Levi Clemens; 12:00 m., basket dinner at State Park, Plymouth; 1:15 p. m., H. S. Shattuck; 2:00 p. m., W. Birch; 2:45 p. m., Frank Hauk; 3:30 p. m., House of Correction Farm.

UNIFORM TRAFFIC RULES

A uniform traffic code to regulate the operation of motor vehicles in all cities and towns and to supersede many local ordinances which have differed in various localities and caused confusion to drivers, will go into effect in Michigan August 29. The act establishing the code was adopted by the recent legislature under the sponsorship of Rep. Milton A. Palmer of Detroit. It has the endorsement of the State Police and police officers throughout the state. Some provisions of the code are: Drivers should give suitable arm signals when stopping or turning. Vehicles on state trunk lines shall have the right of way over vehicles on intersecting roads. When two trunk lines intersect the vehicle on the right of the driver shall have the right of way. Left turns shall be made as near the center of the corner as possible. The Public Utilities Commission may designate "dangerous corners" throughout the state and require erection of suitable warning signs. It shall be unlawful to park vehicles on the traveled track or paved surface of a highway outside village or city limits. Penalties provided for violation of the code are not more than \$100 fine nor more than 90 days in jail.—Ex.

Today's Reflections

Now and then we hear a Plymouth woman complain about her hard lot in life. And yet she never has to depend on a nail for a button. You can't blame the weather for being so bad. No matter what it does, somebody starts cussing. A man has a charge account at a grocery and a gasoline station, but has enough money to settle only one bill. Guess who waits on his pay. These are the days the boss takes a vacation, and then gets mad when he returns because things went better while he was away. The best way to improve a lettuce sandwich is to take out the lettuce and insert some ham.

Same Old Story But a Good One.
Mrs. Mahala Burns, Savanna, Mo., relates an experience, the like of which has happened in almost every neighborhood in this country, and has been told and related by thousands of others, as follows: "I used a bottle of Chamberlain's Colic and Diarrhoea Remedy about nine years ago and it cured me of flux (dysentery). I had another attack of the same complaint three or four years ago and a few doses of this remedy cured me. I have recommended it to dozens of people since I first used it and shall continue to do so for I know it is a quick and positive cure for bowel troubles."—Advertisement.

CLEAVER'S OPERATIC QUINTET

CLEAVER'S OPERATIC QUINTET has proved Mr. C. G. Cleaver, harp-tone, a genius in producing a company of this kind. His seven years of experience and his musical discernment have stood him in good part in the selection of the members of his company, as well as the make-up of the program. The second day of the Chautauqua, when this company appears both afternoon and evening, will be a joyful one.

The B. Y. P. U. held their monthly social at the flats between Plymouth and Northville, this time. It was in the form of a wienie roast. All report a good time.

Red Crown

Vaporizes to the Last Drop

To use Red Crown is the essence of economy—not from the standpoint of purchase price alone but from the results earned.

When Red Crown is mixed with air in your carburetor it causes perfect combustion—this means the irreducible minimum of carbon deposit, consequently less fouling of spark plugs—it means less expense for grinding valves—it means a smoother running motor—it means little, if any, pre-ignition. When you use Red Crown

There Is No Waste

either of money or energy. Every drop is converted into power—clean, sustained, usable power. It is obvious that 800° of heat in your cylinder heads under working conditions is all and sufficient to burn the heaviest ends of Red Crown. That is why you get such extraordinary mileage when you have Red Crown in your tank.

THE THEATRE

"THE TRAIL OF THE LONESOME PINE."

Mary Miles Minter is a horse-woman of no mean ability, as is evidenced in her latest Paramount picture, "The Trail of the Lonesome Pine," coming to the Penniman Allen Theatre, Saturday, July 14th. Miss Minter, in her role of June Tolliver, heroine of John Fox, Jr.'s novel which Will M. Ritchey adapted for the screen, rides like the wind from her home high up on the ridge of lonesome pine to the town to save her sweetheart, John Hale, played by Antonio Moreno, whom her cousin, jealous of Hale's attention to the girl, is bent on killing. Does she arrive on time? Don't miss the picture, and your question will be answered. Ernest Torrence and Mr. Moreno are featured in the cast.

"YOU CAN'T FOOL YOUR WIFE"

For contrast in feminine pulchritude and temperament, few motion pictures recently produced can, by any stretch of the imagination, equal George Melford's latest Paramount picture, "You Can't Fool Your Wife," which comes to the Penniman Allen Theatre, July 15th, and in which the three principal feminine roles are played by Leatrice Joy, Nita Naldi and Pauline Garon. Miss Joy, as Edith McBride, is the trusting wife, charming and ingenuous, yet intuitive to the last degree. Her particular type of beauty, with her soft brown eyes and dark brown hair, gives just the necessary sympathy to the role of the modern wife, troubled and tormented by a millionaire husband who has reached the so-called dangerous age.

Miss Naldi is the siren de luxe in the picture—a polished beauty, wife of an eminent surgeon, who seeks social conquests to further her husband's practice. Her raven black hair and alluring eyes produce the desired effect when she sets out to annex a man to her long list of victims. Miss Garon, chic, blonde, diminutive, is the flapper of eighteen, but possessing a sophistication that would be a credit to a woman of fifty. She bobs in and out of the picture on a breeze of spontaneity, the delightful contrast to the action of the other two characters in the story.

With three such types there is little wonder that Lewis Stone, Paul McAllister and John Daly Murphy, who play the three principal characters opposite, should be hopelessly entangled in a domestic drama.

"THE WHITE FLOWER"

"The White Flower," a Paramount picture starring Betty Compson, will be shown at the Penniman Allen Theatre, Wednesday, July 18th. This production is entirely different from "Kick In," in which Miss Compson last appeared. In "The White Flower" she has the role of the young daughter of an American father and a Hawaiian mother. She falls in love with a young American. Just as she begins to be confident that she has won his love, Ethel Granville, his fiancée, arrives from the States and temporarily upsets all her plans.

By an original scheme Konia (Miss Compson) finally fixes everything so that Ethel tells Bob that she cannot possibly marry him. This leaves Bob free, but Konia is not to be won so easily.

Where one would expect the end of the picture it does not come, but the finale comes in a novel manner. The picture exhales the languor and mysticism of the tropics.

Edmund Lowe plays the leading masculine role of Bob Rutherford opposite Miss Compson. The support generally is excellent.

OBITUARY

Junior Bell, son of William C. and Venus U. Bell, was born at Milford, Mich., October 16, 1917. Most of his short, happy life was spent in Plymouth. In March of this year he came with his parents to this home. He started to the Bedford school and participated in school joys for fifteen days, after which he was compelled to leave because of ear trouble. Scarlet fever developed on Decoration Day, and complications followed which caused his death on July 3, 1923, at the age of five years, eight months and sixteen days. To know him was to love him, and in his pleasing manner and winning ways were like a ray of sunshine and endeared him to everyone.

'Tis hard to break the tender cord,
When love has bound the heart;
'Tis hard, so hard, to speak the words,
We must forever part.

Dearest Junior, we must lay thee,
In the peaceful grave's embrace;
But thy memory will be cherished,
Till we see thy heavenly face.

Hot Weather Diseases.

Disorders of the bowels are extremely dangerous, particularly during the hot weather of the summer months, and in order to protect yourself and family against a sudden attack, get a bottle of Chamberlain's Colic and Diarrhoea Remedy. It can be depended upon. Many have testified to its excellence.—Advertisement.

EPISCOPAL NOTES

The services are temporarily in charge of William A. Atwell, layman of St. Barnabas church, Detroit, until September.

Two of our young men, George Merryweather and Wilbur Murphy, are away at the annual camp at Put Saunlac, near Fort Huron, and letters received from them report a splendid time. Camp Williams is held annually for church young men. About forty young men are there, under three directors, the senior being Rev. H. C. McCurdy, rector of Birmingham, Mich., with two laymen as co-directors. Standard rules and regulations for all hours of the day are, of course, observed and at night tales and stories are told by the boys around the campfire. On Sundays the boys hold the church services, each taking part. After the two weeks' young men's camp, the young women of the church will hold their camp under the supervision of responsible ladies, and the directorship of three ladies.

In a letter received last week from Franklin Gibson, he advises us of his arrival at his new field of labor. On arriving at Billings, he was met by Bishop Fox, who accompanied him to Bozeman, where they were joined by Bishop Faber, and went on to Virginia City. Mr. Gibson draws a map in his letter of his mission district, which includes from Virginia City, Sheridan and Twin Bridges on one side and Ennis, Jeffers and Pony on the other side, an area of fifty-two miles. Mr. Gibson concludes his letter with, "I miss the little mission of Plymouth and all its dear people. Please remember me to them all, and tell them I would be glad to hear from them now and then, and please again extend my thanks and appreciation to them all for the beautiful gift presented to me at the picnic; it is a constant reminder to me of the love of you all."

LIVONIA CENTER LUTHERAN CHURCH.

There will be no services at the Livonia Center Lutheran church on Sunday, July 15th, on account of building operations being in progress. The next services will be on July 29th, in the English language. The pastor wishes to thank one and all for the pleasant surprise given him on the occasion of his fortieth birthday, and especially for the beautiful gift.

Rev. Halliday, wife and family started early Monday morning for Delaware, Ohio. They expect to remain there through July and August, so that their daughter, Ruth, may continue her vocal music lessons. She will have an instructor from France while there.—Salem Cor. South Lyon Herald.

The Walled Lake consolidated school has been placed on the accredited list of the U. of M.

PERRINSVILLE

The social at Carl Theuer's was well attended. All had a good time. The many friends of Mrs. George Wollgast are pained to hear of her sickness, and hope for her speedy recovery.

The home of Mr. and Mrs. Michael Steinhauer was the scene of a very pretty wedding, Thursday, June 28, when their daughter, Alma, was united in marriage to Guy White of Wayne. Their many friends wish them a long and happy wedded life. Mr. and Mrs. John Kubik and son, Frank, are spending the week at Algonac.

Mr. and Mrs. Carl Theuer and family, Mr. and Mrs. Ed. Holmes and family spent the Fourth at Walled Lake.

A miscellaneous shower for Mr. and Mrs. Guy White was given Tuesday, at the home of Mr. and Mrs. M. Steinhauer.

Cause of Appendicitis.

When the bowels are constipated, the lower bowels or large intestines become packed with refuse matter, this is made up largely of germs. These germs enter the vermiform appendix and set up inflammation, which is commonly known as appendicitis. Take Chamberlain's Tablets when needed and keep your bowels regular and you have little to fear from appendicitis.—Advertisement.

PLYMOUTH BRANCH WAYNE COUNTY LIBRARY.

Have you read Faint Perfume, Vandemark's Polly, One of Ours or Hunters of the Great North? These are among the most popular books in all circulating libraries, and now that Plymouth has a free circulating library, these are only a few of the interesting books available.

The generous financial aid given to the library committee of the Woman's Club, both by the village commission and personal subscription, has made it possible for the Wayne County Library to establish a branch here with about 500 books as a nucleus; the collection to be enlarged as the demand is increased. It is located in the Greenlaw Building, 260 Main street, under the supervision of Miss Alice Ballen. The hours during which the library is open are: Daily, 2:00 to 5:00 (except Sunday), Monday, Wednesday and Saturday evenings, 7:00 to 9:00.

If you are unable to find any book you may be especially interested in, Miss Ballen will take your request, and the book may be borrowed from the Detroit Public Library for you and sent parcel post.

There still are some Plymouth folks who do not know about the library or tag day, or how funds were raised, etc. Listen, ye! The Detroit Library Commission wished a branch here, and the Woman's Club made it possible. The Club gave the special library committee, with Mrs. Paul Weidman, chairman, \$50.00, to which the village appropriated \$125.00 more, and tag day netted \$150.76. The latter sum was small because the day was so hot. The committee then found the building at \$12.50 a month, and a librarian at twenty-five cents per hour, and later more funds will be needed. Plymouth people wish their library as attractive as the neighboring towns have. Mrs. Blanche Warner gave a rug, the Chamber of Commerce donated shelves, and Mrs. Fred Campbell a chair. It would be lovely to have another chair, some paint and a painter, a table, window boxes, grading and lawn, stove for winter and fuel, and Plymouth book worms will see that every day in every way, the library gets better.

NOTICE

Beginning next Saturday, July 14, the Mail office will be closed on Saturday afternoons during July and August. Please bear this in mind.

**I'll Never Milk
by Hand Again**

That's what Fred Steben said after he had milked his cows the first time with The Blue Ribbon Electric Milk. Fred said the same thing again after he had been using the Blue Ribbon six months. Little wonder that he should be so enthusiastic about it! He has saved the cost of one hired hand.

You know how it works out: you have to keep an extra man to help milk and if you could milk all alone, you could easily get along without that man. Just do your own figuring. How long will it take for that hired man's wages to pay for a Blue Ribbon Electric Milk? Not long, because the milk complete is very low priced.

Scientists have marveled at the mechanical perfection and accuracy. Machinery experts have marveled at the simplicity. You will marvel at the money saved by this electric milker.

**You can milk your cows tonight with
—The Blue Ribbon Electric Milk—**

There is no delay in putting the milker to work. The minute it arrives at your farm it is ready to start milking. Just plug the connection into any light socket and stand by and watch electricity do the milking.

Just ask for a demonstration, and when you see for yourself, you'll say the same thing that Fred Steben said, "I'll never milk by hand again."
